1 the government's opening statement. I think it will be
2 Mr. O'Neill who will be giving the opening statement for the
3 government. All right.

4 OPENING STATEMENT

BY MR. O'NEILL:

6 Ladies and Gentlemen, this case is about power and how
7 it can corrupt. The evidence will show that this case is about a
8 public official using her public office for private gain. It is
9 about looking out for No. 1. The evidence will show that the
10 public official in this case breached the public trust that is
11 owed to the United States of America. That public official was
12 the defendant, Deborah Gore Dean.

m 13 She used her position to benefit herself and her
14 family. Instead of looking out for the interests of low-income
15 families, families who needed public housing, she looked out for

>., BAYONNE, NJ 07002 • LASER B(3N0-A

16 the interests of her and her family. Rather than providing the
17 United States of America with her undivided loyalty, since they
18 were paying her salary, she was loyal to herself and not the
19 United States, not to the public to whom she deserved to be

8

g 20 loyal.

2 The evidence will further show that the defendant
2 consistently disguised what she had been doing and in public
2 pronouncements stated that the program worked as it was supposed
2 to work, for the benefit of low-income people. Instead, that is :
2 not how it was working, and the evidence will show that's not how

30

1 it was working, but she did not want the public .to know how it

2 actually did work.

3 In fact, the evidence will show that in the setting in
4 which the defendant had to testify under oath before the United
5 States Senate, she lied and covered up what she had been doing
6 through the years 1984 to 1987 at the Department of Housing and
7 Urban Development, and the reason why she lied was because she
8 didn't want her actions to be exposed. She didn't want the
9 public to know that she had been utilizing her position for
10 private gain.

11 May it please the Court, Judge Hogan, counsel, Ladies
12 and Gentlemen of the Jury, good morning.

13 THE JURORS: Good morning.

14 MR. O'NEILL: We've been introduced several times,
15 people at government table, by His Honor, but since this is my
16 first opportunity to speak to you, I'd like to tell you who we
17 are and introduce ourselves. My name, as you know, is Robert
18 O'Neill. Immediately to my left is Ms. Paula Sweeney. Together
19 we represent the United States in this action. We are the
20 prosecutors in this case. We will be presenting the evidence.
21 Now I'd just like to state for you that we are not
2 witnesses. We will not be testifying. We were not present when
2 these events unfolded. We are merely the vehicles by which the
2 United States presents its evidence. We ask questions of
2 potential witnesses.

31

You'll also see at counsel table there's another
2 individual, and His Honor said that's Special Agent Mark Batts of
3 the Federal Bureau of Investigation. He will be assisting us in
4 the presentation of this evidence that we'll be presenting in
5 this case.

6 Now I expect you to hear a lot of information today,
7 and I'm sure some of you might be a little concerned. There's
8 going to be a lot of legal issues, and you may never have been a
9 juror before, and you'll also hear a lot of housing issues, and
10 you might think, "well, I'm not an expert in housing."
11 Don't be worried about the legal issues, the housing
12 issues. That's my job. It's my job now to explain for you
13 basically what this case is all about. If I don't do that,
14 that's my fault, my problem, not yours.
15 And we'll take it one step at a time, because this is
16 really not a complex case. It is very straightforward. There
17 are a lot of names, lot of people involved, but right now you're
18 getting an opening statement, and I'll be speaking for an hour or
19 so, and you're getting all of the case, as His Honor said, sort
20 of a road map in one hour, whereas in the next several weeks
21 you'll be getting all of this information as you go along, and
22 those of you who have been jurors know that. For some of you,
23 it's a new experience. So don't be concerned. It will all come
24 together over time.

25 This is a criminal case, Ladies and Gentlemen, as you

32

1 all know, but I'm sure a lot of you when you got a notice for
2 jury duty were not thinking of this type of case. You know, we
3 all are familiar with regular street crime: robbery, car theft,
4 drugs. Those are the things we usually hear about, experience in
5 our day-to-day lives.

6 This type of case is what's called white collar, and
7 the reason for that is the emphasis is slightly different. It
8 depends on the position generally of the person. This case is
9 going to be about a public official who used a public office for
10 private gain, and at first blush, since we're all familiar with
11 street crime, you might not be as familiar with white color

5 12 crime.

13 Well, it can be every bit as bad as street crime,
14 Ladies and Gentlemen, every bit as serious, in fact, more so. In
15 street crime, we usually have a single victim -a
16 car stolen,
17 the owner is quite upset, but it only usually affects the owner.
18 Same thing with a burglary: It's a terrible crime, but it's only
19 the people in the house.
20 When a public official does not act properly and
21 engages in illegal behavior, we are all harmed, because we all
22 lose confidence in our public institutions. And that is
23 primarily the difference between street crime and white collar
24 crime.
25 Now you will hear in this case that the defendant was a
26 public official during the time frame relevant to the charges.

33

1 She was what's called an executive assistant at the Department of
2 Housing and Urban Development, and I'll get into that, but as
3 such, she owed certain duties to the American people, to the
4 general public. The United States government was paying her
5 salary, a pretty good salary, and she had to work on behalf of
6 the United States.
7 What does that require? What kind of standards of
8 conduct should a public official be held accountable to or is
9 held accountable to? Well, there are certain marks: Honesty.
10 You must be honest in your approach in what you do.
11 Impartiality. You can't favor somebody that you like
12 over someone you don't, because you're working for the United
13 States. You're working for everyone.
14 Fairness. You must be fair to all.
15 Again, it encompasses the notion of equality. It's for
16 everyone. And you must have the undivided loyalty of the general
17 public, of the public good in mind, not your own personal
18 interests, not what you want to get out of the program.
19 You can't serve two masters is basically the premise,
20 and if you're being paid by the United States, if you're a public
21 official, you must work for the United States and do what's best
22 for the American people, the people as a whole.
23 You will hear in this case that the defendant was
24 required to live up to those standards as a public official, and
25 very early on, she was even told about these standards. She was

34

1 told, the evidence will come out, to be careful in her dealings,
2 because you are a public official, and you must be careful. You
3 cannot just do what you want. And you will hear about that
4 evidence.
5 Now obviously, we're going to talk about the Department
6 of Housing and Urban Development, and in order to talk a little
7 about that, we have a few charts. We hope these charts will
8 assist you in seeing what we're talking about, in analyzing the
9 evidence. They basically summarize the evidence so we don't take
10 a lot of time talking about things that are much easier to see,
11 the old saying a picture is worth a thousand words, and we'll see
12 these from the charts. I'm going to put these up so you can see
13 that.
14 I'll start with this first chart, Government's 1 for
15 identification. If it stays up there, we're in pretty good
16 shape.
17 MR. WEHNER: Your Honor, excuse me, could we see the
18 charts? Can we go over to the other side so we can see them?
19 THE COURT: Yes, you can certainly move around.
20 MR. WEHNER: Thank you, Your Honor.

allbinders as word for experiment.txt

2 MR. O'NEILL: Now, Ladies and Gentlemen, this chart
2 basically covers some of the structure of HUD, and before I
2 begin, I would like to state to you HUD is a big organization,
2 and many of you in filling out your jury questionnaires mentioned
2 you know people at HUD or you have friends or family that work

35

there.

2 well, it usually, obviously, is a very large
3 organization, and every job at HUD is not listed on this, because
4 for the most part we're not concerned with all of HUD. HUD's
5 headquarters are here in Washington, D.C., but they also have
6 regional offices around the country. There are approximately ten
7 regions throughout the country, Northeast, Southeast, Midwest.
8 Then within a region you have field offices within each
9 individual city, so if we listed that, the chart would be as big
10 as the room. That we're not concerned with. We just want to
11 give an overview of the main jobs that you're going to hear about
12 in this case.
13 HUD starts at the top with the secretary, the top
14 position in HUD. It's not called president or CEO. It's called
15 secretary. The secretary of HUD during the period we're going to
16 talk about, 1984, 1985, 1986, 1987, was an individual by the name
17 of Samuel Pierce. He occupied that position, okay? He was the
18 top position at HUD.
19 You will see this position here, executive assistant.
20 That was the defendant's job during the years 1984 to 1987. The
21 defendant was the executive assistant to Samuel Pierce.
22 Now there are a lot of other jobs here. You'll hear
23 various people testify they were special assistants. No need to
24 get into this right now. Don't worry about being a little bit
25 confused by this. I've had the benefit of looking at this for a

36

1 long time, so I know some of the titles and what they are. It is
2 confusing, but we don't have to worry about that.
3 You'll see this position, under secretary. That's a
4 pretty important position at HUD. You can see because of the way
5 it goes down. But for the most part of the time we're talking
6 about, that position is vacant. Nobody is in that position, so
7 pretty much we won't have to worry about that too much.
8 Directly below the under secretary is something called
9 the assistant secretary for housing/FHA commissioner. Now a lot
10 of us have probably heard of the FHA. That person has a lot of
11 authority. That person signs off on the funding that we're going
12 to hear about in this case, as His Honor said, the Moderate
13 Rehabilitation Program. I'll get into that. This person signs
14 off on that.
15 And during the years 1984 through 1987, there were
16 several people holding that slot. They sort of rotated pretty
17 quickly. No one person stayed for a long time. Some took that
18 job in an acting capacity; some were actually nominated for that
19 position, because it's a pretty big job. You've got to be
20 nominated, you've got to go before the Senate, they've got to ask
2 you questions.
2 So you'll see several people had that position. You'll
2 hear names: Maurice Barksdale, Shirley Wiseman, Janet Hale,
2 Silvio DeBartolomeis, Thomas Demery. Now again, don't worry
2 about memorizing those names. You'll hear about them over the

37

1 next couple of weeks, okay? That's not all that important. I
2 just want you to get alerted to the fact that these are some of
3 the people.
4 Then you work your way down, and we'll get into a
5 little, but at this time, it's not all that important, these are
6 people who are involved with the funding process.
7 That is basically the structure at HUD, Ladies and
8 Gentlemen, the structure that we're concerned with, and as you
9 can see, the defendant had a very high position as executive
10 assistant. She worked right below the secretary and as such was
11 a public official.
12 Now what is HUD? What is the purpose of HUD? And I'm
13 going to call it HUD. It's of course the Department of Housing
14 and Urban Development, but everyone calls it HUD. HUD was
15 created approximately 20, 30 years ago, and for what purpose?
16 well, the purpose was to provide housing for low-income
17 recipients, people who need housing. At various times, something
18 happens in someone's life, they need government assistance,
19 that's what HUD was for, primarily in the area of housing.
20 But it had a second purpose. It's called Housing and
2 Urban Development. It also was involved in urban development,
2 the development of the cities.
2 We've all seen what's happened to the cities over the
2 last 20, 30 years. Cities are crumbling. They need help. Money
2 has to be put in. That's HUD's function again. HUD does that.

38

1 They provide housing. They benefit the cities. That is the
2 mission of HUD. That's what HUD's set up for.
3 Now obviously, HUD has many programs in which they
4 perform this function, this mission. They have various different
5 programs that they utilize to provide money for housing, to work
6 on the cities. There are a whole bunch. We don't need to get
7 into it. Primarily we're involved in a project called the
8 Moderate Rehabilitation Project, and that is a project that His
9 Honor has already noted the name of.
10 Now again, what do we mean by the Moderate
11 Rehabilitation Program? Moderate rehabilitation, it means very
co
g 12 much like it sounds. HUD had various programs that were designed
13 to create housing. They had something that was called
14 substantial rehabilitation; in other words, if an apartment was a
15 total mess and basically had to be completely gutted and then
16 fixed up, substantial rehabilitation filled that role.
17 well, moderate rehabilitation was sort of that in
18 between, where an apartment was messed up but with some work
19 could become good, could be fixed up, and that's what they
20 decided.
2 HUD decided we need this kind of program not for the
2 really bad apartments, but for the apartments to encourage the
2 landlords to put some money in it. So they came up with the
2 Moderate Rehabilitation Program, and the purpose of that is to
2 make apartments safe, sanitary, livable.

42

1 That is not the way it worked, Ladies and Gentlemen.
2 The evidence will show it did not work that way. The defendant
3 manipulated this program so it did not work, so that money went
4 to headquarters, to the public housing authorities, and then
5 they, with all the information that they knew in their local
6 community, of the problems they knew in their community, gave it
7 to a particular developer.
8 It worked much differently. How it worked is that the

allbinders as word for experiment.txt
9 developers did not go here anymore. This box was effectively
10 taken out of the equation. They were gone. Developers hired
11 people, powerful, prominent people, who bypassed this whole thing
12 and went right here to the defendant. These people were taken
13 out of the loop.
14 Consultants, I've just mentioned them for the first
15 time. Again, anytime I come up with a new term, I'm try to
16 define what I'm talking about. When I say "consultants," there's
17 nothing wrong with consultants; we've all heard of them probably
18 in businesses, especially nowadays when we're all coming on to
19 computers, someone has computer consultants. All of us who went
20 to school before the computer age came through have no idea
2 what's going on, so they have a guy come in, and he teaches you.
2 He has experience in that field, and that's why a consultant is
2 used.
2 In this case, this is not a case where consultants were
2 needed, because they had no expertise in housing. The

43
1 individuals you're going to hear about are prominent, powerful
•
2 people, but they're not in the housing area.
3 One of the first persons you're going to hear about is
4 an individual by the name of Louie Nunn, and that's his name, not
5 Louis; it's Louie. He's the ex-governor of the State of
6 Kentucky. You will hear he has no background in housing, but
7 he's utilized as a consultant.
8 Another person will be John Mitchell, and your question
9 is, you saw already a question, he's a former attorney general of
10 the United States. He had no background in housing.
11 You will hear from other individuals. Richard Shelby's
CO
12 name will come up. Louis Kitchin's name will come up. They're
• 13 political consultants, prominent, powerful people, but they had
14 no housing development.
15 So instead, developers were hiring these people, these

3ND-A

16 consultants with no expertise in housing whatsoever, to bypass,

s
cr

17 so the experts in the local community, such as Miami, who wanted

o

18 certain things done -- and let's face it, as in any project,

i

ui

ENGAD CO BAYOW

19 there's only a limited matter of government money to go around,
20 so they would prioritize and say where we want to put that money.

0.
2 They couldn't do it anymore, because their place had been taken
2 by these rich, powerful consultants. They took the place of the
2 public housing authorities. They were making the decisions.
• 2 How did these consultants get to take that place? How
2 did they get to get the public housing authorities out of this

PENGAD CO , BAYONNE, NJ 0700230ND-A

1 whole equation? They knew the defendant. They had access to the

•

2 defendant. And she benefited them. She was willing to give them
3 the projects, the funding, because it benefited her.
4 You will learn that the defendant's role in the
5 moderate rehabilitation process was she was essentially the focal
6 point for that. She was the person behind the scenes. You will
7 not see her name on the funding documents, because every time
8 units are sent, somebody has to approve it. Her name is not on
9 it. She's behind the scenes, steering things, pulling the

10 strings. The evidence will show that. Her name is not on
11 anything, but she is behind the scenes. She is the one who knows
12 Louie Nunn, John Mitchell, Richard Shelby, Andrew Sankin.

•

13 And she's doing this because by giving units to
14 particular projects, it's benefiting her and her family. It
15 doesn't matter that it might not be benefiting low-income
16 families the way it was designed to benefit them. It's
17 benefiting her and her family, and that's why she's engaging in
18 this conduct.
19 You will hear once again the defendant, although she is
20 doing these things behind the scenes, is telling the general
2 public she is not doing any of this, that it doesn't work the way
2 it actually works, that we're going to see how it worked; it was
2 working the way it was designed. So just so you know, the monies

• 2 come down from HUD headquarters for, for units/apartments. Those
2 apartments are owned by developers/landlords. That's the way the

45

1 system works.
2 How does the government go about proving its case? How
3 do we prove the things I'm telling you? His Honor has already
4 talked about it a little. I'd like to go into it.
5 Evidence. We must do it through evidence. Again, it's
6 a legal term. You might say, "Hey, I'm not a lawyer. What do
7 you mean by evidence?"
8 There are basically three types. The first type you're
9 going to hear about is oral testimony. What that means is
10 individuals will come into this court, and they will sit in the
11 witness chair. Gloria will swear them to an oath; they will have
12 to tell the truth. His Honor is here listening to it.

13 Those witnesses will be there, and you'll have the
14 opportunity to judge their credibility and assess what they say
15 for you. Those of you who have been jurors before have done
16 this, and you're familiar with it, so forgive me if I go on a
17 little for those who haven't. But you can judge what they are
18 like.
19 You determine are they telling the truth or not. How
20 do you do that? You do it like you would judge anybody else that
2 you come in contact in your day-to-day life and experiences,
2 whether it be at home, social, or, or during work. Judge whether
2 you believe the person, whether you think the person is telling
2 the truth, whether you think the person is fabricating or
2 falsifying testimony.

46

1 That's what you do, because as His Honor has stated
2 earlier and as you will hear again and again, you are the judges
3 of the facts, Ladies and Gentlemen. You determine what happened.
4 His Honor is the judge of the law, but you determine the facts.
5 Now in light of witnesses you're going to hear, there
6 will be several different types of witnesses in this case. Not
7 everybody there is the same. Some of the witnesses who will
8 testify have been convicted of crimes. They are former HUD
9 employees who have been convicted of things they did either at
10 HUD or later on. They will testify.
11 Listen to them. Listen to them carefully. Make sure
12 what they tell you squares with your common sense and good
13 judgment, because after all, Ladies and Gentlemen, that's the key
14 thing here. Use your common sense, your good judgment, and
15 listen to these people.
16 You're also going to hear, I mentioned these
17 consultants who have taken the place of public housing
18 authorities. You will hear from a number of them, and they've
19 been immunized. They refused to tell the government what they
g
20 had done without being awarded immunity, and that's their right.
2 They have the right to do that. But listen to their testimony.
2 Pay close attention to them, and you'll hear what they have to
2 say.
2 There's also another type of evidence, what we call
2 physical evidence. The chart is a good example, something you

47

1 can see and it's out there, photographs, documents. There will
2 be a number of those that we're going to use in this case, and
3 the importance of documents, especially in a case like this,
4 where the events occurred in 1984, 1985, 1986, and 1987, is that
5 the documents were made back then, not now. They weren't made
6 for this trial or for an investigation. They were made back
7 then.
8 And we all know memories fail, and sometimes people's
9 memories can fail conveniently. Sometimes people want to fail.
10 Documents don't. The documents are there. That's why we rely on
11 them.
12 And you might see a fancy machine sort of at the end of
13 the table. I know His Honor spoke about it the other day.
14 That's called the visual presenter. We're going to use that to
15 present a lot of the documents. We're now in the high-tech days.
16 In the old days, I'd take the document, and I'd go to Juror No.
17 1, and I'd hand it to him. Mr. Phillips would look at it, he'd
18 read it, analyze it, then pass it on to Juror No. 2, Juror No. 3.
19 It takes a lot of time.
20 So by using this, we're hoping it will save a lot of
2 time. You put the document there, it goes on the big screen TV,

allbinders as word for experiment.txt
2 the defendant can look on their screen, we can, the Judge can.
2 So it should measurably speed up the trial.
2 There's a third type of evidence, and that's called
2 stipulations. What are stipulations? That's merely a legal word

48

1 for agreements between the prosecution and the defense. Let's
2 say it's important to this case that right now it's sunny
3 outside. If we both agree that it's sunny outside, you'll be
4 told both sides agree it's sunny out; don't worry about it.
5 There's no sense in you wasting time by putting on evidence to
6 decide a point that isn't even material to this case. So that's
7 what stipulations are.
8 Now it is through that evidence that the government
9 must prove the charges in this case, and central to all these
10 charges is the defendant's use of a public office for a private
11 gain to benefit herself and her family rather than the low-income
12 people she had chosen to represent by becoming a public official.
13 And then when it was possible to be exposed, she lied about her
14 involvement.
15 I would now like to talk about the charges. His Honor
16 mentioned I would go into it in more depth, so he did it quickly.
17 There are twelve criminal charges in this case, and they are
18 contained in the indictment. That indictment will be given to
19 you at the time of your deliberations. I will not read that
20 indictment to you at this time, because it's approximately 70
2 pages long, and instead, and you can see the purpose of the
2 chart. Rather than read 70 pages, we'll talk about one chart,
2 one page, and hopefully then it summarizes what's in the
2 indictment and makes it a lot quicker.
2 You will note that the first three charges, or

49

1 counts -- in an indictment, we call charges counts. It's a fancy
2 word for charges. There are twelve charges. They're numbered 1
3 through 12. Counts 1, 2, and 3 are all conspiracy. The
4 government will prove that the defendant unlawfully agreed with
5 the individuals named up there to send funding units to projects
6 so that she could benefit herself and her family.
7 As an overview, in Count 1 you will hear that John
8 Mitchell was involved in each of these projects. What is the
9 relationship of John Mitchell to the defendant? He lived with
10 her mother, and she considered him to be her father, even though
11 there was no legal relationship. She called him "Daddy." How
12 can you be impartial in your dealings as a public official when
13 you're dealing with someone so close to you that you consider
14 that your family?
15 Count 2, the overview will show that Andrew Sankin is
16 involved in all of this, the first time his name comes up. Who
17 is Andrew Sankin? He's a person that the defendant met and
18 became friends with. She met him through another employer,
19 Silvio DeBartolomeis.
20 Silvio DeBartolomeis you'll hear about, I mentioned his
2 name briefly before, he's one of these individuals who has pled
2 guilty for what he did at HUD during this period of time. You
2 will hear from him. He will testify.
2 She met Andrew Sankin through Silvio DeBartolomeis.
2 They became friends. Andrew Sankin had just started in the

50

1 business world, getting out of school. What was he doing? He
2 started to do lots of favors for defendant. You will hear he

allbinders as word for experiment.txt

3 provided services for her and her family. So every time he
4 received units, that was benefiting her and her family, because
5 he was providing services to her.
6 Again, how can you be impartial, how can you have
7 undivided loyalty to the United States when you're dealing like
8 that?
9 On Count 3, you will hear that behind the awards of
10 units was an individual by the name of Louis Kitchin, another one
11 of these prominent, powerful consultants, a big-time political
12 consultant, a guy that runs presidential campaigns. You will
13 learn that when defendant needed something, she went to him.
14 when he needed something, he went to her. That's what Count 3 is
15 about.
16 You will see one of the things that she needed at one
17 time was \$4,000. She asked Mr. Kitchin for it. He gave it to
18 her. Again, ask yourselves how can you be impartial, loyal, and
19 faithful to the United States when you're accepting money from
20 someone with whom you're doing business?
2 Now the rest of the indictment, although it has a lot
2 of counts, can generally be summed up -- and I'll go into it in a
2 little more detail -- as basically the lies and coverups to cover
2 up the first part of what she did at HUD.
2 Let's look at Count 1. Let's talk about Count 1. Let

51

1 me tell you what the government expects the evidence will show.
2 Count 1 starts in Miami, Florida. It starts with a developer by
3 the name of Art, Aristides Martinez. He's a Cuban individual.
4 He goes by the name of Art; it's easier than Aristides.
5 Mr. Martinez is a developer of properties in Miami,
6 Florida, and at a certain point in time, you will learn that he
7 sought to get moderate rehabilitation units. Again, he had
8 apartments; he wanted units. He wanted 293 units for a project
9 called Arama, A-r-a-m-a.
10 And I'm just putting some of these names down so that
11 when you hear them later on, it will ring a bell.
12 Mr. Martinez wanted 293 units for Arama. Now you might
13 think to yourself right off the bat, "293, that's an odd number.
14 I mean, why don't you ask for 300? You know, if you're asking,
15 go for the 300." It's important to remember these numbers.
16 293 was a coded way of knowing whether you would get
17 the units or not, because you see, as I said earlier, let me just
18 show it to you quickly, the public housing authorities were now
19 out of the loop. They're no longer here. So the developer is
20 hiring a consultant, who goes right to the top to get the funding
2 units, but now the money is coming down to here.
2 So how can you be sure that the money will go to you if
2 you're Mr. Martinez? How can you be sure that if 300 units come
2 down, they're going to go to your project, Arama? The way you do
2 it is you ask for 293 units or later on 219, 142. Why do you ask

52

1 for specific numbers? And remember, I said they're units.
2 They're apartments. They come in different bedroom sizes: no
3 bedrooms, one bedroom, two bedroom.
4 So if you ask for 293 units, let's just say 200 of one
5 bedroom, 93 at two bedroom, and those monies come down like that
6 to the local housing authority, the local housing authority knows
7 exactly who it's going for. It's going for Art Martinez.
8 And you will hear from the local housing authorities
9 that they were willing to play along in this game, because
10 otherwise they weren't getting any funding, because remember,
11 they were cut out of this process. They no longer had any say as
s 12 to what was important for their community, but they wanted these,

allbinders as word for experiment.txt
13 because everybody in this country needs units.
14 This was a shrinking pie, and there was only so much
15 money to go around. The government had cut much of this funding,
16 so these units became really important things. They became very
17 important, very worth having, as we will explain.
18 So Mr. Martinez wants 293 units for Arama, so what does
19 he do? Mr. Martinez knows the public housing authority has no
20 say, so he doesn't go through them. He hires a prominent,
2 powerful person. He hires Louie Nunn -- you might remember I
2 said Louie Nunn is the ex-governor of the State of Kentucky --
2 and he agrees to pay him hundreds of thousands of dollars if he
2 can get him the units.
2 They enter into a contract, and Louie Nunn agrees to

HPT\TR -5
March 26, 1996

TYPED FROM NOTES:

work on his behalf, and he's working to get these units
and make hundreds of thousands of dollars.

The evidence will show that Louie Nunn at this time went to an individual by the name of John Mitchell. Again, we've spoken about John Mitchell, an ex-attorney general of the United States, a person who the defendant considers to be her father. Nunn asks Mitchell to help him out to try to get the units,, and what does Mitchell do? Mitchell goes to the defendant. Now John Mitchell died in 1988, so you might say, "well, how are you going to prove that he went to the defendant?" We're going to prove it through documents, the documents in black and white are going to show that Mr. Mitchell spoke with the defendant about Arama and that she agreed to senjLioo units to Arama.

And the evidence will show that Louie Nunn made hundreds of thousands of dollars for his part in this, and the evidence will further show that John Mitchell made \$75,000. The evidence will show they nothing for this. They did nothing except make a few phone calls, speak to the right person. It all comes down to access. It's a public official using a public office for private gain.

So I'm sure you're not surprised to learn now that Martinez wants more units. He's got another project in mind. It's called South Florida. How many units is he asking for now? 200? 250? 300? 219 units.

54

1 Remember, it's a coded reference. There's going to be
2 no doubt whose units they're going to be. If Art Martinez is
3 paying Louie Nunn hundreds of thousands of dollars, he wants to
4 make sure he's getting the product. And as I said, this is a
5 very prized item, these units. They're in demand. These

6 developers want them.
7 So what does Mr. Martinez do when he wants to get 219
8 units for South Florida? Does he go to the local public housing
9 authority? He goes to Louie Nunn once again, the ex-governor of
10 Kentucky, a powerful, prominent person, and he asks him to help
11 him go to HUD headquarters and get him those units.
12 What does Louie Nunn do? The same thing all over
13 again, Ladies and Gentlemen. He goes right up to John Mitchell.
14 How do we know that? We'll go into a little background. John
15 Mitchell at this time has a company called Global Research
16 International. It's a company that does various consulting work.
17 And he has a partner there by the name of Colonel Jack Brennan.
18 Again, you'll hear the terms "General Mitchell,"
19 "Colonel Brennan." "General Mitchell" refers to him having been
20 an ex-attorney general in the United States, "Colonel Brennan,"
2 because that was his title when he was in the military.
2 Colonel Jack Brennan was working with John Mitchell at
2 the time at Global Research, and the evidence will show, again in
2 black and white, in documents, and you're going to see on that
2 television screen that Art Martinez writes Louie Nunn a letter,

55

1 and he cc's, carbon copies, he sends a copy to Jack Brennan
2 saying, "I want 219 units for South Florida."
3 And what happens? Louie Nunn talks to Jack Brennan and
4 says, "Go see the defendant."
5 What does Jack Brennan do? He sets up a meeting, and
6 he goes to see the defendant. He asks her for 219 units for
7 South Florida, and the evidence will show 219 units went to South
8 Florida.
9 Mr. Brennan then thanks her for her help, and what
10 happens here? South Florida, on this one deal, Louie Nunn makes
11 \$110,000. Global Research gets -- \$109,000, a thousand dollars a
12 unit, pretty much the going rate at the time, a very valuable
13 piece of commodity.
14 Now there's a third project in Count 1, three projects.
15 The next one is called Park Towers. It changes a little. We're
16 still in Miami. The developer in that project is an individual
17 by the name of Martin Fine, and you'll learn that Martin Fine is
18 a rather prominent attorney in Miami. He has his own law firm, a
19 pretty big law firm. He's an older gentleman. Mr. Fine also on
8 20 the side is very involved in housing matters, and he owned a
I
2 building that he wanted to get some moderate rehabilitation funds
2 for. It's called Park Towers.
2 Now Mr. Fine went to the local public housing
2 authority, as the system was designed. He didn't get anything,
2 and he waited, and he didn't get anything, and he waited, and he

56

1 didn't get anything, and finally he realized he wasn't going to
2 get anything unless he hired a consultant, so he reached out to a
3 consultant he knew in Miami by a name of Eli Feinberg. Again,
4 the names aren't all that important. You'll hear from most of
5 these people during the course of trial, and you'll be able to
6 see him.
7 Eli Feinberg was willing to help Mr. Fine, but he, too,
8 realized he didn't have the expertise. You needed somebody with
9 connections in Washington, so they hired an individual by the
10 name of Rick Shelby, or Richard Shelby.
11 Now this is the first time we've heard of Richard
12 Shelby. Who is he? Again, a very prominent political
13 consultant. Not a guy with housing experience. Not a guy that
14 can tell you about the needs of housing in Miami, but a political

allbinders as word for experiment.txt

15 consultant, a guy who had access and who had access to the
16 defendant.
17 what's the first thing that Richard Shelby does?
18 Again, in black and white, the documents, Mr. Shelby goes to John
19 Mitchell, and he requests John Mitchell's assistance in securing
20 units for Park Towers. Mitchell agrees to help him.
2 what's the next thing he does? You'll see he meets
2 with the defendant. The evidence will show that Richard Shelby
2 meets with Mr. Mitchell, has lunch with him, discusses the
2 project, goes out with the defendant, has lunch with her,
2 discusses the project, has lunch with her, and the

57

1 evidence will show Park Towers gets awarded. Mr. Fine gets his
2 units for Park Towers.
3 And how much money is made? The consultants made
4 approximately \$175,000, and John Mitchell through his company
5 received an additional \$50,000.
6 That in broad strokes, Ladies and Gentlemen, is
7 Count 1.
8 what did the defendant receive? well, as you've heard,
9 John Mitchell made slightly under \$250,000 for his involvement in
10 these three projects. That is a person that the defendant
11 considers to be her father, who she calls "Daddy." How much
12 closer could you be?
13 what the defendant gets out of this, Ladies and
14 Gentlemen, is family enrichment. She's doing this to benefit her
15 family. She's not doing this to benefit low-income people, who
16 needed it in Miami. She's doing it to benefit her family, John
17 Mitchell, her father.
18 Let's go on to Count 2, Ladies and Gentlemen. That one
19 changes a little. The story changes somewhat. Again, it's
20 conspiracy, and the pattern continues. The names change; the
2 pattern continues.
2 In Count 2, it starts with an individual by the name of
2 John Rosenthal. You will learn that John Rosenthal was a
2 developer in the State of Pennsylvania. He had developed a
2 project called Necho Allen, and he was seeking something called

58

1 exception rights, non-Mod Rehab. Exception rights is just a
2 fancy word. He wanted higher rents, and the government could
3 give him those higher rents.
4 And what does he do? He applies to HUD for the rents.
5 He's turned down. So he applies again. He's turned down again.
6 what does he do? He hires a consultant. He agrees to pay an
7 individual \$10,000 if he can get him the exception rents.
8 who does he hire? The evidence will show once again,
9 Ladies and Gentlemen, that Mr. Rosenthal goes to Andrew Sankin.
10 He's the individual I mentioned earlier, a friend of the
11 defendant, a person during this period of time you will learn is
12 providing services for her. He was winning and dining her. He
13 was buying her gifts. He was providing legal services for her at
14 no cost, because he had just gotten out of law school. If she
15 needed someone to come over to help repair her apartment, he
16 would do that.
17 More importantly, her family owned an apartment
18 building, and he began to manage that apartment for her, and he
19 did various things to that property, turning it from a property
20 running in the red to one running in the black that ultimately
2 made money.
2 And he did certain things. You'll hear about getting
2 certain approvals and the like that he would normally charge but
2 didn't charge. And he didn't charge her, because he's making

2 money on these deals.

59

1 Now John Rosenthal hires Andrew Sankin and promises him
2 \$10,000 if he can get the exception rents. The evidence will
3 show the first thing Mr. Sankin does is go to the defendant, and
4 he asked her to help Mr. Rosenthal get these exception rents, and
5 you will learn that's exactly what happened. She helped him, and
6 the exception rents were granted, and Andrew Sankin made \$10,000.
7 It might not sound like a lot of money in light of what we've
8 been talking about, but he's just getting started. He has time
9 to make more.

10 Now Mr. Rosenthal is seeking to get some moderate
11 rehabilitation units for a project call Regent Street in
I 12 Pennsylvania. So what does he do? He contacts Andy Sankin once
13 again and asks, "Can you help me? If you do, I'll pay you some
14 money."

15 Again, we're going to show you in black and white some
16 documents. He says, "Set up something with" the defendant. "Let
17 me get the lay of the land. Can she help?"

18 And you'll see letters going back and forth between
19 Mr. Rosenthal and the defendant, even though in her public
20 pronouncements she's saying it doesn't work this way. You're
2 going to learn how it really worked during this time frame.

2 Does he get the mod rehab units? Of course he does,
2 and Sankin gets paid. He gets paid \$11,000. It's a small amount
2 of units, only 26 units, so he gets paid \$11,000.

2 So now he's interested in bigger pay days, and who does

60

i he go to? He goes to the defendant once again, and through the
2 defendant's intervention, he hooks up with another person by the
3 name of Thomas Broussard.

4 Again, this is the first time we hear about Mr.
5 Broussard. who is Mr. Broussard? He's an attorney out of
6 California, another prominent person.

7 Mr. Broussard and Mr. Sankin, they hook up, and they
8 decide to do business together, and they go and do business
9 together. what kind of business do they do? They want to get
10 mod rehab units, and this is very interesting. They go to the
11 defendant, and the defendant promises them 150 units of moderate
§ 12 rehabilitation.

13 Now remember, Ladies and Gentlemen, this was a program
14 designed so that the local public housing authorities could
15 determine the priorities in that community. Instead, these
16 consultants, these powerful, prominent people have these units in
17 their hand. They're promised that. They're not a public housing
18 authority. They don't even have a background in housing. But
19 they're promised these units, and now they go out, take these
20 units and hawk them and peddle them and try to sell them.
21 The evidence will show, having been given those 150
22 units, Mr. Broussard and Mr. Sankin went to Puerto Rico, where
23 they believed they'd have to take these units, and they found a
24 developer interested in buying them, and they knew the value of
25 their product, because they didn't just go in there and start

63

1 for this. somebody else is better. Somebody else can develop
2 this better. So they don't give it to the Altmans, and
3 Mr. Shelby and Mr. Sankin don't make the other 57,500.
4 what does the defendant get out of this case? Well,
5 Count 1, we saw it was family benefits. She was looking out for

allbinders as word for experiment.txt
6 her family. She was looking out for a person she considered to
7 be her father. Here she's looking out for her family, because
8 don't forget that Andy Sankin is managing her family property.
9 He's providing legal services to her at no cost. He's helping
10 her.

11
Rick Shelby, he intercedes on her behalf at the White
12 House when she's looking for a particular job. That's what he
13 does. And he promises to support her in a future political
14 career. Those are the benefits she's getting. That's what she's
15 getting out of this. And they, they get money, just like we saw
16 in Count 1.

17 Now we'll go on to Count 3, Ladies and Gentlemen.

18 Different names, same pattern, same thing occurring again, the
19 defendant using a public office for private gain and then lying
20 about it.

2 In Count 3, we see it a little different. It starts
2 with an individual by the name of Jack James. He's a developer
2 in San Diego, California, and he's looking to develop a
2 retirement community out there. That's his development. And he
2 goes to HUD, because he wants HUD monies to fund this project.

64
1 The problem is HUD believes this retirement community
2 in San Diego is saturated, that they don't need another
3 retirement community; they already have a whole bunch. So they
4 deny Jack James. The field office says, "No, you can't do it."
5 So he goes up the ladder. He goes to the regional
6 office. He goes to the regional office, and they go, "No dice.
7 No way."
8 So what does he do? He takes it to HUD headquarters.
9 He says, "Look, I'd like to develop this retirement center in San
10 Diego."
11 what do they say? "No."
12 So he appeals the decision. He loses on appeal. But
13 he's undeterred, because what does he do? He goes to Louis
14 Kitchin, the individual we see in Count 3.
15 who is Louis Kitchin? That's the first we're hearing
16 of his name. Once again, you will hear that Louis Kitchin was a
17 prominent political consultant. He wasn't familiar with mod
18 rehab or anything, but he was a prominent political consultant.
19 And Louie Kitchin goes to the defendant. That's what
20 the testimony will show, and you will hear that because of
2 defendant's intervention after he goes to her, Mr. James is
2 allowed to build a retirement center. HUD reverses their
2 decision. They reversed the decision of the area office,
2 regional office, area office, by headquarters, headquarters on
2 appeal. It shows the importance of having access to the

10

65

defendant.

2 So it's not surprising then that when Mr. Kitchin wants
3 to secure mod rehab units and mod rehab funding, when he wants to
4 be a consultant and get involved in this, he goes to the
5 defendant, and he has 200 units to go to Atlanta. Atlanta is
6 basically his home turf. That's where he's comfortable. He
7 wants 200 units.

,--
8 She promises to give him 200 units to Atlanta, and you
9 will hear testimony that Lou Kitchin went around looking for a
10 buyer for those units, just like we saw in Alameda Towers. The

- -•

whole system had been corrupted to such an extent that the local
11 public housing authority is not controlling what's important for
12

Miami or Atlanta; it's these prominent consultants.
13

He's holding 200 units. Now he's looking for a
14

developer. Anybody who's willing to buy it, he'll sell it to
15

them if the price is right, and he finds one, an individual by
16

the name of Nicholas Bazan agrees to buy those units, the 200
17

units, but agrees to pay Lou Kitchin only if the units actually
18

go to Nicholas Bazan, and that was a good move on Nicholas
19

Bazan's part, because you're going to hear the local housing
20

public authority refused to give it to Nicholas Bazan. They
21

didn't think he was the best developer for the project. So
22

millions of dollars of taxpayers' money was saved by their not
23

sending it to him. These decisions were being made just because
24

the defendant knew these people and that had benefited her.
25

5 /9/y/i ModfJ I (L id/r t

66

1 So what does Lou Kitchin do? He goes to Miami,
2 Florida. You've heard a lot about Miami. You already know Miami
/
was willing to play along. They were willing to do what needed

4/

to be done to get units to Miami.
So Lou Kitchin asks the defendant for approximately 200
units again for Miami, Florida, and he looks around, and he sees
7 where he can go, and he looks for a buyer, and he finds one. He
8 finds a company called FFE, it doesn't really matter, and an
9 individual by the name of Claude Dorsy and Jim Mitchell, who own
10 that property. Jim Mitchell is no relation to John Mitchell.
11 They just have the same last name.
12 You will hear that these individuals wanted to develop
13 two projects they had called Cutlerwood and Springwood, and to
14 develop those two projects, they needed 203 units of funding, 203
15 apartments. They needed HUD to send enough money down to
16 guarantee rents for 15 years for these apartments, because that's
17 what it all is.
18 Just so we're all clear, HUD gives enough money so that
19 that landlord is guaranteed a stream of income for rents of 15
20 years. So for most of these projects, if not all, HUD is still
21 paying for these projects as we sit here today, and that's the
22 beauty to the developer. He's guaranteed 15 years, the landlord
23 is guaranteed 15 years of rents if he just fixes them up.
4/H So they want 203 units for these two projects, and they
Kitchin to get them, because Mr. Kitchin says he can get

67

them, he knows the defendant. And what does Mr. Kitchin do? He
goes to the defendant, and 203 units are ultimately awarded to
Cutlerwood and Springwood.
4 what does the defendant get out of this? We know what
5 Mr. Kitchin gets. He gets \$203,000.
6 what does the defendant get? In Count 1, we saw she
7 benefited her family. She benefited John Mitchell, her dad. In
8 Count 2, she benefited her family and herself. In Count 3, she's
9 benefiting herself. Lou Kitchin is a prominent political
10 consultant. He, too, intercedes on her behalf, as you'll see, at
11 the white House when she's looking for a job.

CO

g 12 And one other thing: when she needs money, she goes to
13 him. Now you'll see on the board Count 4, and that's illegal
14 payment of \$4,000. Don't forget the defendant is a public
15 official. She cannot take money from people that she's doing
16 business with. It cannot affect your judgment. And that's why
crin

*

w 17 public officials, those of you who have worked in government know
18 you can't do that, because it affects your loyalty. It affects
19 your honesty. It affects your impartiality. You cannot have
20 undivided loyalties when you're taking money from someone you're
21 doing business with. Clearly, you're going to favor that person.
22 Now you might not think -- we've talked a lot of money.
23 we've talked hundreds of thousands of dollars. 4,000 might seem
24 not that much, although I'm sure you'd like to have it in your
25 back pocket right now. But \$1 is too much for a public official

68

1 to take when you're doing business with that person and it's
2 illegal.
3 You'll see and you'll hear a lot of evidence about
4 this. The defendant asked Mr. Mitchell for \$4,000, and he gave
5 her a check for \$4,000, and on that he wrote "loan."
6 You will hear that's an illegal payment, and the reason
7 that's illegal is because it affects your impartiality. You
8 cannot be impartial when you're accepting money as a public
9 official. When you're a public official, you should work for all
10 of us, not for people who pay you.
11 Also, the time frame is very important with this
I 12 \$4,000, and I'll tell you why. At or around that time, the
13 defendant is seeking a position, and it ties into the remaining
14 counts. I promise you I won't be that much longer. It ties into
15 the remaining counts with what she's looking for.
16 The defendant applies for a job to be assistant
17 secretary for Community Planning and Development, a big job
18 within HUD. It's not the kind of job we're all used to, you
19 know, you go for a job interview, you see the boss, if the boss
20 likes you, you get hired, if the boss doesn't like you, you don't
2 get hired.
2 This is the kind of job the president of the United
2 States has to nominate you, okay? Once he nominates you, then
2 the United States Senate has to confirm you. You've got to go
2 before the United States Senate, swear to take an oath, and they

69

1 talk to you. They ask you a number of questions. That's the
2 type of job she's going for.
3 And at this point, she needed money, and that's why she
4 asked for \$4,000. So it's important to keep in mind the time
5 frame.
6 And let's talk about that job that she was looking for.
7 She was seeking that very fancy, important job. What does she do
8 in seeking that job? She goes to those very same consultants
9 we've talked about: John Mitchell, Louie Nunn, Richard Shelby,
10 Lou Kitchin, and she asks them for their help, and again, you'll
11 see in black and white in the evidence, there'll be a Mailgram,
12 Western Union sent to the white House with these individuals
13 signing.
14 And ask yourselves, Ladies and Gentlemen, these are
15 prominent, powerful people who intercede on her behalf at the
16 white House. why are they doing that? Because she helped them.
17 This is the pay back. This is what's benefiting her.
18 And in getting that nomination, the defendant had to
19 testify before the United States Senate, and she did so on August

allbinders as word for experiment.txt
20 6, 1987, because she was able to get the nomination. She
2 testified before a panel of the United States senators, and at
2 that time, she was asked questions about her role in the moderate
2 rehabilitation funding process.
2 Now the evidence, as you will hear, will show that it
(Rectangle comment Administrator
12/13/2005 10:12:22 AM
blank)
2 was designed to go one way, and the defendant said all the time

71

1 Andy Sankin, directly with Louis Kitchin. It didn't work the way
2 she said. It worked if you have access to the defendant, you
3 could get something done, and you could only get something done
4 if you could benefit her and her family. That was her concern.
5 That's a lie, and it's an attempt to cover your tracks.
6 Counts 7 and 8, again perjury, concealment, lies and
7 covering up what you've done. She's asked about developers.
8 They've heard that developers are involved in this process, that
9 it's not going the way it's supposed to. She states, "I have
10 never given or approved or pushed or coerced anyone to help any
11 developer^^^A lot of times, public housing authorities send
2 developers to HUD, and they meet with people all over the
building. It's a tremendous waste of time, and I let them know
that, because those funds go to the public housing authorities."
15 That's a lie, Ladies and Gentlemen, and it's an attempt
16 to cover up what she had done. If it was such a waste of time,
17 why did John Rosenthal want to meet Deborah Dean? Why did he
18 want a lay of the land? Why did he, in fact, meet with her?
19 You will hear from a number of witnesses in the trial
20 that they met directly with the defendant and that as a result of
2 the dealings with her, they were awarded the funds or the units
2 or apartments that they needed. You will see evidence, "Dear
2 Debbie," a developer who went to her directly asking for units
2 and he gets them. That's what this case is about. That is a
2 bald-faced lie.

72

1 Counts 9 and 10, again, perjury, concealment, "I've
2 never heard of Baltimore Uplift One. It was a moderate
3 rehabilitation project?" "But I've never heard of Baltimore
4 Uplift One."
5 You will hear that Baltimore Uplift One was a project
6 in the State of Maryland, in Baltimore, Moderate Rehabilitation
7 Program. The defendant denied knowledge of it. The evidence
8 will show she knew about it.
9 And that becomes important, and I'll blend it in in the
10 next one, Counts 11 and 12, perjury and concealment. I'm sorry
11 if you all can't see it. I'll read it out loud. "As a matter of
12 fact, no moderate rehabilitation units that I know of, unless
13 they were sent directly by the secretary, have ever gone to my
14 home state of Maryland, simply for that reason, that I sat on the
15 panel."
16 That is what she said when she was asked whether any
17 units ever went to the State of Maryland, just like she denied
18 Baltimore uplift. why? Because that is where she's from, and
19 she was interested in running for public office in the State of
20 Maryland, as the evidence will show, and she wanted these
2 consultants to back her in that effort, and if all of this became
2 exposed, her political career was down the drain.
2 And you know from what I've told you just before that
2 we've explained so far in this hour or so two went directly to
2 the State of Maryland, Foxglenn and Eastern Avenue, and those

73

1 were backed by Richard Shelby and Andrew Sankin, two of the
2 people that she specifically dealt with. It's a lie, and it's an
3 effort to cover up the tracks.
4 Ladies and Gentlemen, that in broad strokes is what the
5 government intends to prove in this case. It is a case of power
6 corrupting a public official, of using your official position
7 illegally and entering into unlawful agreements to sell out the
8 United States government.
9 I've been speaking for approximately an hour. All of

10 this evidence will come out in the next few weeks. Most of it
11 is, to keep it fresh in your mind, as His Honor said, a road map,
s 12 let you know where we're going, what this case is about.

P:
13 At the end of this trial, I will again have an
14 opportunity to speak with you, and at that time, I will be able
15 to tell you what the government has proven, not what the
16 government expects to prove, and at that time, I will be asking
17 you, make no mistake about it, to find the defendant guilty as
18 charged.

20 THE COURT: All right. Thank you, Mr. O'Neill.
2 MR. O'NEILL: Thank you.

2 THE COURT: Mr. Wehner, Mr. O'Neill, can I just see you
2 for one minute about scheduling?
2 MR. WEHNER: Yes, sir.
2 THE COURT: Thank you.

7 THE COURT:

How about a quick lunch and we come back?
Yes, sir.
Is that all right for you?
That's acceptable.

Yes, sir.
Rather than taking a ten-minute break and

8 coming back, everybody would be hungry by the time you get
9 finished.
10 MR. WEHNER: Yes, sir. I think that's all right.
11 THE COURT: All right.
12 (End of bench conference.)
13 THE COURT: Ladies and Gentlemen, because of the hour,
14 I just talked to counsel, I think what we'll do is have a quick
15 lunch and then come back, rather than go ahead with the opening
16 statements again. So we're going to take a quick lunch break.
17 Let's be back at 1:00, if we could, please, all right? So you're
18 going to be excused now to come back at 1:00 p.m.
19 Remember the admonitions again, please. During this
20 luncheon recess and every recess we take throughout the trial,
2 you don't talk about the case among yourselves, with anyone else,
2 or let anyone talk about it in your presence. If you happen to
2 go downstairs and sit next to some people on the case for lunch,
2 please move just so you can't overhear their conversation, et
2 cetera.

75
1 So we'll see you back here at 1:00. Just come back to
2 the jury room behind the courtroom, Courtroom No. 9 on the fourth
3 floor, Judge Hogan's courtroom. We'll see you back here at 1:00.
4 We'll have the rest of the opening statements in, that is, the
5 opening statement from the defendant, Ms. Dean.
6 when we finish that, we're going to recess early today,
7 so we'll get out early, and then we'll be back tomorrow to start
8 the testimony. 1:00, please.
9 (Jury out.)
10 THE COURT: All right, recess until 1:00.

5 (Jury in.)
6 THE COURT: All right, Ladies and Gentlemen, we're
7 ready to proceed now for this afternoon's session. The Court is
8 going to recognize Mr. Stephen Wehner on behalf of Ms. Dean.
9 He'll give his opening statement at this time.
10 OPENING STATEMENT
11 BY MR. WEHNER:
I 12 Thank you, Your Honor. May it please the Court, good
13 afternoon.

allbinders as word for experiment.txt

14 THE JURORS: Good afternoon.
15 MR. WEHNER: Ladies and Gentlemen, it was almost ten
16 years ago this month that Deborah Gore Dean, this young lady,
17 became the executive assistant to Samuel R. Pierce, a cabinet
18 officer at the Office of Housing and Urban Development, one of
19 the members of the President's Cabinet. For three years, she was
20 his assistant. She was loyal to him, she was honest with him,
21 she was honest with others, and she did her job as best as she
22 possibly could.
23 The government would have you believe that she's a
24 criminal. They want you to believe she's a liar. They want you
25 to believe she's a conspirator, and they want you to believe that

77

1 the very government that she tried to serve for those three years
2 can successfully prove that she's a criminal.
3 They want you to believe with all these hundreds of
4 thousands of dollars floating around, with all this money and all
5 these units, that she didn't receive any of it, but she somehow
6 caused it, that she, at 28 years old, manipulated the Department
7 of Housing and Urban Development as an assistant to a cabinet
8 officer to make all these terrible things happen.
9 And I submit to you that at the end of this trial,
10 we'll have proven to you that what Mr. O'Neill said in his
11 opening statement did not happen.

CO

12 There's one thing I agree with what Mr. O'Neill said,
13 and that's that you should keep his opening statement fresh in
14 your mind, because at the end of this trial, I want you to
15 compare the evidence you've heard from the witness stand and from
16 the pieces of paper, and you see, you just see if what the United
17 States government says Deborah Gore Dean has done is true,
18 because we're going to prove, we, Ms. Dean and myself are going
19 to prove in this trial that she didn't lie, she didn't cheat, she
20 didn't steal, and that she's innocent.
21 Now the Court was correct, in my judgment, when Judge
22 Hogan pointed out to you that it's a relatively complex set of
23 facts. You'll hear a lot of numbers, you're going to see a lot
24 of names, and you're going to get a lot of information. But even
25 though they are complex facts, they're simple concepts.

78

1 By concepts, I mean she didn't lie, she didn't cheat,
2 and she didn't steal. And after you find that she didn't lie,
3 she didn't cheat, and she didn't steal, you will have no choice
4 but to return a verdict of not guilty, because Ms. Dean is
5 innocent, innocent, innocent.
6 There is a reason that a jury is selected in a case
7 such as this. It doesn't come from any institution. You Ladies
8 and Gentlemen are members of the public. You're not part of the
9 government that Deborah Gore Dean worked for at HUD. You're not
10 judging her on some personnel matter. You're not the Senate or
11 the House of Representatives. You're not the body to whom they
12 say that she lied. You're not the Court, who's in charge of the
13 law in this case, but you're drawn from the community at large
14 for one reason, and that's to give Ms. Dean a fair shot, a level
15 playing field.
16 For the first time since the FBI, Ms. Sweeney,
17 Mr. O'Neill, and all the lawyers at the Office of Independent
18 Counsel has been investigating her and for the first time in ten
19 years since she took on that job as the assistant to Mr. Pierce,
20 she's counting on you to give her the chance to explain to you
21 for the first time what she did, what she knew, who she did it
22 with, and how she did it.

allbinders as word for experiment.txt

2 I don't intend to spend nearly as much time as the
2 Independent Counsel did talking about names and dates and places,
2 but I do want to get a little more specific, but bear with me for

79

a second while I use the same chart the government used to show
2 you how outrageous the charges are.
3 Now this is their chart. Nobody's messed with it since
4 the time they put it up there. It's the exact chart they used.
5 Counts 1, 2, and 3 charge a conspiracy. That's an
6 agreement to do something illegal. Count 4 charges an illegal
7 payment, and the rest of the counts basically charge lying. I
8 think the Independent Counsel agree that those are lying counts,
9 that she lied.
10 Now these first three counts, if you look at the
11 individuals that are charged in the indictment with Ms. Dean,
12 John Mitchell is dead. He passed away in 1988. Mr. Nunn the
13 government says will be a witness. Mr. Brennan the government
14 says will be a witness, and Mr. Shelby the government says will
15 be a witness.
16 Do you know what those three people are going to
17 testify to? They're going to testify that there was never any
18 agreement with Deborah Gore Dean, that they didn't agree to do
19 anything illegal with her, and yet the government, the government
20 says, well, we want Ms. Dean so badly that we are going to give
21 you what's called immunity. Even though you didn't think you did
22 anything wrong, this cloud will not pass over your house,
23 Mr. Nunn, Mr. Brennan, and Mr. Shelby. This cloud will rest
24 here, on a 28-year-old young woman who's an assistant to a
25 cabinet secretary.

80

1 Let me tell you something about Mr. Sankin. Mr. Sankin
2 is considerably younger than Ms. Dean, and he had just gotten out
3 of law school when he allegedly was furnishing these legal
4 services to her family in return for helping him.
5 And I'll tell you something else about Mr. Sankin.
6 Deborah Dean's not the one that helped him. We'll prove to
7 you -- and it may be painstaking at times -- that the people at
8 HUD, of the thousands of people at HUD, we will show you exactly
9 who helped Andy Sankin, who did what for whom, and to show you
10 how honest, how honest Ms. Dean's defense will be, we're going to
11 tell you what she did and who she did it for and why she did it.
12 And based upon those honest, true facts, we'll ask you to find
13 that in everything she did, she didn't lie, she didn't cheat, and
14 she didn't steal.
15 Let's take Counts 3 and 4 for a second. Mr. Kitchin
16 supposedly ran presidential campaigns. I don't know whether
17 Mr. Kitchin's willing to admit to that or not, but I find it hard
18 to believe that someone who ran presidential campaigns actually
19 is going to testify that he entered into a conspiracy with the
20 administrative assistant and then gave her \$4,000 as part of that
2 conspiracy. It didn't happen.
2 He did give Ms. Dean \$4,000. Keep that fresh in your
2 mind, because he did. But it didn't have anything to do with
2 HUD. Nothing to do with HUD. And the testimony that you will
2 hear from Mr. Kitchin will confirm it didn't have anything to do

81

i with HUD. He's going to say, "She didn't do anything for me."
2 I don't know where these witnesses are going to come from.
3 Counts 5 through 12, perjury and concealment, Deborah

4 Gore Dean was nominated to take a position that was a big
5 promotion from her position as administrative assistant. As a
6 part of that promotion, she had to go up on Capitol Hill and
7 testify in front of the Senate committee. She went up there, and
8 she was asked some questions. She was put under oath, and she
9 gave answers.

10 The answers she gave, many years later, the Independent
11 Counsel claims were lies. They're wrong, wrong, wrong. They're
12 wrong because when Ms. Dean says, "No mod rehab units that I know
13 of, unless they were sent by the secretary, the secretary being
14 Samuel Pierce, none have ever gone to Maryland unless they were
15 sent by the secretary," that's true. That's true. That's not
16 false.

17 When she says, "I've never heard of Baltimore Uplift
18 One," she had never heard of Baltimore Uplift One. That's not to
19 say Baltimore Uplift One didn't exist or it wasn't a program or
20 it wasn't around, but she'd never heard of it.

21 And when you see the questions about, that go before
22 this and after that, you'll realize that even the senator that
23 was asking her the question didn't know what Baltimore Uplift One
24 was. They had a discussion about what kind of program it was,
25 and she said, "I don't know. I don't remember. I don't know.

82

I've never heard of it."

2 Counts 5 through 8, there's a basic and clear
3 disagreement and, frankly, a misunderstanding by the part of the
4 Independent Counsel as to how this process worked. In the
5 mid-'80s approximately, there was a system in place at HUD where
6 what Mr. O'Neill calls units were sent around the country on
7 something called a fair share basis, and what that means
8 essentially is you plug all the data into the computer, and the
9 computer spits out what states and what cities get what. Very
10 simple: You plug it in. It comes out. That's where the money
11 goes.

12 In the mid-'80s, the United States Congress said,
13 "We're not going to do that anymore. We're not going to do it
14 fair share. We're going to let HUD decide where the money goes."
15 Now that was a Congressional change for which Ms. Dean
16 had not one whit to do, not one whit. She didn't create the
17 system. She didn't tell them that's what to do. All she did was
18 walk into the system as it was created and went to work with
19 that.

20 The public housing authorities in this country, there
21 are over 4,000 of them across the country, they are the
22 recipients -I

want you to remember this, because it's directly
23 contrary to what Mr. O'Neill says -- those public housing
24 authorities are the recipients of the federal money. The checks
25 go to them. The public housing authorities pass it out to the

1 developers.

2 No checks went directly from HUD from Ms. Dean to
3 anybody, and if the public housing authorities didn't want these
4 projects, all they had to do is say, "We don't want to do it."

5 Now I'm not going to defend and I'm not here to defend
6 how government works in this country. Everybody knows
7 government's fouled up in this country. This trial is not about
8 the government. It's not about the bureaucracy.

9 It's about what Ms. Dean did when she talked and when
10 she worked and how she operated as an administrative assistant.
11 And notwithstanding the fact that she has been charged by her

allbinders as word for experiment.txt
12 government with all of these felony counts and that she has been
13 accused of lying to cover up her actions, when this trial is
14 over, I expect, because I expect the evidence to support a
15 finding of not guilty on behalf of Deborah Gore Dean.
16 Thank you.
17 THE COURT: All right, Ladies and Gentlemen, let me
18 touch base with counsel for a minute, and then we'll see about
19 our timing for tomorrow morning.
20 Mr. Wehner, could I get you back for a minute? Thank
2 you.
2 MR. WEHNER: Yes, sir.
2 (Bench conference on the record.)
2 THE COURT: Can you get your people ready at 9:30?
2 MR. O'NEILL: Yes.

>.. BAYONNE. NJ 07002

1 THE COURT: Who's your first witness?
2 MS. SWEENEY: Your Honor, the first witness will be
3 John Greer.
4 MR. O'NEILL: John Greer.
5 THE COURT: Is he going to take all day, or can you get
6 other witnesses?
7 MR. O'NEILL: Oh, Judge, we're going to try to set the
8 table with the HUD witnesses, so it will be Greer, Maddie
9 Hastings, then a person from personnel to put in her personnel

10 records, things like that. So I think they'll take most of the
11 day. If they don't, then we're hoping to start right into Arama.
12 We should have plenty of witnesses for tomorrow.
13 MR. WEHNER: Can I ask you who the first witness on
14 Arama is?
15 MR. O'NEILL: Martinez.
16 MR. WEHNER: Martinez?

3 17 THE COURT: Okay.
18 MR. WEHNER: My big concern is when are you going to
19 have Barksdale as a witness?
20 MR. O'NEILL: Judge, we've been speaking about this,
2 and we can put it on the record. The reason is I told Steve I

2 can't be sure. We have him lined up. Maybe he'll be at the end
2 of the week, but I really believe that will fall right on the

• 2 cusp, you know. We might get at the end of the week or we might
2 not.

85

1 MR. WEHNER: The reason I ask that, Judge, is that's
2 one of the hefty ones.
3 THE COURT: And we will not be sitting in this Friday
4 afternoon. I've got the FBI case and the coal industry I've got
5 to hear. I will not be sitting Friday afternoon in this case, as
6 it turns out.
7 MS. SWEENEY: On Friday afternoon?
8 THE COURT: Yes. Friday morning I'll sit, but not
9 Friday after lunch.
10 MS. SWEENEY: When will we break then, Judge?
11 THE COURT: Depending on what we're doing, 12:15,
12 12:30, somewhere in that range.
13 MR. O'NEILL: Judge, the other thing, so Mr. Wehner is

allbinders as word for experiment.txt

14 aware, one of the problems is what Ms. Sweeney told you earlier
15 about Louie Nunn, so if we don't get him, we may have to take him
16 out of order. But if Louie Nunn is here this week, then probably
17 Barksdale next week would be my next guess.

18 THE COURT: We'll see as time goes on. 9:30.

19 MS. SWEENEY: On another matter, Your Honor, if we can
20 use your intervention, we may contact you this afternoon and see
2 if something can be worked out.

2 MR. WEHNER: You'll inform me?

2 MS. SWEENEY: Oh, yes. Of course, Steve.

2 THE COURT: If you need to file something, file
2 something, and we'll take a look at it and see what needs to be

done.

2 MS. SWEENEY: Thank you, Your Honor.

3 (End of bench conference.)

4 THE COURT: All right, Ladies and Gentlemen, we talked
5 over the schedule with counsel on the witnesses. We'll be ready
6 to go tomorrow morning at 9:30. So we're going to recess early
7 today for you. The opening statements on both sides didn't take
8 quite as long as I anticipated, so you're going to get a little
9 extra time off today.

10 We'll be back tomorrow morning at 9:30 a.m. We'll have
11 a full day tomorrow, so you should plan on that.

CO

g 12 Again, with the overnight admonition, again, because of
13 the opening statements, there may be something carried in the
14 press or the television or radio or media. Remember, you don't
15 watch, listen, or read anything about this case, talk to anybody
16 about it, or let anybody talk about it to you or in your
17 presence.

18 Have a pleasant afternoon and evening. Be back here,
19 please, at 9:30 a.m., ready to go in the morning. If you want to
20 come a little early and have coffee in the room behind here,
21 that's fine. You're welcome to do that. But I'd like you all
22 here and ready to go at 9:30, all right?

23 Okay, you're excused for the day then.

24 (Jury out.)

25 THE COURT: All right, 9:30 in the morning, be back in

this case.

2

(Recess from 1:30 p.m. to 9:30 a.m., September 14, 1993.)

1 PROCEEDINGS.

2 THE DEPUTY CLERK: Criminal number 92-181,

3 United States of America versus Deborah Gore Dean. We

4 have Paula Sweeney and Robert O'Neill for the

5 Government, Stephen Wehner for Miss Dean.

6 THE COURT: All right. We're ready to

7 proceed?

8 MR. O'NEILL: Yes, Your Honor.

9 THE COURT: Bring the jury in then.

10 MR. WEHNER: One thing I'd like to bring to

11 the Court's attention. It will take ten seconds, Your
12 Honor. I've given to the Court what's been marked as
13 Dean Exhibit One and it's more a preliminary matter that
14 I want to notify the Court as to what's happening in
15 terms of timing.

16 We had subpoenaed Senator Proxmire as a
17 witness in this trial and the Senate Legal Office has
18 told us that they're going to be filing a motion to
19 quash. I don't know when they're going to be filing
20 the motion to quash. They say in their letter to me it
2 would be sometime towards the close of the Government's
2 case, but I am informing the Court that issue will
2 likely come before the Court and if Mr. O'Neill or Your
2 Honor wants me to suggest to the Senate legal counsel a
2 particular time it would be more convenient to hear

91

1 that, I would suggest a briefing schedule to them.

allbinders as word for experiment.txt
2 THE COURT: well, I take it the
3 Government -- this won't be at issue of Senator Proxmire
4 coming for some time because the Government's case will
5 go on for another three or four weeks.
6 MR. WEHNER: I don't know if the Government
7 intends to call him or not. At one time I was under the
8 impression they were but he wasn't on the witness list
9 and I don't know exactly what they're -10
MR. O'NEILL: No, Your Honor.
11 THE COURT: You're not calling him.
12 I think what you'll have to do is just talk to
13 them and tell them -have
you served a subpoena on
14 them?
15 MR. WEHNER: Yes, sir.
16 THE COURT: And then if he decides not to
17 come, for whatever reason, you go ahead and file a
18 motion and I'll hear it whenever it's ready rather than
19 wait a month or two months.
20 MR. WEHNER: Yes, sir.
21 MR. O'NEILL: Your Honor, is there a
22 possibility of moving the tv a little closer?
23 THE COURT: Sure, sure, if you're strong
24 enough to do that. Anybody with a strong back can move
25 that up closer, that's fine.

92

1 MR. O'NEILL: And, Judge, we checked with
2 Gloria yesterday, but Mr. Batts might be a witness in
3 this case but he's also the case agent. We know you had
4 invoked a rule.
5 THE COURT: Yes, I have a rule on witnesses,
6 on all witnesses in the case. He's a case agent in the
7 case?
8 MR. O'NEILL: Yes, Your Honor.
9 THE COURT: The witness would be as to
10 documentary type things.
11 MR. O'NEILL: Yes, summary documents,
12 introduction of documents.
13 THE COURT: All right, I'll allow him to stay
14 in as case agent.
15 All right, you can bring in the jury.
16 THE DEPUTY MARSHAL: Yes, Your Honor.
17 (Jury present)
18 THE COURT: All right.
19 Good morning, ladies and gentlemen.
20 THE JURORS: Good morning.
2 THE COURT: Thank you for getting here
2 promptly. We've taken care of some preliminary matters
2 and we're ready to proceed with the first witness in
2 this case on behalf of the Government.
2 MR. O'NEILL: Your Honor, at this time the

93

1 Government would call John Greer.
2 THE COURT: All right.

3 (JOHN GREER, WITNESS FOR GOVERNMENT, SWORN)

4 DIRECT EXAMINATION

5 BY MR. O'NEILL:

6 Q Sir, will you state your name for the record,

7 spelling your last name for the Court reporter?

8 A John Huffington Greer, G-r-e-e-r.

9 Q Mr. Greer, I will be asking you a series of

10 questions. I'd ask you to speak in a loud and clear
11 voice so that all the members of the jury can hear you.

12 Where are you currently employed, sir?

13 A Department of Housing and Urban Development, Office
14 of Inspector General.

15 Q And how long have you been employed at the
16 Department of Housing and Urban Development?

17 A Just over 27 years.

18 Q Approximately when did you start at what I will
19 call HUD rather than going through the whole Department
20 of Housing and Urban Development?

2 A 1966, August of 1966.

2 Q Can you briefly give a description to the ladies
2 and gentlemen of the grand jury -

2 THE COURT: Of the jury. You said grand jury.

2 MR. O'NEILL: Excuse me, Your Honor, sorry.

94

1 of the jury.

2 Can you briefly describe your job titles over

3 the last 27 years.

4 A When I graduated from college I worked at a bank in

5 Albany, New York, and in 1966, as I said earlier, I

6 applied for and got a job at what was then called the

7 Public Housing Administration. That was in 1966. I was

8 hired as a staff auditor and I remained a staff auditor

9 in upstate New York, that is between Albany, New York
10 and Syracuse, New York for about ten years, and did
11 various audits of Public Housing Agencies, Urban Renewal
12 Agencies. Any program that the Department of Housing
13 and Urban Development administered we were required to
14 do the audits of those agencies, and I worked in that
15 specific geographic area in upstate New York for ten
16 years.

17 Q What do you mean by audits?

18 A We go in and review anything that HUD administers
19 and determine that the grantee, the people that are
20 administering our money, are doing it in compliance with
2 the rules and regulations. That's our basic job.

2 Q Please continue after those ten years. What if
2 anything did you do within HUD?

2 A Well, I started as a grade seven and in 1976 there
2 was an opening in Washington, D. C. in an office, in the

1 Office of Inspector General. I applied for it and

2 ultimately got a job in November of 1976 in Washington

3 as an audit manager in one of the divisions in

4 Washington. As a grade 14.

5 Q And what have you been doing since then?

6 A I was in that position for about three years. In

7 1979 right after the 1.6. Act of '78 was passed the

8 office designed a new office within the Office of

9 Inspector General. I was selected to head up one of

10 those divisions and got a promotion to grade 15. I was
11 in that position for about four years and in 1983 an
12 advertisement came out for a Senior Executive Service
13 job in the Office of Audit. I applied for and was
14 selected for that job and I've been in the Office of
15 Audit in headquarters since 1983, in a couple of
16 different positions.

17 I was a deputy to the Assistant Inspector
18 General, and in 1989 that gentleman got promoted and I
19 took his place in the summer of 1989, and I've been in
20 that position ever since.

2 Q Now, Mr. Greer, what are your present duties and

2 responsibilities at the Department of Housing and Urban
2 Development?

allbinders as word for experiment.txt
2 A Well, as the Assistant Inspector General for Audit
2 I'm in charge of about 350 employees that are scattered

96

1 throughout the country. Our basic mission, as I stated
2 earlier, is to audit anything that HUD administers, any
3 program funds that are distributed either inside the
4 Department or outside the Department. We're responsible
5 for doing audits of those program funds, those
6 operations.

7 Q Mr. Greer, you mentioned you're responsible for
8 employees scattered around the country. Can you tell
9 the ladies and gentlemen of the grand jury how HUD is
10 set up around this country?

11 A - The basic structure of HUD is what is called the
12 regional structure. In other words, we have ten
13 regional offices in most of the major cities, New York,
14 Boston, San Francisco, et cetera, and underneath those
15 regional offices we have what is called field offices,
16 and those are in the smaller cities. For example,
17 Washington, D. C. is a field office under the
18 jurisdiction of the Philadelphia Regional Office,
19 Parkerton, Connecticut is an office underneath the
20 Boston Regional Office, and it's like that throughout
2 the country. I think there's about 80 field offices in

2 the ten regions.

2 Q At present --

2 MR. WEHNER: Excuse me, Your Honor, I would
2 appreciate Mr. O'Neill referring to the jury as the jury

97

1 as opposed to the grand jury.

2 MR. O'NEILL: I apologize if I said that

3 again.

4 THE COURT: Good.

5 BY MR. O'NEILL:

6 Q At present, Mr. Greer, approximately how many

7 employees are employed at HUD?

8 A Roughly 13,500.

9 Q What type of jobs do they perform?

10 A The basic job is to provide technical assistance,
11 assisting the program administrators, whether it's a
12 PHA, a city, a mortgagor, a mortgagee, people that
13 distribute the HUD funds, they provide technical
14 assistance in helping them get that job done. Then, on
15 the other hand, they also monitor and make sure that
16 those monies are spent properly and in accordance with
17 the policies and procedures.

18 Q Now, Mr. Greer, are you familiar with the structure
19 at HUD, particularly at HUD headquarters?

20 A You mean the organizational structure?

2 Q The organizational structure.

2 A Yes, I am

2 Q At this time, with the Court's permission, I would
2 show you a chart previously designated as Government's
2 One for identification.

98

1 THE DEPUTY CLERK: Government's Exhibit Number

2 One marked for identification.

3 (Government's Exhibit One marked

4 for Identification)

5 BY MR. O'NEILL:

6 Q And I ask you if you recognize this?

7 A Yes, I do.

8 Q Have you seen it before?

9 A Yes.

allbinders as word for experiment.txt

10 Q What do you recognize it to be?
11 A It's pretty much an organizational chart of HUD and
12 primarily of the Assistant Secretary for Housing, FHA
13 Commissioner. I see you have over there all the other
14 Assistant Secretaries.
15 Q Does Government's One for Identification fairly and
16 accurately depict the structure at HUD as it relates to
17 housing, keeping in mind that it doesn't have every job
18 title and every position in the whole HUD framework?
19 A It's a little different today than that chart
20 shows, but that is a chart that depicts how the
2 organization was in the mid-eighties.

2 Q Let me rephrase the question then. Does this chart
2 accurately depict the framework of the organization of
2 HUD as it relates to housing during the years 1984 to
2 1987?

99

1 A Yes.
2 MR. O'NEILL: At this time I'd move it into
3 evidence, Your Honor.
4 MR. WEHNER: Can I have a short voir dire,
5 Your Honor?
6 THE COURT: Certainly.
7 VOIR DIRE EXAMINATION
8 BY MR . WEHNER:
9 Q Mr. Greer, with regard to the chart, how many -

10 you mentioned 15,000 employees at HUD?
11 A Yes, sir.
12 Q And approximately how many of those are at
13 headquarters?
14 A About 3000, 3200.
15 Q And out of those 3200, how many are represented on
16 this chart?
17 A Well, they all would be because you have the chart
18 that says others than Assistant Secretary. So that
19 covers the whole organization, but if you're talking
20 about the Office of Housing -
2 Q No, no, I'm talking about HUD.
2 A 3200.
2 Q Now, this shows the Secretary of HUD, is that
2 correct?
2 A Yes.

1 Q And Undersecretary, correct?
2 A Yes.
3 Q Does it show legislative and Congressional
4 relations?
5 A No, sir, that would be under the other Assistant
6 Secretaries.
7 Q Does it show Public and Indian housing?
8 A That's under other.
9 Q Does it show Deputy Admin -Undersecretaries?
10 A I'm not familiar with that term. Deputy
11 Undersecretary?

12 Q Yes.

13 A There's such things called Deputy Assistant
14 Secretaries. There's currently a Deputy Secretary, but
15 at the time that title is Undersecretary.

16 Q Where are you on the chart?

17 A We would be under other Assistant Secretaries.

18 Q You report directly to the Secretary?

19 A I don't, but my boss does, the Inspector General.

20 I'm an assistant to that individual.

2 Q Where is the General Counsel?

2 A Under other Assistant Secretaries.

2 Q Where is -- you said this deals with housing, is
2 that correct?

2 A The middle box is the Assistant Secretary to

101

1 Housing, FHA Commissioner/ and then those lines down

2 below that all refer to the Office of Housing.

3 Q Where is the office that deals with the project at

4 issue in this case?

5 A You have to go from the Assistant Secretary through

6 the General Deputy.

7 Q Take it easy, because I want to make sure I

8 understand.

9 A Right below, you go down one box.

10 Q Here?

11 A Yes, and then down another.

12 Q Down to General Deputy Assistant Secretary.

13 A Right, this is the flow of stuff. The Deputy
14 Assistant Secretary for Multi-family Housing is
15 responsible for the Mod Rehab Program, and if you go
16 down further to the Office of Elderly and Assistant
17 Housing, that's the spot where the people that work on
18 Mod Rehab actually work.

19 Q These are where the -- about how many people work
20 on Mod Rehab?

21 A There's about ten or 12 in the headquarters office.

22 Q Okay, in headquarters. Where is Miss Dean on this
23 chart?

24 A She's -- at the time we're talking about she was
25 the Executive Assistant off to the right under the

102

1 Secretary of HUD.

2 Q So she was the Executive Assistant off to the

3 right , correct?
4 A Yes.
5 Q Here?
6 A No, up.
7 Q Your right?
8 A That's right. My right, your left.
9 Q Here?
10 A Yes.
11 Q And Mod Rehab was down here?
12 A That's correct.
13 MR. WEHNER: Thank you, Your Honor.
14 THE COURT: All right. The chart will be
15 admitted as Government •s Exhibit One, an organizational
16 chart •
17 MR. O'NEILL: Thank you, Your Honor.
18 (Government's Exhibit One
19 received in Evidence)
20 MR. O'NEILL: If I may get the easel. Your
2 Honor ?
2 THE COURT: Yes, that would be easier.
2 BY MR . O'NEILL:
2 Q Are you able to see it from there?
2 A Yes, sir, I think so.

103

1 Q Mr. Greer, I'd like to run you briefly through
2 these positions, and what is the highest ranking
3 position at the Department of Housing and Development
4 Urban?
5 A The Secretary of HUD is nominated by the President
6 and confirmed by the Senate.
7 Q Okay. And during the years 1984 to 1987 who was
8 the Secretary of HUD?
9 A A gentleman named Samuel R. Pierce.
10 Q I direct your attention to the box on the right,
11 Mr. Wehner briefly alluded to that, entitled Executive
12 Assistant?
13 A Yes, sir.
14 Q Just once again, who was in that position during
15 the years 1984 to 1987?
16 A Deborah Gore Dean.
17 Q And what are the responsibilities and duties of an
18 Executive Assistant?
19 A The Executive Assistant really is for lack of a
20 better term Chief of Staff, a righthand person, involved
2 in several --

2 MR. WEHNER: Judge, I don't mind the question,
2 but a characterization as a righthand person is an
2 unfair, inaccurate summary by the witness.
2 THE COURT: All right. well, let's make

104

1 objections at the bench after this. I'll grant the
2 objection to the reference to righthand person. The
3 question is the duties of the Executive Assistant and I
4 think that should be spoken in terms of the normal
5 personnel terms.

6 A The written duties according to the position
7 description was to provide policy advice to the
8 Secretary, to make sure that things were operating as
9 the Secretary intended them to operate, and those
10 general type of things.

11 Q Now, Mr. Greer, directly below Executive Assistant
12 is a box for Special Assistants.

13 A Yes, sir.

14 Q And is that plural?

15 A There are several Special Assistants at various
16 times.

17 Q And what about the years 1984 to 1987?

18 A Yes, sir, there were many individuals that held
19 that job.

20 Q And what would be their duties and
2 responsibilities?

2 A Generally they do case work for the Office of the
2 Secretary is the best way I could describe it. In other
2 words, when matters come up that need attention they're
2 asked to do those duties.

105

1 Q And when you say case work, what are you referring

2 to?

3 A A specific problem might arise or perhaps the

4 Secretary would ask them to do special work. That type

5 of a duty.

6 Q Now, the next box directly in line below the

7 Secretary is the Undersecretary.

8 A Yes, sir.

9 Q During the years 1984 through 1987 who occupied
10 that position?

11 A There were several years in which that position was
12 vacant. I think at the beginning of '84 a gentleman by
13 the name of Phil Abrams had the position. When he left
14 until late -- perhaps when Carl Fogle came in early
15 1988, that position was pretty much vacant. The General
16 Counsel for a while acted as the Undersecretary. His
17 name was John Knapp.

18 Q What are the duties of the Undersecretary?

19 A The Undersecretary is really the alter ego of the
20 Secretary. Whenever the Secretary is absent from work
2 that individual is supposed to act in the Secretary's

2 stead. Oftentimes he also operates as the day-to-day
2 Chief Executive, for lack of a better term.

2 Q Mr. Greer, directly below the Undersecretary is a
2 box marked Assistant Secretary for Housing-FHA

106

1 Commissioner.

2 A Yes, sir.

3 Q Are you familiar with that position?

4 A Yes, sir.

5 Q What are the duties and responsibilities of the
6 person that occupies that position?

7 A That individual is responsible for approximately 50
8 different HUD programs that deal primarily with
9 providing affordable housing to low and moderate income
10 people, either through direct subsidies of the
11 individuals or the projects or through what's called
12 mortgage insurance, either single family or multi-family
13 mortgage insurance.

14 Q During the years 1984 to 1987, who occupied that
15 position?

16 A Again, we had several individuals that were either
17 in the position confirmed by the Senate or acting during

allbinders as word for experiment.txt
18 certain time periods and not confirmed by the Senate.
19 Shirley Wiseman, Maurice Barksdale, Silvio DeBartolomeis
20 and Tom Demery are the names that I can remember.
2 Q Now, you mentioned this box, Assistant – other
2 Assistant Secretaries, and what does that refer to?
2 A There are four or five additional Program Assistant
2 Secretaries and then, as Mr. Wehner was talking about,
2 the General Counsel, FHEO, legislative, and

107

1 regulations. The Program Assistant Secretaries are the
2 ones who are Public and Indian housing, Community
3 Planning and Development, and that type of operation.
4 Q Mr. Greer, there's also a box to the right of the
5 Assistant Secretary for Housing, FHA Commissioner,
6 entitled Executive Special Assistants. What are the
7 duties and responsibilities of the Executive Special
8 Assistants?

9 A It's very similar to what I described as the
10 Special Assistants to the Secretary. The Assistant
11 Secretary also calls upon individuals to do case work
12 and special projects at work.
13 Q And, Mr. Greer, there are a number of boxes coming
14 down from the Assistant Secretary for Housing, FHA
15 Commissioner. Can you describe what these individuals
16 do?
17 A In the chain of command you have a General Deputy
18 Assistant Secretary. That individual, like the
19 Undersecretary to the Secretary, acts when the Assistant
20 Secretary is absent, and then below them you have three
2 Deputy Assistant Secretaries, and those individuals are
2 responsible for specific programs.
2 You can see on my right there's Deputy
2 Assistant Secretary for single family housing and on the
2 left there's a Deputy Assistant Secretary for policy,

108

1 management administration. HUD has a whole range of
2 single family programs, so the Deputy Assistant

3 Secretary for single family is responsible for those.

4 The other individual is responsible primarily for the

5 budget, the financial and administrative accounting

6 aspects of the Office of Housing. The Deputy Assistant

7 Secretary for multi-family is responsible for all

8 multi-family type programs. Multi-family is anything

9 with more than four units.

10 Q Now, Mr. Greer, are you familiar with the various
11 programs administered at HUD?

12 A I'm pretty familiar with most of them, yes.

13 Q And how are you familiar with them?

14 A Through my 27 years of audit experience.

15 Q Can you name some of the programs that HUD

16 administers?

17 A Some of the more -- the ones with the most funding,
18 the Section Eight, we have a community development block
19 grant program. We have a whole bunch of mortgage
20 insurance programs that have various sections for
2 various purposes, and it just goes on and on. There's

2 somewhere in the neighborhood today of about 150 to 170
2 programs. At this point in time there are perhaps 80 to
2 90 programs.

2 Q Are you familiar with the program known as the

109

1 Moderate Rehabilitation Program?

2 A Yes, sir.

3 Q What is that program?

4 A That is a separate section of the Section Eight

5 program. It began somewhere in the late 1970's, '78 or

6 '79. It was authorized by Congress. It was designed,

allbinders as word for experiment.txt
7 I believe, to fill the gap between a couple of other

8 programs that were in existence at the time and to serve

9 some special needs.

10 One of the biggest programs at HUD is
11 something called Section Eight Existing Housing, and in
12 the late seventies we also had a program called Section
13 Eight Substantial Rehabilitation. The Section Eight
14 Existing is for individuals to obtain housing in
15 individual units. The Substantial Rehabilitation is a
16 subsidized program for multi-family units, projects of
17 50, 100, 200 units. And there seemed to be a gap
18 between that Existing Program and the Substantial
19 Rehabilitation Program, and in various cities there were
20 some housing that was available but it was not always in
2 good condition. So the program designers started this

2 program with the specific purpose in mind of filling the
2 gap between the Existing Program and the Substantial
2 Rehab Program.

2 Q How was the Mod Rehab Program designed to work?

110

1 A It operates through an organization called the
2 Public Housing Agency. The Public Housing Agency acts
3 as HUD agents. We provide the money to the Housing
4 Agency and that agency has contracts with owners and
5 developers who, first, rehab the building and then,
6 secondly, to manage that building, and on a monthly
7 basis, we, HUD, provide money to PHA's who in turn pay
8 the owner, the developer the subsidy.

9 That subsidy represents a subsidy to the

10 tenants. The tenants are required to pay 30 percent of
11 their income and HUD pays the rest, and it's designed
12 primarily for low and moderate income.

13 Q Pursuant to the Moderate Rehabilitation Program,
14 how are these projects selected?

15 A The projects are selected by the Public Housing
16 Agency. As part of the approval process to participate
17 in the program they provide to HUD what is called an
18 administrative plan. That administrative plan contains

allbinders as word for experiment.txt
19 a description of how that PHA will manage the program.
20 One of the aspects of that is how they will
2 select the units to participate in the program. Various

2 localities operate the program a little differently
2 which is fine with HUD because we always believe that
2 the localities knew best and knew best how to run the
2 program, but they had to come to HUD with some kind of a

111

1 plan to make sure or at least so HUD can make sure that

2 the funds were going to be spent properly.

3 Q Are there any rules and regulations that govern the

4 Moderate Rehab Program?

5 A Yes, there's quite a few regulations that govern

6 the Mod Rehab Program.

7 Q Are there any rules and regulations governing how

8 projects are selected?

9 A Yes, there are.

10 Q What are they they?

11 A I think we need to step back and talk about how the
12 funds get from HUD to the PHA.

13 In the early years of the program there was a
14 system called fair share which is really a formula
15 designed by Congress which says that basically based on
16 the housing stock and the locality they're to get a fair
17 share allocation of those funds every year. I think it
18 was in 1983 Congress did what they call -- they waived
19 that formula basis, and when they did that, the
20 Department of Housing and Urban Development was pretty
2 much free to do whatever they wanted as far as

2 allocating money from headquarters out to the regions
2 and from the regions to the field offices and then from
2 the field offices to the PHA's. Those are the folks I
2 was talking about that actually administered the

112

1 program, the PHA's.

2 Q After fair share how did HUD headquarters select

allbinders as word for experiment.txt
3 the local PHA's for funding purposes?
4 A They basically used a discretionary method to
5 select the PHA's that would receive funding. When I say
6 discretion, I mean that they picked and chose who would
7 get the funds.
8 Q Were there any rules or regulations governing that
9 discretionary method?

10 A Yes, there's a regulation, I think it's 882.502 or
11 something very close to that, that describes a method in
12 which whenever the funds available are not sufficient to
13 meet the demands, that is the needs, the Department is
14 supposed to go through a rating and ranking process to
15 decide where the monies would be allocated, and there's
16 five different criteria for making those decisions.
17 Q Were there any rules and regulations prohibiting
18 project specific allocations?
19 A Yes. The process I just described was how HUD got
20 the money out to the PHA's. The PHA's in fact were to
2 select where the money was used and which units within a
2 city would receive the funding actually. So HUD
2 headquarters had nothing to say about who ultimately got
2 the money out of the locality.
2 Q How did that go about?

113

1 A I'm not sure I understand the question.
2 Q Excuse me. I'll rephrase it. Were there any rules
3 and regulations prescribing how the local PHA would
4 award these units?
5 A Yes, there's also regulations that describe that,
6 and part of what I just described to you, the
7 administrative plan, was supposed to describe to HUD how
8 that locality would in fact make the selections.
9 what HUD requires is that a public notice be
10 given, that is, that the local Housing Authority
11 describe to the people in the locality that funds are
12 available. This is what you must do to apply for those
13 funds. This is when the applications are due and things
14 like that. That's what the administrative plan would
15 lay out for the locality.
16 Q At this time, Mr. Greer, with the Court's
17 indulgence once again, I'll show you a chart previously
18 marked for identification purposes as Government's
19 Exhibit Two?
20 THE DEPUTY CLERK: Government's Exhibit Number
2 Two marked for identification.
2 (Government's Exhibit
2 Two marked for
2 Identification)
2 BY MR. O'NEILL:

1 Q And I'd ask you, have you seen this before?

2 A Yes, sir.

3 Q And you recognize it?

4 A Yes.

5 Q What do you recognize it to be?

6 A It's pretty much a flow chart of what I just

7 described to you, that the funding from headquarters to

8 the regional office to the field offices and ultimately

9 down to the Public Housing Agencies and the Public
10 Housing Agencies select -- you have the box there
11 developer and developer-owners that will in fact
12 participate in the program and provide the units to the
13 low and moderate income people.

14 Q Mr. Greer, does Government's Exhibit Two for
15 Identification fairly and accurately depict the process
16 of how the Mod Rehab system was designed to operate?

17 A The flow of the funds.

18 Q The flow of the funds.

19 A Yes.

20 MR. O'NEILL: At this time I would move into
2 evidence two, Your Honor.

2 MR. WEHNER: Could I have a voir dire, Your
2 Honor?

2 THE COURT: Briefly.

2 (VOIR DIRE EXAMINATION)

MR. WEHNER:

2 Q Don't the funds go from the Public Housing

Authorities to the developer?

4 A Excuse me? They go to the owner. Ultimately,
5 yes. On a monthly basis a voucher is prepared -6

Q Excuse me, I'll ask the questions.

7 A Okay, I'm sorry.

8 Q You give the answers.

9 A Certainly.

10 Q Do not the funds, the dollars go from the Public
11 Housing Authorities to the developers?

12 A Once they get to the Public Housing Authority,
13 that is correct.

14 Q They don't go from the developer to the Public
15 Housing Authorities?

16 A Right.

17 Q Because the developer is not paying any money, the
18 developer is receiving money?

19 A Right.

20 MR. WEHNER: I don't think the chart
2 accurately described what he testified to, Your Honor,
2 it's backwards.

2 THE COURT: I'll allow further voir dire.

2 BY MR. O'NEILL:

2 Q Mr. Greer, the monies that are awarded from HUD

116

1 headquarters, where do they go?

2 A They go from HUD headquarters to the regional
3 offices, from the regional offices to the field offices
4 and from the field offices to the Public Housing
5 agencies.

6 Q What do the Public Housing Authorities do in terms
7 of once they get the money?

8 A They put out what I described earlier, a public
9 notice. That public notice says we have some money

10 available. If you, Mr. Owner, if you, Mr. Developer,
11 would like to apply for them, here are the requirements
12 and this is how you do it. At that point in time they
13 review all of those developer proposals and select which
14 units should be in the Mod Rehab Program.

15 Q So do the developers go to the PHA's?

16 A Yes, they make application to the PHA for funding?

17 Q What happens if they're awarded the funding?

18 A Then the Public Housing Agency and that owner enter
19 into a contract, an annual contributions contract,
20 excuse me, a housing assistance payment contract.

2 MR. O'NEILL: At this time, Your Honor, I

2 would renew my application but if counsel would like
2 that to be a two-way arrow that would be fine with the
2 Government. We can make that change right now.

2 THE COURT: All right, I'll admit it.

117

1 MR. O'NEILL: Your Honor, would you like me to
2 make that change?

3 THE COURT: Yes, one reflecting the
4 application process and the other the money flow.

5 MR. O'NEILL: I promise to fill it in later,

6 Your Honor.

7 THE COURT: All right.

8 (Government's Exhibit Two

9 received in Evidence)

10 BY MR. O'NEILL:

11 Q Mr. Greer, what is the purpose for the Mod Rehab

12 Program -- excuse me, let me withdraw that and rephrase
13 it. What does HUD require so that the projects be
14 selected at the PHA level?

15 A The whole design of the program is that the
16 localities, that is the Public Housing Authorities which
17 are in most cities, there's about 3300 of them, they
18 know best how to administer the low income housing

allbinders as word for experiment.txt
19 programs within their jurisdictions. They are required
20 to select who participates in the program. Under the
2 process I just described, the administrative plan
2 process.
2 Q And why do the rules and regulations prohibit
2 project specific awards?
2 A It's to accomplish what I just described, that the

118

1 localities should in fact decide who should participate
2 in the program.
3 Q Now, Mr. Greer, are you familiar with the standards
4 of conduct that would regulate the actions of HUD
5 employees?
6 A Yes, I am.
7 Q And how are you familiar with those standards?
8 A As a HUD employee I'm bound by those standards, and
9 annually we receive a letter generally from the General

10 Counsel reminding us of the standards and the things
11 that we should and should not do as a HUD employee.
12 Q what were the standards of conduct and I'm
13 directing you to the years 1984 to 1987 that were
14 applicable to HUD employees at that time?
15 A well, there's a whole handbook of requirements.
16 That list is quite long. There are some that are very
17 important to me and to most HUD employees. Some of the
18 more important ones -
19 MR. WEHNER: Your Honor, we can introduce the
20 handbook, I think, or -- but to have this witness
2 testify as to which are more important than others is
2 inappropriate and I object. He just testified there are
2 a whole bunch of them. If you want to introduce the
2 handbook, that's fine, but his characterization is not
2 important for our purposes.

119

1 THE COURT: Do you have a response?

2 MR. O'NEILL: May I try a different question,

3 Your Honor?

4 THE COURT: All right.

5 BY MR. O'NEILL:

6 Q Mr. Greer, can you list without commenting on them

7 the standards of conduct that were applicable to HUD

8 employees during the years 1984 through 1987?

9 A There's I cannot accept anything of value, gifts,

10 gratuities, from persons or firms doing business with
11 HUD. I cannot give preferential treatment to anyone
12 doing business with HUD. I cannot disclose information
13 that I learned as a HUD employee that is not generally
14 known to the public for the benefit of any individual
15 doing business with HUD or any of my friends, my
16 family. I cannot use that inside information for my own
17 personal gain. I'm not allow to accept lunches or
18 dinners or anything of substantial value from anybody
19 doing business with the Department. I'm not allowed to
20 make decisions that are outside the normal channels. In
2 other words, outside of the rules and regulations that

2 govern decision making. And there's some other, other
2 items. Again, it's very numerous.

2 MR. O'NEILL: I have no further questions of
2 this witness at this time.

120

1 Thank you, Your Honor.

2 THE COURT: You may cross.

3 MR. WEHNER: Thank you, Your Honor.

4 CROSS EXAMINATION

5 BY MR. WEHNER:

6 Q Mr. Greer, we haven't had the opportunity to meet

7 or talk before today, have we?

8 A No, sir, I don't believe so.

9 Q You have worked for HUD for an extremely long time

10 in many different auditing capacities, is that correct?

11 A Yes, sir.

12 Q On your direct examination you testified that
13 sometime in 1984 or '83 the Mod Rehab Program was
14 changed in order to allow HUD, the central office of
15 HUD, to make decisions on a discretionary basis, is that
16 correct?

17 A No, sir, I don't think I said that. I said --

18 Q would you repeat what you just said?

19 A what I said was the fair share was waived by
20 Congress in 1983.

2 Q Fair share, and what did that mean? In your own

2 words, what did that mean? If I mischaracterized it I
2 apologize.

2 A The fair share meant that they did not have to
2 provide the funding out to the area offices, the field

121

1 offices/ in the formula basis that was designed by
2 Congress.

3 Q And how then did Congress mandate with the change
4 that they be distributed?

5 A Congress did not mandate. HUD chose, I believe, to
6 distribute the assisted housing in accordance with the
7 fair share except for the Mod Rehab Program.

8 Q HUD -- will you repeat that, please?

9 A Yes, HUD chose to distribute the assisted housing

10 funding just as the fair share was still in effect
11 except for the Mod Rehab Program.

12 Q Except for the -

13 A I get your point now, yes.

14 Q Except for the Mod Rehab Program. Is that your
15 answer?

16 A Yes, sir.

17 Q Congress decided that HUD did not have to
18 distribute those funds on a fair share basis.

19 A They waived fair share, that's right.

20 Q You didn't have to plug the data into the computer,
2 get out what the fair share was, and do it on that

2 basis?

2 A That's right.

2 Q Now, that wasn't true for all the other programs,
2 as you just said, all the other programs with the

122

1 exception of Mod Rehab.

2 A No, sir, I'm sorry. I must have misspoke.

3 Q would you say it again?

4 A I said what HUD decided the fair share - or to do
5 it in accordance with the fair share process for all
6 programs except the Mod Rehab Program which they decided
7 to do it in a different manner.

8 Q This trial is about an individual and not about
9 HUD. So who at HUD decided that the Mod Rehab funds
10 would not be fair share? who?

11 A The specific individual I don't know.

12 Q Was it Deborah Gore Dean?

13 A I don't know.

14 Q Was it Samuel Pierce?

15 A I don't know.

16 Q So you don't know who made the decision to change
17 the way Mod Rehab was funded.

18 A Ho, I don't have any personal knowledge.

19 Q Do you know when that decision was made?

20 A Not specifically, no.

2 Q Generally.

2 A It was in 1983.

2 Q What was Miss Dean's position at HUD in 1983?

2 A In 1983 I believe she was the head of a unit called
2 the Executive Secretariat.

123

1 Q And what was her responsibility in that position?

2 A The Executive Secretariat is a correspondence unit,

3 for lack of a better term, and she was the head of that

4 correspondence unit.

5 Q Answering the mail.

6 A Yes.

7 Q Do you know of any evidence that she participated

8 in making the decision as to how Mod Rehab funds were

9 going to be distributed by HUD prior to 1983?

10 A Prior to 1983? No, sir.

11 Q When she was in the Executive Secretariat running
12 the mail procedures?

13 A I'm sorry, I missed the question.

14 Q When she was running the Executive Secretariat
15 which basically was a correspondence unit, do you have
16 any evidence based on all of your odds that she had any
17 involvement in making the decision as to how the Mod
18 Rehab units were going to be funded?

19 A Not at that time, no, sir.

20 Q Not at that time. Who was when that decision was
2 made to change that process -- if I may, Your Honor, I'm

2 going back to Exhibit One.

2 THE COURT: All right.

2 BY MR. WEHNER:

2 Q Who was the Secretary at HUD?

124

1 A Samuel Pierce.

2 Q And as Secretary of HUD Samuel Pierce had a

3 committee at the Congress that oversaw the operations of

4 HUD, is that correct?

5 A Yes, sir.

6 Q And what was the name of that committee?

7 A It's called the Subcommittee on Housing and Urban

8 Affairs or very close to that title. It's a

9 Subcommittee of the Housing and Banking.

10 Q Do you recall who the chairman of the committee was
11 at that time?

12 A In 1983 I believe it was Henry Gonzalez.

13 Q And at that time do you recall whether that
14 committee knew of the legislation that was passed
15 changing the way Mod Rehab was distributed or allowing
16 HUD to determine it? Do you know if that committee was
17 aware of that?

18 A Yes, sir, both the House and the Senate passed that
19 bill or passed the waiver process.

20 Q They both passed it.

2 A Yes, sir.

2 Q Do you know what subcommittee dealt with that
2 waiver process on either the House or the Senate?

2 A Yes, I do.

2 Q Which ones?

125

1 A The Subcommittee on Housing and Urban Affairs in
2 both the House and the Senate.

3 Q Who were the chairmen of those two committees?

4 A Today?

5 Q No, let's talk about the relevant time period.

6 This was ten years ago and I know it might be difficult,

but let's talk about '83 and '87 because those are the

8 dates in which Miss Dean was charged. So let's talk
9 about those time periods.

10 A I believe in the Senate a gentleman by the name of
11 William Proxmire, Senator Proxmire.

12 Q Senator Proxmire?

13 A I believe so, yes.

14 Q And what about on the House side?

15 A I believe it was Henry Gonzalez.

16 Q Still '83, '87?

17 A Yes.

18 MR. WEHNER: with the Court's permission, I
19 would like to show to the witness on the video screen
20 Dean Exhibit Two which I previously have given to the
2 Court and to Mr. O'Neill.

2 MR. O'NEILL: We can't put it on the screen

2 yet, Judge.
2 MR. WEHNER: Why not?
2 MR. O'NEILL: Because it's not in evidence.

126

1 Can we approach for one second?
2 THE COURT: Sure.
3 (Bench conference)
4 THE COURT: what do you want to do with it?
5 MR. WEHNER: I want to have the witness
6 authenticate it exactly the way Mr. O'Neill did.
7 MR. O'NEILL: When I did the first one I
8 didn't show it to the jury.
9 THE COURT: Have him look at it and say what

10 it is and then put it on the screen, all right?
11 MR. WEHNER: Okay.
12 (Bench conference concluded)
13 THE DEPUTY CLERK: Defendant's Exhibit Two
14 marked for identification.
15 (Defendant's Exhibit
16 Two marked for
17 Identification)
18 BY MR. WEHNER:
19 Q Let me show what you I've marked as Dean Exhibit
20 Two and ask you to take a quick look at it. I recognize
2 you haven't seen it before today. Just take a quick
2 look at it.
2 A Yes, sir.
2 Q what does it appear to be?
2 A It appears to be a more expansive organizational

127

1 chart of the department.
2 Q During what time period?
3 A It appears to be during the time period we're
4 talking about, '84 -5
Q 83 to '87, thereabouts?
6 A Yes, sir.
7 MR. WEHNER: with the Court's permission I'd
8 like to show that to the jury.
9 THE COURT: All right.
10 MR. WEHNER: You may keep that. I've got some
11 questions.
12 BY MR . WEHNER:
13 Q Directing your attention to Dean Exhibit Two in the
14 time period 1983 through 1987, you testified that Samuel
15 Pierce was the Secretary, is that correct?
16 A Yes, sir.
17 Q Miss Dean was the Executive Assistant at that time,
18 is that correct?
19 A 84 to '87?
20 Q '84 to '87.
2 A Yes, sir.
2 Q During that time period who was in the
2 Undersecretary's post, '84 to '87?
2 A For a short period in '84 I believe Phil Abrams was
2 there and then after that it was vacant for all intents

128

1 and purposes, and John Knapp was acting for a while.
2 Q And who else in that time period was in that slot
3 from '84 to '87?
4 A I don't think anybody else was.
5 Q Prior to '84 was there a gentleman by the name of
6 Archdale?
7 A In the Undersecretary's spot?
8 Q Yes.
9 A No.

10 Q Go on with -- let me ask the question this way, was
11 anyone in that position from '83 to '87 when the
12 decision was made to change the way that Mod Rehab units
13 were funded, i.e., from fair share to the new system?
14 A Phil Abrams might have been there for a part of
15 that period.
16 Q Okay. Do you know generally who Phil Abrams is?
17 A Yes, sir.
18 Q who is Phil Abrams?
19 A He came to the Department in the first term of the
20 Reagan Administration. He was a developer in the New
2 England area. was at the department for about four
2 years and left.
2 Q what did he do after that?
2 A He went to Colorado and became a developer of
2 several different things, including HUD programs.

129

1 Q Mod Rehab?
2 A Yes.
3 Q He was a developer before he went in, after he got
4 there, and then he went to this position and then he
5 left , the same business?
6 A He didn't go to that position, but he came in as
7 the iAssistant Secretary of Housing, then was promoted to
8 Undersecretary and then left.
9 Q So he was actually the Assistant Secretary for

10 Housing?

11 A For a period of time.
12 Q On an off chance, did that happen to be the same
13 time the regs were changed?
14 A The regs were never changed, sir.
15 Q Okay. Does that happen to be the time the
16 procedure changed?
17 A The procedure for -
18 Q Sir, the procedure when it went from fair share
19 to -•
20 A He was the Assistant Secretary in 1983, I believe,
2 yes .
2 Q And that is when that change was made, is that
2 correct?
2 A Yes.
2 Q So Congress -- let's make sure we get this

130

1 straight. Congress passed legislation saying you don't
2 have to fair share Mod Rehab. And Phil Abrams was in

allbinders as word for experiment.txt
3 this spot when that change was made?
4 A I believe that's correct, yes.
5 Q Phil Abrams was a developer of Mod Rehab units
6 before he came to this position?
7 A I'm not sure if he did Mod Rehab before he came to
8 HUD. I know he did it after.
9 Q Okay. Before that was he a developer?

10 A Yes.
11 Q Did he do business with HUD?
12 A Yes.
13 Q Then he came to this position?
14 A Yes.
15 Q And he left that position and what did he do?
16 A He was a developer.
17 Q And did he do Section Eight Mod Rehab programs?
18 A Yes, he did.
19 Q When that change was made on Capitol Hill by the
20 Senate and the Congress, did Phil Abrams support that or
2 was he against it?
2 A I don't know, sir.
2 Q Do you know if the Department of HUD supported it
2 or was against it?
2 A I believe if you look back at the record, HUD was

131
1 attempting to terminate the Mod Rehab Program for
2 several years so I would presume based on that, that
3 they were for the waiver of fair share.
4 Q And that's a pretty fair assumption, they were for
5 the waiver if they were trying to terminate it,
6 correct?
7 A Yes.
8 Q Did Deborah Dean testify on the Hill in support of
9 the waiver of fair share?

10 A Not to my knowledge.
11 Q Phil Abrams?
12 A Not to my knowledge.
13 Q Samuel Pierce?
14 A Not to my knowledge.
15 Q Did anyone?
16 A Not to my knowledge.
17 Q I want to go back a little bit before 1983 for a
18 few minutes and talk about discretionary funding, and I
19 understand discretionary means, within fairly wide
20 parameters, that discretionary funding means HUD can
2 generally do what they wish to with the money, within

2 their own rules and regulations, is that accurate?
2 A As a general description I think that's fairly
2 accurate, yes.
2 Q If you want to give me a more specific description,

132
1 that would be fine, of discretionary funding and your
2 understanding?
3 A Well, my understanding is that, and you say given
4 the wide parameters, there are certain things that need

5 to -and

indeed dependent on the program.

6 Q Let's limit it to Mod Rehab. Okay? Let's limit to
7 it Mod Rehab.

8 A If you want to get real specific, there was no
9 discretionary funding for Mod Rehab. There was
10 something called the headquarters reserve which was the
11 term used, the term of art, headquarters reserve.

12 Q What's the difference between headquarters reserve
13 and discretionary funding?

14 A Oh, it's perhaps a semantic difference. The
15 headquarters reserve was reserved for headquarters and
16 discretionary funding is reserved for headquarters
17 basically at the Secretary's discretion.

18 Q So there's really no difference between reserve and
19 discretionary?

20 A Not a great deal, no.

2 Q Well -

2 A For all practical purposes there's not much
2 difference.

2 Q Thank you. Now, prior to 1983, was there a
2 Secretary's reserve fund for Mod Rehab?

133

1 A Yes.

2 Q And that meant that the Secretary prior to 1983
3 could give these units out within his discretion,
4 correct?

5 A He could assign them to a PHA, yes, sir.

6 Q Within his discretion.

7 A Yes, sir •

8 Q After 19 83, was there any Secretary's discretionary
9 funds for Mod Rehab units?

10 A Yes sir.

11 Q Could he give them out to the PHA at his
12 discretion?

13 A Yes.

14 Q Prior to 1983 how many units nationwide
15 approximately were there of Mod Rehab units available
16 for funding?

17 A Prior to 1983 in total?

18 Q Right.

19 A Somewhere in the neighborhood of 80 to 90,000
20 units •

2 Q And per year how many were there?

2 A That would average out to be 25 to 33.

2 Q 25 to 30 ,000 per year prior to 1983?

2 A Yes, sir •

2 Q After 19 83 approximately how many were available

134

1 for funding nationwide?

2 A Between '84 and '88 I believe there's 32,000 units

3 in total.

allbinders as word for experiment.txt

4 Q Per year, would that be 8000 per year?

5 A Yes, sir. Some years are a little higher than

6 others but it averages out to eight.

7 Q Of those 8000 a year how many were the Secretary's

8 discretionary units?

9 A They were all. All those units were done under
10 headquarters reserve. '84 to '88?

11 Q Yes. Would you repeat that answer, please?

12 A All of them.

13 Q Who writes the regulations or approves the
14 regulations for HUD?

15 A Generally the program people in concert with the
16 Office of General Counsel write the regulations.

17 Q What happens to them after they're drafted or
18 written, generally?

19 A They go through what's called the Departmental
20 clearance process within the Department which means that
2 most everyone, most every unit within the Department

2 reviews those and either agrees or disagrees with them.

2 Q And what happens after that review?

2 A They're provided to OMB and to Congress -

2 Q Within HUD.

135

1 A Well, within HUD if everything passes through they

2 become final and become the rules and the regulations of

3 that program or that activity, that activity.

4 Q Do they ever go to the Secretary of HUD?

5 A I'm not sure I understand the question.

6 Q Do the rules and regulations that are proposed

7 within HUD ever go to the Secretary? Does he ever see

8 them, does he ever sign off on them, does he approve

allbinders as word for experiment.txt
9 them, does he have a chance to disapprove them?
10 A I think he's treated like most everyone else in the
11 Department. He might review them, he might not.
12 Chances are he very seldom reviewed the regs personally.
13 Q who would he have review the regs for him?
14 A The Office of General Counsel and the program
15 official responsible for the regs being written.
16 Q Could he review the regs if he wanted to?
17 A Sure.
18 Q Sir, in all the audits that you did of Section
19 Eight Mod Rehab programs, did you ever speak to
20 Deborah Gore Dean?
2 A No, sir, I don't believe I did.

2 Q I believe your testimony on direct was that
2 specific projects were directed by HUD to be funded to
2 the PHA's, is that what your audit showed?
2 A Yes, sir.

136

1 Q Name one, please?
2 A Sierra Point.
3 Q Where is Sierra Point. Give us a little
4 description?
5 A Las Vegas, Nevada.
6 Q What Housing Authority?
7 A Clarke County Housing Authority, which -
Clarke
8 County -
I mean Las Vegas, Nevada is within the
9 boundaries of Clarke County.
10 Q who at HUD told the Clarke County Housing Authority
11 to fund that project?
12 A who at HUD?
13 Q Pardon me?
14 A I was just repeating the question to myself, I'm
15 sorry.
16 Q No, who, who, what individual at HUD told the
17 Clarke County Housing Authority to fund the project?
18 A There were funding documents that were signed by
19 Silvio DeBartolomeis.
20 Q Name another.
2 A Foxglenn Apartments.
2 Q And where were Foxglenn Apartments located?
2 A Prince Georges County, Maryland.
2 Q who at HUD headquarters told whatever Public
2 Housing Authority was involved to fund that?

137

1 A The funding document I believe was signed by Thomas
2 Demery.
3 Q Name another one.
4 A Sierra Vista Apartments.
5 Q where?
6 A Denver, Colorado.
7 Q Look at HUD told the Public Housing Authority to
8 fund that project?
9 A The funding document I believe was signed by Thomas

10 Demery.

11 Q Name another one.

12 A I believe it's Crystal Park or Crystal Square
13 Apartments in Worcester, Massachusetts.

14 Q And who told that Housing Authority to fund the
15 program?

16 A I believe the funding document was signed by Silvio
17 DeBartolomeis.

18 Q Name another one.

19 A There are many more. I just can't think of any
20 others.

2 Q Take a minute and think of as many as you can,
2 because that was your broad testimony on direct, that
2 HUD directed the Public Housing Authorities to fund
2 these projects. Now, think for a minute and name
2 everyone that you can and who gave the direction that

138

1 they be funded?

2 A Apple Creek Apartments which was in -- a suburb of
3 Dallas, Texas, it was funded by -- I believe Thomas
4 Demery signed the documents. I'm a little hazy on the
5 documents.

6 Q Is there anything I can show you to refresh your
7 recollection? Independent counsel has 600,000 pieces of
8 paper.

9 MR. O'NEILL: Objection, Your Honor.

10 THE COURT: All right. I'll sustain that.

11 The jury can disregard that. That's not relevant how
12 many pieces of paper there are.

13 BY MR. WEHNER:

14 Q Is there anything that can refresh your
15 recollection?

16 A Yes, sir, the audit report that was issued.

17 MR. WEHNER: Very well.

18 If you give me a minute, Your Honor, I think I
19 can find the audit.

20 Your Honor, this is not marked but I will mark
2 it for identification. And it's Dean Exhibit 11.

2 THE DEPUTY CLERK: Defendant's Exhibit 11
2 marked for identification.

2 (Defendant's Exhibit 11 marked for
2 Identification)

139

1 MR. WEHNER: It is dated April 26, 1989. It's
2 a 69-page document with Independent Counsel numbers 1062
3 through 1137 on their Bates stamps.

4 THE COURT: All right.

5 BY MR. WEHNER:

6 Q I'm not sure, but I think this might be the audit
7 you're referring to. Will you look at it and let me
8 know if it is?

9 A Yes, sir, this is it.

10 Q Using that document to refresh your recollection,
11 will you please tell this jury what Public Housing
12 Authorities were directed to fund projects on a project
13 specific basis and who directed them to do it?

14 A Could I try to answer the question this way, sir?

allbinders as word for experiment.txt

15 Q Please answer it however you feel comfortable.

16 A In the audit report itself, appendix H of this
17 audit reports describes situations in which we believe
18 the documents and all the evidence showed that there
19 were project specific decisions made.

20 Q Using that list to refresh your recollection will
2 you go through the projects that your audit showed were
2 specifically funded and who directed that they be
2 funded?

2 A I can go through each one. I'm not sure I can
2 recall exactly who signed the funding documents for each

1 one.

2 Q That doesn't refresh your recollection as to who
3 signed the funding documents?

4 A Not really.

5 Q Okay. Does it refresh your recollection as to
6 whether Deborah Gore Dean ever signed the funding
7 documents?

8 A I don't believe we ever saw Deborah Gore Dean's
9 name on a funding document. She had no authority to do
10 so.

11 Q Well, did she ever do it?

12 A No, sir, not that I know of. It's certainly not
13 part of this audit.

14 Q Any other audit, any other program.

15 A No, sir, not that I'm aware of.

16 Q What time period does that audit cover?

17 A 1984 to 1988.

18 Q And what position did Miss Dean hold at that time?

19 A For most of that time she was the Executive
20 Assistant.

2 Q And that's the time period we're discussing.

2 A Yes, sir.

2 Q Would you please read the projects that are
2 included on that attachment or -just
so the jury is

2 clear as to which projects were funded during that

period that your audit concludes were directed to be

2 funded by HUD headquarters?

3 A There's about 49 or 50 of them, so -4

THE COURT: Can't we just have that copied or

5 something to show them to the jury -6

MR. WEHNER: If the Independent Counsel

7 doesn't object, I'll introduce it as an exhibit.

8 THE COURT: - rather than read 40 or 50?

9 MR. O'NEILL: That's fine.

10 THE COURT: All right.

11 BY MR. WEHNER •

12 Q Would that be appendix H?

13 A Yes, sir, I think that's the one that describes the
14 conditions under which we believe the - it became a
15 project specific allocation.

16 MR. WEHNER: with Your Honor's permission I'll

17 mark that as Dean Exhibit 12.

18 THE COURT: All right.

19 THE DEPUTY CLERK: Defendant's exhibit number

20 12 marked for identification.

2 (Defendant's Exhibit 12 marked

allbinders as word for experiment.txt

2 for Identification)
2 MR. WEHNER: Do I give that to you,
2 Miss Whyte?
2 THE DEPUTY CLERK: Yes.

1 MR. WEHNER: Excuse me. I don't have copies
2 of this one.
3 BY MR. WEHNER:
4 Q Mr. Greer, I want to ask you a few questions based
5 upon your audits, about how the Public Housing
6 Authorities work. My recollection from your direct
7 testimony is that you said I think 3300 Public Housing
8 Authorities in the country approximately?
9 A Yes, sir.

10 Q Is it true that there are sometimes more than one
11 Public Housing Authority responsible for a city?
12 A Very seldom.
13 Q Do you sometimes have State Public Housing
14 Authorities and local Public Housing Authorities?
15 A Yes.
16 Q And are they responsible for the same geographic
17 area?
18 A Generally not.
19 Q Does it ever happen?
20 A I think on occasion it has, yes.
2 Q Why are there 3000 Public Housing Authorities as
2 opposed to, say, 50 Public Housing Authorities, one for
2 each State?
2 A Well, I believe that's because of something I said
2 earlier, that the Government wanted to get the funds

143
1 down to the lowest possible level. PHA's are usually
2 incorporated through the State, State laws.
3 Q Some of them are very large?
4 A Yes, sir.
5 Q In terms of the number of people they employ?
6 A Yes, sir.
7 Q What's the maximum number of people they employ?
8 A I believe the New York City Housing Authority is
9 the largest PHA. It employs somewhere in the

10 neighborhood of 17,000 individuals.
11 Q And some of them are very small?
12 A Yes, sir.
13 Q Do you know of any of them that have one employee?
14 A Yes, sir.
15 Q And they are all across the country.
16 A Yes.
17 Q Now, they operate in different fashions, of course?
18 A Yes.
19 Q And has Congress or HUD said this is how -- set out
20 rules and regulations as to how they should operate
2 generally?
2 A Yes.
2 Q So there are some federal rules they have to
2 follow.
2 A Yes.

144

1 Q Specifically related to the Mod Rehab Program,
2 Section Eight Mod Rehab, did there come a time when the
3 local housing authorities were requested to be project
4 specific in their requests to HUD for Mod Rehab units?

5 A Not that I'm aware of.

6 Q You're not aware of it.

7 A No, sir.

8 Q Are you aware that there was a time in HUD when the

9 Public Housing Authorities were told that they should
10 apply for particular numbers of units?

11 A No, sir.

12 Q Are you aware of any instruction from HUD
13 headquarters to the Public Housing Authorities regarding
14 whether or not they should have units in something
15 called a pipeline?

16 A There's a process that I'm aware of where the
17 localities could have projects in a pipeline, depending
18 on their own administrative plan.

19 Q Would you describe, please, what a pipeline is
20 within the Section Eight Mod Rehab Program with regard
2 to the Public Housing Authorities?

2 A Yes, sir, if a locality decided to in their
2 administrative plan to say to the public we will
2 entertain applications for Mod Rehab or any other kind
2 of funding over a given period of time, that those

145

1 applications will remain in what is called a pipeline or
2 forever, I guess, or forever, whatever time period the
3 PHA might describe in their administrative plan. That
4 is a process that is acceptable I believe to the
5 Department.

6 Q I don't understand. Let me try to break it down a
7 little bit. The PHA's can keep a project in their hands
8 forever, and keep applying to HUD for the money for that
9 particular project?

10 A I don't believe they would apply for that project.
11 They'd apply for funding for a certain number of units.

12 Q A certain number of units.

13 A It's possible, I believe, that a PHA could have a
14 pipeline project and request funding for that project,
15 yes.

allbinders as word for experiment.txt

16 Q A specific project.

17 A Yes, if the PHA decided to do that, they might.

18 Q As specific as 2020 Fish Stret, for example?

19 A I don't believe it's that specific. I believe it's
20 the numbers of units.

2 Q Oh, is this the code? I've heard something about a
2 code for numbers of units. Is that a code?

2 A No, sir.

2 Q And there's nothing -2

A I'm not familiar with an application for a specific

1 street address.

2 Q No, no, numbers of units, is that a code for
3 something?

4 A I'm not following you.

5 Q Is it a code? Does it mean something other than
6 numbers of units?

7 A Not to me.

8 Q Well, you audited HUD's programs for 27 years. It
9 doesn't mean it's a code to you?

10 A HUD funds in numbers of units, if that's what you
11 mean, yes.

12 Q And does HUD know -- well, thank you.

13 THE COURT: Anything else?

14 MR. WEHNER: No, Your Honor. Thank you very
15 much.

16 THE COURT: Redirect, Mr. O'Neill?

17 MR. O'NEILL: Yes, Your Honor.

18 THE COURT: All right. Go ahead.

19 You're going to be long?

20 MR. O'NEILL: I believe so, Your Honor.

2 THE COURT: All right. Then we'll take a
2 break.

2 All right, ladies and gentlemen, we'll take

2 our first morning recess. I want you to remember the

2 admonition of the Court as always, you don't talk about

147

1 the case among yourselves or allow anyone else to talk
2 to you about it. We'll come back in 15 minutes by that
3 clock, 22 minutes past 11. You're free to enjoy
4 yourselves in the jury room or take a walk down the
5 hall, but don't talk to or get involved with any of the
6 parties in this case. You can be excused.

7 Fifteen minutes.

8 (Jury dismissed)

9 MR. WEHNER: Your Honor, can I see you briefly

10 at the side bar?

11 THE COURT: Yes.

12 (Bench conference)

13 MR. WEHNER: Your Honor, I would request that

14 the witness not be permitted to consult with Government
15 counsel during the recess.

16 THE COURT: During the redirect?

17 MR. WEHNER: During the interim between now
18 and redirect.

19 MR. O'NEILL: No problem with that, Judge, I
20 don't think it's permissible.

21 THE COURT: All right.

22 MR. WEHNER: I always thought it was

23 permissible unless the Judge said it wasn't.

24 MR. O'NEILL: I don't think so.

allbinders as word for experiment.txt
25 MR. WEHNER: All right. I didn't have to

148

1 ask.
2 (Bench conference concluded)
3 (Recess, 11:10 a.m. To 11:22 a.m.)
4 THE COURT: All right, we're ready to go.
5 Bring in the jury.
6 (Jury present)
7 THE COURT: All right, we're ready to resume
8 the redirect examination of Mr. Greer.
9 MR. O'NEILL: Thank you, Your Honor.

10 REDIRECT EXAMINATION
11 BY MR. O'NEILL:
12 Q Mr. Greer, did your audit report that Mr. Wehner
13 referred to during cross-examination make findings that
14 projects were particularly or specifically funded,
15 specific projects were funded?
16 A Yes, sir. We noted in the report that HUD and the
17 PHA's did not follow the requirements.
18 Q What requirements are you talking about?
19 A The need to do competitive selection of projects.
20 Q And why is competition necessary?
2 A To assure that the best projects are done or the
2 best units are rehabbed.
2 Q Your findings in the audit reports as to projects
2 being specifically funded, that particular projects were
2 funded, was that contrary to the way the Mod Rehab

1 Program was designed to operate?

2 A Yes.

3 Q Was it contrary to the regulations governing Mod

4 Rehab?

5 A Yes.

6 Q Now, I would direct your attention to Defendant's

7 Exhibit Two which gives a list of a number of projects.

8 I'll give it to you so you can look at it while I ask

9 you specific questions.

10 You were asked about who was involved in the
11 funding of particular projects. Can you remember at
12 this time, for instance, as to the Park Towers Project
13 which is listed in the applicable region, do you

allbinders as word for experiment.txt
14 remember who signed off on the funding document?

15 A To be honest, I don't.

16 Q Now, when you were asked questions about who is
17 involved in the funding as an auditor how do you
18 determine who is involved in the funding when you look
19 at a project?

20 A There's a form that is signed by the -- usually
2 Assistant Secretary or his designee transmitting the

2 funds out to the regional office. It's a form called
2 185.

2 Q Would you know who else is involved in the funding
2 other than the person whose name is on that form?

150

1 A Not generally, no.

2 Q Now, in some specific instances on your audits were

3 you able to determine who was involved?

4 A Involved in the decision making?

5 Q Yes.

6 A It generally was the Assistant Secretary or his

7 designee.

8 Q Now, Mr. Greer, directing your attention again to

9 your audit --

10 MR. WEHNER: Sorry, Your Honor, could I hear
11 the last question and answer?

12 (The last two questions and answers were
13 read back)

14 MR. WEHNER: The Assistant Secretary or
15 designee?

16 THE COURT: Generally the Assistant Secretary
17 or designee.

18 MR. WEHNER: Thank you, Your Honor.

19 BY MR. WEHNER:

20 Q Now, Mr. Greer, again referring to your audit
2 report, what role did you find that consultants played

2 in the funding of these units?

2 A We determined in our audit that oftentimes
2 consultants were paid a flat fee for interceding on
2 behalf of the developer and/or the PHA to obtain Mod

151

1 Rehab funding.

2 Q You say a flat fee. Were you able to determine

3 generally what the cost of that funding was?

4 A Generally in our audits on the contracts we found
5 that generally the fees ranged from \$500 to \$1500 per
6 unit.

7 Q And were you able to determine why these
8 consultants were being paid these amounts of money per
9 unit?

10 A Generally speaking, it was interceding with the
11 Department to obtain those fundings.

12 Q What do you mean by interceding with the
13 Department?

14 A The contract was what is called a contingent fee
15 contract. In other words, if the funding arrived at
16 that particular PHA, then the contractor, the
17 consultant, got his fee.

18 Q Now, I'd like to direct your attention to the
19 developers, and did you during the course of your audit
20 have the occasion to find out about the developer's role
21 in this system, in the Mod funding process?

22 A Oftentimes the developers would request funding
23 directly from headquarters. Is that what you're
24 referring to?

25 Q Well, let me ask, what did you find out in terms of

152

1 how developers received funding?

2 A Oftentimes the developer, not the PEA, would write

3 to the Department and request funding.

4 Q Was that contrary to the rules governing the

5 Moderate Rehabilitation Project?

6 A That's not the way funding was supposed to happen,

7 that's correct.

8 Q And do you recall any examples of specific

9 instances in which developers wrote to specific people

10 at HUD headquarters?

11 A Yes, in our audit report we cite one specific

allbinders as word for experiment.txt
12 project, as I mentioned, Sierra Point in Las Vegas,

13 Nevada.

14 Q And who is the developer on Sierra Point that was
15 brought out by Mr. Wehner?

16 A Phillip Abrams, the former Assistant Secretary and
17 the Undersecretary.

18 Q And who did the developer contact at headquarters?

19 A There was a note in one of the files, there was a
20 note from Mr. Abrams to Miss Dean, Debbie Dean.

2 Q How was it addressed?

2 A Dear Debbie, and it described something to the
2 effect, this is the project that -- this is the PHA that
2 needs 160 units. I believe it might have described the
2 bedroom configuration for those units.

153

1 Q Was that type of communication contrary to the

2 rules and regulations governing the Mod Rehab projects?

3 A I believe so, yes.

4 Q Are you familiar with a developer by the name of

5 Phil Winn?

6 A Phil Winn was also a former Assistant Secretary and

7 when he left the Department he became a developer.

8 Mr. Winn and Mr. Abrams were associated with each other.

9 Q Was Mr. Winn involved in any of the projects that
10 was the subject of any of your audits?

11 A Yes, sir.

12 Q Did you see any indication that Mr. Winn contacted
13 anybody at HUD headquarters concerning specific projects
14 and specific allocations?

15 A Not to the best of my knowledge.

16 Q Now, I would like to direct your attention to some
17 of the projects that are in front of you and I begin
18 with Park Towers. Do you see that listed there?

19 A Yes, sir.

20 Q Are you familiar with that project, sir?

2 A Vaguely familiar as part of the audit, yes.

2 Q Do you recall where is that located?

2 A In Dade County, Florida.

2 Q And do you recall whether a consultant was used in
2 that?

154

1 A Yes , there was a consultant paid.
2 Q Do you recall who that consultant was?
3 A I believe it was -- I can't really recall at this
4 time •
5 Q Can you recall at this time who the developer was?
6 A Mr. Martinez, I believe.
7 Q Now , there's also a project listed there called
8 Arama, A-r-a-m-a. Do you see that project?
9 A Yes , sir.

10 Q And was a consultant used in that project?
11 A Yes , sir.
12 Q And at this time to the best of your recollection,
13 do you recall who that consultant is?
14 A I believe that one was Mr. Martinez.
15 Q Was he the consultant or the developer?
16 A The developer.
17 Q And do you recall who the consultant was?
18 A I think it might have been Joseph Strauss.
19 Q And that is based on your recollection at this
20 tinier >
2 A Yes *
2 Q Now , Mr. Greer, there's another project listed,
2 Foxglenn , am I correct?
2 A Yes , sir.
2 Q And do you see whether a consultant was utilized in

1 the funding of that project?

2 A Yes, sir.

3 Q Now, Mr. Greer, you testified about discretionary

4 funding. Are there limits on that discretion?

5 A I'm not sure I understand the question.

6 Q well, when Mr. wehner asked you a question about

7 discretionary funding, you said the funding at the fair

8 share could be discretionary subject to the rules and

9 regulations of HUD.

10 A Right.

11 Q Are there limits on what funding could take place?

12 A The numbers of units.

13 Q Now, the way it took place?

14 A Yes, even if it's discretionary you still need to
15 follow the rules and regulations of the program.

16 Q And would the standards of conduct that apply to

allbinders as word for experiment.txt
17 HUD employees apply to the awarding and funding of
18 programs within HUD as well?
19 A Absolutely.
20 Q And that would apply to the Mod Rehab Program?
2 A Yes.

2 MR. O'NEILL: I have no further questions.
2 THE COURT: Thank you.
2 You can be excused, sir. Thank you.
2 MR. WEHNER: Your Honor, I have a brief

156

1 recross.
2 . THE COURT: On a new area that he went into on
3 redirect?
4 MR. WEHNER: It's an area that Mr. O'Neill
5 developed.
6 THE COURT: That's what I'm saying. I'll let
7 you ask a couple of questions.
8 MR. WEHNER: Yes, sir.
9 RE-CROSS EXAMINATION
10 BY MR. WEHNER:
11 Q Sir, Mr. O'Neill asked you briefly about the use of
12 consultants on these projects.
13 A Yes, sir.
14 Q To your knowledge did HUD ever make a decision as
15 to whether the use of consultants was permissible or not
16 permissible on these projects?
17 A I'm not aware of any ruling one way or the other.
18 Q I'm going to show you what was marked as OIC
19 Exhibit Number 2114 which purports to be a memorandum
20 from David White, Assistant General Counsel,
2 Administrative Law to Betty Park, Acting Assistant
2 General Counsel, and ask you if this refreshes your
2 recollection as to whether there was ever any decision
2 made by HUD that the use of consultants was permissible
2 by HUD in the Mod Rehab program or impermissible?

157

1 A I've read this memorandum.

2 Q Does it refresh your recollection as to whether the

3 use of consultants was permissible or impermissible or

4 whether HUD ever issued any rule?

5 A I don't believe there was any rule. This is a

6 memorandum.

7 Q Does this refresh your recollection as to whether

8 or not HUD said anything about the use of consultants is

9 permitted?

10 A The use of consultants is permitted as long as the
11 cost is not charged to the project.

12 Q And this refreshed your recollection, is that
13 right?

14 A Yes.

15 MR. WEHNER: Nothing further, Your Honor.

16 THE COURT: All right.

17 Thank you, Mr. Greer. You can step down.

18 THE WITNESS: Excuse me, who gets this?

19 THE COURT: Why don't you just leave it there

20 and we'll pick it up. Thanks.

2 MR. O'NEILL: Your Honor, at this time the

2 Government would call Madeline Hastings.

2 THE COURT: All right.

2 (MADELINE HASTINGS, WITNESS FOR GOVERNMENT, SWORN)

2 DIRECT EXAMINATION

158

1 BY MR. O'NEILL:

2 Q Miss Hastings, please state your name for the

3 record, spelling your last name?

4 A Madeline Hastings, H-a-s-t-i-n-g-s.

5 Q Miss Hastings, I'll be asking you a series of

6 questions and I'd ask you to speak in a loud voice so

7 everyone can hear.

8 Ma'am, by whom are you employed?

9 A The Department of Housing and Urban Development.

10 Q And how long have you been employed at HUD?

11 A With HUD and its predecessor agency, since 1963.

12 Q Approximately 30 years?

13 A Yes.

14 Q Now, Miss Hastings, can you describe for the jury
15 overall your experiences in those 30 years at HUD?

16 A Well, yes. Briefly. I started out of college as

17 an intern which was the word for a trainee in the Urban

18 Renewal Administration. After my training period of

19 about six months I worked in the Urban Renewal Program

allbinders as word for experiment.txt
20 for, oh, I think until probably 1967 as an urban renewal
2 rep. I -- with the Urban Renewal Administration I also

2 became a supervisor, running other staff people.
2 In 1968, the Department sent me to Harvard for
2 a year where I got a degree in public administration. I
2 returned to the Chicago region -- that's where I had

159

1 been in the first days, and worked as a Special
2 Assistant to the Regional Administrator. I worked in
3 the model cities program and I was something called a
4 HUD representative which is a sort of broad term,
5 representing the Department with several cities in
6 Wisconsin.

7 In 1971 the Department created field offices,
8 basically one per state, and I was named as Deputy
9 Director of the Minnesota Field Office. I was in that
10 job until 1977 when I came to Washington.

11 Q Now, you came to Washington in 1977. What was your
12 job at that time?

13 A I was Director of Assistant Housing Development.

14 Q What did that entail?

15 A I had responsibility for the development aspects
16 and by that I mean the construction, physical
17 construction, and rehabilitation of projects in the
18 Section Eight Program and in the Public Housing Program.

19 Q You mentioned the Section Eight Program. What do
20 you mean when you say Section Eight?

2 A Section Eight is a subsidiary program where the

2 Department provides rental assistance to lower income
2 families.

2 Q Why is it called Section Eight, Miss Hastings?

2 A That's a reference to the section in the 1937

160

1 Housing Act that authorized the program.

2 Q Please proceed with your background.

3 A In -- I've been in headquarters here in Washington

4 in various titles and capacities but generally I've had

5 responsibility for the Section Eight Mod Rehab Program,

6 Certificate Program and Voucher Program.

7 Q How about in the years 1984 through 1987, what was

8 your job at that time?

9 A At that time, as I said, I had responsibility

10 for -- during that period, for the Mod Rehab Program,

11 the Certificate Program and I think for most of the time
12 the Voucher Program.

13 Q And how many people worked for you at that time?

14 A Oh, probably eight to ten, something like that.

15 Q Miss Hastings, what is the mission of HUD?

16 A Well, the mission -- there are several missions.

17 It depends on what part of HUD you're in, but in the
18 last few years I've been in housing and dealing with
19 programs that house low income families.

20 Q And how does HUD provide housing to low income
2 families?

2 A There are a number of different programs. One is
2 the Section Eight Program. One is the Public Housing
2 Program.

2 Q Are you familiar with the Moderate Rehabilitation

161

1 Program?

2 A Yes, I am.

3 Q Is that program, by the way, still in existence?

4 A No, it isn't.

5 Q How are you familiar no that program?

6 A I was responsible for designing it, doing
7 conceptual papers leading up to a decision in the
8 Department to propose this program to Congress, involved
9 in writing the legislative proposal, authorizing it.

10 Q when did you develop the program?

11 A In 1978.

12 Q And how did that come about?

13 A We knew there was about three million units, rental
14 units that needed a moderate amount of rehabilitation.

15 That's throughout the country. By moderate we meant

allbinders as word for experiment.txt
16 something like three to \$8000 in rehabilitation per
17 unit. 85 percent of those units were in buildings of
18 fewer than 20 units, small projects, what we – owned by
19 small property owners, what we sometimes refer to as ma
20 and pa owners, owners that didn't have a lot of
21 sophistication in terms of development and working with
22 HUD. So we designed a program that would allow that
23 stock to be rehabilitated and then the units made
24 available to low income families.
25 Q How did you and your staff design the Mod Rehab

162

1 Program to work?

2 A We designed it to work through local housing

3 agencies.

4 Q And why that?

5 A For several reasons. One is, as I said, we were

6 dealing with a stock of small properties with

7 unsophisticated owners generally. We didn't want them

8 to have to deal directly with the HUD bureaucracy. It

9 would have been very time consuming on the part of the

10 HUD office. So we thought PHA's could be responsible

11 for giving technical assistance to these owners, for

12 selecting the projects that were going to be

13 rehabilitated, deciding what the local objectives were

14 in terms of where – what neighborhoods in the city, for

15 instance, the projects should be in.

16 Q when you say setting local objectives, what are you

17 referring to?

18 A well, at the time, we wanted housing agencies –

19 the local Government in effect to be able to decide

20 whether to target to certain neighborhoods that were

21 regentrifying or if they had objectives for economic

22 dispersal or racial dispersal, if they had certain areas

23 of town they wanted to target the funds to.

24 Q were those goals deemed important in the operation

25 and design of this program?

163

1 A Oh, yes.

2 Q Why was it felt that the Public Housing Authority

3 would be in the best position to make sure these goals

4 were implemented?

5 A Housing agencies are created basically by State law

6 and their charter is to provide low income housing.

7 Q Were there any prohibitions on what the local PHA's

8 could do in order to make these goals work?

9 A Yes. We required them to -- if they were funded by
10 HUD, if the housing agency received HUD's funds they
11 were required to publish a notice, a public notice in a
12 newspaper advising property owners that the funds were
13 were available and applicants would apply, owners would
14 apply and submit proposals.

15 The housing agency was then to select among
16 those project proposals using a rating and ranking
17 system that they had established and that had HUD
18 approval.

19 Q You say the local PHA's would select a project on a
20 ranking and rating system. Can you describe in our
2 ordinary terms what are you talking about?

2 A The community would decide what local objectives
2 were important to it. It might define certain
2 neighborhoods or certain -- any number of requirements.
2 The only one we imposed on them in terms of a selection

164

1 factor was the most rehab per unit.

2 Q What are you referring to, what do you mean by

3 that?

4 A A project that proposed \$5000 of renovation would

5 be rated higher than a project -- on that one factor,

6 would be rated higher than a project that was only

7 proposing \$1500 in rehab. We were trying to get the

8 biggest bang for the federal dollar.

9 Q And in terms of that were there requirements that

10 the local Public Housing Authorities engage in some sort
11 of competition to select projects?

12 A Yes, both the requirements for public notice and
13 then a rating and ranking of those projects in
14 accordance with the housing agency's selection criteria.

15 Q Why was that deemed important by you and the other
16 designers of the program?

17 A We wanted the localities to be able to pick the
18 best projects consistent with the localities' objectives
19 and we also wanted to prevent favoritism.

20 Q Now, Miss Hastings, did this requirement that the
2 local PHA's engage in competition ever change throughout

2 the course of the program?

2 A No.

2 Q At this time I would show you, if I may - tell me
2 if you can see it from here. It was easier for the

165

1 jury that we moved the television set. Can you see it
2 from here?

3 A Yes.

4 Q Miss Hastings, does Government's Exhibit Two in
5 Evidence fairly and accurately depict the way - the
6 flow chart basically for the Mod Rehab Program?

7 A I'm sorry?

8 Q Okay. Let me withdraw that. Take a look at
9 Government's Exhibit Two. What does that mean to you?

10 A It -it

shows the organizational elements in the
11 Mod Rehab Program and could depict the way funds were
12 made available.

13 Q How were funds made available in the Mod Rehab
14 Program?

15 A At what period of time?

16 Q I'm going to keep all my questions in the period of
17 time 1984 to 1987 and let me withdraw that for a
18 second. Let's go back to the local PHA's for one

19 moment. You talked about a ranking and rating system.

20 A Yes.

2 Q And again what was the purpose of that?

2 A Well, when the housing agency was funded by HUD we
2 required that the local housing agency rate and rank
2 competitively project proposals after local owners were
2 notified that the funds were available.

166

1 Q Once that was done, what would be the next step?

2 A The owner proposals that were selected would be -3
go through, in effect, a rehabilitation process with the
4 owners of the properties showing the PHA the kind of
5 rehab work they were going to do, plans and

6 specifications, their financing. If the project was
7 feasible a PHA would then authorize the owner to start

allbinders as word for experiment.txt
8 the rehabilitational work on the property, inspect that
9 work during the process and at completion. And when the
10 property was completely renovated and met our physical
11 standards for health and safety, low income tenants
12 would be made available -- will be referred to those t 13 properties and HUD
would subsidize some of their rent.
14 Q what did the developer get then at that point? How
15 does it work?
16 A Once the property was completely renovated there
17 was a contract between the owner and the Housing
18 Authority that the housing agency, the Authority would
19 provide this guaranteed rent stream on behalf of the low
20 income families for 15 years.
2 Q Now, Miss Hastings, are you familiar with the term
2 project specific award?
2 A Yes.
2 Q Was Mod Rehab designed to make project specific
2 awards?

167

1 A HUD was not to make the project specific awards,

2 no.

3 Q why not?

4 A It wasn't designed that way. The regs precluded

5 it.

6 Q When you say HUD, what are you referring to in this

7 chart?

8 A HUD headquarters, HUD regional offices and HUD

9 field offices, all three elements of HUD.

10 Q So HUD could not make project specific awards?

11 A No.

12 Q What about the local Public Housing Authorities?

13 A Only through this public notice of fund
14 availability and rating and ranking and selection
15 process. They would then pick through this competitive
16 process the projects they would fund.

17 Q And did that ever change throughout the course of
18 the Mod Rehab programs?

19 A The regulations?

20 Q Yes.

2 A No.

2 Q Now, Miss Hastings, are you familiar with the
2 standards of conduct applicable to employees of HUD?

2 A Yes, I am.

2 Q Again I'll be referring to the time period 1984 to

168

1 1987. How are you familiar with those standards of
2 conduct?

3 A There was generally, I don't know if it was every
4 year, some kind of annual briefing of employees or paper
5 reminders of what we could and couldn't do, often around
6 Christmas, in terms of what the rules were for accepting
7 any -anything
8 from any outsiders, or insiders for that
9 matter.

9 Q And what are some of the rules applicable to HUD
10 employees?

11 A Well, there are a number of specific ones. Not
12 being able to take -- take anything of value from
13 anybody. The general framework of them was to avoid any
14 kind of conflict of interest. To avoid favoritism.

15 To -in
16 both those cases it's not only avoiding those
17 behaviors but avoiding the appearance of those
18 behaviors.

18 Q And do those standards of conduct apply to all HUD
19 employees?

20 A Yes, they do.

2 Q Now, Miss Hastings, just to shift focus a little,
2 the term exception rents, are you familiar with that
2 term?

2 A Yes, it can be used in a couple of different
2 contexts though.

169

1 Q If a developer is seeking exception rents on a
2 project, would that help you in terms of the context?

3 A It could.

4 Q What would you be referring to when you talk about
5 exception rents within HUD?

6 A I'm speaking within the context of the Mod Rehab
7 Program?

8 Q Yes.

9 A We had two types of exception rents. One in high

10 cost areas. Let me back up. Our rents in the Mod Rehab
11 Program have a cap. After the project is renovated the

allbinders as word for experiment.txt
12 Department won't pay a rent higher than what we call the
13 fair market rent. That's an amount that is determined
14 for any Metropolitan area. It's published. It sets an
15 upper limit. It's about the median rent level in the
16 community. The exceptions were to increase that
17 amount.
18 In the first exception you get another ten
19 percent higher rent in certain high cost marketing
20 areas. That would be done at sort of the front end of
2 the project. And generally surrounds communities that

2 already had the exception rents for their other Section
2 Eight programs.
2 Q Now, let's go back to what I started to say earlier
2 and that is the awarding of funds. In terms of the Mod

170
1

Rehab Program where are the funds generated from? Where
2

do the funds initially begin?

3 A They're appropriated by Congress.

4 Q And to whom do they go?

5 A They come to the Department.

6 Q And in terms of the Mod Rehab Program, who has line

7 authority to sign off on funding documents allowing Mod

8 Rehab units to be sent out?

9 A The Assistant Secretary for Housing at that point.

10 Q Now, once he signs or she signs a funding document,
11 what happens to that? Do actual monies go?

12 A As I understand the process, it's paper authority.

13 The money itself isn't sent out. It is authority to use
14 and commit the money.

15 Q Now, prior to -- excuse me, once the paper
16 authority goes out, to where does it go?

17 A Generally from the HUD headquarters to our ten
18 regional offices, they then sub-assign it to the HUDY
19 field offices.

20 Q Now, what do the HUD field offices do with them?

2 A At the time the regulations required them to invite

2

housing agencies to apply for the funds and then select

2

those -- among those who apply, select those that are

2

going to be funded.

t 2 Q Now, at the beginning of the program, how did HUD

171

1 headquarters send out these monies around the country
2 for Mod Rehab?

3 A In the early years of the program we used what we
4 called the fair share.

5 Q And could you briefly just describe what fair share
6 means?

7 A Yes, it was a mathematical formula that measured
8 need, in effect. I don't remember all the factors, but
9 population, poverty, extent of substandard housing
10 conditions. I think the extent of overcrowding. There
11 may be two more, two or three more. I don't recall.

t 1213

Q During the fair share -- well, withdrawn. When did
fair share end?

14 A Excuse me. I think it was the summer of 1982.

15 Q And from the inception of the program until the
16 time the fair share ended did you have any involvement
17 in the Mod Rehab Program?

18 A Oh, yes.

19 Q And what was that?

20 A I was director of the office of the division
21 responsible for the Mod Rehab Program.

22 Q Now, you mentioned in the summer of '82 you believe
23 the fair share program or the fair share method of
24 allocation ended.

25 A That's correct.

t 172

1 Q And what took its place?

2 A That's a little harder to try to describe. Funding
3 decisions after that were basically made in
4 headquarters. Funding decisions in relation to what
5 PHA's would be funded.

6 Q We talked earlier about project specific awards.

7 After fair share, was it permissible for HUD
8 headquarters to make project specific awards?

9 A No, it wasn't.

10 Q Did that ever change throughout the course of the
11 Mod Rehab Program?

12 A No.

13 Q After fair share, were the local PHA's required to
14 engage in competition before selecting a project?

15 A Yes.

16 Q And did that ever change during the course of the
17 program?

18 A No, it didn't.

19 MR. O'NEILL: I have no further questions at
20 this time, Your Honor.

allbinders as word for experiment.txt
2 THE COURT: How long do you think you're going
2 to be?
2 MR. WEHNER: I think I'll be longer than 20
2 minutes.
2 THE COURT: All right. we'll take our

173

1 luncheon break at this time and get back early from
2 lunch.
3 Ladies and gentlemen, we'll take a luncheon
4 recess rather than hold you up for another 30 minutes or
5 so. So we'll take our luncheon recess now and be back
6 at 1:30. would you remember the admonition of the Court
7 during the break, please, do not talk about the case
8 among yourselves or anyone else. Don't let anyone speak
9 to you about it in your presence. Don't talk to anybody
10 associated with this case in any way during lunch. See
11 you back here then at 1:30, please.
12 (Jury dismissed)
13 THE COURT: All right.
14 (Lunch recess, 12:10 to 1:30 p.m.)

15 AFTERNOON SESSION 1:45 P.M.
16 THE COURT: All right. We're ready to

17 resume.
18 I just want to indicate for the record juror
19 number seven, Miss Proctor, is concerned about her
20 employment. Her employer doesn't want to give her the
2 time off and wants her to work at nights. So I've
2 written to him a letter informing him that he's
2 obligated to let her serve without penalty as to her
2 position, at least, under the law.
2 All right. We may proceed.

174

1 THE DEPUTY MARSHAL: Yes, Your Honor.
2 (Jury present)
3 THE COURT: Is the witness here?
4 MR. O'NEILL: Yes, Your Honor.
5 THE COURT: All right, ladies and gentlemen,
Page 79

allbinders as word for experiment.txt
6 we're ready to resume this afternoon's session. As you
7 recall, we took a break. Miss Hastings, who has
8 finished her direct testimony, is now going to be
9 subject to cross.
10 Mr. Wehner.
11 MR. WEHNER: Thank you, Your Honor.
12 Good afternoon, ladies and gentlemen.
13 THE JURORS: Good afternoon.
14 CROSS-EXAMINATION
15 BY MR. WEHNER:
16 Q Do you prefer Miss or Mrs.?
17 A Mrs., Ms., either one. It doesn't matter.
18 Q Miss Hastings, I believe you testified on direct
19 examination that you had at least participated in the
20 initiation of the Mod Rehab Program?
2 A That's correct.
2 Q And that you have had responsibility for that
2 program since its beginning?
2 A Yes.
2 Q And you've been involved in the day-to-day

175

t 1 decisions in that program since it began?

2 A In many of them, yes.
3 Q In many of them?
4 A Yes.
5 Q And are you still involved in that today?
6 A Yes.
7 Q Are there any other employees that -- of which
8 you 're aware of, that know more about the Mod Rehab
9 Program than you?
10 A Current employees?
11 Q Current, past.
t 12
13
A
Q
Probably not.
Okay. So you're probably the one person that knows
14 the most about the Mod Rehab Program at HUD out of all
15 15, 000 employees, is that a fair statement?
16 A Certainly probably one of them, yes.
17 Q And you are in a position over that period of time
18 that we're talking about here, '83 to '87, to observe
19 what was happening in terms of the way the units were
20 being awarded?
2 A No, not always.
2 Q Not always?
2 A Correct.
2 Q Okay. When aren't you in such a position?
2 A I always had the job but there were periods of time

176

1 when I was not involved in what was going on.

2 Q why don't you -- would you please tell us from 1985

3 to 1987 -- 1983 to 1987 when you first became not

4 involved in the decisions?

5 A I can't tell you precisely.

6 Q Generally. I mean no one expects after ten years

7 to have a precise memory.

8 A Well, I'm not sure there was any one specific date

9 and even at some points I would be more involved than
10 others and then it would change and go back again. But
11 I would say sometime in '83, '84 I started getting cut

12 out of some of the decisions.

13 Q Was there an event that occurred that took you out
14 of making some of the decisions?

15 A There may have been, but not that I recall.

16 Q When -- who did you work for in '87? Who was your
17 immediate supervisor?

18 A In '87? That would be -- I think would have been
19 Hunter Cushing.

20 Q Who was your immediate supervisor in '86?

2 A Excuse me, my immediate supervisor during some of

2 that period was Larry Goldberger.

2 Q Okay. Back to '86?

2 A I think so, yes.

2 Q '85?

t 177

1 A Probably.

2 Q '84?

3 A Somewhere around '83, '84 I think that changed.

4 Q Who was it prior to '84 or who was it before it
5 changed to Mr. Goldberger?

6 A I can't remember his name.

7 Q Do you recall the title of the position you held in
8 '83?

9 A No, I don't.

10 Q '84?

11 A I know the position I held. I can't -- I
can't

12 always tell you the title.

13 Q What was it?

14 A The position was having responsibility for Mod
15 Rehab, Certificate and -- and those two programs.

16 Q Did that continue in '84?

17 A I believe so.

18 Q '85?

19 A I believe so.

20 Q And '86?

allbinders as word for experiment.txt

2 A Yes.

2 Q And '87?

2 A At some point around that point I also had

2

responsibility for the third program, the Housing

2

Voucher Program.

1 Q And did you continue with Mod Rehab into '87?

2 A Yes.

3 Q So you did have responsibility for the Mod Rehab

4 Program during that period of time although you may not

5 have always been involved in the decision making

6 process, is that fair?

7 A That's fair.

8 Q When you were not involved in the decision making

9 process, would you tell me who was?

10 A I don't know that I always knew who it was.

11 Q Okay. To the extent you have personal knowledge

12 from '83 to '87, who was making the decisions?

13 A I think there were a number of people involved.

14 Those people changed overtime.

15 Q And to the extent you personally know who was

16 making the decisions from '83 to '87, who were they?

17 You don't need to tell us anything you don't know or

18 what your suspicions or guesses are. Just who you

19 personally know was involved in making the decisions?

20 A well, the Assistant Secretary at the time would

2 have to be involved because they have to sign off, but

2 who all they were consulting with I can't tell you.

2 Sometimes I can.

2 Q Absolutely. what I want to know is what you

2 personally know. Let's start with the Assistant

179

1 Secretary.
2 There is a chart that's previously been
3 introduced by the Government, Your Honor, I'm not sure
4 of the number.
5 MR. O'NEILL: Number one.
6 MR. WEHNER: Number one, thank you.
7 THE COURT: All right.
8 BY MR. WEHNER:
9 Q When you say the Assistant Secretary, is this the
10 person you're referring to, the Assistant Secretary for
11 Housing-FHA Commissioner?
12 A Yes.
13 Q So from 1983 until 1987 the person who held this
14 slot was involved in the decision making process
15 regarding Mod Rehab units, is that correct?
16 A Yes.
17 Q In 1983, who was that person?
18 A If memory serves, it was -- may have been
19 Maurice Barksdale.
20 Q And when did Maurice Barksdale no longer act as --
2 in this position? Approximately? Or another way to put
2 it is who came after him?
2 A I -- there was a lot of turnover of a number of
2 people there, and I don't know if I know the order of
2 all of them, when each one of them was there. We had

180

1 several that were acting for periods of time.
2 Q Do you recall without putting them in any order who
3 they were from '83 to '87?
4 A I may miss some, but it would include Shirley
5 Wiseman, Tom Demery, Silvio DeBartolomeis. I
6 think -- there may have been someone else in there
7 acting at some point.
8 Q Shirley Wiseman, Silvio DeBartolomeis?
9 A Yes.
10 Q And who was the third one you named?
11 A Tom Demery.
12 Q Tom Demery? So those are three people that were
13 involved in the decision making process.
14 A They had the signature authority.
15 Q From '83 to '87?
16 A Yes.
17 Q For my information, where was your position in
18 relationship to this block?
19 A I think the blue box down at the bottom.
20 Q Okay. So you would have been in the -2
A Is that the office of Elderly and Assistant
2 Housing?
2 Q Yes, ma'am, I'm sorry. Yes, ma'am, that's exactly
2 what it is. Is there an office beneath that?
t 2 A There are divisions within it.

181

1 Q And one of the divisions is Section Eight?
2 A It changed its name, but, yes.
3 Q And that's where you would run the division, down
4 here?

5 A Right.

6 Q So that's three people we've identified as having
7 been involved in the funding decisions and they would
8 have had signature authority, correct?

9 A Yes.

10 Q They would have had to sign off on all the
11 decisions that were made?

I 1213

A Yes.

THE COURT: I think there are four names.

14 MR. WEHNER: Did I misspeak?

15 THE COURT: Barksdale, Wiseman, Demery,

16 DeBartolomeis.

17 MR. WEHNER: Yes, I did misspeak. I apologize

18 to the Court. It's four.

19 BY MR. WEHNER:

20 Q In addition to those four, who else to your
21 personal knowledge during that time period was involved
22 in the decision making process as to who -- to whom
23 Moderate Rehab units would be awarded?

f 24 A I saw some notes during the time that Miss Dean had
25 approved some projects being funded. I suspect I -- I'm

t 182

1

sure I got some notes in my files that at least suggest

2

that other people were involved in the funding

3

decisions. There are some memos that refer to decisions

4

that were made by, I believe, a committee that was
5 involved in funding, that was in the later years.

6 Q You mentioned one specific name, and that was

7 Miss Dean?

8 A Yes.

9 Q Now, which specific projects do you recall

10 Miss Dean having been involved in being funded from 1983

11 to 1987?

12 A There was a project in California. Let me be

13 accurate. I know it had to do with funding specific.

14 It may have been a specific project in California.

15 Q Do you know the name of the project?

16 A No, I don't.

17 Q Do you recall the name of the project in

18 California?

19 A As I said, I don't remember now.

20 Q What other projects do you recall Deborah Gore Dean

2

being involved in funding from '83 to '87?

2 A I don't know that I can recall any other specific

2

ones. At the time, as I said, I didn't know who all was
t 2 involved in making the funding decisions.

2 Q I'm talking about your personal knowledge. That's

t 183

1

all I want is your personal knowledge who was involved,

2 because you were involved in the process during that
3 entire period of time.

4 A I was not involved in the process. I was cut out
5 of the process in terms of funding projects or funding
6 PHA's, either one.

7 Q Do you recall again when you were cut out of the
8 process?

9 A As I say, I think it probably was somewhere in '83,
10 '84 .

11 Q And do you recall who cut you out of the process?

12 A Specifically no. What I recall is that at one
13 point in time the papers sending funding out to the
14 field came through me for my concurrence and then had
15 suddenly stopped coming to me for my concurrence. I
16 would usually find out about it only after the fact.

17 Q The papers sending funding out to the field, is
18 that called a 185? Is that something like that or is
19 that some other form?

20 A That's the official document that transmitted the
2 funds. There was usually an accompanying document
2 requesting that the money be sent out to the field.

2 Q And where did that requesting document originate or
2 come from?

2 A It usually originated, the actual paperwork

t 184

originated in the division we called, and I think it's

2 still called, at the time the Fund Control Division.

3 Q Within Washington HUD?

4 A Yes, under the Assistant Secretary for Housing.

5 Q And is it the 185 that you are referring to when
6 you say that document that you had been responsible for
7 concurring on you were no longer given the
8 responsibility to concur on, or is it something else?

9 A It wasn't on the 185 per se because that's the
10 document that once all the approvals were made was used
11 to convey that approval to our field offices. There
t 1213

were internal pieces of paper recommending for the
Assistant Secretary's signature the approval of funding

14 Q And of those -- did those pieces of paper have a
15 name?

16 A Some of them - I
think they were called rapid

17 reply letters, at least during one period of time. It
18 may have had other names.

19 Q Do you recall who was the Assistant Secretary at
20 the time you were relieved of the duties of concurring
2 in those rapid reply letters or similar documents?

2 A It may have been Maurice Barksdale. I don't
2 recall. It may have been later.

2 Q When you were relieved of that responsibility did
2 you complain to any person about that?

185

1 A Yeah, I think so. I think I would have. I would
2 have been concerned to realize only after the fact that
3 we were -- the funding decisions had been made and we
4 weren't sure that the rules had been followed.

5 Q And who did you complain to?

6 A I don't recall, probably to Silvio DeBartolomeis at
7 the time. I knew I did to Hunter Cushing.

8 Q And at that time was Silvio DeBartolomeis in the
9 Assistant Secretary for Housing position?

10 A No, he would have been in the box labeled Deputy
11 Assistant Secretary for multi-family housing.

12 Q And he later became Assistant Secretary for
13 Housing?

14 A Yes, or maybe acting. I don't know. I think he
15 was only acting Assistant Secretary.

16 Q And you complained to Mr. DeBartolomeis?

17 A I'm sure I probably expressed concern about not,
18 not being involved in the funding process.

19 Q And did Mr. DeBartolomeis have any response to
20 that?

2 A I don't recall a specific response.

2 Q Do you recall any response, general or specific?

2 A No.

t 2 Q Isn't it true that Mr. DeBartolomeis did not want
2

you involved?

186

1 A It could be true.
2 Q No, isn't it true.
3 A I don't know.
4 Q Based on the response you received from
5 Mr. DeBartolomeis, isn't it true that he did not want
6 you involved in concurring on those documents?
7 A I can't say. That I had a -- several occasions
8 where I expressed concern to Mr. DeBartolomeis about
9 something and his response was sort of a stonewall. He

10 was not able to understand what the issues or problems
11 were.

t 12 Q Did you ever succeed in changing his mind?
13 A I may have on certain occasions.
14 Q No, on this specific instance we're talking about,
15 that being your role on concurring in the funding, were
16 you able to change his mind?
17 A I don't recall. I did through the years
18 occasionally concur on something and I know we may have
19 generated some recommendations for approval. I'm not
20 sure I was cut out 100 percent of the time.
2 Q I want to talk to you a little bit about the
2

process by which the PHA's, the local authorities,
2

choose developers, and I'd like specifically to direct

f 2 your attention to '83 to '87, and ask if you recall that
2

was there ever a time during that time period that HUD

t 187

1

washington directed the PHA's to what was called

2 pre-qualify projects?
3 A I don't remember using that kind of a term. There
4 were some years when we asked housing authorities to
5 identify that they had a pipeline of owner proposals.
6 Q I'm going to have you look at what I've marked as
7 Dean Exhibit 15 for identification?
8 THE DEPUTY CLERK: Defendant's Exhibit 15
9 marked for identification.

allbinders as word for experiment.txt
10 (Defendant's Exhibit 15 marked for
11 Identification)
12 BY MR. WEHNER:
13 Q This is an interview report dated June 13th, 1990
14 of an interview of Madeline Hastings and I'll ask you to
15 look at the second full paragraph, the tenth line from
16 the bottom, and ask if that refreshes your recollection
17 as to whether there ever came a time that HUD Washington
18 requested the PHA's to pre-qualify units?
19 A Well, again, I don't -I
20 don't recall the word
21 pre-qualify, but, as I said, there was a period where we
22 asked PHA's to identify a pipeline.
23 Q Does that refresh your recollection as to whether
24 you ever used the term pre-qualify?
25 A I don't know that this is a direct quote. I can't
be sure that I've never used the word pre-qualify, but

t 188

1

it's not one I typically used to use.

2 Q Do you recall an interview on June 13th, 1990?
3 A Specifically, no.
4 Q Do you recall being interviewed by Government
5 agents?
6 A On that date?
7 Q No, do you recall being interviewed by Government
8 agents?
9 A Yes, yes.
10 Q And you've been interviewed several times over the
11 last what, four or five years?
t 1213
A Yes.
Q And they've taken notes?
14 A Probably.
15 Q Well, have you watched them?
16 A I didn't pay that much attention to whether they're
17 taking notes or not.
18 Q Have you looked at anything that they have written
19 such as notes of interviews in preparation for your
20 testimony?
2 A No.
2 Q Have you ever seen the documents I've just shown
2 you before?
t 2 A I don't believe so.
2 Q You said that you don't recall using the word

1 pre-qualify, correct?

2 A Correct.
3 Q But you do recall using the word pipeline.
4 A Yes.
5 Q Can you explain what a pipeline is, please?

allbinders as word for experiment.txt
6 A We intended it to be a showing from PHA's that they
7 had projects that had responded to a public notice and
8 had been rated and ranked by the PHA so that if funds
9 were made available the projects could move quickly and
10 housing assistance could be made available quickly.

11 Q So that the local authority had projects before the
t 1213
funds were made available?

A In some cases, yes.

14 Q And how were these projects identified by the
15 Public Housing Authority?

16 A I can only respond to that in terms of how they
17 were supposed to be identified, and that would -

18 Q To the best of your knowledge how were they
19 identified because -- and you were running the program
20 or involved in the program for a lengthy period of
2 time.

2 A The regulations required that the PHA's publish a
2 notice of fundability, invite owners to submit

t 2 applications, and then rate and rank those applications
2

on the set of criteria that the PHA had adopted earlier

t 190

1

and had approved by HUD.

2 Q And those -- that was commonly called the rating
3 and ranking process?

4 A I think we typically called it the PHA competitive
5 selection process.

6 Q Would these units be selected for funding before
7 money was available from HUD headquarters?

8 A In some cases, yes. I understand -9

Q In terms of the pipeline.

10 A Right.

11 Q Now, would these be identified with a specific
t 1213

street address?

A There were one or two years, as I recall, that we
14 asked PHA's to identify the pipeline and I believe by
15 project name or street address, probably street address.

16 Q And were they also identified by numbers of units?

17 A Sometimes.

18 Q So it wasn't really unusual or rare for the Public
19 Housing Authority to know numbers of units or street
20 addresses even before Washington HUD sent them money.

2 A It certainly happened that PHA's had identified
2 projects before they knew Washington was sending them
2 money, that's correct. I think that was probably still
I 22

generally the unusual case and I think we probably only
acknowledged that that was a proper procedure sometime

191

1 in the mid-eighties.
2 Q Sometime in the mid-eighties.
3 A Yes.
4 Q Would that be inclusive of '83 to '87?
5 A I believe it would have been maybe '84, '85.
6 Q So that does fall within '83 to '87, does it?
7 A Yes, but not covering all that time.
8 Q Absolutely. When HUD would make a funding decision
9 to send units, and when I say HUD I mean Washington HUD,
10 to the PHA's, did the PHA have to ask for the money
11 first?
t 1213
A Yes.
Q And how would the PHA ask for the money?
14 A In those years it was usually just a letter request
15 was required.
16 Q And the letter would come from the local housing
17 authority to whom?
18 A They came to headquarters, they came addressed to a
19 number of different people, as I recall.
20 Q Who do you recall them coming to?
21 A I think some were addressed to me. Some were
22 addressed to whomever was the Assistant Secretary. Some
23 were probably addressed to the Secretary's office. I
24 believe I've seen some that were addressed to Miss Dean.
25 Q And who else?

t 1192
A Mr. Demery, Mr. DeBartolomeis.
2 Q So these letters -3
A Mr. Goldberger.
4 Q Innumerable people?
5 A Innumerable people.
6 Q The letters came from Public Housing Authorities
7 and they would say we want what, generally?
8 A Generally they were asking for X-number of units.
9 Q And they were asking for X-number of units and then
10 sometime during the process HUD might send down certain
11 money or might not send down certain money, isn't that
12 correct?
13 A Yes.
14 Q Now, was there ever an occasion of which you're
15 aware in which the money was sent from HUD to the Public
16 Housing Authority without a request from the Housing
17 Authority?
18 A I believe there was, although frankly I can't
19 remember -I
can't remember the specifics, but I had
20 serious concerns on a couple of occasions when we were
21 providing money to a housing authority that hadn't
22 asked.
2 Q Absolutely. And what two specific instances were
2 those? t 2 A I'm sorry, I don't recall.

t 193

1 Q You don't recall.

2 A No, I don't.

3 Q Do you recall who was the Assistant Secretary for
4 Housing when those occurred?

5 A No, I don't.

6 Q Do you recall whether Miss Dean had anything to do
7 with those?

8 A No, I don't.

9 Q I show you again what's been marked for
10 identification as Dean Exhibit 15 which purports to be
11 an interview report taken of you June 13th of 1990 and
12 ask you if you recall if this refreshes your
13 recollection as to whether or not you saw one or more
14 PHA's receiving funding before the request came?

15 A This just supports what I've already told you, that
16 I remember it happening but it doesn't identify
17 specifically where or when.

18 Q Did you ever check with your staff to see if that
19 happened?

20 A I may have and we may have records that show where
21 and when it happened.

22 Q And you don't remember -23

A But I don't recall it right now.

I 24 Q Was it significant, and I use that in the broadest
25 possible sense, to you in your role with Mod Rehab as to

194

1 how good the PHA's did their job?

2 A Yes, most of the criteria that we used to decide --

3 that the rules required us to use to decide which PHA's

4 to fund were related to PHA capabilities.

5 Q And what was important about the PHA capabilities?

6 A They were, in effect, running this program for the

7 Department. We had given them the responsibility for

8 administering the program. So their abilities were the

9 key criteria for our decisions on who to fund, that and
10 a need criteria.

11 Q Sure, but given that -- and then following up on
12 that thought, how did you know which PHA's were good and
13 which ones were bad or which ones were indifferent?

14 A Headquarters didn't know.

15 Q Who did know?

16 A Our field offices would be the only HUD staff in
17 the position to know.

18 Q And how did you or how did HUD Washington find out
19 how good or bad or indifferent the local housing
20 authorities were?

allbinders as word for experiment.txt

2 A There was maybe one of those years, maybe two

2 during the period you're talking about, where we asked
2 our field offices to give us a brief description on PHA
2 performance. They were also used when that wasn't an
2 articulated criteria.

t 195

1 Q Were you ever prohibited from checking to see if a

2 PHA was qualified to handle these units?

3 A I don't recall that I was prohibited. I may have
4 been. When the memos describing a funding procedure for
5 any one year were sent out, some years it had criteria
6 related to PHA capability, other years those memos
7 didn't have that kind of criteria. My faint
8 recollection is that we, my staff and I, tried to put it
9 in and it was deleted somewhere along the way before
10 they were sent out.

11 Q Do you recall telling agents of the Office of
I 1213

Independent Counsel that Demery, Thomas Demery, had
prohibited your staff from checking the qualifications
14 of Public Housing Authorities?

15 A I don't recall that I - I may have done that.

16 Q Would it have been true at the time you said it?

17 A I'm sure it was, yes.

18 Q Okay. So you do now recall that Thomas Demery told
19 you not to check out the qualifications of Public
20 Housing Authorities?

2 A I don't recall specifically now. I'm not saying I
2 didn't. And if I said that to the Independent Counsel's
2 Office I'm sure I believed it to be true.

I 2 Q I'll show you page four of the same Dean Exhibit
and ask you to read these three lines and ask if that

1 refreshes your recollection as to what you told them at

2

the time?

3 A Oh, yes, I'm sorry, this does refresh my

4

recollection. I think this was for the '88 funding

5 round.

6 Q And, in fact, Mr. Demery did tell you that, did he

7 not?

8 A Yes.

9 Q And who was Mr. Demery at that time?

10 A Assistant Secretary for Housing.

11 Q In this position.

12 A Yes.

13 Q Do you recall having a conversation with Mr. Demery
14 in which you objected to that?

15 A As I recall, I wrote him a note because the
16 instructions being written at that time were for the PHA
17 to address the issue of their capacity and
18 qualifications and I think my note to him suggested that
19 that was fairly self-serving, that most PHA's would of
20 course say that they did a good job in whatever they
2

were supposed to do and that we needed an independent
2

check, basically, by our field offices. I'm not sure if
2

all those words were in there but that was the

I 2 implication of it.

2 Q Sure. What was Mr. Demery's response?

197

1 A Something like if you can't trust housing agencies,
2

who can you trust, or what is this world coming to, or
3

some sort of throw away phrase like that.

4 Q Do you recall that during your tenure, '83 to f87

5 more specifically we're referring to, there were

6 consultants dealing with the Mod Rehab project, is that

7 correct?

8 A At some point I knew that. I didn't know it that

9 early, as early as '83. I found out later.

10 Q How early do you think you knew?

allbinders as word for experiment.txt
11 A Maybe '85, somewhere in there.
12 Q Did you know whether there was anything unlawful or
13 illegal about consultants being involved in the
14 projects?
15 A I don't think I ever thought there was anything
16 unlawful or illegal. I did think that it wasn't
17 appropriate, given the way funding decisions were
18 supposed to be made.
19 Q Did you ever become aware of a legal opinion which
20 stated affirmatively that the use of consultants wasn't
2

illegal and there was nothing you had to do about the
2

use of consultants?
2 A I recall that.

I 2 Q And you recall becoming aware of that?
2 A I don't think I was aware of it at the time it was

written but I saw it sometime afterwards.

2 Q But you don't approve of these consultants using
3 the criteria that were supposed to be applied for HUD to
4 make funding decisions of PHA's?
5 A I could see no role for consultants.
6 Q I want to direct your attention to a new subject
7 for a second which was something called Baltimore Uplift
8 One. Do you recall what Baltimore Uplift One was, or
9 is?
10 A I have a vague recollection that it was a project
11 in Baltimore that involved a request for Mod Rehab
12 money.
13 Q Do you recall approximately when that project was
14 around within HUD?
15 A I would guess it was in the early eighties, '82,
16 '83, somewhere in there. It's just a guess. So -17
18 Q Do you have any recollection as to who ordered that
19 program to be funded?
19 A No, I don't.

13 A No, I'm sorry, it doesn't. This paper doesn't tell
14 you who made the decision. It is a Special Assistant,
15 Stew Davis, telling Silvio to do so. It doesn't say who
16 decided that this project should be funded.

15 A Yes.

3 MR. WEHNER: I'm trying to refresh her

5 document that was sent to her out of the Government's

6 Exhibits.

7 THE COURT: Sent to her?

8 MR. WEHNER: Yes, sir, to Hastings with a

her. Now, it may be -it
is relevant to Baltimore

14 to her credibility.
15 THE COURT: I think because you refreshed her

15 received, May 2nd, 1984.

16 Q What position did Silvio DeBartolomeis hold in May
17 of 1984?

18 A I believe he was Deputy Assistant Secretary for

2 A Yes.

2 Q Do you recall now receiving any information from

t 2 A From Silvio?

2 Q Yes.

t 204

3 A No.

4 Q And this memo doesn't refresh your recollection?

5 A No. I mean I know there was a proposal for

6 Baltimore Uplift One. I recall that.
7 Q Did on occasion Miss Dean discuss projects with
8 you, specific Mod Rehab projects?
9 A I recall being in at least one meeting with

10 Miss Dean in -- with some people from outside the
11 Department. They may have been from Connecticut. I
I 12 think she probably on a rare occasion called and asked
13 me a question about the program.

14 Q To the best of your recollection on each time
15 Miss Dean talked to you about Mod Rehab funding, what
16 did she say to you and what did you say to her?

17 A My recollection doesn't cover the specifics. I
18 know we had some conversations but I don't remember what
19 about.

20 Q Generally what did you say to her and what did she
say to you?

2 A I'm sorry, I don't recall.
2 Q Would you on occasion send letters out of HUD that

2 A Yes.

t 205

1 Q And did you on occasion write letters for various

2 other people in the Department?

3 A Yes.

Q I'll show you what is page two of that Exhibit and

15 whether you ever did get correspondence from Miss Dean?
16 A This appears to have been authored by someone who
17 worked for me. At least initially authored by Mary
18 Maher who worked for me at the time.
19 Q And after it was initially authored by Mary Maher,
20 did anybody else see it?
2 A I can't tell from this copy. Typically there would
2 be a concurrence line that would have people initialling
2 up and down the chain. This appears to have also been
I 2 revised by Hunter Cushing or at least retyped.

2 Q what's this name, Hastings, what does it mean?

t 206

1 A That's my name, of course, and it's on the

2 concurrence -- excuse me, the carbon copy list. So that
3 after the letter was dispatched I would get a copy.

4 Q Do you remember seeing copies of letters that
5 Miss Dean would write?

6 A Yes.

7 Q And do you recall that on occasion she would sign
8 off on letters that were prepared by members of your
9 staff and you would see the letters after they went out?

10 A I think that's possible. I don't remember specific
11 occasions.

I 12 Q Okay. I'm going to show you this letter again and

13 ask if this refreshes your recollection as to whether
14 there was ever an occasion where a member of your staff

15 wrote a letter for Miss Dean and that you received a

17 A Yes, there is --

18 Q There was such an occasion?

19 A Yes.

20 Q Do you ever remember telling any members of your

2 staff that what they had written for Miss Dean was

2 inaccurate?

allbinders as word for experiment.txt

2 A I don't recall. I often would -- if I were in the

t 2 concurrence chain and there were corrections to be made
2 or inaccuracies to be done I probably would have done

t 207

1 so.

2 Q The question was when a member of your staff wrote
3 a letter for Miss Dean and you saw a carbon copy after
4 it had been made did you ever tell a member of your
5 staff that the letter was inaccurate?

6 A There were occasions when I would see something
7 that had been sent after the fact and I would be
8 surprised that its contents were inaccurate, yes. That
9 doesn't mean that my staff had drafted it that way.
10 Someone else may have altered it.

11 Q In circumstances where your staff drafted the

letter and you saw it after it had been made, was there
any instance where you said the letter was inaccurate?

14 A I think I just said, yes, there probably were those
15 cases, that may be though where someone else altered it.

16 Q Not where someone else altered it, where your staff
17 wrote the letter.

18 A And it was never altered.

19 Q The same letter that was mailed out was the letter
20 that your staff made.

2 A I don't recall any occasions.

2 Q Miss Hastings, was there ever a time when you were
3 transferred from your position up to the Office of the
4 Secretary?

5 A I was detailed.

6 Q who was responsible for that detail?

7 A I believe that Silvio was the person I held
8 responsible. I don't know who else was involved in that
9 decision.

10 Q Mr. DeBartolomeis was your boss or the Deputy
11 Assistant Secretary for Multi-family Housing?

t 1213

A Yes.

Q And what did he want to do? Did he want to fire

14 you or keep you or transfer you?

15 A He detailed me out of my job for, I'd say, for a

16 four to six week period.

17 Q And then you were sent back down to your job?

18 A Yes.

19 Q Did Miss Dean have any role in that decision to

20 send you back to your job?

2 A I don't know.

2 MR. WEHNER: Nothing further, Your Honor.

2 MR. O'NEILL: Thank you, Your Honor.

REDIRECT EXAMINATION

2

BY MR. O'NEILL:

t 209

1 Q Miss Hastings, you mentioned on cross-examination

2 that you were being cut out of Mod Rehab decisions. How

3 do you know you were cut out of Mod Rehab decisions?

4 A Initially I would be asked to concur on the funding
5 recommendations that went -- that preceded in sending
6 money out to any PHA. For -- there was a period of time
7 in which I would write a comment saying I wasn't going
8 to concur because there was no apparent basis for
9 selection of this PHA for funding.

10 Q What are you referring to?

11 A The criteria to decide among PHA's, which ones

t 1213

should be funded. Essentially a capacity criteria.

Q To your knowledge, why were you cut out?

14 A I think because they didn't want me writing these
15 notes saying that there was no basis for selecting the
16 PHA's.

17 Q Now, you mentioned earlier during cross-examination
18 that certain funding decisions were being made by, as
19 you said, several people, you believed. And you
20 mentioned that the defendant was involved in these
2 funding decisions. What is that statement based on?

2 MR. WEHNER: Objection, Your Honor, the
2 statement was one funding decision in California. It

t 2 was singular and not plural.

2

THE COURT: All right.

t 210

1

BY MR. O'NEILL:

2 Q Let me rephrase it then. As to the one funding
3

decision in California, you mentioned you saw certain
4

notes. Can you describe what you were talking about?
5 A As I recall, there was a note from Susan Zagame who
6 was a Deputy Assistant Secretary for, I think, Policy
7 and Budget, something like that, to Miss Dean, asking if
8 this particular proposal was okay for funding and that
9 there was a note back from Miss Dean saying yes. This

10 isn't a quote, but it was something like, yes, this is
11 okay for funding.

t 12 Q And you mentioned during cross-examination that you
13 were concerned that you would not be involved any longer

14 in the funding process. Why were you concerned?
15 A Because I didn't think decisions were being made in
16 any rational and impartial way in terms of what PHA's
17 were being funded. I was also concerned that some of
18 the funding appeared to be specifically directed to
19 particular projects.

20 Q The last topic would be you asked questions about
2 consultants being involved, and when did you learn about
2 that? How did you find out that consultants were being
2 involved in the Mod Rehab process?

8 2 A How did I find out?

2 Q Yes.

t 211

1 A This is my best recollection, but I think I may

2 have heard from some PHA's who were concerned about how
3 funding decisions were being made.

4 Q Did you ever hear any specific names of consultants
5 who were involved?

6 A I probably did, but right now I can't recall.

7 Q You stated during cross-examination that you could
8 see no role for consultants in the Mod Rehab process?

9 A That's correct.

10 Q Why not?

11 A Because HUD was supposed to fund PHA's on the basis
t 1213

of their performance, performance in terms of being able
to provide financing, how they had administered other

allbinders as word for experiment.txt
14 Section Eight programs and I didn't -I
didn't see how
15 a consultant would be useful to that kind of a decision
16 making process.
17 Q And you stated during cross-examination that there
18 was once a meeting that you attended with the defendant
19 in this case and several other people. Do you recall
20 what that meeting was about?
21 A I recall it was about the use of the Mod Rehab
22 Program. I think it was in Connecticut. There were
23 representatives probably from the city or housing
24 authorities there. I don't recall specifically what all
25 was involved in the meeting.

for a battered women's shelter which was funded by the
14 Director, by the Secretary of HUD?
15 A I think that's one more than one question.
16 Q Were you aware of that?
17 A You're refreshing my memory that it was for a
18 battered women's shelter, the 19 units, I don't recall
19 specifically and I don't know that it was the
20 Secretary's orders.

5 Q Good afternoon.
6 A Good afternoon.
7 Q Would you please state your entire name for the
8 jury, spelling your last name for the Court Reporter?
9 A Sandra J. Webb, w-e-b-b.
10 Q Miss Webb, are you presently employed?
11 A Yes, I am.
I 1213
Q where are you employed?
A At the Department of Housing and Urban Development
14 Q And what is your job at HUD?
15 A My job is Deputy Director, Office of Personnel.
16 Q How long have you been at HUD?
17 A Twenty-four years.
18 Q And could you describe briefly your educational
19 background to the jury?
20 A I have a Bachelor's of Science degree from Albany
2 State College in Georgia.
2 Q You said that you were at HUD for about 24 years.
2 Have you worked in the Office of Personnel during that
t 2 entire 24-year period?

t 214

1 Q And could you describe briefly for the members of

Division and my current position of Deputy Director,
Office of Personnel.
14 Q Can you tell us what your present duties and
15 responsibilities are?
16 A Currently I'm detailed to the reinventing HUD Task
17 Force. For the last three months I've been involved in
18 that project, but as Deputy Director of Personnel, my
19 permanent position of record, I have a responsibility
20 along with the Director of Personnel for the day-to-day
2 management of the office with a staff of about 150
2 employees and we have responsibility for carrying out

7 And finally, we have responsibility or I have
8 responsibility for advising and assisting managers in
9 carrying out their personnel management
10 responsibilities.

11 Q Miss Webb, I'm going to show you a document that's
t 1213

previously been marked Government's Exhibit 256 for

14 THE DEPUTY CLERK: Government's Exhibit 256
15 marked for identification.

16 (Government's Exhibit 256 marked for
17 Identification)

18 BY MS. SWEENEY:

19 Q It's actually a very thick document. Do you
20 recognize this document, Miss Webb?

2 A Yes, I do.

2 Q And can you tell us what it is?

2 A It's the official personnel folder of
t 22

Deborah Gore Dean.

Q Miss Webb, can you tell the jurors what an official

216

1 personnel folder is?

2 A An official personnel folder is a document which
3 contains the records of the employment history of an
4 employee who works in the federal service. It traces
5 the employee from the initial appointment through
6 separation from the federal service, and the documents
7 include the appointment papers, promotions,
8 reassignments, separation, as well as any awards and
9 commendations, benefits forms.

10 Q Are official personnel folders prepared and
11 maintained in the course of the regular business of your
I 1213

Office of Personnel at HUD?

A Yes, they are.

14 Q And are the documents included in the official
15 personnel file prepared at or about the time of the
16 events reflected in those documents?

17 A That is correct.

18 Q Is it part of the regular business of your
19 personnel office at HUD to prepare official personnel

20 files?

2 A Yes, it is.

2 MS. SWEENEY: Your Honor, at this time I offer

t THE COURT: Any objection?

2

MR. WEHNER: No objection, Your Honor.

THE COURT: All right, 256 will be admitted.

2 (Government's Exhibit 256 received

4 BY MS. SWEENEY:

5 Q Now, Miss Webb, you've just told us that among the
6 information that's included in the personnel file is the
7 first appointment or the appointment of an individual.

8 And I was wondering if you could refer to Government's
9 Exhibit 256 and tell us when Miss Dean, the defendant,
10 was first appointed at HUD and what her particular
11 position was at that time?

I 1213

A Miss Dean's first appointment at HUD was Special
Assistant to the Secretary for Executive Secretariat.

14 It looks like on 11-14-82 -let
me confirm that on the

15 appointment documents. 11-14-82.

16 Q Does the official personnel file for the defendant
17 reflect that she ever changed jobs within HUD?

18 A Yes.

19 Q And what does it reflect about the change in her
20 position at HUD?

2 A It shows that she converted to a Senior Executive
2 Service non-career appointment as Executive Assistant to
2 the Secretary.

I 2 Q And do those documents also reflect the date that
that change occurred?

5 A Her file is out of order. You'll have to give me a
6 minute to find it.
7 Yes, it shows a resignation from the Executive
8 Assistant position on 7-3-87.
9 Q Does the official personnel file reflect any

10 additional connection between the defendant and HUD
11 after that resignation?

I 12 A I see an extension of an appointment and I'm
13 looking for the initial appointment. This is in '88.

14 Q Returning to the extension of the appointment, does
15 it show what particular position Miss Dean would have
16 occupied?

17 A Yes, it does.

18 Q And what is that?

19 A Expert.

20 Q Now, near the top of the stack of this multi-paged

MR. WEHNER: I'm sorry, Miss Sweeney, does it
5 show what?

6 MS. SWEENEY: Prior federal service.

7 MR. WEHNER: Prior federal service.

8 A Yes, it does.

9 Q And what is that, Miss webb?

10 A From the period of 7-81 to 11-82, employment at the
11 U.S. Department of Energy in a type of work identified
12 as liaison.

t 13 Q And looking at that same form, does it reflect how

15 of Energy?

16 A Yes, it does.

17 Q And what does it reflect about her employment
18 history prior to being employed at the Department of

2 Q Did there come a point in time when you agreed to

2 Q And did there come a point in time where you
3 requested Mr. Nunn to represent you in relation to
4 Marbilt?

5 A Yes.

6 Q Can you describe to the ladies and gentlemen of the
7 jury what that was about?

8 A Yes, my company was a general contracting company
9 and we were doing work in some public housing for the
10 Archdiocese of Miami and in our working with the federal
11 HUD we almost broke our company because they would not
12 timely pay us, and as a consequence of those projects
13 our company went out of business.

14 Q And what if anything was Louie Nunn hired to do?

15 A Well, he was - I felt that I was - had - that
16 this had -- the demise of my company had occurred
17 because of some people at the area office of HUD and he
18 was trying to help me to get a hearing to see -19
administratively, that is, to see if I could -- my

2 Q And did there come a point in time when you paid

Mr. Nunn for his services?

t 2 A I paid -- my recollection, this is many many years

t 227

ago, is that my company paid him a very limited amount

2 of dollars, since we were broke.

3 Q Do you recall approximately how much you paid him?

18 experienced with Marbilt?

19 A Well, I frankly do not recall the letter. It's a
20 1984 letter. I recall the signature of the letter but I
2 do not recall, you know, that specific letter.

2 Q Other than recalling the letter, does that refresh

6 moderate rehabilitation units for projects in Miami

7 A Yes.

8 Q And when did that occur, do you recall?

9 A I don't recall.

10 Q How did that discussion come about?

11 A Well , it came about because I had - was - I had
12 gotten involved in the development of a moderate
13 rehabilitation project in the Liberty City area of Miami
14 and it had taken me two and a half to three years to put
15 that project together and I quickly realized that if I
16 was going to do that I could not take three years for
17 each project. So that's why I sought his help.

18 Q And why did you seek Mr. Nunn's help?

19 A Because he was my friend.

20 Q And what was he going to do for you on that
2 project?

2 MR. WEHNER: Your Honor, could we have a side
2 bar?

I 2 THE COURT: I'm sorry, I didn't hear you •

2 MR. WEHNER: Objection. Could we have a side

t 229

1 bar?

2 THE COURT: Sure.

3 (Bench conference)

4 MR. WEHNER: Your Honor, I think Mr. O'Neill
5 is about to inquire as to conversations between
6 Mr. Martinez and Mr. Nunn. I do not think that there's
7 been any showing, any showing upon which Your Honor
8 could find that these statements relate to the
9 conspiracy, for the reason that no conspiracy has been
10 established and, two, there's no evidence that this
11 statement is confirming a conspiracy and, three, there
t 1213

isn't any evidence that these statements were part of a
conspiracy. So I would object to any conversations
14 between Mr. Nunn and Mr. Martinez.

15 MR. O'NEILL: As you know, Your Honor, it
16 would be impossible for us at this time, absent proffer,
17 to show you how we intend to show that there is a
18 conspiracy here. We intend to link it up and the
19 evidence will show it. If the evidence does not prove a
20 conspiracy against Miss Dean, counts one, two and three
2 will be thrown out by this Court.

2 THE COURT: What's the time frame you're

allbinders as word for experiment.txt
2 talking about this discussion with Mr. Nunn?

I 2 MR. O'NEILL: He says he does not recall, Your
2 Honor. I think through documents we can show it's

t 230

1

through approximately 1984.

2

THE COURT: It's within the time frame that's
3

charged in the indictment for conspiracy, I take it.
4

MR. O'NEILL: Yes, Your Honor.

5 THE COURT: Is this the time frame that
6 Miss Dean moved up to Assistant Secretary in June of
7 ' 84?

8 MR. O'NEILL: It's right on the hub, Judge,
9 and since he did say I don't recall, when he doesn't

10 recall the exact time frame I don't think, Mr. Wehner's
11 statements to the contrary, that we can say exactly when
12 that would be.

t 13 THE COURT: What is the proffer that this is

14 in furtherance of the course of the conspiracy? What

15 conspiracy exists at the time and she knew as a result

16 of whatever the conspiracy was to be.

17 MR. O'NEILL: What the Government's proffer

18 would be, Judge, is that Mr. Nunn was hired by

19 Mr. Martinez to operate as a consultant on the Arama

20 project. Mr. Martinez requests of Mr. Nunn 293 units.

2

Mr. Nunn goes and hires John Mitchell. He -- they sign
2 an agreement between Mr. Nunn and Mr. Mitchell -- excuse

me, Mr. Martinez and Mr. Nunn, for several hundred
2

thousand dollars, two separate agreements. One is an
2 attorney contract and one is a consultant contract. So

t 231

1

they keep them separate.

2 On the consultant contract Mr. Nunn writes at
3 the bottom one-half of this in the event of my death and
4 disability to go to John Mitchell, \$75,000.
5 Mr. Nunn who will testify, hopefully at some
6 point in this trial, will testify that he went to
7 John Mitchell. They had been working together on a
8 different matter, a cellular phone deal at Global
9 Research. He went to John Mitchell. John Mitchell then
10 had access to Deborah Dean and he relied on John
11 Mitchell to get the funding. He did nothing on the
t 1213

project. John Mitchell obviously is dead.
we will be introducing a document,
14 self-authenticating, from the Department of Housing and
15 Urban Development which will show the defendant writing
16 a letter to Louie Nunn at Global Research, July 5th,
17 1984, in which he states I've just spoken with
18 Mr. Mitchell about the Arama. Congratulations on your
19 partnership. Something to that effect. And this will
20 assure you that we will get 293 units. 293 units are
21 signed and put in by Maurice Barksdale, who is then the
22 acting Assistant Secretary for Housing, the relevant
23 title.

I 2425

Right after that Mr. Martinez again goes to
Mr. Nunn and applies for more Moderate Rehab funding.

t 232

1

Excuse me, during the period of time Mr. Nunn asks

2 Mr. Martinez and his partner Mario Jimnez to come up to
3 Washington and they will meet with John Mitchell.
4 He will testify he doesn't know why they met
5 with John Mitchell. They were brought up to meet with
6 John Mitchell, during this time, and this is the only
7 conversation that I think will be conspiratorial, John
8 Mitchell or Louie Nunn, he cannot identify which one,
9 but one of the two stated that John Mitchell has some
10 sort of relationship to Dean and she's at HUD and
11 important to know.

t 1213

After the Arama project Mr. Martinez again seeks Mod Rehab funding. At this time he asks for 219 units. He goes to Mr. Nunn. Mr. Nunn agrees and enters into a contract once again to procure those units for him. Mr. Nunn will say that he then once again went to John Mitchell.
There is a letter in which Mr. Martinez writes a letter to Louie Nunn saying they need the 219 units. He carbon copies Colonel Jack Brennan, John Mitchell's partner at Global Research.
The evidence will show that Louie Nunn calls Jack Brennan and says I would like you to go and talk to John about getting the units at HUD through Debbie. Brennan states he -- he will state, he'll testify

233

tomorrow, that he went to see John Mitchell.
John Mitchell said I could not do it. I could not get involved with Debbie. Debbie's too close to me. I will not get involved with this.
So Brennan then goes to the Housing Authority, sets up a meeting, meets with the defendant, asks for her help. She did not commit anything. Yet they get 219 units.
THE COURT: well, this original conversation that Mr. Martinez would have with Mr. Nunn is prior to Miss Dean's involvement, right? And you're saying it shows a conspiracy and then she signed on later. I don't see how you can use it against her as part of the conspiracy before it's really been formed.
MR. O'NEILL: The conversation? Which one?
THE COURT: You just asked Mr. Martinez about what he talked to Mr. Nunn about in this Arama project. That was the purpose of the objection. It seems to me a little early to start putting in conversations in furtherance of the conspiracy on the hearsay exception before there's any evidence that it was -- there's no evidence that it was illegal at this point to talk to Mr. Nunn about helping him out. He helped him out
I previously on this bankruptcy issue with HUD.
So, I'll sustain the objection. I won't

t 234

1

require the Government to put its case on first before I

let these conversations come in evidence, but I will require a proffer of what constitutes the conspiracy and the time frames and why these conversations or documents should be considered as happening during the course of the conspiracy and there will have to be a proffer made

allbinders as word for experiment.txt
7 and if it's valid, they'll be accepted. If it's not,
8 they'll be stricken.

9 MR. O'NEILL: Thank you, Your Honor.

10 MR. WEHNER: Is Your Honor's understanding of
11 the law that a proffer can satisfy Your Honor as to the
12 finding of the preponderance of the evidence that a
13 conspiracy exists?

14 THE COURT: I don't think I have to have all
15 the evidence in. There's two trains of thought on
16 that. There's two different approaches that were made,
17 and some Circuits insist upon some kind of pretrial
18 hearing disclosing the conspiracy. I think the case is
19 James. Not this Circuit.

20 MR. WEHNER: The Fifth Circuit.

2 THE COURT: I think this Court has accepted
2 the approach by having a proffer made. We've had
2 several cases that have been affirmed in the Court of

t 2 Appeals, we have a proffer made, and accepting the basis
2

of the proffer and we can strike it later on if they

t 235

1

fail to produce the evidence.

2 MR. WEHNER: Your Honor, I just state
3 basically for the record that I'm not requesting a James
4 type hearing in the trial but I do think under the
5 circumstances that there's a significant question as to
6 whether that proffer can satisfy the Court as a matter
7 of law by the preponderance of the evidence. Taking
8 this tack that a conspiracy exists, that it's
9 inappropriate to accept a conspirator's statement in
10 advance of the Government submitting evidence that the
11 conspiracy existed.

t 1213

I don't know that what Mr. O'Neill said
constitutes an illegal conspiracy at its best. He has
14 said -- he has given no evidence of anything with
15 respect to Miss Dean, no evidence that she does any
16 misconduct. In fact, the only thing she's alleged to
17 have said as a part of this conspiracy is to make no
18 commitment. That's not enough, Your Honor, to satisfy
19 Your Honor that a conspiracy exists.

20 THE COURT: we'll see as we go ahead.

2 All right.

2 MR. WEHNER: Yes.

2 THE COURT: All right, re-ask the question.

t 2 (Bench conference concluded)

BY MR. O'NEILL:

t 236

1 Q Mr. Martinez, let's go back to where we were a few

2 minutes ago. Did there come a point in time when you
3 retained or hired Mr. Nunn to represent you in relation
4 to Arama?

5 A Yes.

6 Q And why did you hire Mr. Nunn?

7 A Because he's my friend.

8 Q What did you hire him to do, what was your
9 understanding as to what he would do?

10 A My understanding is that he would help get some
11 allocation of Mod Rehab funds to Dade County, Florida.

12 Q Let me ask you, was he acting as a consultant for
13 you?

14 A I don't know what -I

mean I don't know what

15 capacity he was acting. We had an agreement, a written
16 agreement.

17 Q And what did your agreement say, do you recall?

18 A I don't recall specifically. I do know that the
19 gist of the situation was that if the Mod Rehab funds
20 were obtained for Dade County, Florida, that then we
21 would pay Mr. Nunn a certain amount of dollars.

22 Q Now, Mr. Martinez, why did you hire a consultant at
23 all?

I 2 A Because it had taken me three years to do a project
2 without a consultant, as I previously stated, and I

237

1 could not live on, you know, one project over three
2 years.

3 Q Mr. Martinez, if I may, let me show you a document
4 previously marked as Government's Exhibit 19 for
5 identification.

6 THE DEPUTY CLERK: Government's Exhibit 19

7 marked for identification.

8 (Government's Exhibit 19 marked for

9 Identification)

10 BY MR. O'NEILL:

11 Q And ask you to look at that. Do you recognize
12 that, sir?

13 A Yes, sir, that's my handwriting.

14 Q And is this a document that you keep in the normal
15 course of your business?

16 A Yes.

17 Q And is it the normal course of your business to
18 keep such documents and make such documents?

19 A Well, I do not know what the normal course is. I
20 keep -21

Q You keep documents such as this in your business?

22 A Sometimes, yes, most of the times.

23 Q And is it a document made at or about the time of
24 the date depicted thereon?

25 A I don't recall. I would assume that it was.

238

1 Q When you make documents like this, when do you make
2 them?

3 A When I do make a letter? The date I make the
4 letter.

5 Q You usually make it at or about the time that the
6 date is on that document?

7 A Yes, sir.

8 Q And do you recall writing this document?

9 A No, I do not.

10 MR. O'NEILL: Your Honor, at this time I'd
11 move it into evidence, Government's Exhibit 19, with its
12 attachments.

13 MR. WEHNER: Objection, Your Honor. He
14 hasn't authenticated it. He stated that he doesn't know
15 if he wrote it.

16 THE COURT: I'll overrule the objection. It's
17 in his handwriting. It's a business record. And he
18 dates it along the same time that he writes it.

19 All right. It's admitted.

20 (Government's Exhibit 19 received into
21 Evidence)

22 BY MR. O'NEILL:

23 Q Mr. Martinez, if I might take back the original and
24 show you a copy to refer to. To whom is this letter
25 addressed?

1 A To Governor L. B. Nunn.

2 Q And is that the same Louie Nunn that we've been
3 speaking about?

4 A Yes, sir.

5 Q And to where did you address that letter? Where
6 did you send it?

7 A Global Research, 2828 Pennsylvania Avenue,
8 Washington, D. C.

9 Q Why did you send it to Global Research?

10 A Because he asked me to send it.

11 Q He being?

12 A Mr. Nunn.

13 Q At that time were you familiar with Global
14 Research?

15 A No, sir.

16 Q What is the date on that letter, sir?

17 A January 5th, 1984.

18 Q Mr. Martinez, I'd ask you to look at Government's
19 Exhibit 21 for identification?

20 THE DEPUTY CLERK: Government's Exhibit 21
21 marked for identification.

22 (Government's Exhibit 21 marked
23 for Identification)

24 BY MR. O'NEILL:

25 Q And I'd ask you if you recognize that?

240

1 A Yes, I recognize my initials and my signature, yes.

2 Q And is this type of agreement something that you
3 keep in the normal course of your business?

4 A Yes.

5 Q And is it the normal course of your business to
6 make this type of agreement?

7 A Yes.

8 Q And is it made at or about the time that's dated on
9 the agreement?

10 A Yes, sir.

allbinders as word for experiment.txt
11 MR. O'NEILL: At this time, Your Honor, I'd
12 move it into evidence as Government's Exhibit 21.
13 MR. WEHNER: No objection, Your Honor.
14 THE COURT: No objection?
15 MR. WEHNER: No objection.
16 THE COURT: All right. Thank you. All
17 right. It's admitted. 21.
18 (Government's Exhibit 21
19 received into Evidence)
20 BY MR. O'NEILL:
21 Q Now, Mr. Martinez, what is this document,
22 Government's Exhibit 21?
23 A It was the agreement between my partner and myself
24 to engage Mr. Louie B. Nunn for -- as our attorney, it
25 says there in regard to efforts to complete and manage

241

1 300 Moderate Rehabilitation units.
2 Q what were you going to pay him if he was successful
3 in obtaining the 300 units?
4 A well, it says here \$225,000.
5 Q And what was he going to do on your behalf in order
6 to obtain those 300 units?
7 A As I stated before, he had to obtain that funds for
8 these many units were made available for Dade County.
9 Q And what was your understanding as to how he was
10 going to accomplish this?
11 A I had no understanding as to how he was going to
12 accomplish this.
13 Q Now, is this the only contract that you entered
14 into with Mr. Nunn?
15 A No, sir.
16 Q Was there also a consulting agreement on Arama?
17 A I don't recall.
18 Q Let me show you what's previously been marked as
19 Government's Exhibit 20 for identification and again
20 since it's not in evidence unlike the other documents I
21 ask you not to refer to it.
22 THE DEPUTY CLERK: Government's Exhibit 20
23 marked for identification.
24 (Government's Exhibit 20 marked
25 for Identification)

242

1 BY MR. O'NEILL:
2 Q Does that document refresh your recollection as to
3 whether there was a separate consulting agreement on
4 Arama with Mr. Nunn?
5 A Yes.
6 Q And does it refresh your recollection as to how
7 much Mr. Nunn was to be paid as a consultant on Arama?
8 A Yes, it says it right there, \$150,000.
9 Q So, Mr. Martinez, approximately how much was
10 Mr. Nunn going to be paid to act as a consultant on
11 Arama?
12 A well, the aggregate amount for both contracts would
13 be \$375,000.
14 Q Mr. Martinez, did there come a point in time that
15 that agreement was increased?

allbinders as word for experiment.txt

16 A I did not understand you.
17 Q Did there come a point in time when you agreed to
18 pay Mr. Nunn even more money to accomplish his goal of
19 obtaining the Mod Rehab units?
20 A Yes.
2 Q At this time I'd show you what's previously marked
2 as Government's Exhibit 22?
2 THE DEPUTY CLERK: Government's Exhibit 22
2 marked for identification.
2 (Government's Exhibit 22 marked

243

1 for Identification)
2 BY MR. O' NEILL:
3 Q And I'd ask you, sir, if you recognize this?
4 A Yes, sir.
5 Q What do you recognize it to be?
6 A Well , I see my signature underneath a handwritten
7 note by, I believe, by Mr. Nunn.
8 Q Okay And did you keep this kind of document in
9 the regular course of your business?
10 A Yes.
11 Q And is it the regular course of your business to
12 keep such a document?
13 A Yes.
14 Q And is it made at or about the time of the date
15 that is on top of the agreement?
16 A The modification is made at the date on the bottom.
17 Q The modification is dated, is that right?
18 A Yes, sir.
19 MR. O'NEILL: At this time I move it into
20 evidence, Your Honor.
2 MR. WEHNER: No objection, Your Honor.
2 THE COURT: All right, it will be admitted.
2 What s the date on that? It's 22.

2 MR. O'NEILL: Your Honor, the date of the
2 addendum is April 11, '84.

244

1 THE COURT: Did you move 20 in?
2 THE DEPUTY CLERK: No, he did not.
3 THE COURT: I don't think so.
4 MR. O'NEILL: No, Your Honor.
5 (Government's Exhibit 22
6 received into Evidence)
7 BY MR. O'NEILL:
8 Q Mr. Martinez, how much was the contract increased
9 for?
10 A \$50,000.
11 Q So what does that bring the total fee that Mr. Nunn
12 would receive if he was successful in obtaining Mod
13 Rehab units for Arama?
14 A \$425,000.
15 Q And what was your understanding as to what he would
16 do for that money?
17 A Again, bring the -- to Dade County, Florida the
18 contract authority for 300 Mod Rehab units.
19 Q And to your knowledge, how was he going to
20 accomplish that?
2 A I have no idea.

2 Q Now, Mr. Martinez, did there come a point in time
2 when you met with Mr. Nunn concerning the Arama projects
2 and his efforts to obtain Moderate Rehabilitation units
2 for Arama?

1 A Yes.

2 Q And when did that occur?

3 A Well, we had a number of meetings. One of them was
4 on or about when this increase to the contract was
5 executed.

6 Q Did you have any meetings in Washington, D.C.?

7 A Yes.

8 Q And where did the meeting take place in Washington,
9 D.C. ?

10 A Well, we met at the airport and subsequent to that
11 we met at Mr. Mitchell's office. t 1213

Q And when you say Mr. Mitchell, are you referring to
John Mitchell?

14 A Yes.

15 Q And how do you know it was John Mitchell who you
16 met?

17 A Well, I had seen his photograph many many times and
18 he was introduced to me as such.

19 Q And where was this located, do you recall?

20 A No, I do not recall the street address.

2 Q Do you recall whether there was any business name
2 on the door or in the building?

2 A No, I was later told that those were the offices of

t 2 Global Research.

2 Q Now, Mr. Martinez, when you were at this meeting

246

1 what if anything did you discuss?

2 A well, we talked very small talk. We didn't talk

3 about any specific matter of the contracts at hand.

4 There was a mention of how my partner who had had polio,

5 that he could not walk very well, and former Attorney

6 General Mitchell said that when people are drunk they

7 also could not walk very well.

8 Q Now, aside from --

allbinders as word for experiment.txt

9 MR. WEHNER: Your Honor, side bar conference?

10 THE COURT: All right.

11 (Bench conference)

12 MR. WEHNER: Your Honor, I renew my objection

13 to the statements of Mitchell based on the proffer of

14 Mr. O'Neill. We have not only the statements of Nunn

15 but now we have the statements of John Mitchell who is

16 dead and is not available to be called as a witness and,

17 again, there is no showing that Mitchell was a member of

18 the conspiracy. Therefore, his statement should not

19 come in as co-conspirator statements and, more

20 importantly, that Miss Dean was a member of any

2 agreement involving this.

2 MR. O'NEILL: Your Honor, I will be intending

2 to elicit at this time the statement by either Mitchell

2 or Nunn and I believe it goes to weight, that's the

2 Government's position, since we cannot tell which one it

I 247

is who says that John Mitchell is related to Deborah

1

Dean and that she is an important person at HUD.

3

2

THE COURT: How did this come in as part of

4

the conspiracy? I have the conspiracy in mind. You're

5 alleging at this point there's an illegal agreement, an

6 agreement to commit illegal acts by Nunn and Martinez

7 and Mitchell, is that right?

8 MR. O'NEILL: That's correct, Your Honor.

9 THE COURT: what evidence is there going to

f

10 come in that they've agreed that they're going to do

11 some improper activities with Deborah Dean or others at

12 HUD in this project, if having a consultant is illegal?

13 MR. O'NEILL: Judge, it's going to be

14 circumstantial. The Government has no proof, direct

15 proof of a conspiracy. We have no person on the inside,

16 nor do we need that. The circumstances, the Government

17 contends, will show that there's a conspiracy and that's

18 what we're basing our entire proof on. There is no

19 direct evidence. We do not have somebody on the inside

20 who is going to say we did that. We have some HUD

2

employees who will say they did that and later on that

2

will come in, but as to these individuals right now it
2

is entirely circumstantial.
2

THE COURT: well, my concern about letting
2

statements like that in when one has identified a

I 1 person, that has to be stricken later, and to try to get

2 it out of the jury's mind. At least at this stage I
3 don't see the proffer. I'll have to hear from some of
4 these witnesses eventually as to the status of the
5 conspiracy at this time. There's no evidence that Miss
6 Dean is in on this at this point, that she's agreed to
7 become a member of the conspiracy or does later, that
8 would tie this conversation against her. There's no
9 inference of impropriety by the fact that somebody said
10 -I

don't know if Mr. Nunn said this or not to
11 Mitchell, but that Deborah Gore Dean is an important
12 person, she's at HUD. I don't know what connotation you
13 want to take from that that there's some kind of illegal
14 arrangement. I don't know how -if

I let it in based
15 upon a proffer that there would be circumstantial
16 evidence as to create a conspiracy -
17

MR. O'NEILL: If there is not, Your Honor,
18 won't you have to dismiss the entire first three
19 counts?

20 THE COURT: Yes, but the evidence is in there,
2 at any event, in front of the jury. They've heard that,
2 whatever this conversation is supposed to purport to be.

2 MR. O'NEILL: we'll try to do it without the s 22
conversation, Judge.

THE COURT: And where it goes. I don't know

I 1 where it goes. To try to get it out of their minds with

2 respect to the other counts once it's in there -I'd
be
3 more sanguine about it if there are some more witnesses
4 that would testify as to what operations happened with
5 Mr. Nunn and maybe Mr. Nunn gets up there and says he
6 went over there and talked to her, whatever he's going
7 to say. That they didn't go through proper channels to
8 get the award and the award was done improperly, not
9 according to HUD regulations, and then inferences can be
10 made from that. I think you may have to bring him back.

11 MR. O'NEILL: Right. The only thing I can't
mention is what I mentioned previously about the July
5th letter in which he mentions a conversation with John

allbinders as word for experiment.txt
14 Mitchell and assures that 293 units will be funded.
15 THE COURT: what is Mr. Nunn going to say as
16 to this conversation about Dean sort of on the inside
17 here?
18 MR. O'NEILL: As to this particular
19 conversation?
20 THE COURT: Yes, what he heard of this
2 conversation,. Does he recall it?
2 MR. O'NEILL: Your Honor, I don't know.
2 THE COURT: All right. I'm going to sustain

s 2

the objection at this time, pending further evidence.

2

If you want to bring Mr. Martinez back to go through the

c 1 conversation with Mr. Nunn if he recalls it, that's

2 fine. But right now it's very skimpy, the proffer and
3 the evidence that I've seen so far of Miss Dean's
4 involvement. I don't know what the evidence is going to
5 be. Maybe you can inform me where her job was and the
6 position that she had, and this took place in April of
7 '84 and she was not yet a Special Assistant to the
8 Secretary unless she was acting Special Assistant or
9 something. That's not reflected in the record. Was she
10 already working for the Secretary directly?
11 MR. O'NEILL: I don't know the exact date. e
1213

THE COURT: You have to tie it in with that.
I'll sustain it at this time.

14 (Bench conference concluded)

15 THE COURT: All right. It's sustained. Go to
16 another question

17 MR. O'NEILL: Thank you, Your Honor.

18 BY MR. O'NEILL:

19 Q Mr. Martinez, you mentioned your meeting with
20 John Mitchell at Global Research. Was that the only
2 time that you met with John Mitchell in relation to
2 Arama?

2 A Yes.

t 2 Q Now, when you hired Mr. Nunn to represent you as a
2

consultant and attorney in order to get Moderate

1 Rehabilitation units for Arama, to your knowledge, were

you hiring anyone else?

3 A No.

4 Q Did you know whether Mr. Nunn was hiring anyone
5 else?

allbinders as word for experiment.txt

6 A No.

7 Q Did there come a point in time, Mr. Martinez, that
8 you received a notice that Arama was indeed funded?

9 A I remember being told by Governor Nunn that that

10 was the case.

11 Q And that was the first time you recall being told

t 12 that Arama would be funded?

13 A Yes.

14 Q Mr. Martinez, I will now show you what's
15 previously been marked as Government's Exhibit 29 for
16 identification.

17 THE DEPUTY CLERK: Government's Exhibit 29

18 marked for identification.

19 (Government's Exhibit 29 marked for

20 Identification)

21 BY MR. O'NEILL:

22 Q I'd ask you not to refer to it at this time. I put
23 the cart before the horse. Do you recall when you - do
24 you recall when you were informed by Mr. Nunn that Arama
25 had been funded?

1 A No.

2 Q Does Government's Exhibit 29 for identification
3 refresh your recollection?

4 A Yes, there's a date on that letter.

5 Q And when were you informed that Arama would be
6 funded?

7 A On or about the date of the letter.

8 Q Well, does that refresh your recollection as to
9 when it was funded, that you learned of the funding?

10 A Yes.

11 Q And what was that date? c

1213

A July, 1984.

Q what if anything did you do after receiving a
14 notice that Arama was going to receive the funds? In
15 other words, did you go to the local PHA?

16 A I may have done that, yes.

17 Q And what if anything did you do at the local PHA?

18 A I may have advised them that the funding would be
19 forthcoming.

20 Q Now, based on your experience, wouldn't the PHA
2 notify you of the funding?

2 A Not necessarily.

2 Q why is that?

c 2 A Because most, if not all, of the funding that the
PHA was receiving at that time came from developers like

1 me.

2 Q And how did developers like you obtain funding for

the local PHA?

4 A well, I don't know how anybody else did it but I

5 know I hired -

6 Q How did you do it?

7 A I hired a lobbyist-consultant.

8 Q And why did you hire a lobbyist-consultant?

9 A Because I had no other way of getting a -- the

I

10 subsidy to Dade County.

11 Q Were you able to get it by yourself?

12 A No.

13 Q Now, are you a rather large developer at that time

14 down in Florida?

15 A Well, I don't know what constitutes large

16 developer.

17 Q Did you do a lot of housing work with the local

18 PHA.

19 A Yes, I did.

20 Q And you were not able to get Mod Rehab units from
2 them?

2 A They were not able to get them, period. They
2 couldn't give out whatever they couldn't get.

s 2 Q Now, as to Arama, Mr. Martinez, do you know what
2

Louie Nunn did in order to obtain those units that were

254

1 funded?

2 A No, sir, I do not.

3 Q And how many units did you ultimately get?

4 A Well, the project ultimately consisted of 293
5 apartment units.

6 Q And did you in fact get funding for that?

7 A Yes, sir.

8 Q Now, Mr. Martinez, did there come a point in time

9 when you paid Mr. Nunn his fee for getting you these Mod
10 Rehab units?

11 A Yes.

t 1213

Q And subsequent to that did there come a point in
time where you again sought his services in order to
14 gain Mod Rehab units for a project known as South
15 Florida One?

16 A Yes.

17 Q And do you recall approximately when that
18 occurred? Do you know the year?

19 A 1986, I believe.

20 Q And why did you go to Louie Nunn to help you get
2 these Mod Rehab units on South Florida One?

2 A A, because he was my friend, B, because we had
2 already been successful.

s 2 Q And did you enter into an agreement again with
2

Mr. Nunn?

t 255

1 A Yes.

2 Q And what did that agreement call for you to pay
3 Mr. Nunn if he was successful in getting you Mod Rehab
4

units?

5 A I believe it was \$219,000.

6 Q And what was your understanding as to what he was
7 going to do in order to earn this fee?

8 A He was going to obtain or help to obtain funding of
9 Mod Rehab units for Dade County, Florida.

10 Q what was your understanding as to how he was going
11 to accomplish that task?

t 12 A How?

13 Q Yes.

14 A I don't know how.

15 Q Now, did there come a point in time when you
16 actually received an award for South Florida One?

17 A Yes.

18 Q And how did you learn that South Florida One was
19 funded?

20 A Probably Governor Nunn told me.

2 Q Did there come a point in time where you paid

2

Mr. Nunn his fee on South Florida?

2 A Yes.

t 2 Q Now, as to either Arama or South Florida , other
2

than the one trip you told us about previously going to

256

1 Washington to see Mr. Mitchell, did you ever go to
2 Washington to meet with anybody at HUD headquarters?

3 A No.

4 Q Now, Mr. Martinez, I would like to show you a
5 couple of documents.

6 Mr. Martinez, at this time I will show you
7 what's previously been marked Government's Exhibit 24
8 for identification purposes.

3 A From my understanding is that it's in connection

2 A To Governor Nunn.

2 Q And what is the date of the letter?

2 A May 21, 1986.

261

1 Q I would direct your attention to the second page of
2 the letter, below your signature?

3 A Yes.

4 Q And it says C.C. or carbon copy, Colonel Jack
5 Brennan, with enclosure?

6 A Yes.

7 Q who is Colonel Jack Brennan?

8 A I do not know.

9 Q why is that on this letter?

10 A Governor Nunn asked me to send him a copy.

11 Q Mr. Martinez, I will now show you what's previously
12 been marked Government's Exhibit 46 for identification?

PROCEEDING S

2 (In chambers, Defendant present.)
3 THE COURT: All right, this is, I guess, Wednesday,
4 September 15, and counsel for defendant requested a chambers
5 status call on the record. Ms. Dean is here, as well as the
6 government attorneys.
7 MR. WEHNER: Your Honor, if Your Honor recalls the
8 proceedings over the past month or so, we've had several
9 arguments and heated debates about the production of Jencks and
10 Brady material, and if Your Honor will recall, approximately
11 ten days or so ago, we agreed to a confidentiality order which
12 prohibited us basically from disclosing this evidence anywhere
13 except for proper use in the courtroom.
14 Yesterday afternoon, the Independent Counsel handed to
15 me what they called a Gialio production for Jack Brennan, and
16 in it was included a number of transcripts, including one of

allbinders as word for experiment.txt
17 Ms. Dean's mother that has significant redactions in it. I would
18 like the Court to review all of the redacted material to
19 determine whether it is properly producible.
20 And I am sorry I have to make that request to the
21 Court, but I am not able to know whether that material is good
22 for cross examination or is not good for cross examination or is
23 totally irrelevant or is related. I'm just in the dark and have
24 no way of knowing. And I apologize for having the Court go
25 through this.

270

1 THE COURT:
2 testimony or what?
3 MR. WEHNER:
4 THE COURT:
5 MR. WEHNER:
6 THE COURT:

This is a transcript of an interview or

Grand jury testimony.
Grand jury testimony of Ms. Dean's mother?
Yes, sir.
Okay. Wait a second, why was that produced

7 now, as opposed to if she's going to be a witness? What does it
8 have to do with Jack Brennan?
9 MR. O'NEILL: Any part that might have possibly had any
10 bearing on the credibility of Jack Brennan.
11 THE COURT: I see.
12 MS. SWEENEY: This was what we had explained, Your
13 Honor, that we tried to go through and identify any reference -
14 THE COURT: I see, all relationships.
15 MS. SWEENEY: --to the individual who would be
16 testifying.
17 THE COURT: All right.
18 MS. SWEENEY: And even if it wasn't, we believed, true
19 Giglio. because of Mr. Wehner's concerns and the difficulties
20 we've had, we were going to be producing them.
2 THE COURT: So Ms. Dean's mother went before the grand
2 jury and testified in this case?
2 MS. SWEENEY: Yes, Your Honor.
2 MR. WEHNER: Yes, sir. I represented her at that
2 point. She did testify for about half an hour or so.

271

1 But I give Your Honor another example. Here is a
2 Jerris Leonard interview that is basically 85 percent blacked
3 out.
4 THE COURT: All right. And the redactions are because
5 it doesn't deal with anything related to this testimony by
6 Mr. Brennan?
7 MS. SWEENEY: Yes, sir.
8 MR. O'NEILL: If we're talking about Mr. Brennan, for
9 instance, his Jencks material has been turned over unredacted.
10 THE COURT: Right.
11 MR. O'NEILL: Giglio is any impeachment material,
12 even any possible impeachment material about the person. It does
13 not mean you have to get the entire report, just the reference to
14 the person.

allbinders as word for experiment.txt
15 MR. WEHNER: Judge, I agree, it doesn't mean you have
16 to get the entire report, but it also doesn't mean that the
17 Independent Counsel at its own 100 percent discretion determines
18 what is produced and what isn't.
19 THE COURT: well, I don't, except for this one thing -
20 well, it looks like the only reference I see here is that
2 Mr. Leonard -- I might know his lawyer here in town -- says he
2 hadn't heard anything about the rehab process. But I'm not sure
2 that's Giglio material for Mr. Brennan.
2 MR. WEHNER: I don't know whether it is or not, Judge.
2 THE COURT: All right.

272

MR. WEHNER: We can't tell.
2 THE COURT: Let's get back in the trial. I'll have the
3 government give me the -
what documents are you looking for?
4 Are you looking for Ms. Dean's mother's testimony and the Leonard
5 testimony?
6 THE DEFENDANT: And Tully.
7 THE COURT: I'll go through those and just see if there
8 is any pattern that can be established that the government is not
9 being productive. I'm not sure what the government had to be or
10 not.
11 MR. WEHNER: James Tully would then be a third, because
12 90 percent of whatever he said in front of the grand jury is
13 blacked out. Now I think we have the right to have the Court
14 review all redactions.
15 THE COURT: well, I'll review a few now to see what the
16 pattern is and compare it to what's been produced and then see
17 whether or not I think it's necessary to review all other
18 redactions under Giglio. Certainly under Jencks, I have to
19 review all the Jencks. This is not Jencks material. All right,
20 I'll review those again.
21 Today we hear from whom?
22 MS. SWEENEY: Your Honor, may we address a related
23 matter?
24 THE COURT: Sure.
25 MS. SWEENEY: Your Honor, late yesterday afternoon,

273

three different members of our staff observed that one of the
2 older individuals who's been accompanying Ms. Dean, an older
3 gentleman who's been accompanying Ms. Dean to court was in the
4 audience section of the courtroom and was reading a grand jury
5 transcript, what we recognized to be one of our grand jury
6 transcripts, and during one of the side bars, the individual went
7 into the well, handed it back to Ms. Dean.
8 That was precisely the reason, Your Honor, that we
9 asked for the confidentiality order, and we're quite concerned.
10 MR. WEHNER: Quite concerned. Do you know who that is?
11 That is a lawyer, Judge.
12 THE COURT: I know who it is.
13 MR. WEHNER: Ms. Dean, who is that person on the
14 record?
15 THE DEFENDANT: It's my Uncle Jimmy, and he has -
16 members of my family have been trying to help Steve and I
17 organize the vast amount of paper, and so they've been putting
18 things in files, and one of the files that he had been working on
19 was Mr. Martinez, and he had misunderstood something. He only
20 had one page, and he handed it to me. And he completely
21 misunderstood what it was.

allbinders as word for experiment.txt
22 And it was not about anything to do with Mr. Martinez.
23 It was about a HUD form, and it said something about revised 185,
24 and he thought revised meant that someone had changed something.
25 It was just inconsequential. They're just trying to

274

1 help.
2 MR. WEHNER: we're using it for preparation of our
3 defense, and we're entitled to do it.
4 THE COURT: wait a second. what does the confidential
5 order -- didn't it just say you and Ms. Dean?
6 MR. WEHNER: No.
7 THE COURT: It didn't restrict it to -
8 MR. WEHNER: No, sir. It said we could use it in the
9 preparation of our defense.
10 THE COURT: well, I think you'd better tie it down a
11 little bit. I'm not sure that people who are not lawyers
12 actually in the case should be reading sealed materials.
13 MR. WEHNER: I don't think it's sealed, Judge. It's
14 not a seal anymore.
15 THE COURT: well, grand jury.
16 MR. WEHNER: No, sir, not when it's made producible
17 under Jencks.
18 THE COURT: Under the confidential agreement, it's
19 supposed to not be shown around. I have some concern about you
20 showing it around to whoever may be assisting in the case, may be
2 a lawyer or cousin. I have no idea who those people are, if they
2 understand the terms of the confidential order or not, what we're
2 supposed to tell other people.
2 THE DEFENDANT: we did talk to them about the
2 confidential order.

275

1 THE COURT: I'm not going to spend some time about it
2 this morning. I'm going to pull the confidential order this
3 afternoon and perhaps get a chance at lunch to look at it, and
4 we're going to get some guidelines established exactly who's
5 going to be looking at what.
6 MR. WEHNER: You know, Judge, the confidentiality order
7 provides not for disclosures except for the proper presentation
8 of the defense. Now there has been no indication that that has
9 been used in any other way.
10 THE COURT: well, I think we'd best be sure who's
11 looking at what.
12 MR. WEHNER: Just for Your Honor's information, we
13 don't -- and I told Mr. O'Neill this yesterday evening --we
14 don't have any questions for Mr. Martinez. I informed
15 Mr. O'Neill of that yesterday evening that we might not.
16 THE COURT: You've got no redirect?
17 MR. O'NEILL: No, Judge.
18 THE COURT: Unless you come up with something else on
19 part of your direct.
20 who's your next witness?
2 MS. SWEENEY: Our next witness is David White.
2 And we have one other matter, Your Honor, related to
2 the -2
THE COURT: who else is coming today, just so I know
2 what you're reading in the redacted documents?

276

allbinders as word for experiment.txt

1 MS. SWEENEY: We have a HUD custodian that we may have
2 to call if a document cannot be admitted otherwise, and then we
3 have Mr. Brennan.
4 THE COURT: So he will be coming today?
5 MS. SWEENEY: He will be coming today.
6 We anticipate reaching Frank Gauvry and Mel Adams,
7 Martha Mitchell, and Chuck Foley.
8 THE COURT: All right. Can I see those redacted
9 materials then of Tully?
10 MR. WEHNER: I'm providing an interview report dated
11 July 29, 1992, for Jerris Leonard; grand jury transcript dated
12 March 1992 for James N. Tully.
13 THE COURT: This is Tully. And the mother, Ms. -- the
14 other one was Ms. Dean's mother, you said?
15 MR. WEHNER: Yes, sir. And a grand jury transcript for
16 June 2, 1992, of Mary Gore Dean.
17 MR. O'NEILL: Judge, if I may, what I'll do, if you're
18 going to do more, Ms. Sweeney can stay. I'll go check to see if
19 we have the unredacted copies.
20 MS. SWEENEY: I believe we did not bring the unredacted
2 of Giglio. Your Honor.
2 And, Your Honor, I had one additional matter. I'd like
2 to hand to Mr. Wehner a Gialio matter on Frank Gauvry and to
2 Your Honor as well. On this matter, Your Honor, it pertains to a
2 1972 investigation that never went anywhere, and we would ask

277

1 Your Honor that Your Honor limit and preclude Mr. Wehner from
2 going into this particular matter with this witness.
3 THE COURT: All right. This is a, just for the record,
4 what this is is -- and I'll put this under seal at this time to
5 protect Mr. Gauvry from any unfair accusations -
but the FBI
6 have, according to the government, investigated hearsay
7 allegations Mr. Gauvry may or may not have unsuccessfully
8 attempted to solicit kickbacks for himself and several others
9 from the construction manager for a retirement home being built
10 in Cape May and that he may have taken other improper or illegal
11 actions in connection with that project. No federal funds were
12 involved, and prosecution was declined back in 1972.
13 I don't think that's appropriate to get into.
14 MR. WEHNER: Your Honor, it may not be fair to get
15 into, but I don't know whether it is or not, because I just
16 received the piece of paper, and the rules under Brady and
17 Giglio provide that I need to have the information soon enough
18 to investigate it and make a decision as to whether I want to use
19 it and then intelligently argue it, and I request a continuance
20 until tomorrow morning to determine whether we want to use this
2 information.
2 THE COURT: I'm going to deny that request. I don't
2 think the report that's there is a basis that even further
2 investigation would allow you to get into something that 21 years
2 ago was never prosecuted as to his credibility vis-a-vis anything

278

1 that happens in this case. I don't see any -- if it was closer
2 in time to this case and had something to do with it, quite
3 obviously, if there were accusations, I just don't see how
4 Giglio material, that that's going to produce any relevant
5 information to be used in this case against the witness.
6 All right, I'm going to read through the materials as
7 soon as I get a chance at the recess over lunch hour of
8 Mr. Tully, Ms. Mary Gore Dean, and Mr. Leonard's interview to see
9 if the government has properly redacted portions that are not

allbinders as word for experiment.txt
10 relevant to Giglio issues. All right?
11 MR. WEHNER: Two other matters, Your Honor: I make an
12 oral motion to the Court at this time to require the Independent
13 Counsel to produce any further Giglio material 36 hours in
14 advance of the witness testifying.
15 THE COURT: Okay. What else do you have?
16 MR. WEHNER: And secondly, this afternoon, based upon
17 what the Independent Counsel has just said about their witnesses,
18 I believe that they are going to attempt to introduce documents
19 that were found from John Mitchell's files, and I wanted to alert
20 the Court to the fact that we have strenuous objections to those
21 being admitted, because we do not believe that they are properly
22 admissible as business documents or under any other exception to
23 the hearsay rule.
24 THE COURT: These will be documents obtained from his
25 records in Global Research?

279

1 MR. WEHNER: Yes, sir.
2 THE COURT: And you're going to bring some custodian in
3 or somebody from Global Research?
4 MS. SWEENEY: Yes, Your Honor. Several witnesses will
5 be testifying about the preparation of those and maintenance of
6 those documents.
7 THE COURT: Will that be this morning or this afternoon
8 or you don't know?
9 MS. SWEENEY: It's conceivable, Your Honor, that we
10 could reach Mr. Brennan this morning. His testimony will cover
11 that matter, among others, but it's not directed at that
12 particular issue exclusively.
13 THE COURT: And the objection you're going to lodge,
14 Mr. Wehner, is what, if they're going to pull these in as
15 business records?
16 MR. WEHNER: It's twofold, Your Honor. One, I do not
17 believe that any witness can satisfy the requirements of the
18 business records exception to the hearsay rule. Secondly, I do
19 not believe they are reliable enough to fall within the general
20 exception to the hearsay rule; and thirdly, even if the records
21 are properly admissible as business records, the information
22 contained on those records includes notes, I believe the evidence
23 will be, by John Mitchell, and those notes on the business
24 records are hearsay as to Ms. Dean, in addition to the over and
25 above the records being admissible.

280

1 THE COURT: All right.
2 MR. WEHNER: So even if the records are admissible, the
3 statements of Mitchell, I submit, are not in furtherance of the
4 conspiracy or properly admissible under the exception to the
5 hearsay rule.
6 THE COURT: There is a case in the Court of Appeals a
7 few months ago on a business record taken. That was a receipt
8 for a television discovered in a suspect's home that was used to
9 show that that was his home and residence where they found the
10 drugs, and the Court of Appeals reversed, saying it was hearsay
11 what was written on the receipt, even though it was probably a
12 business record.
13 There was a strong dissent, but they said it's hearsay
14 what's written on that. The fact that there was a receipt could
15 be admitted, a receipt from XYZ TV repair shop, but the person

allbinders as word for experiment.txt
16 that's identified on the receipt as bringing the TV in was
17 hearsay.
18 MS. SWEENEY: Your Honor, in that case, though, the
19 individual against whom it was offered did not live at that
20 address. The attempt was made to use a receipt to establish -
2 THE COURT: Right, to establish it was his place.
2 MS. SWEENEY: Residence, yes. And the place was
2 actually leased by someone else.
2 I'm familiar with the case. I can't recall the name of
2 it just at the moment.

281

THE COURT: Yes.
2 MS. SWEENEY: We're preparing a brief on this issue,
3 Your Honor, and we expect to have that available before we
4 actually, or at the time that we move these into evidence.
5 THE COURT: I'll take some time to look at it then.
6 MR. WEHNER: Judge, could we have a chance to respond
7 to their brief since it's not being filed in advance of the
8 testimony apparently?
9 THE COURT: I think you'll have to go on whatever is
10 ready to be done.
11 MR. WEHNER: Yes, sir.
12 THE COURT: I think we'll probably need whoever is
13 supposed to identify these documents on the stand to talk about
14 these documents. If it has to be done outside of the presence of
15 the jury, we'll do that, but we need to lay a foundation.
16 MR. WEHNER: Your Honor said outside of the presence of
17 the jury initially?
18 THE COURT: If necessary. I'll see when he comes out
19 what he's got to say. Maybe he can just be shown the documents
20 without saying what they are in the presence of the jury. But
21 there's got to be a foundation so I have some basis on which to
22 rule on how these documents are introduced.
23 MR. WEHNER: Does Your Honor wish to rule on my oral
24 motion for a Giglio production schedule?
25 THE COURT: Talk about it with the government. I'm not

282

1 going to rule upon it at this time.
2 MR. WEHNER: Thank you, Your Honor.
3 (Open court, Defendant present, Jury out.)
4 THE CLERK: Criminal No. 92-181, United States of
5 America v. Deborah Gore Dean. We have Robert O'Neill and Paula
6 Sweeney for the government, Stephen Wehner for Ms. Dean.
7 THE COURT: All right, we're ready to proceed. You can
8 bring the jury in, please.
9 THE DEPUTY MARSHAL: Yes, Your Honor.
10 (Jury in.)
11 THE COURT: All right, Ladies and Gentlemen, good
12 morning. Thank you for your patience. We had a couple matters
13 to take up with counsel. We have finished that now, and counsel
14 for Ms. Dean has announced he has no cross examination of
15 Mr. Martinez, the witness we finished with last evening, and the
16 government had no more questions, so he's been released as a
17 witness.
18 So we can now go ahead with our next witness.
19 MS. SWEENEY: United States called David White.
20 DAVID DOWNING WHITE, GOVERNMENT'S WITNESS, SWORN
2 DIRECT EXAMINATION

allbinders as word for experiment.txt

2 BY MS. SWEENEY:

2 Q. Good morning, Mr. White.

2 A. Good morning.

2 Q. Mr. White, would you please state your entire name for the

283

1 record, spelling your last name? And try to keep your voice up

2 so the Ladies and Gentlemen of the Jury can hear.

3 A. My name is David Downing White, w-h-i-t-e.

4 Q. Mr. White, are you presently employed?

5 A. Yes, I am.

6 Q. And what do you do for your job?

7 A. I'm an administrative appeals judge with the Social Security

8 Administration.

9 Q. Did you ever in the past work at HUD?

10 A. Yes, I did.

11 Q. And when was that?

12 A. I worked there from October of 1977 through March of 1989.

13 Q. Can you describe for us what your particular job was at HUD?

14 A. I was the assistant general counsel for administrative law,

15 and I was basically responsible for the legal matters having to

16 do with management of the department, such as the Freedom of

17 Information and Privacy Acts, the procurement system, and the

18 standards of conduct and conflict of interest program of the

19 department.

20 Q. You've just mentioned the standards of interest and --

2 standards of conduct and conflict of interest program of the

2 department. Could you give a brief description of that for the

2 members of the jury?

2 A. Every government agency has a standards of conduct

2 regulation, and it requires, it applies to all employees of the

284

1 department, and the departments and agencies all have counsel on

2 standards of conduct who are responsible for advising employees

3 of the agency of the duties and responsibilities under the

4 standards of conduct regulations, and basically that was the --

5 my position was a deputy counsel in the department on standards

6 of conduct, and I was responsible for advising employees of their

7 responsibilities under the standards of conduct and supervising

8 other attorneys and other employees who worked in that area.

9 Q. Do you know the defendant in this case, Deborah Gore Dean?

10 A. Yes, I do.

11 Q. And did you meet her during the time of your service at HUD?

12 A. Yes.

13 Q. Do you recall when you first met the defendant?

14 A. No, I don't precisely recall that.

15 Q. Did there ever come an occasion when the defendant asked you

16 for a formal opinion regarding her conduct?

s

allbinders as word for experiment.txt

17 A. Yes, there was one occasion when she asked for a formal
18 opinion.

i

19 Q. Do you recall when that was?

i

i

20 A. In February of 1984.

2 Q. And did you respond to the defendant?

2 A. Yes, I did.

2 MS. SWEENEY: Your Honor, I'm showing the witness the
2 document that's been previously marked for identification
2 Government's Exhibit 258.

3

285

1 THE COURT:
2 THE CLERK:
identification.

BY MS. SWEENEY:

All right.
Government's Exhibit 258 marked for

(Government's Exhibit No. 258 was
marked for identification.)

7 Q. Mr. white, could you look at Government's Exhibit 258 and
8 tell us if you recognize that document?

9 A. Yes, I do.

10 Q. Do you recognize the signature on the document?

11 A. Yes. That's my signature.

12 Q. What is the document?

13 A. This is a memorandum to Ms. Dean from, from me concerning,
14 the subject was standards of conduct, private dealings with
15 person doing business with HUD.

16 MS. SWEENEY: Your Honor, we have a certification of
17 authenticity for Government's Exhibit 258, and based on that
18 certification from the Department of Housing and Urban
19 Development and Mr. white's identification of the document, I now
20 move Government's Exhibit 258 into evidence.

2 MR. WEHNER:

2 THE COURT:

2

2

2 BY MS. SWEENEY:

No objection, Your Honor.
All right. 258 is admitted.
(Government's Exhibit No. 258 was
received in evidence.)

286

1 Q. Mr. White, I'd ask you to take a look at Government's
2 Exhibit 258 in evidence, and is this the formal opinion that you
3 provided to Ms. Dean?
4 A. Yes, it is.
5 Q. And what was the subject of this opinion?
6 A. Well, the subject was private dealings with person doing
7 business with HUD. It had to do with a question Ms. Dean raised
8 about whether it was permissible for her to share the rental of a
9 summer beach house with a former HUD employee who was continuing
10 to do business with HUD.
11 Q. In the course of providing advice on this matter, did you
12 call, did you direct Ms. Dean's attention to certain standards of
13 conduct?
14 A. Yes. That memorandum does that.
15 Q. And can you tell us where precisely the memorandum discusses
16 the standards of conduct?
17 A. Well, it covers two, it covers two points. It covers the
18 question of whether the, the sharing arrangement constituted a
19 gratuity to Ms. Dean and concludes that it did not, because each
20 of the persons renting the house was contributing equally.
2 And then it also goes on to cover the matter of whether
2 owing to the relationship with this individual, the friendship
2 and the summer beach house sharing arrangement, Ms. Dean should
2 refrain from, from handling matters coming before her in the
2 department in which this individual was involved, and it, it

287

states that because the individual is a close personal friend, it
could create the appearance of favoritism or of loss of
impartiality for you to take or recommend actions which would
benefit him. You need not avoid any particular type or extent of
social conduct with him, but if you are in a position to take or
recommend actions which could benefit him or to expedite the
consideration of such matters, I would advise you to refrain from
doing so. If you are not in a position to assist him or any
other of your friends who may deal with HUD, your outside social

10 activities will raise no standards of conduct issue.
11 Q. Does this memorandum accurately reflect the standards of
12 conduct in 1984?
13 A. Yes, it does.
14 Q. Did those standards change at all during the period 1984
15 through July of 1987?
16 A. No, they did not to my knowledge.
17 Q. Now, Mr. White, this memorandum discusses close personal
18 friends. Would these same standards of conduct have any
19 application in the case of a family member as well as a friend?

allbinders as word for experiment.txt
20 A. well, yes, I think that the general, the general standards
21 that this, the general standards that this memorandum relies on,
22 that is, that government employees should avoid actions which
23 might appear to amount to a loss of complete impartiality or
24 which might demonstrate favoritism, would also apply to a family
25 member as well as to a close friend.

288

1 That is, they would, they would counsel that an
2 employee should not, should refrain from acting in a matter in
3 which a family member had an interest.
4 Q. Does this memorandum reflect Ms. Dean's position at the time
5 she requested this formal opinion?
6 A. You mean her government position?
7 Q. Yes, her particular job at HUD.
8 A. Yes, I believe it does.
9 Q. And what position was that, Mr. White?

10 A. Special assistant to the secretary.

11 Q. Do you know, do you happen to recall if at that time

12 Ms. Dean was serving in more than one capacity within the
13 department?

14 A. I'm not -- I don't recall.

15 Q. Did there come a time when Ms. Dean sought a different
16 position at HUD?

17 A. I believe she was, I believe she was nominated to be the
18 assistant secretary for Community Planning and Development.

19 Q. And in the course of your duties and responsibilities in the
20 general counsel's office, did you have any duties and

2 responsibilities that involved individuals who were applying for
2 positions such as assistant secretary?

2 A. Yes. My duties included the review of financial disclosure
2 statements that were, that were submitted by nominees to, to

2 positions, presidential nominees, as well as the financial

289

1 statement submitted by all political appointees in the
2 department, and in that capacity, I reviewed her financial
3 disclosure statement.
4 Q. What did you do after you reviewed her financial disclosure
5 statement?
6 A. If -I
think that the, what was required in the case of a
7 presidential appointee was that after the agency, after the
8 agency official reviewed and approved the, the financial
9 disclosure statement, then it was sent to the Office of
10 Government Ethics, and from there it would be sent to the, to the
11 Senate if the nomination went forward, and I'm sure that I
12 approved it.
13 I think in, it would actually have been the general
14 counsel who made the final approval of the form and who signed
15 the letter to the Office of Government Ethics certifying that the
16 financial disclosure statement revealed no problems with respect
17 to the nomination.
18 Q. And what was your particular role in, in that approval
19 process?
20 A. I was, let us say, the first line reviewing.
2 Q. Did you ever have an occasion to talk with defendant about
2 her financial disclosure form?
2 A. Well, subsequent to, subsequent to the approval of the form,
2 I was, I attended a social event in the department, a Christmas
2 party, I believe, and I was told at that time during the course

290

1 of that party -
2 MR. WEHNER: Objection.
3 THE COURT: All right. I'll sustain it, unless you can
4 show it's the defendant saying it.
5 BY MS. SWEENEY:
6 Q. Mr. White, did, did you have a conversation, just answer the
7 question yes or no, with Ms. Dean about the financial disclosure
8 form?
9 A. Yes, I did.
10 Q. And what did Ms. Dean say to you?
11 A. She said that, she said that she -- I had called her to make
12 sure that she understood that the form had been approved by our
13 office, and she said she, she knew that the General Counsel's
14 Office had approved the form but that, that she was, she had said
15 that our failure to approve it was the reason her nomination
16 hadn't gone forward.
17 Q. Did she say anything else at that time?
18 A. I don't recall. As I say, I called her to straighten out
19 what I thought was a misunderstanding, and she assured me she
20 knew what the facts were, and I think that was the end of the
2 conversation.
2 MR. WEHNER: Excuse me, Your Honor, I didn't understand
2 the, not the last answer, but the answer prior to that. Could I
2 have that read back?
2 THE COURT: All right.

291

(Answer read.)
2 MR. WEHNER: Thank you, Your Honor.

allbinders as word for experiment.txt

3 MS. SWEENEY: We have no further questions at this
4 time, Your Honor.
5 THE COURT: All right.
6 MR. WEHNER: Briefly, Your Honor, on that?
7 THE COURT: Yes.
8 MR. WEHNER: Good morning, Ladies and Gentlemen.
9 THE JURORS: Good morning.
10 CROSS EXAMINATION
11 BY MR. WEHNER:
12 Q. Mr. White, the government's exhibit which is on the chart
13 and has been introduced into evidence reflects in the first
14 paragraph, "Your letter of February 7 requests my opinion whether
15 you may do certain things," does it not?
16 A. Yes.
17 Q. And that is a reference, is it not, to the fact that
18 Ms. Dean disclosed this to you in order to get an opinion from
19 you; is that correct?
20 A. That's correct.
21 MR. WEHNER: Nothing further.
22 THE COURT: Any redirect, Ms. Sweeney?
23 MS. SWEENEY: No, Your Honor.
24 THE COURT: All right, thank you. Mr. White, you can
25 be excused, sir. Thank you.

292

(Witness excused.)

MS. SWEENEY: Your Honor, at this time, I would offer
into evidence Government's Exhibit previously marked for
identification 27.

THE CLERK: Government's Exhibit 27 marked for
identification

(Government's Exhibit No. 27 was
8 marked for identification.)

9 THE COURT: All right. No objection? Was that a
10 stipulated exhibit?

11 MR. WEHNER: No, sir, it is not.

12 May we see Your Honor at side bar?

13 THE COURT: Let me see it.

14 (Bench conference on the record.)

15 THE COURT: May I see it, please?

16 MS. SWEENEY: We're offering it, Your Honor, based on
17 the certificate of authenticity.

18 THE COURT: Okay. What's the objection?

19 MR. WEHNER: I don't know, Judge. I haven't seen the
20 certificate of authenticity.

21 THE COURT: Oh, I'm sorry.

22 MR. WEHNER: Thank you.

23 THE COURT: We're talking about attached to the
24 certificate of authenticity is a July 5, '84 letter marked
25 Government's Exhibit 27. It's part of the, the document attached

293

1 to the certificate of authenticity, which is a letter indicating
2 from Deborah Gore Dean, executive assistant secretary, to
3 Governor Nunn at Global Research, saying that she's talked with
4 General Mitchell concerning the request for additional Armana
5 rehab units and that she expects the units will be received from
6 HUD in the near future, with a red signed indication above the
7 name Deborah Gore Dean.

8 MR. WEHNER: No objection.

9 THE COURT: No? No objection?

10 MR. WEHNER: No objection.

11 THE COURT: All right.

12 This is your copy.

allbinders as word for experiment.txt

13 (End of bench conference.)

14 THE COURT: All right. For the record, you indicated
15 that certificate of authenticity attached thereto, what does that
16 say?

17 MS. SWEENEY: Yes, Your Honor. There's a certificate
18 of authenticity by James R. Walker, dated the 26th of July, 1993.
19 Would Your Honor like us to have this marked as a separate
20 exhibit?

2 THE COURT: No, that's all right. It's part of Exhibit
2 27, right?

2 MS. SWEENEY: May we now publish this exhibit to the
2 jury?

2 THE COURT: All right. I'll admit Exhibit 27, that is,

294

1 the certificate of authenticity, as well as the attachment being
2 admitted. The attachment is a letter which the certificate said
3 is from the records of HUD, kept in the normal course of
4 business. There being no objection, it's admitted.

5 MR. WEHNER: That's correct, Your Honor. No objection.

6 THE COURT:

7

8

9 THE COURT:

All right, thank you.
(Government's Exhibit No. 27 was
received in evidence.)
All right. The jury has had a chance to

10 read that on the big screen? Then you can go ahead, unless
11 you're going to ask a witness some questions about it.

12 MS. SWEENEY: Not at this time, Your Honor.

13 THE COURT: All right, let's go ahead.

14 MR. O'NEILL: Your Honor, before we call the next
15 witness, may we approach for one second?

16 THE COURT: All right, sure.

17 (Bench conference on the record.)

18 MR. O'NEILL: Your Honor, the next witness, you had
19 mentioned before trial anybody with immunity problems. This
20 witness did not have immunity, broached the subject last night,
2 and has, in fact, asked for it in an abundance of caution.

2 We have it drafted. It was supposed to be here this
2 morning. Apparently, it's not. So what I can do is take a
2 witness out of turn, and maybe I'll just do that, and I assume
2 after that witness, we'll probably have a break, and then we

295

1 could bring it to the Court's attention we do have an immunity
2 order to be signed.

3 MR. WEHNER: Can I inquire as to which witness it is?

4 MR. O'NEILL: Oh, yes, sure. Jack Brennan.

5 MR. WEHNER: Okay. And I would like, there's no
6 indication that either I or Ms. Dean have talked to Mr. Brennan
7 for several months; is that correct?

8 MR. O'NEILL: I wouldn't have any reason to believe you
9 did, but I don't know.

10 MR. WEHNER: Thank you.

11 MR. O'NEILL: Oh, you mean whether there's an inference
12 that you were -

13 MR. WEHNER: Yeah. I just wanted to make sure that
14 wasn't in your head, Bob.

15 THE COURT: So we're going to do an immunity review
16 with this witness outside the presence of the jury? He's going
17 to come in here? Are you just going to present me an order to
18 sign?
19 MR. O'NEILL: I was just going to present you an order
20 to sign, Your Honor, and I figure if we could do that over the
2 break, it might be simpler.
2 THE COURT: who can you call?
2 MR. O'NEILL: Then we can call Martha Jeffcock.
2 THE COURT: Do you know who she is?
2 MR. O'NEILL: Martha Mitchell Jeffcock.

296

1 THE COURT: She's a daughter?
2 MR. O'NEILL: She's a daughter.
3 MR. WEHNER: No objection, Judge.
4 THE COURT: All right.
5 MR. WEHNER: But I would ask for the fact that this
6 witness has asked for immunity unexpectedly raises Brady
7 questions in my mind, and I would like to know if there is any
8 Brady information that is available now that was not previously
9 available or -
10 THE COURT: This is as to Mr. Brennan?
11 MR. WEHNER: Yes.
12 MR. O'NEILL: Everything that we know about Mr. Brennan
13 was turned over in his Jencks and Giglio. There is nothing
14 other than that.
15 MR. WEHNER: So nothing has precipitated is the
16 question.
17 MR. O'NEILL: No.
18 THE COURT: The Giglio I've been given. You've given
19 me the redacted copies of it.
20 MR. WEHNER: Yes, sir. But there's nothing that's
2 precipitated his last-minute request for immunity?
2 MR. O'NEILL: When he asked for it last night, I got
2 the impression, although it's just an impression, that it might
2 have been based on conversations with other people, that other
2 people might have said something like, "well, do you have

297

1 immunity?" But that's my impression.
2 THE COURT: All right.
3 MR. O'NEILL: And I did tell him that my intention was
4 not to prosecute him; however, I cannot guarantee that that
5 applies to everyone.
6 THE COURT: All right.
7 MR. WEHNER: Okay.
8 MR. O'NEILL: Okay.
9 THE COURT: well, let's take this witness out of turn.
10 MR. O'NEILL: Okay.
11 (End of bench conference.)
12 MR. O'NEILL: Your Honor, at this time, the government
13 would call Martha Jeffcock.
14 THE COURT: All right. Ladies and Gentlemen, the
15 conferences will not only be legal issues but also be scheduling
16 issues. we've got a lot of people coming from various parts of
17 the country, and we're trying to organize people here and get
18 them going a little bit. So there will be of necessity some
19 delays in getting some things accomplished here.
20 MR. O'NEILL: She's upstairs, Your Honor. One minute.

2 THE COURT: Ladies and Gentlemen, some of the witnesses
2 are located in rooms not here on the fourth floor, and if they
2 aren't expected to be called right away, sometimes it takes a
2 while to go get them. And we are switching the order of
2 witnesses a little bit, so they have to go and get this witness

1 Q. And what was that?

2 A. Friends.

3 Q. Okay. And did they live together?

4 A. Correct.

5 Q. Okay. And do you know the address at which they lived,

6 ma' am?

7 A. Which one?

8 Q. Okay. During the mid-1980s, approximately 1984 to 1987.

9 A. It's a house called Marwood, in Maryland. If you want more

10 specifics, I can't give them to you.

11 Q. Did they also have an address in Washington, D.C.?

12 A. Yes.

13 Q. And where was that?

14 A. I don't know the name of the street.

15 Q. Do you remember the part of town?

16 A. It's in Georgetown.

17 Q. Now did you ever have a business relationship with the

18 defendant, Deborah Gore Dean? Did you ever work together?

19 A. I was in the offices of my father, and Deborah was in the

20 same offices.

2 Q. Okay. And was that after the defendant left the Department
2 of Housing and Urban Development?

2 A. One year.

2 Q. Okay. And what was the defendant Deborah Gore Dean's

2 business address called --or her company called; do you recall?

1 and bring her down.

4 BY MR. O'NEILL:
5 Q. Ms. Jeffcock, I will be asking you a series of questions.
6 I'd ask you to speak in a loud voice so everyone can hear you,
7 and I'd ask you to state your name and spell it for the court
8 reporter, please.
9 A. Martha Jeffcock, M-a-r-t-h-a J-e-f-f-c-o-c-k.

10 Q. Ms. Jeffcock, in what state do you presently reside?
11 A. California.
12 Q. And how long have you lived in California?
13 A. Two-and-a-half years.
14 Q. And what was your maiden name, ma'am?
15 A. Mitchell.
16 Q. And what was your father's name?
17 A. John Mitchell.
18 Q. Now do you know the defendant in this case, Deborah Gore
19 Dean?
20 A. I do.
2 Q. And how do you know the defendant?

2 A. Family friend.
2 Q. Okay. Was there a relationship between your father and her
2 mother?
2 A. Yes.

A. NO.
2 Q. Okay. Now are you familiar with a company called Global
3 Research International?
4 A. Yes. That's my father's company.
5 Q. Okay. Now are you familiar with an individual by the name
6 of Jack Brennan, or John V. Brennan?
7 A. My father's business partner.
8 Q. Okay. Now, ma'am, did there come a point in time when your
9 father passed away?
10 A. Yes, he did.
11 Q. And what year did he pass away?
12 A. In 1988.
13 Q. After his death, did there come a point in time when you
14 took possession of certain of his papers?
15 A. Yes. Because my other family did not want them, I had to.
16 Q. Okay. And how did you go about taking his papers?
17 A. I cleaned out his office.
18 Q. Okay. And did you take any other papers from any other
19 place, such as his home?
20 A. I don't recall.
21 Q. Okay. Now after you took possession of his papers, ma'am,
22 what did you do with them?
23 A. I threw them in boxes and kept them with me, because the
24 estate was uncertain at the time.
25 Q. Now when you moved to California, did you take those

301

1 documents and keep them with you?
2 A. Yes, because I had no other choice.
3 Q. Now did there come a point in time when special agents of
4 the Federal Bureau of Investigation came to California and asked

allbinders as word for experiment.txt
5 you about the papers?
6 A. That's correct, they did.
7 Q. Okay. And did you give them permission to take certain
8 documents?
9 A. I told them they could look through the boxes.

10 Q. Okay. And did they take certain things?
11 A. At the time, they interviewed me, and then they left to look
12 through the papers. They never came back to tell me what they
13 took or not.
14 Q. Now, Ms. Jeffcock, are you familiar with an individual by
15 the name of Andrew Sankin?
16 A. I think he's a friend of Debbie's.
17 Q. Okay. And how about an individual by the name of Richard
18 Shelby?
19 A. I don't recall the name.
20 Q. Okay. How about Louie Nunn? Do you remember that name?
2 A. All I know is he was a business partner of my father's.

2 Q. Okay. Now what I'd like to do at this time, Ms. Jeffcock,
2 is first show you, with the Court's permission --

13 MR. O'NEILL: Okay.
14 THE COURT: I mean, showing her documents she doesn't
15 recognize handwriting, is it to impeach her later on or
16 something? What are you laying grounds for?
17 MR. O'NEILL: No, not really, Judge. I thought maybe
18 faced with the Court, she would identify her own father's
19 handwriting.
20 THE COURT: Oh, I see.
21 MR. O'NEILL: But apparently she doesn't.
22 THE COURT: Okay. All right. Well, I think you've got

6 MR. O'NEILL: Right. Other witnesses will say it is.
7 THE COURT: Did she work at the office of Global
8 Research for a long time, or did you just have her there after
9 Ms. Dean left? I just want to try to understand what she said
10 she did.
11 MR. O'NEILL: I'll flesh that out, Judge.
12 THE COURT: I'll let you show her a couple other
13 documents in a different group.
14 MR. O'NEILL: I won't go through the whole thing.
15 THE COURT: Just to establish whatever, but she can
16 look at it and see if she says yes, she recognizes it's his diary

11 Do you recognize that document?

12 A. No, I've never seen it in my life.

21 A. Um-hum.

22 Q. What were you doing there?

• 23 A. Basically I was trying to find a job. I was using the phone

25 MR. O'NEILL: I have no further questions at this time,

Your Honor.

2 THE COURT: All right. Go ahead.

3 MR. WEHNER: I have no questions, Your Honor.

4 THE COURT: All right. If that's all the questions
5 then, Ms. Jeffcock, you're free to go.

6 (Witness excused.)

7 THE COURT: Is this when you need a break?

8 MR. O'NEILL: Yes, Your Honor.

9 THE COURT: All right. I also want to ask counsel
10 about another witness in a minute.

11 All right, Ladies and Gentlemen, you haven't been here
12 too long this morning, but we're going to take our morning
13 recess, because we have to talk about availability of witnesses
14 with counsel for a moment. So we'll take a recess at this time
15 for 15 minutes. Be back at 11:15.

16 Remember the admonitions about not talking about the

19 THE COURT: Did she testify before the grand jury?

20 MR. O'NEILL: No, Your Honor.

21 THE COURT: All right. Mr. Nunn's situation?

22 MR. O'NEILL: Oh, Your Honor, Mr. Nunn's situation is
23 such that he will see his doctor on Tuesday. I have spoken with
24 his doctor. His doctor said he did have a carotid
25 endarterectomy, e-n-d-a-r-t-e-r-e-c-t -

allbinders as word for experiment.txt
well, I'll give you the

308

rest when I write it out.

2 MR. WEHNER: That's your medical malpractice background
3 coming through.

4 MR. O'NEILL: Committing it, I think.

5 That he can have that. The doctor as a precautionary
6 measure always advises his clients not to travel for
7 approximately three to four weeks. The 22nd is three weeks,
8 Judge.

9 I've spoken with Mr. Nunn's attorney, who has stated
10 that Mr. Nunn is feeling fine. Based on that, Dr. Mitchell said
11 if he's feeling as good on Tuesday, he will clear him for travel.
12 Mr. Manley does expect and he couldn't assure me, but unless
13 anything changes, he said he would feel relatively strong in
14 stating Mr. Nunn would be here next week.

15 THE COURT: All right, that's good.

16 All right, you're going to talk to Mr. Brennan about
17 this immunity order then?

18 MR. O'NEILL: Yes, Your Honor. We should have that in
19 two seconds.

20 THE COURT: All right. You can bring it in chambers.

21 All right, we'll take a break now.

22 (Recess from 11:00 a.m., to 11:32 a.m.)

23 THE COURT: All right. I've had submitted to me a
24 motion to compel testimony, motion to compel testimony under 18
25 U.S. Code 6002 to 6003 for John V. Brennan to give testimony on

309

1 the basis that he would refuse to testify without such immunity
2 order because of his privilege against compulsory
3 self-incrimination.

4 Is Mr. Brennan here?

5 MR. O'NEILL: Not in the courtroom, Your Honor.

6 THE COURT: I think he should tell me that he's not
7 going to testify without an immunity order before I'll sign it.
8 Good morning.

9 MR. BRENNAN: Good morning, sir.

10 THE COURT: For the record, I take it you're John V.
11 Brennan?

12 MR. BRENNAN: Yes, sir.

13 THE COURT: All right. Mr. Brennan, I've had submitted
14 to me a motion to compel testimony from the Independent Counsel,
15 compelling you to give testimony and provide other information if
16 you refuse to give and provide any information on the basis of
17 your privilege against compulsory self-incrimination as to any
18 matters about which you may be interrogated in the
19 above-captioned case -- this is the Deborah Gore Dean case -
and

20 these proceedings relating thereto.

2 I'm going to sign that order, and that means that you
2 would be compelled to give testimony in this matter if you refuse
2 to do so on the basis of your privilege against self-
incrimination. Is that your desire, that you wish to have an
2 immunity order signed to compel you to testify, because otherwise

310

1 you would assert your privilege in this case?

2 MR. BRENNAN: I accept that offer, Your Honor.

allbinders as word for experiment.txt
3 THE COURT: well, not accept the offer, but as I
4 understand it, the representation is that you wanted this
5 immunity offer or you could invoke your privilege and not testify
6 without, unless you get immunity. Do you understand that? Is
7 that correct?
8 MR. BRENNAN: I accept the immunity -
9 THE COURT: All right.
10 MR. BRENNAN: -
or I want immunity.
11 THE COURT: All right, I'm going to find that the
12 immunity order is appropriate and necessary in this instance and
13 that you'll have to testify but do so under immunity from
14 whatever information you give as to being used against you, or
15 anything that can be obtained from that information cannot be
16 used against you. I'll sign this order here.
17 Does counsel for the defendant have a copy of this
18 motion and order?
19 MR. WEHNER: No, sir.
20 THE COURT: No? All right, here's a copy for counsel.
2 Do I have the originals?
2 MR. O'NEILL: You have the original, Your Honor.
2 THE COURT: All right. This can be filed.
2 MR. WEHNER: Yes, Your Honor.
2 THE COURT: All right, thank you, Mr. Brennan. Just

wait in the audience for one minute. We'll call you as a
witness.

3 Is this your copy?

MR. O'NEILL: Yes. Would you like us to make several

THE COURT: No, that's fine. I'll get a copy from the

9

I had reviewed Mr. Brennan's Jencks material submission, package that was
produced earlier, that is, at least

10 the grand jury testimony and the redactions thereto, materials
11 from interviews of Mr. Brennan, May 30, 1992, and two documents
12 which are interviews regarding recommendations for, about
13 persons, the type you do in a routine check of people's
14 background, and I don't see anything at least that I can
15 determine in the Jencks that has been redacted improperly that
16 should be produced at this time, at least from what I understand
17 his testimony.

18 Once we have his testimony, I can re-review it. If
19 there's a reason why the redactions should not stay in place and
20 the government should be required to turn over the redactions,
21 redacted portions of the Jencks materials, I can require that
22 once he testifies, but I've reviewed it, and to date, I see
23 nothing.

24 All right, if we're ready, then we can have the jury
25 brought in. We'll go ahead with the questions.

312

1 (Jury in.)

2 THE COURT: All right, Ladies and Gentlemen, we're
3 ready to go after that lengthy break, and the government is ready
4 to call their next witness at this time.

5 MR. O'NEILL: Your Honor, the government calls John V.
6 Brennan.

7 THE COURT: All right.
8 JOHN V. BRENNAN, GOVERNMENT'S WITNESS, SWORN
9 DIRECT EXAMINATION

10 BY MR. O'NEILL:
11 Q. Mr. Brennan, I'd ask you to state your name for the record,
12 spelling your last name for the court reporter.
13 A. I'm John V. Brennan, B-r-e-n-n-a-n.
14 Q. Okay. Now, Mr. Brennan, for the record, are you testifying
15 today pursuant to a grant of immunity?
16 A. Yes, I am.
17 Q. Are you presently employed, sir?
18 A. No, I'm not.
19 Q. And how long have you been unemployed?
20 A. Two-and-a-half months.
2 Q. Okay. Prior to those two-and-a-half months, where were you

2 employed?
2 A. Executive Office of the President.
2 Q. Okay. And is that the President of the United States?
2 A. Yes, sir.

313

1 Q. And what were you doing there?
2 A. Director of the administrative operations for the Executive
3 Office of the President.
4 Q. How long were you employed in that office?
5 A. Twenty-two months.
6 Q. Now can you briefly describe your employment prior to that
7 time?
8 A. Immediately prior, I was, I had an international business
9 consulting company called simply Brennan International for about

10 three years. From 1980 to early 1989, I was involved with a
11 corporation called Global Research International, and for --go
12 all the way back? Prior to that, I, let's see, prior to that, I
13 was, misnomer, chief of staff to the Office of former President
14 Nixon for six years.
15 Prior to that, I was military, Marine Corps aide to the
16 President, then President Nixon for five-and-a-half years. Prior
17 to that, for 16 years, I was an officer in the Marine Corps,
18 wound up being a colonel. That's about it.
19 Q. All right. Mr. Brennan, you mentioned a company called
20 Global Research International.
2 A. Yes, sir.

2 Q. During the period 1980 to 1988, can you describe the
2 company, what type of business it did?
2 A. The company was a consulting company. A lot of the business
2 was international, which was kind of my forte. I did a lot of

314

the overseas travel. The company was kind of divided For most
of the first half of the decade, I was in California, and the

allbinders as word for experiment.txt
company really was headquartered here in Washington, D.C. I would come back and forth. But I finally, I came back kind of permanently, I think, late '85, early '86.
Q. How many people were involved in Global Research International in approximately 1985?
A. Well, there were three principals and others on an ad hoc basis.
10 Q. Okay. When you say three principals, who were the three
11 principals?
12 A. President was, I think, still in 1985 James Tully,
13 T-u-l-l-y, myself and John Mitchell.
14 Q. Now as to Mr. Tully, by 1985, what was his involvement in
15 Global Research?
16 A. I can't remember. I think it was November of '84 or
17 November of '85 he resigned as president and remained a one-third
18 stockholder.
19 Q. Now Global Research, was it a corporation? partnership? How
20 was it set up?
21 A. It was set up as a corporation, but in fact, we operated as
22 a partnership, operating independently. I had projects, each of
23 us had projects, and we really weren't required to report to one
24 or the other. We did informally.
25 But we did, all of the monies that each of us might

315

1 have made and expenses we may have incurred all were handled in
2 one checking account and distributed that way.
3 Q. And if you made monies, how were the monies divided?
4 A. Well, after paying the pills, pretty much a contingency and
5 then divided equally.
6 Q. Now you mentioned that Global Research, or GRI, did a lot of
7 international consulting work. What type of consulting work
8 would that be?
9 A. A lot of brokering. For example, I put the French
10 government with the government of the People's Republic of China
11 to sell fertilizer. Chinese wanted to buy fertilizer; the French
12 had it. They came to me and said, "How do you do this?"
13 I should have given you a different example, shouldn't
14 I? That sort of thing.
15 Q. Did you do any domestic work?
16 A. Domestic work was done, yes.
17 Q. How much of a percentage of your business would that have
18 been?
19 A. Well, I don't know. I personally did very little. The
20 company, the corporation -- the Washington -- there wasn't a lot
2 of domestic work in California. In Washington, there was some.
2 Q. How about housing-related consulting work?
2 A. We certainly didn't advertise housing-related consulting
2 work, seek it.
2 Q. Now, Mr. Brennan, are you familiar with a person by the name

316

1 of Mary Gore Dean?
2 A. Yes, I am.
3 Q. And how are you familiar with her, sir?
Page 161

4 A. She's a lovely lady. She was the lady friend of John

5 Mitchell. That's mostly how I know her.

6 Q. When you say lady friend, can you describe it, what you mean

7 by that?

8 A. Well, they were frequent companions.

9 Q. Did they live together?

10 A. I'd never seen them live together. I know that he often

11 would go weekends to Maryland, where the home was, but during the

12 week was in Georgetown and always talked about cooking alone,

13 so --

14 Q. What was his address in Georgetown, Mr. Brennan?

15 A. I don't know. It was on the corner of 30th and N, as in

16 November. 30th or 31st.

17 Q. Do you know who owned that house?

18 A. Secondhand I know that. I think Mary Dean owned it.

19 Q. Okay. Now do you know Louie Nunn, the ex-governor of

20 Kentucky?

2 A. Yes, I do.

2 Q. And how do you know him, sir?

2 A. Well, I guess he was a governor when I was aide to the

2 President, and we first met that way. I think we first met when

2 he was governor of Kentucky, and I was among the guests at the

Kentucky Derby, and we stayed in touch.

Q. Did there come a point in time when he became associated with Global Research?

A. Yes. Associated, I guess, is a certain word. When I was in California, as I mentioned, I would frequently, not frequently, but once in a while come back every four months or so. In the early '80s, I knew that he and John Mitchell were working together on projects. These involved telecommunications, and it was in the days when cellular phones were just coming into being, and they were looking for a niche in that market, and they spent an awful lot of time working on that. It did not come to a successful financial conclusion as far as GRI was concerned, but they did work for a number of years on that.

Q. And did they work out of the GRI offices in Washington?

A. No. Oh, when he came to town?

Q. Yes.

A. I don't know. He wasn't there. The days I came in, I'd go to lunch, and they'd say, "Hey, generally this is what's happening."

Q. Did there come a point in time when you personally sought to obtain mod rehab units for a particular project?

A. I guess you phrased it fairly. I was, I was involved in it, yeah.

Q. Okay. At that time, did you know what mod rehab units were?

I

i

z

I

3

.

A. No.

2 Q. And when did that occur?

3 A. Not specifically I didn't.

4 well, I guess it had to be about '85 or '86.

5 Q. And do you recall the name of the project?

6 A. No. It was Florida, and it had Roman numerals after it,

7 Florida, some Florida I or II, something.

8 Q. Now do you recall who the developer on the project was?

9 A. I remember the name. His name was Martinez, Mr. Martinez.

10 Q. And was he out of Miami?

11 A. Near Miami.

12 Q. Okay. And where was the project itself located?

13 A. South Florida.

14 Q. Now who contacted you about obtaining mod rehab units for

15 South Florida?

16 A. Not about obtaining, but Governor Nunn called and said that

17 this project was in the works and he really couldn't get any

18 answers and didn't know where it stood and this Mr. Martinez had

19 a big investment, was getting in kind of dire financial straits

20 because of the bureaucracy in Washington, and could we speed it

21 up and let him know that it would happen or wouldn't happen so he

22 could get on with his life.

23 Q. Did you have any substantive conversations with anyone about

24 the mod rehab program?

25 A. Substantive to the degree that Governor Nunn simply asked

319

1 me, Governor -- actually I'll tell you the whole story -- said

2 that he had asked John Mitchell to check into it and see what he

3 could find out for Mr. Martinez, but he, in fact, represented

4 Mr. Martinez, Governor Nunn did, and that he was frustrated

5 because he didn't find out anything. John Mitchell didn't,

6 wouldn't do anything.

7 So do you want me to continue?

8 Q. Well, let me ask you --

9 A. Go ahead, sure.

10 Q. Did you have a conversation with John Mitchell?

11 A. Pardon me?

12 Q. Did you have a conversation with John Mitchell?

13 A. I know I did. I don't remember the content. In general, I

14 said, "Hey, Governor Nunn called and would like to find out about

15 this," and John Mitchell was very disinterested, not interested

16 in discussing it at all, did not want to.

17 MR. WEHNER: May we see Your Honor at side bar?

18 THE COURT: Sure.

19 (Bench conference on the record.)

20 MR. WEHNER: We're getting back into the hearsay

2 statements of John Mitchell vis-a-vis the conspiracy issue to the

2 same one we discussed yesterday. I don't know what additional

2 conversations there are.

2 THE COURT: This is the '85-'86 time frame?

2 MR. O'NEILL: Yes, Judge.

320

1 THE COURT: All right. I think it's a little different
2 aspect than yesterday.
3 MR. O'NEILL: Judge, I can even go one step further.
4 THE COURT: We have evidence from Mr. Martinez, we have
5 the letter in evidence from Ms. Dean saying she's talked to
6 Mr. Mitchell about the situation for another project related to
7 Martinez's project, related to Martinez, one of his projects.
8 You wanted to say something else?
9 MR. O'NEILL: No. Go ahead, Your Honor. I -
10 THE COURT: After I reviewed some of the other
11 materials, this part of the Jencks materials that have been
12 submitted, I think the government at least has a plausible
13 proffer at this point of the conspiracy that may have existed to
14 allow them to continue with this evidence that comes in, and I
15 think it should be later in the case or if the case is dismissed,
16 this particular charge is dismissed, I'll have to instruct the
17 jury, but it's a different status than it was yesterday when we
18 considered it, the evidence of Ms. Dean's letter regarding
19 involvement with Mr. Martinez and Mr. Mitchell and the other
20 materials as well as what materials were reviewed about
21 Mr. Brennan and the others in this Jencks area.
22 So I'm going to allow it in. I think the government
23 has made a sufficient proffer at least at this time.
24 MR. WEHNER: Thank you, Your Honor.
25 MR. O'NEILL: Thank you.

321

1 THE COURT: we'll see where it goes, that is, the
2 hearsay statements of Mr. Mitchell. I'm letting in the hearsay-
3 statement of Mr. Mitchell that's just been proposed.
4 MR. WEHNER: Yes, sir.
5 THE COURT: All right. As being a co-conspirator
6 statement.
7 (End of bench conference.)
8 THE COURT: All right, go ahead.
9 MR. O'NEILL: Thank you, Your Honor.
10 Q. Mr. Brennan, when we left off, you were describing a
11 conversation with Mr. Mitchell. What did you say to
12 Mr. Mitchell, if you recall?
13 A. Well, I can tell you in general terms, it being, you know,
14 six, seven years ago, that Governor Nunn called me and expressed
15 frustration that the project, he didn't know what was happening
16 with the project and told me that he had asked General Mitchell
17 if he would look into it for him, and I mentioned that to General
18 Mitchell, that, you know, Governor Nunn had asked you and
19 nothing's happening, and the reaction was, in effect, "I'm not
20 going to do anything about it."
21 He didn't say that, but it was just from his
22 expressions, "Don't bother me."
23 Q. Did he give you any indication why he wouldn't do anything
24 about it?
25 A. At that time, he didn't. Later he said, "Yeah, Debbie works

1 there. I can't get involved in it."
2 Q. Did you tell him what you were going to do?
3 A. No.
4 Q. Did he ask you what you were going to do?
5 A. Well, wait a minute, wait a minute. At that time, he
6 didn't. I think later I told him that I would just do it.
7 Q. Okay. What did you tell him later on, Mr. Brennan?
8 A. Either that I did or I was going to contact Debbie Dean and
9 ask her if she could get the bureaucracy rolling to save this

10 man's situation.

11 Q. Okay. why were you going to contact Debbie Dean?

12 A. why would I go contact Debbie Dean?

13 Q. Yes.

14 A. She's probably the highest person I knew at HUD.

15 Q. Now, Mr. Brennan, what was your understanding as to her

16 position at HUD at that time?

17 A. I understood that she was, like, the secretary to the

18 secretary, kind of like the administrative assistant to the

19 secretary of HUD.

20 Q. what was your understanding as to what her position was in

2 relation to the Mod Rehab Program at that time?

2 A. I had no idea if she knew anything about it.

2 Q. And did you know anything about the Mod Rehab Program?

2 A. well, I knew in general, you know, that funding for

2 low-income housing, but specifics, I didn't.

323

1 Q. Did there come a point in time when you contacted the
2 defendant, Deborah Gore Dean?

3 A. Yes, I did.

4 Q. How did you contact her, sir?

5 A. I called and asked if I could see her.

6 Q. Did you, in fact, set up a meeting?

7 A. Yes.

8 Q. Where did the meeting take place?

9 A. In her office at the Department of Housing.

10 Q. And who was present at that meeting?

11 A. I think just she and --no one. It wasn't a meeting. It
12 was just a short, few minutes.

13 Q. Okay. How long did it last, approximately?

allbinders as word for experiment.txt

14 A. Four or five minutes.

15 Q. Now prior to that time, had you seen the South Florida I
16 project?

17 A. No.

18 Q. What, if anything, did you say to her at this short meeting?

19 A. Well, once again in very general terms, I said that Louie

20 Nunn is representing whatever, Mr. Martinez in a project in South
2 Florida, and they are frustrated by the bureaucratic holdups and

2 not being answered as to whether it would happen or whether it
2 wouldn't happen, and it would be great if she could look into it
2 and try to get, try to do whatever she could.

2 Q. And did she respond to you?

1 A. Yes. She said, "Gosh, we've given --or there's been a lot
2 issued to South Florida" or "to Dade County," I can't remember,
3 but to that area, "They've already gotten a lot."

4 Q. Did she say what, if anything, she would do in relation to
5 the project?

6 A. No.

7 Q. Okay.

8 MR. WEHNER: I'm sorry, Judge, I didn't hear that

9 answer.

10 THE WITNESS: No, she did not

11 BY MR. O'NEILL:

12 Q. Did you bring any documents with you to that meeting?

13 A. No.

14 Q. Okay. Let me show you what has been previously placed in
15 evidence as Government's Exhibit 39.

16 Mr. Brennan, with the Court's permission, I would show

17 you a document already put into evidence as Government's Exhibit

18 39. It's a letter from Art Martinez to Governor -- excuse me,

19 ex-Governor Louie Nunn, and you'll note on page 2, there's a

20 carbon copy to Colonel Jack Brennam, with an "m." It's

2 misspelled.

2 A. Urn-hum.

2 Q. Have you ever seen that document?

A. I saw this when you showed it to me.

Q. All right. Did you ever see it before then?

A. Yes, I'm sure I got it in 1986.

Q. Okay. And when you say when I showed it to you, that was in going over your testimony for today?

A. Yes, sir.

Q. Okay. Do you recall whether you brought this document with you to Ms. Dean's office?

A. My recollection is I did not. I don't remember bringing anything to her office.

Q. And just so the record is clear, did you bring in any charts or photographs or anything like that to the project?

A. No.

Q. Now was that the first time you ever spoke with the

18 A. As far as I can recall, it is the only time.

3

19 Q. All right. Now I just ask you in a general sense, prior to

5

ii

20 this meeting, did you know the defendant, Deborah Gore Dean?

21 A. Yes.

22 Q. And how did you know her?

23 A. Well, I'm not sure. I think I was introduced by John

24 Mitchell when he started dating her mom.

25 Q. And approximately what would be the time frame?

326

A. That would have been about 1980.

2 Q. Okay. Now to your knowledge, was she aware that you were
3 John Mitchell's business partner?

4 A. Yes.

5 Q. Now did there come a point in time when you learned that the
6 South Florida I project had been funded?

7 A. Yes.

Q. And how did you learn that?

A. I think, I think Governor Nunn called me.

10 Q. And do you recall what he said?

11 A. No.

12 Q. Okay. Upon learning that information, what, if anything,
13 did you do?

14 A. Well, not immediately, but a day or two later, I called

allbinders as word for experiment.txt
15 Debbie and said, "I'm told that this project which Governor Nunn
16 is sponsoring has been approved, and any effort you may have
17 made, I appreciate it. He's a good man."
18 Q. Okay. Now did there come a point in time when you received
19 payment as to South Florida I?
20 A. Yes.
21 Q. And how much money did you receive?
22 A. About \$100,000.
23 Q. Okay.
24 A. That number seems very high, but I think it was -- anyway, I
25 won't comment. I won't editorialize.

327

1 Q. Did you receive that payment directly, or was it in the name
2 of Global Research?
3 A. Oh, it had to be Global Research.
4 Q. And do you recall the exact amount that was paid,
5 Mr. Brennan?
6 A. You refreshed my memory, and you told me it was \$109,000. I
7 didn't remember that before you showed me that.
8 Q. Okay. And was that by a document that I showed it to you?
9 A. Yes, sir.

10 Q. Okay. Now do you recall how that \$109,000 was split up?
11 A. It wasn't split. I'm sure I just deposited it. At that
12 time, I was handling the checking account. I'm sure I deposited
13 it. I'm sure I paid bills, you know.
14 Q. Now, Mr. Brennan, are you familiar with a project known as
15 Arama, A-r-a-m-a?
16 A. No, sir.
17 Q. Okay. And are you aware of any involvement by Mr. Mitchell
18 in a project known as Arama?
19 A. No, sir.
20 Q. To your knowledge, did Mr. Mitchell receive any fees as a
2 consultant on mod rehab prior to South Florida?

2 A. Yes, I have a vague recollection, and I think you reminded
2 me or you explained to me that he had received -- oh, for South
2 Florida?
2 Q. No, no, no, prior to South Florida.

328

1 A. Yeah, that he had, that he had received or the corporation
2 had received or he had received monies for helping someone else,
3 some other company. I don't remember Arama, whoever it is.
4 Q. Okay. Do you recall how much money that was?
5 A. I think you told me \$15,000.
6 Q. 15? Okay.
7 Mr. Brennan, did there come a point in time --
8 withdrawn.
9 As to the South Florida project, you mentioned before

10 it seems like a lot of money. was that money simply for your

11 involvement in the South Florida project, to your knowledge?

allbinders as word for experiment.txt

12 A. Well, you showed me a letter from Governor Nunn saying,

13 "Here's money for the South Florida project," but I remind you

14 that John Mitchell had been helping Governor Nunn for six or

15 seven years, and I'm sure -- I mean, I assume that he was

16 generous because of that.

17 Q. I would show you Government's Exhibit 53 for identification,

18 and is that the letter you're referring to?

19 A. Yes.

20 THE CLERK: Government's Exhibit 53 marked for
2 identification.

2 (Government's Exhibit No. 53 was
2 marked for identification.)

2 BY MR. O'NEILL:

2 Q. Now, Mr. Brennan, is it your testimony then that it's your

1 understanding \$109,000 was for perhaps more than what you did on
2 South Florida?

3 A. Oh, I don't know.

4 Q. Okay.

5 A. When you say perhaps --

6 Q. Mr. Brennan, did there come a point in time when you learned
7 that the defendant, Deborah Gore Dean, had been nominated for a
8 higher position at HUD?

9 A. Yes.

10 Q. And from whom did you learn that?

11 A. I don't know. I don't know. It could have been the
12 newspapers; it could have been friends. I don't know for sure.
13 It could have been John Mitchell, of course.

14 MR. O'NEILL: Okay. If you would bear with me one
15 second, Your Honor and Mr. Brennan and Members of the Jury?

3 16 Q. Mr. Brennan, did there come a point in time when you sought

z

17 to help the defendant, Deborah Gore Dean, in terms of her

5 18 nomination?

19 A. Yes.

20 Q. And what, if anything, did you do?

2 A. I placed a call to the office of chief of staff at the White

2 House, who at that time was Ken Duberstein. It was an old friend
2 of mine.
2 Q. And what, if anything, did you ask him?
2 A. You know, I don't remember talking with, speaking with Ken.

330

1 I spoke with his secretary and said that it sounded to me that
2 there were incredible rumors going around that were preventing
3 her from getting this job and that I wanted him to know that I
4 knew her and she was a competent, fine young lady, and I think I
5 just passed that message to Mr. Duberstein. I don't remember
6 speaking to him at all.
7 Q. Now, Mr. Brennan, do you know an individual by the name of
8 Richard Shelby?
9 A. Yes.

10 Q. How do you know Mr. Shelby?
11 A. I knew, I don't remember, I think Rick Shelby, I can't
12 remember, I think it was the 1980 campaign. I wasn't in the
13 campaign, but I had been in politics for a long time, in the
14 periphery, and he was a committeeman from Oklahoma. And I met
15 him in Oklahoma, and we had a beer and talked about it.
16 Q. To your knowledge, did John Mitchell know Mr. Shelby?
17 A. John Mitchell met Shelby. I know he did.
18 Q. Okay.
19 A. I don't know when.
20 Q. And to your knowledge, did Mr. Shelby know the defendant,
2 Deborah Gore Dean?

2 A. Well, eventually he did. Yeah, I think John Mitchell
2 introduced them. I'm not sure.
2 Q. Now, Mr. Brennan, I would show you a number of documents, if
2 I may, beginning with --

331

A. I remember, excuse me, I remember seeing them or meeting
them or they were going to lunch together.
Q. "Them" meaning who?
A. Oh, I'm sorry, Debbie, General Mitchell, and Rick Shelby. I
either was in the restaurant -- I might even have been with them,
I don't know.
7 Q. Mr. Brennan, I'll show you a number of documents numbered
8 Government's Exhibit 9A through 9H, and I'd ask you to look at
9 the handwriting on those documents.

10 THE CLERK: Government's Exhibit 9A through 9H marked
11 for identification.
12 (Government's Exhibit Nos. 9G and 9H
13 were marked for identification.)
14 BY MR. O'NEILL:
15 Q. Do you recognize the handwriting, sir?
16 A. Yeah, it's John Mitchell's handwriting.
17 Q. Mr. Brennan, I'll now show you Government's Exhibit 10, and
18 I'd ask you if you could to look at this document and peruse it,
Page 171

allbinders as word for experiment.txt

19 please?

20 First of all, do you recognize the document?

21 A. No.

22 Q. Okay. Do you recognize the handwriting inside of it?

23 A. That which I saw is John Mitchell's.

24 Q. I will now show you, Mr. Brennan, with the Court's

25 permission --

332

1 THE COURT: All right.

2 BY MR. O'NEILL:

3 Q. -- Government's Exhibit 14, and I'd ask you if you recognize
4 the handwriting on that?

5 A. That's John Mitchell.

THE CLERK: Government's Exhibit 14 marked for
identification.

(Government's Exhibit No. 14 was
marked for identification.)

10 BY MR. O'NEILL:

11 Q. Again, I would show you Government's Exhibit 15 and ask you
12 if you recognize the handwriting?

13 A. Not quite as clear.

14 say it's John Mitchell.

15

16

17 BY MR. O'NEILL:

Most of them are numbers, but I would

(Government's Exhibit No. 15 was
marked for identification.)

18 Q. Finally, Mr. Brennan -19

MR. WEHNER: I'm sorry, Judge, I didn't catch that
20 answer.

2 THE WITNESS: I said most of that page is numbers,
2 which I don't recognize, but the writing looks like John
2 Mitchell.

2 MR. WEHNER: Thank you.

2 BY MR. O'NEILL:

333

1 Q. And finally, Government's Exhibit 36A for identification, do
2 you recognize that?

3 A. This is John Mitchell's handwriting.

4 THE CLERK: Government's Exhibit 36A marked for

identification.

(Government's Exhibit No. 36A was

marked for identification.)

8 BY MR. O'NEILL:

9 Q. Now, Mr. Brennan, are you familiar with the time frame in

10 which Mr. Mitchell passed away?

11 A. Oh, yes.

12 Q. And what year was that?

13 A. 1988, November.

14 Q. Okay. Mr. Brennan, did there come a point in time after his
15 death that you did something with his personal papers at the
16 offices of Global Research?

17 A. Yes. Within a day of his, or two, probably one, of his
18 death, I -- we had a mutual friend who is a top insurance agent.
19 I asked him to go through John Mitchell's desk to see if there
20 are insurance policies or any other way in which his benefactors
2 might file claim.

2 I also asked other people who worked with us, a guy
2 named Charlie Reagan, to go through his desk and see if there are
2 any, to kind of sort out papers as to what were important, seemed
2 to be important, and what were junk.

334

1 They did that, and I took what everyone thought was
2 junk and put it in a hall and remember remarking how terrible it
3 was for a life like this to be left for a trash man to pick up
4 everything.

5 The rest of the papers remaining, I invited his
6 daughter --or daughters to go through and do with what they
7 will.

8 Q. And did his daughter or daughters go through the documents?

9 A. I'm sure they did. I didn't watch them, but they kind of

10 went in behind closed doors.

11 Q. Did someone come to his office?

12 A. (Nodding head.)

13 Q. And who was that?

14 A. Well, I remembered his daughter, Marti Mitchell. I don't
15 remember if his other daughters were or not.

16 Q. Now, Mr. Brennan, you mentioned a mutual friend of yours and
17 Mr. Mitchell who was in the insurance business. What's his name?

18 A. Frank Gauvry, G-a-u-v-r-y.

19 MR. O'NEILL: Thank you.

20 No further questions. Thank you.

2 THE COURT: Are you going to be a few minutes?

2 MR. WEHNER: Yes, sir. It's going to be a while.

2 THE COURT: It will be a while?

2 MR. WEHNER: Yes, sir.

2 THE COURT: All right. Then we'll have lunch instead.

335

1 We'll take lunch until, Ladies and Gentlemen, until

2 1:30. Be back at that time.

3 During the recess, remember, please, do not talk about
4 the case among yourselves or with anyone else or let anyone talk
5 to you about it, and be ready to go at 1:30, please. You're
6 excused.

7 (Jury out.)

8 THE COURT: All right, you can be excused. Thank you.

allbinders as word for experiment.txt

9 Be back at 1:30, please.

10 Let me ask the government on these documents -

11 MR. O'NEILL: Yes, Your Honor.

12 THE COURT: -

are you going to have other witnesses

13 identify them as well, or what's your thought about it otherwise?

14 MR. O'NEILL: An FBI agent.

15 THE COURT: We can take it up in a few minutes?

16 MR. O'NEILL: Yes, Judge. An FBI agent will come in

17 and testify that he went out to Marti Mitchell's residence, was

18 given permission to go through documents, took the documents, and

19 the documents we have are documents that he took back from her

20 files.

2 THE COURT: Okay. And are there other people who are

2 going to identify them that's his handwriting, et cetera?

2 MR. O'NEILL: There's the insurance salesman who he

2 spoke about as a mutual friend, Mr. Gauvry.

2 THE COURT: Okay. And then your proffer will be that

336

1 they're business records to get them in? I mean, how are we

2 getting them in here, into evidence?

3 MR. O'NEILL: That was one position. The other is

4 co-conspirator's statements as to money made in Arama and South

5 Florida and Marbilt.

6 THE COURT: All right. what do the documents consist

7 of that you want to offer? I haven't read them all. He hasn't

8 identified them as business records yet. That's a concern I had.

9 MR. WEHNER: Your Honor, while Mr. O'Neill is getting

10 that, I'll renew my objection to the admissibility of

11 Mr. Mitchell's statements, because I do not believe that the

12 proffer is sufficient to show a conspiracy or that Ms. Dean was a

13 member of a conspiracy, and now that I've heard the testimony, I

14 don't think it was in furtherance of a conspiracy, either.

15 As to Mr. Mitchell's grunts and non-comments,

16 noncommittal references, I don't think it can be inferred to be in

17 furtherance of the conspiracy.

18 THE COURT: All right.

19 MR. O'NEILL: Your Honor, the government's proof will

20 be there are two categories of documents. The first is -

would

2 the Court want me to pass them up? Because I know what I have in

2 front of me.

2 THE COURT: All right.

2 MR. O'NEILL: It might help. Government's Exhibit,

2 Government's Exhibit 9 is several sheets. It's loose-leaf sheets

337

1 from a calendar of Mr. Mitchell's, and the government would -

2 quite frankly, we're not really interested in offering them as

3 business records, Your Honor.

4 THE COURT: All right.

5 MR. O'NEILL: Our theory will be co-conspirator

6 statements.

7 THE COURT: Okay.

8 MR. O'NEILL: They show lunch dates and plans and

9 meetings between Mr. Mitchell, Mr. Nunn, and Mr. Shelby.

10 There is also -- that's out of order, Your Honor.

11 No. 10 would go next. That is Mr. Mitchell's 1986 calendar, and

CO

12 again, the tabbing on the side will show specific entries again

13 in which Mr. Mitchell had lunches and meetings with people like

14 Rick Shelby and Louie Nunn, which corroborates the government's

15 claim and sets forth overt acts in furtherance of the conspiracy.

allbinders as word for experiment.txt
16 Government's Exhibit 14 is a handwritten note from
17 Mr. Mitchell talking about payments made by Mr. Martinez and
18 Mr. Nunn in relation to Marbilt.
19 No. 15 is a listing of monies made by Mr. Mitchell, and
20 if I may direct the Court's attention to the bottom, it shows how
2 much he made through Louie Nunn and, in parentheses,
2 Mr. Martinez.
2 Then there are -- there is one more handwriting talking
2 about the Arama Partnership again, Exhibit 3 6A. Those are the
2 ones that we've shown to Mr. Brennan and Ms. Mitchell Jeffcock.

338

1 There are several additional documents, Your Honor,
2 which do not bear the handwriting of Mr. Mitchell. They are HUD
3 correspondence primarily from the defendant to Mr. Mitchell,
4 which we obtained through an FBI agent from Ms. Mitchell, and the
5 government's proof would be that those are co-conspirator
6 statements made in furtherance of conspiracy, and that will be
7 how we will get them into evidence, or attempt to do so.
8 MR. WEHNER: Do you have numbers?
9 MR. O'NEILL: Oh, there are several numbers.
10 THE COURT: Government's 17, which was Ms. Dean's
11 letter to Mr. Mitchell, you're saying her statements, there's
12 writing on the attached memorandum, handwritten comments?
13 MR. O'NEILL: Yes, there is, Your Honor.
14 THE COURT: Are those represented to be Ms. Dean's or
15 not? Does anyone know who they are?
16 MR. O'NEILL: No, Your Honor. I neglected to bring out
17 through Mr. Brennan whose handwriting that is. With the Court's
18 permission, I will re-call Mr. Brennan for that point.
19 THE COURT: All right. What else do you have?
20 MR. O'NEILL: Your Honor, Government's Exhibit 16 is a
2 handwritten note on the stationery of Silvio DeBartolomeis.
2 There's a note from Mr. DeBartolomeis to Deborah Dean concerning
2 Marbilt, and below that is a handwriting in blue ink, JNM FYI, a
2 heart, and a date, and there's been a handwriting stipulation
2 that that is Ms. Dean's handwriting.

339

1 THE COURT: What does 17 relate to, that letter? Is
2 Mr. Martinez one of his projects?
3 MR. O'NEILL: Your Honor might recall Mr. Martinez
4 mentioned how he first dealt with Mr. Nunn, it was over at his
5 original company, Marbilt.
6 THE COURT: Right.
7 MR. O'NEILL: He had had problems with HUD. He had
8 hired Louie Nunn to intercede on his behalf, and Mr. Mitchell,
9 the evidence will show from Mr. Nunn if he, in fact, testifies,
10 Mr. Mitchell was paid approximately 8,000-plus for his
11 involvement in Marbilt. Mr. Nunn was paid \$42,000.
12 THE COURT: So this relates to Marbilt, these documents
13 attached, 17 and 16? All right.
14 Is Marbilt charged as one of the matters in the first
15 conspiracy at all?
16 MR. O'NEILL: As overt acts, Your Honor, yes.
17 THE COURT: It's charged as an overt act? All right.
18 I've heard of the other two projects. I heard him testify about
19 Marbilt, but I didn't recognize it as being charged. So it's an
20 overt act.
2 MR. O'NEILL: Government's Exhibit 18, Your Honor, is a
2 handwritten note to "Daddy" on Dean's stationery. There's an
2 attached memo concerning housing business. That, too, is
2 mentioned in the indictment.
2 THE COURT: This is a memo involving Philip Abrams, the

340

1 regional administrator, regarding three projects?
2 MR. O'NEILL: Those are all Martinez projects.
3 THE COURT: All right.
4 MR. O'NEILL: Finally, Your Honor, there's Government's
5 Exhibit 30, which is a rapid reply, which is a funding document,
6 and there will be evidence to show what a rapid reply does, and
7 in taking that from Ms. Mitchell's files, there were several
8 attachments to that document, Your Honor. If I may pull it out
9 for you?
10 THE COURT: All right. All these materials you've
11 reviewed with me came from the documents that you said
12 Ms. Mitchell said that she took from the office and took back to
13 her residence eventually?
14 MR. O'NEILL: That's correct, Your Honor.
15 THE COURT: And you'll have the FBI to come in and
16 identify all of these, what he found in her boxes?
17 MR. O'NEILL: And the attachments on this rapid reply
18 show a special delivery from Ms. Dean to Global Research.
19 THE COURT: Armana Partnership, care of Global
20 Research.
2 MR. O'NEILL: And the government's contention is that's
2 direct evidence of a conspiracy.
2 THE COURT: There's no cover note with this or
2 anything?
2 MR. O'NEILL: No, there is not, Your Honor.

1 THE COURT: This is just Exhibit 30.
2 Mr. Barksdale is going to testify he signed off on
3 this?
4 MR. O'NEILL: Excuse me, Your Honor?
5 THE COURT: Mr. Barksdale is going to testify?
6 MR. O'NEILL: Yes, he will testify.
7 THE COURT: Do you have any other post office records
8 or anything to go with this?
9 MR. O'NEILL: No, Your Honor. Those -10
THE COURT: Let's see, this is a document from the
11 Housing of Urban Development called a request for special
12 services, item to be picked up, letter. This is a messenger-type
13 delivery?
14 MR. O'NEILL: Correct, Your Honor.
15 THE COURT: I see. I thought it was -
it's courier.
16 I thought it was the mail, but it's courier.
17 MR. O'NEILL: No, it's courier.
18 THE COURT: I see.
i
19 MR. O'NEILL: In fact, a HUD courier. Just a courier,
20 for the record.
21 THE COURT: Pardon me?
22 MR. O'NEILL: For the record, a HUD courier.
23 THE COURT: HUD courier.
24 Did you confirm this with a pink or yellow copy they
25 say is supposed to be at HUD?

342

1 MR. O'NEILL: No, Your Honor. It's too dated.
2 THE COURT: Yes. All right.
3 All right, Mr. Wehner, there's two separate groups of
Page 176

allbinders as word for experiment.txt
4 documents basically here before the Court. Let me return these.
5 One set is what's been identified by Mr. Brennan as
6 Mr. Mitchell's handwriting, and there will be someone else
7 allegedly who will come along and identify that as Mr. Mitchell's
8 handwriting. Ms. Mitchell Jeffcock insisted she didn't recognize
9 it. I assume there's someone else who will come in and say it's
10 his handwriting on those forms.
11 And they're being offered as co-conspirator statements,
12 in other words, made in furtherance and during the course of the
13 conspiracy, that is, his diary, any appointments and lunches with
14 some people mentioned in the case as well as Ms. Dean, and then
15 pages from a large appointment-type book, a standard type
16 Daytimer, 8-by-10 or so, 8-1/2-by-10 page, showing at various
17 times meetings with people apparently or lunches with people
18 alleged in this case, like Mr. Nunn, and then finally a couple of
19 exhibits indicating his handwriting, it's been identified as his
20 handwriting regarding certain projects or monies from certain
2 projects, all offered as co-conspirator statements, in essence,
2 admissions that can be used against Ms. Dean.
2 where do you go on those?
2 MR. WEHNER: with respect to the first set of
2 documents, Your Honor, I think they're totally separate from the

343

letters to Ms. Dean.
2 THE COURT: Right. That's Ms. Dean's documents you're
3 talking about.
4 MR. WEHNER: Yes. The reason that we believe that the
5 Mitchell documents are inadmissible primarily is because I don't
6 believe that the evidence that has been proffered to you by the
7 Independent Counsel and the evidence you have heard to date from
8 the stand is sufficient for you to find that John Mitchell was a
9 member of a conspiracy with Deborah Dean.
10 From our perspective, the focus of this case is the
11 conspiracy as charged in the indictment, which is a conspiracy
12 with Ms. Dean, not a conspiracy between Louie Nunn, John
13 Mitchell, and Jack Brennan to do anything. There is little,
14 if -
there is actually no direct evidence of a conspiracy
15 involving Ms. Dean.
16 And I hesitated for a minute, because I wanted to be
17 sure, but I have not heard one witness testify as to anything
18 Ms. Dean did, said, or undertook that could lead the Court to the
19 inference that she was a knowledgeable participant in a criminal
20 conspiracy to defraud the United States.
21 I think looking at the case from the other perspective,
22 there are hundreds of thousands of dollars floating around.
23 There clearly was something afoot between Brennan, I could argue
24 that something was afoot between Brennan, Mitchell, and Nunn, but
25 that evidence does not directly or indirectly inculcate Ms. Dean

344

1 unless she is shown to be a participant in the conspiracy, and
2 one of the standards that Your Honor has to apply in determining
3 the admissibility of the evidence is exactly that.
4 And I point that out specifically to Your Honor,
5 because there is a lack of evidence today from HUD officials,
6 inside HUD people or HUD representatives that Ms. Dean took any
7 act while at HUD in furtherance of the conspiracy that has been
8 charged.
9 Now I'm not stupid enough to predict to Your Honor
10 whether that evidence will come in or not. It may. I don't know

allbinders as word for experiment.txt

11 that it exists, but maybe it will come from the witness stand.
12 But I think there is insufficient evidence today to show that she
13 was a member of a criminal conspiracy and thus these statements
14 of John Mitchell should be admitted against her.
15 It's probably a different equation, Your Honor, if you
16 considered them as admissible against the other unindicted
17 co-conspirators, and I admit that to Your Honor, but for our
18 purposes, the focus here is on whether Ms. Dean has been shown to
19 be a participant in a conspiracy.
20 Now I recognize that Your Honor is entitled to consider
2 properly the letters that are in the second group of papers Your
2 Honor is considering now, and frankly, I think those letters are
2 properly admitted as relevant evidence as to a conspiracy
2 involving Ms. Dean. They are letters to Global Research, in
2 essence, to John Mitchell, to Mr. Nunn.

345

1 But innocent inference upon innocent inference does not
2 equal knowing participation in a criminal conspiracy, and there's
3 been no showing by the Independent Counsel that any of these
4 letters contained any information that was not part of the public
5 record.
6 And more importantly, Judge, the inference you get from
7 looking at the documents themselves is that at best, this was a
8 report of what HUD had accomplished or done, but that there was
9 no input into the decision-making process by Ms. Dean. Maybe
10 Maurice Barksdale will testify that Ms. Dean called me and said,
11 "You've got to do this project for John Mitchell." I don't know
12 that. I don't think he will. If he did, I would be on a far
13 less firm ground, I believe, with regards to the evidence of
14 Ms. Dean's participation in the conspiracy.
15 But even if you look at the evidence that's proffered,
16 it is at best neutral in terms of Ms. Dean's knowing involvement
17 in a criminal conspiracy.
18 And the government may have, in fact, provided
19 sufficient evidence to Your Honor to prove by a preponderance
20 that a conspiracy existed, but I do not believe the government
2 has given Your Honor enough evidence that the conspiracy included
2 knowing involvement by Ms. Dean.
2 THE COURT: All right. The government is going to
2 proffer or not going to proffer they have a witness who will
2 testify to Ms. Dean's actions at HUD in getting some of these

346

1 projects approved, inquiries, suggestions, requests, demands,
2 whatever she may or may not have?
3 MR. O'NEILL: Your Honor, a number of assistant
4 secretaries from multi-family housing will testify and will
5 testify that Ms. Dean was directly involved in the funding
6 decisions on, on the projects contained in the indictment.
7 whether I can say as to each and every single one, no, but they
8 will say she was involved in the awarding of these, that she
9 played a pivotal role in the mod rehab process, that she was, as
10 the government stated in opening statement, behind the scenes on
11 all of these.
12 There will be notes admitted into evidence or attempted
13 to be admitted into evidence by the government indicating
14 Ms. Dean having handwritten notes as to units going to particular
15 geographic localities, including ones directly charged in this
16 indictment. So the government does expect to prove that.
17 MR. WEHNER: Your Honor, may I respond briefly?
18 THE COURT: All right.
19 MR. WEHNER: with respect to this specific conspiracy,
20 there is no such evidence. Now I -- and I would like to call

allbinders as word for experiment.txt
2 Mr. O'Neill to give us what his specific proffer is as to the
2 conspiracy which involves John Mitchell with regard to Ms. Dean's
2 actions at HUD, because I haven't seen that evidence, and I think
2 the Court should require a more specific proffer.
2 THE COURT: Mr. Mitchell, is he named in Count 2 as

well?

2 MR. O'NEILL: No, Your Honor. He is strictly Count 1.
3 THE COURT: He's only in Count 1?
4 MR. O'NEILL: That's correct, Your Honor. The only
5 carry-over, so you know, is Richard Shelby.
6 THE COURT: Shelby is the one.
7 MR. O'NEILL: He's in both Counts 1 and 2.
8 THE COURT: All right. Are you actually offering these
9 at this time, or are you waiting for the insurance agent to
10 identify them, or what's your position now?
11 MR. O'NEILL: Yes. I'm not offering them yet, Your
12 Honor.
13 THE COURT: All right. I'm going to hold off, see
14 about the insurance agent when he comes in. I'll take a look at
15 it, only as to the Mitchell statements contained in his calendars
16 and diary and notes.
17 All right, we'll take a quick lunch break. Be back at

AFTERNOON SESSION
2 (1:42 p.m.)
3 (Defendant present, Jury out.)
4 THE COURT: All right, we're ready to go?
5 MR. O'NEILL: Yes, Your Honor. As I noted before the
6 break, I would ask a couple questions of Mr. Brennan.
7 THE COURT: Oh, you have a couple more? All right.
8 Bring the jury in.
9 Mr. Brennan, you can take the stand again, please.
10 (Jury in.)
11 THE COURT: All right, Ladies and Gentlemen, we're
12 ready with this afternoon's session. We're going to continue
13 with the testimony of Colonel Brennan. All right.
14 MR. O'NEILL: Thank you, Your Honor.
15 JOHN V. BRENNAN, GOVERNMENT'S WITNESS, RESUMED
16 DIRECT EXAMINATION (Cont'd.)
17 BY MR. O'NEILL:
s 18 Q. Mr. Brennan, I neglected to ask you a question about a
i 19 specific exhibit before lunch, and I'd ask you, with the Court's
CO.

1 20 permission, to take a look at Government's Exhibit 17 for
2 1 identification.
22 THE CLERK: Government's Exhibit 17 marked for
23 identification.
24 (Government's Exhibit No. 17 was
25 marked for identification.)

BY MR. O'NEILL:

2 Q. And I'd note that there is a note that you have in your
3 right hand, and then there is a memo directly beneath that.
4 would you look at the memo, please? And look through the memo.
5 There's handwriting in the margins in blue ink.

6 Do you recognize that handwriting?

7 A. That's John Mitchell's.

8 Q. Now I direct your attention to a separate piece of paper,
9 it's sort of a light-brown or cream color, and there's some
10 handwriting on that. Do you recognize that handwriting?

11 A. It still looks like John Mitchell, yeah.

12 MR. O'NEILL: Thank you, Mr. Brennan. I have nothing
13 further.

14 THE COURT: All right. Ready for cross examination?

15 MR. WEHNER: Yes, Your Honor.

16 THE COURT: Thank you, sir.

17 MR. WEHNER: Good afternoon, Ladies and Gentlemen.

18 THE JURORS: Good afternoon.

19 CROSS EXAMINATION

20 BY MR. WEHNER:

21 Q. Mr. Brennan or Colonel Brennan -I
think you prefer

22 Colonel?

23 A. It doesn't matter.

24 Q. We've had the opportunity to meet on occasion in the past
25 couple years, have we not?

L

350

1 A. Yes, sir.

2 Q. Talked from time to time?

3 A. Yes, sir.

4 Q. Okay. I'd like to direct your testimony right now to what
5 you've basically said on direct about Deborah Gore Dean. If I
6 can summarize your testimony -- and please interrupt me if it's
7 not fair -- you testified that you went to John Mitchell as a
8 result of a telephone call from Louie Nunn. John Mitchell, in
9 response to you saying, "Governor Nunn wants me to go find out

10 something about this program," John Mitchell said nothing.

11 A. Governor Nunn wanted me to prod John Mitchell to find out
12 something about this program.

13 Q. And John Mitchell said what to you?

14 A. I don't remember any words. It was just almost gestures,
15 like, "Don't bother. I don't want to deal with it."

16 Q. "Don't bother me"?

17 A. Yeah.

18 Q. Okay. You then took it upon yourself, with no direction
19 from anyone, to call Ms. Dean; is that correct?

20 A. That's correct.

2 Q. You called her. Did you talk to her on the telephone?

2 A. I really don't remember. I may have asked her secretary for
2 an appointment. I don't remember.

2 Q. You ended up in her office with her alone.

2 A. Right.

351

1 Q. And you said to her what?

2 A. Well, in general words -- this is, you know, once again,
3 seven years later. I remember the gist of the statement being,
4 "There is a project being sponsored by Louie Nunn --or Governor
5 Nunn, however I said it -- in South Florida." I'm sure I
6 identified it better than I remember it now, but I said something
7 about Florida and Roman numeral numbers after it and that the
8 builder or developer was not a wealthy man and was, you know, had
9 invested a lot of his time and effort in this project and was

10 being kind of stymied by government bureaucracy, and Louie Nunn
11 was helping him or representing him, I don't remember which, and
12 Louie was hoping that we could help him move the bureaucracy
13 along.

14 Q. And she said what?

15 A. "We have -- oh, in Florida. Oh, in South Florida. They've
16 gotten an awful lot," "they" being South Florida or Dade County,
17 wherever it was.

18 Q. And that's as precise as you can recall what she said?

19 A. Yep.

20 Q. You have no better recollection of that at all?

2 A. Sorry.

2 Q. Okay. Do you recall anything else that was said during the
2 conversat ion?

2 A. No. I said Howls-your-mother? kind of thing, but no.

2 Q. I'm going to have to go back a few more years to put some

352

1 background for this for the jury, if that's okay, so I'm going to
2 direct your attention back to 1982, and do you remember something
3 called the Man of War Project?

4 A. No.

5 Q. Does that mean anything to you at all?

6 A. No, sir.

7 Q. Do you recall Mr. Nunn talking to you or you talking to John
8 Mitchell about a Mod Rehab Program in Louisville called Man of
9 war? Does that ring any bells at all?

10 A. No, but remember, 1982, I was in California.

11 Q. Right, I understand that you were going back and forth. You
12 might not have known everything that was going on in Washington
13 at that time.

14 A. I knew very little of what was going on in Washington at
15 that time.

16 Q. Okay. What did you know -- when did you come back full time
17 to Washington?

18 A. I don't -- I think, I think '85, but it could have been end
19 of '85.

20 Q. Directing your attention then to the end of '85 or whenever
2 you came back to Washington, did you know that John Mitchell and
2 Louie Nunn had been working together at that point?

2 A. Yes.

2 Q. Okay. And you were aware that they had been working on the
2 cellular telephone business?

1 A. Right.

2 Q. And that that had not come to fruition?

3 A. Yes.

4 Q. Were you aware at that time that they were working on
5 HUD-related projects?

6 A. No, sir.

7 Q. You had no awareness at the end of 1985 that they were
8 working on HUD-related projects?

9 A. When I came back from California, if it was the end of '85,

10 I did not.

11 Q. If you can recall generally, when did you first learn that

12 Mr. Mitchell and Mr. Nunn were working on a HUD-related project?

13 A. Well, I really don't know. I think it was when Governor

14 Nunn called me about this incident we just talked about -- not

15 incident, but this situation we just talked about, which I think

16 was '86 anyway. I'll stop trying to remember things I can't

17 remember.

18 Q. Let me show you what's previously been introduced into
19 evidence as Government's Exhibit 22. I'm just going to ask you
20 to take a look at the two pages of this and see if it refreshes
2 your recollection as to when you became aware as to whether

2 Mr. Nunn was working with John Mitchell --

2 A. I've never seen this.

2 Q. -- in 1984.

2 Now I didn't suggest you'd seen it.

354

1 A. Oh, okay.

2 Q. Only if it refreshed your recollection.

3 A. It does not.

4 Q. Okay.

5 A. Obviously, I didn't know until after this. This is January
6 1984.

7 Q. That does not refresh your recollection?

8 I'll show you what I've marked for identification as
9 Dean Exhibit 27 and 28.

10 THE CLERK: Defendant's Exhibits 27 and 28 marked for
11 identification.

I 12 (Defendant's Exhibit Nos. 27 and 28

13 were marked for identification.

14 BY MR. WEHNER:

15 Q. And ask if these refresh your recollection as to when you
16 became aware that Mr. Nunn was working with Mr. Mitchell?

17 A. Well, I became aware after these, obviously. These are
18 dated in mid-1984.

19 Q. Okay.

20 A. So it was much later. I didn't know anything about this.

Q. So you didn't know prior to the end of 1985 that they were dealing in HUD-related projects?

A. You know, if you'll want to refresh my memory, if you'll tell me when Jim Tully resigned as president of Global, okay, that might have been November of '84. After that, John Mitchell started encouraging me subtly, he would never demand, to spend more time in Washington, and I started spending more time in Washington, and so sometime in '85, I mean, in 1985, assuming he resigned in '84, and I think that's true, that sometime in '85, I started spending more time in Washington.

Eventually he said, you know, I just ought to stay here, and so after I remained on a permanent basis in Washington, which probably was the end of '85, I know I was here in '86, that's when I probably started hearing about things.

Q. I'm sorry, I didn't quite follow all of that.

A. Okay. My guess is --

Q. No guesses, no guesses.

A. Well, I can't help you.

Q. Do you remember being in Washington at the end of 1985?

A. I remember being in Washington in '86, because I met a lovely lady, and if it were my birthday, I would remember. You

allbinders as word for experiment.txt
know, those kinds of things remind me, but --
Q. When's your birthday?
A. I just had it in August. Don't ask me how old I am.
Q. Okay. Let's move forward from '82 and from '85 for a few

356

1 minutes and talk about the project known as Arama. Are you
2 familiar with that project?
3 A. I'm not.
4 Q. You know absolutely nothing about Arama?
5 A. I've never heard of Arama before.
6 Q. Okay. Did you ever know that Mr. Mitchell was working with
7 Governor Nunn on a project called Arama?
8 A. No, sir.
9 Q. Did you ever know that that dealt with 300 units in Florida?

10 A. No, sir, until you just showed me a piece of paper that
11 those numbers were on there.
12 Q. And you had no knowledge of that whatsoever?
13 A. I don't remember any, ever hearing of Arama.
14 Q. So am I correct in summarizing your testimony fairly that
15 the only project that you knew of that John Mitchell was working
16 on with regard to Governor Nunn was the one you have testified
17 to?
18 A. Yes, sir.
19 Q. And that the sole information you have about your
20 involvement in that project is what you testified to previously?
2 By that, I mean your conversations with Ms. Dean and your

2 conversation with Governor Mitchell -- I'm sorry?

2 A. Governor Nunn.
2 Q. Governor Nunn. And your conversations with former Attorney
2 General Mitchell.

357

1 A. I understand your question, and to that specific question,
2 the answer is yes. That's all I know.
3 Q. Did John Mitchell ever say to you or infer to you or suggest
4 to you that Deborah Gore Dean had done anything for him?
5 A. No, sir, on the contrary.
6 Q. Are you aware of any evidence that Deborah Gore Dean ever
7 did anything for him? Are you aware of any?
8 A. No.
9 Q. And you were associated with John Mitchell for how long?

10 A. Nine years in business.
11 Q. What years? What years?
12 A. Well, in 1979, even though I was in California, and I knew
13 him and I was, really in 1980, I should say, '80 until he died in
14 '88, November of '88.
15 Q. And those years encompass 1983 to 1987, do they not?
16 A. Yes, sir.
17 Q. Those happen to be the time periods that Ms. Dean is accused
18 in this case.
19 A. I see.

20 Q. Changing subjects for a second, do you recall the name Lance
2 Wilson?

2 A. Yes, sir.

2 Q. And do you recall that he was employed at a law firm in New
2 York City?

2 A. I didn't know him when he was -- I didn't know it when he

358

was, but --

2 Q. Are you aware that he was employed at a law firm by the name
3 of Mudge, Rose, Guthrie & Alexander?

4 A. Yes, sir.

5 Q. Are you aware that John Mitchell was one of the founding
6 partners in that law firm?

7 A. No. I knew he was a senior partner in that law firm, but I
8 didn't know he was a founder.

9 Q. Are you aware that Lance Wilson worked at HUD?

10 A. Yes.

11 Q. And are you aware that Lance Wilson left the law firm of
12 Mudge Rose to go to work for HUD? Do you know that?

13 A. I didn't know, no.

14 Q. Okay. Are you aware that Mr. Wilson was the executive
15 assistant to Sam Pierce?

16 A. I knew he had a very high job. I didn't know his title.

17 Q. Now do you know if John Mitchell knew Lance Wilson?

18 A. Yes, he did.

19 Q. How do you know that he knew Lance Wilson?

20 A. I think I remember -- well, I shouldn't think. I know he
21 offhandedly commented that he had talked to him, and I'm quite
22 certain I met Lance Wilson in John Mitchell's office.

23 Q. You've previously testified that you recognize John
24 Mitchell's handwriting, did you not?

25 A. Oh, yes.

359

1 Q. I'm going to show you what's been previously marked for
2 identification as Dean Exhibit No. 23, and it purports to be a
3 telephone message for Mr. Mitchell from Lance Wilson, with
4 handwriting down in the corner. Do you recognize that
5 handwriting?

6 A. The handwriting in the corner is John Mitchell's.

7 Q. What does it say?

8 MR. O'NEILL: Objection, Your Honor.

9 THE COURT: Yes, all right. I'll sustain it.

10 MR. WEHNER: Very well, Your Honor.

11 Q. Were you aware that Lance Wilson discussed 300 units with
12 John Mitchell?

13 A. No, sir.

14 Q. Were you aware that John Mitchell talked to Mr. Wilson about
15 talking to Maurice Barksdale about 300 units?

16 A. Afraid not.

17 Q. Does the name Maurice Barksdale mean anything to you?

allbinders as word for experiment.txt

18 A. Very vague. It doesn't mean anything to me.
19 Q. Do you know he was, at one time he was a very high official
20 at HUD?
2 A. Aha. No, I don't. I didn't know that, and I don't know
2 him, and I don't associate that name.
2 Q. Let me show you what I've marked for identification as Dean
2 Exhibit 24. Let me ask you if this, if you recognize that?
2 A. Hmm.

1 Q. What does that appear to be?
2 A. It's a phone message from his secretary It says -3
MR. O'NEILL: Objection again.
4 THE WITNESS: Oh, I shouldn't read it. But it's a
5 steno pad.
6 BY MR. WEHNER:
7 Q. It's a telephone message?
8 A. Phone message, yeah.
9 Q. Do you recognize that telephone message as having come from
10 the office of Global Research?
11 A. No.
12 Q. No, you don't?
13 A. Well, it must have, but there's nothing on it that says
14 Global Research.
15 Q. Do you recognize it as having come from the office of Global
16 Research?
17 A. I do not.
0
2 18 Q. Okay. Are you aware that John Mitchell was talking to Lance

19 Wilson at the same time that he entered into an agreement with
20 Louie Nunn to help Mr. Nunn with units in South Florida?
21 A. No. No.
22 Q. You had no information regarding that at all?
23 A. No, sir.
24 Q. Okay. There's been a lot of testimony about Ms. Dean's
25 closeness to John Mitchell. Would you call them good friends?

361

A. Yes.
Q. Close friends?
A. Yes.
4 Q. Yes.
5 A. Yes, close friends. It was more, almost paternal, his
6 relationship with her.
7 Q. I'm sorry, repeat that, please?
8 A. His relationship with her was almost paternal. It was
9 almost like he adopted her.
10 Q. Very, very close?
11 A. Recognize, you know, I didn't see them all the time, but in
12 my opinion, it was very close, yes.
13 Q. Okay. Did Mr. Mitchell leave any money to Ms. Dean when he
14 died?
15 A. No. Oh, well, I don't know about it. None that I know of.
16 Q. To your knowledge.
17 You know a lot about John Mitchell?
18 A. To my knowledge, he did not leave money to her. To my
19 knowledge, he did not have a will.

20 Q. Do you know if anyone else in Ms. Dean's family received any
21 inheritance from John Mitchell's estate?
22 A. Oh, no. I know that they did not.
23 Q. You know that they did not?
24 A. I know that they did not, because the lawyer who handled the
25 estate was also, we kind of made a deal he would handle the

362

1 estate free if I would give him the business for the corporation,
2 so I kind of knew what was going on with the estate, and that's
3 pretty good knowledge, and it did not happen. There was no money
4 left.

5 Q. Did Ms. Dean receive any money, to your knowledge, from John
6 Mitchell?

7 A. No, sir.

8 Q. You testified, I believe, that your relationship with
9 Mr. Mitchell began approximately in 1979.

10 A. Business.

11 Q. Business?

12 A. Business relationship.

13 Q. You knew him prior to that -14

A. Yes, sir.

15 Q. Political?

16 A. He was attorney general, and I was in the White House, and
17 we saw each other, you know, on those occasions, and we just kind
18 of hit it off early on so -19

Q. Now John Mitchell's wife died, first wife died at some
20 point; is that correct?

2 A. Yes, sir.

2 Q. When approximately was that?

2 A. I can't remember. Probably -

I can't remember. Probably

2 late '70s, mid-'70s.

2 Q. Do you recall when you first became aware that Mr. Mitchell

363

and Deborah Gore Dean's mother became close?

2 A. Yes. I knew that beginning in about 19-, maybe late '78 or
3 •79.

Q. Late '78 or '79?

A. Yes, sir.

Q. And of course, Mr. Mitchell died in when, October 1988?

A. November, first week in November, 1988.

Q. 1988?

A. I believe it was the 9th.

20 he appear to be familiar with the South Florida I project?
2 1 MR. WEHNER: Objection. "Appear"? I don't think it's
2 2 fair to ask a witness how another witness appeared, Judge.
2 3 THE COURT: I can have him amend the question to the
• 2 4 sense that he was familiar with it.
25 MR. O'NEILL: I'll amend it.

364

1 Q. To your understanding, was he aware of the project when you
2 approached him?
3 A. I really don't know. I can only guess.
4 Q. Well, I don't want you to guess. Let me show you a document
5 that has not yet been marked for identification but will be as
6 Government's Exhibit 500, and I'd ask you to, I would direct your
7 attention to the top paragraph.
8 MR. WEHNER: Can I see the exhibit?
9 MR. O'NEILL: Sure. I'm sorry, Steve.

10 THE CLERK: Government's Exhibit -- 500?
11 MR. O'NEILL: Yes.
12 THE CLERK: Marked for identification.
13 (Government's Exhibit No. 500 was
14 marked for identification.
15 BY MR. O'NEILL:
16 Q. Mr. Brennan, have you had a chance to look at that first
17 paragraph?
18 A. No, I misplaced it.
19 Oh, I'm sorry, top paragraph. I had the wrong page.
20 Q. And you cannot read it; it is not in evidence. I mean, you
2 can read it, but you can't read it out loud.
2 A. Okay. I'll read it to myself, obviously.
2 Okay.
2 Q. And does reading that refresh your memory as to whether
2 Mitchell was aware at that time of the South Florida I project?

365

1 A. It refreshed my memory that he probably was. I mean, all I
2 recall of his reaction, his reaction wasn't, like, "What are you
3 talking about?" It was more, you know, "Don't bother me. I
4 don't want to be involved."
5 Q. You mentioned during cross examination that it was on your
6 own that you contacted the defendant, Deborah Gore Dean.
7 A. That's correct.
8 Q. At that time, had you agreed with Mr. Nunn about a fee as,
9 for what you were going to do?

10 A. Way before that.
11 Q. Okay. And what was the agreement as to the fee?
12 A. Well, you've refreshed my memory that it was, so much money
13 is paid per unit and that we were to share it equally.
14 Q. And who made the agreement as to the amount of money to be
15 paid?
16 A. Well, that's, I'm sure Mr. Nunn did, and I think that's why
17 I was saying it seemed very generous. That's why I thought it

allbinders as word for experiment.txt
18 was kind of guilt, all the work we did in the past and never got
19 anything, that he made it very generous.
20 Q. Now, Mr. Brennan, you stated during cross examination that
2 Mr. Mitchell had no money left at the time of his death.
2 A. I didn't --
2 Q. Is that what you said?
2 A. Well, I shouldn't be making it that definitive. He did --
2 he had some money. I thought I said he did not leave a will. To

366

1 my knowledge, he did not leave a will.
2 The second point I was making was that I knew a lot
3 about the estate, because the same lawyer who handled the estate
4 was handling the closing up of our business activities, and he
5 would kind of, you know, casually tell me, "God, John's in bad
6 shape."
7 Q. Did he have any money left at the time of his death?
8 A. Net?
9 Q. Yes.
10 A. Net money? I don't think so.
11 MR. O'NEILL: No further questions, Your Honor. Thank
12 you.
13 THE COURT: All right.
14 MR. WEHNER: A few questions, Your Honor?
15 THE COURT: well, if it goes into the area of redirect

17 MR. WEHNER: It does.
18 RE-CROSS EXAMINATION

2 MR. O'NEILL: Objection, Your Honor.

12 Q. I'll ask you again if you had a conversation with her at or

2 THE COURT:

I sustain the objection.

Same basis?

Yes.

Could we approach the bench, Your Honor?

Sure.

2 (Bench conference on the record.)

2 THE COURT: How do you get in what the defendant said
2 through someone else? That's a self-serving statement. She can
2 take the stand, but you can't get the defendant's testimony in

368

1 through someone else.

2 MR. WEHNER: It's not someone else. It's what she said
3 to him.

4 THE COURT: I don't care who she said it to.

5 MR. O'NEILL: It's got to be by a party opponent.

6 THE COURT: Yes. I don't see it unless there's some
7 other basis for it. I don't see the proffer of admissibility.

8 MR. WEHNER: You said it was self-serving was the first
9 reason you overruled the objection.

10 THE COURT: The basis is hearsay, but it's self-serving
11 as well.

12 MR. WEHNER: And a conversation in 1988 about John
13 Mitchell's involvement in the Mod Rehab Project can hardly be
14 considered self-serving.

15 THE COURT: She'd gone through the hearings already
16 through the Hill, hadn't she?

17 MS. SWEENEY: Yes, Your Honor.

18 MR. WEHNER: This was right after, to be honest with

i
19 you, Judge, it was right after the inspector general's
8 20 investigation. It wasn't up at the Hill.

2 THE COURT: well, it was evident at that time there
2 were some concerns raised, I think. I don't see any basis for
2 its admissibility. Maybe I'm missing your point.

2 MR. WEHNER: I don't think you're missing my point,
2 Judge. I think -

2 DIRECT EXAMINATION

3 BY MR. O'NEILL:

4 Q. Sir, I will ask you a series of questions. I'd ask you to
5 speak in a loud voice so everyone can hear you in the room. Will
6 you please state your name for the record, spelling your last
7 name for the court reporter?

8 A. My name is Charles Joseph Fogle, F-o-g-l-e.

9 Q. By whom are you employed?

10 A. I'm employed by the Federal Bureau of Investigation.

11 Q. And in what capacity are you so employed?

12 A. As a special agent.

13 Q. And how long have you been a special agent with the FBI?

14 A. For over six years.

15 Q. What was your occupation before joining the FBI?

16 A. I was an army officer for seven years.

17 Q. Where are you currently assigned, Agent Fogle?

18 A. I'm assigned to the Washington Metropolitan field office at
19 the FBI.

20 Q. Do you know an individual by the name of Martha Mitchell

2 Jeffcock?

2 A. Yes, I do.

2 Q. And how do you know her?

2 A. I had met her in May of 1992.

2 Q. And under what conditions did you meet her?

371

1 A. I met her in San Jose, California, after she was served with
2 a federal grand jury subpoena to produce documents that were in
3 her possession.

4 Q. Now what did you do in California?

5 A. I flew out there with another agent, went to her residence.

6 At the time we showed up in the morning, I met her fiance/now
7 husband, and he told us that Mrs. Jeffcock was not ready to see
8 us at that time. So he led us across the street to a storage
9 room, where he showed us the documents that we had talked about

10 on the phone.

11 Q. Did you go through those documents?

12 A. Yes, I did.

13 Q. And what, if anything, did you do with the documents?

14 A. We brought back the documents that were relevant to the
15 investigation.

16 Q. What, if anything, did you do with those documents when you
17 brought them back?

18 A. We turned them in to the evidence custodian, who in turn
19 turned it over to another individual in charge of storing the
20 documents, and those documents in turn were microfiched and put
2 into our storage facility.

2 Q. Agent Fogle, at this time, I would show you a number of

2 Q. And when have you seen those?

3 A. I first saw them in San Jose, California, in a storage
4 facility belonging to Mrs. Jeffcock.

5 Q. Are those documents you brought back with you?

6 A. Yes, they are.

7 Q. Agent Fogle, I would now show you what's previously been
8 marked as Government's Exhibit 10 for identification, and I ask
9 if you recognize that?

10 A. Yes, I do.

11 Q. And what do you recognize that to be?

12 A. I recognize that to be a calendar that I found in the

13 storage facility of Mrs. Jeffcock.

14 Q. And did you bring that calendar back with you as well?

15 A. Yes, I did.

16 Q. Agent Fogle, I would now show you what's previously been

7 MR. WEHNER: Could I have the exhibits, Mr. O'Neill,
8 please?
9 MR. O'NEILL: Sure.

10 CROSS EXAMINATION

11 BY MR. WEHNER:
12 Q. what type of storage facility were all of these in when you
13 found them?
14 A. It was in a, a small room, locked, and it was opened up by
15 Mrs. Jeffcock's fiance.

{ 16 Q. In a small room, locked. was it an apartment, a storage
I 17 building, a closet?
18 A. There were about six to eight other rooms similarly locked

3

UJ

i 19 in a, in a building. It was a, appeared to be a storage facility
8

20 for all the residents of the apartments where Mrs. Jeffcock was

i

2 living at.

2 Q. And it was in the, across the street or in the basement of
2 the apartment building?

2 A. It was across the street.

2 Q. Okay. How many documents were there?

376

1 A. How many pages?

2 Q. Yes. How many pieces of paper?

3 A. Approximately 2,300, many of those being canceled checks,
4 counting that as a page.

5 Q. Did you go through each piece of paper to determine what
6 was, as you put it in your direct, relevant to your
7 investigation?

8 A. Yes, I did.

9 Q. And of those 2,300 pieces of paper, how many did you bring

10 back with you?

11 A. That's the amount I brought back. There were about seven or

allbinders as word for experiment.txt

12 eight boxes that I, that I went through.

13 Q. And this is everything you brought back?

14 A. No. There, there are total about 2,3 00 pages that I brought

15 back.

16 Q. Okay. I'm sorry, I misunderstood your answer. 2,300 pages

17 that you brought back.

18 A. Yes.

19 Q. How did you determine what you were going to bring back?

20 A. Well, I was working, had been working on this particular

2 aspect of the investigation, and I --

2 Q. That what particular aspect?

2 A. Well, in regard to John Mitchell's and Deborah Gore Dean's

2 involvement with Mr. Martinez's projects down in Dade County.

2 Q. And you'd been working on that, and you knew generally

1 everything that was about?

2 A. Generally.

3 Q. Okay. And how many pieces of paper did you look through?

4 A. These papers were in about seven boxes in her storage

5 facility.

6 Q. And how many pieces of paper was it again? Thousands?

7 A. Thousands.

8 Q. And these are the documents that you found in the storage

9 facility that you inferred relate to this case?

10 A. Yes, they are.

11 Q. Did you find any other documents that showed that

12 Mr. Mitchell was working with anyone else, or did you look?

13 A. I looked at all, at all the documents myself, or the other

14 agent did.

15 Q. Did you see any documents that talked about Mr. Lance

16 Wilson?

17 A. Yes. There, there was either a piece of paper -- I recall

18 something with Lance Wilson's name on it, such as a message,

19 telephone message.

20 Q. And did you bring that back?

2 A. Yes, I did.

2 Q. Now that's not part of the documents that the government

2 introduced, is it? Do you want to take another look at them?

2 A. They are not part of the documents that Mr. O'Neill just

2 showed me.

1 Q. I'm going to show you what's been marked for identification

2 as Government's Exhibits --or Dean Exhibit 23 and ask you if

3 this is a copy of the document that you were referring to, a

4 telephone message?

5 A. Yes, it is.

6 Q. And you brought that document back from California the same

7 way you brought these other documents back; is that correct?

8 A. Yes, I did.

9 Q. And they were kept in the same place; is that correct?

10 A. Yes, they were.

11 Q. And generally under the same set of circumstances, is that

12 correct?

13 A. That's correct.

14 Q. Okay. Do you have any reason to doubt the authenticity of
15 the documents that the government has had you identify?

16 A. No.

17 Q. Do you have any reason to doubt the authenticity of the
18 document I've just shown you?

19 A. No.

20 Q. Do you remember any other documents that you looked at out
2 there that dealt with Mr. Lance Wilson?

2 A. Not off the top of my head.

2 Q. I really don't want you to talk about off the top of your
2 head. Let me show you what I've marked as Dean Exhibit 24.

2 A. Thank you.

379

1 Q. See if that refreshes your recollection as to whether you
2 saw any other documents with regard to Mr. Mitchell.

3 A. Yes, I recall this.

4 Q. And you found that in the same place you found the documents
5 that the government is attempting to introduce; is that correct?

6 A. That's correct.

7 Q. Does the name Don Hovde mean anything to you?

8 A. I believe he was a HUD official at one time.

9 Q. And do you know what position he held?

10 A. No, I don't.

11 Q. Did you find anything in Mr. Mitchell's papers dealing with
12 John Hovde?

13 A. Not that I recall.

14 Q. Maurice Barksdale, do you recall the name Maurice Barksdale?

15 A. Yes, I do.

16 Q. Did you find anything in Mr. Mitchell's papers dealing with
17 Maurice Barksdale?

18 A. Yes, I did.

19 Q. And do you recall what Maurice Barksdale's position was?

20 A. He was an assistant secretary for housing for HUD.

2 Q. And do you recall when he was assistant secretary for

2 housing at HUD?

2 A. I'm not sure about, of the exact time frame. It was before
2 Tom Demery.

2 Q. And this was his position; is that right?

380

A. Yes.

2 Q. What documents do you remember seeing dealing with Maurice
3 Barksdale?

4 A. I recall a memorandum regarding Maurice Barksdale on
5 Marbilt, which is a project that Mr. Martinez was involved in.

6 Q. And what else do you recall the memorandum saying?

7 A. I don't recall at this time. I'd have to refresh my memory.

8 Q. It was a memorandum dealing with Maurice Barksdale and

9 Mr. Martinez on Marbilt?

10 A. Yes, it was.

11 Q. And you have no further recollection of what that memo said?

allbinders as word for experiment.txt

- 12 A. I know in the title it referenced the name of his project.
13 Q. Marbilt?
14 A. Marbilt as well as the particular development names.
15 Q. What other development names?
16 A. I believe they go by, they're the name of the building, such
17 as St. Joseph, might be Dominic. The one I'm referring to is in
18 Exhibit 36A, one of the two memos.
19 Q. It's a part of Exhibit 36A?
20 A. I believe so. I'm sorry, it's probably -- I think it's the
21 one before that. It's one of the exhibits that I just looked at.
22 Q. The government exhibits or the one I showed you?
23 A. One of the government exhibits.

- 24 Q. 3 6A doesn't say -- well, I'll show you 3 6A.
25 A. It may be Exhibit 30. I just don't recall what the number

381

was.

- 2 Q. Well, let me show you the exhibits. That will be the easier
3 way to do it.
4 These are the ones, these are all the government
5 exhibits, I believe, that Mr. O'Neill gave me that were
6 introduced. You just look through that and tell me where you saw
7 that information you were just referring to.
8 A. Well, they're out of order, but I'll look through them all.
9 Okay, it's Exhibit 17.

- 10 Q. Okay.
11 A. Okay. I stand corrected. It's from Phil Abrams, not
12 Maurice Barksdale.
13 Q. Now do you recall, now that we've established it's not from
14 Maurice Barksdale, what do you recall about Maurice Barksdale?
15 A. Well, as I said, I recall he was a HUD official at one time.
16 Q. No, about the documents in the storage facility, what do you
17 recall about seeing documents dealing, of dealings between John
18 Mitchell and Maurice Barksdale?
19 A. Right now off the top of my head, I don't recall. I don't
20 recall him on a specific document.
21 Q. All right. Let's go back to what I've previously shown you,
22 Dean's 23.
23 A. Oh, his name was noted. I recall now that you're bringing
24 that forward that the Lance Wilson telephone calls remarks
25 Maurice Barksdale's name was on the bottom of it.

382

- 1 Q. It was, wasn't it?
2 A. Right.
3 Q. As a matter of fact, it says "Talking to Barksdale," doesn't
4 it?

- A. I believe so.
6 Q. It also says "300 units," doesn't it?
7 A. Could I refresh my memory?
8 Q. Absolutely.
9 MR. O'NEILL: Judge, I have no objection to Mr. Wehner

allbinders as word for experiment.txt
10 putting this into evidence at the appropriate time, but referring
11 to it when it's not in evidence is not permissible.
12 THE COURT: I'll sustain the objection the way the
13 question is asked.
14 BY MR. WEHNER:

15 Q. I'm showing you that exhibit. Does that refresh your
16 recollection as to whether you saw a document that had Maurice
17 Barksdale's name on it during your search?
18 A. Yes, I recall this document.

2
19 Q. Now do you recall seeing a document that had Maurice

5
8

20 Barksdale's name on it during your search?
2 A. It says "Talking to Barksdale" on the document. Yes, I
2 recall that.
2 Q. And "300 units"?
2 A. "300 units" above that.
2 THE COURT: I'll sustain the objection to that. That's

383

1 not before the jury. I'll strike it.
2 BY MR. WEHNER:

3 Q. Do you recall any other documents dealing with Barksdale?
4 A. You'd have to refresh my memory. Off the top of my head,
5 no.

6 Q. I believe you previously testified that you didn't remember
7 any documents from Mr. Don Hovde; is that correct?
8 A. That's correct.
9 Q. I'm going to show you what's marked for identification as

10 Dean Exhibit 29.
11 THE CLERK:
12 identification.

15 BY MR. WEHNER:

Defendant's Exhibit 29 marked for

(Defendant's Exhibit No. 29 was
marked for identification.)

16 Q. Let me ask if this refreshes your recollection as to whether
17 you found any material dealing with John Hovde in all of those
18 documents?
19 A. I don't specifically recall this document.
20 Q. That does not refresh your recollection as to whether you
2 found a document dealing with Don Hovde?

allbinders as word for experiment.txt

2 A. No, not specifically.

2 Q. Do you recognize the stamps at the bottom of this document?

2 A. Yes, I do.

2 Q. Whose stamps are those?

384

1 A. That's a, an identifier placed on each page of documents

2 that are processed through our evidence storage room. We

3 microfiche all our documents separately, so that instead of

4 handling the, the original documents, we can call these up for

5 future reference.

6 Q. So that document came out of your microfiche; is that

7 correct?

8 A. That's correct.

9 Q. Okay. Does that refresh your recollection as to whether you

10 saw that document out in the storage facility?

11 A. I'm sure this, this is a, a document that I brought back. I

12 just can't specifically recall this individual document. I

13 brought back about 2,300 pages.

14 Q. Right. How can you specifically identify that as a document

15 you brought back?

16 A. Because it's assigned -

well, first of all, it says

17 "John N. Mitchell" at the top, and at the bottom, it says "Global

18 Research International." Additionally, the identifier at the

19 bottom, I know part of the identification refers to all documents

20 that were brought back from Martha Jeffcock's storage facility by

2 me in May of 1992.

2 Q. So in fact, it does refresh your recollection that you saw

2 that document?

2 A. The identification at the bottom refreshes my memory, but

2 this specific document out of 2,300 pages, I can't specifically

3

Q. Yeah, but -- fair enough.

Agent, you reviewed these documents in a storage

4

facility in California, correct?

5 A. Yes, I did.

6 Q. You and a couple other agents?

7 A. One other agent.

8 Q. One other agent.

9 were the --in the condition -- you returned them in a

10 pristine fashion to Washington? In other words, you didn't

11 change them or mark them or do anything to them between the time

12 you saw them and the time you brought them back; is that correct?

13 A. That's correct.

14 Q. Okay. Do you have any idea what happened to those documents

15 between the time Marti Mitchell, as she was known then, got them

16 and their being placed in that storage facility?

17 A. No, I do not.

18 Q. Do you know how long they were in the storage facility?

19 A. No, I do not.

20 Q. Do you know what was, what may have been taken in, taken

2

out, or put into those documents while they were in the storage

2

facility?

2 A. No, I do not. Marti Mitchell indicated to me that she was

2

not aware of what were in those boxes. She just referred to the

2

boxes as what she took from her father's office after he died.

.

386

1 Q. Okay. So she didn't know what -- she couldn't even identify
2 them for you?

3 A. That's correct. In fact, she told me that I could go ahead

4 and take all the boxes, for all she cared. She didn't really

5 want them.

6 MR. WEHNER: Nothing further, Your Honor.

7 MR. O'NEILL: I have nothing, Your Honor.

8 THE COURT: All right. Nothing else? All right.

9 Thank you, Agent. You can step down.

10 (Witness excused.)

11 THE COURT: who's your next witness, please?

12 MR. O'NEILL: The government calls Mr. Frank Gauvry.

13 THE COURT: Okay. Could I see counsel at the bench for

14 a minute?

15 Just tell him to wait a minute.

16 THE CLERK: Just one moment, please. Sir, if you'll

17 have a seat inside of the well of the court?

18 (Bench conference on the record.)

19 THE COURT: I sustained an objection to the question,

20 and then you asked it again with the statement of what was

2 contained in the document that I had sustained earlier to. We've

2 got a long trial, but I will come down on you hard in front of

2 the jury if you go around behind my rulings from now on. I give

2 you one chance, and that's it, all right?

2 MR. WEHNER: Thank you for the one chance, Your Honor.

387

1 THE COURT: All right.

2 (End of bench conference.)

3 FRANK AUGUST GAUVRY, GOVERNMENT'S WITNESS, SWORN

4 DIRECT EXAMINATION

5 BY MS. SWEENEY:

6 Q. Good afternoon.

7 A. Good afternoon.

8 Q. Mr. Gauvry, would you please state your complete name for

9 the record, spelling your last name for the court reporter?

10 A. Frank August Gauvry, G-a-u-v, as in Victor, r-y.

11 Q. Mr. Gauvry, are you presently employed?

12 A. Yes, I am.

13 Q. And how are you employed?

14 A. Self-employed as an insurance broker.

15 Q. How long have you worked as an insurance broker?

16 A. Forty-three years.

17 Q. Did you happen to serve in the United States military?

18 A. Yes, I did. United States Navy and Coast Guard.

19 Q. And was that before you entered into the insurance business?

20 A. Yes, it was.

2 Q. Have you ever held any public office, Mr. Gauvry?

2 A. Yes. I was the mayor of Cape May, New Jersey, from 1964

2 until 1972.

2 Q. Did you know the late John N. Mitchell?

2 A. Very well.

388

1 Q. When did you first meet Mr. Mitchell?

2 A. Approximately 1968, I believe, at the convention in Miami.

3 Q. Did you continue to see him after that first meeting?

4 A. Yes, I did.

5 Q. Focusing on the time period of the 1980s, did you see

6 Mr. Mitchell during that particular time period?

7 A. Yes, I did.

8 Q. And could you describe for the Ladies and Gentlemen of the

9 Jury your relationship with Mr. Mitchell at that time?

10 A. Well, our relationship was both social and business. I was

11 very, very fond of Mr. Mitchell, and many times I would come down

12 to see him on purely a social basis, and we did enter into some

13 business meetings upon various occasions.

14 Q. During the time period, say, 1984 through 1987, how

15 frequently were you seeing Mr. Mitchell?

16 A. Quite possibly once a month.

17 Q. You said that you would see Mr. Mitchell for business

18 purposes and also for social.

19 A. That's correct.

20 Q. Where is it that these meetings would take place?

2 A. Sometimes in his office, sometimes in various restaurants,

2 on at least two occasions in his home.

2 Q. Do you recall where his home was at that point in time?

2 A. Yes. I believe it was on 30th Street. I'm not sure of the

2 number, maybe 1300.

Q. And --

2 A. In Georgetown.

3 Q. In Georgetown.

4 Do you also know an individual named John V. Brennan?

5 A. Yes, very well.

6 Q. How did you come to know Mr. Brennan?

7 A. Through Mr. Mitchell.

8 Q. And what was the nature of your relationship with

9 Mr. Brennan?

10 A. Oh, we embarked on several endeavors to put together an

11 insurance program.

12 Q. Did any of your endeavors have a particular name?

13 A. Yes. We called it Global Brokerage.

14 Q. And when you would see Mr. Mitchell at his business, would

15 that have -- would that business have had a name?

16 A. Would Mr. Mitchell's business have had a name?

17 Q. Mr. Mitchell's business have had a name.

18 A. The name of his business, I believe, was called Global

19 Research.

20 Q. Have you ever met the defendant in this case, Deborah Gore

21 Dean?

22 A. Yes, I have.

23 Q. And how did you happen to meet Ms. Dean?

24 A. I met her through Mr. Mitchell.

25 Q. And can you tell the jury about the occasion on which you

390

met her?

2 A. Well, I believe the first occasion was a luncheon that I
3 attended at the behest of Mr. Mitchell, and I met Ms. Dean,
4 Debbie.

5 I believe the second time I met her was at the viewing
6 of Mr. Mitchell and the subsequent funeral the following day, and
7 subsequent to that, I was asked to review some policies
8 Mr. Mitchell had after his demise, and I believe Debbie was
9 there. And maybe one other time I might have met her.

10 Q. Focusing now on the luncheon, the first time that you met
11 the defendant, Deborah Gore Dean, how did it come about that
12 Mr. Mitchell invited you to this luncheon?

13 A. I had come down to Washington to meet with Mr. Mitchell, and
14 he said, "we're going to have lunch with Debbie and Louie Nunn,"
15 and we went to, I believe, the Grand Hotel, and we had lunch, and
16 I -- that was the first time I met Debbie.

17 Q. Do you recall if the defendant -

18 MR. WEHNER: May it please the Court?

19 THE COURT: Yes.

20 MR. WEHNER: Could we have a time reference?

21 THE COURT: All right, sure.

22 Can you put this in some kind of a time frame as to
23 date, year, month, season?

24 THE WITNESS: The only way I could do that, well, it
25 was, I believe, 1987.

391

BY MS. SWEENEY:

Q. Do you recall if Ms. Dean was working at HUD at the time of
the luncheon?

A. I believe she was.

5 Q. Was there any particular topic of conversation at the
6 luncheon that would help us put it in some sort of time
7 perspective?

8 A. As I recall, Debbie, Ms. Dean was talking to Governor Nunn
9 and encouraging Governor Nunn to come out in support of George
10 Bush, as opposed to Robert Dole, and that's the only time frame I
11 could put it in that time frame.

12 Q. Was this during the primary season?

13 A. I don't know if it was during the primary season or not as
14 such, but the conversation was concerning Mr. Dole and Mr. Bush
15 and Governor Nunn's support of Mr. Bush as opposed to Mr. Dole.

16 Q. Now you said that the individuals attending the luncheon
17 were yourself, Mr. Mitchell, and Ms. Dean and Governor Nunn; is
18 that right?

19 A. To the best of my knowledge, Mr. Brennan may have been
20 there. I truthfully can't remember whether he was there at the
21 luncheon or not, but I spoke to him immediately after the
22 luncheon, but I don't know if he was at that luncheon or not.

23 Q. What did you do after lunch?

24 A. After lunch, we went back to Mr. Mitchell's office, which
25 also happened to be Mr. Brennan's office.

392

1 Q. When you say "we," to whom are you referring?

allbinders as word for experiment.txt
2 A. Absolutely Mr. Mitchell and myself, but it may have been
3 Mr. Brennan as well. We, we left Debbie and Governor Nunn at the
4 hotel.
5 Q. And what happened when you got back to Mr. Mitchell's
6 office?
7 A. I went into Mr. Brennan's office.
8 Q. Did you have a conversation with Mr. Brennan at that time?
9 A. Yes. Either I said --

10 MR. WEHNER: Your Honor, may we approach?
11 THE COURT: Sure.
12 (Bench conference on the record.)
13 THE COURT: Yes, sir?
14 MR. WEHNER: Your Honor, without being certain, I
15 believe that the testimony is going to elicit the following out
16 of the Jencks material that I received.
17 (Document shown.)
18 MR. WEHNER: Is that fair? Is this where you are?
19 MS. SWEENEY: It will be similar to this particular
20 paragraph, yes, Your Honor. The statement that I'm about to
2 elicit will be similar to the statements in this particular

2 couple of paragraphs.
2 THE COURT: Okay. And the objection is?
2 MR. WEHNER: The objection is to the co-conspirator
2 hearsay. No. 2, Mr. Brennan was not asked about any such

393

1 conversation. He just appeared as a witness. It seems to me
2 that if, it is not doubly hearsay but more problematic when the
3 witness who allegedly said the words is not testified to.
4 And No. 3, Judge, time-wise, this conversation does not
5 make sense in terms of the conspiracy, because if, in fact, the
6 remainder of the Jencks Act statement is that it was regarding
7 Bush and Dole, that would have been in '88, and that is after
8 Ms. Dean left HUD.
9 Now I'm not sure where he comes down on the timing on
10 it, which is why I want to raise that with Your Honor, but I
11 think it's insufficient evidence to find that it's in furtherance
12 of the conspiracy given the timing of the alleged conversation.
13 MS. SWEENEY: Your Honor, we can offer independent
14 evidence to establish that the timing of the conversation was in
15 the spring of 1987, and we believe, Your Honor, that this does
16 come in as a co-conspirator's statement, that Mr. Brennan is
17 soliciting Mr. Gauvry's business vis-a-vis HUD projects and is
18 offering to become a consultant on those HUD projects and is
19 saying that he's going to go to Deborah Gore Dean for her help on
20 those projects.
2 THE COURT: That's what you expect Mr. Gauvry, you say,
2 will testify?
2 MS. SWEENEY: Yes.
2 THE COURT: That he was involved in some HUD projects
2 and Brennan wanted his business?

394

1 MS. SWEENEY: That Brennan asked him if he was aware of
2 any HUD projects, that if he was aware of HUD projects, Brennan
3 could become a consultant, and that Deborah Gore Dean was in
4 charge of choosing consultants.

allbinders as word for experiment.txt

5 MR. WEHNER: Was in charge of choosing consultants
6 while she worked at HUD?
7 MS. SWEENEY: That she was dealing with consultants.
8 MR. WEHNER: Pardon me? She was in charge of choosing
9 consultants when she was at HUD?
10 MS. SWEENEY: That she was, was dealing with
11 consultants.
12 MR. O'NEILL: We don't write them, Steve; we just call
13 them as we see them.
14 MS. SWEENEY: Again, that's his statement.
15 MR. WEHNER: Judge, that just doesn't make any sense.
16 where is it in furtherance of a conspiracy involving Ms. Dean?
17 Maybe a conspiracy by Brennan.
18 MS. SWEENEY: Your Honor, that may go to the weight of
19 the statement and to cross examination of the statement itself.
20 THE COURT: It also may be ultimately considered what
2 case the government has made or not when they finish their
2 evidence in the case.
2 I'll overrule the objection. I think it can come in,
2 at least in the offer made so far as to the statements made
2 during and in course of the conspiracy and for the furtherance of

395

1 the conspiracy, that is, to get business so that they could get
2 these profits from the handling as consultants the mod rehab
3 funds for their clients, to secure those funds for their clients,
4 and the government says that Ms. Dean is a part of that, even
5 though they haven't shown she got any remuneration or direct
6 benefit to her, but I think the government has shown enough at
7 least at this time that what they show eventually as to corrupt
8 activities or not, I don't know. I don't know whether we'll see
9 eventually the furtherance of the conspiracy.
10 But in this situation, whether he says, "Debbie runs
11 things at HUD, I want your business, I can get things done at
12 HUD," that kind of inference seems to be something that can be
13 fairly used against Ms. Dean.
14 I assume that Mr. Brennan was not asked these questions
15 because he had a different recollection and/or didn't recall it
16 at all, and that weakens the weight of the evidence, but I don't
17 think it goes to its admissibility.
18 MR. WEHNER: But, Judge, if I may say one final word,
19 doesn't it make it inherently unreliable as to against Ms. Dean?
20 THE COURT: As to what?
2 MR. WEHNER: As to being admitted against Ms. Dean?
2 THE COURT: I'm going to allow it in at this time.
2 MR. WEHNER: Okay.
2 THE COURT: As I said, subject to that proffer coming
2 in for it.

396

1 MR. WEHNER: Thank you, Your Honor.
2 (End of bench conference.)
3 THE COURT: All right, it's overruled.
4 BY MS. SWEENEY:
5 Q. Mr. Gauvry, you were just about to relate a conversation
6 that you had with Mr. Brennan following the luncheon when you
7 returned to the offices of Global Research.
8 A. Yes. We went into Jack's office, and I made some comment
9 concerning Debbie's obvious position, and he showed me the yellow
10 book, and he said, "She's right next to the top man. She just
11 about runs that department," and I was happy to hear that.
12 And Jack said, "If you know anybody that's going into a

allbinders as word for experiment.txt
13 development business or to develop any housing, let me know, and
14 I can be named a consultant," and that was the end of the story.
15 Q. What happened after that, Mr. Gauvry?
16 A. Nothing. There was no further conversation along those
17 lines.
18 Q. Did you have any further conversation with Mr. Mitchell that
19 day?
20 A. Yes, we must have, but it wasn't along those lines. He
2 mentioned how pleased he was with Debbie's progress at her
2 position, and I agreed, and that was the end of that. There was
2 no discussion about anything else.
2 Q. Mr. Gauvry, are you familiar with the handwriting of John
2 Mitchell?

397

A. I think so.
2 Q. How did you become familiar with his handwriting?
3 A. I received many personal letters from Mr. Mitchell.
4 Q. Mr. Gauvry, at this time, I'm going to show you a group of
5 documents that have been previously marked Government's Exhibit
6 9A through 9H for identification. They're not in evidence yet,
7 so I'll ask you to just look at those but not comment on them.
8 A. I've looked at them.
9 Q. Do you recognize the handwriting on those documents?
10 A. Yes, I do.
11 Q. Whose handwriting is it?
12 A. I would say they belong to former Attorney General John
13 Mitchell.
14 Q. Mr. Gauvry, I've handed you a document, multi-paged document
15 previously marked for identification as Government's Exhibit 10,
16 and I'll ask you to look through that document, sir, and tell us
17 also if you recognize the handwriting in that document?
18 A. You want me to look just where the yellow markers are?
19 Q. You may glance through the entire document, but please look
20 at the pages with the yellow markers.
21 A. Yes.
22 Q. Do you recognize that handwriting?
23 A. Yes.
24 Q. And whose handwriting is that?
25 A. The late John Mitchell's.

398

1 Q. Mr. Gauvry, I've handed you two documents previously marked
2 as Government's Exhibit 14 and 15 for identification, and I'd ask
3 you once again to look at the handwriting on each of those
4 documents and tell us if you recognize the handwriting on that,
5 on those documents.
6 A. Yes, I do.
7 Q. And whose handwriting is that?
8 A. The late John Mitchell's.
9 Q. Mr. Gauvry, I'm handing you an additional two documents.

10 One of them's marked Government's Exhibit 17 for identification,
11 and one is marked Government's Exhibit 36A for identification.
12 Now you'll notice Government's Exhibit 17 is a
13 multi-page document, and I'll ask you to look at the page that
14 has -- pages that have handwriting in the margins, and if you
15 could please tell us, sir, if you recognize that particular

allbinders as word for experiment.txt

16 handwriting?

17 A. Well, the pages that you indicate have handwriting in the
18 margin appear to be the handwriting of the late John Mitchell.

19 Q. And, sir, there's also a sort of ivory-colored sheet that's
20 part of that exhibit.

2 A. This sheet?

2 Q. Yes. Do you recognize the handwriting on that sheet?

2 A. I'm not as sure of that as I am of the other.

2 Q. And what about Government's Exhibit 36A?

2 A. Yes, that would appear to be his handwriting.

399

Q. Now, Mr. Gauvry, you've testified that you met with
Mr. Mitchell over the years on many occasions -

A. Yes.

Q. --at his business.

Were you familiar with his practice of, with whether or
not he had a practice of making notes?

A. Yes.

8 Q. What can you tell us about his practice?

9 A. Every time we were together, he took notes of what the
10 conversation was, what he was planning to do relative to our
11 meeting and what I was supposed to do, and I would say yes, he
12 took notes each time we spoke.

13 MS. SWEENEY: No further questions at this time, Your

14 Honor.

15 THE COURT: All right.

16 CROSS EXAMINATION

17 BY MR. WEHNER:

18 Q. Mr. Gauvry, have you seen any notes of your conversations
19 with John Mitchell during this time in '87 or '88 when you met
20 with him?

21 A. Only what I just saw and in some of the pages that

22 Ms. Sweeney asked, there was my name in a book, but I didn't get
23 a chance to read what was -

24 Q. I'd like you to look again at what Ms. Sweeney showed you.

25 A. No, sir, it was in that book, in that book.

400

THE COURT: Exhibit 10.

2 THE WITNESS: I saw my name hurriedly. I didn't know

3 what it had reference to. It was in here someplace, and he had
4 crossed it out. Back here.

Yes, sir, I found it. It has my name here for a
meeting Thursday, September 11, 19---

BY MR. WEHNER:

8 Q. What year?

9 A. 1986. It's the only one I found.

10 Q. It's the only one you found in all of these documents was in

11 1986?

12 A. Well, I didn't go through that book entirely, sir. That one
13 jumped out. My name jumped out.

14 Q. Have you seen any for 1987?

15 A. I haven't looked at any documents for 1987, Mr. Wehner.

16 Q. Directing your attention to 1988 --

17 A. Yes, sir.

18 Q. -- was there a presidential election that year?

19 A. Yes.

20 Q. Who were the candidates?

21 A. George Bush.

22 Q. And do you remember when the nominating convention was for

23 Mr. Bush?

24 A. No, sir, I don't.

25 Q. Do you recall when Mr. Bush was elected president?

A. Yes, I do.

Q. When was that?

A. 1988. November 1988.

4 Q. Do you know when the nomination convention would have taken
5 place generally if he was elected in November 1988?

6 A. Yes. In probably April of that year, May of that year.

7 Q. April or May of 1988?

8 A. You're talking about the convention?

9 Q. Yes, nominating convention.

10 A. Okay. '88.

11 Q. Okay. April or May of 1988, correct?

12 A. Maybe May or June, yes.

13 Q. Now your recollection of this conversation with Ms. Dean was
14 that the conversation took place where she was trying to get

15 Mr. Nunn to support Mr. Bush?

16 A. Yes.

17 Q. And your recollection was that the conversation was in the
18 spring?

19 A. No, I was -- I don't know what year. I said I don't know
20 what year that took place.

21 Q. Exactly. It could have been 1988, could it not?

22 A. Well, whenever prior to George Bush having the nomination
23 and when Mr. Dole was still in the picture, that would have been
24 it. I don't know, I don't know the time frame.

25 Q. Do you know that Ms. Dean was not employed at HUD in the

spring of 1988?

A. I don't know that.

3 MR. WEHNER: I have nothing further, Your Honor.

4 THE COURT: Thank you.

5 MS. SWEENEY: Just briefly, Your Honor.

6 THE COURT: Certainly. Redirect.

7 REDIRECT EXAMINATION

8 BY MS. SWEENEY:

9 Q. Mr. Gauvry, you testified on direct that following the
10 luncheon, you had a conversation with Mr. Brennan back at the
11 offices of Global Research.

12 A. Yes.

13 Q. Was there anything in that conversation that indicated to
14 you whether or not Deborah Gore Dean was employed at HUD at that
15 particular point in time?

16 A. Jack Brennan pulled out the federal yellow book and showed
17 me Debbie's name as the No. 2 person in the department, and
18 that's the only way -- I didn't know whether she worked there or
19 not at the time, but he showed me her name in the book and said,
20 "She runs the department," and that's the only -- I assumed that

21 she was working there. I don't know.
22 Q. And you testified that subsequent to that time, you had a
23 conversation with General Mitchell about Ms. Dean's employment?
24 A. Yes, yes.
25 Q. And what was the substance of that conversation?

403

1 A. what a great gal she was and what a good job she was doing.
2 I agreed. I like her very much. She reminds me of my youngest
3 daughter.
4 Q. And in terms of her job, what job were you and Mr. Mitchell
5 talking about?
6 A. Her job at HUD.
7 MS. SWEENEY: No further questions, Your Honor.
8 THE COURT: You can step down. Thank you, sir.
9 THE WITNESS: Thank you.
10 (Witness excused.)
11 THE COURT: Ladies and Gentlemen, we'll take our
12 afternoon recess for 15 minutes and be back. Take your break.
13 Refreshments are ready.
14 Remember the admonition about not talking about this
15 case among yourselves or letting anyone else talk to you about
16 the case during the break, please. Fifteen minutes.
17 (Jury out.)
18 THE COURT: All right.
19 (Recess from 3:04 p.m. to 3:40 p.m.)
20 THE COURT: Your next witness is going to be whom?
2 MS. SWEENEY: It's going to be Melvin Adams, Your
2 Honor.
2 THE COURT: Adams?
2 MS. SWEENEY: Yes.
2 THE COURT: You've got all the Jencks material?

1 MR. WEHNER: Your Honor, I'm in possession of

3 it.

I'll make findings this evening as to the

10 redactions in the complete copies of the Jencks and Gialio
11 materials I've read before in the luncheon and afternoon recess
12 which I've completed as to Jack Brennan, which were a major
13 component of the testimony this afternoon.
14 (Jury in.)
15 THE COURT: All right, Ladies and Gentlemen, we're
16 ready after the afternoon recess to have the next witness called
17 by the government.
18 MS. SWEENEY: Your Honor, at this time, the government
19 calls Mr. Mel Adams.

20 THE COURT: All right.

2 MELVIN J. ADAMS, GOVERNMENT'S WITNESS, SWORN

2 DIRECT EXAMINATION

2 BY MS. SWEENEY:

2 Q. Sir, would you please state your entire name and spell your
2 last name for the court reporter?

405

A. Melvin J. Adams, A-d-a-m-s.

2 Q. Mr. Adams, I'm going to ask you to try to keep your voice up
3 this afternoon so that the Ladies and Gentlemen of the Jury can
4 hear everything that you have to say.

5 Mr. Adams, are you presently employed?

6 A. Yes, I am.

7 Q. Where are you employed, sir?

8 A. The Montgomery County Housing Opportunities Commission.

9 Q. And what is your particular job at the Montgomery County
10 Housing Opportunities Commission?

11 A. I'm the assistant executive director and the director of
12 development.

13 Q. Have you worked previously in the public housing field,
14 Mr. Adams ?

15 A. Yes. I've been in this field since 1952. I started off in
16 1952 with the Housing and Home Finance Agency, which later became
17 the Department of Housing and Urban Development. I worked for
18 the District of Columbia Redevelopment Land Agency.

19 I spent eleven years in New Haven, Connecticut, the
20 director of the redevelopment program, and then the, in effect,
21 deputy mayor for all development activities of the city.

22 From 1971 until 1986, I was the director of Dade
23 County's Department of Housing and Urban Development.

24 Q. Mr. Adams, what is your educational background?

25 A. I got a bachelor's degree from Grinnell College, in Iowa, a

406

Master's Degree in Public Administration from Syracuse, in New

York.

3 Q. Now turning to the time period when you were employed at
4 Dade County, could you tell us what your specific duties and
5 responsibilities were with the Dade County Public Housing
6 Authority?

7 A. We built and managed public housing. We administered the
8 Section 8 program of vouchers, the Section 8 Moderate
9 Rehabilitation Program. We were in charge of the redevelopment

10 program for the county.

11 We did relocation of anyone in the county displaced by
12 any government activity, and we, I was responsible for housing
13 code enforcement.

14 Q. And what was your particular title again, sir, at the Dade
15 County Housing Authority?

16 A. Director of Dade County Housing and Urban Development.

17 Q. Now, Mr. Adams, I would ask you to look at the chart that's
18 on the easel there. It's Government's Exhibit 2 in evidence.

19 And can you see where your agency would be located on that
20 particular chart?

21 A. Yes. The third box down from the top, Public Housing
22 Authorities, PHAs.
23 Q. And you've mentioned the Mod Rehab Program. Do you recall,
24 sir, when that program began?
25 A. In the -- I don't know if it was the late 1970s or the early

407

1980s.

2 Q. And in the late '70s or early '80s, when the program first
3 began, can you please tell us how mod rehab funds were allocated
4 to a PHA such as the one that you worked for in Miami?
5 A. There was a formula. In the federal government, HUD
6 allocated among the jurisdictions according to that formula. We
7 would get monies for so many units. We would submit an
8 application of the type of units, but the, the funding would,
9 would be limited to, would limit the number of units.
10 Q. When you say units, Mr. Adams, what are you referring to?
11 A. Apartments. You might have an apartment building with 20
12 apartments, another one with 50. The number of apartments in a
13 particular building.
14 Q. And what did the moderate rehabilitation funds permit you to
15 do?
16 A. It permitted us to help the owners of property rehabilitate
17 the property. It provided money that would, would help to
18 subsidize the rents and make them affordable. So it made it
19 possible for an owner of property that needed to be rehabilitated
20 to rehabilitate the property.
21 Q. You said that there was a formula that was used to allocate
22 the funds. Was there a name for that formula that you might
23 recall?
24 A. I don't recall the name. It was just every year, housing
25 authorities would get monies for a certain number of units.

408

1 Q. Now during that time period when housing authorities
2 received monies pursuant to a formula, what role did your local
3 priorities play in the selection of the mod rehab projects that
4 would be developed in your particular community?
5 A. When we would get the allocation, we would advertise. We
6 would invite developers to submit proposals. We would identify
7 the priorities we would have, and then based on those priorities,
8 that criteria, we would review and evaluate the proposals that
9 developers submitted and make the awards.
10 Q. When we talk about local priorities, could you please
11 describe for the Members of the Jury what type of local
12 priorities you had in mind when you were working at Metro Dade?
13 A. We would like to see a balance between apartments that could
14 house families, two-bedroom, three-bedroom apartments, as well as
15 efficiencies and one bedroom. We would want to see the housing
16 in areas that needed revitalization as part of that kind of
17 activity, and we would look at the, the magnitude of the
18 rehabilitation.
19 Q. When you say magnitude of the rehabilitation, what do you
20 have in mind?
21 A. Well, if, if monies could be used to, to generate more -
22 say if we had two, two properties, one of them might require
2 \$2,000 an apartment to rehabilitate it; another might require 42
or 5,000. If the same federal money could, could finance, make
2 it possible to spend 5,000 in rehabilitation, that would be a

409

1 plus. We would have given points for that or extra credit for
2 that.

3 THE COURT: I'm not sure I understand that. I know
4 that was testified to earlier. It's not germane to everything
5 we're talking about here in the case, but just let me see if I
6 understand how that formula worked. If you spend more money per
7 unit, it's a better deal?

8 THE WITNESS: The, the total cost of buying the
9 property and rehabilitating it would be the total cost of
10 development. If somebody could buy a property cheaper and put
11 more money into rehabilitation -

12 THE COURT: I see what you're saying.

13 THE WITNESS: --we would -
but the total.

14 THE COURT: Total, I see.

15 THE WITNESS: Yeah.

16 BY MS. SWEENEY:

17 Q. Now during this time period when the formula was used to
18 allocate the mod rehab funds to local PHAs, how did you learn
19 what your allocation was in any given year?

20 A. We would be advised by the, by HUD, by the field office, the
2 area office.

2 Q. Can you refer again to chart 2 and tell us where that
2 particular office is located on that chart?

2 A. It would be in the second box, in the bottom, what says HUD
2 Field Offices. Our field office was in Jacksonville, Florida.

410

Q. Okay. Are you aware, Mr. Adams, of where the funds
originated? Did they originate in Jacksonville, or did they
originate at another point?

A. They were appropriated by the Congress to HUD in Washington.

Q. And what was the process from HUD in Washington to get the
funds down to the local PHA?

7 A. I don't know what process they followed specifically, but
8 there was a formula that HUD, just as in some other federal
9 programs, they would let communities know how much they were

10 entitled to under the formula. It was very mechanical.

11 Q. Did there come a point in time when the formula was no
12 longer used as a means of allocating funds to the local PHA?

13 A. Yes, yes.

14 Q. Do you recall about when that was, Mr. Adams?

15 A. Late 1983 or early 1984.

16 Q. After the formula was no longer in use, how did you learn
17 that mod rehab funds were being sent to Metro Dade PHA?

18 A. We would receive applications from developers who, who
19 wanted to participate in the program. We would send those to the
20 HUD field office, the office in Jacksonville, and request monies
21 for them. We would usually learn from the developer that that
22 particular property had been funded.

23 Q. At this point in time, when the formula was no longer in
24 use, was the PHA actually selecting which mod rehab projects
25 would receive the mod rehab funds?

411

A. I think the, the decision was basically made from Washington.

Q. What role did the local priorities play in selecting mod rehab projects at that point in time?

A. There was no, they played no role at all.

Q. Did you still have local priorities at the PHA?

A. We did not have published local priorities. We -- since the priorities would play no role, we did not have local priorities that were in effect.

10 Q. Did you have local needs in the community that would have
11 been priorities?

12 A. Yes, we did.

13 Q. And could you describe for us what those needs were?

14 A. Well, they would be the same as before. We would -- as we
15 got into the '80s, we would have wanted to have a substantial
16 number of properties being rehabilitated in the inner city.

17 Areas that needed attention would have benefited from the
18 program.

19 And the county had a policy to encourage minorities in
20 Dade County. That meant black entrepreneurship. We would have
21 encouraged black developers to get a piece of the pie.

22 Q. Mr. Adams, why did you go along with the selections that you
23 believed were being made in Washington?

24 A. We had a critical need for housing in Dade County. We had a
25 lot of refugees come in, the Muriel boat lift, terrible housing

412

1 shortage, and that was the only way that I felt that we could get
2 funds for, for desperately needed housing. Even if it didn't
3 meet our local needs and priorities, it would provide housing
4 that was needed, and it was better to get that than to get
5 nothing.

6 Q. Mr. Adams, did you come to have an understanding that
7 consultants began at some point in time to be involved in the mod
8 rehab process?

9 A. One owner of property who had submitted an application for
10 funding told me that he had heard that you needed a contact in
11 Washington to get funded, the consultant would help get the
12 funding.

13 Q. Did you ever learn that consultants were being paid for
14 securing mod rehab units for the owner/developers?

15 A. He said that he heard the going rate was \$1,000 a unit. If
16 there were 50 apartments in a building, a consultant would get
17 \$50,000 from the sponsor.

18 Q. Mr. Adams, I'm going to show you a document that's
19 previously been marked Government's Exhibit 23 for

20 identification.

marked for identification.)

413

1 Q. Do you recognize that document, Mr. Adams?

2 A. I do.

3 Q. And what is it?

4 A. When we received an application from a developer, we would
5 acknowledge its receipt, and that acknowledges receipt from Arama
6 Limited Proposal, Section 8, moderate rehab, 293 units.

7 Q. Now, Mr. Adams, that document is not yet in evidence, so

8 I'll ask you not to actually read it --

9 A. I'm sorry.

10 Q. -- but to just give a general description, if you could.

11 Is that a letter on Metro Dade letterhead?

12 A. It's a letter on Metro Dade letterhead, yes.

13 MR. WEHNER: Your Honor, in the interests of "time,
14 we'll stipulate to its admissibility.

15 THE COURT: All right, thank you. All right, 23 will
16 be admitted.

17 (Government's Exhibit No. 23 was
18 received in evidence.)

19 MS. SWEENEY: Mr. Wehner, I'm about to show the witness

20 Government's Exhibit 36 for identification and Government's
2 Exhibit 40.

2 THE CLERK: Is that 40?

2 MS. SWEENEY: 40 for identification.

2 THE CLERK: Government's Exhibit 36 and 40 marked for

3 MR. WEHNER: No objection, Your Honor, to either of
4 those.

5 THE COURT: All right, thank you, sir. Government 36
6 and 40 will be admitted.

7 (Government's Exhibit Nos. 36 and 40
8 were received in evidence.)

9 THE COURT: You can have him identify them if you need
10 to.

11 MS. SWEENEY: Your Honor, at this time, I have no
12 further questions.

13 THE COURT: All right. I think for the record,
14 Ms. Sweeney, I'd just like you to describe in general terms 36
15 and 40, just so we know whether they're letters or memos,
16 whatever they are, for our records here.

17 MS. SWEENEY: Yes, Your Honor. I'm sorry.

18 Government's Exhibit 36 is a letter on Metro Dade PHA letterhead,
19 and it has a multi-page attachment listing a number of projects.
20 Government's Exhibit 40 is a letter on Metro Dade PHA
21 letterhead, signed by Melvin J. Adams.

22 THE COURT: All right. What are the dates of those
23 documents?

24 MS. SWEENEY: 40 is May 21, 1986, Your Honor. 36 is

3 MR. WEHNER: Thank you, Your Honor.
4 Ms. Sweeney if I could have the exhibits?
5 I'd like to put Government's Exhibit 40 on the screen,
6 Your Honor, if I may.
7 THE COURT: Certainly.
8 Mr. Adams, can you see that?
9 THE WITNESS : No, I cannot.
10 MR. WEHNER: I'll try to figure, make sure everybody
11 can see.
12 THE COURT: why don't you turn that one around. Is
13 that on or not?
14 THE WITNESS : I could have a while back, but not now.
15 MR. WEHNER: I understand that problem.
16 THE COURT: Actually, the machine can blow it up if you
17 want a particular paragraph
18 MR. WEHNER: with the Court's permission, may I show
19 Mr. Adams another copy of that exhibit?
20 THE COURT: Yes.

2 CROSS EXAMINATION
2 BY MR. WEHNER
2 Q. Mr. Adams, paragraph 2 of that letter states in the second
2 sentence -- I'm sorry, I'll read the entire second paragraph:

416

1 "As you know, we have no uncommitted Section 8 moderate
2 rehabilitation monies. When we receive additional monies, we
3 will choose applications based on our selection criteria."
4 A. Yes.
5 Q. would you elaborate on that statement? what were your
6 selection criteria at that time for moderate rehab units?
7 A. The selection criteria at that time were that we would fund
8 properties in the order of receipt. To the extent that that
9 would use up the allocation that we received from HUD, every time

10 we received an allocation from a developer, we sent it to HUD and
11 asked for funding.
12 Q. So you always requested that HUD Washington send you money
13 whenever you received an application from a developer?
14 A. Yes.
15 Q. On every occasion?
16 A. That was our practice and our policy.
17 Q. Now did you make an evaluation of the proposals as to
18 whether they were consistent with your regulations or HUD's
19 Section 8 regulations?
20 A. We made an evaluation whether they met the HUD requirements,
2 but we did not make any local evaluation as to the merits.

2 Q. But you did find that -- okay. In that regard, then I'll
2 put on the screen Government's Exhibit 23, the second paragraph
2 of which reads -- this is to Arama -- "we find the proposal to be
2 complete and acceptable as outlined in the Section 8 moderate

417

1 rehabilitation regulations." Correct?

allbinders as word for experiment.txt

2 A. Yes.

3 Q. "This proposal will be rated and inserted into the Section 8
4 pipeline"?

5 A. Yes.

6 Q. At this point in time, which is March 15 of 1984, what did
7 you mean or what did the Dade County Public Housing Authority
8 mean when you said, "This proposal will be rated"?

9 A. What, what I believe Mr. Calabrese, who signed it, meant is

10 that it would be rated as acceptable and inserted into the
11 pipeline in the order of receipt. That was our policy.

12 Q. Just so I understand, the pipeline then was a -- well, I'll
13 ask you: How many -- in 1984, how many projects did you have in
14 the pipeline, approximately? I'm just looking for a round
15 number.

16 A. Somewhere between five and ten, I believe.

17 Q. And were all of those acceptable under HUD regulations?

18 A. Under HUD regulations, yes.

19 Q. Now how --

20 A. In our judgment, they were acceptable, in our judgment.

2 Q. Yes, sir.

2 A. Yes.

2 Q. You made the best conscientious decision you could at the
2 time based on all your experience that these proposals were
2 acceptable?

418

A. Yes.

2 Q. And if they weren't acceptable, you sent them back?

3 A. Yes.

4 Q. So all of these projects in the pipeline during this period
5 of time that were acceptable were first-come-first-served?

6 A. That was our policy, yes, our practice.

7 Q. So they would go by date?

8 A. They would go by date, but we, when we got an allocation
9 from HUD, we wanted to use all of the allocation from properties
10 within the pipeline, and if that meant that the first property in
11 the pipeline wouldn't use all, by date would not use all of that
12 allocation, we would go down to the second, the third, the
13 fourth, until with a combination of one or more projects in the
14 pipeline, we would totally commit the allocation.

15 Q. Absolutely. Because you didn't want to lose any units,
16 correct?

17 A. Yes.

18 Q. How would the units be assigned to the Dud -- Dade County
19 Housing Authority? would they be by numbers of units, by
20 address?

21 A. They would be by, by dollar amount and number of units.

22 Q. And would the number of units be specified?

23 A. Yes.

24 Q. Was the number of units a code for anything?

25 A. I don't understand the question.

419

Q. A code generally means that it's a secretive method of

allbinders as word for experiment.txt
concealing something. was the number of units, did it infer some kind of secret to you?
A. Let me answer the question this way: Developers who had submitted applications, our pipeline was a public document. Anyone could look at it. They would come in, and they would ask me, "If I got this project of mine in the pipeline, say it was 113 units, if that were funded, would, under your practice, would my project be funded?" and I would tell them yes or no.
10 Q. And if a project was at the top of a list, using your 113 11 units, and you received 113 units, would you fund it?
12 A. That's what we should do.
13 Q. If you received --
14 A. If the dollar amount also worked.
15 Q. Yes, sir. If you received 80 units, what happened?
16 A. If we received 80 and there was, the third property in the 17 pipeline was 80?
18 Q. Yes, sir.
19 A. We would fund -- and the first one was --
20 Q. 113.
21 A. And the second was -- yeah, we would fund the third.
22 Q. Okay. And they were all equally acceptable pursuant to HUD 23 regulations?
24 A. In our judgment.
25 Q. In your judgment.

420

1 Did you always in every, on > t\$
2 occasion make the selection of a devel ^
3 of applications?
4 A. That was the practice, and I hope
5 administered the program did it that v
6 was set up to work.
7 Q. To your knowledge -- and these a:
8 trying to get information.
9 A. That's all right.

10 Q. To your knowledge, was any program ever selected at the Dade
11 County Rehabilitation -- Dade County Public Housing Authority
12 that was not on the public list?
13 A. To my knowledge, it was never done. They were all on the
14 list and all in the manner that I mentioned.
15 Q. And all of those projects met, in your judgment, HUD's
16 regulations?
17 A. They met HUD regulations, yes.
18 MR. WEHNER: Nothing further, Your Honor.
19 THE COURT: All right. Redirect?
20 REDIRECT EXAMINATION
2 BY MS. SWEENEY:

2 Q. Mr. Adams, are you familiar with the term "project-specific
2 awards" in the context of mod rehab funding?
2 A. Yes.
2 Q. And can you tell us what that means, sir?

421

1 A. well, that would mean if a, if an allocation came that
Page 218

allbinders as word for experiment.txt
2 fitted a particular project in the pipeline, that would be
3 project specific, and it would be project specific. We never -
4 I'm sorry, I'm -
5 Q. Mr. Adams, were the awards project specific?
6 A. Once we, the formula -- once they weren't allocated by
7 formula, we never received an allocation from HUD that didn't
8 specifically fit one or more projects in the pipeline. In other
9 words, we never had from the allocation, we never had units left
10 over that did not fall into a project in the pipeline.
11 Q. Did there come a point in time, Mr. Adams, where you
12 redesigned your method of selecting projects from the pipeline?
13 A. I do not -- once the formula went out the window and there
14 was a competition for funds, I do not recall changing the
15 selection criteria from the manner in which I described it during
16 my earlier testimony.
17 Q. Mr. Adams, by that do you mean that -
well, let me ask you
18 again if you could please explain what you mean by that.
19 A. When we had a formula and we got funds -- say it was the end
20 of 1983. It changed from a fair share to a competition. When we
2 got money allocated from formula, there was never any -
the
2 units, sometimes we had units left over, because we made the
2 decision at the local level which properties to fund.
2 we -- in -
when the competitive nature came to the
2 fore, a developer came to me and said he thought he could get a

422

1 project that he wanted to rehabilitate funded if I could
2 guarantee that that project would, would be selected locally. I
3 replied, "I cannot, I will not agree to that, but I will set up
4 a, a plan where we will have an open end, we will request
5 applications, we will list them in the order of receipt." We
6 will, if two are in the same day, we had a mechanism to break the
7 tie, and then when we get -- and we will request funding for
8 every application that we get. When we get a funding commitment
9 from HUD, we will select from the top of the list the projects
10 that will use up all of the allocations.
11 So sometimes it would be the project at the top,
12 sometimes it would be No. 3, sometimes it would be No. 6.
13 Sometimes a project on the list wouldn't, near the top would
14 never, never get funded.
15 Q. Mr. Adams, using the example that you discussed with
16 Mr. Wehner during cross examination, say there was Project 1 for
17 113 units, Project 2 for 113 units, and Project 3 was 80 units.
18 What would happen if you got an allocation for 80 units and
19 Project No. 1 for 113 units was a better project in terms of
20 local priorities?
2 A. Project No. 3 would get funded, the 80-unit one. That was,
2 that's what we announced. We stopped using our local priorities,
2 what we might think was a better project. If it met HUD
2 criteria, it would get funded even if we thought No. 1 was better
2 or if we thought No. 4 was better.

423

1 Q. Under the system, the system that you've just described,
2 there was no -
was there competition between the projects to
3 determine which project was the best project?
4 A. There wasn't a competition in Dade County. There was
5 competition, I felt, in Washington.

6 MS. SWEENEY: No further questions, Your Honor.
7 THE COURT: Let me ask you, sir, one question: On this
8 letter that's on the board as to the Arama proposal, it starts
9 off about that this application was accepted in response to your
10 advertisement. Would you still be advertising under this new
11 system proposals to submit applications for low-income housing
12 projects?
13 THE WITNESS: When we put the new system in effect, we
14 advertised it, invited proposals, said that first come would be
15 in the list, so we wanted the development community to know that
16 the process was going to be a little different.
17 THE COURT: Changed, okay.
18 All right, thank you.
19 Any other questions?
20 MR. WEHNER: No, Your Honor.
2 THE COURT: All right, thank you. You may be excused.
2 Thank you, sir.
2 (Witness excused.)
2 MR. O'NEILL: May we approach for a brief moment, Your
2 Honor?

424

1 THE COURT: Sure.
2 (Bench conference on the record.)
3 MR. O'NEILL: We've about run our course, Judge -
4 THE COURT: Oh, really?
5 MR. O'NEILL: -- for the day.
6 THE COURT: Moving right ahead.
7 MR. O'NEILL: We're scrambling. We'll have a full day
8 tomorrow, but we're going to take people out of order.
9 THE COURT: What's our order tomorrow like?
10 MR. O'NEILL: We don't know, Judge. We do know -
11 THE COURT: In general.
12 MR. O'NEILL: Maurice Barksdale will be a witness.
13 THE COURT: Mr. Barksdale.
14 MR. O'NEILL: There will be a Norman Larsen, who is a
15 custodial-type witness out of the Georgetown Club. We had no
16 Jencks on him. He was interviewed last week, so now we have a
17 one-page Jencks statement from him. He just will put in the
18 checks.
19 THE COURT: The checks for money received?
20 MR. O'NEILL: Right. And then with the Jewish holiday,
2 we had Eli Feinberg, Martin Fine and Eli Feinberg, but we had to
2 push those back. We're trying to get local HUD people we will
2 call in to fill in, but we will have -
2 THE COURT: That's Thursday.
2 MR. WEHNER: Local Washington HUD people?

425

1 MR. O'NEILL: Yeah, whoever lives here local.
2 MR. WEHNER: Can you be any more specific? Bob, I'd
3 appreciate it. If I call you later, I'd appreciate it.
4 MR. O'NEILL: Yeah.
5 THE COURT: I'm going to tell the jury Friday evening
6 is off for them, for us, for you all, but I'll let them go now
7 then. All right.
8 (End of bench conference.)
9 THE COURT: Ladies and Gentlemen, we've gone a little
10 faster than we thought today, so we've finished with the
11 witnesses that are here and available right now. So we're going
12 to let you out a little early this afternoon. We'll be back
13 tomorrow. The government says they'll have everybody to fill in

allbinders as word for experiment.txt

14 the day tomorrow.

15 Friday afternoon, September 17, you will not be
16 required to be here Friday afternoon. I have a couple other
17 major cases I have to hear Friday afternoon, so this case will
18 just go through lunch and then stop after we've had lunch. So
19 Friday the 17th in the afternoon you'll be off, all right? we'll
20 have a whole day tomorrow for Thursday, but off on Friday
21 afternoon.

22 I'd like you to have a pleasant evening. Remember the
23 admonitions of the Court again. You don't talk about the case
24 among yourselves or with anyone else. Don't read or watch or
25 listen to anything that's carried in the media. We'll see you

426

1 back here tomorrow morning then, I believe, all right, we'll do

2 it at 9:30 then tomorrow morning.

3 (Jury out.)

4 THE COURT: All right, I want to ask the government one

5 question at the bench on this Jencks material in Brennan just to

6 make sure I understood something, and then I'm going to make a

7 ruling on this Brennan Jencks and Giglio material. Let me just

8 ask you one question on the redaction.

1 THE COURT: All right, there had been raised in
2 chambers this morning a challenge to the production by the
3 government of Jencks and Giglio materials in redacted format.
4 I believe most of the Jencks materials under the confidentiality
5 order had been furnished in toto, unless the government asserts
6 it's an ongoing investigation that could be jeopardized, and I'm
7 not sure that that's still a problem.
8 The Gialio material, as to Mr. Brennan I will take as
9 an example, I've had a chance to go through and compare all the
10 originals as well as all the redactions, and these various
11 documents involve multiple witnesses, and again, there was
12 concerns raised this morning like Mr. Tully was produced with 99
13 percent of his testimony blacked out, that type of thing,
14 Giglio matters. Mr. Leonard had substantial things crossed out
15 of his materials, et cetera.
16 I have reviewed each of the unredacted either grand
17 jury testimonies or witness interviews of all those listed as
18 Giglio materials possible for Mr. Brennan, and based upon his
19 testimony as well as the materials I reviewed, I see no error by
20 the government in what they have redacted. It's simply not
2 relevant materials, many times are very minuscule matters. Other
2 things are rather completely blacked out, but they are about
2 subjects that would fall under Giglio in any fashion or Brady
2 as I can see.
2 In fact, I've found the government has produced this

430

1 index system, which I've never seen them do for a defense counsel
2 before, where additional references to these individuals and
3 other Jencks files can be found, and it's a handy cross4
referenced item.
5 So I'm satisfied as to Mr. Brennan there was no error.
6 I haven't seen anything as to the other ones yet, but nothing
7 else has been raised right now as a problem with the ones that
8 have testified today. As we get further on, I could make more
9 reviews as necessary, but so far, the government has not, in the
10 Court's at least review, seen any -- I haven't seen any
11 indications they're improperly redacting these items.
12 As to the confidentiality order, the confidentiality
13 order reads that Ms. Dean and her counsel shall not disclose to
14 any other person or entities any of the information contained in
15 the Jencks and Giglio materials provided to the defendant by
16 the government except to the extent that disclosure of that
17 information is necessary during defendant's cross examination of
18 the government's witnesses at trial or during defendant's
19 preparation or examination of witnesses on defendant's witness
20 list.
2 so the only way it would be disclosed -

allbinders as word for experiment.txt

also, it says

2 that Ms. Dean and her counsel shall not disclose any of the
2 information to any other persons except upon application to the
2 Court and a showing of materiality and good cause and reserves
2 relevance issues at trial.

431

There was some question raised whether other people
assisting the defendant could review these materials. It says in
the order "doing defendant's preparation or examination of
witnesses." I think that modifies "of witnesses," and unless the
defendant makes a specific application to me to have some
assistance because of the voluminous nature of these materials
7 and can verify who these people are that will be reviewing any of
8 these documents and that they would also sign a separate
9 agreement to be bound by this confidentiality order, I think this
10 is limited at this point to the defendant and her counsel and any
11 other counsel in the case with him actively participating in his
12 firm, but other sort of civilian assistants, I think, are going
13 to have to be named, and they're going to have to sign the
14 agreement that's enforceable in court.

15 All right, I'll be back at 9:30 in the morning in this
16 case then.

17 MR. WEHNER: Your Honor, one last matter for the
18 record?

19 THE COURT: All right, sure.

20 MR. WEHNER: I renew my objection to the admissibility
21 of the co-conspirator statements -

22 THE COURT: All right.

23 MR. WEHNER: -

and move that they be stricken for the
24 same reasons stated previously at the bench.

25 THE COURT: All right. There have been various

432

1 statements by Mr. Mitchell now allowed in as well as by
2 Mr. Brennan -- I'm not sure anyone else's statements have come
3 in -- and yesterday I kept out certain statements as being
4 testified to by Mr. Martinez, because I was not convinced upon
5 the government's showing at least at that time of a preponderance
6 of the evidence, using that standard, of the existence of the
7 conspiracy that these statements were made in furtherance of and
8 during the course of.

9 At this juncture, with the letter that's submitted into
10 evidence, the testimony from the witnesses today, and the
11 materials I've reviewed and the government's further proffers, it
12 seems to the Court at least arguably the government has shown to
13 the Court that they have sufficient evidence to connect up the
14 statements to the conspiracy and then eventually to Ms. Dean.

15 I think the last is the important linchpin that we have
16 to eventually be convinced on, but I think at this juncture of
17 the case, I can have the evidence submitted and admitted, subject
18 to being stricken if it's not connected up appropriately.

19 For the review of that, I looked up case law, for the
20 record, in my bench book. I considered the, obviously,
2 Tarantino case in this circuit, without going through all the
2 standard older cases, under 801(d)(2)(E), I believe it is, but
2 the recent case in our circuit is United States v. Beckham. 968
2 F.2d 47, a 1992 case, where under this circuit's precedent,
2 hearsay statements by a co-conspirator may be considered in

433

allbinders as word for experiment.txt

1 finding that a conspiracy existed, but it may not be the sole
2 basis for the ruling. There must be independent evidence of a
3 conspiracy. That's the step after Bouriaaily from the Supreme
4 Court that came down in '87, 483 U.S. 181, where that question
5 had been left open.
6 In other words, that if I can determine, as I had, that
7 the evidence is sufficient at this time, there's sufficient
8 independent evidence to establish the existence of a conspiracy,
9 the evidence can come in, subject to being connected up, and at
10 some point in the case, either at the close of government's case
11 or at any other critical point, if I determine the connections
12 have not been approved, then I will strike the testimony.
13 The statements so far really consist of the brief
14 statements Mr. Gauvry gave as to Ms. Dean and her good position
15 over there and showed him the yellow book, showing where her
16 office was located in relation to Sam Pierce and that she,
17 hyperbole used or whatever by Mr. Brennan or the expression was
18 she about ran things over there and some brief references by Mr.
19 Mitchell, but so far I don't see anything that is so
20 overwhelmingly prejudicial that it could not be cured if I decide
21 this has to be stricken at a later time.
22 All right, I'll be back at 9:30 in the morning for
23 this.
24 (Recess from 4:28 p.m., to 9:30 a.m., September 16, 1993.)

1 PROCEEDING S
2 THE DEPUTY CLERK: Criminal number 92-181,
3 United States of America versus Deborah Gore Dean. We
4 have Robert O'Neill and Paula Sweeney for the
5 Government. Stephen Wehner for Ms. Dean.
6 THE COURT: All right. Good morning, counsel.
7 MS. SWEENEY: Good morning, Your Honor.
8 MR. WEHNER: Good morning, Your Honor.
9 THE COURT: How is the witness organization
10 going?
11 MS. SWEENEY: well, Your Honor, it's quite a
12 job but I think we're going to be okay for today.
13 The first order of business for today, Your
14 Honor, we have about approximately 50 HUD documents that
15 have been certified by HUD - various HUD custodians and
16 we'd like to start publishing them to the jury today,
17 this afternoon and tomorrow. So as the first order of
18 business, Your Honor, we're prepared to this morning to

allbinders as word for experiment.txt
19 offer those documents into evidence.
20 THE COURT: All right, and Mr. Wehner I know
2 has seen these earlier but has seen them as of now, so
2 he knows which particular 50 you're talking about and to
2 comment on them one way or another.
2 MS. SWEENEY: They are documents that
2 Mr. Wehner has been provided in our proposed exhibits.

439

1 They were originally stipulated to, Your Honor, but
2 ultimately Mr. Wehner felt that he was unable to do that
3 and we had to certify them as a result.
4 MR. WEHNER: Your Honor, if I could see the
5 specific ones I might be able to cut the time on this,
6 if I can now stipulate to them. I didn't think at the
7 time I could.
8 THE COURT: I'll give you a couple of minutes
9 and then come back after you looked at them.
10 (Recess 10:10 to 11:00 a.m.)
11 THE COURT: Are we ready to go?
12 THE DEPUTY CLERK: Yes, sir.
13 THE COURT: All right, counsel, what's the
14 status of this document review that we've spent an hour
15 to look at?
16 MS. SWEENEY: Your Honor, Mr. Wehner has
17 stipulated to the authenticity and therefore we do not
18 need to call a custodian for about 50 additional
19 documents and I'd like to put that on the record.
20 THE COURT: All right. Do you want to do that
2 in front of the jury?
2 MS. SWEENEY: As long as it's on the record,
2 Your Honor.
2 THE COURT: All right. Do you have any formal
2 stipulation entered into?

440

1 MS. SWEENEY: That's why I'd like to put it on
2 the record.
3 THE COURT: You'd like to read it into the
4 record.
5 MS. SWEENEY: Yes.
6 THE COURT: All right. You can check your
7 list and make sure it's accurate, Mr. Wehner.
8 MR. WEHNER: Yes.
9 THE COURT: All right.
10 MS. SWEENEY: Your Honor, Mr. Wehner has
11 stipulated to the authenticity and therefore dispenses
12 with the need of us calling a document custodian for the
13 following documents.

9 Exhibit 177, a handwritten note on Deborah Dean's
10 stationery dated October 20, 1986.
11 MR. WEHNER: Your Honor, if I could make one
12 brief comment regarding that one exhibit. We stipulated
13 to only one page of that exhibit. If Your Honor would
14 make note of that. It's one piece of paper.
15 THE COURT: There are a couple of pages
16 attached to that?
17 MR. WEHNER: There are a couple of pages stuck
18 in with it and I don't want there to be any
19 misunderstanding about it.
20 THE COURT: A handwritten note, you stipulate
21 to the note.
22 MR. WEHNER: Yes, sir.
23 THE COURT: All right.
24 MS. SWEENEY: Government Exhibit 184 is a 185
25 form, dated November 3, 1986. Government Exhibit 191, a

7 1987.
8 Government Exhibit 236, which is a check for
9 \$500 from John Mitchell to Deborah Dean, dated December
10 25th, 1986. Government Exhibit 238 is a check for \$3324
11 on John Mitchell's account, dated December 15, 1987.
12 Your Honor, those are the documents that we
13 have stipulated to this morning.
14 MR. WEHNER: Your Honor, we have also
15 stipulated to I believe it was three additional
16 attachments to number 238. It's not only a check, it is

allbinders as word for experiment.txt
17 also documents surrounding -- bank statements
18 surrounding the check and I believe the stipulation
19 encompasses those statements.
20 MS. SWEENEY: I believe Mr. Wehner is
2 correct.
2 Thank you, Mr. Wehner.
2 THE COURT: Bank statements as well as check
2 on 238.
2 MS. SWEENEY: Yes.

447

1 THE COURT: When you say you stipulate, j
i
2 Mr. Wehner, to authenticity, is there also any objectionj
3 to admissibility and relevance?
iI
4 MR. WEHNER: There may be, Judge. I would
5 make those objections when they come in and I don't
i
6 anticipate a lot of those. {
7 THE COURT: You're introducing them in bulk at:
8 this time.
9 MS. SWEENEY: No, Your Honor, we're not going j
i
10 to introduce them in bulk. j
11 THE COURT: All right. The witness will
12 review them and they'll come in later.
13 All right. Do you have a witness available?
14 MR. O'NEILL: Yes, sir.
15 THE COURT: All right, bring the jury in and
16 we'll get a little work done. |
17 (Jury present)
18 THE COURT: Ladies and gentlemen, it's almost
19 good afternoon. The lawyers have not been taking it j
I
20 easy. We have been going through documents. As you j
i
i
2 understand in this type of case there are multiple j
2 documents over the many years that are involved in this j
2 case and they have gone through at least 50 or more
2 documents with attachments. I've got almost two pages
2 listed in my book here that they've worked out

448

1 agreements on as to authenticity. What that means is
2 that there are stipulations without having to call a
3 witness to certify that they're official records of the
4 particular agency or business, wherever they come from,
5 and that saves calling multiple witnesses and multiple
6 time showing the documents.

7 So that took this morning once the Government

8 decided which ones they were going to use in the next

9 few days or weeks. And that's what's gone on this
10 morning.

11 We're ready to go now with the witnesses again
12 and the testimony. So the Government will call the next
13 witness at this time.

14 We'll sit through lunch until probably 12:15
15 or 12:30 or so, wherever you are with the witnesses.

16 MR. O'NEILL: Your Honor, at this time the
17 Government would call Maurice Lee Barksdale.
18 (MAURICE LEE BARKSDALE, WITNESS FOR GOVERNMENT, SWORN)
19 DIRECT EXAMINATION

2 0 BY MR. O'NEILL:

2 Q Mr. Barksdale, I'll be asking you a series of

2 questions. I'd ask you to speak in a loud voice so all
2 the jurors can hear.

2 Could you please state your name for the
2 record, spelling your last name for the Court reporter?

1 A Maurice Lee Barksdale, B-a-r-k-s-d-a-l-e.

2 Q Mr. Barksdale, are you currently employed?

3 A Yes, I am.

4 Q How are you employed?

5 A I'm the president of HMB Management Company,

6 Fort Worth, Texas.

7 Q What is HMB?

8 A HMB stands for the first letters of my three

9 children's names, Hamilton, Maurice, Bryant Barksdale,
10 and it specializes in doing consultant work and
11 development work related to housing.

12 Q What type of business is it?

13 A It's a housing consultant business. It develops
14 and manages real estate, commercial real estate.

15 Q How long have you been in that business?

16 A Since 1967.

17 Q During that period of time, did you take any time
18 to do anything else?

19 A Yes, in 1982 I joined the Federal Government
20 working for the Department of Housing and Urban

2 Development in Washington.

2 Q Approximately how many years have you spent in the
2 housing industry?

2 A Approximately since '67. I guess that would be --
2 27 years, about 27 years.

450

1 Q Do you also have a military background,

2 Mr. Barksdale?

3 A Yes, I served in the United States Navy in the

4 submarine force in the Pacific and in the Atlantic

5 submarine force for five years.

6 Q Could you briefly tell the ladies and gentlemen of

7 the jury what your educational background is?

8 A I graduated from high school in Fort Worth, Texas.

9 I attended the University of Texas at Arlington
10 subsequent to my Navy time. Received an undergraduate
11 degree in history. I received a master's degree from
12 the Texas Christian University at Fort Worth, Texas,
13 also specializing in history.

14 Q Mr. Barksdale, you mentioned there came a point in
15 time when you joined the federal Government and worked
16 at HUD?

17 A That is true.

18 Q Can you tell us how that came about?

19 A I've been active in the Republican party since 1968
20 and during the campaign of 1980 I worked in the
2 Reagan-Bush campaign. I had assisted at that time

2 Mr. Bush who had run for a couple of offices in the
2 State of Texas and knew him quite well and worked in the
2 Reagan-Bush campaign and headed one of the State
2 minority campaigns for Ronald Reagan.

451

1 In 1980, after Reagan won, I was contacted by

2 certain people in the Republican party in the State of

3 Texas concerning maybe joining the Reagan Administration
4 at the Department of Housing and Urban Development. At
5 that time my youngest son was in the eleventh grade and
6 I did not join the Administration. He graduated in 1982
7 and when I was asked the second time I decided to join
8 HUD.

9 Q And when did you join HUD?

10 A October of 1982.

11 Q And what position did you have in HUD when you
12 joined?

13 A I came on board in October, 1982 as the Deputy
14 Assistant Secretary for multi-family housing programs.
15 Q What were your duties and responsibilities in that
16 position?

17 A I had the day-to-day responsibility of monitoring
18 all of the multi-family which for lack of a better word
19 would be apartments that were in the Department of
20 Housing and Urban Development. That included the
21 development, the management and all the ongoing
22 servicing of those types of jobs.

23 Q Mr. Barksdale, how long did you remain in that
24 position?

25 A I remained as a Deputy Assistant Secretary from

452

1 October of 1982 until November of 1983.

2 Q And what if anything occurred at that time?

3 A In the fall of 1983 Philip Abrams who at that time
4 was the Assistant Secretary-Federal Housing Commissioner
5 moved upstairs; moved upstairs meant that he moved into
6 the position of Undersecretary of the Department which
7 left the Assistant Secretary of the Federal Housing
8 Commission job available.

allbinders as word for experiment.txt
9 Phil Abrams was my boss. As Deputy Assistant
10 Secretary I worked for an Assistant Secretary and that
11 Assistant Secretary was the Assistant Secretary of
12 Federal Housing Commission.
13 Q Did there come a point in time when you received
14 that position?
15 A Yes, I think several people's names were nominated
16 for the position but in the early part of November of
17 1983 I was notified by white House personnel that my
18 name would be sent to the Hill as a possible candidate
19 to be the new Assistant Secretary of Housing, Federal
20 Housing Commissioner. That did occur and I did move
2 into the job on an interim appointment in November of

2 1983.
2 Congress was not in session and I think the
2 President has the power to appoint certain Assistant
2 Secretaries or Federal - confirm appointees during a

453

1 recess appointment. So I received what's called a

2 recess appointment in November of 1983.

3 Q You said you were interim at that point. What were

4 you waiting for?

5 A I was waiting for the Senate to return in January.

6 They returned in January of '84. My name did go up to

7 the Hill for Senate confirmation. On February the 10th,

8 1984 I was confirmed as the Assistant Secretary of

9 Housing-Federal Housing Commissioner.

10 Q Mr. Barksdale, in ordinary layman terms what does
11 the Assistant Secretary of Housing-Federal Housing
12 Commissioner do?

13 A Very simply stated, the position involves being
14 responsible for all the housing programs at the
15 Department of Housing and Urban Development. That
16 includes both the multi-family housing programs which I
17 had as Deputy Assistant Secretary and the programs,
18 family programs which are single family homes, 234's,
19 that kind of thing. Directly responsible for the
20 day-to-day operations of housing in the Department of
21 Housing.

22 Q Is that a supervisory position?

23 A Yes, it is.

24 Q Approximately how many people were you supervising
25 in and about this period of 1984?

454

1 A I think at that time in 1984 there were
2 approximately 1200 persons that worked in the Department
3 of Housing.

4 Q Now, are you familiar with certain documents used
5 at HUD known as rapid replies or 185's?

6 A Yes, I am.

7 Q Can you describe for the jury what those documents
8 are and what do they signify?

9 A Rapid replies are utilized by the Department in
10 situations where certain funding has been requested and
11 after review by staff and by supervision you use a rapid
12 reply letter to indicate that a particular item has been
13 approved and will be subsequently funded by what's
14 called a 185, which is the funding document which
15 legally authorizes the expenditure or the commitment of
16 the funds.

17 Q Who had the authority to sign off on rapid replies
18 and 185's?

19 A The Assistant Secretary of Housing-Federal Housing
20 Commissioner and persons that he may designate.

2 Q Now, did you sign any such documents while you were

2 Assistant Secretary for Housing?

2 A Yes, I did.

2 Q And do you recall, was that on a regular basis or
2 sometimes? How often did that occur?

455

1 A It occurred almost on a daily basis because there
2 was always some item that needed to be funded.

3 Q Let me show you - if I may approach the witness?

4 THE COURT: Yes, sir.

5 BY MR. O'NEILL:

6 Q Mr. Barksdale, I'm going to show you what's

7 previously been marked as Government's Exhibit 30 for
8 identification.

9 THE DEPUTY CLERK: Government's Exhibit 30

10 marked for identification.

11 (Government's Exhibit 30

12 marked for Identification)

13 BY MR. O'NEILL:

allbinders as word for experiment.txt
14 Q And I'd ask you just to look at it but don't refer
15 to it out loud because it is not in evidence. Okay? Do
16 you recognize that?
17 A Yes, I do.
18 Q Now, do you recall the ..specific rapid repJLy
19 document for 293 units going to the Jacksonville area?
20 A Yes, I do.
2 Q And do you recall during your tenure at HUD signing
2 off on such a document?
2 A Yes, I did.
2 Q And do you recall why you signed off on that
document?

456

1 A I signed off on the document because this happened
2 to be a request that had -- came to the Department from
3 the Jacksonville office and I think from the Dade County
4 Housing Director requesting Moderate Rehab units, and it
5 had been processed and requested from the Department.
6 Q Did anybody ask you to sign off on this document?
7 A I don't specifically remember anyone asking me to
8 sign off, but generally when I sign off on those kinds
9 of documents someone had asked me to review them and I
10 believe someone must have asked me to review them, which
11 I did, and you ultimately passed it onto staff for
12 review and approval*
13 Q When you say someone, who are you referring to?
14 A Generally that would be someone that would have
15 been on the tenth floor of the department, generally in
16 the secretary's office.
17 Q And during this period of time -- and do you recall
18 when you signed off on this rapid reply?
19 A I think it was sometime in July of 1984.
20 Q During that period of time, who were you in contact
2 with from the secretary's office?
2 well, Secretary Pierce, of course, who was the
2 Secretary, Deborah Dean who was the Executive Assistant
2 to the Secretary, Phil Abrams, at that time who was the
2 Undersecretary, and persons on his staff.

457

1 Q Now, did Samuel Pierce ask you to sign off on this
2 funding document?
3 A No, he did_jipt.
4 Q Did Deborah Dean?
5 A I do not remember Deborah Dean asking me.
6 Q Did Phil Abrams?
7 A No, Phil Abrams did not.
8 Q Now, do you recall -- let me go back. You've
9 mentioned earlier 293 units went to Jacksonville,
10 Florida.
11 A That's correct.
12 Q Did you know where -- when you signed this
13 document, where were the units going to go? Do you
14 recall what PHA?
15 A They were going to go first through the
16 Jacksonville HUD office which had multi-family
17 responsibility for the Miami-Dade County Housing
18 Authorities. So they would go to Jacksonville and
19 subsequent to Jacksonville they would be forwarded to

allbinders as word for experiment.txt
20 the Metro-Dade County or Miami Housing Authority.
2 Q Now, at the time you signed off on this document
2 did you know that the 293 units were going to a specific
2 project in Miami?
2 A No, I did not.
2 Q At that point in time did HUD headquarters have a

458

1 policy against making project specific awards?
2 A Yes, it did.
3 Q why is that?
4 A Well, our policy at the time to keep the unit - we
5 had a limited amount of units. I think at the time for
6 the fiscal year, and I may be incorrect on this, maybe
7 there were 5000 Mod Rehab units available for the entire
8 country and generally we would have ten or 15 times that
9 many units requested. Maybe 40 or 50,000.
10 So to try to keep some semblance of order we
11 had what was called a policy where units would be sent
12 to those Housing Authorities that requested them and
13 then the Housing Authorities would have a subsequent
14 competition to allow - to allow developers and other
15 persons who were interested in trying to secure units,
16 to get the units once they were sent to the housing
17 authorities.
18 Q So when you signed off on a document the funding
19 went to the local PHA?
20 A That is correct.
21 Q Now, Mr. Barksdale, at the time you signed off on
22 this document were you aware that John Mitchell had been
23 a paid consultant on these units going down to Miami?
24 A No, I was not aware of that.
25 Q would you have signed off on this document had you

459

1 been aware of it?
2 A I would have been concerned about signing off on
3 the document had I known John Mitchell was involved.
4 Q why would you be concerned?
5 A Well, I was told at the time that John Mitchell was
6 the stepfather of Deborah Dean. That would have
7 concerned me.
8 Q Now, are you familiar with the standards of conduct
9 that are applicable to HUD employees?
10 A Yes, I am.
11 Q Mr. Barksdale, how are you familiar with those
12 standards of conduct?
13 A When I reported on board in October of 1982 - as I
14 said, I had been in the housing business for most of my
15 adult life. That's the only thing that I've really ever
16 done.
17 I owned about 15 rental properties in the
18 Fort Worth-Dallas area. Some of those units had Section
19 Eight housing contracts on them. As Deputy Assistant
20 Secretary for multi-family housing programs I would be
21 directly responsible for the Section Eight program.
22 So I wanted to make it absolutely clear before
23 I reported on board and was sworn in that the Department
24 and everyone else knew that I had units that were under
25 the Section Eight contracts. I didn't want to have any

460

1 conflict of interest problems once I reported on board.
2 So I wrote a long letter to the Department,
3 telling them everything that I was doing, including
4 these particular units, and that letter - I was
5 directed to send that letter to a guy named David White
6 who was on the HUD staff at that time and I think he was
7 the person who was in charge of clearing potential
8 employees, and Mr. White reviewed my letter and at that
9 time gave me what I would call a little lecture on the
10 ethics of being an appointee or in a position of
11 responsibility in the Department.
12 Q What are the standards of conduct relative to a HUD
13 employee?
14 A Well, they would be basically -I
15 guess it's kind
16 of a common sense thing more than anything else. That I
17 wouldn't do anything that would bring disfavor upon
18 myself or the Department. I guess that would include -18
19 my son happens to be a housing attorney. That I
20 wouldn't do anything that would be favorable to him or
21 persons that I know. It would be more of a common sense
22 thing. Just do what you considered to be ethical.
23 Q To your knowledge, Mr. Barksdale, were these
24 standards of conduct applicable when you were making
25 funding decisions?
26 A Yes.

461

1 Q Did you ever recuse yourself from making certain
2 funding decisions?
3 A Yes, I did in one instance.
4 One of the major developers of federal housing
5 in the Fort Worth-Dallas area was a high school
6 classmate of mine, a gentleman by the name of Leonard
7 Briscoe, and Briscoe did approach the Department on
8 several matters which were not in the area of housing.
9 I think he had a request in for several items in what's
10 called the Community Planning and Development area of
11 HUD. However, since I knew Mr. Briscoe, I knew him all
12 my life, I made it clear to everyone involved that I
13 would personally recuse myself from any decisions that
14 Mr. Briscoe may need with respect to any area that I was
15 responsible for, because I had known him all my life.
16 Q Now, Mr. Barksdale, I'd like to go back to the
17 rapid reply that you talked about earlier for 293 units
18 to the Jacksonville office and then down to Miami. Do
19 you recall the date of that rapid reply?
20 A I think it was in July of 1984.
21 Q Would anything refresh your recollection as to the
22 exact date?
23 A Would anything - yes, if I could see the
24 documents.
25 MR. O'NEILL: If I may, Your Honor?

462

1 THE COURT: Yes.
2 BY MR. O'NEILL:
3 Q Without saying anything about the documents, is

4 your memory now refreshed?

5 A Yes.

6 Q And what was the exact date of the rapid reply?

7 A July 16, 1984.

8 Q At this time, again with the Court's permission, I
9 would approach you and I'd show you a document that you
10 can refer to now because it's already been placed in
11 evidence and it's Government's Exhibit 27, and I'd ask
12 you to review that, if you would, and let me have you
13 review a copy.

14 with the Court's permission we'll put it on

15 the screen while Mr. Barksdale reviews it.

16 THE COURT: All right.

17 A I see it.

18 Q I direct your attention to the date on that letter,
19 Mr. Barksdale. what is the date on that letter?

20 A I see a date of July 5th, 1984.

2 Q And what was the date of the rapid reply that you
2 signed?

2 A July 16, 1984.

2 Q Based on your knowledge of the way HUD worked and
2 your position as Assistant Secretary for Housing, how

1 could the defendant, Deborah Gore Dean, have assured

2 Governor Nunn that he would receive 293 units weeks

3 before the actual funding document had been signed?

4 A I guess the only way that could have happened is

5 she would have some knowledge that it was going to be

6 going out.

7 Q Have you ever seen a letter like this before in

8 your experience at HUD?

9 A No. No, I haven't.

10 Q Does that run contrary to the Department's
11 prohibition against project specific awards?

12 A I would say so, yes.

13 Q Now, Mr. Barksdale, I would like to ask you a few
14 questions about HUD overall. During this period that
15 we're talking about, and we can confine it to
16 approximately 1984, who was the Secretary at HUD?

17 A Samuel R. Pierce.

18 Q And how long did Samuel Pierce stay at HUD?

19 A Well, I think Samuel R. Pierce was the only
20 Secretary at the Department of Housing and Urban
2 Development during both terms of the Reagan

2 Administration, from 1980, I think, through 1988.

2 Q Mr. Barksdale, could you describe Samuel Pierce's

2 management style at HUD?

2 A The Secretary in my opinion had a very strange and

464

1 interesting management style. It was in my opinion
2 totally hands off. I was an Assistant Secretary in one
3 of the key positions at the Department and with the
4 exception of Tuesday morning staff meetings, he did a
5 staff meeting on Tuesday morning at 10:30, I very seldom
6 had contact with the Secretary.

7 Q Now, Mr. Barksdale, when you first came to the
8 Department who was the Executive Assistant to Samuel
9 Pierce?

10 A Lance Wilson.

11 Q And during the time Lance Wilson was Executive
12 Assistant who was running the Department of HUD?

13 A I felt Lance Wilson was running the Department.

14 Q Who succeeded Lance Wilson as Executive Assistant?

15 A Deborah Dean.

16 Q And during the time she was Executive Assistant who
17 was running the Department?

18 A I felt that Deborah was running the Department.

19 Q And what makes you say that?

20 A Because I had most of my contact on matters with
2 respect to operating the Department with Deborah Dean.

2 Q Now, did that contact concern funding decisions?

2 A It concerned almost everything that would be
2 involved in the day-to-day operations of the Department
2 up to and including funding decisions.

465

1 Q would the defendant Deborah Gore Dean ask you about
2 particular funding for particular projects?

3 A Yes.

4 Q Is that often?

5 A Yes.

6 Q Now, you mentioned earlier a prohibition against
7 project specific awards. Do you recall that?

8 A Yes.

9 Q why was there a prohibition against project
10 specific awards?

11 A It was in a sense trying to take the limited
12 amounts of units, as I said earlier, that we had
13 available and to keep them somewhat competitive as far
14 as directing them to PHA's or Housing Authorities and
15 giving groups or entities in different cities the
16 opportunity of coming in competitively and vye for the
17 units or attempt to secure the units.

18 Q Mr. Barksdale, the jury has heard evidence
19 concerning a process on funding called fair share.

20 A Okay.

2 Q Are you familiar with that term?

2 A Yes, I am.

2 Q And could you briefly describe what that was?

2 A well, when I reported on board in 1982 to run the
2 multi-family section, most of the units - most of the

466

1 Mod Rehab units that we had available at that time, and
2 I seem to recall in 1982 it was 10,000 units, I could be
3 incorrect because it's been a long time ago, it seemed

allbinders as word for experiment.txt
4 like we took 8000 of the 10,000 units and fair shared or
5 sent them out to the ten different regions that HUD has
6 and gave the Regional Administrators or the regions the
7 opportunity to advertise the 8000 units to the Housing
8 Authorities and make them competitive and get them on
9 line.
10 we kept about 2000 units in the central
11 office, if I recall, because of lawsuits that had been
12 filed against the Federal Housing Administration and for
13 disasters or things that might come up where units might
14 be needed on an emergency basis, but the rest of the
15 units were fair share out to the different regions to
16 allow there to be a competitive spirit or to allow the
17 units to be placed on a fair share basis.
18 Q Did there come a point in time when fair share
19 ended, Mr. Barksdale?
20 A Yes, it ended, I think, during the 1983 fiscal year
2 and that year, I think, began in October of 1982. No, I
2 have that incorrect. I think it started in 1984 fiscal
2 year which started in October of 1983.
2 Q The fiscal year always starts -2
A On October the 1st.

467

1 Q Now, after fair share, how were the units
2 allocated?
3 A Well, they were allocated on what then was referred
4 to as a total discretionary basis.
5 Q And what was meant by that?
6 A It meant that the Office of Housing, and me being
7 the Assistant Secretary running that Department, had the
8 authority to not fair share but on a discretionary basis
9 send the units wherever we decided to send the units.
10 Q Now, during this discretionary period of time did
11 the Department still have a prohibition against project
12 specific awards?
13 A Yes.
14 Q And were there other limits as well, such as
15 standards of conduct? were they applicable to funding?
16 A Yes, we had standards of conduct that were in place
17 and of course we still wanted the same rules to apply as
18 far as the Housing Authorities were concerned with
19 respect to whether -- were the Housing Authorities
20 running the program the way it should be taken care of
2 and were they keeping the units competitive, and that
2 kind of thing. Yes, those rules still applied.
2 Q And would you occasionally issue memos to the field
2 concerning that?
2 A Yes.

468

1 Q Now, Mr. Barksdale, at the time you were Assistant
2 Secretary for Housing-FHA Commissioner, did the
3 defendant Deborah Gore Dean ever approach you about

4 sending units to the State of Maryland?

5 A Yes, to Baltimore on one occasion.

6 Q And what exactly did she say or what do you recall

7 she said rather?

8 A well, she discussed units that may be sent to the

9 Baltimore Housing Authority.

10 Q And do you remember her speaking to you about that?

11 A Yes.

12 Q Did she mention whether anybody was involved in the
13 project?

14 A Well, at the time, to the best of my recollection,
15 I think she mentioned that a friend of Janice Golec was
16 involved.

17 Q And would Golec be spelled G-o-l-e-c?

18 A Yes, Janice Golec.

19 Q Did you know Janice Golec at the time?

20 A Yes, she worked for the Department.

2 Q Mr. Barksdale, at this time I would show you -- if

2 I may, with the Court's permission, approach the
2 witness?

2 THE COURT: All right.

2 BY MR. O'NEILL:

469

1 Q Mr. Barksdale, I'll show you what's previously been
2 marked for identification as Government's Exhibit 222
3 and 222A. And both have been stipulated to by counsel
4 and the Government is now offering them into evidence,
5 Your Honor, as the witness looks at them.

6 A Okay.

7 THE COURT: All right. Has the witness looked
8 at them? All right, no objection, 222 and 222A
9 admitted.

10 (Government's Exhibits 222 and
11 222A received into Evidence)

12 BY MR. O'NEILL:

13 Q Do you recall those documents, Mr. Barksdale?

14 A Yes, I do.

15 Q And do both 222 and 222A bear your signature?

16 A Yes, they do.

17 Q And can you explain starting with 222 what that
18 document is?

19 A well, 222 is the rapid reply letter that went to
20 the Philadelphia office indicating that subsequent to
2 the rapid reply there would be a 185, which would be the
2 funding document on the units going to the Baltimore
2 Housing Authority.

2 Q Is that the project that Miss Dean asked you about?

2 A well, it wasn't a project. It was units.

470

1 Q Excuse me, I shouldn't say project. It could not

2 be a project, correct?

3 A Right.

4 Q Are those the units she asked you about?

5 A Yes.

6 Q Now, 222A, what would be 222A in relation to 222?

7 A Well, 222A would be the 185, the funding authority,

8 the authority to go ahead and place the units in the

9 Philadelphia office for transfer to Baltimore.

10 Q On funding, does the 185 come first or does the
11 rapid reply come first?

12 A Generally the rapid reply goes before the 185.

13 THE COURT: If you're finished with this we

14 can take it now?

15 MR. O'NEILL: Yes.

16 BY MR. O'NEILL:

17 Q Mr. Barksdale, to your knowledge did Miss Dean ever
18 recuse herself from any decisions concerning funding
19 going to the State of Maryland?

20 A To my knowledge, no. To my knowledge, no.

2 MR. O'NEILL: I have nothing further. Thank

2 you.

2 THE COURT: Okay. Let me ask counsel a real

2 quick question at the bench about one matter, please?

2 (Bench conference)

471

1 THE COURT: As part of the Government's full
2 disclosure operation, I received this morning on
3 Barksdale, Giglio materials with references indexed. I
4 just want to ask were these Giglio materials given to
5 the defendant?

6 MR. O'NEILL: Barksdale, yes. No Giglio would
7 have been redacted.

8 THE COURT: would have been redacted.

9 MR. O'NEILL: The Jencks is not, Your Honor.

10 THE COURT: I got the Jencks and then the next
11 thing, also for the record, I've got unredacted Jencks.

12 MR. O'NEILL: Right.

13 THE COURT: So they gave them unredacted
14 Jencks.

15 MR. O'NEILL: Yes, unredacted Jencks.

16 THE COURT: And then the Giglio, too. These
17 are other documents for Giglio. I wasn't shown, I
18 guess, the redacted Giglio, that is what I'm missing.

19 MR. O'NEILL: That's probably very true.
20 THE COURT: These are very massive. Was there
21 much redaction?
22 MR. O'NEILL: Do you have that, Paula?
23 MS. SWEENEY: I'll check to see if I have
24 that. What was done, Your Honor, was that every
25 reference to Barksdale would have been disclosed.

472

1 THE COURT: I see. So these are with respect
2 to many witnesses. You just disclosed all Barksdale.
3 MS. SWEENEY: Yes, Your Honor.
4 MR. O'NEILL: The pattern was if there's any
5 reference to Mr. Barksdale it was left in, everything
6 else was redacted.
7 THE COURT: People calling and speaking to
8 Mr. Barksdale. And the Jencks is unredacted.
9 MR. O'NEILL: The Jencks is unredacted.
10 THE COURT: We were trying to compare the two,
11 but I won't deal with that.
12 (Bench conference concluded)
13 THE COURT: We have a juror that is not
14 feeling well, maybe a touch of the flu, and he just left
15 because we're having a bench conference and, so, he
16 didn't miss any testimony. What we'll do is just take a
17 short break and see how he is and see if he needs to
18 rest over lunch. Whatever it is.
19 Did the Marshal go out there with him?
20 All right. That's juror number 11,
2 Mr. Porter. Is the Marshal out there?
2 THE LAW CLERK: Yes.
2 THE COURT: Ladies and gentlemen, what we'll
2 do is take a short break for you and see how Mr. Porter
2 is feeling and if he's better we'll come in and finish

473

1 up the examination of Mr. Barksdale. If not, we'll take
2 an early lunch.
3 Remember the admonitions during the break
4 about not discussing the case. You may take a break.
5 (Jury dismissed)
6 THE COURT: For the record, a juror just asked
7 me if someone could tell her what the difference is
8 between a grand jury and a regular jury. I have no idea
9 why she asked that question.
10 MR. O'NEILL: Maybe when I mistakenly said
11 tell the grand jury a couple of times.
12 THE COURT: I'll have her back for that
13 purpose. Why don't we get her out here now since
14 they're waiting? We're waiting otherwise.
15 MR. WEHNER: Judge, if it matters in terms of
16 making your decision I'm going to be a while with
17 Mr. Barksdale.
18 THE COURT: I assumed so.
19 THE LAW CLERK: They're trying to get him a
20 drink.
2 THE COURT: Water?
2 THE LAW CLERK: Yeah, he requested ginger ale.
2 THE COURT: Gloria went back to get that juror
2 for a second.
2 MS. SWEENEY: Your Honor, as long as we have a

474

1 moment, perhaps we could inquire, is Your Honor -2
THE COURT: why don't you come up for a minute
3 and we'll talk about your question with the counsel
4 here, all right?
5 Counsel, come up here, please.
6 (Bench conference)
7 THE COURT: Just for the record, I need your
8 name quickly.
9 A JUROR: Pamela Thomas, juror number two. I
10 speak for everybody. We were just concerned.
11 THE COURT: Because you heard a reference to a
12 grand jury a couple of times, is that why people are
13 asking?
14 MS. THOMAS: Yes.
15 THE COURT: If other jurors are confused about
16 it I'll tell the whole jury as a group as well.
17 You're a regular trial jury. Sometimes they
18 call it petit, meaning small jury, but you're a regular
19 jury hearing the issues in this case, and a grand jury
20 meets - there's more than 21 people, and it meets to
2 consider whether or not to return charges or indictments
2 against individuals who have been - the prosecution
2 wants to charge with a criminal offense and the grand
2 jury returns the charges, they call it an indictment,
2 and they vote to see whether or not they believe there's

475

1 probable cause to indict a person for a crime.
2 It's a very different standard than applies in
3 a criminal trial. They're subpoenaed to come in. They
4 listen to the prosecution by the witnesses and they
5 produce evidence where they allege there's a sufficient
6 basis to charge someone of an offense.
7 After the charge they then come to trial
8 before a regular jury. It's a very different system.
9 I'll talk to them.
10 MS. THOMAS: Yes, you need to because -11
THE COURT: Thank you.
12 (Juror dismissed)
13 THE COURT: Did you want to raise something
14 else?
15 MS. SWEENEY: Yes, Your Honor. Was Your Honor
16 expecting to receive all of the Jencks and the Giglio
17 for all of the witnesses?
18 THE COURT: Not unless there's more challenges
19 by Mr. Wehner.
20 MS. SWEENEY: That was the question we had,
2 Your Honor.
2 THE COURT: I tried to review everything, but
2 it's -- but I don't think it's necessary unless there
2 are some more challenges to be made.
2 MR. WEHNER: I would ask Your Honor to

1 continue to review the Jencks Act redactions.

2 THE COURT: Just let me know what they are,

allbinders as word for experiment.txt
3 because it's hard to me to know otherwise. I don't

4 think there's been a lot except for the names of the

5 interviewing agents and things like that.

6 All right.

7 MS. SWEENEY: Thank you, Your Honor.

8 THE COURT: We'll find out what happened to

9 Mr. Porter here.

10 (Bench conference concluded)

11 THE COURT: What I'm going to do is this,
12 I've just talked to my Deputy Courtroom Clerk,
13 Miss Whyte, who said they went to get him a soft drink
14 and he looks shaky and pale and not feeling well, so
15 I'll send him down to the nurse and see if he has a flu
16 bug or whatever the problem is and take an early lunch
17 and come back later. We'll take an early lunch. Since
18 it's early, come back at 1:15 and we'll be ready to go
19 at 1:15. If there's a problem with Mr. Porter we'll
20 take care of that then.
2 For your reference, Mr. Porter is a tall thin

2 gentleman.

2 I'll tell the jury we're going to recess
2 without bringing them in here and we'll stand in
2 recess.

477

1 (Lunch recess, 12:00 noon to 1:15 p.m.)

2 AFTERNOON SESSION 1:25 P.M.

3 THE COURT: Would you ask Mr. Porter to come
4 out for a minute, please? Thank you.

5 Mr. Porter, how are you feeling?

6 MR. PORTER: Fine, fine.

7 THE COURT: Okay to go ahead this afternoon?

8 MR. PORTER: Yes.

9 THE COURT: Just let us know if you don't feel
10 well, okay?

11 MR. PORTER: All right, sir.

12 THE COURT: Thank you, sir. I appreciate it.

13 All right. He had indicated to the Deputy
14 Clerk, Miss Whyte, that he feels better. I just wanted
15 to make sure of that.

16 Will you bring the jury back?

17 I'm going to mention to the jury we had an
18 inquiry about what a grand jury does and a jury.

19 There's apparently some confusion when they heard the
20 phrase.

2 (Jury present)

2 THE COURT: All right, ladies and gentlemen -

2 THE DEPUTY MARSHAL: One more.

2 THE COURT: We're about ready to proceed.

allbinders as word for experiment.txt
2 All right. Ladies and gentlemen, I had an

478

(Rectangle comment Administrator

1 inquiry made while we were -- during our break, because

2 of counsel referring inadvertently a couple of times to

3 please tell the members of the grand jury, et cetera, et

4 cetera, as to whether there's some distinction or not

5 between a grand jury and this jury or whatever. So let

6 me explain this to you very briefly, so we don't

7 misunderstand the rules that we're applying here.

8 You're the trial jury. The legal term, it

9 used to be called the petit juror, p-e-t-i-t, meaning
10 smaller jury. The trial jury is the jury, as I told you
11 at the beginning of this case in my opening
12 instructions, is the trier of fact in this case. It's
13 the jury that makes the decision based upon the
14 instructions I give you and the evidence that's been
15 admitted at the end of the case.

16 A grand jury is a group of 21 or more people
17 that are called for a long period of time. They come in

18 like once a week for three months or it could be six
19 months or longer and they listen to presentations of
20 evidence from the prosecutors who are seeking to have
21 the grand jury return what's called an indictment or a
22 bill and it's simply returning a list of charges against
23 someone, and then the grand jury, if they believe that
24 there's probable cause to return these charges after
25 they hear from the Government and the Government

479

1 witnesses, will vote on it and if they vote

2 appropriately then the bill or the indictment is filed
3 and the person is charged with offenses.
4 After that the person comes to trial like we
5 have here and a regular jury hears that.
6 Now, there's a great difference in the
7 procedures. In a grand jury there's no lawyer for the
8 people involved in it. There's simply the prosecutor
9 who presents evidence and that's all and they make a
10 decision based upon, as I said, probable cause to
11 believe that a crime has been committed as opposed to
12 here, the burden being on the Government, as I told you
13 at the beginning of the case, to prove beyond a
14 reasonable doubt as to the charges alleged against
15 Miss Dean.
16 So that's the distinction and I would not
17 worry about that. It's of no significance here. You're
18 a regular trial jury and you'll be guided by the
19 instructions I give you on how you deliberate in the
20 case.
2 All right, are you ready to go with

5 CROSS-EXAMINATION
6 BY MR. WEHNER:
7 Q Mr. Barksdale, my name is Steve Wehner and we've
8 never had the opportunity to meet before, although I've
9 seen you in the courtroom this morning and you saw me,

allbinders as word for experiment.txt
10 and I'd like to remind you of a couple of things before
11 I start my cross-examination.
12 The first thing I'd like to remind you of is
13 that you have been put under oath and you understand
14 that since you've been put under oath that you must tell
15 the truth?

16 A I understand it, yes.

17 Q Now, I understand that you have gotten no agreement
18 from the United States Government as to whether or not
19 you'll be prosecuted for your role in the HUD - what's
20 known as the HUD scandal, is that correct?

2 A That's correct.

2 Q And they haven't said they're going to charge you
2 or they're not going to charge you, is that correct?

3 A That's correct.

4 Q And, in fact, you were Housing Commissioner during

5 a large period of time that Miss Dean was employed at

6 HUD?

7 A That is correct.

8 Q And during the period of time for which her

10 A That's correct.
11 Q Now, are you represented by a lawyer?
12 A Yes, I am.
13 Q Is he here?
14 A No, he's not.
15 Q You recognize that there are penalties for
16 committing perjury, do you not?
17 A Yes, I do.
18 Q With all that in mind, I would like to ask you if
19 there's anything, anything at all about this morning's
20 testimony that you would like to change before I begin
21 my cross-examination? I want to give you a few minutes
22 to think about as to whether there's anything at all you
23 would like to change.
24 A No, there's nothing that I know of that I'd like to
25 change.

1 Q Would you repeat to the jury, please, your
2 statement concerning whether or not you ever made a
3 project specific Mod Rehab allocation when you were
4 Federal Housing Commissioner?
5 A To the best of my knowledge, I did not.
6 Q Isn't it a fact, sir, that almost every Mod Rehab
7 allocation during your tenure at HUD was made on a
8 project specific basis?
9 A No, that's not a fact.
10 Q That is not true.
11 A That's not true.
12 Q Now, you understand the question. I don't want
13 there to be any misunderstanding when I continue the
14 cross-examining. You know exactly what I'm asking you
15 and you're sticking by your answer this morning, is that
16 correct?
17 A Yes, I am.
18 Q Now, you of course don't have a recollection of
19 every project you funded when you were at HUD.
20 A No, there's no way -- there were many projects.
2 Q And I'm going to show you two documents, Dean
2 Exhibit 32 and Dean Exhibit 33, that have been marked
2 for identification?

4 Q And I want to know if these documents would refresh
5 your recollection as to the projects for Mod Rehab that
6 you funded while you were at HUD? Just take a look at
7 them, because I want to make sure that you have all the
8 information you need to answer my question.

11 now.
12 Q Absolutely not. I'm not suggesting that you would
13 recall all of those. I'm just asking that since you
14 can't recall all of the projects you funded while you
15 were at HUD, that possibly those documents might help
16 you recall those projects.

17 A All right.

18 Q But I'm not suggesting that you would remember
19 every detail about every project. Certainly not. Do
20 those documents refresh your recollection generally as
2 to the projects that were funded when you were at HUD?

2 A I cannot look at these documents after almost eight
2 years of being away from the Department and tell you
2 that these are the projects that I funded. I notice the
2 dates certainly go back to my tenure as the Assistant

484

1 Secretary, but I still can't tell you that I remember
2 these projects, the documents, because I don't.

3 But I certainly see, for instance, this says
Page 252

4 list of projects in excess of 25 units funded since

5 October the 1st, 1983. I certainly was with the

6 Department in 1983.

7 Q well, what else could I show you, if anything, that

8 would refresh your recollection as to the projects you

9 funded when you were at HUD?

10 A well, you'd have to show me the funding documents

11 that I executed.

12 Q Okay. In that case I'll show you this notebook

13 which I'll mark as Dean Exhibit 51.

14 THE DEPUTY CLERK: Dean's Exhibit 51 marked

15 for identification.

16 (Defendant's Exhibit 51 marked

17 for Identification)

18 BY MR. WEHNER:

19 Q And ask you if this notebook contains every project

20 that you funded when you were at HUD?

21 THE COURT: Maybe you could amend that

22 question to ask him if he recognizes those documents

23 reflecting units that he funded while at HUD as opposed

24 to everyone. I don't know if he knows of every

25 document.

485

1 MR. WEHNER: Thank you, Your Honor.

2 I so amend the question, Mr. Barksdale.

3 A Yes, I see my name on some of the funding

4 documents. For instance, on the first document, that's

5 not my name. It was executed by someone on my staff.

6 But on many of them I do see my name on the documents.

7 Q When you were Housing Commissioner at HUD you

8 funded the Mod Rehab project, did you not?

9 A That was my responsibility.

allbinders as word for experiment.txt
10 Q And does that – do those funding documents refresh
11 your recollection as to the projects you funded under
12 your responsibility while you were at HUD?
13 A On some of these documents that have my name on the
14 documents, as I look at the documents it wouldn't
15 refresh my memory as far as exactly what transpired with
16 the document being sent out, but, yes, if I see my name
17 on here then I must have participated in the approval of
18 the document and the execution of the document to be
19 sent to the field office.
20 Q And is it your testimony, just to be clear, that of
2 all those documents that have your name on them, none of

2 those were project specific?
2 A My testimony is that during my tenure as Federal
2 Housing Commissioner, Assistant Secretary for Housing,
2 it was the policy of my section of my department that

486

1 properties that were going to be funded through the Hod
2 Rehab Program would be funded through the Housing
3 Authorities and that was my understanding and that's the
4 way we sent it out to the field office.

5 Q No, sir, you need to answer the question.

6 A Well, I think I answered.

7 Q No, you didn't.

8 May he be instructed to answer the question?

9 MR. O'NEILL: Objection, Your Honor.

10 THE COURT: I'll sustain the objection.

11 BY MR. WEHNER:

12 Q When you were at HUD, did you on any occasion make
13 a project specific funding decision with regard to the
14 Mod Rehab program?

15 A To the best of my recollection, I did not. It went
16 to the Housing Authorities in the field offices, to the
17 best of my recollection.

18 Q Do you know who Jack Kemp is?

19 A Yes.

20 Q who is he?

2 A Jack Kemp at one time was the Secretary of Housing
2 and Urban Development and was a Congressman from
2 New York state.

2 Q Are you familiar with a project called Niagara
2 Frontier, Inc.?

487

1 A No, I'm not.

2 Q I'll show you what's been marked by the Government
3 as their Exhibit 2370 which is a funding decision for
4 191 units for the moderate rehabilitation program
5 Niagara Frontier, Inc., and ask you if that refreshes
6 your recollection as to Niagara Frontier, Inc.?

7 A Counselor, when I was with the department -

8 MR. WEHNER: Your Honor -

9 A May I answer your question, sir?

10 THE COURT: You can answer it. Go ahead.

11 A When I was with the Department I executed hundreds
12 of documents on a daily basis. My staff prepared
13 documents. Documents would be stacked on my desk to the
14 top of my desk. I would execute them and they would go
15 out to the offices. I have no recollection specifically
16 of most of the documents that passed through my desk.
17 This is my signature on this particular 185,
18 but I can't tell you specifically what happened with
19 this document.

20 Q Isn't it true that that was a specific project for
21 Niagara Frontier, Inc. and a specific amount of units?
22 Isn't that what that reflects?

23 A I can't tell you what that reflects. It says this
24 is for the Moderate Rehab Program of the Housing Council
25 of Niagara Frontier, Inc. I know nothing about the -- I

488

1 would have known nothing about the Niagara Frontier,

2 Inc. No one would have briefed me about Niagara

3 Frontier, Inc. This went out to the field office, to

4 Joe Monticello in Region Three.

5 Q Under your signature.

6 A Under my signature.

7 Q Where is Niagara Frontier, Inc.?

8 A I'm going to assume it's in New York, since it was

9 the Region Three, Joe Monticello.

10 Q And your testimony is that you know of no
11 relationship between Niagara Frontier, Inc., 191 units,
12 and Jack Kemp?

13 A No.

14 Q None.

15 A I do not.

16 Q Is it your further testimony that when you sign a

allbinders as word for experiment.txt
17 funding document for 191 units for the Moderate
18 Rehabilitation Program of the Housing Council of the
19 Niagara Frontier, Inc., that that is not a project
20 specific funding?
21 A To me it would not have been.
22 Q well, then maybe we need to discuss that a little
23 further.
24 well, how more specific could it have been?
25 Are the number of units there?

489

a 1 A well, I don't know what the Housing Council of the
2 Niagara Frontier is. I don't know at this point.
3 Q It says the units are for them, does it not?
4 A To me the Housing Council of the Niagara Frontier,
5 Inc. would not be a project. I don't know if that's a
6 project now. Is that a project?
7 Q Yes.
8 A I don't know.
9 Q what about the 191 units, how did you come up with
10 that?
11 A I would imagine that was a request that came from
12 the Housing Authority.
13 Q And would not a Housing Authority request a precise
14 number of units?
15 A They generally would.
16 Q And when they requested a precise number of units,
17 didn't that make it a specific project?
18 A Not to me.
19 Q How could you request a specific number of 191 and
20 it not be a specific project?
21 A That's easy. They could have requested 191 units
22 for four or five different projects, and I'm certain
23 that happened on many many occasions.
24 Q Mr. Barksdale -
25 A Yes.

490

1 Q It happened on many many occasions?
2 A It happens to the best of my knowledge still.
3 Q Do you think that 191 units for Niagara Frontier,
4 Inc. was for more than one project?
5 A I certainly did.
6 Q Bow many years were you Public Housing
7 Commissioner?
8 A About two years.
9 Q Let's talk about Puerto Rico. Do you know what
10 Puerto Rico is?
11 A I certainly do.
12 Q Okay. Did you ever meet with the Secretary of HUD,
13 Samuel Pierce, and Lance Wilson regarding 610 units to
14 go to Puerto Rico for Mr. James Watt?
15 A I met with Secretary Pierce and Lance Wilson, who
16 was at that time Executive Assistant to Secretary
17 Pierce, concerning a large amount of units for Puerto
18 Rico but I don't recall talking to them about James
19 watt.

20 Q You don't remember talking to them about James
2 Watt.
2 A No, but I do remember talking about Puerto Rico.
2 Q You do remember that it was going to be over 600
2 units?
2 A I believe it was over 600 units, I do remember

491

1 that.
2 Q And do recall who specifically those units were to
3 be : Eor?
4 A No.
5 Q You have no recollection that it was going to be
6 for James Watt?
7 A I remember discussing that I did not want to send
8 600 units to Puerto Rico. That's what I recall.
9 Q And, in fact, didn't the Secretary of HUD make a
10 decision not to send them to Puerto Rico?
11 A To the best of my recollection he did not make a
12 decision not to send them because I think there was
13 dissent.
14 Q And then didn't he change his mind?
15 A I don't recall him changing his mind.
16 Q You have no recollection about that whatsoever?
17 A I do not •
18 Q And you have no recollection of James -- who is
19 James Watt?
20 A James Watt was at one time the Secretary of the
2 Interior.
2 Q Did you ever meet him?
2 A Yes.
2 Q Did you ever talk to him?
2 A Yes.

492

1 Q Has he been in your office at HUD?
2 A Yes.
3 Q Have you talked to him about HUD business?
4 A Yes.
5 Q what HUD business did you talk to him about?
6 A I can't tell you specifically.
7 Q Do the best you can. This is the time in which
8 Hiss Dean is at HUD and we want specifics.
9 THE COURT: Let him answer the question.

10 A I remember I spoke to Jim Watt ten years ago and it
11 was before he came into the Department. He represented
12 clients who were seeking waivers, who were seeking
13 approval on applications, and he represented his clients
14 like many attorneys.
15 Q And he came in to see you?
16 A Yes.
17 Q And he talked about Mod Rehab programs?
18 A Yes, he did.
19 Q And he talked about Puerto Rico Mod Rehab programs,
20 didn't he?
2 A I don't remember.

2 Q When you funded them you knew they were for
2 James Watts' clients in Puerto Rico, didn't you?
2 A That's not true.
2 Q Because that was part of the process?

493

1 A Sir, that's not true.

2 Q Isn't it true that you set up a selection committee
3 to determine who would receive Mod Rehab funds?

4 A I had a committee who was basically my Executive
5 Assistants, the Deputy Assistant Secretary for Mod Rehab
6 programs, and occasionally people like Maddie Hastings,
7 who was on my staff.

8 Q And they sat down and assisted you in making the

9 decisions, did they not?

10 A That's true.

11 Q Where did the information come from on which you

12 would base those decisions?

13 A The information would generally come from --

14 Q No, where would they come from specifically?

15 MR. O'NEILL: Objection, Your Honor. He's in

16 the middle of answering a question.

17 THE COURT: All right, you can answer the

18 question.

19 A It would come from requests from Housing

20 Authorities, it would come from developers, it came from

2 Congresspersons.

2 Q It came from consultants, too, didn't it?

2 A It came from consultants.

2 Q Absolutely it came from consultants, and when you
2 knew, when you sat down in those funding meetings and

494

1 you discussed those projects, you knew what projects

2 were linked to what consultants, didn't you?

3 A No, that's not true.

4 Q You testified that James Watt came to see you about

5 Mod Rehab projects, is that correct?

6 A Yes, and I'm telling you I don't remember

7 specifically what projects.

8 Q Do you remember that you ever had a grant of

9 funding in which Puerto Rico was discussed?

10 A Yes.

11 Q Okay. Do you remember whether any of those Puerto

12 Rico projects was James Watt's?

13 A I don't remember.

14 Q You just don't remember.

15 A I don't remember.

16 Q So if you funded projects in Puerto Rico and

17 James Watt happened to be the consultant, you don't have

18 any recollection of those events occurring at about the

19 same time, in your mind?

20 A In the first place, I would not have been funding

2 projects in Puerto Rico. I would have been funding

2 applications from the Puerto Rico Housing Agency. They

2 would not have been projects. They asked for a certain

2 amount of units. I remember the 600 units because that

2 was a large request.

495

1 Q So the consultants talked to you on behalf of

2 housing agencies, is that your testimony?

3 A They said client, because people would be talking

4 to them.

5 Q Did they talk to you on behalf of the Public

6 Housing Agencies?

7 A They talked to me about many things, I don't

8 remember.

9 Q You don't remember them talking to you about

10 Housing Authorities?

11 A They talked about clients.

12 Q Do you recall them talking to you about States?

13 A Yes.

14 Q Do you recall them talking to you about specific
15 buildings?

16 A Occasionally.

17 Q Do you recall them talking to you about specific
18 numbers?

19 A Generally it wouldn't be numbers. It would just be
20 requests that were pending from specific Housing
2 Agencies.

2 Q Mr. Barksdale, let me clean up something here
2 before I forget. I'm going to show you what's been
2 marked for identification as Dean Exhibit 30 and Dean
2 Exhibit 31.

496

1 THE DEPUTY CLERK: Dean's Exhibits 30 and 31
2 marked for identification.

3 (Defendant's Exhibits 30 and 31
4 marked for Identification)

5 BY MR. WEHNER:

6 Q And I'm showing you a list of what purports to be a
7 telephone list of HUD, Dean Exhibit 30, and ask you if
8 you recognize it?

9 A Yes, yes, I do.

10 Q And an expediter list for Dean Exhibit 31 and the
11 expediter list Dean Exhibit 31 is dated October, '87?

12 A All right.

13 Q And the expediter list Dean Exhibit 30 is yellow.

14 A Yes.

15 Q The yellow one is for 1988, is it not?

16 A Yes, that's right.

17 Q And the brown one is for 1987?

18 A That's correct.

19 MR. WEHNER: I just wanted the testimony to be
20 in because you had a witness yesterday -21

MR. O'NEILL: Judge, what is this?

22 THE COURT: I'll sustain the objection.

23 Comments by counsel are not evidence.

24 BY MR. WEHNER:

25 Q Mr. Barksdale, were you contacted on occasion by

497

1 Senators and Congresspeople regarding various projects?

2 A That is correct, I was.

3 Q And when they would contact you would they talk

4 about specific projects?

5 A On occasion they would.

6 Q And would you on occasion fund the specific project

7 they talked about?

8 A I would fund the Housing Authorities' requests.

9 Q But did you know that it was for a specific
10 project?

11 A No, I did not know.

12 Q You did not.

13 A No, because I -- counselor, you're asking me
14 questions. May I answer the question?

15 Q Absolutely.

16 A If a Congressman, a Mayor, a Senator or a
17 consultant discussed 200 units with me for Philadelphia,
18 Pennsylvania and I chose to, based on my staff's
19 recommendation, send 200 units to Philadelphia,
20 Pennsylvania, those units could go to any qualified
21 applicant that the Housing Authority of Philadelphia,
22 Pennsylvania so chose.

23 Q Absolutely. But did you not know that there was a
24 project in Philadelphia, under your hypothetical, under
25 your hypothetical, for a specific number of units that

498

1 was being pressured to you by that Congressperson?

2 A I would know of units that Congress asked for in

3 certain areas, and most Congressmen asked for units.

4 Q That's right, and they asked for units and they

5 tell you where they want them to be and they tell you

6 the number, don't they?

7 A No,

8 Q Did John Heinz ever request a specific number of

9 units?

10 A Senator Heinz on many occasions talked to me about
11 funding for the Pennsylvania area.

12 Q And, in fact, he requested specific numbers, did
13 he not?

14 A I do not recall the senator asking for specific i
15 numbers, but Senator Heinz, yes, he did. He was one of
16 the most vocal persons in Congress at the time asking
17 for units. He did.

18 Q He asked you frequently, did he not?

19 A He did.

20 Q And you have no recollection as to whether he asked
2 for specific numbers or not, is that correct?

2 A I don't remember him asking for specific numbers,
2 but he asked.

2 Q Did Secretary Pierce ever tell you to fund specific \
2 projects?

1 A He never told me to fund specific projects. He
2 discussed many projects with me.

3 Q Did he ever tell you to fund a specific project?

4 A I do not recall him telling me to fund a specific
5 project. He did talk to me about projects.

6 Q Did you ever promise John Heinz that he would
7 receive a certain number of units?

8 A To the best of my recollection, no.

9 Q I'll show you what I'll mark for identification
10 Dean Exhibit 52.

11 THE DEPUTY CLERK: Dean Exhibit 52 marked for
12 identification.

13 (Defendant's Exhibit 52 marked
14 for Identification)

15 BY MR. WEHNER:

16 Q And ask you if this letter refreshes your
17 recollection as to whether or not you ever promised
18 Senator Heinz a specific number of units for
19 Pennsylvania?

20 A I don't think I should be asked to comment on this
2 letter.

2 Q Well, Mr. Barksdale, you really don't have much of
2 a choice.

2 A And I'll tell you why. I left HUD in January of
2 1985. This letter is dated May 7, 1985. Why should I

500

1 have to comment on this letter?

2 Q Because I asked you if it refreshed your
3 recollection as to whether or not you ever promised John
4 Heinz any units, a specific number of units in

allbinders as word for experiment.txt
5 Pennsylvania. Does it?
6 A May I ask what this letter would have to do with my
7 recollection since I wasn't there?
8 Q It does refresh your recollection, doesn't it,
9 Mr. Barksdale?
10 A It does not. I wasn't there. I left HUD in
11 January of 1985.
12 THE COURT: It still could refresh your
13 recollection even if you're not there. Does it refresh
14 your recollection?
15 THE WITNESS: No, sir, it does not refresh my
16 recollection.
17 THE COURT: All right.
18 BY MR. WEHNER:
19 Q It's true, Mr. Barksdale, that you testified in
20 front of the Senate and the Congress?
2 A The House.
2 Q The House of Representatives?
2 A The House.
2 Q With regard to this matter, is it not?
2 A That's true.

1 Q And that was a number years ago, was it not?

2 A I think it was 1989.

3 Q And do you recall giving the testimony at that

4 to Congress that you did not recall any specific

5 projects ever being funded?

6 A I'd have to see my testimony. That was a little

7 while ago.

8 Q I'll show you page 763 of that testimony which I

9 will mark Dean Exhibit 53.

10 THE DEPUTY CLERK: Dean's Exhibit 53 marked
11 for identification.

12 (Defendant's Exhibit 53 marked
13 for Identification)

14 A Yes, that's my testimony.

15 Q It reflects that you testified that you never
16 funded any projects specifically, does it not?

17 A Yes, it does.

18 Q And that's the same testimony you repeated here
19 today.

20 A Yes, it is.

21 Q Do you know an individual by the name of
22 Joseph Strauss?

23 A Yes, I do.

24 Q Who is Joseph Strauss?

25 A Joseph Strauss at the time I reported on board in

502

1 1982 was Deputy Assistant Secretary. As Deputy

2 Assistant Secretary I think he was one of the Special

3 Assistants to Secretary Samuel Pierce.

4 Q Did Mr. Strauss ever discuss funding specific

5 projects with you?

6 A Mr. Strauss discussed his -- the fact that he was a

7 consultant to certain clients and that he was interested

8 in certain areas, with the areas of funding.

9 Q And what clients did he identify?

10 A He didn't identify clients.

11 Q He didn't tell you the name of any of the clients?

12 A No, I didn't ask him.

13 Q He didn't tell you?

14 A I didn't ask him.

15 Q How did he identify them, the clients, at all? j

16 A He would identify certain Housing Authorities that j
17 had requested it.

18 Q So your impression was he was working for the
19 Housing Authorities?

20 A No, I don't know who he was working for. I didn't
2 ask him. He didn't tell me.

2 Q Well, who did you think he was working for?

2 A I don't know.

2 Q You didn't have any idea who he was working for?

2 A No, it wasn't my business.

503

1 Q You shut your eyes to who he was working for?

2 A What do you mean I shut my eyes?

3 Q Didn't it matter?

4 A Counselor, people talk to me every day about many

5 many items and I didn't ask people what they were
6 talking to me about and who they were talking to me
7 about. If Senator Heinz called me he was calling me on
8 behalf of one of his constituents, I assume. I didn't
9 ask him which one, I never did, and that goes for most
10 of the people, all the people in Congress.
11 Q How about consultants, did you ever care which
12 consultant you were talking about?
13 A Not really.
14 Q I believe your testimony was a few minutes ago that
15 you don't recall ever being directed by Secretary Pierce
16 to fund any specific project, is that correct?

17 A That's correct.
18 Q Okay. I'll show you what I'll mark for
19 identification as Dean Exhibit 54.
20 THE DEPUTY CLERK: Dean Exhibit 54 marked for
2 identification.

2 (Defendant's Exhibit 54 marked for
2 Identification)
2 BY MR. WEHNER:
2 Q And ask you if you recognize the handwriting on

504

1 this document?

2 A It looks like the writing of Secretary Pierce,

3 Samuel Pierce.

4 Q Does that refresh your recollection as to whether

5 Samuel R. Pierce ever directed you to fund a specific

6 project?

7 A He didn't direct me. Be discussed it with me. He

8 didn't direct me. I worked for -

allbinders as word for experiment.txt
9 Q why don't you -- for the benefit of the jury why
10 don't you tell them without me leading you what Sam
11 Pierce said to you about Project Dignity?
12 A Secretary Pierce was my boss. I was an Assistant
13 Secretary. He was the Secretary. Like most people -
14 I'm certain most of you have gainful employment. If the
15 Secretary called me to his office and asked me about a
16 specific project, a specific area of the country or a
17 specific request, he didn't have to tell me to do
18 anything. He was my boss. And I would go back
19 downstairs and do whatever I could with my staff to give
20 him a report on his request.
2 So if he asked me about Project Dignity I
2 would go down, call my staff in, explain the fact that I
2 had just spoken with the Secretary. He asked me about
2 the status of a particular request. Give me a report
2 and I will give that report back to the Secretary.

505

1 If I felt that the Secretary had an interest.
2 a legitimate interest in the request I would tell my
3 staff to see if it could be funded. If it could be
4 funded I would get back to the Secretary and tell him.
5 That's the way that worked. He was my boss.
6 Q And was there an occasion when he would tell you to
7 fund a specific project?
8 A No, sir.
9 Q And it would be funded?
10 A No, he never directed me to fund a project.
11 Q Did he ever request or direct that you get 203
12 units for Project Dignity?
13 A He asked me to look at the possibility of funding
14 2C 13 units , which I got back with my staff.
15 Q And did you?
16 A I don't recall if I funded it or not.
17 Q You got back with your staff.
18 A Yes.
19 Q What discussion did you have with your staff?
20 A I told my staff to review the request.
2 Q Did Deborah Gore Dean ever ask you to fund any
2 project?
2 A Not to the best of my knowledqe, no. She discussed
•*~
2 projects with me.
2 Q What projects did she discuss with you?

506

1 A I think I testified this morning that she discussed
2 the 1Patriot with me.
3 Q What did she say to you and what did you say to
4 her?
5 A She asked me about the Patriot request. I think we
6 talked about the fact that Janice Golec's friend was
7 involved in a couple of requests of the office in
8 Baltimore and she asked me to check with staff and see
9 if it could be funded, which I did.
10 Q And what happened?
11 A It was funded.
12 Q Now, what did you do?
13 A What did I do?
14 Q Did you talk to your staff?
15 A Yes, I talked to my staff.
16 Q Who did you talk to?

allbinders as word for experiment.txt
17 A I probably talked to Maddie Bastings at the time.
18 Q And what did Maddie Bastings say to you?
19 A I can't tell you specifically what Maddie Bastings
20 said to me.
2 Q Generally.
2 A I would not have spoken at first directly with
2 Maddie Bastings.
2 Q I want to know who you talked to?
2 Q Are you going to answer my question for me,

507

1 counsel, or are you going -to give me a chance to

2 answer?

3 THE COURT: Go ahead.

4 BY MR. WEHNER:

5 Q who did you talk to?

6 A I probably spoke with either Stew Davis or

7 Marjorie Lawrence on my staff and they would have spoken

8 with persons like Maddie Hastings, who was in that area,

9 and told them that I was interested in a particular
10 project or a particular application from Baltimore or
11 Philadelphia, wherever the request was coming from.

12 As an Assistant Secretary I didn't talk to
13 staff people on a daily basis. That's why I had
14 assistants.

15 Q Now, who did you talk to about Patriot on your
16 staff?

17 A I'm telling you I don't recall who I specifically
18 spoke with on Patriot. That's what I'm saying.

19 Q Do you recall speaking specifically to anyone on
20 Patriot?

2 A No, but I certainly spoke with my staff about it.

2 I can't tell you specifically who I spoke to. I told
2 you it probably would have been my Executive Assistant
2 or my Special Assistant.

2 Q Who was your Executive Assistant?

508

1 A At that time it would have been Stew Davis.

2 Q How long had Mr. Davis been with you?

3 A Mr. Davis was with me from the time I reported on

4 board/ which was October 17, 1982, and I think Stew left
5 in 1984.

6 Q And where did he go after that?

7 A I think he went to work in the private sector. I
8 can't remember exactly who he went to work for.

9 Q And can you recall anything at all about your

10 conversation with Stew Davis about the Patriot project?

11 A No, I can't and I can't even recall if I
12 specifically spoke with Stew. It could have been Stew
13 or Margie or Joanne Collins or anyone on my staff. I
14 could have spoken directly with Maddie Hastings. I just
15 don't remember. I like to tell I could remember most of
16 the things that happened nine years ago, but I can't.

17 Q Do you know an individual by the name of John
18 Mitchell?

19 A John Mitchell? You mean the John Mitchell?

20 Q No, a John Mitchell.

2 A I could possibly know a person named John Mitchell,
2 yes

2 And which person first comes to your mind when you
2 say John Mitchell?

2 A The John Mitchell who was at one time the Attorney

509

1 General of the United States of America. I did not know
2 that John Mitchell. To the best of my recollection I
3 never met him.

4 Q How about Lance Wilson?

5 A I know Lance Wilson.

6 Q How do you know Lance Wilson?

7 A As I testified earlier, when I reported on board
8 Mr. Wilson was the Executive Assistant to Secretary
9 Pierce.

10 Q Did Mr. Wilson ever discuss with you Mod Rehab
11 units?

12 A Yes.

13 Q Do you recall if Mr. Wilson ever discussed any Mod
14 Rehab units in Florida with you?

15 A I don't recall.

16 Q Do you recall whether Mr. Nunn ever discussed Mod
17 Rehab units with you?

18 A I don't recall.

19 Q Do you know who Mr. Nunn is?

20 A Mr. Nunn I think at one time was the Governor of
2 Kentucky and I think he served as a consultant here in
2 Washington or as a lobbyist.

2 Q And Mr. Nunn has been in your office from time to
2 time, has he not?

2 A I don't recall Mr. Nunn being in my office. He

1 could have, but I don't recall. In fact, if Mr. Nunn

2 was sitting in this Courtroom I don't know if I could

3 identify him.

4 Q Do you know if Mr. Nunn was ever in your office?

allbinders as word for experiment.txt

5 A He could have been.

6 Q He could have been?

7 A He could have been. I don't remember.

8 Q Do you remember ever meeting Mr. Nunn?

9 A I don't remember ever meeting Mr. Nunn.

10 Q Do you remember discussing with Mr. Nunn a project

11 called Arama?

12 A No, I don't.

13 Q Do you remember a project called Arama?

14 A Yes, I discussed that this morning.

15 Q Okay. And do you remember any connection between

16 Arama and Mr. Nunn?

17 A No, I do not.

18 Q None.

19 A No.

20 Q To coin a phrase.

2 A No, I remember nothing that I discussed with him.

2 Q I'll show what you I've previously marked as
2 Defendant's Exhibit number 23, and without referring to
2 it, without saying anything about it, I just want to
2 know if that refreshes your recollection as to whether

511

1 you ever had a conversation with Lance Wilson about 300

2 units in Florida?

3 THE DEPUTY CLERK: Defendant's Exhibit 23

4 marked for identification.

5 (Defendant's Exhibit 23

6 marked for Identification)

7 A No, this does not refresh my memory.

8 Q Okay. Did you have a conversation with

9 Lance Wilson about 300 units in Florida?
10 A To the best of my recollection, no, I did not.
11 Q Did you have a conversation with Louie Nunn about
12 300 units in Florida?
13 A To the best of my recollection, I did not.
14 Q When did Miss Dean become Mr. Pierce*s Executive
15 Assistant?
16 A I can't tell you specifically, but I remember when
17 I was sworn in in February of 1984 Mr. Wilson left the
18 Department that spring, and probably that spring, that
19 spring being April or May of 1984, Miss Dean became
20 Executive Assistant to Secretary Pierce. I could be
21 incorrect because, once again, it was quite awhile ago.
22 Q Did Miss Dean ever sit in on any of the selection
23 processes, selection committee meetings for the Mod
24 Rehab units?
25 A I never remember her sitting in on them.

512

1 Q Did you sit in on them?
2 A Yes, I did.
3 Q And in fact, you had a number of people who sat in
4 on them, is that correct?
5 A Yes.
6 Q Kind of a joint committee decision?
7 A Yes.
8 Q And would you tell these people if you received any
9 information from the Secretary or from Deborah Gore Dean
10 as to whether they wanted a particular project funded?
11 A I never recall receiving any - you mean written
12 information? Is that -
13 Q No, no, just a casual comment in a hallway, to a
14 letter, anything.
15 A Well, I testified this morning that I remembered
16 Miss Dean discussing the Patriot with me but other than
17 that, no, I don't remember any specific instructions
18 from her or anyone else.
19 Q That wasn't the question, Mr. Barksdale. The
20 question is -2
A I'm not trying to be coy with you, I'm not. So
2 please go back and ask the question again, okay?
2 Q The question was did you discuss with the members
2 of the committee any of these specific requests from
2 Secretary Pierce or Deborah Dean or anybody else?

513

1 A Yes. I'm sorry. If Deborah Dean or Lance Wilson
2 or anyone else in a position of authority over me had
3 asked me about the status of a request I think I would
4 have mentioned that in the meeting.
5 Q In the meeting.
6 A Yes.
7 Q And what would you have said?
8 A I would have said exactly that, that this was a
9 unit that I had been asked about and the staff had an
10 opportunity to review it and what was the status. Is
11 there anything I need to know.
12 Q With regard to Patriot, do you remember making that
t 13 kind of statement?
14 A Not specifically, no. I could have, but I don't

15 remember.

16 Q You testified on your direct this morning that your
17 understanding was that the award of these Mod Rehab
18 programs was discretionary?

19 A That's true.

20 Q I believe in some of your previous testimony that
2 you said that you interpreted discretionary in the
2 broadest possible sense, is that correct?

2 A No, I didn't interpret it in any way. I asked the
2 staff of the General Counsel for their opinion, and the
2 opinion of the Office of General Counsel was that I

514

1 coulç - I specifically asked the question, if I could
2 send all units to Fort worth, Texas if I had the
3 manpower to do it, and they said something else.

4 Q They said what?

5 A They said something else that I do not choose to
6 state to the Court.

7 If Your Honor, sir.

8 Q Without putting the word that you don't choose to
9 use, could you put a blank in there as to what they
10 said?

11 A If I had the blank to do it I could send it
12 anywhere I wanted to in the country.

13 Q So you actually had the authority to send those
14 units wherever you wanted to?

15 A That was my understanding j from the Office of
16 General Counsel.

17 Q And was that true during your entire tenure as
18 Federal Housing Commissioner?

19 A No.

20 Q Was it true from 1983 - to your knowledge, was it
2 true from 1984 on?

2 A It was true from the start of the fiscal year,
2 1984, which is October 1st on.

2 Q And prior to that it was fair share.

2 A Yes, fair share.

515

1 Q And from October, 1984/ as far as you know, to

2 1987?

3 A Yes, I left in 1985. I didn't really track -

4 Q I'm talking about through 1985.

5 A Yes. That's all right.

6 Q If the Secretary of HUD wanted all the units to go

7 to Kenwood, West Virginia?

allbinders as word for experiment.txt
8 A X can only assume that if the Secretary made that

9 decision, signed the 185, you'd have to reply and they

10 would have all headed to Kenwood, West Virginia.

11 Q And they could have gone to any place he wanted
12 them to go?

13 A Yes, it's my understanding that that was the rule.

14 Q Isn't that why or at least one of the reasons why
15 that everybody came to talk to you and Secretary Pierce
16 and Deborah Gore Dean and everyone else that was in a
17 position of some kind of authority at HUD about these
18 Mod Rehab units?

19 A I would say that that's the case, that once people
20 found out that the discretionary rule was official and
2 in place I certainly noticed that more people began to

2 come in and start talking about units. Once it went
2 from being a fair share to discretionary, yes.

2 Q Absolutely. So if Governor Nunn came in to see you
2 or James Watt or Sam Pierce or Senator Heinz or Deborah

516

1 Dean or anybody else came in to you and said we're

2 interested in this project, the reason they were

3 interested was because you could send them any place you

4 wanted to, isn't that correct?

5 A I would assume that that would be correct, yes.

6 Q So you were being lobbied, weren't you?

7 A For lack of a better term I'd say that would be,

8 yes.

9 Q Pick your term.

10 A Yes, I'd say I was being lobbied.

11 Q Because there was a lot of money to be made in this
12 program, wasn't there?

13 A I would say there was money to be made in the
14 program, yes.

15 Q Didn't Congress guarantee a certain amount of
16 profit to the developers in the Mod Rehab program?

17 A I don't recall the specific profits that were
18 involved. I know there were various programs that would
19 allow Section Eight to be attached to the particular
20 unit.

2 Q Isn't it true that the developers received a profit

2 when they received Mod Rehab units?

2 A It's my understanding there was a profit.

2 Q And Congress knew that when they passed the
2 legislation?

517

1 A I can only assume that.

2 Q And the developers were in that to make money?

3 A I can only assume that they were in it to make
4 money.

5 Q So the developers had an interest in you sending
6 them to certain areas, isn't that right?

7 A I would imagine anyone in there requesting would
8 have that interest.

9 Q And when these people, whoever they were, came to
10 you and asked for your consideration of a request, did
11 you tell them there wasn't anything you could do, or did
12 you tell them you'd look at it?

13 A I was, and I still consider myself to be, a
14 hands-on manager and I spent an inordinate amount of
15 time almost, visiting with anybody who wanted to get on
16 my calendar and talk to me. So when people talked to me
17 I would listen to them very attentively and tell them I
18 would look at their request. I did that over and over.
19 I spent a considerable amount of time with anybody who
20 came in my office, be they Congressmen, consultants,
2 ladies and gentlemen. And to be very polite I said I'd

2 listen to their request, and I would.

2 Q You listened to everybody who wanted to talk to
2 you?

2 A I had basically an open door policy.

518

1 Q whether it was your friend, whether it was your
2 enemy, whether it was a Republican, a Democrat?

3 A It made no difference to me. I considered that to
Page 273

4 be a responsibility of my job.

5 Q And if someone came in and talked to you about

6 those projects did you take whatever information they

7 gave you into consideration when you determined where

8 you were going to send the Mod Rehab money?

9 A I would pass the information on to my staff.

10 Generally – when I say talk to me, generally there
11 would be a staff person there. If I knew a person was
12 going to come in and talk about a specific area of the
13 country or a specific matter I'd try to have my staff
14 available with me. They'd listen, they'd take notes.

15 Q And would that go into the process of making the
16 decision as to where the units went?

17 A The ultimate decision, yes.

18 Q So if Strom Thurmond expressed an interest in his
19 State receiving units, that would be something you would
20 take into consideration?

2 A I certainly would. Let me say this, I was a

2 political appointee and if certain committee chairman
2 asked me, if the Chairman of the House Appropriations
2 Committee asked me to look at something in his State of
2 course I would look. If the Speaker of the House called

me and said look, I would look, yes.

2 Q And they did that, didn't they?

3 A Yes, they did.

4 Q And did you look?

5 A Yes, I did.

6 Q And you would fund them on occasion, wouldn't you?

7 A If they were warranted I would fund it.

8 Q And there wasn't one project funded when you were

Housing Commissioner that did not qualify to be funded,

10 isn't that correct?

11 A I would hope so.

12 Q And they were all qualified under HUD rules and
13 regulations, isn't that correct?

14 A I would certainly hope so.

15 Q But it was so discretionary, that you could pick
16 from all these hundreds of qualified projects and decide
17 which one to fund?

18 A That is correct.

allbinders as word for experiment.txt

19 Q A tough position to be in, wasn't it?

20 A It was a very tough position.

2 Q Because you didn't know that in retrospect a

2 finetooth comb would go over every decision you made and
2 an effort would be made to question your integrity. You

2 didn't know that when you were making the decisions, did
2 you?

520

1 A I certainly didn't know that, no.

2 Q And that's exactly what happened, didn't it?

3 A Here I am.

4 Q And you have been interviewed and you've been
5 investigated and you've testified in front of Congress
6 as to why you made every decision you made?

7 A That's basically true.

8 Q Did ever meet an individual by the name of Phil
9 Winn?

10 A Yes.

11 Q Who is Phil Winn?

12 A Phil Winn was the Assistant Secretary for Housing,
13 the Federal Housing Commissioner, I think in 1981, '82.
14 I think he was the first Reagan appointee.

15 Q And when did he leave the Department of Housing and
16 Urban Development?

17 A I don't know exactly when he left because when I
18 reported on board in 1982 he already had left. Phil
19 Abrams was the Federal Housing Commissioner. So I can
20 only assume that he left at some point before October,
2 1982.

2 Q After he left did he come back and talk to you

4 Q And would his projects get funded?

13 you said it was. If it was Jack Kemp's I assume it was
14 funded. I never met Jack Kemp. I don't know Jack Kemp.

15 Q Are you familiar with a project in Hampton,
16 Virginia?

17 A Yes.

18 Q What do you know about a Mod Rehab project in
19 Hampton, Virginia?

20 A I remember there was a request for a project in
21 Hampton, Virginia when I was Assistant Secretary.

22 Q What else do you remember about the request for the
23 project?

24 A I can't remember all the specifics. I don't even
25 know if it was funded or not funded. I think there was

522

1 a lawsuit involved in which I was going to have to

2 testify, and something came up and I didn't have to

3 testify. I don't remember all the details but I do

7 Q Do you recall where the request was from?

8 A No, I don't recall where the request was from.

9 Q You previously testified that Stew Davis was one of
10 your assistants.

11 A That is correct, my Executive Assistant.

12 Q And he was your assistant during what period of
13 time?

14 A Well, Stew Davis was my Executive Assistant when I
15 was Deputy Assistant Secretary and when I was nominated
16 to be an Assistant Secretary Stew moved up with me and
17 was my Executive Assistant during my tenure as Federal
18 Housing Commissioner Assistant Secretary.

19 Q Now, who was Silvio DeBartolomeis?

20 A Silvio DeBartolomeis when I first reported on board
2 was one of the Special Assistants to Secretary Pierce.

2 When I moved up to become the Federal Housing
2 Commissioner Stew Davis received the appointment as the
2 Deputy Assistant Secretary for multi-family housing

5 to do with funding units in Baltimore?

6 A Well, Stew Davis certainly would have been on my

7 committee, would have been one of the persons that I

8 would have talked to about funding Mod Rehab units. He

9 certainly could have, yes.

10 Q What about Mr. DeBartolomeis?

11 A Yes, Silvio was the Deputy Assistant Secretary. He

524

1 called Uplift in Baltimore?
2 A No, I do not recollect that. No, I do not.
3 Q What about Stew Davis, that he funded such a
4 project in Baltimore?
5 A Stew Davis would not have had the authority to fund
6 the project. He was a Special Assistant with no line
7 authority to fund.
8 Q Does not that exhibit refresh your recollection as
9 to whether Stew Davis or Silvio DeBartolomeis caused the

10 funding of a project in Baltimore called Uplift?
11 A No, it does not.
12 Q Were you aware that there was a legal opinion from
13 the General Counsel at HUD stating that there's nothing
14 illegal about the use of consultants by HUD developers?
15 A No, I was not familiar with that fact, but I can
16 only assume that that was the case since there were
17 consultants and other persons in the building at all
18 times. No one ever told me they could not be there. So
19 I just assumed that it must have been legal.

10 A I was introduced to a person at several social
11 events that was supposed to be her boyfriend. She said
12 this is my boyfriend.
13 Q And that individual's name was Jim Lomenick, was it
14 not?
15 A Yes, it could be. I don't specifically remember

17 A Yes.
18 Q Isn't it a fact that Miss Dean told you not to fund
19 that project? And that she was afraid that if that
20 project got funded it would ruin Janice Golec at the
2 Department of Housing and Urban Development?
2 A I do not remember that conversation.
2 Q Do you remember that that didn't happen or you just
2 don't remember if it did?
2 A I think I would have remembered that if it

527

1 happened. I do not remember that conversation.

2 Q Do you remember any conversation with Deborah Dean
3 about any connection between Janice Golec and Patriot?
4 A I testified this morning that I remembered that
5 Deborah Dean asked me about the Patriot and the fact
6 that Janice Golec's boyfriend had something to do with
7 it, but I do not remember a conversation where she told
8 me not to fund the project. I never recall Deborah Dean
9 telling me to fund or not fund anything. She asked me
10 questions about many many projects but I never remember
11 Deborah telling me to fund or not fund any project.
12 Q When she was asking you about the many many
13 projects, was she asking you because Deborah Dean was
14 interested in knowing or was it because Sam Pierce was
15 interested in knowing?
16 A I assume that she was asking because she was
17 Executive Assistant to the Secretary and as I testified
18 this morning, that she was basically running the
19 Department for the Secretary's Office on behalf of the
20 Secretary.
21 Q Isn't it true that you previously testified that if
22 you ever had any questions about what Deborah Dean said
23 to you about a project, that you would go to the
24 Secretary and ask him about it if you thought she was
25 going outside her authority?

528

1 A No. I testified in some instances that I would
2 request a meeting with the Secretary, not in all
3 instances. I talked to Miss Dean almost on a daily
4 basis about the general duties of Bousing and my
5 responsibilities. I would be going to the Secretary
6 every five minutes if that was the case.
7 Q And did the Secretary ever tell you that, yes,
8 Miss Dean was acting for him?
9 A No, he never told me that specifically, but if you
10 worked at the Department of Housing and Urban
11 Development during that period you knew that his
12 Executive Assistant acted for him. You didn't have to
13 be told that. You knew that.
14 Q To take it in the reverse, did she ever tell you to
15 do anything that Sam Pierce didn't want you to do?
16 A What's your question again?
17 Q Did she ever tell you to do anything that
18 Sam Pierce, her boss, didn't want her to tell you to do,
19 to your knowledge?
20 A To my knowledge, no.
21 Q So you took what she said as being essentially
22 instructions from the Secretary of HUD?
23 A Yes, I did.

2 Q That didn't make you feel uncomfortable, I suppose,
2 sometimes?

529

1 A Well, if it made me feel real uncomfortable I would

2 ask specifically to go talk to the Secretary.

3 Q Exactly. And you would ask to speak to the

4 secretary?

5 A Yes, I would on occasion.

6 Q That happens to be the way that Secretary Pierce

7 ran the Department, isn't it?

8 A Yes, that's basically correct, the Executive

9 Assistant ran the Department.

10 Q Because Miss Dean had no line authority, did she?

11 A No, none that I know of.

12 Q She wasn't a Presidential appointee, was she?

13 A No, I don't think that position - yes, I know it

14 wasn't a Presidential appointee.

15 Q You were a Presidential appointee when you were

16 Federal Housing Commissioner?

17 A That is correct.

18 Q And the Secretary of HUD was a Presidential

19 appointee?

20 A That is correct.

2 Q When you're a presidential appointee does that mean

2 you can't be fired except by the President?

2 A That's basically what it means.

2 Q So you couldn't be fired unless the President of

2 the United States fired you, neither could Sam Pierce?

530

1 A That's right.

2 Q I believe you testified earlier that Miss Dean

3 never sat in on any of the selection committees that you

4 had working when you were -

5 A I never remember her sitting in.

6 Q And her input, if any, would be provided by you?

7 A Yes.

8 Q Or the Secretary's input would be provided by you?

9 A Yes.

10 Q Once you made those funding decisions, did you ever

allbinders as word for experiment.txt
11 receive inquiries as to what you had decided to do?
12 A How do you mean that, from the Secretary, from
13 Deborah?
14 Q From anyone.
15 A Yes, I would receive input. People would call in.
16 Q And when they called in would you tell them what
17 the committee decided?
18 A Not until such time as the paperwork was completed.
19 Q What paperwork are you referring to?
20 A The rapid reply and the 185.
2 Q Would somebody on your staff receive telephone
2 calls and would they tell them what had been decided at
2 the meeting?
-2 A Absolutely. There were no secrets in the HUD
2 building, it was like a sieve, and once something was

531

1 approved the whole country would know ten minutes later.

2 Q So that information got out real fast?

3 A Real fast. Not from me, but it got out real fast.

4 Q From whoever was on your committee?

5 A I don't know if it came from the committee or the

6 staff or whatever. One time I tried to find out but I

7 gave up. That was impossible.

8 Q The only people that knew the information were you

9 or the members of the committee?

10 A It got out.

11 Q It got out from you or the members of the

12 committee.

13 A It didn't get out from me.

14 Q I'm not suggesting that it got out from you.

15 A Right.

16 Q But it had to get out from you or a member of the
17 committee?

18 A It got out from one person and it wouldn't
19 necessarily have to be from the members of the
20 committee. Once the approval was made and it was passed
21 on to lower echelon persons to do the actual paperwork,
22 then it was out then.

23 Q Once the approval is made and it gets spread to
24 those lower echelon people where does it go?

25 A What do you mean where does it go?

532

1 Q where does the information go?

2 A where does it go?

3 Q Yes, what happens to it?

4 A It goes to the persons who have the direct line

5 responsibility for preparing the paperwork.

6 Q In fact/ it goes all over the country, doesn't it?

7 A That's true, and I would imagine that would be true

8 September 16, 1993.

9 Q And wouldn't it be true that that occurred - how
10 fast did the information get out as to who your
11 committee had funded, is it 24 hours?

12 A Sometimes it would get out pretty fast. Sometimes
13 it would get out in the 24 hours.

14 Q 48 hours?

15 A Yes. That wasn't true of just funding decisions.
16 It would be true of waivers. Generally a person would
17 call who had some pending asking why this wasn't
18 approved.

19 Q And they would have already known that theirs
20 hadn't been approved?

2 A They certainly would.

2 Q Just dealing with Mod Rehab decisions, that
2 information got out within 24 hours?

2 A Possibly, yes.

2 Q within 48 hours?

533

1 A Possibly, yes.

2 Q what's the longest, do you know, that it generally

took the information to get out?

4 A I don't know how long it would take but I know that
5 it got out fast. The information was like a sieve, and
6 not just on Mod Rehab. On almost every decision that
7 was made it would be known to people who wanted to know
8 it fast.

9 Q People had a real interest in finding out that

10 decision was made. Some people would, wouldn't they?

allbinders as word for experiment.txt

11 A I would assume so.
12 Q Developers wanted to know on Mod Rehab decisions?
13 A I would assume so.
14 Q The PHA's would want to know?
15 A Yes.
16 Q Consultants would want to know?
17 A Yes.
18 Q The Secretary would want to know? The Secretary of
19 HUD?
20 A Yes.
2 Q An American citizen might want to know?
2 A That's correct.
2 Q And they could call up and find out, could they
2 not?
2 A They could call up and find out but as I say there

534

1 was no legal rule on this but my policy was to at least
2 try to do the paperwork to get the funding in place
3 before a general announcement was made, but, yes -
4 Q But reality suggested that they could call up and
5 find out, couldn't they?
6 A Yes, they could call up.
7 Q And anybody could call up and find out, couldn't
8 they?
9 A Almost anybody.
10 Q well, who couldn't?
11 A Very few people that I know didn't.
12 Q who couldn't, what class of people couldn't call up
13 and find out very fast?
14 A People called, all people. As far as I know any
15 person that had any interest or wanted to call, called.
16 Q And they got the information, didn't they?
17 A From one way or the other.
18 Q They got it from HUD, didn't they?
19 A They got it somehow.
20 Q And it was fast?
2 A It would be generally relatively fast.

2 Q would it be less than a week?
2 A Pardon me?
2 Q Less than a week?
2 A I would say yes.

535

1 Q And how soon would you be getting these phone calls
2 after a funding committee decision?

3 A Sometimes the next day, a couple of days, 48 hours,
4 36 hours.

5 Q You stated previously that you don't recall if

6 Miss Dean called you about Arama.

7 A That's correct.

8 Q Do you recall if anybody called you about Arama?

9 A Possibly, yes.

10 Q No, do you recall if anybody -11

A Oh, I don't recall specifically speaking to one
12 directly about it, but possibly someone could have, yes.

13 Q Okay. Could it have been Secretary Pierce that

14 called you about Arama?

15 A It could have been.

16 Q Could it have been Lance Wilson that called you

17 about Arama?

18 A It could have been, but I don't think so.

19 Q why do you not think so about Lance Wilson?

20 A I think I would have remembered if Secretary Pierce

2 had asked me about it and I think I would have

2 remembered if Lance Wilson had asked me. I think I

2 would have remembered if Deborah Dean asked me about it.

2 Q And you don't?

2 A As I testified, I didn't.

1 MR. WEHNER: Nothing further.

2 THE COURT: All right, you may redirect.

3 MR. O'NEILL: Thank you, Your Honor.

4 REDIRECT EXAMINATION

5 BY MR. O'NEILL:

6 Q Mr. Barksdale, Mr. Wehner on cross-examination

7 asked about integrity on some questions. Just so it's

8 clear, has the Government questioned your integrity?

9 A No.

10 Q He mentioned the fact that you'd been testifying

11 pursuant to a grant of use immunity. Have you ever

12 asked for an immunity?

13 A No, I have not.

14 Q Have you ever cooperated with the Government

15 voluntarily?

16 A Yes.

17 Q He mentioned an opinion from the General Counsel

18 that the program was totally discretionary?

19 A Yes.

20 Q Just to make that clear, was that a written

2 opinion?

2 A There was an oral opinion from the person who was
2 the General Counsel at the Department, that was a
2 gentleman by the name of John Knapp, that was an oral
2 opinion from John Knapp to me personally and that was

537

1 the occasion where he told me if I had the courage to do

2 it I could do it, but it was phrased a little different.

3 Q During cross-examination you were also asked about

4 constantly being lobbied throughout your tenure as

5 Assistant Secretary for Housing.

6 A Yes, I would.

7 Q By people from all walks of life?

8 A I hated to go out in Washington because persons

9 knew who I was.

10 Q Was that one of the reasons that you left the
11 Department?

12 A That was one of the major reasons I decided to
13 resign and go home.

14 Q Were you comfortable with that going on?

15 A I was very uncomfortable.

16 Q Why was that?

17 A I'm what's known in circles as a down home guy. I
18 was used to things going on in a certain way and I
19 consider myself having high ethics. I just got to the
20 point where I didn't like the Washington process the way
2 things were being operated at the Department. I didn't

2 like Washington and so I left. That was one of the main
2 reasons that I resigned.

2 Q Finally, Mr. Wehner asked you about whether you
2 spoke with Lance Wilson about Arama. Earlier during

538

1 direct examination I referred you to the rapid reply
2 documents that you signed.

3 A Yes.

4 Q Do you recall the approximate date of that?

5 A On Arama.

6 Q The 293 units?

7 A I think it was July 16, 1984.
8 Q Was Lance Wilson at the Department of HUD at that
9 time?
10 A No, he was not.
11 MR. O'NEILL: No further questions, thank you.
12 THE COURT: All right. Thank you.
13 You have one question? You've had a lot.
14 MR. WEHNER: Maybe two, Judge.
15 THE COURT: Let me see where you're going.
16 RE CROSS EXAMINATION.
17 BY MR . WEHNER:
18 Q When did Lance Wilson leave HUD?
19 A I don't know specifically.
20 Q Generally.
2 A I think he left in the spring of 1984 which would

2 probably be in March or April, 1984. I don't know
2 specifically when he left.
2 Q Before he left did he talk to you about Mod Rehab
2 projects?

539

1 A Yes, when he was Executive Assistant for the
2 Secretary, yes, he did.
3 MR. WEHNER: Thank you.
4 THE COURT: Thank you, Mr. Barksdale. You're
5 free to go, sir.
6 THE WITNESS: Thank you, sir.
7 MR. O'NEILL: Your Honor, at this time the
8 Government would publish Government's Exhibit 147.
9 THE COURT: 140 or 37. I didn't hear you.
10 MR. O'NEILL: 147, Your Honor, I'm sorry.
11 THE COURT: 147. I want to look at that for a
12 moment.
13 MR. O'NEILL: Your Honor, with the Court's
14 permission -15
THE COURT: Oh, I see. No objection to it
16 then. That's Government's 147, a memo of 2-2-85 to be
17 published to the jury.
18 Ladies and gentlemen, this was admitted this
19 morning when we did our conference and it's being
20 published to you now to see the document. Publishing
2 means you can see it and read it.
2 MR. O'NEILL: Your Honor, at this time the
2 Government would call Richard Shelby.
2 (RICHARD SHELBY, WITNESS FOR GOVERNMENT, SWORN)
2 DIRECT EXAMINATION

540

1 BY MR. O'NEILL:

2 Q Mr. Shelby, I will be asking you a series of

3 questions. Please speak loudly so everyone can hear

4 you. State your name for the record, spelling your last

5 name?

6 A Richard D. Shelby, S-h-e-l-b-y.

7 Q For the record, are you testifying pursuant to a

8 grant of use immunity?

9 A Yes, I am.

10 Q What is your understanding of that?

11 A That I'm granted immunity from prosecution in
12 return for my testimony here today.

13 Q Are you currently employed, sir?

14 A I'm self-employed.

15 Q And how are you employed?

16 A Primarily as a political consultant.

17 Q How long have you been involved as a political
18 consultant?

19 A Off and on over a period of 23 or 24 years.

20 Q As a political consultant what do you do?

2 A Very generally, advise candidates seeking political

2 office on such things as strategy tactics and the
2 nuances that are involved.

2 Q Can you describe to the ladies and gentlemen of the
2 jury any campaigns you've worked on or anything of that

541

1 like in the nature of your business?

2 A Yes, I was involved in many campaigns over the

3 period of years, probably most notably campaigns for

4 President Reagan, President Bush.

5 Q Did you hold any position with the Republican party

6 during those campaigns?

7 A I served one term as a Republican party chairman in

8 the State of Oklahoma.

9 Q What would that entail, sir?

10 A Responsibility for the coordination of all party
11 activities, primarily focused on political organization,
12 fundraising.

13 Q Mr. Shelby, are you familiar with a project or

allbinders as word for experiment.txt
14 building located in the Miami area known as Park Towers?
15 A Yes.
16 Q How or from whom did you first learn about that
17 project?
18 A From a gentleman by the name of Eli Peinberg.
19 Q And without telling us what he may have said to
20 you, did you have a conversation with Mr. Feinberg?
21 A Yes, I did.
22 Q As a result of that conversation what if anything
23 did you do?
24 A After my conversation with Mr. Feinberg I contacted
25 John Mitchell to ask his assistance in helping me with

542

1 that project.
2 Q Now, at the time of this initial contact with
3 Mr. Feinberg did you agree to act as consultant on the
4 Park Towers project?
5 A I don't believe that I did in that initial
6 conversation. I believe that occurred subsequently.
7 Q At that initial conversation, did you agree to act
8 as a consultant for any set amount of money?
9 A Again, I don't believe in that initial discussion a
10 fee was discussed. I could be mistaken but I believe
11 that was a subsequent discussion.
12 Q At the time you received this telephone call from
13 Mr. Feinberg, did you have any housing experience in -
14 let me withdraw that. Did you have any experience in
15 the housing area?
16 A For all practical purposes, no. I had had some
17 exposure to programs during the period of time when I
18 served on the staff of Senator Barclay.
19 Q And when you say you had some exposure, what are
20 you referring to?
2 A A general understanding, but certainly didn't
2 understand, again, all the regulations and what have
2 you.
2 Q Did you have any knowledge of the Moderate
2 Rehabilitation Program at that time?

543

1 A Again, a very general knowledge, nothing more.
2 Q Now, you mentioned already that you contacted John
3 Mitchell.
4 A Yes.
5 Q And how did you know John Mitchell?
6 A I had met Mr. Mitchell, I believe, in December of
7 1980 or sometime thereafter, and over the course of the
8 next few years we had developed a friendly relationship.
9 Q Had you ever done any business with John Mitchell?

10 A Not per se. On two occasions I had taken potential
11 business transactions to Mr. Mitchell for his
12 consideration, but in neither instance did they come to
13 fruition.
14 Q Did you socialize with Mr. Mitchell from the time
15 you met him until the time you're talking about?
16 A Yes, I did.

allbinders as word for experiment.txt
17 Q And how often approximately, Mr. Shelby, would you
18 socialize with Mr. Mitchell?
19 A My guess would be that we would have lunch probably
20 two or three times a year.
2 Q At that time did you know anything about his family
2 situation?
2 A For all practical purposes, no. Of course I knew
2 what I had read in news accounts relating to his
2 marriage and whatnot, but in terms of specifics, no, X

544

did not.

2 Q Now, this contact with John Mitchell, was it in
3 person or telephonically?

4 A It was telephonically.

5 Q Did you subsequently have any meetings with
6 John Mitchell in person?

7 A Yes, I did.

8 Q And during these meetings did you discuss the
9 Park Towers project with him?

10 A Yes, I did.

11 Q Now, when you met with him and discussed the

12 Park Towers project, what information did you have

13 concerning the project?

14 THE COURT: Could we get a timeframe on all
15 this , please?

16 MR. O'NEILL: Yes, Your Honor, I apologize.

17 BY MR. O'NEILL:

18 Q When you first received the telephone call from

19 Mr. Feinberg concerning Park Towers, when was this?

20 A To the best of my recollection it would have been

2 in March of 1985, March, April timeframe, but again I

2 can' t remember specifically.

2 Q And do you have any records that would specifically

2 refresh your recollection?

2 A No, I do not.

545

1 Q Please proceed, sir. When you spoke with

2 John Mitchell about this project, what information on

3 Park Towers did you have at that time?

4 A At the time of the initial conversation I really

5 had nothing other than the name of the project and the

6 name of the developer.

7 Q Had you seen any pictures of Park Towers at that

8 point?

9 A At that point I had not.

10 Q Had you gone to Florida to view the project?

11 A No, I had not. |

12 Q Now, what did you tell John Mitchell about the j

13 project and what you were going to do? j

14 A In that initial conversation really nothing other |

15 than the fact that I had been contacted by

16 Mr. Feinberg. The name of the project. The name of the

17 developer. And a query or question on my behalf as to

18 whether or not he would have an interest in working with i

19 me on it. I did specifically ask if he might be able to j

20 learn something about Mr. Fine -- something about the ;

2 facility or the project itself. ;

2 Q Now, did you agree on that occasion to compensate \

2 Mr. Mitchell for any work that he would perform?

2 A My recollection is that in that initial :

2 conversation it was merely a question saying that should ;

546

1 this come to fruition that we would split whatever fees
2 would accrue from it.

3 Q And how much was he to receive, did you know at
4 that point?

5 A I can't recall at this point whether I had had the
6 conversation with Mr. Feinberg in which a fee was
7 specifically discussed or whether that was subsequent to
8 my first conversation with Mr. Mitchell. I believe that
9 the discussion relative to a fee may have occurred
10 subsequent to that conversation, but I can't be certain.

11 Q The agreement to compensate Mr. Mitchell at this
12 time, was it reduced to writing?

allbinders as word for experiment.txt

13 A No, it was not.

14 Q Now, at this point in time that we're talking about
15 when you first met with Mr. Mitchell, had you done any
16 consulting work at the Department of Housing and Urban
17 Development?

18 A For all practical purposes, no. Some years before
19 I had made several calls to an official within the
20 Department at the request of a friend that had a problem
2 within the Department, but in the strictest sense of the
2 word as a consultant, no.

2 Q At this point in time were you aware whether
2 John Mitchell had any prior experience with the Moderate
2 Rehabilitation Program?

s

1 A No.

2 Q Now, at that point in time -- withdrawn, I'm

3 sorry. Now, in seeking to obtain Mod Rehab units for

4 the Park Towers project, what if anything did you do?

5 A My recollection is that I hand carried a copy of

6 the application to the Department. Subsequent to that

7 there were probably three meetings with the Department

8 officials and then there were numerous telephone calls

9 to different officials within the Department.

10 Q Now, when you say there were, and forgive me, did
11 you say three or four meetings at the Department?

12 A I think I said three and I'm guessing. It could
13 have been four, it could have been two.

14 Q Well, let's use your initial number then. Within
15 these three meetings do you recall who within the
16 Department that you dealt with?

17 A On this project, primarily with Silvio DeBartolomeis
18 but I also had conversations at one time or another with
19 Miss Dean and Hunter Cushing.

20 Q Now, did you review any records, trying to refresh
2 your recollection as to who you dealt with at HUD on

2 this project?

2 A I had an opportunity last evening to review some of
2 the records, yes. I believe they've been entered as
2 Exhibits.

548

1 Q And was that in my presence?

2 A Yes.

3 Q Are there any records indicating any dealings with

4 Mr. DeBartolomeis at this period of time?

5 A No, there are not.

6 Q Are there any records indicating dealings with the

7 defendant Deborah Gore Dean?

8 A In the March-April-May timeframe or -- I think the

9 records indicated that there was some correspondence in

10 June and then a meeting in August.

11 Q And is that when the correspondence first started
12 showing between yourself and Miss Dean?

13 A Yes, it is.

14 Q And are there any correspondence detailing any
15 connection between yourself and Hunter Cushing?

16 A Not during that timeframe, no. At least not that I
17 recall.

18 Q Now, you stated to the best of your recollection
19 you dealt with Mr. DeBartolomeis, the defendant, and
20 Hunter Cushing?

2 A Yes, that's correct.

2 Q At that point in time what was Mr. DeBartolomeis'
2 position at the Department of Housing and Urban
2 Development?

2 A I believe that he was the Deputy Assistant

549

1 Secretary.

2 Q And what about the defendant, Deborah Gore Dean?

3 A Her title, I believe, was Executive Assistant to

4 the Secretary.

5 Q What about Hunter Cushing?

allbinders as word for experiment.txt
6 A At this point in time I believe that he was a

7 Special Assistant.

8 Q why did you contact Silvio DeBartolomeis concerning

9 Park Towers?

10 A I had been given his name by someone. I pulled it
11 out of the Congressional directory. To be honest with
12 you I can't tell you exactly what it was. My thought is
13 that his name was given to me by an associate at my
14 place of employment.

15 Q Now, you've mentioned a place of employment. So
16 let's go into that for a second so the jury is aware.
17 During this period of time from the moment in
18 approximately March, as you've said, of '85 when you
19 first received a telephone call from Eli Feinberg, did
20 you enter a new employment?

2 A In approximately mid-April.

2 Q And where did you go?

2 A I joined the Keefe Company.

2 Q What is the Keefe Company?

2 A It's a Government relations firm located here in

550 i

t

|

1 Washington, D.C.

2 Q When you say a Government relations firm, what do
3 they do?

4 A Basically lobbyists.

5 THE COURT: We're going to take our afternoon
6 break. We started early at one o'clock. !

7 Ladies and gentlemen, we'll take our afternoon I
8 break at this time. I think your refreshments are j

i

9 here. So we'll take our 15 minute recess. Be back at |
10 3:15. Please remember the admonition of the Court about
11 not talking about the case among yourselves or with
12 anyone else. Thank you.

13 (Jury dismissed)

14 THE COURT: Sir, you can step down.

15 (Recess, 3:00 p.m. To 3:35 p.m.)

16 THE COURT: Ready to go?

17 MR. O'NEILL: Yes, Your Honor.

18 THE COURT: All right.

19 (Jury present)

20 THE COURT: All right. We're ready to go again.

2 We're going to resume the direct examination of Mr.
2 Shelby.

2 MR. O'NEILL: Thank you, Your Honor.

2 BY MR. O'NEILL:

2 Q Mr. Shelby, I believe when we took the break you

551

1 were talking about starting with the Keefe Company?

allbinders as word for experiment.txt
2 A Yes, I joined the Keefe Company in mid-April of
3 1985.
4 Q And just to refresh everyone's recollection, I
5 believe you said it was a Government -
6 A - Relations firm engaged in lobbying type
7 activities.
8 Q And what date did you join the Keefe Company?
9 A It was in and around April 15th, it could have been
10 a few days on either side of that date, but
11 approximately mid-April.
12 Q Do you recall at this time whether you spoke to
13 John Mitchell before joining the Keefe Company or after?
14 A I had telephonic conversations with him before. I
15 didn't actually meet with him until afterwards.
16 Q And do you recall approximately when you first met
17 with him? what date that would have been?
18 A I believe that it was in May of '85.
19 Q Now, Mr. Shelby, we talked about entering into a
20 contractual agreement of some sort in order to represent
21 the developer of Park Towers.
22 A Yes.
23 Q Did there come a point in time when you did enter
24 into such a contractual arrangement?
25 A Yes.

552

1 Q Do you recall approximatley when that was?

2 A My guess would be that that would have been in
3 early summer of 1985.

4 Q Did you at that time agree upon a fee, a consulting
5 fee for your services on Park Towers?

6 A Yes.

7 Q what was that consulting fee to be?

8 A \$225,000.

9 Q Now, going back to when you first started dealing
10 with people at the Department, you had mentioned certain
11 people, and let's start with Silvio DeBartolomeis. Why
12 did you contact him?

13 A Because of his position within the Department, his
14 involvement with the program.

15 Q And had you known him before?

16 A To the best of my knowledge we had not met
17 personally. We had mutual friends. Again, my
18 recollection is that I was familiar with him by name but
19 I do not believe that we had actually met. Certainly we
20 didn't have a formal relationship. If we had met, it
21 would have been at a reception or something of that

2 nature.
2 Q You also mentioned you had spoken with
2 Hunter Cushing?
2 A Yes.

553

1 Q why did you speak with him?
2 A Again, because of his position within the
3 Department, his involvement with various programs.
4 Q And how did you know of his position and his
5 involvement in the programs?
6 A I believe that I was introduced to Mr. Cushing by
7 Mr. DeBartolomeis.
8 Q And, finally, you also mentioned you spoke with the
9 defendant about the Mod Rehab project at Park Towers?
10 A Yes, that's correct.
11 Q why did you go to her?
12 A Again, a Department official who was involved in
13 the administration of programs.
14 Q Did you know what position she held at HUD at that
15 time?
16 A At that time, yes.
17 Q And what was that?
18 A I believe the exact title was Executive Assistant
19 to the Secretary.
20 Q And did you know what if any role she played in the
2 Mod Rehab funding process?
2 A Generally, not specifically. I knew that she was
2 involved in the decision making process.
2 Q Now, did there come a point in time that
2 John Mitchell did anything in relation to Park Towers,

554

1 to your knowledge?
2 A After those initial conversations he recommended
3 changes that should be made to the original contractual
4 agreement when it became necessary to extend the date of
5 contract or the date by which the certification was to
6 have been completed, the award, I should say.

7 Q I'm sorry, other than modifying that agreement,
8 what else did he do?
9 A Nothing other than that.
10 Q Now, did there come a point in time that you
11 learned that Park Towers had been funded?
12 A Yes.
13 Q And how did you learn that Park Towers had been
14 funded?
15 A I received a call from an official with the
16 Department.
17 Q Do you know what official you received that
18 telephone call from?
19 A At this point in time I can't specifically
20 remember.
2 Q Now, are you familiar with a HUD document known as
2 a rapid reply?
2 A Yes, I am.
2 Q And what is that?
2 A It's a document that indicates that, in this case

555

1 at least, a certain number of housing units have been
2 assigned to a particular Housing Authority.

3 Q Was there an occasion in which you received a rapid
4 reply letter concerning Park Towers?

5 A Yes.

6 Q Can you relate to the ladies and gentlemen of the
7 jury how you received that document?

8 A As I recall, via fax.

9 Q Do you know who you received that fax from?
10 A I don't specifically recall. I believe it was
11 Hunter Cushing but I don't specifically recall.
12 Q What makes you believe that it was Hunter Cushing?
13 A It's just the best recollection I have of the
14 circumstance.
15 Q Was that document signed or unsigned?
16 A It was unsigned.
17 Q Now, what if anything did you do with the document
18 after you received it?
19 A I faxed a copy of the document to Mr. Feinberg in
20 Florida.
2 Q Why did you fax it to Mr. Feinberg?

2 A It was the closest thing to official notification
2 of the award.

2 Q And what was the importance of an official
2 notification of the award?

556

1 A Signifying that the units had been awarded to
2 the -- by the Housing Authority, and at that point in
3 time the contract was structured in a manner such that
4 the initial payment would be made to the Keefe Company.

5 Q Do you recall what the initial payment was?

6 A \$45,000, I believe.

7 Q Now, did there come a point in time when either you

8 individually or you on behalf of the Keefe Company

9 received payment for your consulting efforts on Park
10 Towers?

11 A Yes.

12 Q And how much did you receive?

13 A Well, again, the total was \$225,000, including the
14 initial 45.

15 Q And to your knowledge, what did John Mitchell
16 receive?

17 A \$50,000.

18 Q Am I correct, your testimony is he helped modify an
19 agreement on Park Towers?

20 A The extension. As I mentioned at the outset,
2 earlier, right at the outset had made some calls
2 concerning Mr. Fine and the project itself.

2 Q And that was to check out Mr. Fine?

2 A Yes.

2 Q And is it fair to say Mr. Fine is a prominent

557

1 attorney in the Miami area?

2 A Yes.

3 Q And he's a senior partner in a major law firm down

4 there?

5 A Yes, that's correct.

6 Q Now, did you ever thank anyone at the Department

7 for their assistance in Park Towers?

8 A I don't specifically recall having done so, but

9 there's a strong likelihood that I would have. That
10 would be my general manner.

11 Q Now, you stated John Mitchell received \$50,000 for
12 his efforts. How much was given to the Keefe Company?

13 A I believe in the final analysis, \$95,000.

14 Q And would that have represented what you had done
15 on the project as consultant?

16 A Yes, that's correct.

17 Q And what exactly had you done on the project?

18 A Again, I would guess, I can't be specific, three or
19 four meetings with Department officials, and scores and
20 scores of telephone calls.

2 Q Now, Mr. Shelby, did there come a point in time
2 where you became involved as a consultant in another Mod
2 Rehab project?

2 A Yes.

2 Q Do you know an individual by the name of Andrew

558

1 Sankin?

2 A Yes, I do.

3 Q How did you first meet or what was your first
4 contact with Andy Sankin?

5 A Mr. Sankin telephoned me.

6 Q Up until that point in time did you know

7 Mr. Sankin?

8 A No, I did not.

9 Q Now, without telling us what he said, did you have

10 a discussion with Mr. Sankin at that time?

11 A Yes, I did.

12 Q And as a result of that discussion what if anything
13 did you do?

14 A I reached an agreement with him to collaborate on a
15 project on which he was representing a client.

16 Q Was there already a particular project in mind?

17 A Yes, there was.

18 Q And what was the project?

19 A Foxglenn Project.

20 Q Where was that located?

2 A In Prince Georges County, Maryland.

2 Q And who was the developer of the Foxglenn Project
2 in Maryland?

2 A The Altman Brothers.

2 Q Now, what was your role going to be as a consultant

559

1 in seeking Mod Rehab units on the Foxglenn Project in

2 Maryland?

3 A To work with the officials at the Department.

4 Q Who were you going to contact, meaning these

5 officials at the Department?

6 A Again, Miss Dean, Mr. DeBartolomeis and

7 Mr. Cushing.

8 Q Do you recall who your primary contacts were at the

9 time in regards to Foxglenn?

10 A On this project, predominantly with Miss Dean.

11 Q To your knowledge, was she aware that you were

12 working with Mr. Sankin on this project?

13 A Yes.

14 Q And to your knowledge was she aware that Foxglenn

15 was located in Maryland?

16 A Yes.

17 Q Now, in your contacts with Miss Dean on this

18 project, what if anything did you say to her?

19 A Again, as I recall, it was a question of making a

20 copy of the application available and then periodically

2 thereafter visiting with her to determine what the

2 status of the application was.

2 Q How many times did you meet with Miss Dean

2 concerning the Foxglenn project in Maryland?

2 A I can't be certain. Perhaps on three or four

560

1 occasions.

2 Q And how many telephone calls did you have?

3 A Probably a similar number, three or four.

4 Q Now, in any of these meetings with Miss Dean, did

5 you bring any charts, photos or any technical data

6 concerning Foxglenn?

7 A No.

8 Q Now, what was Andrew Sankin's role in regards to

9 Foxglenn?

10 A Whereas I was primary contact with the Department
11 officials, Mr. Sankin was working with the local Housing
12 Authorities.

13 Q Now, these meetings you had with Miss Dean during
14 this period of time, where did most of them take place?

15 A For the most part, being in conjunction with a
16 luncheon appointment.

17 Q Would you discuss the Foxglenn project during these
18 luncheon meetings?

19 A Yes.

20 Q Now, during this period of time that you were
2 working on the Foxglenn Project did the defendant

2 express any interest in the State of Maryland?

2 A Not that I recall, not specifically.

2 Q And that's even in a general sense?

2 A Well, I, of course, knew that Miss Dean was from

561

1 Maryland. That her family had been active in Republican

2 politics. And so I feel certain that we probably had

3 conversations about Republican politics within the State

4 of Maryland.

5 Q And do you recall her asking you for support if she

6 ran for political office in the State of Maryland?

7 A At one point in time we did discuss that, yes.

8 Q Did she ever ask any assistance from you in the

9 event that she did that?

10 A Just in a very general way.

11 Q What did she ask?

12 A Just that if she ever would decide to do this,
13 would I help, and I answered, of course, that I would.

14 Q Now, Mr. Shelby, did there come a point in time
15 that you learn that Foxglenn had been funded?

16 A Yes.

17 Q How did you learn that?

18 A Via telephone call, as I recall, in this instance.

19 Q From whom did you receive that telephone call?

20 A It was from, as I recall, someone in Miss Dean's
21 office.

allbinders as word for experiment.txt
22 Q Was that person to your knowledge acting as an
23 agent of Miss Dean in reference to that telephone call?
24 MR. WEHNER: Objection.
25 THE COURT: All right, sustained.

562

1 BY MR. O'NEILL:

2 Q To your knowledge, Mr. Shelby, was that person

3 acting on behalf of Miss Dean?

4 MR. WEHNER: Objection.

5 THE COURT: How can he answer that? Try it

6 again.

7 BY MR. O'NEILL:

8 Q Do you know whether Miss Dean had requested that

9 person to call you?

10 A I don't know that, no.

11 Q Now, did there come a point in time, Mr. Shelby,
12 where you and Mr. Sankin were paid for your services?

13 A Yes.

14 Q How much did you receive?

15 A I believe it was \$220,000.

16 Q And that fee to be split up between the two of you?

17 A Yes, sir, that's correct.

18 Q So you made approximately \$110,000 on this project?

19 A Yes.

20 Q Is it fair to say that was for a couple of meetings
2 and a number of phone calls?

2 A As I indicated, probably three or four meetings and
2 then a number of telephone calls.

2 Q Mr. Shelby, did there come a point in time when you
2 and Mr. Sankin again decided to work together as

563

1 consultants on a Mod Rehab project?

2 A Yes.

3 Q When did that occur?

4 A On the Eastern Avenue project.

5 Q Who was the developer of that project?

6 A That was an Altman Brothers project also.

7 Q Where was the Eastern Avenue project located?

8 A It was on the District and Prince Georges County

9 line. A portion of the project was in Maryland, a

10 portion of the project was within the District.

11 Q Now, can you relate to the ladies and gentlemen of
12 the jury what if anything did you do on this project in
13 your efforts as a consultant?

14 A Again, basically the selfsame process. A number of
15 meetings with Department officials and then a series of
16 telephone calls thereafter.

17 Q Who did you meet with at the Department on this
18 project?

19 A Again, with Miss Dean, Mr. Cushing, and I believe
20 that Mr. DeBartolomeis was still there at that point,
2 although I can't be certain about that.

2 Q Did you have a primary source of contact at the
2 Department on the Eastern Avenue project?

2 A Again, that would have been with Miss Dean.

2 Q And what if anything did you do with Miss Dean in

564

1 relation to your consulting efforts on Eastern Avenue?

2 A Again, there would have been two or three meetings

3 and then telephone calls in addition to that.

4 Q To your knowledge, was she aware that the Eastern

5 Avenue project was located in Maryland?

6 A Yes.

7 Q And to your knowledge was she aware that you were

allbinders as word for experiment.txt
8 working with Andrew Sankin on this project?

9 A Yes, I believe so.

10 Q Now, during the course of this project did the
11 defendant again express her interest in the State of
12 Maryland?

13 A Yes.

14 Q Now, did there come a point in time where you
15 received a fee for your efforts in Eastern Avenue?

16 A Yes, there was.

17 Q How much money did you receive?

18 A \$57,000.

19 Q Was that the total fee that was provided for in the
20 contract?

2 A No, it was not.

2 Q Why did you only receive a part of the fee?

2 A Because in this instance the units that were
2 awarded to the local Housing Authority actually didn't
2 go to Altman. It went to another developer.

565

1 Q Subsequent to the Eastern Avenue project, and this

2 project that you worked with Andrew Sankin and received

3 \$57,500, did you do any additional consulting work with

4 the Altman Brothers Realty Company?

5 A There was one other occasion thereafter.

6 Q Now, did you engage as a consultant in that project

7 in conjunction with Andrew Sankin once again?

8 A No, in this instance I was acting alone.

9 Q And why was that?

10 A We had had a difference of opinion as a result of
11 working together on the Eastern Avenue project
12 initially.

13 Q Now, Mr. Shelby, did there come a point in time
14 where you learned that the defendant was interested in
15 seeking a nomination to be Assistant Secretary for
16 Community Planning and Development at HUD?

17 A Yes.

18 Q When was that?

19 A My recollection would be that it was sometime in
20 1987.

2 Q Did the defendant speak to you about that?

allbinders as word for experiment.txt

2 A Yes, we talked about that.

2 Q And did she request anything of you?

2 A Again, just very generically. Generally a request
2 for support and/or assistance.

566

1 Q what if anything did you do?

2 A Two things that I specifically recall. I organized

3 a group of people to sign a mailgram in her support that

4 went to the white House Office of Personnel and then I

5 believe on two occasions I visited with Bob Tuttle, the

6 Director of white House Personnel, on her behalf.

7 Q Now, Mr. Shelby, I would with the Court's

8 permission show you a number of documents.

9 If I may approach the witness, Your Honor.

10 Mr. Shelby, I'm showing you what has

11 previously been marked for identification as

12 Government's Exhibits 11A and 11B.

13 THE DEPUTY CLERK: Government's Exhibits 11A

14 and 11B marked for identification.

15 (Government's Exhibits 11A and

16 11B marked for Identification)

17 MR. O'NEILL: And, Your Honor, the defendant has

18 stipulated that these records can be moved into

19 evidence.

20 THE COURT: All right.

2 BY MR. O'NEILL:

2 Q Mr. Shelby, I'd ask you to look at 11A and tell the
2 jury what that is?

2 A It is an American Express receipt for May 23rd,
2 1985, I believe, for a charge at the Guards Restaurant.

567

1 Q what is the Guards Restaurant?

2 A It's an eating establishment in Washington.

allbinders as word for experiment.txt

3 Q Do you recall who you had lunch with on that date?

4 A I believe this was the day that I had lunch with

5 Mr. Mitchell.

6 Q I ask you now to look at 11B and I'd ask you what

7 is that?

8 A It's another American Express receipt, August the

9 9th, 1985. Again, I believe the restaurant is 209 1/2.

10 Q And what is 209 1/2?

11 A Again, an eating establishment restaurant in
12 Washington, D.C.

13 Q Do you recall who you had lunch with on that date?

14 A I believe on that occasion I had lunch with
15 Miss Dean.

16 Q Did you pay for lunch on that date, sir?

17 A Yes.

18 Q Mr. Shelby -- if I may approach the witness, Your

19 Honor, with the Court's permission?

20 THE COURT: All right.

2 BY MR. O'NEILL:

2 Q I would show you what's previously been marked as

2 Government's Exhibit 67 for identification and ask you

2 if you recognize that, sir?

2 THE DEPUTY CLERK: Government's Exhibit 67

568

marked for identification.

2 (Government's Exhibit 67 marked

3 for Identification)

4 A Yes, I do.

5 Q And does it contain a signature on that document?

6 A It does. It contains my own.

7 Q And did you write that letter, sir?

8 A Yes.

9 Q Do you recall writing that letter?

10 A Yes, I did.

11 MR. O'NEILL: Your Honor, I'd offer it into

12 evidence as Government's Exhibit 67.

13 MR. WEHNER: No objection, Your Honor.

14 THE COURT: All right, admitted into evidence,

15 67.

16 (Government's Exhibit 67

17 received into Evidence)

18 BY MR. O'NEILL:

19 Q Mr. Shelby, I'd ask you to refer to that letter for

20 a second what is the date on that letter?

2 A May the 14th.

allbinders as word for experiment.txt

2 Q And is this letter on a letterhead?

2 A Yes , it is.

2 Q And what is the letterhead?

2 A Keefe Company letterhead.

569

1 Q And do you recall why you wrote that letter?

2 A Yes, I, as I mentioned earlier, had an association

3 with Mr. Feinberg, and at the time that we first met I

4 was working alone, and upon joining the Keefe Company

5 had written him to make him aware of my association with

6 the Keefe Company.

7 Q Was this letter drafted shortly after you joined

8 the Keefe Company?

9 A Approximately a month thereafter.

10 Q Mr. Shelby, again with the Court's permission, I

11 will show you what's previously been marked for

12 identification as Government's Exhibit 68?

13 THE DEPUTY CLERK: Government's Exhibit 68

14 marked for identification.

15 (Government's Exhibit 68

16 marked for Identification)

17 BY MR. O'NEILL:

18 Q Sir, do you recognize that document?

19 A Yes, I do. It is an expense voucher that is or was

20 completed by me for the Keefe Company.

2 Q And is it in your handwriting?

2 A It is.

2 MR. O'NEILL: Your Honor, I'd move that into
2 evidence at this time. Government's Exhibit 68.

2 MR. WEHNER: No objection, Your Honor.

570

1 THE COURT: All right, 68 is admitted.

2 (Government's Exhibit 68

3 received into Evidence)

4 BY MR. O'NEILL:

5 Q Mr. Shelby, I'd ask you to -- I'd direct your

6 attention specifically to 5-23?

7 A Yes.

8 Q And I'd ask you if that has a notation on it?

9 A Yes, it indicates lunch with Mr. Mitchell at the
10 Guards Restaurant.
11 Q Would this be 1985?
12 A Yes.
13 Q Mr. Shelby, I'd now show you what's previously been
14 entered into evidence as Government's Exhibit 69. So
15 you may refer to it.
16 A Yes.
17 Q What is that, sir?
18 A It is a note to me from Miss Dean congratulating me
19 on my association with the Keefe Company.
20 Q Mr. Shelby, is that letter from Miss Dean to
2 yourself dated June 20, 1985?
2 A Yes, I believe that is correct. It was June.
2 Q Mr. Shelby, I'd show you Government's Exhibit 70
2 which has already been introduced into evidence and I'd
2 ask you to identify that, please?

571

1 A This is a letter from me to Miss Dean thanking her
2 for her letter.
3 Q And what is the date on that letter?
4 A July 3rd.
5 Q Again, Mr. Shelby, I would show you what's
6 previously been marked for identification purposes only
7 as Government's Exhibit 73. And I'd ask you if you
8 could identify that?
9 THE DEPUTY CLERK: Government's Exhibit 73
10 marked for identification.
11 (Government's Exhibit 73
12 marked for Identification)
13 A Yes, this is another expense voucher to the Keefe
14 Company.
15 Q Did you prepare that expense voucher?
16 A Yes, I did.
17 Q And is it in your handwriting?
18 A Yes, it is.
19 MR. O'NEILL: Your Honor, I would have that
20 moved into evidence as Government's Exhibit 73.
21 MR. WEHNER: No objection.
22 THE COURT: All right, 73 is admitted.
23 (Government's Exhibit 73 received
24 into Evidence)
25 BY MR. O'NEILL:

572

1 Q Mr. Shelby, I'm showing you a document previously
2 entered into evidence as Government's Exhibit 74. Do
3 you recognize that, sir?
4 A Yes, I do.
5 Q And what do you recognize that as?
6 A This again is a letter from me to Miss Dean
7 thanking her for taking the time from her busy schedule
8 to have lunch with me.
9 Q Mr. Shelby, I'm now showing you a document

10 previously entered into evidence, Government's Exhibit
11 75, and I'd ask you what is that?
12 A This is a letter to me from Miss Dean which is
13 enumerating a number of Departmental publications that
14 she sent to me.
15 Q Mr. Shelby, at this time I'm showing you a document
16 previously marked as Government's Exhibit 76 for

allbinders as word for experiment.txt

17 identification.

18 THE DEPUTY CLERK: Government's Exhibit 76

19 marked for identification.

20 (Government's Exhibit 76 marked

2 for Identification)

2 A Yes, a note from me to Miss Dean indicating that I

2 was directing to her some information concerning the

2 Section Eight project in Miami and also a question

2 relating to the provision of cable television service to

573

1 a Departmental project in Marathon, Florida.

2 Q This Section Eight project you're referring to in

3 Miami, was that the Park Towers project?

4 A Yes.

5 Q And did you write this note to Miss Dean?

6 A Yes.

7 MR. O'NEILL: Your Honor, at this time I'd

8 move it into evidence, Government's Exhibit 76.

9 MR. WEHNER: No objection.

10 THE COURT: All right, Government's 76 will be

11 admitted.

12 (Government's Exhibit 76 received

13 into Evidence)

14 BY MR. O'NEILL:

15 Q By the way, Mr. Shelby, on Government's Exhibit 76

16 which is the letter I just referred you to, it mentions,

17 "Debbie, enclosed please find the information

18 concerning the Section Eight moderate rehab program in

19 Miami and the contract for Cable Television Service for

20 the Marathon Housing Project in Marathon, Florida." Can

2 you make out the date on that?

2 A May I see the document again?

2 Q Sure.

2 A September the 10th, 1985.

2 Q Thank you. Mr. Shelby, I'm now showing you what's

574

1 previously been marked as Government's Exhibit 79 for

2 identification. Since it's not in evidence I'd ask you

allbinders as word for experiment.txt
3 not to refer to it yet.
4 THE DEPUTY CLERK: Government's Exhibit 79
5 marked for identification.
6 (Government's Exhibit 79 marked
7 for Identification)
8 BY MR. O'NEILL:
9 Q Do you recognize that, sir?
10 A Yes, I do.
11 Q Have you ever seen that document before?
12 A Yes.
13 Q Do you recall receiving that document?
14 A Yes.
15 Q When did you receive that document?
16 A November 27, 1985.
17 Q How did you receive that document?
18 A Again, my recollection is that it was faxed to me.
19 Q I would direct your attention to the second page of
20 that document. Have you ever seen that document before?
2 A Yes.
2 Q Do you recall whether that was a document that was
2 sent to you?
2 A Yes, I believe it was.
2 MR. O'NEILL: Your Honor, I would now move that

575

1 into evidence as Government's Exhibit 79.

2 MR. WEHNER: Could I have a brief voir dire on

3 that document?

4 THE COURT: Sure.

5 (VOIR DIRE)

6 BY MR. WEHNER:

7 Q Mr. Shelby, would you take a close look at that

8 document, please, and do you recall that that is a

9 document that was faxed to you? It's not, is it?

10 A It appears to be.

11 Q Isn't it true that you retyped the document after
12 you received it and sent it off to Martin Fine?

13 A I didn't retype the document.

14 Q Did you cause it to be retyped?

15 A Not to the best of my knowledge, not to my
16 recollection, no, sir.

17 Q Do you recall that being the precise document you
18 received?

19 A It appears to be.

20 Again, this was over eight years ago. So it's
2 difficult to be absolutely certain, but it appears to

allbinders as word for experiment.txt

2 be.

2 Q Do you have any recollection at all of causing a
2 document to be retyped and then sending it on to
2 Mr. Fine?

576

1 A No, I do not.

2 MR. WEHNER: Nothing further, Your Honor.

3 THE COURT: All right, thank you, 79 will be
4 admitted.

5 (Government's Exhibit 79
6 received into Evidence)

7 BY MR. O'NEILL:

8 Q Mr. Shelby, I now show you what's previously been
9 marked for identification purposes as Government's
10 Exhibit 80?

11 THE DEPUTY CLERK: Government's Exhibit 80
12 marked for identification.

13 (Government's Exhibit 80
14 marked for Identification)

15 BY MR. O'NEILL:

16 Q Once again, do you recognize that?

17 A It's an invoice from the Keefe Company to Mr. Fine
18 for the initial portion of the fee, total of \$45,000.

19 Q Was that invoice made out on or about the time you
20 were at the Keefe Company?

2 A Yes, I believe it was.

2 Q Was that pursuant to the consulting agreement, that
2 payment?

2 A Yes.

2 MR. O'NEILL: Your Honor, at this time I'd

577

1 move it into evidence, Government's Exhibit number 80.

2 MR. WEHNER: No objection, Your Honor.

3 THE COURT: 80 is admitted.

4 (Government's Exhibit 80

5 received into Evidence)

6 BY MR. O'NEILL:

7 Q And, Mr. Shelby, with Government's Exhibit 80, the

8 document you've just seen, is that the initial demand

9 for \$45,000 pursuant to the terms of the contract?

10 A Yes.

allbinders as word for experiment.txt

11 Q And when was that \$45,000 to be made payable
12 pursuant to the contract?
13 A My recollection was that it was within 30 days of
14 the housing units being awarded to the Housing
15 Authority. I can't remember specifically, but I believe
16 that's correct.
17 Q Mr. Shelby, I now show you Government's Exhibit
18 84.

578

1 document?

2 A I recognize this as one of the Keefe Company what I
3 would refer to as a buck slip. Yes, I recognize this.

4 Q Are there any attachments to what you called a buck
5 slip?

6 A Yes.

7 Q I would direct your attention to that and ask you
8 if you recognize that?

9 A Yes, I do. This is --

10 Q You cannot read through it at this time.

11 A Oh, I'm sorry.

12 Q That's okay. Do you recall ever seeing that
13 document before?

14 A Yes, I do.

15 Q To your knowledge, Mr. Shelby, did you cause this
16 buck slip to be filled out and sent?

17 A I don't believe that I did, in that I didn't

allbinders as word for experiment.txt
18 personally sign it.
19 Q Mr. Shelby, at this time I will show you what's
20 previously been marked for identification as

5 attachment. Is that your handwriting in the body of the
6 letter?

7 A Yes, it is.

8 Q Thank you, -sir.

9 Mr. Shelby, at this time I'm showing you a
10 document previously marked for identification as
11 Government's Exhibit 91 and I'd ask you do you recognize
12 that?

13 A Yes, I do.

14 Q And what do you recognize that to be?

15 A This is the mailgram that was submitted to the
16 White House in support of Miss Dean's candidacy for
17 Assistant Secretary.

18 MR. O'NEILL: Your Honor, at this time I'd
19 move it into evidence as Government's Exhibit 91.

20 MR. WEHNER: No objection.

2 THE COURT: All right, it will be admitted as

2 Government's Exhibit 91.

1 Q Mr. Shelby, does your name appear on that?

allbinders as word for experiment.txt

2 A Yes, it does.

3 Q And do other names appear as well?

4 A Yes.

5 Q Did you personally contact the mailgram office to

6 send this?

7 A Yes, to the best of my recollection I did.

8 Q Mr. Shelby, I'm now showing you Government's

9 Exhibit 92.

18 Q What is it?

19 A This is a letter from me to Miss Dean thanking her
20 for her help and also thanking her for her having
2 extended an invitation to me to spend Thanksgiving day

2 with them, with her and her family.

2 Q Now, before I put that one on the visual presenter
2 screen, Mr. Shelby, as to the previous exhibit, the

2 mailgram, did you have any conversations with the people

581

allbinders as word for experiment.txt
1 listed on that, specifically Lee Atwater, Frank
2 Donatelli, Lou Kitchin, Kenny Kling, Jim Lake, Mike
3 Masson, Clyde Pearce, Ed Rollins, Wayne Roberts,
4 yourself, Roger Stone, Anne Stanley and Bill Tucker?
5 A Yes.
6 Q What if anything did you do?
7 A Simply contacted them to ask them if they would be
8 willing to lend their support to her nomination.
9 Q By the way, Mr. Shelby, did you have any

10 conversations with John Mitchell about Miss Dean's
11 nomination to be Assistant Secretary for Community
12 Planning and Development?
13 A I did, I believe, on one occasion, yes.
14 Q To your knowledge was he supporting her in that
15 endeavor?
16 A Yes, of course.
17 Q And to your knowledge, what if anything was he
18 doing?
19 A I don't have specific knowledge of anything other
20 than my conversation with him in which he requested that
21 I do whatever I could to support her candidacy.
22 Q And finally, Mr. Shelby, I'll show you what's
23 previously been marked for identification as
24 Government's Exhibit 88.

4 BY MR. O'NEILL:
5 Q And I'd ask you if you recognize this?
6 A Yes.
7 Q And what do you recognize it to be?
8 A It is a note from Miss Dean to me thanking me for
9 lunch at a point in time prior to the note, which is
10 dated April 10, 1986.
11 MR. O'NEILL: Your Honor, I'd move it into
12 evidence as Government's Exhibit 88.
13 MR. WEHNER: No objection.
14 THE COURT: All right, 88 will be admitted.
15 (Government's Exhibit 88
16 received into Evidence)
17 MR. O'NEILL: I have no further questions at
18 this time, thank you.
19 THE COURT: All right.
20 You'll be .awhile?
2 MR. WEHNER: I will, Judge, but I can get
2 started.
2 THE COURT: All right, I'll give you a few
2 minutes.
2 CROSS-EXAMINATION

1 BY MR. WEHNER:
2 Q Mr. Shelby, you paid John Mitchell a considerable
3 amount of money for very little work, isn't that
4 correct?
5 A Yes.
6 Q Isn't it true that you paid John Mitchell that

allbinders as word for experiment.txt
7 amount of money specifically to get an introduction to
8 Miss Dean?
9 A No, that's not correct.
10 Q Did you have a conversation with Mr. Mitchell in
11 which you asked him to introduce you to Miss Dean
12 because she was at HUD?
13 A No.
14 Q Why, in fact, did you pay Mr. Mitchell \$50,000?
15 A I had had the conversation with Mr. Mitchell prior
16 to joining the Keefe Company and although I had made an
17 employment change I felt an obligation to honor the
18 commitment I made to him.
19 Q What was your commitment to Mr. Mitchell, to pay
20 him for what?
2 A At the time we had our initial conversation it was
2 to work with me in bringing, or I should say to work
2 with me in helping to win the award from the Department
2 Q And a part of that was introducing him to
2 Miss Dean -introducing
you to Miss Dean?

584

1 A No, that's not correct.
2 Q That's not correct?
3 A That's not correct, no. At that point I was not
4 aware of the relationship with Miss Dean.
5 Q How much money did Miss Dean receive from your
6 consultant fees? I
7 A To my knowledge, none. j
8 Q Did you pay her any money from your consultant j
9 fees' ?
10 A None whatsoever, of course. \
11 Q To your knowledge did anyone else pay her any money
12 from your consulting fees? I
13 A Not to my knowledge.
14 Q You made a lot of money as a result of
15 relationships that you developed at HUD, is that
16 correct?
17 A I suppose the answer to that question is yes. !
18 Q Well, you did. ;
19 A Yes. |
20 Q And those included Miss Dean?
2 A Yes.
2 Q And Hunter Cushing? ;
2 A Yes.

2 Q And who else?
2 A Silvio DeBartolomeis, as I mentioned. Are you
i

586

1 A I would generally sit in on the morning meetings
2 and if there was a prospective nominee that I had
3 knowledge of I was free to interject my opinion.
4 Q And you said you want somebody to get a job or you

5 don't want somebody to get a job, isn't that correct?

6 Isn't that the way it works?

7 A Again, I would have the opportunity to voice my --

8 Q Isn't that correct, that you helped people get jobs

9 and you stopped people from getting jobs?

10 A Yes, that's correct.

11 Q And that was true for Executive Branch employees

12 that were political appointees, right?

13 A Yes.

14 Q And you used those same connections to go make a
15 ton of money, isn't that correct?

16 A Yes.

17 Q And you used every one of those people who you
18 helped, to make a ton of money, isn't that correct?

19 A In that sense of the word I suppose that's correct,

20 yes.

2 Q And you didn't give them any of that money, did

2 you?

2 A No.

2 Q And that's the way Washington operated at that

2 time, isn't that true?

587

1 A Yes.

2 Q Okay. Now, did Miss Dean ever know that

3 John Mitchell was receiving a consulting fee as a result
4 of any of these projects?

5 A To the best of my knowledge, no.

6 Q Did you tell her?

7 A No.

8 Q She was a friend of yours, wasn't she?

9 A Yes.

10 Q You abused that friendship, didn't you?

11 A I don't believe so.

12 MR. WEHNER: Can we continue tomorrow, Your

13 Honor?

14 THE COURT: All right, sure.

15 All right, ladies and gentlemen, we're going

16 to take the evening break and finish up tomorrow.

17 I'm going to have to ask the witness to come

18 back.

19 Ladies and gentlemen, remember the admonition

20 I've given you all along, particularly pay attention to

2 it now, please, as this case goes on and you listen to

2 more witnesses. Don't talk about the case among

2 yourselves or express your opinions to each other about

2 this case or the testimony in any fashion. Don't let

2 anybody else talk about it or let anybody talk about it

588

1 in your presence. Remember not to read or watch or
2 listen to it in the media.
3 Be back tomorrow. Tomorrow is a half day
4 because I have other matters in the afternoon, other
5 cases I have to consider. I'll take a break from this
6 one for the day.
7 So we'll start tomorrow at 9:30 and as closely
8 as possible and then we'll be finished around 12:30 or
9 so to see where we are with the witnesses at that time.
10 All right?
11 All right. Have a good evening. See you back
12 tomorrow morning. 9:30, please.
13 (Jury dismissed)
14 THE COURT: Can you get back at 9:30?
15 THE WITNESS: Yes, sir.
16 THE COURT: All right. Thank you. You can
17 go.
18 How long do you think you'll be on cross?
19 MR. WEHNER: Maybe not very long. I mean
20 frankly I need to think about that.
2 THE COURT: All right.
2 MR. WEHNER: I may stop.
2 THE COURT: Have you got some people for
2 tomorrow? . 2
MR. O'NEILL: Yes, Judge, we're in real good

589

1 shape for tomorrow.
2 MR. WEHNER: My understanding is you have
3 Mr. Feinberg.
4 MR. O'NEILL: Yes, and Mr. Sharifi. I believe
5 that would take the morning.
6 THE COURT: If they're here tomorrow if we
7 have to sit late at lunch we'll do it to try to get it
8 in tomorrow, all right?
9 MR. WEHNER: we'll try to get them in
10 tomorrow.
11 MS. SWEENEY: Your Honor, we also had some
12 housekeeping matters. We indicated the last time we had
13 an in-chambers conference on the record that we would
14 prepare rule 6E orders permitting us to provide to Mr.

3 THE CLERK: Criminal No. 92-181, United States of
4 America v. Deborah Gore Dean. We have Robert O'Neill and Paula
5 Sweeney for the government, Stephen Wehner for Ms. Dean.
6 THE COURT: All right. We're all ready to proceed?
7 MR. O'NEILL: Yes, Your Honor.
8 MR. WEHNER: Yes, Your Honor.
9 THE COURT: Okay. I'll take up with counsel if you
10 remind me at the end of the day, the short one you have here,
11 correspondence I'm sure you've already got copies of from
12 Mr. Martinez.
13 MR. O'NEILL: Yes, Your Honor.
14 MR. WEHNER: Yes.
15 THE COURT: All right. And for the record,
16 Mr. Martinez is complaining about having to come back to testify.
17 (Jury in.)
18 THE COURT: All right, Ladies and Gentlemen, we're
19 ready to proceed again. If you'll recall, Mr. Shelby was on the
20 stand. He's going to resume the stand at this time. We'll be
21 sitting up through lunch today, and then we'll be recessing for
22 the rest of the day, because I have some matters I have to take
23 up in another case.

1 THE WITNESS: Yes, sir.
2 THE COURT: Mr. Wehner, you may proceed with your cross
3 examination.
4 MR. WEHNER: Thank you.
5 Good morning.
6 THE JURORS: Good morning.
7 CROSS EXAMINATION (Cont'd.)
8 BY MR. WEHNER:
9 Q. Mr. Shelby, I believe when we had finished yesterday, the
10 last question I asked you was whether or not you believed you had
11 abused your friendship with Ms. Dean, and you had testified, I
12 believe you said you felt that you had not.
13 A. Yes, sir.
14 Q. Okay. You first met Ms. Dean at lunch or at HUD?
15 A. To the best of my recollection -- and I can't be certain --
16 but it was at the department.
17 Q. And you met her outside of Mr. DeBartolomeis's office; is
18 that correct?
19 A. That's my recollection, yes, sir.
20 Q. And your best recollection as to the date of that was what,
2 1983?

2 A. No, sir, sometime in June of 1985.
2 Q. June of '85?
2 A. Yes, sir.
2 Q. So you didn't know Ms. Dean until June of 1985?

1 A. Yes, sir, that's correct, to the best of my knowledge.
2 Q. How long had you known Mr. DeBartolomeis?
3 A. As I mentioned yesterday, for all practical purposes, I
4 didn't know him prior to that same general time frame. I think
5 perhaps our paths may have crossed at a reception or some such
6 thing, but he was not a friend in that sense of the word.
7 Q. The question was how long had you known him? We established
8 that you first met the first time Ms. Dean in June of 1985.
9 A. Yes. I'm sorry --

10 Q. What date and year did you meet Mr. DeBartolomeis?
11 A. It would have been sometime earlier in 1985.
12 Q. Okay. Had you known him prior to January of 1985?
13 A. Not to the best of my recollection, no, sir.
14 Q. Okay. How did you meet Mr. DeBartolomeis?
15 A. At this point, I honestly can't remember whether I met him
16 outside the department or whether it was within the department.
17 Q. From the time you met Mr. DeBartolomeis in early 1985 ;
18 through approximately 1987, which is the time period that we're
19 dealing with with regard to Ms. Dean, he told you he would help
20 you with your mod rehab projects, did he not?
2 A. Yes.

2 Q. And what position did Mr. DeBartolomeis have at the
2 department at that time?
<i 2 A. I believe that it was deputy assistant secretary in the

2

multi-family division.

1 Q. And you had many conversations with Mr. DeBartolomeis about
2 your mod rehab projects; is that correct?

3 A. Yes, sir.

4 Q. Now Ms. Dean did not say she would help you with your mod
5 rehab projects; isn't that correct?

6 A. I don't recall her saying that, no.

7 Q. Now you do recall what she did say, didn't you, when you
8 talked to her about mod rehab projects, because you've previously
9 told the Independent Counsel what she said, didn't you?

10 A. Yes.

11 Q. Now didn't you tell the Independent Counsel that Ms. Dean
12 said it would be put into the mix and compared with the other

<B 13 projects?

14 A. Yes.

15 Q. Did she ever say she would help you?

16 A. No.

17 Q. Did she ever say she would see that the project was funded?

18 A. No.

19 Q. Did she ever say, "Don't worry. I'll take care of it"?

20 A. No.

2 Q. Now you became a close friend of Ms. Dean's, did you not?

2 A. Yes, I did.

2 Q. As a matter of fact, so close that you exchanged Christmas
presents, didn't you?

2 A. Yes, that's correct.

1 Q. Not large Christmas presents. She gave you a copy of a
2 movie of White Christmas on a video cassette once; isn't that
3 correct?

4 A. Yes, sir.

5 Q. And you gave her what, a candle set?

6 A. Yes, candlesticks.

7 Q. So we're not talking expensive gifts; we're just talking
8 social pleasantries?

9 A. Yes, that's correct.

10 Q. And you had kind of a history with Ms. Dean of having lunch
11 with her on Christmas Eve; isn't that correct?

12 A. Yes, that's correct.

13 Q. You did that for two or three years running, didn't you?

14 A. Yes, sir.

15 Q. You'd go to the same restaurant and have a little pleasant
16 end-of-the-year get-together?

17 A. Yes, sir.

18 Q. And of course, your wife was aware that you had this
19 relationship with Ms. Dean?

20 A. Absolutely.

2 Q. It was not romantic?

- 2 A. Of course not.
2 Q. It was platonic, as they say?
2 A. Yes.
2 Q. Innocent, to use another word.

598

- A. Yes.
2 Q. But you were, in fact, very good friends?
3 A. Yes, that's correct.
4 Q. Now there came a time after June of 1985 in your
5 relationship with Ms. Dean that you became aware, according to
6 your testimony, of her relationship to John Mitchell; isn't that
7 correct?
8 A. I can't recall specifically when in 1985 that occurred, but
9 it was sometime in that general time frame, yes.
10 Q. It was after June of 1985, because you didn't meet her until
11 June of 1985, correct?
12 A. Yes, but I thought you were saying specifically was it then,
13 and I --
14 Q. No. I just want to make clear, have you made clear the
15 basic order that these events occurred.
16 A. Yes.
17 Q. I know you can't remember exact dates.
18 A. Yes.
19 Q. So in June of 1985, you meet Ms. Dean. Some point after
20 that, you say that you became aware of her relationship with John
21 Mitchell.
22 A. Yes.
23 Q. Now was that in 1985?
24 A. Yes.
25 Q. During that period of 1985, you have social contact with

Ms. Dean, correct?

- A. Yes.
3 Q. And you have lunch with Ms. Dean?
4 A. Yes.
5 Q. And on some occasions, you pay for lunch?
6 A. Yes.
7 Q. And on some occasions, she pays for lunch?
8 A. Yes.
9 Q. And you go to dinner with her -- lunch with her on Christmas

10 Eve?

11 A. Yes.

12 Q. And you see her at receptions?

13 A. Yes.

14 Q. And you're friendly with her?

15 A. Yes.

16 Q. And you become aware of her close personal relationship with

17 John Mitchell.

18 A. Yes.

19 Q. Didn't you feel the slightest bit uncomfortable continuing

20 to go to Ms. Dean and discussing HUD projects with her when after

21 you became aware of her relationship to John Mitchell?

22 A. At the time, I didn't.

23 Q. Did you ever think to yourself, "I'd better tell Ms. Dean

24 that I'm in a business relationship with this person that's close

25 to her"?

600

A. Well --

2 Q. Did you?

3 A. No, I didn't.

4 Q. Did you think about it?

5 A. Not really, because once I became aware of the relationship,

6 I no longer had a business association with Mr. Mitchell. He was

7 not involved in any other HUD-related work that I did.

8 Q. Did you do that intentionally?

9 A. Yes.

10 Q. Why?

11 A. Because I was concerned about the perceptual problem that I

12 thought could evolve from the professional relationship with

13 Mr. Mitchell.

14 Q. So you didn't even want there to be an appearance of

15 anything wrong?

16 A. Yes.

17 Q. Between you and Ms. Dean; is that correct?

18 A. That's correct.

19 Q. Now you've been given immunity in return for your testimony

20 in this trial; is that correct?

21 A. Yes.

22 Q. And that means you can't be prosecuted by the Independent

23 Counsel for anything that you did; is that correct?

24 A. Yes.

25 Q. Are you aware that they named you as a co-conspirator with

601

1 Ms. Dean in their charges?

2 A. Yes.

3 Q. And that they refer to you as something called

4 co-conspirator No. 5?

5 A. Yes.

Q. What did you do wrong?

A. I don't believe that I did anything wrong.

Q. To your knowledge, did Ms. Dean do anything wrong?

A. No.

- 10 Q. So they've named you in a count in the indictment as a
11 co-conspirator, and you've never had any explanation as to what
12 you or Ms. Dean did wrong?
13 A. Yes.
14 Q. That's correct? Is that correct?
15 A. Yes.
16 Q. I believe you've testified that Mr. DeBartolomeis said, "I
17 will try and help you," words to that effect. I don't mean to
18 tie you down to specific words, but words to that effect?
19 A. Yes.
20 Q. It's true, is it not, that other people at HUD made requests
2 of you such as contributions to charitable organizations in
2 return for their help at HUD; is that correct?
2 A. Could you restate the question, please?
2 Q. Back up. Do you know what Food for Africa is?
2 A. Yes.

602

- 1 Q. What is it?
2 A. It was a charity that would help to subsidize the cost of
3 purchasing food for people starving in Africa.
4 Q. And do you know who Thomas Demery is?
5 A. Yes.
6 Q. Who was Thomas Demery between 1983 and 1985?
7 A. He was the assistant secretary for housing at the
8 department.
9 Q. And did he ask you to contribute to Food --or did somebody
10 on his behalf ask you to contribute to that organization?
11 A. To the best of my recollection, Mr. Demery never asked me to
12 contribute, but I was asked to contribute by a businessman that
13 was working on the project.
14 Q. And did you contribute?
15 A. No, I did not.
16 Q. Why?
17 A. Again, I was concerned about a perceptual problem that might
18 arise from doing so.
19 Q. So you were sensitive to these issues?
20 A. Yes.
2 Q. Did Ms. Dean ever ask you to do anything?

2 A. No.
2 Q. Would you have done anything if she had asked you?
2 A. Contribute to Food for Africa?
2 Q. Would you have given her a penny if she had asked you?

603

- A. Of course not.
2 Q. Don't you think based on your relationship with Ms. Dean
3 that if you would have told her that John Mitchell was receiving
4 \$50,000 based on some of the same HUD projects that you were
5 talking to her about, that she wouldn't have talked to you
6 anymore?
7 MR. O'NEILL: Objection, Your Honor.
8 THE COURT: All right, I'll sustain it. That's
9 speculation. The objection is sustained.

10 BY MR. WEHNER:

11 Q. Did you ever tell Ms. Dean that you were paying John
12 Mitchell any money?

13 A. No.

14 Q. Did you, in fact, intentionally keep it from her?

15 A. Yes.

16 MR. WEHNER: I have nothing further, Your Honor.

17 THE COURT: All right. You can have some redirect :
18 then.

19 MR. O'NEILL: Yes, Your Honor. Thank you very much.

20 REDIRECT EXAMINATION

21 BY MR. O'NEILL:

22 Q. Mr. Shelby, do you recall whether you had lunch with Deborah
23 Gore Dean and John Mitchell on September 9, 1985?

24 A. Yes.

25 Q. And you're absolutely certain about that?

604

1 A. I believe based upon a review of the documents that that is
2 correct, yes.

3 Q. I now show you what's been previously marked as Government's
4 Exhibit 76 for identification, and you looked at that yesterday?

5 A. Yes, I did.

6 Q. On September 10, 1985, a day after you had lunch with John
7 Mitchell and Deborah Dean, did you send information to Deborah
8 Dean about Park Towers?

9 A. Yes.

10 Q. Now, Mr. Shelby, is it your testimony today that you met
11 Deborah Dean for the first time in 1985?

12 A. Yes, it is.

13 Q. I show you what has previously been marked as Government's
14 Exhibit 501 for identification purposes only, and I'd ask you,
15 sir, did you ever tell a special agent of the United States
16 government in 1987 that you knew Deborah Dean for approximately
17 five years? Yes or no, sir?

18 A. Yes.

19 THE CLERK: Government's Exhibit 501 marked for
20 identification.

2 (Government's Exhibit No. 501 was

2 marked for identification.)

2 BY MR. O'NEILL:

2 Q. I now show you, Mr. Shelby, what's previously been put into
2 evidence as Government's Exhibit 92 and ask you to look at it,

605

1 sir. And it's already in evidence. Please read it to the jury-
2 out loud.

3 A. In its entirety?

4 Q. Yes.

5 A. "Dear Debbie:

6 "Merely a note (long overdue) to let you know how very
7 much I appreciate all that time and effort which you've

allbinders as word for experiment.txt
8 necessarily had to extend on my behalf over the course of the
9 past few years. In a relative sense, a simple thank you seems

10 terribly inconsequential and thus irrelevant, but please accept
11 it as such, with the assurance that I hope to be able to
12 reciprocate in some small way at some future point in time.
13 "I also wanted to thank you again for your
14 thoughtfulness in thinking to include me in your Thanksgiving
15 plans. Needless to say, I was greatly disappointed that a prior
16 commitment made it impossible for me to take advantage of your
17 kind invitation. I hope that you and your family had an eventful
18 holiday.
19 "Again, much thanks for all your help and, even more
20 importantly, for your friendship.
2 "Kind regards, Rick."

2 Q. Now isn't it true that there's a date posted of December 1
2 on this letter?
2 A. Yes, there is.
2 Q. But it does not have a year?

606

1 A. Yes, that's correct.
2 Q. But there is a postmark; is there not?
3 A. Yes.
4 Q. And does that postmark not state December 8, 1986?
5 A. Yes, it does.
6 Q. And do you not write in this letter that you're thanking
7 Ms. Dean for her help over the last few years?
8 A. Yes.
9 Q. Now, Mr. Shelby, who did you principally deal with on the

10 Foxglenn project at HUD headquarters?

11 A. Ms. Dean.

12 Q. Who did you principally deal with on Eastern Avenue on

13 Foxglenn project -- excuse me, on the Eastern Avenue project?

14 A. Ms. Dean.

15 Q. You were asked on cross examination by Mr. Wehner whether

16 you were paid a lot of money for your lobbying efforts at HUD; is

17 that correct?

18 A. Yes.

19 Q. How much money, approximately, did you make on the Park

20 Towers, Foxglenn, and Eastern Avenue projects?

2 A. Let's see, on Park Tower, it was \$220,000; on Eastern
2 Avenue, \$110,000; and there -- I'm sorry, on Foxglenn, 110,000,

2 and Eastern Avenue, \$57,000.

2 Q. Were you paid this money because you had access to

2 high-ranking government officials?

1 A. In part, yes.

2 Q. In part for a couple of meetings and a couple of phone
3 calls, correct?

4 A. Yes.

5 Q. You had no technical information; is that right?

6 A. Yes.

7 Q. Do you have any housing experience whatsoever?

8 A. Certainly at the outset I didn't.

9 Q. Did you know about the Mod Rehab Program? Did you know any

10 of the technical aspects to the program?

(Rectangle comment Administrator

11 A. No.

12 Q. Did you have any background in housing, sir?

13 A. No.

14 Q. You were a political consultant, correct?

15 A. Yes, that's correct.

16 Q. Now to your knowledge, does everyone have access to high-

17 ranking government officials?

18 A. No.

19 Q. So was the defendant, Deborah Gore Dean, one of those high-
20 ranking government officials?

2 A. Yes.

2 Q. Was it wrong for you to take advantage and use your
2 influence with her? Yes or no, sir. Was it wrong?

2 A. At the time --
2 Q. Was it wrong, sir? Yes or no.

1 A. Yes
2 Q. Okay. And you said that to a federal grand jury, did you
3 not?
4 A. Yes
5 Q. Let me just refresh your recollection if there's any doubt
6 about it and I'd ask you when you testified before that federal
7 grand jury. When did you testify before the grand jury?
8 A. Last year.
9 Q. And did you say that the system was wrong?

10 A. Yes
11 Q. And that there was obviously something wrong with it?
12 A. Yes
13 Q. But now today in front of this jury, it's no longer wrong,
14 correct, sir?
15 MR. WEHNER: Objection. That's not what he said, Your
16 Honor.
17 THE COURT: All right, I'll sustain the objection.
18 BY MR. O'NEILL:
19 Q. And your belief in it was wrong. That's why you asked
20 immunity right, sir?
21 A. Yes
22 MR. O'NEILL : No further questions.
23 THE COURT: All right.
24 All right, thank you, Mr. Shelby. You can step down,
25 sir.

609

1 MR. WEHNER: Your Honor, if I may?
2 THE COURT: Oh, you have recross?
3 MR. WEHNER: One quick follow-up on a question.
4 THE COURT: All right.
5 RE-CROSS EXAMINATION
6 BY MR. WEHNER:
7 Q. When did you come to the understanding in your own mind that
8 what you'd done was, quote, wrong?
9 A. In the wake of the investigation.

10 Q. No, when?
11 A. 1989.
12 MR. WEHNER: Nothing further.
13 THE COURT: All right. You can step down. Thank you.
14 (Witness excused.)
15 MR. O'NEILL: Your Honor, at this time, the government
16 would call Patricia Sharifi.
17 PATRICIA SHARIFI, GOVERNMENT'S WITNESS, SWORN
18 DIRECT EXAMINATION
19 BY MR. O'NEILL:
20 Q. Mrs. Sharifi, I'll be asking you a series of questions. I'd
2 ask you to speak in a loud and clear voice so that everyone can

2 hear you.
2 Ma'am, would you please state your name for the record,
2 spelling your last name?

2 A. My name is Patricia Sharifi, S-h-a-r-i-f-i.

610

1 Q. Now, Ms. Sharifi, by whom are you employed?

2 A. I'm employed by Dade County Housing Authority, Special
3 Housing Programs, in Miami, Florida.

4 Q. And how long have you been employed there?

5 A. It will be ten years in January of 1995.

6 Q. And is that the local PHA, or public housing authority, in
7 Miami?

8 A. Yes, it is.

9 Q. I would direct your attention to approximately 1984, ma'am,

10 and I'd ask you what was your position at the local PHA at that
11 time?

12 A. I was a finance advisor.

13 Q. And can you tell the Ladies and Gentlemen of the Jury what
14 does that mean?

15 A. Basically my responsibility was to work with the owner from
16 the application stage all the way through the rehabilitation of
17 the project, determining if the project was feasible and ensuring
18 compliance with the federal regulations.

19 Q. Okay. Now at that time, did the local PHA in Miami have a
20 system in place for selecting proposals for funding for mod rehab
2 projects?

2 A. Yes, we did.

2 Q. And can you describe that system to the Ladies and Gentlemen
2 of the Jury?

2 A. Basically we had a pipeline, and that pipeline was

611

1 open-ended. We had run an advertisement in approximately '84 and
2 185 soliciting proposals for the program, and owners would submit
3 their applications to our department, and we would insert it into
4 the pipeline, noting the time and date that the owner submitted
5 the proposal.

6 Q. And how were proposals supposed to be selected?

7 A. They were supposed to be selected on a
8 first-come-first-served basis.

9 Q. How did the pipeline actually work?

10 A. It actually worked by the developers would come into our
11 office and ask us to submit a letter to Washington. They would
12 tell us the name of the person that it should be addressed to,
13 tell us exactly what the wording should be, specifying the number
14 of units, in some cases, the breakdown of the units. They said
15 if we wrote that letter, that the county could get some units.
16 So we wrote the letter to the official designated by
17 the developer. :

18 Q. Did there come a point in time when you would receive notice
19 as to whether a particular project had been funded? Not a
20 project, excuse me, whether a particular number of units would
2 come to Miami?

2 A. Yes. The developer would either come into the office and
2 tell us within a few hours or by the next day that we would be
2 receiving a call from the HUD field office in Jacksonville, that
2 the Jacksonville office would be telling us how many units to

612

1 submit the application for, or in some cases, the developer would
2 bring in the HUD 185, which is a form that, from Washington to,
3 to the regional offices which tells how many units are allocated
4 for each particular housing authority.

5 Q. And what would you as the local housing authority do when
6 those units came down?

7 A. When the --we would wait for the call from the field
8 office, when the field office would tell us how many units to
9 submit the application for, and then we would complete the

10 application and send it up to the field office.

11 Q. Did the developer who asked you to write the letter, did he
12 get the units that came down, if they matched his, his request?

13 A. Yes.

14 Q. Now was there any competition at the local PHA to determine
15 which were the best projects?

16 A. No.

17 Q. Did the local PHA select the projects to be funded?

18 A. No, no.

19 Q. Now why did the local PHA agree to do this the way the
20 developers had set it up?

2 A. The county desperately needed the units. We had a very

2 extreme -- and still do -- housing shortage, a lot of refugees
2 coming into Miami, so the determination was made by the county
2 that since we needed the units, this is the way to get the units.
2 Q. Ms. Sharifi, let me show you a document that has previously

613

1 been marked for identification purposes as Government's Exhibit
2 204.

THE CLERK: Government's Exhibit 204 marked for
identification.

(Government's Exhibit No. 204 was
marked for identification.)

BY MR. O'NEILL:

8 Q. Now I'd show it to you, and I'd ask you not to read it out
9 loud, because it is not in evidence as yet. Do you recognize

10 that document?

11 A. Yes, I do.

12 Q. And what do you recognize it as?

13 A. That's the HUD 185 --

14 Q. Okay.

15 A. -- which is from headquarters to the regional office in
16 Atlanta authorizing a certain amount of units for Dade County and

allbinders as word for experiment.txt
17 other housing authorities.
18 Q. Is there handwriting on that notice, ma'am?
19 A. Yes.
20 Q. Okay. Now I'm not directing your attention to the top of
2 it, where there's a signature of an individual at HUD

2 headquarters, but the rest of the handwriting, whose handwriting
2 is that?
2 A. That's mine.
2 Q. And do you recall why you wrote on this document?

614

1 A. The developer had come in and given us that form and told us
2 that those were his units, and as well as the other party on that
3 form.

Q. And who was that developer?
A. Manny Medina.
Q. Okay.
7 THE COURT: would you give that name again?
8 THE WITNESS: Manny Medina.
9 THE COURT: Medina?
10 THE WITNESS: Medina.

11 THE COURT: Thank you.

12 BY MR. O'NEILL:

13 Q. And there's another project mentioned on that 185 as well;

14 is that correct?

15 A. Yes.

16 Q. who is the developer on that project?

17 A. Jim Mitchell.
18 Q. Are you familiar with a project known as

19 Springwood/Cutlerwood?

20 A. Yes, I am.

2 Q. And how are you familiar with that project?

2 A. I worked, the lead person in determining in the project was
2 feasible, working with the financing of the project and the
2 rehabilitation of the project.
2 Q. These letters that you were referring to earlier, did you

1 submit a letter on behalf of Springwood/Cutlerwood?
2 A. The county did, yes.
3 Q. And did you write that letter?
4 A. Yes, I did.
5 Q. And what was the purpose of the letter?
6 A. The developer had asked us to write that letter. He said
7 that if we wrote that letter, that the county would be able to
8 get units.
9 Q. Now, Ms. Sharifi, let me show you what's been previously

10 marked as Government's Exhibit 198 for identification.
11 THE CLERK: Government's Exhibit 198 marked for
12 identification.
13 (Government's Exhibit No. 198 was
14 marked for identification.)
15 BY MR. O'NEILL:
16 Q. And I'd ask you if you recognize this document, ma'am?
17 A. Yes, I do.
18 Q. And what do you recognize that to be?
19 A. That's the letter that we wrote on behalf of the developer
20 requesting units for the county.
2 Q. Is that for Springwood/Cutlerwood?

2 A. Yes, it is.
2 MR. O'NEILL: Your Honor, at this time, pursuant to
2 stipulation, I would move that into evidence as Government's
2 Exhibit 198.

1 MR. WEHNER: Can I see it for a second, Your Honor?
2 THE COURT: Sure.
3 BY MR. O'NEILL:
4 Q. Ms. Sharifi; I'll show you a document sort of with a
5 government's exhibit on it. That's 198. I move that into
6 evidence, Your Honor, pursuant to stipulation of counsel.
7 MR. WEHNER: No objection, Your Honor.
8 THE COURT: I think it was received the other day, when
9 we discussed it out of the presence of the jury. I'll let 198 be

10 admitted. There was a separate 198A, right?
11 MR. O'NEILL: Yes, there is.
12 THE COURT: All right, I just want to make sure we
13 aren't confused. All right.
14 (Government's Exhibit No. 198 was
15 received in evidence.)
16 BY MR. O'NEILL:
17 Q. And is this the document that you sent on behalf of the
18 developer on Springwood/Cutlerwood?
19 A. Of that one?
20 Q. Yes. Do you recall it? Let me put it in front of you.
2 A. The other one I would have --

2 Q. The other one?
2 A. Yeah, the other one you just showed me was for Cutlerwood.

(I 2 That's for another project.
2 MR. WEHNER: Your Honor, Ms. Dean will stipulate that

617

1 that letter is for that project. What we did was there was some
2 writing on the one that Mr. O'Neill wished to introduce that we
3 didn't wish -- that was not identified. So we simply switched
4 one that had some handwriting in the upper right-hand corner for
5 the one that didn't. But they are the same letter.
6 THE COURT: Let the witness compare the two.
7 MR. WEHNER: Sure. We'll stipulate that it's precisely
8 the same. It's just different Xeroxes made at different times.
9 MR. O'NEILL: That is correct, Your Honor.
10 THE COURT: Let her see if she can recognize it.
11 MR. O'NEILL: Bear with me one second, Your Honor.
12 We've redone it, Your Honor.
13 THE COURT: Try it again.
14 MR. O'NEILL: With a stipulation that we'll put on the
15 record later.
16 THE COURT: All right.
17 BY MR. O'NEILL:
18 Q. I'll show you the first one. Is that the letter that was
19 sent?
20 A. Yes.
2 Q. Okay. And what does the letter request? Without mentioning
2 anything on top, what is requested of the Department of Housing
2 and Urban Development?
2 A. It's requesting approval for a project containing 2
2 efficiency units, 153 one-bedroom units and 48 two-bedroom units.

618

1 Q. And is that what the developer was requesting on Cutlerwood
2 and Springwood?
3 A. Yes.
4 Q. Now, Ms. Sharifi, you had stated that the pipeline system
5 worked this way in 1984. How long did it work in the manner that
6 you've told the jury?
7 A. Through 1988.
8 Q. And what happened in 1988?
9 A. There was an audit, and as a result of the audit, the, we
10 changed the selection criteria.
11 MR. O'NEILL: I have no further questions. Thank you.
12 CROSS EXAMINATION
13 BY MR. WEHNER:
14 Q. Did anyone suggest that you or anybody else in your housing
15 authority had done anything wrong in connection with your award
16 of mod rehab units?
17 A. No.
18 Q. And you know who Mr. Alvin Moore is?
19 A. Yes.
20 Q. And his position -
he's testified here previously, just so
2 you know -
Mel Adams, I'm sorry. Mel Adams.
2 THE COURT: Mel Adams.
2 THE WITNESS: Yes, I do.
2 BY MR. WEHNER:
2 Q. He's testified previously as to what the process was. Do

619

1 you know what the process was prior to 1984?
2 A. No, I don't.

allbinders as word for experiment.txt

3 Q. Because you weren't employed there?

4 A. Correct.

5 Q. Okay. So post-1984, from your experience at the housing
6 authority, were you under the impression or did you get
7 information that the units in the Mod Rehab Program were
8 allocated or distributed by HUD headquarters?

9 A. Yes.

10 Q. Okay. By Washington?

11 A. Yes.

12 Q. And that the local housing authority's role was limited to

13 assuring that whatever projects were in that pipeline were

14 legitimate and proper projects, correct?

15 A. Yes.

16 Q. And you assured yourself that they were all good, legitimate

17 projects?

18 A. Yes.

19 Q. So then the issue became, once you had that pipeline in

20 place, which one Washington would fund, correct?

2 A. Yes.

2 Q. And you wanted to get as many of those as you could, and if
2 consultants could help you do that, that was okay?

2 A. We weren't aware of any consultants at the time.

2 Q. If developers could help you do that, that was okay?

620

1 A. There was a need for the county to have units, yes.

2 Q. Now on several occasions, you would write to HUD
3 headquarters asking for the units, would you not?

4 A. Yes.

5 Q. And you would write to the individual that the developer
6 told you to write to, would you not?

7 A. Correct.

8 Q. And you, in fact, wrote some of those letters? In that
9 sense, I mean, participated in the drafting?

10 A. Correct.
11 Q. Okay. And isn't it true that you wrote letters to Sam
12 Pierce?
13 A. Yes.
14 Q. Letters to Deborah Dean?
15 A. Yes.
16 Q. Letters to Jim Chaplin?
17 A. Yes.
18 Q. And all of these letters were simple requests from your
19 housing authority to get the units down, to send us these units?
20 A. Yes.
21 Q. All right. These letter requests would have specific

2 numbers in them, would they not?
2 A. In many cases, yes. They all had specific numbers.
2 Q. Because you would request 53 one-bedroom units, for example,
2 and 20 two-bedroom units, right?

A. Um-hum.
2 Q. As in a hypothetical.
3 A. Yes.
4 Q. And that information came to you from the developer; is that
5 correct?
6 A. Yes.
7 Q. And the developer said, "You need to make this request
8 specific"?
9 A. Yes.
10 Q. And you knew that when you wrote the letter?
11 A. Yes.
12 Q. That it was a specific request for a specific project?
13 A. In, in some cases, it was for a specific amount of units.
14 In other cases, it was not broken down by bedroom sizes.
15 Q. Okay. But it was for a specific project?
16 A. Yes.
17 Q. What the jury has heard previously called project specific.
18 And that project-specific request would be responded to from HUD
19 with a project-specific allocation; isn't that true?
20 A. Yes. The name of the project wasn't on the letter, but it
21 was for a specific project that the owner had submitted into the
22 pipeline.
23 Q. All right. And you knew what project that designation from
24 headquarters went to?

25 A. Yes.

622

1 Q. Okay. Now, Ms. Dean and Ms. Pierce weren't, the --
2 Mr. Pierce and Ms. Dean were not the only two individuals at HUD
3 that you wrote these letters to; isn't that correct?
4 A. Yes, I believe so.
5 Q. They went to a number of officials at HUD. Hunter Cushing,
6 do you recall the name Hunter Cushing?
7 A. Yes.
8 Q. Do you recall writing one to Hunter Cushing or sending a
9 copy to Hunter Cushing?

allbinders as word for experiment.txt

10 A. Yes.

11 Q. Jim Chaplin?

12 A. Yes.

13 Q. And the reason that you sent these letters to these HUD

14 employees or executives was to get the units down to Florida;

15 isn't that correct?

16 A. Yes.

12 Q. Now I'm going to show you all three of these exhibits and

14 A. Okay.

15 Q. Now do you recall an occasion based upon looking at these

16 letters on which you received a telephone call from someone at

17 HUD headquarters directing you to give certain units to a

18 specific developer?

allbinders as word for experiment.txt

19 A. Yes.

20 Q. Who made that telephone call to you?

21 A. Dubois Gilliam.

22 Q. And what did Mr. Gilliam tell you?

23 A. He told us that the, specified who the units should go to.

24 Q. By that, the developer?

25 A. Developer, right.

A. Manny Medina.

Q. Manny Medina?

A. Yes.

7 Q. Okay. Now did Ms. Dean ever call you and tell you the funds

9 A. No.

10 Q. Did anyone else at HUD headquarters ever call you and tell

11 you that the funds were to go to a specific developer?

12 A. Not to our particular department, no.

13 Q. Well, to any other particular department of which you have

21 occasion, to Ms. Dean on some occasion, to Mr. Chaplin, to
22 Mr. Cushing? They were sent to different individuals?

23 A. Yes.

24 Q. Can you tie a specific developer that would come in with the

•

25 request to whom the letter was going to be sent? In other words,

625

1 do you recall who told you to send the letter to Sam Pierce?

2 A. When the developer would come in, they would specify who it
3 should go to.

4 Q. Exactly, but do you recall which developer, the name of the
5 developer that said you need to write the letter to Mr. Pierce?

6 A. I'm not -- for what project?

7 Q. Any project.

8 A. There were several developers that asked us to write these
9 letters.

10 Q. Exactly. And of those developers that asked you to write
11 the letters, some number of those developers asked you to write
12 the letter to Mr. Pierce?

13 A. Yes.

14 Q. And do you remember the names of any of those developers
15 that asked you to write to Mr. Pierce?

16 A. Yeah.

17 Q. Would you name the ones that asked you to write the letters
18 to Mr. Pierce?

19 A. Well, really I can't remember which ones said to Mr. Pierce,
20 which ones said to the others. I mean --

2 Q. So you don't have any --

2 A. That I really can't remember for sure.

2 Q. That's really what I was asking you, which developer would
2 ask you to write to Pierce, which one would ask you to write to
2 Ms. Dean?

626

1 A. I would have known it eight years ago, but I can't remember
2 it right now.

3 Q. You have no recollection of that today.

4 Are you familiar with the name of Claude Pepper?

5 A. Yes.

Q. Who is Mr. Pepper?

A. He's a congressman for Miami.

Q. And he is a -- how long has he been the --

A. He's deceased now.

10 Q. He's retired, deceased?

11 A. Deceased.

12 Q. How long was he a congressman for Miami?

13 A. A long, long time. I'm not sure how long, but a long, long

14 time.

15 Q. Many, many, many years.

16 A. Yes.

17 Q. Forty -- very long time.

18 A. Yes.

19 Q. And he was known as a very strong advocate for Miami, was he

20 not?

2 A. Yes.

2 Q. And for housing in Miami, was he not?

2 A. Yes.

2 Q. And did he help get mod rehab units to your office?

2 A. I only know from seeing letters that he wrote on behalf of

1 some developers. I've seen the letters that he wrote.

2 Q. And in fact, he wrote letters, did he not, ranking these

3 projects as to which ones he wanted funded first and second and

4 third and fourth, did he not?

5 A. I don't know if he ranked them. I think he, he wrote the

6 addresses of the projects. Whether he ranked them or not, I

7 don't know.

8 Q. Okay. But he would write the addresses of the project, the

9 street address?

10 A. I believe it said either the street address or the name of

11 the project. I'm not really sure. I can't remember without

12 looking at the document.

13 Q. Well, let me show you additional documents.

14 I marked Dean Exhibit No. 58, Your Honor.

Dean Exhibit 58 marked for identification.

(Defendant's Exhibit No. 58 was

20 Q. I just ask you to look at this and see if it refreshes your

2 recollection as to whether Congressman Pepper ever ranked

2 projects in the order in which he wanted them funded?

2 A. He's indicating the priority of the projects.

2 Q. And that means that he would say, "I want this one funded

2 first, this one funded second, this one funded third"; is that

correct?

A. Yes.

3 Q. Now do you know of your own personal knowledge -- back up
4 for a second.

5 As far as you understood the system, you would write to
6 HUD and say, "We want units"?

7 A. Yes.

8 Q. A developer would go to HUD and say, "We want units." A
9 congressperson would go to HUD and say, "We want units," correct?

10 A. The only case I'm aware of a congressman would be Claude
11 Pepper wanting the units.

12 Q. Right, exactly.

13 A. Right.

14 Q. Do you know what happened inside HUD as to how they would
15 make the decision as to whether Claude Pepper's district got the
16 units or whether somebody by the name of Rick Shelby, his
17 developer, got the units or whether somebody by the name of
18 Martinez got the units? Do you know how they made those
19 decisions?

20 A. No.

21 Q. You were just happy to have the units in Florida, correct?

22 A. Yes, the county was happy to have the units.

23 MR. WEHNER: Nothing further, Your Honor.

24 THE COURT: All right. Redirect, sir?

25 MR. O'NEILL: Thank you, Your Honor.

REDIRECT EXAMINATION

BY MR. O'NEILL:

3 Q. Mrs. Sharifi, you were asked on cross examination about what
4 type of studies did you do on projects before they entered the
5 pipeline. Can you tell the Ladies and Gentlemen of the Jury what
6 you did as to a project before you placed it in the pipeline?

7 A. I reviewed, I conducted a preliminary feasibility study
8 and --

9 Q. What does that mean in our regular, day-to-day language?

10 A. Basically, it's based on the owner's proposed terms of the
11 financing, plugging the operating expenses and the financing into
12 this financial feasibility analysis to see if it would, if it
13 would be within the fair market limits imposed by HUD.

14 Q. Is it fair to say he fills out an application and submits it
15 to you?

16 A. Yes.

17 Q. And you reviewed that application?

18 A. Yes.

19 Q. When did an on site inspection and a complete feasibility
20 study, when was that conducted by the local PHA?

21 A. That was done after HUD awarded the units to the county.

22 Q. So after a project had been selected?

23 A. Yes.

24 Q. Now just so the record is clear, you were asked about
25 letters going to Mr. Pierce, Ms. Dean, and Mr. Chaplin at HUD

630

1 headquarters. was Jim Chaplin, a name used on direct
2 examination, at HUD headquarters or at the regional office?
3 A. At the field office.
4 Q. Field office. And where was that located?
5 A. Jacksonville, Florida.
6 Q. Now you were asked by Mr. Wehner whether you recall whether
7 a particular developer, whether you could associate a particular
8 developer with a particular person at HUD headquarters, in other
9 words, a particular developer asking to write to Sam Pierce.

10 A. Um-hum.
11 Q. And your testimony was you could not.
12 A. Right.
13 Q. Is that right? Okay.
14 Now, Mrs. Sharifi, you stated that on the letter that
15 you would send out, you'd put a specific number of projects,
16 including the particular number of apartment units, including the
17 bedroom sizes. Why didn't you put the project name?
18 A. Why didn't?
19 Q. Right.
20 A. We were instructed not to put the project name on it.
2 MR. O'NEILL: No further questions. Thank you.

2 THE COURT: All right, thank you.

2 MR. WEHNER: Excuse me, Your Honor.

RE-CROSS EXAMINATION

BY MR. WEHNER:
3 Q. By whom?
4 A. The developers made it clear that they didn't want, they
5 told us they didn't want us to put the project name on it.
6 Q. But by no one from HUD headquarters?
7 A. No.
8 MS. WEHNER: And certainly not from Ms. Dean?
9 Thank you.

10 THE COURT: Ms. Sharifi, thank you, ma'am. You may
11 step down.
12 (Witness excused.)
13 THE COURT: Do you have a short witness in time frame?
14 MS. SWEENEY: Your Honor, I believe the direct
15 examination will be short.
16 THE COURT: All right. Let's do the direct and then
17 take a break.
18 MR. WEHNER: I've rarely been set up like that, Your
19 Honor, so successfully.
20 THE COURT: All right.
21 MS. SWEENEY: Your Honor, the government at this time
22 calls Eli Feinberg.
23 THE COURT: All right.

1 ELI MICHAEL FEINBERG, GOVERNMENT'S WITNESS, SWORN
2 DIRECT EXAMINATION

BY MS. SWEENEY:

4 Q. Mr. Feinberg, I'm going to be asking you a series of
5 questions, and I'll ask you to keep your voice up so that the
6 Ladies and Gentlemen of the Jury may hear all of your answers.
7 Will you kindly state your name for the record,
8 spelling your last name for the court reporter?
9 A. Eli Michael Feinberg, F-e-i-n-b-e-r-g.

10 Q. Mr. Feinberg, are you presently employed?

11 A. Yes, I am.

12 Q. And what type of employment are you engaged in?

13 A. I am the, the principal owner of a consulting/marketing firm
14 in Miami, Florida.

15 Q. What type of business does your consulting/marketing firm
16 do?

17 A. We do consulting and strategic planning and public relations
18 for companies in Florida and outside the state.

19 Q. Do you know an individual named Martin Fine?

20 A. Yes, I do.

21 Q. Who is Martin Fine?

22 A. Martin Fine is a prominent lawyer in the Miami, past
23 president of the Greater Miami Chamber of Commerce, and a friend
24 of mine.

25 Q. Without telling us what was said, did you ever have a

633

1 discussion with Mr. Fine about a building named Park Towers?

2 A. Yes, I did.

3 Q. And approximately when was that?

4 A. Sometime in early 1985.

5 Q. As a result of that discussion, did you do anything?

6 A. Yes. Mr. Fine and I talked about creating a consulting
7 relationship where I would try to assist him with his, his
8 problem.

9 Q. And what did you do in your attempts to try to assist him

10 with his problem?

11 A. Basically Mr. Fine had a, an application for some mod rehab
12 units. They had been approved in the local HUD office in Miami,
13 and I believe that they were also approved through the
14 Jacksonville office, and it was my, my mission to find out why
15 the projects had not been approved in Washington.

16 Q. Did you contact anyone else in your efforts to assist
17 Mr. Fine?

18 A. From our initial conversations, no. Later on, yes.

19 Q. When you contacted another individual in your efforts to
20 assist Mr. Fine, whom was it that you contacted?

2 A. The first person who I reached out to was a Mr. Rick Shelby.

2 Q. And who is Mr. Shelby?

2 A. Mr. Shelby was a consultant in, in Washington and at the
2 time was in a, I believe, a two-person consulting firm.

2 Q. Did there come a time when you entered into a formal

634

1 consulting agreement with Mr. Fine regarding mod rehab allocation
2 for Park Towers?

3 A. Yes. He and I signed an agreement again in early '85 for
4 the purposes of trying to get those units.

5 MS. SWEENEY: Just a moment, Your Honor?

6 May I approach the witness, Your Honor?

7 Q. Mr. Feinberg, I'm going to show you a document that's
8 previously been marked Government's Exhibit 68A for
9 identification. It's not in evidence, so I'll ask you not to
10 read from the document, but I'd ask you if you could look at that
11 document and if that refreshes your recollection as to the time
12 period when you entered into a formal consulting agreement with
13 Mr. Fine.

14 THE CLERK: Government's Exhibit 68A marked for
15 identification.

16 (Government's Exhibit No. 68A was
17 marked for identification.)

18 THE WITNESS: This is correct.

19 BY MS. SWEENEY:

20 Q. Does that refresh your recollection?

2 A. Yes.

2 Q. And what is your recollection as to when you entered into a
2 formal consulting agreement with Mr. Fine?

2 A. Well, we agreed to agree, again, around this period of time,
2 and then when I brought on some further consultants to assist in

Q. What was the period of time approximately that you agreed with Mr. Fine to, to serve as his consultant? I'm really looking for a date, Mr. Feinberg.

A. For an actual date, I don't recall.

Q. Can you give us a month or a season?

A. I'd probably say, you know, around the summer of '85.

Q. You mentioned that you were going to be working with some other consultants.

A. Yes.

Q. And can you tell us who they were?

A. Well, I had discussions with Shelby when he was basically working on his own with a partner in his own consulting company. The, the conversations and the understanding became a little bit more formalized when Mr. Shelby went to work for the Keefe Company.

Q. What role was Mr. Shelby to play in securing mod rehab units for Park Towers?

A. Basically Mr. Shelby was to provide access to, to the bureaucracy to try to find out where the problem was, try to resolve the problem, you know, to enter into a, a dialogue, to try -- again, in trying to resolve problems, if there were any.

Q. And what was your role, Mr. Feinberg?

A. Basically after the, the Keefe Company came on board, I acted more or less like a liaison between the Keefe Company and

636

1 Washington and Mr. Fine's office in Miami.

2 Q. Did you know Mr., were you aware of Mr. Shelby's
3 relationship with the Keefe Company?

4 A. Yes.

5 MR. WEHNER: Your Honor, I don't see the relevance of
6 this to Ms. Dean, and I raise the objection to that point of
7 relevancy.

8 THE COURT: The document?

9 MR. WEHNER: I don't see the relevancy of any of this.

10 THE COURT: we'll just have to wait until they bring
11 out some more, and we'll see.

14 Q. Mr. Feinberg, you indicated that Mr. Shelby's role was to

15 work in Washington, I believe you said, with the bureaucracy.

16 A. Yes.

17 Q. Did you come to understand with whom he was having contact
18 at HUD headquarters?

19 A. In various conversations with Mr. Shelby during the course
20 of the project, he would mention that he was going over to HUD to
2 talk to, to officials to check on the status of various matters,
2 and the two names of individuals that he would mention, again,
2 I'm not sure how you pronounce the last name, Silvio
2 DeBartolomeis.

2 Q. "DeBartolomeis"?

637

1 A. Yes, DeBartolomeis, and Deborah Dean.

2 Q. Did you and Mr. Shelby have an arrangement for sharing fees
3 on this project?

4 A. I did with the Keefe Company.

5 Q. And the Keefe Company was Mr. Shelby's employer; is that
6 correct?

7 A. Yes.

8 Q. Who was to receive the lion's share of the fees on this
9 project?

10 A. The Keefe Company.

11 Q. To your knowledge, was an individual named John Mitchell

12 working as a consultant on this project?

13 A. Not to my knowledge.

14 Q. To your knowledge, was Mr. Mitchell was going to receive any

15 consulting fees on this project?

16 A. Not to my knowledge.

17 Q. Did there come a time when you learned that a mod rehab

18 application had been made for Park Towers?

19 A. Yes.

20 Q. How did you learn that?

2 A. Mr. Shelby called me and, and asked me to try to find
2 Mr. Fine to alert him to that.

2 Q. Do you recall approximately when that occurred?

allbinders as word for experiment.txt

2 A. Late in '85.

2 Q. Did you ever receive any fees as a result of your work on

638

Park Towers?

2 A. Yes, I did.

3 Q. And how much did you receive?

4 A. My associate and I split a fee of \$80,000.

8 A. That he was having meetings with Ms. Dean.

9 Q. What did he tell you about his meetings with

10 Mr. DeBartolomeis?

11 A. That he was meeting with, with Silvio.

12 Q. Did he tell you that Ms. Dean said she would do something?

13 A. No.

14 Q. Did you get the impression that he said Ms. Dean would do
15 something?

16 A. The impression was that she would look into it.

17 Q. Did you get the impression -- okay. That she would look
18 into it?

19 A. Yes.

20 Q. What about Mr. DeBartolomeis, that he would look into it?

21 A. Yes.

2 Q. Or did Mr. DeBartolomeis say he was going to help?

2 A. Best impression? Look into it.

17 obviously they can't tell how long things are going to take
18 sometimes and questions that may be asked as issues come up in
19 the questioning. The attorneys in this case have been very
20 precise and are moving the case along, so we won't complain we
2 don't have any more witnesses today. So you're all going to get
2 to go, period, and then come back on Monday morning again.
2 Now, Ladies and Gentlemen, that's a nice recess, and I
2 want you to keep in mind my admonitions particularly again. I
2 don't want you casually talking about this case among yourselves

642

1 or making remarks to each other about it or letting anybody else
2 talk to you about it over the recess in any fashion, family or
3 friends, coworkers wondering what you're doing.
4 The only thing you can tell them is you're on a case
5 that's going to take a while and leave it at that, because if you
6 tell them the name of the case and all, someone's going to come
7 back and say to you, "I just saw something in the paper about
8 that." Then you'll get into trouble about it. So the only thing
9 you can learn about this case is what you learn here in the
10 courtroom and not through any conversations or reading or
11 listening to it in the media in any way.
12 So with that admonition in mind, we're going to recess
13 you all for the weekend, and we'll have you back at 9:30 Monday
14 morning, ready to proceed at that time. Next week, again, I
15 think we'll be planning Friday as either a short day -- I'm not
16 sure yet of our schedule on Friday; it will definitely be a short
17 day. I'm not sure how much time we'll get in on Friday, but
18 we'll let you know as we develop the case here and my other
19 schedule.

20 All right, have a good weekend. Remember the
2 admonitions of the Court that I give you at each break, and we'll
2 see you back 9:30 Monday morning. Thank you. Have a good
2 weekend.

2 (Jury out.)

2 THE COURT: Can we talk about witnesses for the next

643

few weeks for a few minutes?

2 MR. O'NEILL: Yes, Judge. We have a number of
3 out-of-town witnesses all set up. We have approximately 20
4 witnesses set up for the week.

5 THE COURT: Okay. Are they all out of town, too?

6 MR. O'NEILL: Most of them, but they're all set to come
7 the night before. The only person who I can't state for certain
8 is Louie Nunn -

9 THE COURT: Right.

10 MR. O'NEILL: -

whom we expect by the end of the week.

11 His doctor's appointment is Tuesday, and unless
12 something changes, he'll be coming later in the week. I'm just

allbinders as word for experiment.txt

13 going to tell Steve who the witnesses are for Monday.
14 THE COURT: All right. we'll get through as many as
15 you can. I hate to see people coming from out of town wait
16 around and miss it because we can't reach them, but at the same
17 time, I do want witnesses here. You all are moving the case on
18 both sides well.
19 MR. O'NEILL: So Your Honor knows, we're moving quicker
20 than we thought, so obviously the time frame is being pushed out.
21 THE COURT: That's all right. we'll see what we can
22 get. I'm sure there will be times when you'll slow down a little
23 bit.
24 MR. O'NEILL: Yeah. It always happens when you have
25 them ready.

644

1 THE COURT: Right. we'll try to get it going then and
2 keep it going like we are.
3 All right. If you'll give him the witness list for
4 Monday and make sure the Jencks and other materials, Giglio. is
5 all out so they can read it over the weekend?
6 Mr. Martinez, do you really want him back here or not?
7 I mean -
8 MR. WEHNER: I don't -
9 THE COURT: -
his letter is not sufficient to quash a
10 subpoena, but I just think -
11 MR. WEHNER: It is fifty-fifty that we will want him
12 back. I didn't know who represented him. I will certainly be in
13 touch with his attorney now -
14 THE COURT: You can find out his attorney and see what
15 the problems are.
16 MR. WEHNER: -
and discuss the problem and make sure
17 it's done in the proper way if we do need him back.
18 THE COURT: All right. we'll stand in recess until
19 return of court this afternoon.
20 (Recess from 11:08 a.m. to 9:30 a.m., September 20, 1993.)

1 PROCEEDINGS .
2 THE DEPUTY CLERK: Criminal number 92-181,
3 United States of America versus Deborah Gore Dean. We
4 have Robert O'Neill and Paula Sweeney for the
5 Government. Stephen Wehner for Miss Dean.
6 THE COURT: Good morning, counsel.
7 MR. O'NEILL: Good morning, Your Honor.
8 MR. WEHNER: Good morning, Your Honor.
9 THE COURT: well, one of the jurors was a bit
10 late, but we're ready to go at this time.
11 MR. O'NEILL: Your Honor, before we broke on
12 Friday you mentioned the scheduling for Friday of next
13 week. Could you be more specific at this time?
14 THE COURT: Yes, this week?
15 MR. O'NEILL: Yes.
16 THE COURT: Yeah, I think I have this FBI
17 fairness hearing I have to conduct. This week is a -18
18 Friday afternoon is a hearing in a case that follows
19 your case.
20 MR. O'NEILL: So it will only be in the
21 morning.
22 THE COURT: It will be in the morning, right.
23 MR. O'NEILL: Thank you.
24 THE COURT: All right. Have you got your
25 witnesses ready for today?

649

1 MR. O'NEILL: Yes, Your Honor, we do.
2 THE COURT: All right. Bring in the jury and
3 we'll be ready to go.
4 (Jury present)
5 THE COURT: All right. Good morning.
6 THE JURORS: Good morning.

allbinders as word for experiment.txt

7 THE COURT: Thank you for getting here
8 promptly now that you're all here. We're ready to
9 proceed and the Government is going to go and call the
10 next witness at this time.
11 MR. O'NEILL: Before I do, Your Honor,
12 pursuant to stipulation, the Government would be putting
13 into evidence Government's Exhibit 154. The defense has
14 stipulated to the authenticity of it.
15 THE COURT: All right. What is the cover on
16 that -- what's the date, or a description?
17 MR. O'NEILL: It is a check, Your Honor, dated
18 August 5th, 1986.
19 THE COURT: All right. It will be admitted
20 then.
2 MR. WEHNER: No objection.
2 (Government's Exhibit 154
2 received into Evidence)
2 MR. O'NEILL: Your Honor, at this time the
2 Government will call Mr. Martin Fine.

650

1 THE COURT: All right.
2 (MARTIN FINE, WITNESS FOR GOVERNMENT, SWORN)
3 DIRECT EXAMINATION
4 MR. O'NEILL:
5 Q Mr. Fine, I will be asking you a series of
6 questions. I'd ask you to speak loudly so all the
7 jurors can hear you. Will you please state your name
8 for the record, spelling your last name?
9 A Martin Fine, F-i-n-e.
10 Q Mr. Fine, what is your occupation?
11 A I'm an attorney.
12 Q And how long have you been an attorney?
13 A Forty-four years.
14 Q Are you currently associated with a law firm?
15 A I am.
16 Q And what is the name of that law firm?
17 A Fine, Jacobson, Schwartz, Nash and Block.
18 Q And are you the Fine in that title?
19 A I am.
20 Q Mr. Fine, how many persons -- how many lawyers are
2 in that firm?
2 A Approximately 75.
2 Q Now, Mr. Fine, where is that law firm located?
2 A In Miami, Florida.
2 Q And I'd ask you just to raise your voice a little

1 more.
2 A All right.
3 Q Or you could pull the microphone a little closer.
4 It might help.
5 Mr. Fine, can you please describe your
6 educational background?
7 A I went to Temple University in Philadelphia and
8 graduated law school at the University of Miami in June
9 of 1949.
10 Q Aside from the practice of law, have you been
11 engaged in any other occupation?
12 A Over the years I've developed some real estate.
13 Q And have you been -do
you have any housing
14 experience or real estate experience?
15 A I do.
16 Q Can you briefly describe that to the ladies and

17 gentlemen?

18 A I have developed several housing projects over the
19 years. I helped develop a nursing home. I helped
20 develop a congregate living facility.

21 Q And, Mr. Fine, are you familiar with the housing
22 project in the Miami area known as the Park Towers
23 Apartments?

24 A I am.

25 Q And what is your relationship, if any, to the Park

1 Towers Apartments?

2 A I am one of the general partners of that

3 development.

4 Q Were you involved with the building of that

5 development?

6 A I was.

7 Q Now, did there come a point in time where you

8 applied for funding from the Moderate Rehabilitation

9 Program for the Park Towers Apartments?

10 A Yes.

11 Q And approximately when did you do that?

12 A In about 1985 we expressed for the first time our
13 interest in participating in that program.

14 Q To whom did you apply for Mod Rehab funding?

15 A The local HUD, little HUD they call it, and it was
16 to Mr. Melvin Adams in the form of a letter.

17 MR. WEHNER: Excuse me, Your Honor, could I
18 have a repeat of that date? I didn't catch the year.

19 THE COURT: All right.

<

20 MR. WEHNER: The year, Mr. O'Neill? I didn't
2 hear what year.

2 BY MR. O'NEILL:

2 Q Can you repeat it again?

2 A I'd have to see the letter to make certain, but I
2 believe it was 1985. I'm sorry, 1983.

653

1 Q I would show you what's previously been marked for
Page 356

2 identification as Government's Exhibit 62?

3 THE DEPUTY CLERK: Government's Exhibit 62

4 marked for identification.

5 (Government's Exhibit 62 marked

6 for Identification)

7 BY MR. O'NEILL:

8 Q And I ask you if you would look at this, please, and

9 don't read it out loud because it's not in evidence at
10 this time, and by reviewing that document does that
11 refresh your recollection as to when you first applied?

12 A Yes, it does.

13 Q And when would that be, Mr. Fine?

14 A In '83, 1983.

15 Q Now, again, to whom did you apply for the Mod Rehab
16 funding?

17 A To Melvin Adams in his capacity as Executive
18 Director of the Public Housing Agency in Miami known as
19 little HUD.

20 Q why did you apply to the local public housing
2 authority?

2 A Because it was my impression that that's where the
2 process started.

2 Q And you mentioned Mel Adams, what was his position
2 with the local public housing authority?

654

1 A He was Executive Director.

2 Q Now, did there come a point in time where you
3 received a response from the local public housing
4 authority?

5 A No.

6 Q Did there come a point in time where you hired or
7 retained a consultant to assist you in obtaining Mod
8 Rehab units for the Park Towers Apartments?

9 A Yes.

10 Q And who did you turn to?

11 A Eli Feinberg.

12 Q why did you contact Eli Feinberg?

13 A I knew Eli had been in Washington. He had been
14 Chief Administrative Assistant to one of our United
15 States Senators and I felt that he was able to look into
16 that situation and be of assistance.

17 Q Mr. Fine, did you enter into an initial agreement
18 with Eli Feinberg in which you agreed to pay a sum of
19 money for his services?

allbinders as word for experiment.txt

2 0 A Yes.

2 Q And how much did you agree to pay on this initial agreement?

2 A On the initial agreement it was \$150,000.

2 Q Mr. Fine, did there come a point in time when that initial agreement was revised?

655

1 A Yes.

2 Q what did the new agreement provide for?

3 A The new agreement provided for a payment of

4 \$225,000.

5 Q To whom was that payment going to be paid?

6 A To Mr. Feinberg and to the Keefe Company.

7 Q Now, are you familiar with an individual by the

8 name of Richard Shelby?

9 A Yes, I am.

10 Q And to your understanding, what was Richard Shelby supposed to do in seeking Mod Rehab units for the Park Towers Apartments?

13 A It was my understanding that Mr. Shelby was experienced in matters of that nature and that he would help guide the application through the appropriate process.

17 Q Mr. Fine, did there come a point in time where you received word that some Mod Rehab units were coming to the Miami area?

20 A Yes.

2 Q And how did you learn that?

2 A My recollection is I learned that in a memo, I think it was a fax, from Mr. Shelby.

2 Q Now, to your -- at that time, to your knowledge, did that -- well, withdrawn. Do you recall at this time

656

1 how many units were coming to the Miami area?

2 A My recollection is it was in the neighborhood of 3 160 or 266. Somewhere in that vicinity.

4 Q Was it your understanding that the Park Towers

allbinders as word for experiment.txt
5 Apartments would be included in that 266?
6 A I had been advised by Mr. Shelby that our
7 allocation was supposed to be a part of that.
8 Q How many units were you seeking for the Park Towers
9 Apartments?
10 A 143.
11 Q Now, after receiving this fax from Mr. Shelby, did
12 you in turn send any money to anyone? Do you
13 understand? I could repeat that.
14 A All right.
15 Q After receiving this information as to Mod Rehab
16 units coming to Miami, pursuant to your contract did you
17 send any money?
18 A Pursuant to our contract we did, and as I recall,
19 the amount was \$45,000 which was agreed to in the
20 contract.
2 Q Now, were there still other issues that had to be
2 resolved concerning Park Towers Apartments?
2 A We learned that there was – the answer is yes. We
2 learned there was a requirement that we needed two
2 waivers.

657

1 Q Was the waiver issue ultimately resolved?
2 A Yes.
3 Q Now, did there come a point in time where Park
4 Towers Apartments received 143 units?
5 A Yes.
6 Q And at that point did you have to pay an additional
7 sum of money to the Keefe fund?
8 A Yes.
9 Q How much money was paid?
10 A An additional \$180,000, for a total of \$225,000.
11 Q During his lifetime, Mr. Fine, did you know
12 John Mitchell, the ex-Attorney General of the United
13 States?
14 A I didn't know him. The answer is I had met him
15 once about 25, 30 years ago, it may have been, at a
16 committee that I served on at HUD to deal with bond
17 transactions, and he was a member of that committee.
18 Q Did that meeting have anything to do with the Park
19 Towers Apartments?
20 A No, it did not.
2 Q Were you aware that John Mitchell was acting on
2 your behalf as a consultant in seeking Mod Rehab units
2 for the Park Towers Apartments?
2 A No.
2 Q Were you aware that John Mitchell received \$50,000

658

1 as a consultant's fee for his role in the Park Towers
2 Apartments?
3 A No.
4 Q Now, Mr. Fine, did you know the defendant
5 Deborah Gore Dean who is seated in the courtroom today?
6 A I do not.
7 Q And have you ever met her?
8 A No.
9 Q Mr. Fine, at this time I'd like to show you a
10 number of documents and I'll begin with the document I
11 showed you for identification earlier, Government's
12 Exhibit 62. And I ask you if you recognize that, sir?

allbinders as word for experiment.txt

13 A I do.
14 Q And what do you recognize that to be?
15 A A letter that I wrote to Mel Adams in his capacity
16 as Executive Director of the Housing Authority on
17 December 5th, 1983 expressing our initial interest for
18 units.
19 MR. O'NEILL: At this time, Your Honor, I'd
20 move that into evidence as Government's Exhibit 62.
2 MR. WEHNER: No objection, Your Honor.
2 THE COURT: All right, Government's 62 is
2 admitted.
2 (Government's Exhibit 62 received
2 into Evidence)

659

1 BY MR. O'NEILL:
2 Q Mr. Fine, I'll now show you what's previously been
3 marked Government's Exhibit 63.
4 THE DEPUTY CLERK: Government's 63 marked for
5 identification.
6 (Government's Exhibit 63 marked for
7 identification)
8 BY MR. O'NEILL:
9 Q Again, Mr. Fine, I would show you Government's
10 Exhibit 63 for identification and I'd ask you if you
11 recognize that, sir?
12 A I do.
13 Q What do you recognize that to be?
14 A A letter dated February 27th, '84 which I wrote to
15 Mr. Calabrese of the local housing authority asking for
16 the application packet.
17 MR. O'NEILL: Your Honor, I'd now move this
18 into evidence as Government's Exhibit 63.
19 MR. WEHNER: No objection, Your Honor.
20 THE COURT: All right, 63 is admitted.
2 (Government's Exhibit 63 received
2 into Evidence)
2 BY MR. O'NEILL:
2 Q Mr. Fine, at this time I show you what's previously
2 been marked for identification as Government's Exhibit

1 6 8A.
2 THE DEPUTY CLERK: Government's Exhibit 68A
3 marked for identification.
4 (Government's Exhibit 6 8A marked
5 for identification)
6 BY MR. O'NEILL:
7 Q And I would show Government's Exhibit 68A to you,
8 Mr. Fine, and I ask you if you recognize that document?
9 A I do.
10 Q And what do you recognize that to be?
11 A This is a letter dated May 30th of '85 in which I
12 employed Mr. Feinberg to be of advice and assistance to
13 us.
14 MR. O'NEILL: Your Honor, at this time I'd
15 move it into evidence as Government's Exhibit 68A.
16 MR. WEHNER: No objection, Your Honor.
17 THE COURT: All right. No objection. 68A is
18 admitted.
19 (Government's Exhibit 68A received
20 into Evidence)
2 MR. O'NEILL: With the Court's permission,

allbinders as word for experiment.txt
2 Your Honor, at this time I'd publish it to the jury.
2 THE COURT: All right. You can go ahead and
2 do so.
2 BY MR. O'NEILL:

661

1 Q Mr. Fine, I will show you what's previously been
2 marked for identification as Government's Exhibit 70A.
3 THE DEPUTY CLERK: Government's Exhibit 70A
4 marked for identification.
5 (Government's Exhibit 70A
6 marked for Identification)
7 BY MR. O'NEILL:
8 Q And I'd ask you if you recognize it, sir?
9 A I do.
10 Q And what do you recognize that to be?
11 A A letter dated July 18th, 1985 to Mr. Feinberg in
12 which we reiterate our employment and in which the total
13 fee is \$225,000.
14 Q Mr. Fine, at this time I'll show you Government's
15 Exhibit 72 for identification which is slightly worse
16 for wear since I ripped it.
17 THE DEPUTY CLERK: Government's Exhibit 72
18 marked for identification.
19 (Government's Exhibit 72 marked
20 for Identification)
21 BY MR. O'NEILL:
22 Q And I'd ask if you recognize that, sir?
23 A I do.
24 Q And what do you recognize that to be?
25 A A memo that I wrote to the file dated July 31st,

662

1 1985.
2 Q And is that concerning the Park Towers Apartments?
3 A It is.
4 MR. O'NEILL: I'd move that into evidence now,
5 Your Honor, as Government's Exhibit 72.
6 THE COURT: All right. No objection?
7 MR. WEHNER: No objection.
8 THE COURT: 72 is admitted.
9 (Government's Exhibit 72
10 received into Evidence)
11 THE COURT: You didn't want to move 70A?
12 MR. O'NEILL: I thought I had, Your Honor. I
13 did not? I'll move it in at this time.
14 MR. WEHNER: No objection.
15 THE COURT: All right, 70A is admitted, May
16 '85 renewed contract.
17 MR. O'NEILL: Thank you.
18 (Government's Exhibit 70A
19 received into Evidence)
20 BY MR. O'NEILL:
21 Q Mr. Fine, at this time I'd show you what's
22 previously been marked for identification as
23 Government's Exhibit 79.
24 THE DEPUTY CLERK: Government's Exhibit 79
25 marked for identification.

1 (Government's Exhibit 79

3 BY MR. O'NEILL:
4 Q And, sir, I'd ask if you recognize that?
5 A I do.
6 Q And what do you recognize that to be?
7 A An indication from HUD that there will be an
8 allocation of 266 units to Dade County.
9 Q And do you recall receiving that?
10 A Yes.
11 MR. O'NEILL: I move that into evidence, Your
12 Honor, as Government's Exhibit 79.
13 MR. WEHNER: No objection, Your Honor.
14 THE COURT: All right. 79 will be admitted.
15 (Government's Exhibit 79
16 received into Evidence)
17 BY MR. O'NEILL:
18 Q Mr. Fine, at this time I'd show you what's
19 previously been marked for identification purposes as
20 Government's Exhibit 79A.
2 THE DEPUTY CLERK: Government's Exhibit 79A
2 marked for identification.
2 (Government's Exhibit 79A
2 marked for Identification)
2 BY MR. O'NEILL:

1 Q Sir, I'd ask you
2 A Sorry?
3 Q Do you recognize
4 A I do.
5 Q And what do you

2 BY MR. O'NEILL:
2 Q Can you identify it, please, Mr. Fine?
2 A Yes, it's a letter from Rick Shelby of the Keefe
2 Company dated 5-29-86.

666

1 Q And do you have an attachment on this letter for
2 yourself?
3 A Yes, it's a letter -- or a memo dated 6-2-86 in
4 which I sent a copy of it to John Kislak.
5 Q And who -- just for the record who would
6 John Kislak be?
7 A He's partner in this project.
8 Q A partner of yours, Mr. Fine?
9 A Yes.
10 Q I show you a document previously marked as
11 Government's Exhibit 93 for identification.
12 THE DEPUTY CLERK: Did you say 93?
13 MR. O'NEILL: 93.

8 THE JURORS: Good morning.

9 CROSS-EXAMINATION

10 BY MR. WEHNER:
11 Q Good morning, Mr. Fine. My name is Steve Wehner
12 and I represent Miss Dean. We've never had the
13 opportunity to meet before.
14 Your involvement in Park Towers was a little
15 more complex than your direct testimony entailed, was it
16 not? By that I mean the process was more complex in
17 terms of waivers and getting the project funded, et
18 cetera, et cetera?
19 A The whole process was complex, yes.
20 Q And you basically gave a summary of that process on
2 your direct examination, did you not?

2 A Yes.
2 Q Directing your attention back to December of 1983
2 when you testified, I believe, that the project started,
2 how did you first become aware of the Mod Rehab Program?

669

1 A The project didn't start in December of '83. The

2 letter was --

3 Q When you first wrote a letter asking for

4 consideration for the Mod Rehab Program.

5 A Yes, exactly.

6 Q How had you become aware of the program at that

7 point?

8 A There were other projects of that nature going on

9 throughout the country and there were some in Dade
10 County and generally there were advertisements, what
11 they called floaters, I think, notice of fund
12 availability, and I became aware of it.

13 Q So you became aware from reading a newspaper

14 advertisement?

15 A Not always. I read other housing periodicals and I
16 knew that was a program that had been enacted by the
17 Congress and was being implemented in Miami.

18 Q Part of your information came from reading it in
19 the public newspaper.

20 A Oh, yes.

2 Q And after you read that in the public newspaper did
2 you do some further checking in the program?

2 A I did some checking as a result of reading about it
2 in housing periodicals and the newspaper, yes.

2 Q And you never previously had done a Moderate

670

1 Rehabilitation Project, right?

2 A Not Moderate Rehab, yes.

3 Q You had had some experience generally in other HUD
4 programs?

5 A I had.

6 Q But not in Moderate Rehabilitation Programs?

7 A Correct, not as a developer.

8 Q Not as a developer.

9 Did you first call Mr. Mel Adams or did you
10 first simply write him a letter expressing interest? Do
11 you remember?

12 A I can't recall.

13 Q Do you remember having conversations with
14 Mr. Adams?

15 A Yes.

16 Q Approximately when you wrote the letter and over
17 the succeeding years?

18 A Yes.

19 Q What did Mr. Adams tell you regarding how the
20 Moderate Rehabilitation Program was funded? How were
2 those decisions made?

2 A He told me that those decisions were made in
2 Washington at the HUD office.

2 Q Did he express any - could you infer that there
2 was anything that he - that he believed there was

671

1 anything wrong with that process, from what he said?

2 A I didn't make any inference. He said that's where
3 it was, the decisions were being made, and that's what I
4 followed up on.

5 Q Did he have any suggestions for you as how you
6 should then go about seeing that your project was
7 funded?

8 A No.

9 Q Ultimately you decided to hire a consultant in
10 Miami, is that correct?

11 A Yes.

12 Q And that was Mr. Feinberg.

13 A Yes.

14 Q What gave you the idea initially to hire the
15 consultant?

16 A Because it was my understanding that consultants
17 were being hired in projects of that nature and I did
18 not have the experience in Washington with HUD to go
19 through the bureaucratic effort to get it, and so I
20 thought a consultant was a wise person to have to assist
21 us.

22 Q And did Mr. Feinberg -- he had Washington
23 experience, did he not?

24 A He did.

25 Q And he had been an administrative assistant to a

672

1 Senator, had he not?

2 A He had.

3 Q So you believed that he knew how Washington worked,
4 correct?

5 A Yes, correct.

6 Q And you didn't have any intention at that time, and
7 for that matter, never had any intention that

8 Mr. Feinberg would do anything, quote, wrong, end quote,
9 on your behalf?

10 A Of course not.

11 Q You just wanted him to help you get through the
12 Washington maze.

13 A Yes.

14 Q Did Mr. Feinberg report back to you?

15 A On many occasions.

16 Q And he kept you informed, did he not, as to what he
17 was doing, generally?

18 A He did.

19 Q When he was doing it.

20 A Yes.

2 Q Who he was meeting with.

2 A Yes.

2 Q And what the progress of the matter was, isn't that

2 correct?
2 A That is correct.

673

1 Q And he also informed you that he had retained
2 another Washington person by the name of Shelby, is that
3 correct?
4 A That is correct.
5 Q And he told you that Shelby was going to do what?
6 A He told me that Shelby would work with him in an
7 effort to obtain an allocation.
8 Q Did you believe, based upon your conversations with
9 Mr. Feinberg, that Shelby was going to do anything,
10 quote, wrong, end quote?
11 A No.
12 Q Of course not. You thought that that was a part of
13 the process in obtaining the Moderate Rehabilitation
14 units, isn't that correct?
15 A That's correct.
16 Q For that matter, did there ever come a time when
17 Mr. Shelby led you to believe that he was doing anything
18 wrong in terms of helping you get the project?
19 A No.
20 Q Okay. And, in fact, Mr. Shelby reported to you
2 from time to time, did he not?
2 A He did.
2 Q And you wrote down what Mr. Shelby told you, didn't
2 you, generally?
2 A I did.

674

1 Q And lawyers have a bad habit of taking notes of
2 telephone conversations.
3 A Yes.
4 Q So we generally write down what was said during a
5 telephone conversation, isn't that correct?
6 A That's correct.
7 Q And you kept extensive notes of those
8 conversations.
9 A I did.
10 Q And, of course, nowhere in those conversations is
11 any reflection that Mr. Shelby or Mr. Feinberg was doing

12 anything illegal or wrong on your behalf, isn't that
13 right?
14 A That's correct.
15 Q And you certainly wouldn't have been involved in it
16 if they had been doing anything wrong or illegal?
17 A Absolutely, I would not have been involved.
18 Q Absolutely not. You are a fairly well known and
19 reputable, if I might say, attorney in the Florida area,
20 are you not?
2 A I would like to think so.

2 Q And you value your reputation highly, do you not?
2 A I do.
2 Q And you would be very careful about harming your
2 reputation, would you not?

675

1 A I'd be very very careful.

2 Q And would stay away from anything you thought might
3 besmirch that reputation, isn't that correct?

4 A That's correct.

5 Q Is that one of the reasons you took such careful

6 notes of your telephone conversations with Mr. Feinberg

7 and Mr. Shelby so you'd have an absolutely accurate

8 recollection of what had happened?

9 A That's one of the reasons.

10 Q And because you have that accurate recollection you
11 can be absolutely sure, as far as you knew, they were
12 doing nothing, quote, wrong, unquote, on your behalf, is
13 that right?

14 A I believe so.

15 Q Now, I want you to explain, please, the difference
16 to the jury between what are called waivers in the
17 housing field and funding, because as I understand this,
18 that the Moderate Rehabilitation Program is funded by
19 units and we understand that money comes from
20 Washington, D.C. to the local housing authority and then
2 is paid out to developers, correct?

2 A I believe that's correct.

2 Q Now, would you explain what the difference between
2 that and waivers is?

2 A A waiver is a -- a waiver is an administrative

676

1 regulation in which there will be -- which there was
2 decided that certain conditions had to be waived in
3 order to obtain these funds, and there were two such
4 waivers that we requested in our case.

5 Q A waiver basically means, does it not, that a
6 regulation that exists is removed as it pertains to a
7 particular project, isn't that right?

8 A That's correct.

9 Q And somebody at HUD has to say we're not going to

10 apply this regulation to your project, do they not?

11 A That's right.

12 Q Let's talk about the first waiver for a minute.

13 what regulation generically was in effect that had to be
14 waived for the first waiver?

15 A It had to do with the fact that any project which
16 had received a subsidy for a certain period of time
17 might not be eligible.

18 Q So your project, Park Towers, had been receiving a
19 subsidy for a period of time, is that right?

20 A It had.

2 Q what type of subsidy was that?

2 A It was a mortgage insured under the FHA 221D3
2 program at a low market rate of interest.

2 Q So, generally speaking, the Government limits the
2 amount of support they will give to those housing

677

1 programs, do they not?

2 A I don't know what they limit, but I know that was
3 one of the administrative regulations.

4 Q And that administrative regulation said that you

5 can't have the Government insuring a below market

6 mortgage at the same time you're doing a moderate

7 rehabilitation, is that right?

8 A No, not quite.

9 Q Explain it, please.

10 A All right. We had paid off that mortgage. That
11 mortgage was no longer in effect. And we had agreed to
12 pay it off or had paid it off, I'm not sure, but in any
13 event, it had to be-- the administrative regulation said
14 that if it had received any subsidy for a certain number
15 of years then it would not be eligible, then it may not
16 be eligible.

17 Q By that regulation you were not eligible unless a
18 waiver was issued, is that accurate?

19 A That is accurate.

20 Q Now, you went about getting a waiver of that
2 regulation, did you not?

2 A I did. I requested that.

2 Q How did you go about requesting that waiver?

2 A I requested that through Mr. Melvin Adams of the
2 local housing authority.

678

1 Q And Mr. Adams replied back to you and what did he
2 say?

3 A He said he requested it in Washington. He would
4 send our request to Washington.

5 Q Did he say he would concur in that request?

6 A He did concur.

7 Q He did with his concurrence.

8 A Yes.

9 Q Did you receive any information at any point before
10 you received the waiver as to to whom in Washington that
11 waiver request was going?

12 A I don't recall that.

13 Q Do you recall receiving information after the
14 waiver was granted as to who made the decision to grant
15 the waiver?

16 A I think we had a letter, a copy of the letter in
17 which the waiver had been granted.

18 Q And do you recall who was the signatory on the
19 letter?

20 A My recollection is it was Mr. DeBartolomeis.

2 Q And do you know what position Mr. DeBartolomeis had
2 at that time?

2 A I knew he was a HUD official.

2 Q Did you discuss that waiver that Mr. DeBartolomeis
2 signed with Mr. Shelby?

1 A Yes.

2 Q what did Mr. Shelby tell you about what

3 Mr. DeBartolomeis was doing?

4 A He said he had approved the waiver.

5 Q Mr. DeBartolomeis had approved the waiver.

6 A Yes.

7 Q Okay. Did you have any discussions about that

8 waiver with Mr. Feinberg?

9 A Yes.

10 Q And what did he tell you about the waiver?

11 A The same thing Mr. Shelby told me, that they had
12 applied for it and had reason to believe it would be
13 granted.

14 Q And that Mr. DeBartolomeis had granted the waiver,
15 isn't that correct?

16 A Yes.

17 Q At any point in that time did you have any
18 conversations with former Attorney General
19 John Mitchell?

20 A No.

2 Q Okay. were you told that John Mitchell was doing

2 anything?

2 A No.

2 Q But you were told who made the decision about the
2 first waiver?

680

1 A I was told who signed the letter and then I
2 received a copy of the letter.

3 Q Now, the second waiver, would you describe for the
4 jury what the second regulation was that you needed to
5 have voided or done away with or ignored, whatever, for
6 the project?

7 A It was in the nature of the same type of -- it was
8 a subsidy. It was a section 312 loan which had been
9 made by the City of Miami with federal funds and we had

10 made it for improvements, and it was basically the same
11 situation, that is, there had been a subsidy, and
12 therefore there needed to be a waiver of those two
13 items.

14 Q And did you discuss that with Mr. Adams?

15 A I did.

16 Q And what did Mr. Adams say to you?
17 A The same thing, because we discussed both waivers
18 at one time.
19 Q Very good. Did you have a similar conversation
20 with Mr. Feinberg?
2 A Yes.
2 Q Similar conversation with Mr. Shelby?
2 A Yes.
2 Q And did you find out who made the decision to issue
2 the waiver of that regulation?

681

1 A I don't know who made the decision. I knew who
2 signed the letter.
3 Q Who signed the letter?
4 A Mr. DeBartolomeis.
5 Q Did you have discussions with Shelby and Feinberg
6 where it was discussed that he had made that decision?
7 A He signed the letter.
8 Q Okay. But did you have any conversations with
9 Shelby -
10 A I don't recall.
11 Q You don't recall. Or with Feinberg?
12 A I don't recall.
13 Q For the second waiver, was John Mitchell's name
14 ever mentioned?
15 A Never.
16 Q Now, these waivers, both these waivers, did they
17 take place before or after you received approval for Mod
18 Rehab funding?
19 A This whole process started ten years ago and I
20 can't remember exactly the dates but they took place
21 prior to the execution of the AHAP agreement which is
22 the agreement in which we actually entered into a
23 contract with the Government.
24 Q Do you recall that Park Towers received the funding
25 in approximately November of 1985?

682

1 A I think it was about that time.
2 Q At that point in time in November of 1985, do you
3 recall receiving information from your Washington
4 consultants that your units had been funded?
5 A I'd have to look at the letter or memo, but I think
6 the answer to that question and my recollection is,
7 about that time.
8 MR. WEHNER: Your Honor, may I approach the
9 witness?
10 THE COURT: All right.
11 BY MR. WEHNER:
12 Q I show you what's been previously introduced as
13 Government's exhibit 79A and ask you if that reflects
14 your receiving that information on or about November 27
15 of 1985?
16 A Which information?
17 Q That the Mod Rehab Program had been funded.
18 A Yes.
19 Q Now, at or about that same time did you hear from
20 Mr. Feinberg that it had been funded?

2 A At or about that time my recollection is that it
2 did.
2 Q Did Mr. Feinberg say to you who funded it?
2 A He said HUD funded it.
2 Q At the same time you received that letter from

Mr. JShelby, did you not? Fax, I'm sorry.

During any of those conversations did

Just that HUD had funded it.
Did he tell you that Mr. Mitchell had

11 A He did not.

anything to

your life?

14 Q When was the first time you heard Deborah Gore
15 Dean s name mentioned outside of readig it in the
16 newspaper?
17 A I don't recall. I -- by that I mean I think the
18 first time I saw it was in the newspaper.
19 Q Other than that?
20 A I have no recollection.
2 Q Do you have any recollection of Deborah Gore Dean
2 before you met with agents of the FBI with regard to the
2 Mod Rehab Program?
2 A I don't understand your question, I'm sorry.
2 Q Did agents of the FBI ask you about Deborah Gore

684

1 Dean when they interviewed you about the Hod Rehab

2 Program?

3 A I don't recall. I really don't. But I -- I don't

4 recall any questions of that nature.

5 Q Did they ask you about John Mitchell?

6 A I don't recall if they did. They may have, but I

7 really can't clearly say that I recall.

8 Q I show you a telephonic interview on May 13th of

9 1992 which purports to be an interview with you, I

10 assume, by agents of the Independent Counsel's Office,
11 and I'll ask you if you recall saying to them that, "He
12 had never heard Mitchell's name mentioned in connection
13 with Mod Rehab in Florida, and he," meaning you, "had no
14 knowledge that Mitchell had any involvement in the Park
15 Towers project?"

16 A I may very well have said that.

17 Q And that is consistent with what you said today, is
18 it not?

19 A I never discussed it with Mr. Mitchell. I never
20 knew he was involved.

2 Q Okay.

2 Q You had what you perceived to be or what actually
2 was a decent relationship with Mel Adams, did you not?

2 A I did.

2 Q And he -- in your judgment he is a straightforward

685

1 honest, good, hard working public servant, is he not?

2 A Yes, sir.

3 Q And you talked to him regularly about the project,
4 did you not?

5 A I talked to him often.

6 Q As a matter of fact, he called you and told you
7 when that program will be funded, did he not?

8 A He did on one occasion or more perhaps, but he did
9 originally, yes.

10 Q And I believe that that telephone call was on or
11 about December 3rd of 1985, was it not?

12 A I believe it was in that period. I don't know if
13 it was exactly the 3rd.

14 Q At any event, it was after you had heard that from
15 Shelby and Feinberg?

16 A I believe so.

17 Q Shortly thereafter.

18 A I believe so.

19 Q Do you recall Mr. Adams saying to you that the
20 units have been allocated but there was no actual

allbinders as word for experiment.txt
2 designation for your building?
2 A Yes.
2 Q what did you take that to mean from Mr. Adams?
2 A I took it to mean I had a degree of concern about
2 whether our units were actually funded -allocated.

686

1 Q why was that?

2 A I didn't have anything in writing from HUD that

3 said they were going to allocate 143 units for Park

4 Towers.

5 Q Didn't Mr. Adams say he was going to give you the

6 143 units?

7 A He did not say it directly. He said 266 units had

8 been allocated. Originally when I talked to him he said

9 he thinks that 143 were allocated to Park Towers. He
10 called me several days later and said he wasn't sure.
11 That's my recollection.

12 Q Did you have a conversation with Mr. Adams in which
13 he finally told you that, yes, 143 of these are yours?

14 A I never felt as if the allocation was completely
15 and finally officially done until we signed the AHAP
16 agreement at the HUD office in Miami.

17 Q And who signed the AHAP agreement with you?

18 A I don't recall.

19 Q Do you recall that Mel Adams was present?

20 A I really don't recall. I can tell you I signed it
2 and a HUD official signed it. It may have been

2 Mr. Adams.

2 MR. WEHNER: Nothing further, Your Honor,
2 thank you.

2 THE COURT: All right. Thank you.

687

1 MR. O'NEILL: Very briefly, Your Honor.

2 THE COURT: All right.

3 There's some redirect.

4 REDIRECT EXAMINATION

5 BY MR. O'NEILL:

6 Q Mr. Fine, during cross-examination you were asked

allbinders as word for experiment.txt
7 about your notetaking and your habits of doing so. When
8 you make those notes, are they made at or about the
9 time -- as the events are taking place?
10 A They are.
11 Q And do you try to be as accurate as possible in
12 your notes?
13 A I do.
14 Q Now, Mr. Wehner asked you about when was the first
15 time you heard the defendant Deborah Gore Dean's name.
16 Did you ever hear her name at all in any way, shape or
17 form in relation to the Park Towers project?
18 A I have no recollection that I did.
19 Q But you did hear the name Silvio DeBartolomeis?
20 A Yes, I did.
2 Q And that's reflected in your notes.
2 A Yes, it is.
2 MR. O'NEILL: No further questions.
2 THE COURT: All right. Anything else?
2 Thank you, Mr. Fine.

688

1 THE WITNESS: Thank you, sir.

2 MR. O'NEILL: Your Honor, at this time the

3 Government would call John Rosenthal.

4 THE COURT: All right. John Rosenthal.

5 (JOHN ROSENTHAL, WITNESS FOR GOVERNMENT, SWORN)

6 DIRECT EXAMINATION

7 BY MR. O'NEILL:

8 Q Mr. Rosenthal, I plan to ask you a number of

9 questions. Please speak loudly so that all the jurors

10 can hear you. Sir, would you please state your name for
11 the record, spelling your last name for the Court
12 reporter?

13 A My name is John Rosenthal, R-o-s-e-n-t-h-a-l.

14 Q Mr. Rosenthal, are you currently employed?

15 A Yes, I am.

16 Q And how are you employed, sir?

17 A I'm self-employed as chairman of the board of
18 Fennrose Properties.

19 Q What type of business is Pennrose Properties?

20 A The development of affordable housing.

2 Q Sir, can you briefly state your educational

2 background to the ladies and gentlemen of the jury?

2 A Yes, I have a bachelor of arts from Williams

allbinders as word for experiment.txt
2 College in Massachusetts. I have an MBA from Cornell
2 University and a law degree from Cornell University as

689

1 well. I'm admitted to practice law in the State of New

2 York.

3 Q Just for the record, do you practice law?

4 A No, I do not, nor have I ever practiced law.

5 Q I hope that's not directed at me.

6 Mr. Rosenthal, are you familiar with the

7 project in Pennsylvania known as the Necho Allen Hotel?

8 A Yes, I am.

9 Q And how are you familiar with that project, sir?

10 A I was the general partner and the developer and the
11 owner of that project.

12 Q Did there come a time when you sought exception
13 rents for that project?

14 A Yes, I did.

15 Q In ordinary laymen terms, what are exception rents?

16 A Exception rents are a waiver of the existing rental
17 guidelines that HUD establishes for a geographical
18 area. Usually that is a result of special circumstances
19 which requires higher rents than what is normally market
20 in that area.

2 Q Did you personally attempt to obtain exception

2 rents for the Necho Allen Hotel?

2 A Yes, I did.

2 Q what if anything did you do?

2 A I contacted the Department of Housing and asked for

690

1 a waiver for exception rents in order to facilitate the

2 rehabilitation of what was a vacant old hotel property

3 in Pottsville, Pennsylvania.

allbinders as word for experiment.txt
4 Q Were you successful in obtaining exception rents?

5 A Eventually I was, but not initially.

6 Q And were you successful when you tried it on your

7 own?

8 A By contacting HUD directly?

9 Q Right.

10 A No, I was not.

11 Q What if anything did you do next?

12 A I contacted a consultant.

13 Q Okay. And who did you contact?

14 A Andy Sankin.

15 Q How did you know Andrew Sankin?

16 A I was introduced to him by a developer friend of
17 mine and a partner, Mr. Berel Altman.

18 Q Would that be B-e-r-e-l A-l-t-m-a-n?

19 A That is correct.

20 Q What if anything did you tell Mr. Sankin?

2 A I told Mr. Sankin that we had a development

2 problem. There was a big vacant historic building in
2 downtown Pottsville, that the building could not be
2 rehabilitated for senior citizen housing without the
2 opportunity to get a rent level that would be sufficient

1 -to support the rehabilitation of that building.

2 Q As a result of your conversation with Mr. Sankin,
3 did you reach an agreement with him?

4 A Yes, I did.

5 Q What was agreed upon?

6 A To pay Mr. Sankin a fee for his assistance in
7 trying to get a waiver of those exception rents.

8 Q And what was the fee that was agreed to?

9 A \$10,000.

10 Q To your knowledge what was Mr. Sankin going to do
11 in order to try to get this waiver for the exception
12 rents?

13 A Well, to use whatever contacts he had in a central
14 office, to have a central office review the decision
15 that was a part of the Philadelphia region office which
16 denied my request for exception rents.

17 Q Was he able to set up any meetings for you on the
18 exception rents for Necho Allen?

19 A Yes, he was.

20 Q And who did you meet with?

21 A I met with Deborah Dean and possibly other people
22 at the Department of Housing and Urban Development to
23 discuss this problem.

24 Q Was one of those people Hunter Cushing?

25 A I believe it was, yes.

692

1 Q Did there come a point in time where you learned
2 that the exception rents had been granted for Necho
3 Allen?

4 A Yes, there was a time that it was granted.

5 Q From whom did you learn that information?

6 A From Andrew Sankin, initially.

7 Q Did there come a point in time that you paid
8 Mr. Sankin for his services?

9 A Yes, I paid Mr. Sankin for the services that he
10 performed.

11 Q How much you pay him?

12 A \$10,000.

13 Q Are you familiar with a project known as Regent
14 Street?

15 A Yes.

16 Q Can you describe what Regent Street is?

17 A Regent Street is a development consisting of 80
18 units of housing for the elderly and for low income
19 families in west Philadelphia. It comprises six
20 buildings on a small block in west Philadelphia, three
2 buildings on one side of the street, and three on the
2 other side. It's a mixed use development combining both
2 senior citizen housing and low income family housing,
2 primarily for single mothers with children.

2 Q Mr. Rosenthal, did there come a point in time where

693

1 you asked Mr. Sankin to help you obtain Mod Rehab units
2 for the City of Philadelphia for the Regent Street
3 Project?

4 A Yes.

5 Q And how many units were you seeking at that time
6 since you said it was an 80-unit development?

7 A When the city had selected us to do this
8 development in Philadelphia, originally it was a total,
9 I believe, of 54 units which was - which consisted of
10 five out of the six buildings on this block.

11 When one sees the block it was clear that in
12 order to do the block successfully you had to have all
13 of the buildings because to leave one of the vacant
14 buildings out would have significant deleterious impact
15 on the overall development.

16 So when we received the - when we were
17 awarded the property from the city, the city assigned us
18 54 units of Section Eight to go along with the buildings
19 that it had transferred to us.

20 There was a single building that was out - it
2 was an out parcel. We acquired it independently and
2 then at that point in time it was necessary to secure an
2 additional Section Eight subsidy, so that that other
2 building could be developed consistently with the
2 overall development plan.

1 Q And how many units would you need?

2 A I think it was 26 units necessary to do that.

3 Q Did you agree to pay Mr. Sankin a fee for his
4 services on Regent Street?

5 A Yes, I did.

6 Q Do you recall what that was?

7 A The total fee that was paid, I believe, was

8 \$11,000.

9 Q Now, did there come a time that you learned that
10 the units had gone to Philadelphia?
11 A Yes.
12 Q Okay. How many units ultimately did go, do you
13 recall?
14 A Ultimately 26 units went to Philadelphia.
15 Q Now, do you know the defendant Deborah Gore Dean?
16 A Yes, I do.
17 Q And how did you first meet her?
18 A I was introduced to her by Andy Sankin.
19 Q And where did that take place?
20 A At her offices at HUD.
21 Q Do you know when that took place?
22 A The exact date I do not know. I don't recall.
23 I'll sure that it's part of the record.
24 Q Now, you stated that you met with her concerning
25 the Necho Allen project. How many times did you meet

695

1 with her concerning that?

2 A I would say at least once, possibly twice.

3 Q How about Regent Street? Did you have an

4 opportunity to meet with her on that project?

5 A I know I met with her a couple of times. I wasn't

6 sure whether it was on Regent Street at this point or

7 the Necho Allen, but I believe I probably met with her

8 once on Regent Street and maybe twice on Necho Allen or

9 vice versa.

10 Q why did you meet with the defendant Deborah Gore

11 Dean?

12 A To make our case for the waiver in one case, for
13 the Necho Allen; and in the other case, for the Section
14 Eight, additional Section Eight grants that we needed
15 for the Regent Street Section Eight project.

16 Q Mr. Rosenthal, at this time I would show you a
17 number of documents. First of all, Government's Exhibit
18 101 for identification purposes?

19 THE DEPUTY CLERK: Government's Exhibit 101
20 marked for identification.

21 (Government's Exhibit 101
22 marked for Identification)

23 BY MR. O'NEILL:

24 Q And I'd ask you, sir, to look at this and I ask you
25 what is it?

696

1 A This is a letter that I wrote to Harry Staller who
2 was the director of the region, Philadelphia, requesting
3 exception rents on the Necho Allen.
4 MR. O'NEILL: Your Honor, I'd move it into
5 evidence as Government's exhibit 101.
6 MR. WEHNER: No objection, Your Honor.
7 THE COURT: All right, no objection. 101 is
8 admitted.
9 (Government's Exhibit 101
10 received into Evidence)
11 BY MR. O'NEILL:
12 Q Mr. Rosenthal, I'll now show you what's previously
13 been marked as Government's Exhibit 103 for
14 identification.
15 THE DEPUTY CLERK: Government's Exhibit 103
16 marked for identification.
17 (Government's Exhibit 103

11 marked for identification.
12 (Government's Exhibit 105
13 marked for Identification)
14 BY MR. O'NEILL:
15 Q And I'd ask you, if you recognize this, sir?
16 A Yes. This is a letter from me to Andrew Sankin
17 basically acknowledging an agreement to pay Mr. Sankin
18 \$10,000 for his assistance in connection with the Necho
19 Allen project.
20 MR. O'NEILL: At this time Your Honor, I would
2 move this into evidence as Government's Exhibit 105.
2 MR. WEHNER: No objection.
2 THE COURT: All right, 105 is admitted.
2 (Government's Exhibit 105
2 received into Evidence)

13 in obtaining the exception rents for the Necho Allen.
14 MR. O'NEILL: Your Honor, I'd move this into
15 evidence as Government's Exhibit 108?
16 MR. WEHNER: No objection, Your Honor.
17 THE COURT: All right. 108 is admitted.
18 (Government's Exhibit 108
19 received into Evidence)
20 BY MR. O'NEILL:
2 Q Mr. Rosenthal, is there an envelope affixed to
2 that?
2 A Yes, there is.
2 Q And to whom is it directed?
2 A Deborah Dean, the Assistant Secretary of the

1 Department of Housing and Urban Development.
2 Q Once again, Mr. Rosenthal, I'm showing you a
3 document previously marked for identification as
4 Government's Exhibit 111?
5 THE DEPUTY CLERK: Government's Exhibit 111
6 marked for identification.
7 (Government's Exhibit 111
8 marked for Identification)
9 BY MR. O'NEILL:
10 Q And I'd ask you if you recognize that, sir?
11 A Yes. This is a letter to Andrew Sankin, enclosing
12 a check in the amount of \$10,000 pursuant to our
13 agreement for the Necho Allen.
14 MR. O'NEILL: Your Honor, at this time I'd
15 move Government's Exhibit 111 into evidence as
16 Government's Exhibit 111.
17 MR. WEHNER: No objection, Your Honor.
18 THE COURT: All right, 111 will be admitted.
19 (Government's Exhibit 111
20 received into Evidence)
21 BY MR. O'NEILL:
22 Q Mr. Rosenthal, I show you again a document at this

4 THE COURT: You're going to be a few minutes.

5 MR. WEHNER: Yes, sir, I will.

6 THE COURT: Let me take a short break. The

7 jury has been sitting for an hour.

8 All right, ladies and gentlemen, we'll take a

9 15 minute recess. Come back at 11:20 by that clock.

10 Remember my admonition not to talk about the
11 case among yourselves or with anyone else. See you back
12 in 15 minutes.
13 (Recess, 11:05 a.m. To 11:20 a.m.)
14 THE COURT: All right.
15 MR. WEHNER: Miss Dean is in the ladies room,
16 Your Honor, she should be here momentarily.
17 THE COURT: Do you want me to wait a minute
18 until she gets here?
19 MR. WEHNER: Yes, Your Honor.
20 THE DEPUTY MARSHAL: All right, ladies and
2 gentlemen, please.

2 (Jury present).
2 THE COURT: All right, we're ready to resume.
2 we'll go with the cross-examination.
2 MR. WEHNER: Thank you, Your Honor.

709

1 CROSS-EXAMINATION
2 BY MF . WEHNER:
3 Q Mr. Rosenthal, this -- the Regent Street
4 development, the total is about 26 units?
5 A The total is 80 units.
6 Q How many of those were Moderate Rehabilitation
7 funds ?
8 A All of them.
9 Q How many units did you require in 1985 and 1986 to

10 finish that project?
11 A 26.
12 Q And of those 26, they were funded in two rounds,
13 were they not?
14 A That's correct.
15 Q Thirteen one year and 13 the next year,
16 approximately?
17 A That's right.
18 Q Did you have political support from The United
19 States Senate for that project?
20 A Yes.
2 Q And you had support from the now late Senator
2 Heinz , isn't that correct?
2 A Correct.
2 Q And he wrote letters to Secretary Pierce supporting
2 that project, did he not?

710

1 A Correct.
2 Q And Senator Specter, Arlen Specter from
3 Pennsylvania?

4 A Yes, sir.

5 Q Also wrote letters of support of the project?

6 A Correct.

7 Q In fact, you are very proud of the project, are you

8 not?

9 A Yes, the project won the national award for
10 historic preservation I think about three, four years
11 ago.

12 Q Would it have been possible to do this project
13 without the Moderate Rehabilitation Program?

14 A Without the Mod Rehab Program, no, that was the
15 only Government subsidized program to my knowledge that
16 would have been appropriate for the development.

17 Q Now, you met with Miss Dean about the project, did
18 you not?

19 A That's correct.

20 Q And present during those meetings with Miss Dean
2 were other people from HUD, isn't that correct?

2 A That is correct.

2 Q And these people are commonly called career staff,
2 are they not?

2 A Yes.

711

1 Q And these are people that are not political

2 appointees at HUD but are really the true experts in the

3 field, the bureaucrats, are they not?

4 A Yes.

5 Q And these bureaucrats supported that project, did

6 they not?

7 A I assume they did. They asked questions that were

8 searching of the facts and circumstances surrounding my

9 request and eventually apparently we received the

allbinders as word for experiment.txt
10 Section Eight, so I assume that they supported
11 Deborah's -- they supported Deborah's request to have
12 this project reviewed, and the decision was made
13 positively.
14 Q Directing your attention to the difference between
15 your meetings with Miss Dean and the career bureaucrats
16 in Washington and your efforts in Philadelphia to get
17 the same units approved, was there a difference between
18 the response you received?
19 A Of course.
20 Q And what was the difference?
21 A Well, I think the -- my efforts in Philadelphia in
22 dealing with the Philadelphia area office have been very
23 distressing over the last 23 years that I've been in
24 this business. They seem to have an attitude of trying
25 to put in the way of developers' efforts at least

712

1 everything that they can in order to delay or complicate
2 the development process.

3 I thought as a result of the meeting with
4 Deborah and her staff, the attitude was positive, that
5 they were trying to see a way that they could get the
6 job done as opposed to killing it.

7 Q You corresponded directly with Miss Dean after you
8 first met with her, did you not?

9 A Yes.

10 Q And you spoke with Miss Dean directly after you met
11 with her, did you not?

12 A Yes.

13 Q And you wrote letters that have been introduced,
14 isn't that correct?

15 A Yes.

16 Q Did anybody ever from HUD, including Miss Dean, ask
17 you to keep this a secret that you were meeting with
18 her?

19 A No, no.

20 Q That you were writing letters to her?

2 A No.

2 Q That the project was being funded.

2 A No.

2 Q And in fact, both United States Senators from
2 Pennsylvania knew the project was being funded, didn't

713

1 they?

2 A Correct. They were doing everything they could to

3 assist the project.

4 Q So in your judgment it's fair to say that Miss Dean

5 did whatever she could to help you cut through the

6 bureaucratic maze, isn't that correct?

7 A That is correct.

8 Q Now, that's really half of the story or the

9 testimony. I don't mean story in a negative sense but
10 that's half of the story visavis what Deborah did for
11 you. The other half of the story is this gentleman by
12 the name of Sankin.

13 A Correct.

14 Q Now, Sankin was involved in this process, was he
15 not?

16 A Yes.

17 Q Did Miss Dean ever suggest that you should pay
18 Sankin any money?

19 A No, she did not.

20 Q Did she ever suggest that she would do something
2 for you because of Andrew Sankin?

2 A No, she did not.

2 Q Did she ever suggest that you would get some kind
2 of special consideration because of Andrew Sankin?

2 A No, she did not.

714

1 Q To your knowledge did you receive anything other

2 than what you should have received from Deborah Gore

3 Dean as a result of Andrew Sankin?

4 A To my knowledge, no.

5 Q Now, did Miss Dean ever tell you that she was going
Page 391

6 to do anything at all as a result of her relationship

7 with Andrew Sankin?

8 A No, she never told me that she was going to do

9 anything as a result of her relationship with
10 Andrew Sankin.

11 Q Let's take Mr. Sankin for a minute. What was
12 Mr. Sankin telling you his relationship with Miss Dean
13 was?

14 A That he was a friend of Miss Dean.

15 Q And what else was he telling you?

16 A That he was in a position to get Miss Dean to pay
17 attention to our request because of that friendship.

18 Q And did Mr. Sankin ever say that in the presence of
19 Miss Dean?

20 A Not to my knowledge. Not to my recollection I
2 should say.

2 Q Did Mr. Sankin ever say anything about his
2 relationship with Miss Dean to you in front of
2 Miss Dean?

2 A Not to my recollection.

715

1 Q Did you have something else?

2 A No, no, I was just trying to think back. That was

3 several years ago and I'm getting older now.

4 Q Absolutely. But all we can go on today is your

5 best recollection, and I appreciate it. Thank you.

6 MR. WEHNER: May I have a second, Your Honor?

7 THE COURT: All right.

8 BY MR. WEHNER:

9 Q Mr. Rosenthal, you've been in the development

10 business for a long time?

11 A Twenty-three, 24 years.

12 Q And during that time you have seen come and go, I'm
13 sure, tens and probably hundreds of Government, both
14 state and federal, bureaucrats dealing with housing

15 matters?

16 A I've seen more come than I've seen go.

17 Q Of those that you've seen, would you say that

18 Miss Dean was a good, dedicated public servant?

19 MR. O'NEILL: Objection, Your Honor.

20 THE COURT: I don't know the basis for that.

2 All right, I'll sustain the objection.

2 BY MR. WEHNER:

2 Q Do you have an opinion as to how Miss Dean did her

2 job?

2 MR. O'NEILL: Objection, Your Honor.

716

1 THE COURT: I'll sustain the objection. It's
2 getting into character testimony.

3 BY MR. WEHNER:

4 Q Isn't it true, Mr. Rosenthal, that Miss Dean
5 treated you fairly?

6 A I believe so.

7 MR. WEHNER: Nothing further, Your Honor.

8 THE COURT: All right.

9 Any redirect?

10 MR. O'NEILL: Yes, Your Honor, briefly.

11 REDIRECT EXAMINATION

12 BY MR. O'NEILL:

13 Q Mr. Rosenthal, Mr. Wehner asked you about whether
14 the career people at HUD supported the Regent Street
15 project. Did the career people support the exception
16 rent increase for Necho Allen?

17 A There was a meeting at HUD that I remember at
18 Deborah's office with a number of career people from the
19 regional office. At that point -from
the central

20 office. At that point I think it was more a question of
2 the career people gaining information. There was no
2 decision made and no preference for the development or
2 against the development that was stated at that
2 meeting. Obviously the office of the region denied our
2 request for exception rents on the Necho Allen. I think

717

1 that was unfortunate. I think that has - you know, the
2 region responded as a matter of course. That was not an
3 unusual thing to have occurred in those days, where the
4 region would act negatively on an application.

5 Q Mr. Rosenthal, you mentioned the meeting at the
6 defendant Deborah Dean's office. Did that meeting occur
7 before or after you hired Andrew Sankin?

8 A After.

9 Q Now, Mr. Rosenthal, you talked about how
10 distressing it was sometimes working with the local area
11 office in Philadelphia over the last 20 some odd years.

12 As to the Mod Rehab program specifically, did the local
13 officials tell you what their role was in regards to
14 that?

15 A I'm not sure of your question.

allbinders as word for experiment.txt

16 Q what was your understanding as to who controlled
17 the funding decisions for the Mod Rehab program?
18 A well, my understanding was that the decisions of
19 the Mod Rehab Program were controlled out of Washington.
20 Q Is that why you sought to go to Washington, D.C.
2 A Correct.
2 Q Now, Mr. wehner asked you about what Mr. Sankin
2 said in terms of his relationship to the defendant
2 Deborah Gore Dean. Do you recall those questions?
2 A Yes.

718

1 Q During cross-examination? what exactly did he say
2 his relationship with the defendant was?
3 A I think he said that he was a friend of hers. I
4 don't know if there was a relationship from college or
5 something like that but there was some sort of a prior
6 friendship that was the basis of a business relationship
7 or the basis of their relationship.
8 Q And that brings the further point which you just
9 said, did he mention whether it was a social
10 relationship, a business relationship, a personal
11 relationship? Did he mention what type of relationship?
12 A I don't recall that he mentioned what kind of
13 relationship. It was clear that he and Deborah were
14 certainly on a first name basis and there was some
15 relationship that existed, prior relationship that
16 existed between them.
17 MR. O'NEILL: No further questions. Thank
18 you.
19 THE COURT: Anything else?
20 MR. WEHNER: I have a couple of follow-up
2 questions.
2 RE-CROSS EXAMINATION
2 BY MR. WEHNER:
2 Q Regarding Necho Allen, Mr. Rosenthal, Mr. O'Neill
2 asked you a series of questions regarding whether or not

719

1 that had been supported by the region. And I believe
2 you testified that your recollection was that it had not
3 been supported by the region?
4 A I believe that was my recollection, yes.
5 Q I'm going to show you, in an effort to refresh your
6 recollection, a memorandum dated December 13, 1984 and
7 see if this refreshes your recollection as to whether or
8 not the region actually supported or did not support the
9 Necho Allen exception rents?
10 A well, this is from Mr. Finlayson, the regional
11 administrator, indicating that, and I'll quote, "the
12 project will" -
13 THE COURT: Don't do that. why don't you
14 read it to yourself and see if it indicates to you in
15 your mind a recollection as to the question you were
16 asked.
17 THE WITNESS: Yes, it definitely indicates that
18 there was support on the part of the region.
19 THE COURT: Is that what you recall after
20 reading that or not?
2 THE WITNESS: Yes.
2 THE COURT: All right.
2 THE WITNESS: I never saw this. This is an
2 internal memorandum.
2 BY MR. WEHNER:

720

1 Q No, sir, I wasn't suggesting that you had seen it
2 previously. I just wanted to know if it refreshed your
3 recollection as to what the position of the region was?

4 A I don't know. My answer was that I thought the
5 region turned me down. That's why I appealed to
6 Mr. Staller and it appears that there was an internal
7 memorandum that was in the file from Mr. Finlayson
8 indicating that the region did support.

9 THE COURT: All right. I'll ask the jury to
10 disregard the comments of whatever this memo said. It's
11 not in evidence. But your recollection is you do not
12 know.
13 MR. WEHNER: Nothing further, Your Honor.
14 THE COURT: Any other questions?
15 MR. O'NEILL: No, Your Honor.
16 THE COURT: Thank you, Mr. Rosenthal.
17 You can step down, sir. I appreciate it.
18 MS. SWEENEY: The Government at this time
19 calls Janet Hale.

20 . THE COURT: All right.
2 (JANET HALE, WITNESS FOR GOVERNMENT, SWORN)
2 DIRECT EXAMINATION
2 BY MS. SWEENEY:
2 Q Miss Hale, I'm going to be asking you a series of
2 questions and I'd ask you to keep your voice up so that

721

1 the ladies and gentlemen of the jury can hear everything
2 that you have to say.
3 Will you kindly state your name for the
4 record, spelling your last name for the Court reporter?
5 A Janet Hale, H-a-l-e.
6 Q Miss Hale, are you presently employed?
7 A Yes, I am.
8 Q And where are you employed?
9 A University of Pennsylvania.

10 Q What is it that you do at the University of
11 Pennsylvania?
12 A I'm the executive vice-president.

13 Q Have you in the past worked at HUD?
14 A Yes.
15 Q And when was that?
16 A 1981 to 1986.
17 Q During that course of time did you hold a number of
18 different positions at HUD?
19 A Yes, I did.
20 Q And what were they?
21 A My first job with the Department was the Executive
22 Secretariat. I was then Deputy Assistant Secretary for
23 Housing Policy and Budget, ultimately renamed to Deputy
24 Secretary for financial management. Then I was acting
25 Deputy Assistant Secretary and Acting Assistant

722

1 Secretary for Housing and was appointed to finally

2 General Deputy Assistant Secretary.

3 Q Miss Hale, could you describe briefly your

4 educational background?

5 A I have an undergraduate degree from Miami

6 University at Oxford, Ohio and a master's degree from

7 Harvard University.

8 Q I'm going to use Government's Exhibit One in

9 evidence. Miss Hale, can you see Government's Exhibit

10 one, the chart?

11 A Yes.

12 Q Now, the jury is familiar with the program commonly
13 called the Mod Rehab program and I'd like first to focus
14 on the period when you served as Deputy Assistant
15 Secretary, was that for Policy and Budget did you say?

16 A Yes, and up there on the chart it's Financial
17 Management Administration.

18 Q And which box is that?

19 A It's the one on the left, the third one up from the
20 bottom, the green shaded box.

21 Q And what was the time period, again, that you were
22 in that position?

23 A I think about 1983 through officially 19 -
24 probably '85. At some point I held dual appointments to
25 the DAS and then was acting as the General Deputy

723

1 Assistant Secretary.

2 Q While you were in ths position as Deputy assistant

3 Secretary or DAS, as you just referred to it, did you

4 have any duties and responsibilities with regard to the

5 Mod Rehab program?

6 A My principal responsibilities as Deputy Assistant

7 Secretary were policy and budget, so I would review what

8 is referred to as program offices, single family or

9 multi-family. So I would review the funding

10 requirements. Should we ask for Mod Rehab from

11 Congress, request appropriations. If we got the money,

12 then being sure that there were funds in place for it.

13 I would also do some program review through

14 regulations or other policies that the Assistant

15 Secretary would ask me, but I had no direct program

16 responsibility. It was much more as a staff policy

17 advisor.

18 Q Did you have any duties and responsibilities

19 pertaining to decisions as to where the funds would be

20 allocated?

2 A No, not for Mod Rehab.

2 Q There came a time when you were promoted, is that

2 right?

2 A Yes.

2 Q And which job were you elevated to?

724

1 A I -- when the Assistant Secretary for Housing and

2 the General Deputy Assistant Secretary for Housing were

3 vacant I moved up to act as General Deputy Assistant

4 Secretary and then also obviously would have been acting

5 as Assistant Secretary because the top two boxes were

allbinders as word for experiment.txt

6 vacant, and as I indicated previously I was ultimately
7 appointed to the General Deputy Secretary, so I would
8 replace myself and not wear three hats.

9 Q So you were occupying two of the boxes at that point
10 in time, is that right, performing --

11 A At one point I was occupying three and then
12 officially got appointed to the number two and still was
13 acting as Assistant Secretary.

14 Q And how long were you in those positions?

15 A Six, seven months from May of '85 through probably
16 February of '86 when I unofficially left to go to another
17 department of Government.

18 Q May of 1985 through February of 1986?

19 A Right. I believe the personnel papers would show I
20 wasn't sworn in at the other department until later, but
2 I left and was acting in a position over there.

2 Q While you served as General Assistant Secretary and
2 Acting Assistant Secretary, in that position did you
2 have any duties and responsibilities with regard to the
2 Mod Rehab program?

725

1 A Yes, because that office oversaw not only the
2 policy and budget office but also multi-family and
3 single family, I was responsible for other office
4 program operations and was the person that was involved
5 in the funding allocation.

6 Q What was your particular role in regard to the
7 funding allocation?

8 A What I would do when I acted as the General Deputy
9 Assistant Secretary was that obviously developers,

10 individuals were interested in getting Mod Rehab units
11 at a specific location. I would receive telephone calls
12 from developers or from individuals and would make notes
13 of those that had called me and then I would ultimately
14 meet with Debbie Dean to go over the list and then get

allbinders as word for experiment.txt
15 which programs, which cities would be funded.

16 Q Are you familiar with the term signature authority?

17 A Yes.

18 Q And what does that term mean in connection with the

19 Mod Rehab program?

20 A I think the signature authority that you're

2 probably referring to is there has to be a process to

2 get the money out of central headquarters into -

2 through the bureaucracy, which would be going through a

2 regional office to a field office to a Public Housing

2 Authority and it would be the signature authority of

726

1 those that actually released the funds.

2 Q Did you ever have signature authority?

3 A Yes, I was the official that was releasing the

4 funds out to the field.

5 Q Were you also making the decisions as to where

6 those funds would go?

7 A No.

8 Q who was making those decisions?

9 A Debbie Dean.

10 Q Now, you've indicated that a number of developers
11 and consultants would contact you and that you would
12 keep track of this information. What would you then do
13 with that information?

14 A The times that I met with Debbie, and I believe it
15 was twice, but I'm not real sure, I would go over who
16 had called me and tell her, since it was the office of
17 housing and it was housing funds, who had called me.

18 Q You indicated that you believed it was two meetings
19 that you had with the defendant. Do you recall
20 approximately when they occurred?

2 A There was one the end of September, since the --

2 whatever fiscal year we would have been in, '85, '86
2 fiscal year, funds would have lapsed, have gone back to
2 the Treasury, and low income money would not have gone
2 out to support the program to house low income people.

727

1 So in order to be sure that we got the money out then I
2 met with Debbie to make decisions on the final dollars
3 that were remaining for the end of the fiscal year.

4 Q You referred to a second meeting. Do you recall
5 when that occurred?

6 A That fiscal year we were in what was called a
7 continuing resolution and that gave us additional
8 dollars that could be allocated to the field and again

9 be used for program purposes as intended by Congress.
10 So probably sometime in October and November there was a
11 second meeting to decide where other units would be
12 sent, other funding would be sent.

13 Q who was present at the September meeting?

14 A Deborah and myself.

15 Q who was present at the November meeting?

16 A Deborah and myself.

17 Q Could you describe for us what occurred at the
18 September meeting?

19 A I -- again, I went over the people that had called
20 me, who they were, and then Deborah ultimately told me
2 which units we would fund, which projects needed

2 funding.

2 Q And when she indicated which units you would fund
2 do you recall how she conveyed this information to you?
2 what particular information was conveyed?

728

1 A It was -in
some respects it was number of units
2 or dollar amounts, since that's really -- we didn't send
3 money out by the number of units. We would send it out
4 by the amount of money that would go to a specific
5 location. So it would be location specific, where was
6 the money going, and numerous times, to whom.

7 Q when you say to whom, what do you mean by that?

8 A well, they were often referred to by individual
9 developers' or consultants' projects.

10 Q what were the selection criteria that were used
11 during those meetings?

12 A There was no selection criteria for where the
13 funding would ultimately go.

14 Q well, then how were the decisions made, to your
15 knowledge?

allbinders as word for experiment.txt

16 A They were political.

17 Q After the September meeting what did you do with
18 the information that was conveyed to you by the
19 defendant?

20 A When the decisions were made about where the
2 funding would go I would give the information to my
2 Executive Assistant, Tom Casey, who would then start the
2 processing of the forms and that was checking to be sure
2 there was a Public Housing Authority that had applied
2 for the units in the location that the decision had been

729

1 made to send them to, was it -- and then sort of

2 processing how much money and how we would send it out.

3 Q Were there any cases where there were no requests

4 from the Public Housing Authority for units that had

5 been decided to be awarded at the meeting by Miss Dean?

6 A Yes, there were times when we'd have to be sure

7 that there were applications on file before we would

8 send money out to the regional office.

9 Q What would you do in those circumstances?

10 A Tom Casey would work with Debbie or with the
11 developer to be sure that the application was in and on
12 file before the money would be released.

13 Q Could you briefly describe for the jury who Tom
14 Casey was and what role he played?

15 A Tom Casey was my Executive Assistant when I was
16 acting General Deputy Assistant Secretary for Housing,
17 and was a person that processed -- helped me with the
18 rest of the department, moved the money through the
19 system. He served in numerous other capacity, but
20 that's the one that's relevant here.

2 Q Miss Hale, are you familiar with the term project

2 specific as it relates to Mod Rehab?

2 A Yes.

2 Q Were the Mod Rehab decisions made at the September
2 meeting project specific decisions?

730

1 A The decision was to send them to individual

allbinders as word for experiment.txt

2 locations. The requirements by statute and by reg was
3 that the local Public Housing Authority was the selector
4 of the actual project developer. So there were -- the
5 process officially would have not been project specific,
6 but the way it actually worked is that you would
7 quantify the number of units, the dollar value that
8 those would generate in low income housing assistance
9 and that quantity of money was sent out through the
10 regional office to the local Public Housing.
11 So it was project -- it was location specific,
12 and ultimately the dollars were calculated to assist the
13 developer in getting the project selected at the other
14 end.
15 Q You have said now that a number of developers and
16 consultants called you. Do you recall any specific
17 developers and consultants who contacted you?
18 A Yes, Senator Ed Brook and former Assistant
19 Secretary Larry Simon are two that I remember.
20 Q Do you recall anyone else specifically?
2 A Not by name. Those names have come up in the

2 course -- and so I've had an opportunity to sit down,
2 but I don't think I could go through a list of who had
2 called me.
2 Q What did you do as a result of those contacts?

731

1 A I would tell Tom Casey, my Special Assistant, since
2 he was a little more thorough than I would be, and I was
3 keeping a record for housing who had called us, and I
4 would tell Tom Casey who had called, where they were
5 requesting units or dollars be sent, and then when I met
6 with Debbie I took my list of those that had called me
7 that I had gotten from Tom and went over those with

8 Debbie.

9 Q Now, you've described for us the September
10 meeting. I'd like you to turn your attention to the
11 November meeting and describe that for the members of
12 the jury as well?

13 A It would have been the same process. Go through
14 sort of the dollars that were available and as I recall,
15 we did not spend all the money that was available. This
16 wasn't my favorite part of the job, i didn't like it,
17 and I also didn't believe that since there was going to
18 be a new Assistant Secretary coming that I thought it
19 would be appropriate not to spend all that money. So
20 it's my recollection that we didn't spend all of it. So
21 the decision was how much should we spend and, again,
22 Debbie locating the location that the dollars should be
23 sent.

24 Q You indicated that one of the individuals who
25 contacted you were Senator Brook. Were you acquainted

732

1 with Senator Brook?

2 A Yes, I was. I worked for him for two years.

3 Q Do you recall what you said to the defendant about
4 Senator Brook's contact with you?

5 A Those meetings are difficult for me to remember.
6 My assumption is that as I walked through the meeting
7 Debbie was familiar with the Senator and with the other
8 individuals. I'm sure I probably indicated something
9 like he was the housing Senator. He's the one that
10 wrote the statute. Something like that.

11 Q You were at HUD, Miss Hale, for several years in
12 various positions. How would you describe Secretary
13 Pierce, your supervisor's management style?

14 A It's probably easiest to quote his description, and
15 that was that he -

16 MR. WEHNER: Objection, Your Honor.

17 THE COURT: what is your own description?

18 THE WITNESS: Okay. He was a delegator of
19 authority, very remote, not a direct hands-on manager.

2 0 BY MS. SWEENEY:

2 Q What was the defendant's role at HUD while you were
2 General Deputy Assistant Secretary?

2 A She was the Executive Assistant to the Secretary.

2 Q And what authority did she exercise?

2 A A significant amount of authority. That is a

733

1 position in most department's that comes with authority,
2 often not explicitly delegated, but because of the
3 nature of the position it has the confidence of the
4 Secretary and she exercised a significant amount of
5 authority.

6 Q Miss Hale, I'm going to show you a document which
7 is marked Government Exhibit 124 for identification.

8 May I approach the witness, Your Honor?

9 THE COURT: All right.

10 BY MR. SWEENEY:

11 Q Do you recognize that document, Miss Hale?

allbinders as word for experiment.txt
12 A Yes, it's a rapid reply for Mod Rehab units - Mod
13 Rehab funding.
14 Q And is that your signature on the document?
15 A Yes, it is.
16 MS. SWEENEY: Your Honor, we have a
17 stipulation as to authenticity of this document and I
18 would offer it into evidence at this point in time.
19 MR. WEHNER: May I see it quickly, Your
20 Honor?
2 THE COURT: Certainly.
2 MR. WEHNER: No objection, Your Honor.
2 THE COURT: All right, 124 will be admitted
2 and identified and was authenticated earlier.
2 (Government's Exhibit 124

2 BY MS. SWEENEY:
3 Q Miss Hale, I'm going to have this document put on
4 the -our
visual presenter. You'll be able to see the
5 document on the monitor, either the large monitor or the
6 one that's closest to you.
7 Now, you talked earlier about signature
8 authority. Is this one of the documents where you
9 exercised signature authority?
10 A Yes, that is a document, the purpose of that
11 document was to indicate to those that were preparing
12 the actual funding documents that it was appropriate to
13 go ahead and cut the 185 to move it out to the field.
14 Q Now, looking at this document, can you tell what
15 locality these Mod Rehab funds would have gone to?
16 A It says Philadelphia on the first line you could
17 see.
18 Q Can you tell how much of the Mod Rehab funds were
19 sent to Philadelphia? How many funds or how many units?
20 A All you can tell from that is the dollar amount
2 that was released through the - again, through the
2 official HUD bureaucracy to go to the, I think - does
2 it say on there?
2 Q The one Public Housing Authority? It may be easier
2 on this monitor.

735

1 A To the Philadelphia Housing Authority. So it was
2 the dollar figure.
3 Q And I'd ask you to take a look and see if units are
4 specified at all?
5 A Can you turn it?
6 Yes, there's a quantity of units up on the

7 righthand side that says 12 and then it has TDC's

8 initials next to it, which is Tom D. Casey's.

9 Q Do you recognize Mr. Casey's handwriting?

10 A It looks pretty much like his.

11 Q Do you know who the developer was behind this

12 particular Mod Rehab allocation?

13 A I do not.

14 Q Do you have any knowledge of a consultant being

15 associated with this particular allocation?

16 A No, I don't.

17 Q Do you know what project received this allocation?

18 A No, I don't.

19 Q While you were at HUD, did you ever meet an

20 individual named John Rosenthal?

2 A No, I did not.

2 Q While you were at HUD did you ever meet with a

2 consultant named Andrew Sankin?

2 A No.

2 Q I'm going to show you another exhibit, Government's

736

1 Exhibit 129 and ask you if you recognize this document?

2 A It looks like the next step in the funding form,

3 which was the request for the issuance of the 185, which

4 is the official release of the funds. The 185 is the

5 funding document.

6 Q Did you recognize the signature -7

A That's mine.

8 MS. SWEENEY: Your Honor, this is a document

9 that has already been stipulated to as to authenticity

10 and we move it into evidence at this time.

11 THE COURT: All right, we'll admit 129, is

12 it?

13 MR. WEHNER: No objection, Your Honor.

14 THE COURT: Very well.

15 (Government's Exhibit 129

16 received into Evidence)

17 BY MS. SWEENEY:

18 Q Miss Hale, before we look at Government's Exhibit

19 129 I'd like you to take one more look at Government's

20 Exhibit 124 and tell us if you see a date that would

2 reflect approximately when you might have signed that

2 document or when this action would have been taken?

2 A There's a -- Tom initialed on the bottom. Is that

2 a September date? It doesn't look like I dated it on

2 the righthand side, is there a date on very end? It

737

1 would be helpful to see it up close, if I could. That

2 could be nine September. It looks like a nine but I

3 can't tell what the rest of that is.

4 Q Does that refresh your recollection as to when this

5 document might have been signed?

allbinders as word for experiment.txt

6 A If it is September it would have been in the first
7 meeting. Again, this would be where this comes from,
8 this is from the first funding Mod Rehab decision.
9 Q Now, looking at Government Exhibit 129, do you see
10 a date on that document that would indicate when that
11 document was prepared?
12 A A little more clearly on that one, it looks like
13 that's a Ross Kumagai signature of 11-6-85, and then
14 Casey initialing it down below.
15 Q And when would that document have been prepared,
16 approximately?
17 A Oh, there's a date, too next to mine, is that
18 11-8? So next to my signature on the righthand side is
19 11-8.
20 Q And when you put the date next to your signature,
2 what would that reflect?
2 A Sometimes I remembered to sign the dates and
2 sometimes I didn't. So it would be the date that I
2 signed it.
2 Q Does this document reflect the locality that was

738

1 receiving the Mod Rehab funds associated with this
2 particular funding document?
3 A I haven't seen these forms in years. I'd to again
4 look at it up close -- yes, it does. It says
5 Philadelphia Housing Authority and location is
6 Philadelphia, Pennsylvania.

7 Q Does it reflect an amount of Mod Rehab funds that
8 are being allocated?
9 A Yes, it has the contract authority.
10 Q And what about units?
11 A It does have units on it.
12 Q And how many units does it reflect?
13 A Thirteen units.
14 Q Do you know who the developer was who was behind
15 this particular allocation?
16 A No, I don't.
17 Q Do you have any knowledge of what project received
18 this allocation?
19 A No, I don't.
20 Q Do you have any knowledge as to whether or not
2 there was a relationship between the allocation
2 represented by Government Exhibit 124 which you've just
2 looked at and Government exhibit 129, which is now on
2 the screen?
2 A No, I don't.

739

1 MS. SWEENEY: We have no further questions at
2 this time, Your Honor.
3 THE COURT: A few minutes?
4 MR. WEHNER: It's going to be lengthy, Judge,
5 but I could start.
6 THE COURT: You think it's going to be
7 lengthy.
8 MR. WEHNER: Yes.

9 THE COURT: why don't you go on for a few
10 minutes and then we'll take a break for lunch.
11 MR. WEHNER: Yes.
12 CROSS-EXAMINATION
13 BY MR. WEHNER:
14 Q Miss Hale, my name is Steve Wehner and I represent
15 Miss Dean.
16 When you were in the position of General
17 Deputy Assistant Secretary for Housing, how would you
18 describe your responsibilities towards the Mod Rehab?
19 A I was responsible for the program. Again, with a
20 very -- with the Deputy Assistant Secretary that had day
2 in and day out responsibility, but I was responsible for
2 the program. The regulations as well as the funding
2 dollars associated with it.
2 Q Were you responsible for directing the local public
2 housing authorities as to how they should go about

740

1 requesting funds for the Mod Rehab program?

2 A At one point during my tenure I did send out a memo
3 to the field requesting public housing authorities
4 submit their requests for housing units, housing
5 dollars.

6 Q And did you describe to them how that should be
7 done?

8 A Yes, I believe that indicated a date and the type
9 of information available.

10 Q And did you describe to them how those projects
11 would be selected?

12 A I don't think so. I haven't seen that memo in
13 years, but I don't think so.

14 Q Isn't it true that you told them that the projects
15 would be selected in Washington?

16 A Again, if you have the memo I'd be happy to look at
17 it, sir, to see what it actually said.

18 Q I'll show you what I've marked for identification
19 as Dean Exhibit 66 ask you if it reflects any
20 instructions to the field offices as to where decisions
2 would be made regarding the allocation of Mod Rehab

2 funds? And I need to restate my question. Does it
2 refresh your recollection as to whether you told the
2 field where those decisions were going to be made?

2 A Yes, it says decisions or allocations of units to

741

1 PHA's will be made in headquarters.
2 THE COURT: Does that refresh your
3 recollection? Is that what you did, as opposed to what
4 the document says? Does it refresh your recollection
5 you sent out such a memo or a memo was sent at least
6 saying that that's how they would be selected?
7 THE WITNESS: Your Honor, it is my signature,
8 it is my document and it does refresh my recollection of
9 what it says.

10 THE COURT: All right.
11 BY MR. WEHNER:
12 Q So you informed the field offices that the
13 decisions were going to be made in Washington, is that
14 correct?
15 A Yes.
16 Q Did you also inform the field offices as to how the
17 local public housing authorities should be rated and
18 ranked?
19 A Would you repeat your question?
20 Q I refer you to page two of that memo and ask if
21 that refreshes your recollection as to whether you also
22 told the field offices as to what criteria they should
23 use to rate and rank public housing authorities?
24 A It says, "Please evaluate each PHA's request based
25 on the following information," so there is a series of

742

1 four items that should be reviewed.
2 Q And, in fact, you told the public housing
3 authorities that there were four criteria that they
4 should use -- I'm sorry, you told the field offices that
5 there were four criteria they should use to rank and
6 rate the public housing authorities, did you not?
7 A Could I have that back, please?
8 Q Absolutely. There are four criteria that you told
9 them --
10 A There are four right here and it says, "Please
11 evaluate each PHA's request based on the following."
12 Q You have no reason to believe that they didn't
13 follow your instructions, do you?

14 A No.

15 Q You were responsible for the program.

16 A Yes, but I also know the process and what happened
17 in headquarters.

18 Q I realize that, and believe me, we will get to that
19 shortly. Right now I'm asking you about what

20 instructions you sent to the field offices visavis
2 ranking and rating the public housing authorities and I

2 believe you've testified that you sent them those
2 instructions, is that correct?

2 A That's correct.

2 Q And secondly, you informed them that the decisions

743

1 as to where the units would be sent would be made in
2 Washington, did you not?

3 A Yes.

4 Q And you were the person that was responsible for
5 the program?

6 A I had the signature authority for this program,
7 that's correct.

8 Q Well, let's delineate for the jury in your judgment
9 what is the difference between signature authority and

10 responsibility, because you've used both those words to
11 describe your role. Were you responsible for the
12 program?

13 A I was responsible for Mod Rehab by having the
14 funding authority go out over my signature. I was
15 responsible for program things like housing quality
16 standards, what were the sort of normal operations, what
17 was our follow-up going to be.

18 Q You were responsible, were you not, for the
19 regulations regarding the Mod Rehab program?

20 A I delegated authority and came to the Assistant
2 Secretary for Housing. Was I the ultimate decision
2 maker of where those units were sent? No.

2 Q That wasn't the question.

2 Would you read back the question, please?

2 (Question read back by the Reporter)

744

1 A By delegation of authority, the Assistant Secretary
2 for Housing has responsibility.

3 Q And that was your position?

4 A That's correct. Acting Assistant Secretary.

5 Q You were responsible for the Mod Rehab regulations,
6 were you not?

7 A Yes.

8 THE COURT: All right. We'll take a break. It's
9 12:15.

10 MR. WEHNER: Thank you, Your Honor.

11 THE COURT: Ladies and gentlemen, we'll take
12 our luncheon recess until 1:30. Remember the
13 admonitions of the Court. Don't talk about this case
14 among yourselves or with anyone else. Don't let anybody
15 speak to you about it in your presence whatsoever. Have

allbinders as word for experiment.txt
16 a pleasant lunch. Be back at 1:30, please?
17 (Lunch recess, 12:15 to 1:30 p.m.)
18 AFTERNOON SESSION, 1:45 P.M.
19 THE COURT: Bring the jury in, sir, please?
20 (Jury present)
2 THE COURT: All right, ladies and gentlemen,
2 we're ready to resume the afternoon session. Miss Hale
2 has been on the stand and we'll continue with
2 cross-examination at this time.
2 MR. WEHNER: Thank you, Your Honor.

1 Good afternoon.

2 THE JURORS: Good afternoon.

3 BY MR. WEHNER:

4 Q Miss Hale, I believe when we finished I had asked

5 you about your responsibility for the Moderate

6 Rehabilitation rules and regulations. If you recall,

7 you were the Acting General Deputy Assistant Secretary

8 for Housing at that point in time. When you held that

9 position you did not have day to day responsibility for
10 operating the program, did you?

11 A That's correct.

12 Q Okay. What individual did have day to day

13 responsibility?

14 A Silvio DeBartolomeis was the Deputy Assistant
15 Secretary. Then there were a series of managers in the
16 headquarters office as well.

17 Q Just dealing with Mr. DeBartolomeis, what were his
18 duties during your tenure as Acting General Deputy?

19 A As Deputy Assistant Secretary for Multi-family
20 Housing he had a myriad of responsibilities. He was
2 responsible for the vouchers existing in Section Eight

2 Multi-family Operations as well as regulatory, as well
2 as looking at individual projects and their review.

2 Q Now, as Acting General Deputy, did you look to him
2 for input on Mod Rehab issues?

746

1 A I looked to both Silvio and the program people that
2 were there.

3 Q Did the program people work for Mr. DeBartolomeis?

4 A Yes.

5 Q So they would report to him, ideally, and he would
6 report to you?

7 A Yes, but it was also not unusual for me to meet

allbinders as word for experiment.txt
8 with Silvio or with those people as well.
9 Q So you would meet with Silvio, whose last name is
10 DeBartolomeis?
11 A Right.
12 Q How do you pronounce that?
13 A How do I pronounce it?
14 Q Yes.
15 A DeBartolomeis.
16 Q I'm going to have trouble with that.
17 A I think he does sometimes too.
18 Q You would consult with him and other -- as well as
19 other people under him, is that correct?
20 A That's right.
2 Q So while you had responsibility for the rules and
2 regulations you were not in charge of the day to day
2 implementation or the day to day task of seeing that
2 they were followed? Is that fair?
2 A That's correct.

747

1 Q Now, you sent a memo out to the field offices in
2 which you described, I will summarize this, and if I
3 don't do it fairly, please correct me, that the funding
4 decisions for Mod Rehab were going to be made in
5 Washington and, secondly, among other things, but for my
6 purposes now the second thing I want to remind you about
7 was that the PHA's had to be rated and ranked in the
8 field. Do you recall that?
9 A Yes, although I don't think the words rated and
10 ranked were actually used in that memo.
11 Q Rated?
12 A If I can find it. It's the bottom of the first
13 page. It says something about review, I think.
14 Q To evaluate?
15 A Right.
16 Q Did there come a time when this memo that you sent
17 out to the field was reviewed within the Office of
18 General Counsel?
19 A I don't think I know the answer to that question.
20 That would -- that memo was developed by Tom Casey and
2 so he may well have reviewed it, but without ever seeing
2 a particular document I'm not sure I would remember the
2 answer.
2 Q I'll show you what I've marked for identification
2 as Dean Exhibit 67.

748

1 THE DEPUTY CLERK: Dean Exhibit 67 marked for
2 identification.
3 (Defendant's Exhibit 67 marked
4 for Identification)
5 BY MR. WEHNER:

allbinders as word for experiment.txt
6 Q It's a memorandum dated October 18, 1985, and I'm

7 also going to show you the memorandum that I've

8 previously showed you just so we can put this in

9 context, and I ask you if that refreshes your
10 recollection as to whether the Office of General Counsel
11 ever reviewed your memorandum that you sent to the
12 field?

13 A It is not addressed to me. It is from Bob Kenison,
14 one of the General Counsel Senior Staff Attorneys, and
15 it is sent to one of the program officials, but it does
16 indicate that it reviewed the memo to the field.

17 Q Now, in the General Counsel's review of the memo to
18 the field, do you recall that they approved of the memo?

19 A He concurs in the memo. Yes, he concurs.

20 Q Do you recall that he concurred in the memo?

2 A Again, reading the memo I don't remember having any

2 conversation with Mr. Kenison about this memo.

2 Q The question is I've shown you the memo, do you
2 have a memory now that I've shown you the memo of the
2 General Counsel's office concurring in the regulations

749

1 you sent to the field?

2 A The memo indicates he concurred in the memo that I
3 sent to the field.

4 THE COURT: That's not the answer that he
5 asked for. Do you recall that, not what the memo says,
6 but from your own recollection now that you have seen
7 the memo that at that time you learned that they had
8 been cleared?

9 THE WITNESS: I have no recollection of it.

10 BY MR. WEHNER:

11 Q Would it be your practice to have regulations that
12 you issued signed off on in the General Counsel's
13 Office?

14 A Again, that's not a regulation. That's a notice to
15 the field, but, yes, it would have been.

16 Q And would it have been -- did you ever issue a memo
17 to the field of that nature that you didn't have the
18 Office of General Counsel sign off on?

19 A There were a lot of memos to the field. It would
20 have been standard operating procedure to have the
2 General Counsel review.

2 Q Based upon your standard operating procedure at the
2 time do you believe that you had the Office of General
2 Counsel sign off or approve or concur in the memorandum
2 you sent to the field setting out these items dealing

750

1 with the Mod Rehab program?

2 A Yes.

3 Q Was Silvio DeBartolomeis in charge of seeing that

4 those rulings were followed?

5 A The rulings or at the most instructions, is that

6 what you're asking?

7 Q Yes.

8 A Yes.

9 Q And you were responsible for supervising him.

10 A It probably would have been all of us. The Acting
11 Assistant Secretary, that memo was prepared by the
12 Executive Assistant, he would have had sort of
13 involvement in it as well as Silvio and the multi-family
14 housing people and the other people that were involved
15 in Mod Rehab funding selections.

16 Q Would you name specifically the individuals that
17 would have been responsible for enforcing those rules as
18 set out in that memo? Not their titles, but their
19 names. So far we've established you and Mr.
20 DeBartolomeis.

2 A Tom Casey. Other folks that would have been

2 involved would have been Maddie Hastings, Louise
2 Kleffner. If it had been followed in the field and they
2 went to the area office managers, the area office
2 manager, of which there were numerous ones, could well

751

1 have gone through -regional
administrators.

2 Q You said Tom Casey. You mentioned his name.

3 A Yes.

4 Q Was he your Executive Assistant?

5 A Yes, he was.

6 Q And you say he was responsible for writing the
7 memo?

8 A He assisted in the preparation of the memo.

9 Q And you assisted in the preparation of the memo?

10 A Yes.

11 Q You were advised by the General Counsel's Office,
12 were you not, that it was entirely acceptable for Mod
13 Rehab selection to be done at HUD headquarters? Were
14 you not?

15 A That memo concurs in the issuance of the memo, yes.

16 Q The answer to my question is yes.

17 A Yes, I was never personally advised, but I think

allbinders as word for experiment.txt

18 the answer is yes.

19 Q Well , you were responsible for the program?

20 A When you're the Assistant Secretary or Acting
2 Assistant Secretary you're responsible for a whole
2 myriad of housing programs, and a lot of things occur.

2 Q I 'm sure that's true, but you were under the - you

2 operated under the understanding that it was acceptable

2 and legal to make the decisions regarding Mod Rehab

752

1 allocations in Washington, D.C., weren't you?

2 A Yes.

3 Q And that had been signed off on by the General

4 Counsel at HUD, hadn't it?

5 A Yes.

6 Q And your memo to the field established that, to the

7 field offices, didn't it?

8 A Yes.

9 Q Now, do you also recall the Office of General

10 Counsel recommending to you or someone in your shop that

11 a record of the deliberative processes by which PHA's

12 are ranked be made?

13 A That is the second paragraph of the memo from

14 Bob Kenison to Louise Kleffner.

15 Q Did you keep a record of those deliberative

16 processes?

17 A No, we did not.

18 Q Whose responsibility was it to keep that record?

19 A Probably the individuals involved in the selection

20 process.

2 Q Miss Hale, we need names. Now, I don't -- you need

2 to be specific in responding to my questions. Would you

2 please give me the name of the individual or names of

2 the individuals who would have been responsible for

2 keeping a good record?

753

1 A Since the decisions for Mod Rehab were made by

2 Deborah Dean I would say Deborah Dean, myself, either

allbinders as word for experiment.txt
3 Tom Casey, Silvio DeBartolomeis, any of the individuals
4 that were ultimately involved in the decision process,
5 and it would have been from the career staff, who did
6 not participate in that process, up through the decision
7 makers.
8 MR. WEHNER: would you read back that answer,
9 please?

10 (Answer read back by the Reporter)
11 BY MR. WEHNER:
12 Q Were all of those individuals that you named,
13 including Miss Dean, involved in the process for
14 determining where the Mod Rehab units went?
15 Yes or no, please, and you can explain.
16 A Yes.
17 Q So there was involvement among all those people one
18 way or another?
19 A Correct.
20 Q So when you said on the record that Miss Dean made
2 the decisions, you don't mean that in the way that she's
2 the only person that had anything to do with the
2 selection, do you?
2 Do you?
2 A Yes, I do.

754
1 Q She is the only one that had anything to do with
2 any of the selections.
3 A You may want to define what that means, but -4
Q I want you to define what that means.
5 A I'd be happy to.
6 Q Please.
7 A There were people that would review to be sure that
8 they had applications in hand from those PHA's that had
9 been chosen to receive units. And that is what either
10 Tom Casey or the career people did, but the ultimate
11 decision of where the funding went was Debbie's.
12 Q well, what about Mr. DeBartolomeis? what was his
13 role?
14 A During my tenure he was not an active participant
15 in the decisions of where the funding would be
16 allocated.
17 Q Didn't he receive telephone calls from various
18 developers and various consultants that he would pass on
19 to you?
20 A During my tenure, I don't think so. I don't recall
2 anybody ever calling him.
2 Q So you received all the telephone calls from
2 developers and consultants?
2 A I received the phone calls that I received, that's
2 correct. who else received it in the Department was an

755

1 issue you'll have to ask them.
2 Q Didn't you receive information from your
3 subordinates about the specific Mod Rehab units that
Page 415

4 were up to be funded?

5 A I would receive information that there were

6 legitimate PHA applications and that there was funding

7 available to be sent. That they would review the PHA's,

8 I'm sure, to be sure that they had -- they had the

9 competency to administer the program. But not on which
10 cities that the funding would go to.

11 Q So, is it your testimony then that you would take a
12 list of or -- of qualified Mod Rehab projects to these
13 meetings with Miss Dean?

14 A No.

15 Q If there were requests on file from the PHA, and if
16 your staff had reviewed the applications --

17 A That was not the process used.

18 Q Okay. Pardon me. Because I thought you just •
19 testified that that's what had happened, that that was
20 the information you received?

2 A When the funding decision was made of which cities

2 to send the units to, then they would go through the
2 process to be sure we had a legitimate application, and
2 there was a PHA that could administer the program.

2 Q On each and every occasion?

756

1 A To the best of my recollection, that's what
2 happened.

3 Q So on each -4

A I don't remember taking in a list of all the
5 applications that were received in the second round.

6 Q Did you receive any information from your
7 subordinates regarding their recommendation as to what
8 PHA's should receive Mod Rehab units?

9 A No.

10 Q Did you make any recommendations to Miss Dean
11 regarding to which PHA's Mod Rehab units should be sent?

12 A Not which PHA's. The conversation with Debbie was
13 that I would tell her who had called me.

14 Q Did you make any recommendation -- did you ever
15 recommend that X-number of units go to a certain city?

16 A No, I think what we would talk about is sort of who
17 had called me and, you know, there might have been
18 general conversation about geographic distribution or
19 individuals that hd called, but not a formal
20 recommendation.

2 Q What's -- did you make any informal recommendations
2 to Miss Dean as to where the units should go? If you
2 didn't make any formals, did you make any informals?

2 A The conversation was years ago, it was a friendly
2 conversation, we sat either in her office or my office

757

1 and, again, I went through a list of the people that
2 called me.
3 Q Do you recall anything more specifically about
4 those conversations?
5 A Sir, it was seven years ago.
6 Q I recognize that, but we're dealing with events of
7 seven years ago.
8 A That's correct.
9 Q That are of critical importance to Deborah Dean.
10 Now, do you remember anything else specifically about
11 those meetings?
12 A No, I - I had -
13 Q The answer is no, is it not? Is that your answer?
14 A Yes.
15 MR. WEHNER: Your Honor, I have a poster that
16 I've previously shown to the Office of Independent
17 Counsel that I'd like to exhibit to the witness.
18 MR. O'NEILL: If he'd like to put it into
19 evidence we have no objection, but otherwise it's got -2
0 it can't be up there.
2 THE COURT: Let her see it first.
2 MR. WEHNER: Your Honor, she's not -- she has
2 seen it previously, that's correct, the -- what this is
2 is a list of funding decisions that were made during her
2 tenure. I can have her identify those and refresh her

758

1 recollection as to each one and write it on a chart,
2 which would take considerable time, or we can simply use
3 the prepared one. It doesn't matter. This is not -- it
4 will come out exactly the same way.
5 THE COURT: I'll let him go ahead and use it
6 at this time.
7 MR. WEHNER: Thank you, Your Honor.
8 THE COURT: It's for identification only, it's
9 not in evidence, but go ahead.
10 MR. WEHNER: Yes, sir.
11 THE COURT: what's the number on it?
12 MR. WEHNER: Sixty-three.
13 THE COURT: All right.
14 BY MR. WEHNER:
15 Q Miss Hale, I'm going to show you what I've marked

allbinders as word for experiment.txt
16 for identification as Dean Exhibits 68 and 69 and just
17 ask you to look at these. I don't want you to identify
18 them. I don't want you to read from them. I just want
19 you to look at them for a second.
20 THE DEPUTY CLERK: Dean Exhibits 68 and 69
2 marked for identification.

2 (Defendant's Exhibits 68 and
2 69 marked for Identification)
2 BY MR. WEHNER:
2 Q Have you had a chance to review those?

759

1 A Yes, I have. Can I see it once more?

2 Q I'm sorry. Have you had a chance to review them?

3 A Yes.

4 Q Now, do you recall generally the allocation of Mod

5 Rehab units to Puerto Rico?

6 A No, I really didn't spend a lot of time on any of

7 this -- explicitly. I know units went down there,

8 but -

9 Q Do you recall the recapture of units from Puerto

10 Rico?

11 A I know that there was recapture and then reuse.

12 Q Why don't you tell us what you know about the
13 recapture and reuse, reissue of units for Puerto Rico?

14 A If this is the case that I have had others ask me
15 about, it is a memo that I received, I believe, from the
16 Regional Administrator that asked me for reuse of Puerto
17 Rican units and since I did not normally spend a lot of
18 time on this I asked Tom Casey to check with Debbie
19 about their recapture and reuse.

20 Q And what happened?

2 A Again, my assumption is, although I haven't seen

2 the documents in a long time, is that they were
2 reallocated.

2 Q Do you recall who any of the developers percent or
2 any of the consultants were on that particular project?

760

1 A My assumption is that one of them was Joe Strauss.

2 Q On what do you base that assumption?

3 A From information probably at the time, and

4 recollection since that time. Hallway conversation in

5 the department. Hallway conversation at that time in

6 the department.

7 Q I thought you met with Miss Dean in your office.

8 A I don't remember talking to Debbie about that

9 directly.

10 Q So from where in the hallway did you hear about

11 Joe Strauss being involved in this project?

12 A There was numerous conversations about Joe, since

13 he had served in the department previously.

14 Q But I thought all your input came from Miss Dean?

15 A Oh, there was a lot of conversation about some --

16 Q Exactly. They were discussed all over the

17 department, weren't they, Miss Hale?

18 A I think individual selections and individual

19 projects probably were.

20 Q Absolutely. They were.

2 A Or one with reallocation like that.

2 Q And you, as the responsible official, heard these
2 being discussed, didn't you? It was of interest to you,
2 wasn't it?

2 A Anything that had my name on it would be my

761

1 interest, yes. On the other hand, hallway gossip's hard

2 to avoid when it is not directly related to the events

3 at the time.

4 Q But it was related to the events at the time, was

5 it not? Wasn't it important to you since you had to

6 sign on these allocations, that you have information

7 about where they're going?

8 A Let me rephrase it, if I can. I think the gossip

9 came afterwards. I asked Tom explicitly to go up and
10 check with Debbie. The gossip heard afterwards was sort
11 of the surrounding events and how angry people were at
12 the time. Tom did go check with Debbie about whether or

13 not their units should be reallocated.

14 Q But, in fact, units were reallocated, is that

15 correct?

16 A That's correct.

17 Q Do you know why they were reallocated?

18 A No, I don't.

19 Q You have no information about it whatsoever?

20 A Again, in this process when there were individual
21 funding selections I would have my staff or myself,
22 depending on what the case was, check with Debbie.

23 Q Who on your staff would you have, quote, check with
24 Debbie, unquote?

25 A Usually it was Tom Casey.

762

1 Q And who else?

2 A I don't think I turned very often to Silvio to do

3 that. It could have been either Silvio or his special

4 assistants. Political appointees in the department.

5 Q And who were they? We need names, please.

6 A Let me see if I can remember.

7 Q The ones you can remember.

8 A Nancy Murray at the time. Again, I would have to

9 see a list of the folks that worked for Silvio at the

10 time.

11 Q Do you have any other recollection of any other
12 names that you would have checked with Miss Dean?

13 A No, primarily Tom.

14 Q Primarily Tom Casey?

15 A That's correct.

16 Q why not Silvio, Mr. DeBartolomeis? He was in
17 charge of the program day to day.

18 A I think Tom would probably check both downstairs
19 and upstairs. The primary decision maker was Debbie, so
20 that's where it would be checked with. Tom would check
2 downstairs with Silvio and the career people about what

2 the technicalities were, but the final decision maker
2 was Debbie.

2 Q I'm getting confused. Tom would check downstairs
2 and upstairs?

763

1 A Yes.

2 Q who would he check downstairs with?

3 A Probably to the career people about aspects -
4 about what issue was current at the time.

5 Q what issue was important when it came to Mod Rehab
6 funding, what was it important for you to know or Tom to
7 know?

8 A Are we talking about Puerto Rico, or would you like
9 to take up a generalities?

10 Q whichever you prefer is fine. what was important
11 for Puerto Rico?

12 A I had been checked to about the decision to
13 reallocate. since it was a political decision I checked
14 with the decision maker as to where it would go. But I
15 assume it was a normal process, it would go through any
16 other extraneous technical and legal events that had
17 occurred.

18 Q Exactly. Your subordinates would check it out,
19 wouldn't they?

20 A Sure.

2 Q And who would they report back to?

2 A They would report back to the person handling the
2 case for me, if they were technical, and what Debbie's
2 opinion was.

2 Q Now, we recognize that you want to say Miss Dean's

764

1 name as often as you can during your testimony, but for
2 a second -3

MS. SWEENEY: Objection, Your Honor.

4 THE COURT: Overruled. This is
5 cross-examination.

6 BY MR. WEHNER:

7 Q For a second I'd like to go to the technical side
8 because you repeatedly said Deborah, Deborah, Miss Dean,
9 Debbie, Miss Dean, Debbie. But there was a technical
10 side to those programs, weren't there?

11 A Correct.

12 Q And your people had to evaluate these programs on
13 the technical side, did they not?

14 A If it was a technical issue, yes.

allbinders as word for experiment.txt
15 Q So if there were technical issues, they reviewed
16 the technical issues?
17 A That's correct.
18 Q Okay. Didn't they also have to review at least at
19 some point to see whether there was a FHA application on
20 file?
2 A Yes, I guess they would have, even for the
2 reallocation.
2 Q Sure. They would have had to look at that.
2 A Yes.
2 Q And presumably all of those matters, all those

765

1 technical issues and whether the PHA letter was in order

2 would have been brought to your attention at some point,

3 would they not?

4 A I think you'd be surprised at the lack of paper

5 that followed these political decisions.

6 Q There's no question it was political. Nobody is

7 disputing that. The question is if your people checked

8 on the technical matters where did that information go?

9 Did they check and do nothing with it?

10 A Before I signed a funding document I would have
11 been reassured that there was an application in the

12 file.

13 Q And would you be reassured that the technical items
14 were in order?

15 A That there was an application in the file, that
16 there was the funding available, yes.

17 Q And was that the only technical item you would

18 refer to? You said the General Counsel's Office would
19 review this?

20 A Not funding decisions, to my knowledge.

2 Q What about recaptures?

2 A I don't think they looked at recaptures. I'm not
2 sure. I would think they did. The General Counsel
2 would have looked at the general policy for recapture
2 and reviews when we were going through massive

766

1 recaptures for units, but I don't think they would have

2 looked at individual ones.

3 Q Do you know of an individual or have you heard of

4 an individual by the name of Paula Hawkins?

5 A Yes, I have.

6 Q And what do you know about Paula Hawkins?

7 A She was an United States Senator from Florida.

8 Q And she's a Republican or a Democrat?

9 A She's a Republican.

10 Q And her efforts in the Republican party was to see
11 that she got reelected?

12 A Yes.

13 Q And HUD played a role in her getting reelected?

14 A Yes.

15 Q What was that role?

16 A The 202 funding for her, and elderly and
17 handicapped project.

18 Q That was because the Republican party at HUD wanted
19 to get Paula Hawkins reelected?

20 A That's correct.

2 Q There were also Mod Rehab decisions that were made
2 that affected her reelection, were there not?

2 A Yes, I assume so.

2 Q 266 units were sent down to her district to help
2 her get reelected, were they not?

767

1 A If that's up there on the board.

2 Q Don't rely on my board. Let me show you what I'll
3 mark as Dean Exhibit 70?

4 THE DEPUTY CLERK: Dean Exhibit 70 marked for
5 identification.

6 (Defendant's Exhibit 70 marked
7 for Identification)

8 BY MR. WEHNER:

9 Q It's a little hard to see, but I think you'll be
10 able to make it out if you try. And I'll show you
11 what's been marked as Dean Exhibit 71.

12 THE DEPUTY CLERK: Dean Exhibit 71 marked for
13 identification.

allbinders as word for experiment.txt
14 (Defendant's Exhibit 71 marked
15 for Identification)
16 BY MR. WEHNER:
17 Q Have you had a chance to review these?
18 A Yes, I have.
19 Q Now, it's true, is it not, that HUD made the
20 decision to assist Paula Hawkins in her reelection
21 campaign by sending 266 units of Mod Rehab to her
22 district, isn't that correct? I should say to her
23 State.
24 A I never heard the conversation directly saying it
25 was helping Paula Hawkins, but that note from Debbie

768

1 says that she indicated she had talked to Senator
2 Hawkins.

3 Q Isn't it true that they were sent to Florida to
4 assist Senator Hawkins in her reelection campaign?

5 A I never had any conversation about reelecting
6 Paula Hawkins on any other project other than the 202's.

7 Q So you recall specific recollection on 202's?

8 A I had a 202 conversation that -- on Senator

9 Hawkins, that's correct.

10 Q With whom?

11 A With, I believe, Deborah.

12 Q But you don't recall any specific Mod Rehab funding
13 discussion?

14 A No, because the 202 decision was out of cycle and
15 something I didn't want to do.

16 Q Something you didn't want to do. I just gather
17 from your testimony on direct that you felt like you had
18 been forced into a very bad position with regard to the
19 Mod Rehab program. There was a lot you didn't want to
20 do?

2 A It would not have been what I would have chosen to
2 do, that's correct, and not how I handled the rest of my
2 Government career.

2 Q You met with the Secretary every Tuesday, did you
2 not?

769

1 A There were staff meetings scheduled every Tuesday.

2 Q Were you in the same room with the Secretary every

3 Tuesday?

4 A No, because they were often canceled, but when

5 there were staff meetings, I was there.

6 Q And was he in the room?

7 A During his staff meetings, yes.

8 Q And were you in the room?

9 A Yes.

10 Q So you were looking at each other?

11 A Yes.

12 Q Did you have any conversation with him about your
13 concerns about the Mod Rehab program?

14 A Not in that meeting.

15 Q At any of those meetings you attended on those
16 Tuesdays?

17 A Not any of those Tuesday meetings.

18 Q Did you ever express your concern to him about how
19 the Mod Rehab program was being run on any other
20 occasion?

2 A Yes.

2 Q And what did you say to him and what did he say to
2 you?

2 A I explicitly objected to the funding of one Mod
2 Rehab unit that was up there on your chart.

1 Q which one is that?

2 A Durham Hosiery.

3 Q And he told you to fund it, didn't he?

4 A He did not. He told me he would meet with me when
5 he got back into town, and I never met with him.

6 Q Did he tell Shirley Wiseman to fund it?

7 A That was her testimony, yes.

8 Q Did you ever have the opportunity to meet with him
9 to discuss it?

10 A Not with -- no, when I requested to meet with him.
11 Debbie showed up at the meeting and told me that I
12 should fund the project.

13 Q And do you really believe that she was doing this
14 on her own? Is that truly your testimony, that she was
15 ultimately responsible for all this?

16 A Debbie assumed a tremendous amount of
17 responsibility --

18 Q Do you really believe that she was solely
19 responsible for the Mod Rehab funding decisions that

20 were made when you were in that position?
2 A I think she assumed a tremendous amount of
2 responsibility. I can answer the question more
2 explicitly on 202. Mod Rehab I'm not sure.
2 Q I'm talking about Mod Rehab. Don't you believe
2 that Secretary Samuel Pierce knew everything she was

771

1 doing when she was doing it?

2 A No, I don't believe that.

3 Q You don't believe that. Give me one example when

4 you believe that Deborah Dean funded one project that

5 Secretary Pierce did not know was being funded?

6 A I have no direct knowledge of the Secretary knowing

7 of any of those projects. I can give you an example of

8 when the secretary did call to talk to me about a

9 project and said, please add this to this project, and I

10 said I will add it to the rest of the list that Debbie

11 has brought down to you and he said I have no other

12 list.

13 Q What project was that?

14 A It was 202 for Western Massachusetts.

15 Q Did you ever tell the Secretary or ask the
16 Secretary if he authorized Miss Dean to fund these
17 projects?

18 A No, I did not.

19 Q Let's talk about Durham Hosiery Mills for a few
20 minutes. That's one of the projects up here. I believe
21 your testimony was that Miss Dean ordered you to sign
22 off on the funding of that document, is that correct?

23 A Yes, it is.

24 Q Do you recall the specific circumstances under
25 which she ordered you to sign off on the document?

772

1 A Yes, I do.

2 Q Would you please describe that?

3 A It was over a series - I had become the Acting

allbinders as word for experiment.txt
4 General Assistant Secretary and was requested to set -
5 I was requested to sign waivers, the rapid reply was -6
had Samuel Pierce's signature on it. The Durham Hosiery
7 project was a housing project. It had Mod Rehab. It
8 had FHA insurance and it had ultimately had a UDAG
9 funding from another Assistant Secretary. So the entire
10 project was handled by the tenth floor, the Secretary's
11 office, Debbie.
12 Q Do you recall that Durham Hosiery was to have been
13 funded with Mod Rehab units that were ultimately pulled
14 back from that project?
15 A I actually think maybe it was funded with new
16 construction and then pulled back.
17 Q Do you recall the event that required it to be
18 pulled back?
19 A The story goes, although I wasn't involved
20 personally in housing funding decisions at the time,
2 that Ronald Reagan was flying up to New Jersey to
2 campaign for Millicent Fenwick, and a phone call came to
2 say that they would like to be able to announce this
2 project in New Jersey, and then those that were in
2 authority at the time had to find units and they pulled

1 it back from Durham.

2 Q And that's what happened because the President of
3 the United States ordered that something be funded,
4 isn't that correct?

5 A I never heard it was directly Ronald Reagan.

6 Q Who was President at the time.

7 A Ronald Reagan.

8 Q Thank you.

9 A A lot of people do things in President's,
10 Secretary's, and other people's names.

11 Q Do you know George Hipps?

12 A Yes, I do.

13 Q Would it surprise you to know that George Hipps
14 told Secretary Pierce that Ronald Reagan had ordered
15 that funding?

16 MS. SWEENEY: Objection, Your Honor.

17 THE COURT: All right, I'll sustain the
18 objection.

19 BY MR. WEHNER:

20 Q Were you aware that George Hipps wrote a memo to
2 Sam Pierce saying Ronald Reagan ordered this funding?

2 A I was not aware of that.

2 Q Were you aware as to the discretion that was
2 possessed by the secretary of HUD with regard to the
2 award of these units? Do you have a general

774

1 understanding of what discretion he had?

2 A If -- I think you're referring to the fact that the

3 statutory requirements to Fair Share/Mod Rehab was

4 waived by an appropriation, so that rather than having

5 15 percent left in headquarters for what was called

6 Secretary's discretion we were allowed to keep all of

7 them back in headquarters and not do a Fair Share

8 requirement.

9 Q So your understanding is that they were all kept in
10 headquarters and were all distributed at the discretion
11 of the Secretary, is that right?

12 A Yes.

13 Q And that the Secretary of BUD could have sent them
14 any place he wanted to send them? To use my example, he
15 could have sent them all to Kenwood, West Virginia?

16 A Yes, when the statutory requirement for Fair Share
17 was waived by the appropriations bill, that's correct.

18 Q And you would agree that the Secretary of HUD
19 worked for the President of the United States?

20 A Always has, always will.

2 Q Are you familiar with an individual by the name of

2 Philip Abrams?

2 A Yes, I am.

2 Q When did you first meet Mr. Abrams?

2 A When I -- when he and I both arrived at HUD about

775

1 the same time, 1981.

2 Q And have you kept in touch with Mr. Abrams ever

3 since?

allbinders as word for experiment.txt
4 A I have until the last couple of years and I haven't

5 talked to him for the last couple.

6 Q Do you consider yourself a good friend of

7 Mr. Abrams?

8 A Yes.

9 Q Did you become aware when you were Acting General
10 Deputy that a funding of Mod Rehab units had been made
11 to a partner of Mr. Abrams? Do you remember that
12 incident?

13 A Yes, I -- yes.

14 Q And wasn't that allocation that was made to
15 Mr. Abrams pulled back at some point?

16 A I don't know. I don't remember if it happened
17 during my tenure.

18 Q I believe you testified on direct that you had a
19 professional relationship with Senator Brook from
20 Massachusetts?

2 A Yes, I have.

2 Q When did you work for him, please?

2 A 1977 and 1978.

2 Q And what was your position with Senator Brook?

2 A I worked on his campaign for reelection to the

776

1 United States Senate.

2 Q What was your role?

3 A I had numerous duties at that time. Sometimes I
4 was his scheduler, sometimes I was his fund raiser. And
5 in the end of the campaign I traveled with him. I was
6 considered a staff person to take notes and handle
7 follow-up.

8 Q Do you consider him a close friend?

9 A Yes, sir, I do.

10 Q Are you familiar with Hod Rehab allocations that
11 were made during your tenure to Massachusetts?

12 A Yes, I am.

13 Q And did Senator Brook call you and lobby you and
14 ask that you give those considerations?

15 A Senator Brook and Rene Finlayson, that's correct.

16 Q And they talked to you about it?

17 A Yes.

18 Q What did you do with that?

19 A Again, as I said, I would give it to my Special
20 Assistant, ask him to keep a record of the phone calls
2 that I had received and I would tell Debbie as we sat
2 down to meet on the funding.

2 Q On that funding specifically did you describe to
2 Miss Dean that Ed Brook had called you?

2 A Yes, with any of these people -

777

1 Q No, Mr. Brook explicitly, did you tell Deborah Gore

2 Dean that Senator Brook had called you?

3 A I assume so, yes.

4 Q Did you tell her that you had worked for him for

5 two years?

6 A She knew it.

7 Q Did you tell her?

8 A I wouldn't think that would be part of the

9 conversation, it was generally known in the department
10 that I worked for him.

11 Q We have to deal with specifics. Did you tell her?

12 A Sir, I can't remember the specifics of that
13 conversation.

14 Q Did you have a conversation with her when you
15 discussed it and said, look, I am very close to
16 Senator Brook, maybe we shouldn't fund these?

17 A Maybe we should not? No, I never said that.

18 Q Did you recommend that they be funded?

19 A I am sure that I indicated that it was -- that he
20 was a leading Senator, that he had dealt with housing
2 and it would be a good idea to fund them.

2 Q You recommended that they be funded, didn't you?

2 A If that's the term you'd like to use, yes.

2 Q Notwithstanding your personal relationship with
2 him, you recommended that they be funded, isn't that

778

1 correct?

2 A He -I

received the phone call from him. I told

3 Debbie of the phone call.

4 Q What do you think from your knowledge of the way

5 the Secretary ran the department, Secretary Pierce would

6 have done if he would have known that you had

7 recommended that those units be funded for

8 Senator Brook?

9 A I'm not even sure I can answer that.

10 MS. SWEENEY: Objection, Your Honor.

11 THE COURT: All right. I'll sustain the

12 objection.

13 BY MR. WEHNER:
14 Q To your knowledge, did he know?
15 A Did he know that Ed Brooks' units were funded? To
16 my knowledge, no.
17 Q Did you tell him?
18 A No, sir, I never had any direct conversation with
19 the Secretary on any funding decisions other than the
20 couple that I described.
2 Q would you have expected Miss Dean to tell him?
2 MS. SWEENEY: Objection, Your Honor.
2 THE COURT: All right. Sustained.
2 BY MR. WEHNER:
2 Q To your knowledge, did Miss Dean tell him?

779

1 A I don't know what Debbie said to the Secretary.
2 Q Did Miss Dean ever tell you she had told him or
3 tell you she didn't tell him?
4 MS. SWEENEY: Objection, Your Honor.
5 THE COURT: All right. I'll sustain the
6 objection.
7 BY MR. WEHNER:
8 Q Did Miss Dean ever mention a conversation to you
9 that she had with the Secretary regarding those units?
10 A No, sir, she did not.
11 Q Did Senator Brook help you get your job at the
12 Department?
13 A Senator Brook knew Secretary Pierce. He may have
14 talked to him about me.
15 Q well, did he?
16 A I don't know, sir.
17 Q Did you ask him to?
18 A Yes, I did. I don't know if they ever hooked up.
19 Q what did you say to him when you asked him to talk
20 to him?
2 A That I was interested in a job at HUD. I probably
2 came in through other people as well. But I probably
2 thought he knew and would ask for my interest alone.
2 Q Do you know the name Mike Karam?
2 A Yes.

780

1 Q Who is that?
2 A Mike Karam was Deputy Assistant Secretary in the
3 early days of the Reagan Administration.
4 Q Is he a friend of yours?
5 A He's somebody I knew from the campaign.
6 Q which campaign?
7 A The Reagan-Bush campaign.
8 Q Did there come a time when he did s<
9 consulting work?

10 A Yes.
11 Q When was that? was that during yoi :?
12 A I'm sure he did before and after.
13 Q Did you ever get any Mod Rehab units for his
14 developers when he was consulting in that area?
15 A Again, sir, I don't really remember the projects
16 and who they went to except a couple of them.
17 Q Do you ever recall him calling you about a project?
18 A I think that he has called me on projects. I'm not

allbinders as word for experiment.txt

19 sure if it's on Mod Rehab.

20 Q Okay. We've briefly discussed Durham, North

21 Carolina. That's the first one that's on my little list

22 I prepared. And do you recall the consultants that were

23 involved in that or the developers that were involved in

24 that?

25 A I think if I heard their names I would remember

781

1 them. I don't think I can come up with them.

2 Q Do you recall receiving any telephone calls with

3 regard to those?

4 A From Deborah and from a woman on the staff

5 upstairs.

6 Q From people, non HUD employees?

7 A I don't think I got any directly, but I did meet

8 with them at the request of the tenth floor.

9 Q Whose offices are on the tenth floor?

10 A Debbie is the Special Assistant, the Secretary, the

11 General Counsel.

12 Q Who else?

13 A Executive Office, Budget Office, Assistant

14 Secretary for Administration.

15 Q Can you be more specific as to the people you

16 talked about other than the tenth floor?

17 A That's a euphemism when we talked about it.

18 Q A euphemism for what, for what?

19 A Funding decisions, whatever was the -- oh, the

20 tenth floor was interested. It was a generic statement.

21 Q The superiors within the Department, correct?

22 A Yes.

23 Q The people you worked for?

24 A Right.

25 Q Including the secretary?

782

1 A In some instances. In other instances it was

2 colleagues, Assistant Secretaries or others were also up

3 there.

4 Q I direct your attention to project funded in North

5 Dakota during your watch. Do you recall a project in

6 the amount of 12 units being assigned to North Dakota?

7 A I see them up there, yes.

8 Q Do you recall it?

9 A Sir, again, seven years ago, a lot of these

10 projects I don't -11

Q I'm going to show you what purports to be the

12 funding decision that was made on this project signed by

13 you.

14 A Okay.

15 Q And see if that refreshes your recollection as to

16 that funding decision?

17 A Again, these are all the same sort of standard form

18 for filling them in. It went to the regional office and

19 went out.

20 Q You funded it?

allbinders as word for experiment.txt

2 A It is my signature, that's correct.
2 Q Does that mean that it was funded?
2 A It meant that the decision was made in those
2 meetings with Deborah and I. It is my final document
2 that released the funds, that's correct.

783

1 Q Do you recall any conversation about sending units
2 to North Dakota with anyone outside of HUD? Those 12.

3 A No.

4 Q What discussion do you recall with Deborah Gore
5 Dean with regard to this?

6 A Again, I have a very scant recollection of any of
7 these meetings.

8 Q What do you recall that you said to her and she
9 said to you, anything?

10 A Again, I would go over who called me. So if
11 somebody had called me on any of those projects I would

12 have called her.

13 Q Ma'am, this is very important. Do you have any
14 recollection about what was said about North Dakota at
15 any of those meetings?

16 A No, a specific recollection, no.

17 Q None?

18 A No recollection.

19 Q Do you remember 12 units to Philadelphia,
20 Pennsylvania?

2 A Again, that's the same thing.

2 Q You have no specific recollection of anything that
2 was said during that meeting between you and Miss Dean?

2 A No.

2 Q Is that correct?

784

1 A Very little. Again, as I have testified, I would
2 go over the list of the names of people who called. We
3 would have general conversations, but not -I
don't

4 remember anything about Philadelphia.

5 Q Now, Massachusetts, I believe you've already
6 testified that you had conversations with Senator Brook,
7 is that correct?

8 A That's correct.

9 Q And you passed those on to Miss Dean?
10 A That's correct.
11 Q Metro-Dade County, Florida. Do you recall
12 discussions with Miss Dean regarding Metro Dade County,
13 Florida? Eight units?
14 A Again, there was a conversation about some Miami
15 units because I at one point had a meeting with the
16 Undersecretary of HUD about some and that's - that
17 could be one of those. I don't know which units it
18 would have been.
19 Q Who is the Undersecretary at that time?
20 A Lee Versatig.
2 Q And did you discuss mod rehab units with him?
2 A There was a meeting that I had in his office about
2 some Dade County units.
2 Q And what did he say to you and what did you say to
2 him?

785

1 A Nothing. We just listened to the developers who
2 requested the units and, again, that would have been on
3 my list.
4 Q I direct your attention back to the Chicago Housing
5 Authority's allocation. Did you ever meet with
6 Mike Karam regarding those units?
7 A I have met with Mike Karam. I don't know if that
8 was specifically on those units. I don't think so.
9 Q You have no recollection of meeting him with regard
10 to those units?
11 A Mike Karam has called me, has asked me for stuff.
12 I didn't remember if it was Mod Rehab.
13 Q Did he ever promote you while you were at HUD?
14 A Yes.
15 Q What did he promote you from and to?
16 A Oh, did he promote me? No, I'm sorry. He was the
17 Deputy Assistant Secretary when I was the Executive
18 Secretariat. *
19 Q Did he help you get a promotion?
20 A No.
2 Q Did he support you for promotion?
2 A Maybe he did. I don't know.
2 Q Now, I think you testified that the nine units for
2 Massachusetts you discussed with Senator Brook, right?
2 A I believe Senator Brook requested more than nine

786

1 units. I think the number was something like 150 to
2 200.
3 Q So there were actually more units that were
4 requested by Senator Brook, not just the nine?
5 A That's correct.

6 Q And you took that information into this meeting

7 with Miss Dean and you discussed it and you said it

8 would be a good idea. Is that what you said?

9 A Yes. who knows? Something similar to that.

10 Q well, you knew.

11 A Again, we discussed those people that called me.

12 It would be natural for me to have wanted Brook to get
13 units.

14 Q There's another designation of units, of Mod Rehab
15 units to North Dakota. Bismarck. Do you recall a
16 designation about rehab units to Bismarck, North Dakota?

17 A Again, until you put that list up, I haven't seen a
18 list like that since I left the department.

19 Q Let me see if I can refresh your recollection.

20 Does this refresh your recollection as to your
2 participation in a funding decision to send Mod Rehab

2 units to North Dakota?

2 A Again, this is the Mod Rehab funding documents. It
2 was signed by Susan Zagame over my signature, but it
2 would have been one of the ones, I'm sure, that was

787

1 decided either at that first or second meeting.

2 Q Are you familiar with -I

believe you've already

3 testified you're familiar with Mr. Philip Winn?

4 A Yes.

5 Q And are you familiar with a person by the name of
6 Lance Wilson?

7 A Yes.

8 Q And are you familiar with a person by the name of
9 Phil Abrams?

10 A Yes.

11 Q Did you have any discussions with any of those
12 three people regarding those units, North Dakota?

13 A I know I never talked to Phil Abrams, Lance Wilson
14 about North Dakota.

15 Q You never had any discussions with them about the
16 the North Dakota units?

17 A Not a request from them, no.

18 Q well, anything to do with, to use use your word.
19 requests?

20 A No.

2 Q Do you remember a project known as Demonstration
2 for Independent Living?

2 A No. Is it a type of HUD funding program or is it a
2 name of a project?

2 Q No, actually it's a name of a project that Mod

788

1 Rehab units were funded for in Dade County, Florida.

2 It's 24 units to Dade County, Florida. I'll slow you
3 the funding document and see if that refreshes your

4 recollection?

allbinders as word for experiment.txt

5 A It's the same funding document that I've seen
6 before. We would discuss them by units or by city, not
7 by - no, that doesn't help.

8 Q I refreshed your recollection as to each, to the
9 extent I can, each of those cities, and the units that

10 were sent to those cities. And I would like you to
11 identify those which you specifically recall Miss Dean
12 telling you specifically to fund?

13 A Deborah indicated the funding that I was to do when
14 we went over the list. So I would say that all of
15 those. I can remember very explicit conversations with
16 Deborah under the Hosiery Mill. The rest of them are
17 all part of that same meeting where there was a
18 discussion about where the units would go.

19 Q So the only one to your recollection that she
20 specifically ordered you to fund that you can recall
2 today was Durham Hosiery Mill, isn't that correct?

2 A I have testified explicitly to the conversations on
2 Durham and to the fact that Deborah at that meeting
2 indicated which units should be funded. So, that's
2 true.

789

1 Q She told you to fund Durham Hosiery Hill, did she

2 not?

3 A Yes.

4 Q But you have no recollection of her telling you to

5 fund the remainder of those units, isn't that true?

6 A I don't think that's what I said. I don't remember

7 explicit conversations about any of those individual

8 ones. I remember the meeting and going over and having

9 the final decision on where the units were going.

10 Q Of course you had meetings. Of course you
11 discussed where they were going to go. Of course you
12 said that Ed Brook wanted units. Of course you had
13 these discussions. But that's not the question. The
14 question is of all of those projects you couldn't
15 remember one that you specifically remembered Deborah
16 Dean ordering you to fund?

17 A Deborah Dean made the final decision on where all
18 of those were going at that meeting.

19 Q As far as you were concerned.

20 A That's correct.

2 Q Now, we've talked pretty consistently and for quite

2 a period of time about the input that you received from
2 your subordinates regarding the Mod Rehab fundings. And
2 you recall we went through what you would learn from
2 Mr. Casey and what you would learn from

790

1 Mr. DeBartolomeis. what input did Miss Dean receive -
2 her input into these meetings? where was she getting
3 her information?
4 MS. SWEENEY: Objection, Your Honor.
5 THE COURT: All right. I'll sustain that.
6 BY MR. WEHNER:
7 Q Did Miss Dean ever tell you where she was getting
8 her input?
9 MS. SWEENEY: Objection, Your Honor.
10 Your Honor, may we approach?
11 THE COURT: Sure.
12 (Bench conference)
13 MS. SWEENEY: Your Honor, Mr. wehner repeatedly
14 is attempting to elicit from the witness statements by
15 Miss Dean and I believe Your Honor has already addressed
16 this issue with him previously in the trial and I would
17 simply ask that we not waste all that time again.
18 MR. WEHNER: I don't know that you previously
19 addressed that issue.
20 THE COURT: No, I think you asked awhile ago
2 what did Miss Dean say to so and so.
2 MR. WEHNER: Judge, I think that this witness
2 has spent two hours mentioning Deborah Gore Dean's name
2 every five minutes, and I think it's only fair for me to
2 be able to ask her. She doesn't know who was directing

791

1 the funds. She doesn't have a clue.
2 THE COURT: You're free to ask her what did
3 Miss Dean tell you about it. There's a lot of other
4 ways to phrase your question than saying what did Miss
5 Dean tell you and then ask her. She doesn't know
6 anything. You're on cross-examination and you can lead
7 all you want to.
8 MR. WEHNER: Can we take a few minutes so
9 Miss Dean can have a bathroom break?
10 THE COURT: We take a break at three because
11 that's when the refreshments are brought out.
12 MR. WEHNER: I'll see if she can hold on.
13 Thank you.
14 (Bench conference concluded)
15 THE COURT: Mr. wehner, we'll take a break now
16 because other people want a break now.
17 All right, ladies and gentlemen, we'll take a
18 break. It will have to be 20 minutes because your
19 refreshments will be brought up. We'll take a break for
20 15 or 20 minutes at this time. Remember the admonitions
21 of the Court during the afternoon break.
22 (Recess, 2:55 p.m. To 3:20 p.m.)
23 THE COURT: All right. Bring the jury in.
24 THE DEPUTY MARSHAL: Yes, Your Honor.
25 MR. WEHNER: Your Honor, while the jury is

792

1 coming in, could we see you quickly at the bench for a

2 few seconds?

3 THE COURT: Sure.

4 (Bench conference)

5 THE COURT: Yes.

6 MR. WEHNER: Your Honor, I think I saw briefly

7 in the courtroom, and Mr. O'Neill confirmed it, I had

8 seen briefly in the courtroom a lawyer for a witness and

9 I would like to ask the Independent Counsel to please
10 tell the lawyers for their witnesses that there is an
11 order and they should not discuss what they see in the

12 courtroom, what they hear in the courtroom with their

13 client before they testify because -- this was
14 significant because it was Mr. DeBartolomeis' attorney

15 and I've tried to do the same thing, Judge. I
16 understand why he was here but I've also been cut off.

17 MS. SWEENEY: Your Honor, we'll be sure to
18 make that clear to the attorneys. We certainly didn't
19 invite him or anything like that.

20 THE COURT: Just let know if anybody shows
2 up. who was it?

2 MR. WEHNER: I think it was Bob Ogren.

2 MS. SWEENEY: Your Honor, I didn't see him. I
2 would have been sure to tell him.

2 (Bench conference concluded)

1 THE COURT: Thank you. All right, are we ready

2 to resume?

3 MR. WEHNER: We are, Your Honor. Shall we

allbinders as word for experiment.txt
4 wait for Mr. O'Neill?

5 THE COURT: No, go ahead.

6 BY MR. WEHNER:

7 Q Do you recall, Miss Hale, the funding of 375 units

8 to Richmond, Virginia?

9 A No, sir, not any more than any of the other ones.

10 Q Okay. That would have been one that would have
11 fallen in your general category that you must have
12 discussed it with Miss Dean but you don't remember the
13 specifics.

14 A That's correct, sir.

15 Q I'll show you what I've marked for identification
16 as Dean exhibit 72?

17 THE DEPUTY CLERK: Dean Exhibit 72 marked for
18 identification.

19 (Defendant's Exhibit 72 marked
20 for Identification)

2 BY MR. WEHNER:

2 Q And I'm going to ask you to review it with
2 particular review to the last sentence of the first
2 paragraph. Have you had a chance to review that?

2 A Yes, the last sentence of the second paragraph.

794

1 Q Now, it's true, is it not, that 375 units that were
2 sent to Richmond, Virginia were sent as a result of a
3 settlement of civil litigation, is that correct?

4 A That's what the memo says, yes, sir.

5 Q Now, do you have any recollection?

6 A No, sir, I don't, but the memo on the funding
7 document says that that's it, so it must be the case.

8 Q Do you have any recollection of discussing those
9 375 units with Miss Dean?

10 A Again, sir, it was seven years ago. I don't
11 remember much of the conversation about it. If it was a
12 legal settlement it would have come to me and I would
13 have discussed that with her.

14 Q Do you recall we testified or you testified
15 concerning some units that were sent to Dade County,
16 Florida and I asked you some questions about
17 Senator Paula Hawkins?

18 A Yes.

19 Q And do you recall that she was up for reelection at
20 the particular time -2

A Yes.

2 Q -- that those units were funded. Do you recall we
2 also discussed some units that were funded that at least
2 Senator Brook was interested in?

2 A Yes.

795

1 Q What was Senator Brook's relationship to that
2 project when he made the telephone call to you?
3 A I believe he would be the consultant or the
4 developer, I'm not sure which.
5 Q But he wasn't sitting in the U.S. Senate.
6 A That's correct.
7 Q Now, I believe you testified, on -- in response to
8 one of my questions on cross-examination that you tried
9 to meet with the Secretary regarding Durham Hosiery
10 Mill, but that when you showed up at the meeting
11 Miss Dean was there.
12 A That's correct.
13 Q Where did you show up for a meeting where Miss Dean
14 was there?
15 A I went up to the Secretary's suite and was told -16
16 by either Debbie or a secretary, somebody told me it
17 would be with Debbie.
18 Q Do you recall who told you it would be with Debbie?
19 A No, I don't.
20 Q So where did the meeting take place?
2 A In Debbie's office.
2 Q So where she showed up was in her own office.
2 A Right.
2 Q Finally, I believe you testified on
2 cross-examination several times and direct examination

796

1 several times that Miss Dean was the as far as you
2 were concerned, the final decision maker with regard to
3 the allocation of Mod Rehab units, is that correct?
4 A Yes.
5 Q And that you -- these decisions would be made after
6 discussions between you and Miss Dean, is that correct?
7 A That's correct.
8 Q And you told the jury about the input that you
9 received from your subordinates, is that correct?
10 A That's right.
11 Q Did you receive input from other individuals at HUD
12 that were superior to you, besides Miss Dean?
13 A I don't think so.
14 Q Do you have any recollection of receiving such
15 information?
16 A No.
17 Q Specifically with regard to Durham Hosiery Mill, do
18 you remember a meeting with Miss Dean
19 project?
20 A Yes, there were several.
2 Q Well, specifically the one where
2 Secretary would not meet with you, do
2 meeting?
2 A Yes, that would have been one of
2 Q And, in fact, you were basically

concerning that

you say that the
you remember that

the last meetings.
refusing to fund

797

1 Durham Hosiery Mill, weren't you?

2 A Yes, I was.

3 Q And why were you refusing to fund it?

4 A I thought it was too expensive and the housing part

5 would probably not be the best utilization of housing

6 resources.

7 Q And you were vehemently opposed to that, weren't

8 you?

9 A That's correct.

10 Q As a matter of fact, you thought it would wreck
11 your career if you funded that, didn't you?

12 A I thought that there was always a potential to a
13 scandal to develop around that and other Mod Rehab
14 funding.

15 Q And did Miss Dean -- strike that. Did you receive
16 any information from any source that Secretary Pierce
17 had ordered that project to be funded?

18 A The 180 -- a rapid reply I guess it was -- actually
19 funding of that Mod Rehab. Funding a Mod Rehab was a
20 two-step process. There would be a rapid reply signed
2 and then an 185 cut and that was the actual funding

2 document, and the 185 from Durham -- no, the rapid reply
2 for Durham Hosiery Mill had the Secretary's signature on
2 it. I would also add that it may have been an auto pen.

2 Q That was unusual, was it not?

798

1 A To auto pen, A. It was unusual to send the

2 documents upstairs, yes.

3 Q It was unusual to have the Secretary's signature,

4 auto pen or not.

allbinders as word for experiment.txt

5 A That's correct.

6 Q Did you have a discussion with Miss Dean as to

7 whether the Secretary specifically was going to sign the

8 funding document for that project?

9 A That was my second day as acting and I don't
10 remember the conversation. I do remember it being in my
11 in box and processing it. I have a far stronger
12 recollection of the subsequent meetings when I was
13 actually being asked to sign the waivers.

14 Q Do you recall making any changes to the form, to
15 the funding document? So that the -- your title would
16 not appear on the funding document?

17 A The rapid reply I, think, was signed, and you'd
18 have to look at the dates for sure, before I became *
19 acting or about the first day, one of those two. When
20 the 185 was going to be signed, which would be my
2 funding, I considered sending it upstairs to have it

2 signed again and finally decided that the Secretary's
2 signature on the rapid reply would be sufficient.

2 Q Did you make any changes to the rapid reply form so
2 that your title would not appear on the form?

799

1 A I would have to see the rapid reply. I don't
2 have -I

don't know whether -3

Q Isn't it true that you whited out the title, the
4 first part of the title, Assistant Secretary, so that
5 the word Secretary would appear?

6 A No, not I, because that occurred, I think, during
7 the tenure -- the debate about that was on the -during
8 Shirley wiseman, but I'm not -I

don't remember because

9 I think the document was already up there when I
10 started, but I'm not sure.

11 Q So your testimony is that you did not white out the
12 word Assistant on that form?

13 A I don't think so.

14 Q well, you don't think so, or you know you didn't?
15 whiting out would be something you would probably
16 remember.

17 A I don't think I did that.

18 Q Miss Hale, do you have an agreement -;

19 A I do remember that it has been whited out. If you
20 get the document it will just say Secretary, if you look
2 at the rapid reply.

2 Q who do you think did white it out?

2 A I don't know. Again, it may have been me. I don't
2 remember processing that form. I think that happened
2 before my tenure, but it may well have been.

800

1 Q May well have been what?

2 A That it was prepared and that it was whited out

3 before I got there. It may have been whited out while I

4 was in.

5 Q what arrangement do you have with the Independent

6 Counsel regarding your own prosecution? Have they given

7 you any guarantees?

8 A They have not. To my knowledge I've never been a

9 target of this investigation.

10 Q Do you have a letter to that effect?

11 A No, sir, I don't.

12 Q You're just relying on the verbal assurances of the
13 Independent Counsel?

14 A I have had no assurances.

15 Q And how do you know you have never been a target?

16 A Because I keep asking every time I go in there, but
17 there have been no assurances.

18 Q Well, they answer the question.

19 A At this time, there's always an at this time, sir.

20 Q That's right. Specifically with regard to

2 Senator Brook, and his phone calls to you as a

2 consultant, and your discussions of that project with

2 Miss Dean, have they given you any assurances that

2 you're not a target in that investigation?

2 A No.

1 Q But you haven't been prosecuted for those

2 conversations with Senator Brook, have you?

3 A That's correct.

4 Q And you haven't been prosecuted for the funding

5 that followed those conversations with Senator Brook,

6 have you?

7 A I have not.

8 Q And you haven't been prosecuted for the thousands

9 of dollars Senator Brook as a consultant received from

10 those units, have you?

11 A I have not been.

12 MR. WEHNER: I have nothing further, Your Honor.

13 THE COURT: All right. Thank you. Redirect,
14 miss Sweeney?

15 MS. SWEENEY: Yes, Your Honor.

16 REDIRECT EXAMINATION

17 BY MS. SWEENEY:

18 Q Miss Hale, on cross-examination you were asked a
19 number of questions about Senator Brook. During the
20 time that you knew the defendant did you ever have
21 occasion to talk with her about the fact that you had
22 worked for Senator Brook?

23 A I'm sure she knew. We talked about each of our
24 lives, where we had come from, so I must have told her.
25 It's obviously evident, yes.

802

1 Q How long did you know the defendant?

2 A I met her when she first applied for the Executive

3 secretary job.

4 Q Do you recall when that was?

5 A Probably 1983.

6 Q And can you tell the members of the jury the nature

7 of your relationship with her?

8 A I considered her a friend and a colleague.

9 Colleague first, probably friends.

10 Q Miss Hale, we've been talking a lot this afternoon
11 about the funding responsibility that you had for the
12 Mod Rehab Program. Did you have funding responsibility
13 for other programs?

14 A Yes, ma'am.

allbinders as word for experiment.txt
15 Q And can you describe for the jury, members of the
16 jury, briefly what those programs were and what the
17 nature of that responsibility was?

18 A The Office of Housing --

19 MR. WEHNER: Objection. I think it's beyond
20 the scope of cross, but I raise it because if it goes
2 into great detail I think I'm going to have to go into

2 it in great detail on recross. That's the objection.

2 THE COURT: All right, I'll allow her briefly
2 to answer the question, briefly summarize the
2 responsibilities.

803

1 THE WITNESS: Yes, sir. I think I actually

2 said it before. Housing has FHA insurance and then

3 assisted vouchers, amendment money. There's a whole

4 myriad of assisted housing that's directly appropriated

5 by the Congress, and decisions have been made about how

6 that money would be allocated.

7 Q Were there funding documents associated with those

8 other program responsibilities that you just described?

9 A For the assisted, yes, and actually, I guess, FHA

10 too, but a very different type.

11 Q During cross-examination you made a reference to
12 not being particularly happy while you were at the
13 Department of Housing and Urban Development working on
14 Mod Rehab and you contrasted that to other times in your
15 federal career. What did you mean by that?

16 A I actually probably will contrast it not just to
17 the federal Government, but I loved my time in HUD. I
18 think we made significant process both in the assisted
19 and FHA reforms. The Mod Rehab funding process would
20 not have been one that I was interested or wanted to
2 participate in. It came with the Acting Assistant

2 Secretary title. I did it the best I could.

2 Q Why was it one that you were not particularly
2 interested in?

2 A In almost -- in every other housing program that I

804

1 was involved with at the time and in my tenure at the
2 other agencies there I've served in the Federal
3 Government, there were processes of how federal money
4 would be allocated and I remain convinced today to the
5 best of my knowledge that the low income housing that
6 was appropriated by Congress for Mod Rehab did not
7 ultimately serve low income people. I don't believe
8 that the selection process we used was in the best
9 interests of the Federal Government.

10 Q You described signature authority in connection
11 with Mod Rehab, and in connection with that you signed
12 certain documents referred to as rapid reply?

13 A Yes.

14 Q You signed other forms called 185's, is that
15 correct?

16 A That's correct.

17 Q Did you ever sign any 185's for Mod Rehab
18 allocations where the defendant had not told you to send
19 funds to that particular locality?

20 A Not ones that I hadn't discussed with her and that
2 she indicated should be funded.

2 Q With regard to rapid replies, did you ever sign any
2 rapid replies for Mod Rehab where the defendant had not
2 told you to send those particular funds to that
2 particular locality?

805

1 A No, ma'am.

2 Q On cross you were asked about a rather colorful
3 story involving the Durham Hosiery Mill and
4 Millicent Fenwick. Do you have any personal information
5 about that particular incident?

6 A No, ma'am. I was not involved at all in that and,
7 again, it is a story that circulated widely and was
8 testified to in front of Congress.

9 Q During your cross-examination you made reference to

10 certain technical issues that could arise in the course
11 of processing Mod Rehab. would the actual funding
12 decision itself be a technical issue?

13 A No. I would point out that the one that I
14 hadn't -- hadn't remembered, which was the legal issue
15 that I hadn't remembered, that there was a Court
16 settlement. while it would have been recommended by the
17 Court I still think we had to make the actual decision
18 to fund.

19 Q Now, Mr. Wehner during cross-examination asked you
20 a lot of questions about your meeting with the
2 defendant. Could you please describe again for the
2 members of the jury how these meetings occurred?

2 A Again, in September I probably would have initiated
2 the meeting as we would have had to get the money
2 through the HUD process and get it out through the door

806

1 so we would not lose the money.

2 In the second meeting I would think was

3 initiated by Debbie and we would discuss sort of who had

4 called me, who the potential location was -- what the

5 potential locations were, and then Debbie would make the

6 ultimate decision of where they would go.

7 Q As you describe it, it sounds as though you left

8 these meetings with a list, is that right?

9 A That's correct.

10 Q And what did that list contain?

11 A It contained the list of the locations of where the
12 low income housing money would be sent.

13 Q And who had designated the localities to be placed
14 on that list?

15 A Debbie.

16 Q What did you then do with the list?

17 A I would then turn to my Special Assistant,
18 Executive Assistant, Tom Casey, and ask him to process
19 the funding documents, to go and check to be sure there
20 was a public housing application on record, they had the
2 capacity to administer the program, and then it would be

2 processed by Ross Kumagai and the other offices to get
2 the funding document actually processed and developed
2 and sent forward.

2 MS. SWEENEY: with the Court's permission I'd

1 like to show the witness a document that's been marked

2 Government's Exhibit 78.

3 BY MS. SWEENEY:

4 Q Miss Hale, do you recognize that document?

5 A Yes, it's one of the formal forms of releasing

6 money.

7 Q Do you recognize the signature on that document as

8 being your own?

9 A Yes, I do.

10 MS. SWEENEY: Your Honor, we have a
11 stipulation as to the authenticity of this document and
12 at this point I move this document into evidence.

13 MR. WEHNER: No objection, Your Honor.

14 THE COURT: All right, 78 will be admitted.

15 (Government's Exhibit 78

16 received into Evidence)

17 BY MS. SWEENEY:

18 Q Miss Hale, looking at this document, do you know
19 which developer was behind this particular allocation?

20 A No, ma'am, I don't.

2 Q Do you know whether any particular consultant was
2 involved with this particular allocation of Mod Rehab
2 units?

2 A I don't know.

2 MS. SWEENEY: No further questions, Your

808

1 Honor.

2 THE COURT: Recross?

3 RE-CROSS EXAMINATION

4 BY MR. WEHNER:

5 Q Miss Hale, do you recall which Senator was behind
6 that project?

7 A No, sir, I don't.

8 Q What Senator was in office during that time period?

9 A It would have been Paula Hawkins and there probably

10 would have been another Senator who was Gramm?

11 MR. WEHNER: Nothing further, Your Honor.

12 THE COURT: All right. You're free to go.

13 Thank you for being here.

14 MR. O'NEILL: Your Honor, at this time the

15 Government would call Mr. Silvio DeBartolomeis.

allbinders as word for experiment.txt

16 THE COURT: All right.
17 (SILVIO DEBARTOLOMEIS, WITNESS FOR GOVERNMENT, SWORN)
18 DIRECT EXAMINATION
19 BY MR. O'NEILL:
20 Q Mr. DeBartolomeis, I will be asking you a series of
2 questions. I'd ask you to speak in a loud voice so that
2 everyone can hear you. All the jurors.
2 Will you please state your name for the record
2 and please spell it for the Court reporter so she has it
2 down properly?

809

1 A My name is Silvio James DeBartolomeis, the last
2 name is D-e B-a-r-t-o-l-o-m-e-i-s.

3 Q Mr. DeBartolomeis, have you pled guilty to certain
4 criminal charges arising out of your activities while
5 you were at HUD and your activities after you left HUD?

6 A Yes, sir.

7 Q What were the charges that you pled guilty to, sir?

8 A The first charge was false statements to Congress.

9 Basically I said that the program, Mod Rehab program was
10 being run in a proper manner, and it wasn't, and I knew
11 it wasn't. That was the first misdemeanor violation.
12 The second was I received an unsecured loan
13 from a person that was my mentor for -- that brought me
14 to HUD and he was still doing business with the
15 department.
16 And the third was I was working for that same
17 mentor and prepared a false receipt and I knew it was
18 not a real receipt, and that receipt was used to say*
19 that somebody paid for the use of a condominium when in
20 fact they had not, and that was also a violation, a
2 misdemeanor.

2 Q We'll get into more of the details later on, but
2 you mentioned a mentor. Who are you referring to?

2 A Philip Winn.

2 Q Now, Mr. DeBartolomeis, are you guilty of those

810

1 charges to which you pled?

2 A Yes, sir.

3 Q Have you been sentenced on those charges as yet?

4 A No, sir.

5 Q why are you testifying today, sir?

6 A I've agreed to cooperate with the Independent

7 Counsel and the -- telling the truth here today.

8 Q sir, are you presently employed?

9 A Yes, sir.

10 Q How are you employed?

11 A I am a real estate broker, I'm self-employed in the

12 State of Colorado. I sell houses.

13 Q Now, you mentioned previously your stint at HUD.

14 when did you join HUD?

15 A About in February of 1981 I was brought on by my
16 mentor Phil Winn as Special Assistant to the Assistant
17 Secretary for Housing, Federal Housing Commissioner.

18 Q And, again, how did you know Phil Winn?

19 A He was the chairman of the Colorado Republican
20 party. I had worked for him in Colorado and when he was
21 appointed as the Assistant Secretary for Housing he
22 asked me to come and I was glad to come to Washington.

23 Q Now, what was your position when you started at
24 HUD?

25 A I was Special Assistant to the Assistant Secretary

811

1 for Housing, Federal Housing Commissioner.

2 Q And who was the Federal Housing Commissioner, just
3 for the record?

4 A Philip D. Winn.

5 Q what did you do for him?

6 A Basically answer phone calls, take a look at
7 projects that may have run into trouble during the
8 course of development, and kind of troubleshooting, if
9 you will, more so than anything else.

10 Q Mr. DeBartolomeis, how long did you remain in that
11 position?

12 A A couple of months. I then -- Phil Winn made an
13 opportunity for me with Philip Abrams who was the
14 General Deputy Assistant Secretary for Housing to go and
15 work for him as the Executive Assistant to the General

allbinders as word for experiment.txt

16 Deputy Assistant Secretary for Housing.
17 Q At this time I would refer to Government's Exhibit
18 One, Mr. DeBartolomeis. I have a feeling since you held
19 several positions it might be confusing with a few of
20 the names.
21 Mr. DeBartolomeis, I direct your attention --
22 are you able to see that from here?
23 A Only the large type. I'm sorry.
24 Q I'd ask you, with the Court's permission, to you
25 come down.

812

1 A May I?

2 THE COURT: All right.

3 BY MR. O'NEILL:

4 Q In going over your background could you stand next
5 to it away from the chart, so that the jury could see
6 it?

7 when you first started at HUD where were you?

8 A I was working for the Assistant Secretary for

9 Housing-FHA Commissioner, sort of as a Special Assistant
10 in this office, for this person. Later I was working
11 for this person, the General Deputy Assistant Secretary
12 as the Executive Assistant. Then later I went to work
13 for the secretary of HUD as a Special Assistant. Then
14 later I went to work for HUD as the Deputy Assistant
15 Secretary for Multi-family Housing, and then I went
16 to -- got a job as General Deputy Assistant Secretary
17 for Housing, but at that time this person wasn't there
18 and so I was acting as the Assistant Secretary for
19 Housing-FHA Commissioner.

20 Q Now, Mr. DeBartolomeis -- you can return to the
2 witness chair, thank you.

2 A Thank you, sir.

2 Q Mr. DeBartolomeis, does that pretty much summarize
2 the different positions you held at HUD?

2 A Yes, sir, it does.

813

1 Q Now, are you familiar with the defendant
Page 451

2 Deborah Gore Dean?
3 A Yes, sir, I am.
4 Q And how are you familiar with her, sir?
5 A Both professionally and personally.
6 Q When you say professionally, what are you referring
7 to?
8 A We both worked together at the Department of Housing
9 and Urban Development.
10 Q When you say personally, what are you referring to?
11 A We dated.
12 Q Now, Mr. DeBartolomeis, when did you first meet the
13 defendant?
14 A When she first came to work in the department.
15 Sometime in 1982.
16 Q And how did you first meet the defendant, if you
17 recall?
18 A It was in a staff meeting.
19 Q Now, at that time when you first met the defendant,
20 what was her position at HUD?
2 A Executive Secretariat.
2 Q And do you recall how long she stayed at that
2 position?
2 A Not the precise time but roughly until the time
2 that I was General -I'm
sorry, Deputy Assistant

1 Secretary for Housing in the Multi-family Housing
2 Office.
3 Q Are you familiar with the next position she
4 received at HUD after Executive Secretariat?
5 A Yes, sir.
6 Q And what was that?
7 A Executive Assistant to the Secretary.
8 Q And who was the Secretary during this period of
9 time?
10 A Samuel Pierce.
11 Q How would you characterize the management style of
12 Samuel Pierce?
13 A Very hands off or laissez-faire, if you will. He
14 let others run the office.
15 Q During the time that you were at HUD, who ran the
16 Department of HUD?
17 MR. WEHNER: Objection.
18 THE COURT: I think he can talk to his
19 experience. I'll overrule the objection.
20 BY MR. O'NEILL:
2 Q Based on your experience, Mr. DeBartolomeis, who
2 ran HUD?
2 A The Executive Assistant to the Secretary.
2 Q And during the timeframe that you were at HUD who
2 would that have been?

815

1 A There were two during my tenure. One was
2 Lance Wilson. The other was Deborah Dean.
3 Q Now, do you know when Lance Wilson left the

4 department?

5 A Yes.

6 Q when was that?

7 A I think it's right around the time that I went -

8 I'd have to say somewhere around 1985.

9 Q And is that to the best of your recollection now?

10 A At this point, yeah.

11 Q Mr. DeBartolomeis, returning to the defendant, did
12 the defendant Deborah Gore Dean have any involvement in
13 the Moderate Rehabilitation Program?

14 A Yes, she had.

15 Q what if anything was her involvement in that
16 program?

17 A She basically directed how the funding was going to
18 happen.

19 Q when you say she directed how the funding was going
20 to hapen, what are you referring to?

2 A The funding of specific public housing authorities
2 that were to receive funds for projects, mod Rehab
2 projects.

2 Q Did the defendant Deborah Gore Dean ever make any
2 statements to you regarding the Mod Rehab program?

816

1 A Yes.

2 Q what if anything did she say?

3 A On different occasions she would say she wanted
4 this funded, and documents were prepared and I was
5 directed to sign them.

6 Q Now, Mr. DeBartolomeis, let's go back a second.

7 Did you ever speak to the defendant about how she got
8 her job at HUD?

9 A Yes.

10 Q And what if anything did she tell you in that
11 regard?

12 A She told me -13

MR. WEHNER: Objection. Relevance.

14 THE COURT: All right. Overruled. I think

15 ifsi relevant.

16 BY MR. O'NEILL:

17 Q what did she tell you?

18 A She told me that John Mitchell had talked to

19 Lance Wilson and gotten her the position.

20 Q Now, do you know where Deborah Dean worked prior to
2 coming to HUD?

2 A The Department of Energy.

2 Q Did she ever tell you how she got the job at the
2 Department of Energy?

2 A Yeah, she told me that John Mitchell had talked to

817

1 a person by the name of Rob Odle, I believe, in the
2 Department of Energy.
3 Q Now, you mentioned the name John Mitchell on two
4 occasions. Who was John Mitchell?
5 A John Mitchell was the former U.S. Attorney General
6 under President Nixon.
7 Q Did you ever have an occasion to meet
8 John Mitchell?
9 A Yes.
10 Q When did you meet him?
11 A I believe it was at a reception or a party at some
12 place, Global -I
13 can't remember the exact name of the
14 company. It was Global Research or Funding.
15 Something. I can't remember the exact name of the
16 company. I remember Global.
17 Q And why were you at this business Global?
18 A Deborah took me to the reception.
19 Q And who, if anyone, did you meet there?
20 A Mr. Mitchell. Governor Louie Nunn. I also
21 remember Michael Karam was there. He was also from
22 Kentucky, as was Governor Nunn.
23 Q Did you know Michael Karam at that point?
24 A Yes, I did. When I first came to the Department of
25 Housing and Urban Development he was the first person to
26 be appointed as Deputy Assistant Secretary for

818

1 Multi-family Housing Programs in the Reagan
2 Administration.
3 Q To your knowledge what was John Mitchell's
4 relationship to the defendant?
5 A Based on conversations that I had with her she told
6 me that he was like her stepfather. Although he wasn't
7 actually married to her mother, he was her stepfather
8 and she referred to him as such.
9 Q In those conversations did the defendant ever tell
10 you why her mother and John Mitchell had not gotten
11 married?
12 MR. WEHNER: Judge, objection. That's at best
13 prurient.
14 MR. O'NEILL: Not to me, Judge.
15 THE COURT: Why don't you come up here a
16 minute?

allbinders as word for experiment.txt

17 (Bench conference)

18 THE COURT: what's the relevance of it? I know
19 that he's going to say because of economic concerns and
20 watergate history.

2 MR. O'NEILL: we're not going to go into

2 watergate history but that's exactly what it was.

2 Miss Dean told Mr. DeBartolomeis her mother did not
2 marry her stepfather because he was in terrible debt.
2 we think that's completely relevant to our claim that

819

1 she directed funding of awards to him so that he could

2 make \$250,000.

3 MR. WEHNER: I'll grant you the arguable

4 relevance of that, Judge, even given the sparseness of

5 the probative evidence that he knew John Mitchell was

6 involved in that, but I think the probative value is

7 outweighed by the prejudicial value and I'm frankly

8 quite proud that this is the first time I've mentioned

9 it at this trial.

10 THE COURT: As long as he doesn't say because
11 of watergate history, et cetera. If he says because of
12 severe debt and private matters, she did not want to get
13 her family money involved in that --

14 MR. O'NEILL: would Your Honor allow me to lead
15 him a little bit?

16 THE COURT: Yes. I'll overrule the
17 objection. The probative value outweighs the
18 prejudicial aspect.

19 (Bench conference concluded)

20 BY MR. O'NEILL:

2 Q Mr. DeBartolomeis, did the defendant ever tell you

2 that her mother did not marry John Mitchell because of
2 his poor financial situation?

2 A Yes, sir.

2 Q Now, to your knowledge did John Mitchell do any

820

1 consulting work at HUD while the defendant was the
2 Executive Assistant to Secretary Pierce?

3 A Yes, sir.
4 Q And how do you know that?
5 A He called me on some issues.
6 Q Do you recall what he called you on?
7 A As I recall, one in particular was a Florida
8 property.
9 Q With the Court's permission, Mr. DeBartolomeis, I
10 will be showing you a document previously marked
11 Government's Exhibit 16 for identification.
12 THE COURT: All right.
13 BY MR . O'NEILL:
14 Q I show you this. It's not in evidence, so I'd ask
15 you j ust to read to it yourself and I ask you if you
16 recognize that?
17 A Yes, sir, I do.
18 Q Okay. And the handwriting on top, is that your
19 handwriting?
20 A It's my handwriting, it says, "DD" -
2 Q well, you can't read it.
2 A I*m sorry.
2 Q Do you recognize it?
2 A Yes, sir, I do.
2 Q Is that your handwriting?

821

1 A That is my handwriting at the top of the page.
2 Q Do you recall writing that note?
3 A Yes, sir, I do.
4 Q Do you recognize the handwriting at the bottom?
5 A Yes, sir.
6 Q And whose handwriting is that?
7 A Deborah Dean's.
8 MR. O'NEILL: Your Honor, I would move this
9 into evidence as Government's Exhibit 16.
10 MR. WEHNER: No objection for those portions
11 of the handwriting, Judge. There is one extraneous
12 portion on there that he can't identify.
13 THE COURT: All right, 16 will be admitted,
14 subject to the agreement of a portion of the the
15 document being redacted.
16 (Government's Exhibit 16
17 received into Evidence)
18 BY MR. O'NEILL:
19 Q Mr. DeBartolomeis, at this time I will publish it
20 with the Court's permission to the jury on the
21 television screen and I'd ask you, do you recall
22 Marbilt?
23 A Yes, I do.
24 Q What was Marbilt?
25 A It was a company that - I think Mr. Martinez had a

822

1 company that built multi-family housing projects.
2 Q Do you recall ever giving the defendant any
3 information on the Marbilt project?
4 A Yes.
5 Q Now, Mr. DeBartolomeis, did either John Mitchell or
6 Louie Nunn ever come to the HUD building to transact
7 business with you?
8 A Yes, sir. Mr. - former Governor Louie Nunn did.

allbinders as word for experiment.txt
9 Mr. Mitchell never did.
10 Q Did there come a point in time during your career
11 at HUD that you became involved in the Mod Rehab funding
12 process?
13 A Yes, sir.
14 Q Mod Rehab process?
15 A Yes, sir.
16 Q And when did that occur?
17 A When I became the Deputy Assistant Secretary for
18 Multi-family Housing.
19 Q And did you have an actual role in the funding
20 process?
2 A My role at that time was more administrative. I
2 would be asked to sign a portion of the rapid reply
2 documents which - do - a funding document that said
2 yes, there were funds available to be spent, and I was
2 also in charge of the overall personnel. That sort of

823

1 thing.

2 Q And did there come a point in time where you

3 actually signed 185's?

4 A Yes, sir.

5 Q When did that occur?

6 A When I became the General Deputy Assistant

7 Secretary for Housing.

8 Q Mr. DeBartolomeis, what was your understanding as

9 to how the Mod Rehab process was supposed to work?

10 A It was supposed to work based on a formula, what
11 they called a fair funding formula. HUD staff would
12 develop a program that would fund the individual
13 projects based on need and a number of other factors and
14 there was -- 85 percent of the funds would go out that
15 way and the other 15 percent was held back in terms of
16 discretionary funding made by the Assistant Secretary.

17 Q Did there come a point in time when that funding
18 process changed?

19 A Yes, sir.

20 Q When did it change?

2 A It was -- as the Reagan budget cuts were going

2 through, the level of funding for the Mod Rehab Program
2 was cut enough that the funding, the fair funding
2 formula would kick out maybe like 12 or four and a half
2 units for each Public Housing who normally got it and,

824

1 there were some discussions on whether this was
2 officially done away with or not, and I don't know
3 enough to tell you about that. You may have to talk to
4 some other people. But the belief was that it all
5 became discretionary funding. There was no funding
6 formula specifically.

7 Q Now, the jury has heard evidence of project
8 specific awards. First of all, are you familiar with
9 project specific awards?

10 A Yes, sir.

11 Q What is referred to by that?

12 A That's where you fund a specific apartment or
13 complex or project rather than just to fund a Public
14 Housing Authority.

15 Q While you were involved in the Moderate
16 Rehabilitation funding process, were awards being made
17 project specific?

18 A Yes.

19 Q How were they being made project specific?

20 A I guess the best way to really say it is that
2 projects were - funding decisions were made at the

2 Department of Housing and Urban Development that sent
2 out units there that would exactly resemble one
2 particular project. For example, it would be for 152
2 units such as -- for example. I don't know one specific

825

1 project. So it would go out in that form. And there
2 really only would be one project that would mean that it
3 was in that Public Housing Authority.

4 Q Did you ever discuss project specific awards with

5 the defendant Deborah Gore Dean?

6 A Yes, sir.

7 Q what did you say to her and what did she say to

8 you?

9 A There was one big particular block that I recall,
10 and it was -- I remember coming back from being away on
11 travel and there were a pile of documents in my in box
12 and the documents were for my signature, which meant
13 that I was not involved in the process. I hadn't
14 ordered the documents up. It was for funding specific
15 Public Housing Authoritys* specific projects. I
16 wouldn't sign them and I was asked by my Assistant that
17 I had been asked to sign them and I said no.
18 So finally one day I was called up to Deborah
19 Dean's office and I went up there with Susan Zagame who
20 was my DAS for Policy and Budget and was basically
2 yelled at, that I would sign those documents. And I
2 said no, I don't want to sign them. You can't tell me
2 how to do the funding for this program. I'm the General
2 Deputy. And I was basically told that I was an Acting
2 Assistant Secretary and that I was trying to become the

826

1 assistant Secretary and basically that if I wanted to be

2 a team player and be part of their team that I was going

3 to sign it and I was directed to sign these documents,

4 and I remember words to the effect, well, I was --

5 looked over at Susan Zagame and said you're my witness,

6 and I signed the documents.

7 Q who directed you to sign those documents?

8 A Deborah Dean.

9 Q why had you refused to sign those documents?

10 A I guess I was worried that -- that we'd probably
11 end up in something like this some day, quite frankly.
12 I just felt that it would -- you know, the funds were
13 being sent out in a political manner and there was

allbinders as word for experiment.txt
14 really no staff input or anything like that and, you
15 know, I was worried about it.
16 Q Did there come a time when you agreed to cover up
17 what you were doing and what the other people at HUD
18 were doing? *
19 A Yes, sir.
20 Q And can you relate to the ladies and gentlemen of
2 the grand jury what you did?

2 THE COURT: No, the regular jury.
2 MR. O'NEILL: Excuse me, Your Honor.
2 THE COURT: You keep going back to the grand
2 jury.

827

1 MR. O'NEILL: Petit jury.

2 BY MR. O'NEILL:

3 Q Let me repeat that, sir. Can you relate to the
4 ladies and gentlemen of the jury what you did in an
5 attempt to cover up what was going on at HUD?

6 A Yes. There was an opportunity when I first became
7 the General Deputy Assistant Secretary for Housing, and
8 this is after I had been DAS at Housing for awhile, two
9 Congressmen, Congressman Nowack and La Falce, both from

10 New York, had written letters to the Department and they
11 didn't like the way the Mod Rehab Program had been
12 running and they basically were the first people, my
13 recollection, that really caused a political stink about
14 what was really happening with the funds and I was -- I
15 met with them and told them I would look into the issue
16 and I remember coming back to the Department and talking
17 to Deborah and others about this problem with them and
18 we worked to -- I told the Congressmen that I would
19 write a notice to the field saying I was going to clean
20 up whatever problems there were and I would look into
2 it.

2 And the staff people prepared a notice that
2 went out to the field that basically reminded the career
2 people what they were supposed to do. You know, in
2 terms of how the funding process would work or how the

828

1 actual administration of the projects would be
2 accomplished, and when the letters came up from the
3 career people to -- through the political people in the
4 Department, documents were changed. Where it said don't
5 do a couple of things, all of a sudden those things sort
6 of disappeared from the final text of the conversation
7 or text on the notice to the field and also my letter
8 that went out to the Congressmen saying don't worry, the
9 program is being handled right, and everything is being
10 done the way it's supposed to, when in fact it wasn't.
11 And that was really the basis of one of my charges.
12 Q Did you purposely cover up what you had been doing?
13 A Yes, sir.
14 Q Now, with whom did you do that, sir?
15 A With Deborah Dean.
16 Q What was her involvement in the cover-up of how the
17 Mod Rehab process was operating?
18 A Well, one of the conversations I remember having
19 with her was when I was getting ready to go see
20 Congressman La Falce was her admonition to me that we
2 had to protect Senator D'Amato from New York because his
2 brother, I think his name was Armand, was the attorney
2 on the project that they called in on and he was really
2 mad, the Congressman was really mad, and we didn't --
2 you know, based on what my conversations with Debbie

829

1 Dean were, to protect the Senator, make sure that he was
2 okay.
3 Q Mr. DeBartolomeis, I want to go into a different
4 subject for a moment. Are you familiar with a project
5 known as Baltimore Uplift One?

6 A Yes, sir.

7 Q And how are you familiar with that project?

8 A It's a project in Baltimore, it's a scattered type

9 multi-family project that had trouble getting finished.

10 I think it just had problems with getting the project

11 finished.

12 Q Did the defendant Deborah Gore Dean have any
13 involvement in that project?

14 A Yes, sir.

15 Q And how do you know about that?

16 A She talked to me about it.

17 Q Are you also familiar with a project known as
18 Patriot in Maryland?

19 A Yes, sir.

20 Q How are you familiar with that project, sir?

2 A Well, I remember talking to Debbie Dean about it

2 along with Jim Lomenick and Janice Golec.

2 Q You mentioned some names there. Who is Lomenick?

2 A Jim Lomenick was a guy that was dating

2 Janice Golec.

830

1 Q Who is Janice Golec?

2 A Janice Golec was a Special Assistant to the

3 Secretary, another one.

4 Q To your knowledge did the defendant Deborah Gore

5 Dean have any involvement in the Patriot project?

6 A Yes.

7 Q And what was her involvement?

8 A Directing the level of funding to the project.

9 Q Now, Mr. DeBartolomeis, to your knowledge was the

10 defendant interested in Mod Rehab units goi he
11 State of Maryland?

12 A Yes, sir.

13 Q And why do you say that?

14 A Because she told me that she had a g: ertest
15 in what was going to happen in Maryland, tnau ± wanted
16 to become the Congresswoman for that district some day.

17 Q Mr. DeBartolomeis, at this time I will show you an

18 Exhibit previously marked for identification as

19 Government's Exhibit 220A.

20 THE DEPUTY CLERK: Government's Exhibit 220A

21 marked for identification.

2 (Government's Exhibit 220A

2 marked for Identification)

2 BY MR. O'NEILL:

2 Q With the Court's permission, Mr. DeBartolomeis, I

831

1 would show you what's previously been marked for

2 identification purposes as Government's Exhibit 220A.

3 And, again, I'd ask you -- you can't read that out loud

4 but I'd ask you to look at it. Have you seen it before?

5 A Yes, sir.

6 Q And what is it?

7 A This is the yellow portion of a correspondence

8 package that comes up for final signature and ultimate

9 distribution to the field.

10 Q Have you ever seen that document before?

11 A Yes, sir.

12 Q And when have you seen that document?

13 A When I was going through the process of, you know,
14 the decision making process on this, sort of final
15 sign-off process actually is what I should say.

16 Q And did you sign off on this document?

17 A Yes, sir, I ultimately did.

18 MR. O'NEILL: Your Honor, at this time, I'd move

19 it into evidence as Government's Exhibit 220A.

20 THE COURT: This is just a sample form or is

21 this a particular one that was dated?

22 BY MR. O'NEILL:

23 Q Mr. DeBartolomeis, did you hear the Court's

24 question?

25 THE WITNESS: Your Honor, this is a document

832

1 that shows how -from
when it was originally started
2 how it was actually changed and it shows that there are
3 certain portions in this document that were struck from
4 the way that the career people had intended it to go.
5 THE COURT: This is the draft or the final -
6 THE WITNESS: Yes, sir, yes, sir, this is a
7 draft and it shows -
8 THE COURT: It's the draft that you testified
9 about earlier which was prepared and circulated. You
10 testified about this already.
11 THE WITNESS: Yes, Your Honor.
12 THE COURT: All right. 220A, any objection?
13 MR. WEHNER : No objection, Your Honor.
14 THE COURT: All right. 220A will be admitted.
15 (Government 's Exhibit 220A
16 received into Evidence)
17 MR. O' NEILL: Your Honor, if we may publish it
18 briefly? *
19 THE COURT: All right.
20 MR. Of NEILL: That should be sufficient.
2 THE COURT: All right.
2 MR. O'NEILL: I have no further questions of
2 the witness.
2 MR. WEHNER: Your Honor , I can start this
2 evening.

833

1 THE COURT: Do you want to start for a few
2 minutes?
3 MR. WEHNER: I can start for a few minutes.
4 It will be extensive tomorrow.

5 THE COURT: I realize that •
6 CROSS-EXAMINATION
7 BY MR . WEHNER:
8 Q Mr. DeBartolomeis, how long did you date
9 Miss Dean? Approximately one year?
10 A I would say less than that, sir.
11 Q Approximately six months, eight months, ten months?
12 A Six to eight months, somewhere in that range, sir.
13 It's been a long time, so I can't - I don't remember
14 exact dates.
15 Q Your recollection is based upon events occurring
16 back in what, 1983, '84, '85, '86?
17 A Yes, sir, it is.
18 Q And that's seven years ago now?
19 A Yes, sir.
20 Q So your recollection may not be entirely accurate
2 or consistent with things you've said in the past,

2 today , is that right?
2 A No, I couldn't quite characterize it as being

2 entirely inaccurate. I may not have a hundred percent
2 recollection of the exact words but, again, I do

834

1 remember dating Deborah Dean. We were on and off, so,
2 you know, a couple of times, and so, maybe if you take a
3 look at the time from when I first dated Deborah to the
4 time that I never dated her again the last time, I mean
5 you could – I don't know the exact timeframe, that's
6 what I'm trying to say.

7 Q You had close conversations with her, I mean
8 personal close conversations with her when you dated

9 her, did you not?

10 A Yes, sir, I did.

11 Q And certainly you never expected to be in a
12 position where you would repeat those conversations in
13 this kind of public circumstance, did you?

14 A I never did anticipate that, sir, no.

15 Q And you have testified today to some of those very
16 personal conversations that you had with her, haven't
17 you?

18 A Yes, sir, I have.

19 Q And all of those conversations are as consistent as
20 you can make them with your recollection of truth, isn't
2 that correct?

2 A Yes, sir.

2 Q Now, there was a time when you weren't that honest
2 in a public forum, isn't that correct?

2 A What do you mean by that, sir?

835

1 Q Well, there was a time when you lied about your
2 activities at HUD, isn't that correct?

3 A Yes f sir

4 Q And you lied about that several times, did you not?

5 A Yes r Six

6 Q And you lied about that publicly, did you not?

7 A Yes, r sir

8 Q And you lied about that on television, didn't you?

9 A I don't remember television. What do you mean
10 sir?

11 Q Did you testify in front of the House of
12 Representatives?

13 A Yes, sir •

14 Q And was that testimony tape recorded?

15 A Yes. sir •

allbinders as word for experiment.txt
16 Q And did you lie when you testified in front of the
17 House of Representatives?
18 A I don't remember specifically lying there, but the
19 items that I have pled guilty to weren't really involved
20 in that, sir.
2 Q Did you lie when you testified to the House of
2 Representatives?
2 A Yes. If saying that the program is being run
2 properly and knowing that the program was not being run
2 properly, I guess I did lie.

836

1 Q I don't judge whether you're lying or not.
2 A Okay.
3 Q I need to know from you did you lie to the House of
4 Representatives when you testified in front of them?
5 A I do not remember specifically lying to the House
6 of Representatives when I testified.
7 Q Because you were put under oath before you
8 testified there, were you not?
9 A Yes, sir, I was.

10 Q And at that time do you recall remembering that the
11 same words were used there that were used here, that you
12 solemnly swear to tell the truth, the whole truth and
13 nothing but the truth?
14 A Yes, sir.
15 Q And your testimony today is that you do not recall
16 lying after you were put under oath in your testimony
17 before the House of Representatives?
18 A Yes, sir, that's my recollection, that I did not
19 lie to the Congress when I testified under oath.
20 MR. WEHNER: Your Honor, I think we can break.
2 THE COURT: All right.
2 Ladies and gentlemen, it's 4:20. We'll take
2 our evening recess. Be back tomorrow at 9:30 and be
2 ready to go for a full day tomorrow. This coming Friday
2 it will be only a Friday morning in this case again.

837

1 You'll be out Friday afternoon because I have another
2 matter in another case I have to hear that's set for
3 Friday afternoon. So otherwise we're here on the
4 standard times all week.
5 Have a pleasant evening.
6 Remember please the admonitions particularly

allbinders as word for experiment.txt
7 as you go into this case, and it goes on for awhile, not

8 to talk about the case among yourselves or anyone else.

9 No casually mentioned detail in the way home or the
10 hallway. Don't let anybody talk to you about it or

11 listen to it or read it in the media.

12 See you back tomorrow morning at 9:30.

13 Remember, try to be awake and alert tomorrow when you

14 watch the Monday night game. You've got a long day

15 tomorrow. All right.

16 (Jury dismissed)

17 THE COURT: Thank you, sir. You can step down.

18 I need to know your schedule tomorrow.

19 (Bench conference)

20 THE COURT: He'll be on a couple of hours in the

2 morning.

2 MR. O'NEILL: Steve said he's going to be

2 long. It's really -- the issue is he doesn't know how

2 long he's going to be. We have four witnesses lined up,

2 Judge.

838

1 THE COURT: Nunn, is he up tomorrow?

2 MR. O'NEILL: No, he's supposed to be

3 Thursday, but we'll have more information tomorrow.

4 MS. SWEENEY: He's supposed to be seeing a

5 doctor tomorrow and then we'll be hearing.

6 THE COURT: You'll be all morning.

7 MR. WEHNER: I would think I'd be all morning

8 with Mr. DeBartolomeis.

9 MR. O'NEILL: Then we have a full day

10 tomorrow.

11 MR. WEHNER: Because Mr. Sankin is another

12 witness that you advised me you're going to put on, and

13 Mr. Sankin is going to be long as well.

14 Your Honor, if I could raise one additional

15 matter. We have tapes of Mr. DeBartolomeis' testimony

16 up on the Hill that we intend to play portions of. We

allbinders as word for experiment.txt
17 clearly don't intend to play it all, but we intend to
18 play portions during cross-examination. I simply wanted
19 to alert the Court, Mr. O'Neill and Miss Sweeney to that
20 because frankly I didn't think it was going to happen
2 this early that he would testify the way he testified

2 about his Hill testimony, but I think there are clearly
2 going to be inconsistent, to put it kindly, inconsistent
2 statements between what he testified to this morning or
2 earlier on direct and what he testified to up on the

1 Hill.

these tapes?
: No, Your Honor.
: No, Judge.

Have you got copies of them?

MR. WEHNER: I'll be more than glad to give

9 you copies, Mr. O'Neill. I find that amusing that you
10 say you haven't seen them.
11 MR. O'NEILL : Never saw them. The only one I
12 have seen was Dubois Gilliam because everyone said how
13 much thinner he was. I thought it would be interesting.
14 MR. WEHNER: Maybe you'll withdraw him as a
15 witness after you see the tape. You have the
16 transcript, the transcript is the same thing.
17 MR. O'NEILL : well, is it recorded from
18 C-Span? Has it been edited? Those are things we
19 would -
20 MR. WEHNER: I would be more than glad to give
2 you the tapes to look at them this evening. We have

2 edited them, yes.
2 THE COURT: Do we have a machine up here?
2 THE DEPUTY CLERK: I don't think so, Your
2 Honor.

840

1 MR. WEHNER: We brought a videotape in and I
2 think we can hook it up to the same system.
3 THE COURT: We have a training one that's
4 available.
5 THE DEPUTY CLERK: Yes, but the Clerk sent a
6 memo around saying it wasn't going to be available. On
7 occasion I have asked for it.
8 THE COURT: Who is the engineer that sets all
9 this up?
10 THE DEPUTY CLERK: This equipment right here?
11 The gentleman sitting in the back.
12 MR. O'NEILL: Agent Kevin Whelan, Your Honor.
13 THE COURT: You might ask him if it's possible
14 to hook up a video or not. It should be. There are a
15 lot of wires.
16 MS. SWEENEY: Your Honor, we had heard that
17 you were the expert on the equipment.
18 THE COURT: That's right.
19 I'll see you in the morning then at 9:30 and
20 we'll be ready to go.
2 MR. O'NEILL: Thank you, Your Honor.
2 MS. SWEENEY: Thank you, Your Honor.

RECEIVED

P R O CEEDING S
2 (Defendant present, Jury out.)
3 THE CLERK: Criminal No. 92-181, United States of
4 America v. Deborah Gore Dean. We have Robert O'Neill and Paula
5 Sweeney for the government, Stephen Wehner for Ms. Dean.
6 MR. WEHNER: Good morning, Your Honor.
7 THE COURT: All right. Is there a preliminary matter
8 this morning? Good morning.
9 MR. WEHNER: Yes, sir. with regards to logistics -
10 THE COURT: All right.
11 MR. WEHNER: -
12 about five minutes ago, delivered to me
13 were Gialio productions on Susan Zagame; Cleofe Rubi,
14 C-1-e-o-f-e, last name R-u-b-i; Andrew Sankin; and Thomas
15 Broussard. Judge, I cannot prepare to use this information
16 before they are scheduled to testify today. That is simply an
17 impossible task. I was here in this courtroom last night until
18 6:00 and was here at 7:00, 7:15 this morning, and this just came
19 to me.
20 Now I understand there was some effort made to deliver
21 to my office last night. I wasn't there. I was preparing to try
22 the case.
23 THE COURT: How much material are you talking about?
24 MR. WEHNER: I'll hand it to the court. It's probably,
<j 24 I don't know, 50 pages. I haven't looked at it yet. But I
25 haven't had the opportunity to even see what it is, Judge. It

849
f1
1 may be totally insignificant, and it may be significant.
2 THE COURT: we've got Mr. DeBartolomeis this morning,
3 all morning.
4 MR. WEHNER: Yes, sir.
5 THE COURT: we'll have to see what the schedule is this
6 afternoon.
7 I mean, I don't know if they're going to call
8 Mr. Broussard, who there is only one page of Giglio materials
9 on, or if they're going to call someone else who may be 20 or 30
10 pages.
11 MR. WEHNER: I mean, my understanding of the witnesses

allbinders as word for experiment.txt

12 today were going to be Ms. Rubi and who else, Mr. O'Neill?

13 MR. O'NEILL: It's going to be Mr. Rubi, Mr. Sankin,
14 and Mr. Broussard.

15 THE COURT: Zagame is not coming in today?

16 MR. O'NEILL: No, Your Honor.

17 THE COURT: All right.

18 MR. O'NEILL: If we have to, I guess we could try. We

19 don't anticipate that we'll get that far.

20 THE COURT: Rubi, there's a considerable amount of
2 information, although is lot of redacted. Sankin, there's,
2 basically it looks like grand jury testimony of another witness
2 that reflects upon him, an immunity order or agreement, and an
2 interview.

2 well, let me see where you are, and I'll see where we

850

1 are at lunchtime. I recognize you want to review these.

2 Mr. Sankin is a very important witness for you as well as

3 Mr. Broussard if he comes. Let's see where we are at lunch. I

4 don't know how fast you're going to get through these and who's

5 next. It may be the government may have to change their order

6 somewhat so that we have ones in here that you can review over

7 lunch at least the Giglio materials.

8 Is there a way to get these out a little bit earlier to

9 Mr. Wehner?

10 MR. O'NEILL: Judge, as I told Mr. Wehner, we were

11 trying. Just so the record's clear, we asked Mr. Wehner when he

12 would be at the office, and he said until 7:00 last night, so an

13 FBI agent went, and there was, obviously, maybe miscommunication,

14 but Ms. Sweeney called up his office before six. There was no

15 answer. An FBI agent went there a little before six to deliver

16 the Giglio, and it was closed. So Mr. Wehner has told us he

17 was here, and -

18 THE COURT: Yes, he was here, because when I was

19 leaving, I could hear him, I think, his voice down the corridor

20 around 6:30 or so.

2 MR. WEHNER: Sorry, Judge.

2 THE COURT: All right.

2 MR. O'NEILL: So clearly, Judge, that was the problem

2 there,

2 Mr. Wehner has said that he expects to take all morning

851

1 with Mr. DeBartolomeis, and that will slow matters up, so the

2 Giglio probably will be a little quicker in coming. As you

3 know, we've gone through a lot of witnesses in the last several

4 days, and we just haven't been able to keep up with turning over

5 all the additional Giglio.

6 THE COURT: All right. Well, let's see where we are at

7 lunch hour. I don't want to suspend the trial, so let's see what

8 we can do and see what witnesses can be ready for this afternoon

9 if Mr. DeBartolomeis is finished. He may finish earlier. Then

10 we'll have to see where we are at that point.

11 MR. WEHNER: Your Honor, the problem is is that one of

12 the reasons that we've been moving so quickly is because we have

13 been spending the appropriate and necessary amount of time the

14 evenings before reviewing the transcripts and preparing our cross

15 and getting our documents in order.

16 THE COURT: All right. Well, let's just -

17 MR. WEHNER: So I don't want to see us because we have

18 not asked for any prior short breaks, I don't want to see us

19 prejudiced in terms of a short delay to allow us to use the

20 Giglio material.
 21 THE COURT: All right.
 22 MR. WEHNER: I think we've been very, frankly,
 23 aggressive in moving the trial along and in being prepared for
 24 the various witnesses.
 25 THE COURT: All right, I've got no complaints about how

852

1 the trial is moving on either side. Neither counsel have been
 2 wandering far afield in their questions; that's for sure.
 3 All right, we'll just take it up as we go and see where
 4 we are with Mr. DeBartolomeis and see where we are this
 5 afternoon.
 6 All right, I'll take a short break to get the jury
 7 organized and be right back.
 8 MR. O'NEILL: Judge, we have your unredacted Jencks.
 9 THE COURT: I'll read that over the next five-minute
 10 recess. All right.
 11 (Recess from 9:45 a.m., to 10:00 a.m.)
 12 THE COURT: Are we ready to go? I see that there's
 13 counsel for, I assume, various witnesses are present. We have a
 14 rule on witnesses, so I'm going to bind counsel not to discuss
 15 the testimony they hear in court with their clients before they
 16 come and testify.
 17 All right, bring the jury in. :
 18 THE DEPUTY MARSHAL: Yes, Your Honor.
 19 (Jury in.)
 20 THE COURT: All right, Ladies and Gentlemen, good
 2 morning.
 2 THE JURORS: Good morning.
 2 THE COURT: We're ready to proceed. Thank you for
 2 getting here promptly on a rainy morning.
 2 We're going to continue again with the examination -

PENGAD CO.. BAYUNNT

where is the witness? would you tell him we're ready for him to

come back in at this time, please? Mr. Silvio DeBartolomeis.

MR. O'NEILL: I found him, Judge.

THE COURT: All right, thank you. Ladies and

Gentlemen, as you'll recall, he had begun his cross examination.

We'll continue with that now.

All right, Mr. Wehner.

MR. WEHNER: Thank you, Your Honor.

Good morning, Ladies and Gentlemen.

THE JURORS: Good morning.

SILVIO DE BARTOLOMEIS, GOVERNMENT'S WITNESS, RESUMED
CROSS EXAMINATION (Cont'd.)

BY MR. WEHNER:

Q. Mr. DeBartolomeis, when Mr. O'Neill questioned you yesterday, I believe that he testified -- you testified to some basically general conclusions about the various roles that were played in the Modern Rehabilitation Program. Do you recall generally that area and those questions and answers?

A. Yes, sir.

Q. Okay. What I'm going to do now is we need to become specific regarding what your role was, what others' roles were, and who precisely did what to whom for what project and when, and you understand to give us, that you need to give us your absolute best recollection of precisely the conversations you recall and precisely the actions you recall.

854

1 Do you understand that?

2 A. Yes, sir. To the best of my ability, sir.

3 Q. Now I'm going to direct your attention to 1983, and I'd like
4 you to repeat to the jury, if you would, what your position was
5 in September of 1983.

6 A. I believe I was deputy assistant secretary for multi-family
7 housing programs at that time.

8 Q. That was in this position; is that correct?

9 A. Yes, sir.

10 Q. And who was Phil Winn at that time?

11 A. Phil Winn was a private individual.

12 Q. Okay. And who was Lance Wilson at that time?

13 A. I believe Lance at that time was executive assistant to the
14 secretary.

15 Q. Okay. Lance Wilson was executive assistant to the
16 secretary, which was the job that Ms. Dean ultimately held,
17 correct?

18 A. Yes, sir.

19 Q. Okay. And you were general deputy assistant secretary; is
20 that correct?

2 A. No, sir.

2 Q. I'm sorry, you were general, I'm sorry, you were assistant
2 secretary for housing?

2 A. No, sir.

2 Q. Which one were you? This is confusing.

855

A. I know it is.

2 Q. I'm sorry, deputy assistant secretary for multi-family
3 housing, correct?

4 A. Yes, sir.

5 Q. All right. Did Lance Wilson give you instructions about how
6 you were to operate the Moderate Rehabilitation Program at that
7 time?

8 A. I don't recall Lance giving me instructions on how to run
9 the program, because at that time when I was DAS for multi-family
10 housing programs, there was an assistant secretary for that, and,
11 you know, he -- so I don't have --

12 Q. You don't have any recollection of that?

13 A. At this point, I really don't.

14 Q. Okay. I'm going to show you what's been marked for
15 identification as Dean Exhibit No. 73.

16 THE CLERK: Dean Exhibit 73 marked for identification.

17 (Defendant's Exhibit No. 73 was

18 marked for identification.)

19 MR. WEHNER: Which just for the record is dated
20 9-1-1983.

21 Q. I'm going to ask you to take a look at that memo now that
22 you've testified that you can't recall receiving any
23 instructions, and tell me if that refreshes your recollection as
24 to whether you received instructions from Mr. Lance Wilson about
25 how to operate the Mod Rehab Program?

856

A. Did you say this was from Phil Winn?

Q. No, sir.

A. Okay.

Q. I said that was from Mr. Lance Wilson.

A. Yes. And the Phil you're referring to?

Q. No, no.

A. Because that was Phil Abrams there at that time.

8 Q. Your -- does this refresh your recollection as to whether
9 Lance Wilson gave you instructions on how to run the Mod Rehab
10 Program?

11 A. It's not telling me how to do it, but unless I'm reading it
12 wrong, this is more of an informational thing. It's not telling
13 me what to do, sir.

14 Q. It's an informational thing. Isn't it true that you were
15 told by Lance Wilson, the executive assistant to the secretary,
16 in September of 1983 that public housing authority letters to HUD
17 headquarters should be for the particular project? Weren't you
18 told that?

19 A. That's what that letter says, sir.

allbinders as word for experiment.txt

20 Q. Weren't you told that?

21 A. I would have to say since I read the letter, the answer

22 would be yes, because he had said that in that letter.

23 Q. Now you considered that letter informational?

24 A. Yes, sir.

25 Q. As opposed to giving you instructions on how to run the

857

1 program?

2 A. Yes, sir. I wasn't really running the program at the time

3 in terms of the funding. In terms of the funding, the assistant

4 secretary was in charge of that.

5 Q. But you did receive informational, would you call it

6 informational information about the program?

7 A. Yes, sir.

8 Q. In September of '83?

9 A. That's what that letter says, yes, sir.

10 Q. You on occasion, would you not, discussed with Lance Wilson

11 moderate rehabilitation fundings? Isn't that correct?

12 A. Yes. I was his special assistant, yes.

13 Q. And would you tell the jury generally what those discussions

14 consisted of, please?

15 A. I can't remember any particular instance, but what generally

16 would have happened then would have been Lance would have talked

17 about a specific consultant and an area that they were working

18 in, sometimes a particular number of units for a public housing

19 authority.

20 Q. And this would have been all the way back in 1983?

2 A. I believe so, sir. It could have even been earlier, when I

2 was special assistant to the secretary, sir.

2 Q. And where was Ms. Dean employed in 1983?

2 A. In the department.

2 Q. Where?

858

1 A. I think executive secretariat or special assistant to the

2 secretary.

3 Q. Executive secretary? What is the executive secretary?

4 A. Since I'm not really the expert on that, I could just tell

5 you from my perspective.

6 Q. Well, I'm asking you.

7 A. Okay. A person that handles the correspondence as it comes

8 in to the secretary.

9 Q. And that is the position that Ms. Dean held?

10 A. Yes. I think she did some other things as special assistant

11 to the secretary, but I, I'm not precisely sure what her role

12 was, but that of executive assistant -- I'm sorry, that of

13 executive secretariat, the main job is to handle the flow of

14 correspondence and track the letters that come into the

15 department.

16 Q. Did you have a habit of taking notes at the time you would

17 have these meetings with Mr. Wilson?

allbinders as word for experiment.txt

18 A. I would guess I did, yeah.

19 Q. You took notes on occasions of your meetings, did you not?

20 A. Sometimes I did, yes, sir.

2 Q. And sometimes when Mr. Wilson would tell you to transfer

2 units to a certain place or tell you that certain projects had to
2 be funded, you'd write that down; isn't that correct?

2 A. Sure.

2 Q. And on occasion after you would write that down, then you

859

1 would take the necessary steps to see that the project was
2 funded; is that correct, sir?

3 A. Yes, sir.

4 Q. Okay. How often did this happen with Mr. Wilson?

5 A. I don't know.

6 Q. Well, how often would he give you instructions as to what --

7 A. He would give me instructions a lot, and they weren't just
8 on mod rehab. They would relate to 202 programs, directed loans,
9 any aspect --

10 Q. This trial only concerns with mod rehab, so let's limit it
11 to mod rehab.

12 MR. O'NEILL: Objection, Your Honor. The answer is
13 what the answer is.

14 THE COURT: All right, let him answer the question.

15 THE WITNESS: All I'm trying to say is that Lance would
16 contact me to handle a number of different projects, and it just
17 wasn't mod rehab. Most of the projects that I would handle for
18 Lance really would be in, as it related to transfers of physical
19 assets, perhaps a troubled project had problems, you know, they
20 had problems in the area office, and it got bumped to
2 headquarters, and so I would be the person who ended up working

2 on it, or if it needed a rent sub.

2 Most of them were really troubled projects more so than
2 mod rehabs, which would be a really small part. That's why it's
2 tough for me to say how often I dealt with those, because I dealt

860

1 with Lance on a lot of stuff almost every day, and the number of
2 mod rehabs, I just don't remember what the numbers were.

3 BY MR. WEHNER:

4 Q. It's true, is it not then, that the executive assistant
5 dealt with many more projects, including Ms. Dean, many more
6 areas of responsibility than mod rehab?

7 A. Yes, sir.

8 Q. And that practice came to you from Lance Wilson, correct?

9 A. Sure.

10 Q. Okay. Now Ms. Dean was not involved in those mod rehab
11 decisions in 1983; isn't that correct?

12 A. Not to my knowledge.

13 Q. Okay. And the system essentially that was in place at that

allbinders as word for experiment.txt

14 point was you would have discussions with Lance Wilson about what
15 particular projects to fund; is that correct?

16 A. Not always, no.

17 Q. Okay.

18 A. A lot of times, you know, in 1983, please recall that
19 Maurice Barksdale was the assistant secretary. He was in charge
20 of the funding for the Mod Rehab Program, while I was deputy
21 assistant secretary, and so a lot of my role was more of the

22 administrative role that would make sure that the paperwork was
23 there for the PHA requests, and I think that that's kind of what
24 that letter, the one that you showed me, the memorandum --

25 Q. Yes, sir.

861

1 A. -- I think that basically says that, you know, when a public

• 2 housing authority comes in, they've got to have the letters, you
3 know, organized, and they have to have certain documentation, and
4 that's why I was saying I thought it was more informational than
5 specific projects. I did not have any authority to put any
6 project on the list when I was the DAS for multi-family housing
7 programs.

8 Q. I'm not suggesting you did.

9 A. Okay. I'm sorry, because I understood you then.

10 Q. I'm suggesting thou dost protest too much, methinks. I'm
11 not asking you to take responsibility here. Far be it from
12 anyone, including Ms. Dean, to have any of these witnesses take

•

13 responsibility for anything they did.

14 MR. O'NEILL: Objection.

15 THE COURT: All right, I'll sustain the objection.

16 Just ask the question.

I

i 17 BY MR. WEHNER:

3 18 Q. What you call informational is what, an exchange of

7

i

5 19 information?

20 A. Yes, sir.

21 Q. You discussed projects with Mr. Wilson?

22 A. Yes, sir.

23 Q. With regard to the mod rehab?

24 A. Yes, sir.

#

25 Q. And he would tell you, he would say words to you about mod

862

1 rehab projects?

2 A. Yes.

3 Q. And you would say words to him about mod rehab projects?

4 A. Yes. But I, I think --

5 Q. No, I'll let you explain in a minute.

6 A. Thank you, sir.

7 Q. You exchanged words with Mr. Wilson about mod rehab?

8 A. Yes, we talked about mod rehab, not just projects, but also
9 programs.

10 Q. Absolutely. You had a lot of discussions with him?

11 A. Sure.

12 Q. But this trial deals with mod rehab, so let's limit our
13 responses to mod rehab.

14 A. I am referring to mod rehab.

15 Q. Okay.

16 A. I'm saying that there is a really fine distinction between
17 mod rehab projects and mod rehab programs, and maybe in a way
18 that some person like myself might be sloppy in talking about it,
19 mod rehab program versus a mod rehab project, it is, when you
20 really look at it from a fine perspective, there is a difference
2 between programs and projects, sir.

2 Q. Well, let's look at it from a fine perspective. I want to
2 make sure that you understand precisely the questions I'm asking.
2 with regard to the funding of specific units with moderate
2 rehabilitation funding, what do you call that?

863

1 A. I say that that's funding of mod rehab programs.

2 Q. Okay. You, did you discuss with Lance Wilson the, quote,
3 funding of mod rehab programs, end quote?

4 A. Yes, sir.

5 Q. Okay. And during those discussions, the information which
6 was exchanged between you and Mr. Wilson would include sometimes
7 the number of units?

8 A. Yes, sir.

9 Q. The consultant's name?

10 A. Yes, sir.

11 Q. The developer?

12 A. Yes, sir.

13 Q. The public housing authority?

14 A. Yes, sir.

15 Q. The field office?

16 A. Yes, sir.

17 Q. What have I left out?

18 A. Regional office.

19 Q. Okay. Anything else?

20 A. Actual number of units, dollar amounts. I don't know what
2 else you may have left out.

2 Q. Is that a pretty good summary of what you discussed with
2 Mr. Wilson?

2 A. At certain times, one or more of those aspects that we just
2 delineated would be discussed. Sometimes, I mean, not every time

864

1 would it, would a discussion have every aspect of what you've
2 talked about. Sometimes it would just be blank PHA, 150 units,
3 without any discussion as to whether it was a consultant, whether
4 there was a developer, anything more specific than that.

5 Q. Now how long from September 1983 forward did you continue to
6 have these conversations with Lance Wilson?

7 A. I'd say until he had, he had gone. I don't remember his
8 exact date that he left. Was it '85 or was it -- I don't
9 remember, it might have been '86 that he left. I don't remember
10 the exact date. Maybe you can help me with that.

11 Q. So that --so your conversations with Mr. Wilson continued
12 until he left the executive assistant position?

13 A. Yes, sir.

14 Q. And as far as you were concerned, you didn't have
15 responsibility for the program, but you had a role in
16 administering it, correct?

17 A. Yes, sir. I didn't have the responsibility for the funding

2
18 decisions, but I did have responsibility for the ongoing

4
§
19 administration of the Mod Rehab Program.

20 Q. Do you recall an individual during your administration of
2 the program by the name of Mel Adams?

2 A. Yes, sir, I do.

2 Q. Mel Adams, in fact, was the director of the Metropolitan
2 Dade County, Florida, Housing and Urban Development Authority,
2 was he not?

865

1 A. I believe that was his title, yes, sir.

2 Q. And he was fairly well known within HUD as a hard-working,
3 decent public servant, correct? Is that right?

4 A. Yes.

5 Q. Okay. Did you have occasion to correspond with Mr. Adams on
6 occasion regarding various projects?

7 A. Yes.

8 Q. Do you recall corresponding with him regarding a project
9 called Arama?

10 A. Yes, sir, I do.

11 Q. And do you recall who told you to correspond with Mr. Adams
12 on that project?

13 A. I believe I talked to Debbie about it. I don't know if I
14 specific, specifically what the details were, but what I recall
15 more so about Arama was a rent increase issue. So a project
16 maybe had gotten a certain number of funding to a program, and a
17 project was selected, and maybe it needed some additional rents
18 in order to make it, to sort of work out so they could afford to
19 pay their bills, and so they needed higher rents. Or maybe
20 they started the renovation and there was more work to be done.

2 Q. Well, I really don't want to talk about the rent increases,

2 because that's really not too important right now.

2 A. But, sir --

2 THE COURT: I think the question was do you remember
2 who directed you to write correspondence to Arama.

LASER Bi

MR. WEHNER: That's correct, Your Honor.

1

• 2 Q. Do you recall who directed you to write the correspondence
3
to Arama?
4

THE COURT: Or to Abrams about Arama, I guess, is a
5 better way to say it.

6 BY MR. WEHNER:

7 Q. Do you?

8 A. Basically what I recall is talking to Debbie about a rent
9 increase. That's what I'm remembering.

10 Q. Okay. Well, I need to be more specific about that, and I
11 need to ask you the question, and I'll ask it to you this way:

n

12 Isn't it true that Lance Wilson in 1983 -- remember where you
13 were then and where Ms. Dean was then, you already testified to
14 that, and where Lance Wilson was then, and this is 1983.
15 Do you recall you testified that as far as you knew,
16 Ms. Dean had nothing to do with mod rehab decisions at that
17 point? That's your testimony to that? »
18 A. I'm not trying to change my testimony.
19 Q. Let me, let me finish. And I want you to recall that isn't
20 it true that Lance Wilson told you to write to Mel Adams to get

UJ

a.
from him the application for the Arama project?

2 A. I don't recall that at this time. Perhaps if you have a

2

document you can show me, show me that Lance told me to call Mel

2

Adams, but also I'd like to say that what I do recall related

2

more to what, what I talked to you about was a rent increase, and

2

VONO

IGAO CO , 1 BAYONNE, NJ 07002

1 so the point that I recall about Arama, I can't tell you the
2 exact date that I talked about Arama. It's a project that
3 probably took a long time, rather than just one piece of
4 correspondence.

5 Q. I appreciate that you want to talk about rent increases and
6 Arama. I would further appreciate it if you would simply listen
7 to my questions and give me the most honest answer that you can,
8 because otherwise it is a waste of everybody's time. Do you
9 think you can do that?

10 A. I'll do my best, sir.

11 Q. Very good. Do you know an individual by the name of Stu
12 Davis?

13 A. Yes, sir.

14 Q. What position did he hold at HUD in 1983?

15 A. Different parts of 1983, I think he had different jobs.

16 When he was -- before I came to the office of multi-family
17 housing programs as DAS, he was the executive assistant there,
18 and when I first got there, he was executive assistant until a
19 few weeks, month maybe, and then he went to work for Maurice
20 Barksdale as the executive assistant to the assistant secretary
2 for housing.

2 Q. Do you recall that he was the executive assistant to
2 Mr. Wilson?

2 A. No, sir.

2 Q. Do you recall having any discussions with Mr. Davis

868

1 regarding Arama?

2 A. Not -- I don't remember any specific conversations with him
3 at this point in time. Perhaps if you have a document or
4 something you could help me out, I'd appreciate it.

5 Q. Do you recall approving and having sent a project to Miami,
6 Florida, for Arama?

7 A. I just don't remember it, sending it and approving it.

8 Q. I'll show you what I've marked for identification as Dean

9 Exhibit 88.

10 THE CLERK:

11

12

13 BY MR. WEHNER:

Dean Exhibit 88 marked for identification.
(Defendant's Exhibit No. 88 was
marked for identification.)

14 Q. I'm going to ask you if that refreshes your recollection as
15 to you sending the Arama units to Miami?

allbinders as word for experiment.txt

16 A. Well, sir, that's not my handwriting. I guess I just don't
17 remember this document here. What do you mean by that?
18 Q. You have no recollection of this document at all?
19 A. I just don't remember it, sir.
20 Q. You have no recollection of any involvement in sending Arama
2 units to Miami?

2 A. Sir, it's been almost ten years. I can't remember
2 everything, but when you showed me that document, I don't
2 remember that handwriting, and I don't remember that sending of
2 that specific units on Arama.

869

1 Q. Let me show you what I've marked for identification as Dean
2 Exhibit 85.
3 THE CLERK: Dean Exhibit 85 marked for identification.
4 (Defendant's Exhibit No. 85 was
marked for identification.)

BY MR. WEHNER:

7 Q. A letter of August 25, 1983, addressed to you, and ask you
8 if that refreshes your recollection at all regarding
9 conversations you may have had about Arama?
10 A. That does help, yeah, and that shows that Mel Adams is
11 sending, kind of like what that informational copy was that you
12 showed me, the memorandum, making sure that there's an
13 application coming through the department.
14 Q. Okay. So you now recall that you what, wrote to Mr. Adams
15 or called Mr. Adams or what?
16 A. Probably called him.
17 Q. And what would you have said to him?
18 A. "For your funding package, you have to make sure you have
19 the letter requesting the units, maybe a letter from a local,
20 like, governing body, like the mayor's office supporting it or
2 something like that, to come in on a package."
2 Q. Okay. And you would have made sure to Mr. Adams that the
2 telephone -- that the papers that were coming in were in proper
2 order; isn't that correct?
2 A. Basically that's correct, yes, sir.

870

1 Q. Okay. So you now recall having that conversation with
2 Mr. Adams during which you asked him to send you the application?
3 A. I don't remember the exact conversation.
4 Q. Generally you remember the conversation?
5 A. Yes, sir.
6 Q. Now that we've refreshed your recollection?
7 A. I appreciate that. Thank you.
8 Q. Okay. Now let's back up for a second, and let's talk about
9 who directed you to make that telephone call to Mr. Adams. Now

10 Ms. Dean was not in any position of authority at that point, was
11 she, over mod rehab, because you've already testified that in
12 1983, she didn't have anything to do with it; isn't that correct?
13 A. Yes, sir.
14 Q. Okay. Now this is August of 1983, regarding the Arama-Miami
15 project. I'll ask you again do you recall Lance Wilson directing
16 you to make the telephone call to Mel Adams to ask him to send

I

•ft

17 you the application for that project?

9 18 A. I don't remember an exact conversation. I don't remember

2

1 19 him telling me that.

3

20 From this document that you show me, it indicates that

2 I have talked to Mel Adams. I don't remember who told me to talk
2 to Mel Adams to get that letter. It may have been Lance,- it may
2 have been Maurice Barksdale. I'm just telling you to the best of

• 2 my ability, I don't remember.

2 Q. So to your best recollection, it was either Lance Wilson or
4/93

1

871

Maurice Barksdale?

A. Yes.

3 Q. Now in fact, those Arama units were funded, were they not?

4 A. Yes.

5 Q. And those units were sent to Miami, were they not? There
6 were 293; is that correct?

7 A. I don't remember the exact number, but yes, they ultimately
8 were. The reason that I worked on that is because I worked on
9 the rent increase. That's what I remember.

10 Q. Mr. O'Neill can ask you about the rent increase if he wants
11 to, that's fine. I'm sure if it's important, he will. Okay.

12 So we've established that in 1983, Ms. Dean was not,
13 did not have any involvement in the mod rehab process, that you
14 talked to Mr. Adams about that application, that Lance Wilson
15 and/or Maurice Barksdale told you to talk to Mel Adams about that
16 application; is that correct?

17 A. Yes, sir.

18 Q. I believe you testified that you were in this position in
19 1983; is that correct?

20 A. Yes, sir. That's DAS multi-family, right?

21 Q. When did you move from that position, approximately? A
22 month and year is fine or season of the year.

23 A. I think up to general deputy assistant secretary, it was,
24 like, 1986. It may have been the end of '85, kind of on an
25 acting basis. But I think it was, like, beginning of 1986, right

1 after Janet Hale left, I went up to the general deputy slot, so
2 it probably was, like, January or February, but I might have been
3 acting.

4 I might have been acting general deputy at that time,

5 and then I went on to become the full general deputy.

6 Q. So you left the deputy assistant, and you became general
7 deputy?

8 A. Yes, sir.

9 Q. Whose place did you take?

10 A. Janet Hale's.

11 Q. She was your immediate predecessor?

12 A. Yes, sir.

13 Q. Now your role changed with regard to the administration of
14 the Mod Rehab Program at that point, did it not?

15 A. Yes, sir.

16 Q. Okay. Briefly, would you describe what your role became
17 when you, what you did when you became assistant secretary --I'm
18 sorry, general deputy assistant secretary?

19 A. A general deputy is supposed to be the top deputy of all the
20 deputy assistant secretaries in the office. For example, the
2 general deputy assistant secretary for housing handles all the

2 responsibilities for the assistant secretary in lieu of an
2 assistant secretary.

1 2 At the time, there wasn't an assistant secretary, so
2 the general deputy position that I filled, I was then the acting

1 assistant secretary for housing, so I was responsible for
2 anything that had to do with anything in housing.

3 Q. And that included, did it not, the Moderate Rehabilitation
4 Program?

5 A. Yes, sir.

6 Q. And you continued to have discussions with individuals at
7 that time regarding the funding of various projects; is that
8 right?

9 A. Yes.

10 Q. Okay. Now the jury has heard testimony previously that
11 sometime in or around 1984, the Congress passed some legislation
12 which took the fair share requirements of the Moderate
13 Rehabilitation Program away and replaced it with basically a
14 discretionary program.

15 Are you familiar with that change?

16 A. I'm familiar with that.

17 Q. Okay. Now in 1983, when you were having the discussions
18 with Mr. Wilson and/or Mr. Barksdale about the project-specific
19 funding based on a consultant and a developer, that was still
20 under fair share, was it not?

2 A. I don't remember the exact time that it was deleted, so --

2 Q. Well, the jury has heard testimony it was in 1984.

2 A. Okay.

2 Q. You would agree that 1983 is before then?

2 A. Sure.

874

1 Q. Okay. So you had those discussions with Mr. Wilson and/or
2 Mr. Barksdale regarding project-specific discussions,
3 project-specific allocations even when fair share was in effect;

allbinders as word for experiment.txt

4 isn't that correct?

5 A. Program-specific funding, yes. Sometimes there were
6 projects, so the answer is both yes to program and projects.

7 Q. Okay. And that's true because even when there were fair
8 share allocations of these projects, that there were still
9 discretionary funds that were available to the secretary; isn't

10 that right?

11 A. Yes, sir.

12 Q. And these discretionary funds, notwithstanding the fair
13 share, discretionary funds the secretary could give where he
14 wanted to give them; isn't that correct?

15 A. Yes, sir.

16 Q. And isn't it true that during fair share, that was a certain
17 small percentage of the total units that were available?

18 A. Yes, sir.

19 Q. For example, if there were 15, let's say 50,000 units
20 available for the whole country, the secretary would distribute
2 maybe 10 percent of those, or 5,000, anyplace he wanted; isn't

2 that correct?

2 A. Yes.

2 Q. And of course, as part of the Reagan cutbacks in the budget,
2 the number that were available for the whole country dropped

(I

1 considerably, did they not?

2 A. Yes, sir.

3 Q. And they went from, like, 50,000 a year down to about 5,000
4 a year, didn't they?

5 A. I don't remember the exact number of allocation, but I do
6 remember it dropped.

7 Q. But you at least had some informational information about
8 the program at the time. It dropped considerably, didn't it?

9 A. Yes.

10 Q. And it dropped way down, didn't it?

11 A. Yeah.

12 Q. And it went from approximately 50,000 down to no more than
13 10,000, did it not?

14 A. I don't remember the exact unit numbers.

15 Q. It did drop considerably, you would agree with that?

16 A. Yes.

17 Q. And at that point in time, isn't it true that HUD made a
18 decision that all the units that were now available would be
19 funded by the secretary on a discretionary basis?

20 A. They would be funded on a discretionary basis, and the
2

statutorily-delegated authority to fund those units was delegated
2 to the assistant secretary for housing, federal housing
2

commissioner. So what you had said was the secretary, as opposed
2

to the assistant secretary for housing. It was delegated to the

2

assistant secretary for housing/federal housing commissioner.

876

1 That's my understanding.

2 Q. Isn't it true that HUD, whether it's the secretary or the
3 assistant secretary, had the authority after 1984 to put 100
4 percent of the units where they chose to put them?

5 A. I've already testified yes on that.

6 Q. Okay. And the jury's already heard testimony from

7 Mr. Barksdale that that was, in fact, the case.

8 when you took over the general deputy assistant

9 secretary's position, did you send out a memo about how the PHAS

10 should provide funding?

11 A. It wasn't immediately as I took over, but after I took over,
12 there was time when I went to meet with Congressman Nowack and
13 Congressman LaFalce relating to a Buffalo project.

14 Q. Let's talk about that meeting for a moment. That really
15 wasn't a meeting, was it? That was testimony, wasn't it?

16 A. No, sir, it was not.

17 Q. You were not put under oath, and you didn't testify to them?

18 A. No, sir.

19 Q. Did you give them an interview?

20 A. I went over to their office, and they complained about a
2 problem with the Mod Rehab Program in Buffalo, New York. I told

2 them that I would look into it and if there was a problem, that I
2 would rectify it.

2 Q. There wasn't really a problem in Buffalo, New York, was it?

2 A. Yes.

6 Q. Isn't it a fact that the moderate rehabilitation funding for
7 Buffalo, New York, had occurred because Jack Kemp had asked that
8 those be funded in that location?

9 A. That was not my recollection, sir.

10 Q. And isn't it further a fact that these two other congressmen
11 were upset about the fact that he had managed to get credit for
12 this allocation?

13 A. That's not my recollection, sir.

14 Q. And isn't it a fact that they were simply trying to get
15 moderate rehabilitation units for themselves and take credit for
16 getting those in their district?

17 A. That's not my recollection, sir.

18 Q. After your meetings with these two congress people, as you
19 put it, did you, in fact, send a memo out to the field regarding
20 how PHAS should apply for the moderate rehabilitation units?

2 A. Yes, sir.

allbinders as word for experiment.txt

2 Q. And didn't you essentially simply take the one that Janet
2 Hale had sent out previously and send that one out again?
2 A. The notice to the field, is that the one you're talking
2 about?

1 Q. Yes.

2 A. That's also the document that I had agreed was a document
3 that Mr. O'Neill gave me yesterday?

4 Q. Yes.

5 A. Yeah. That was not something that Janet Hale had, had sent
6 out previously. That's not, to my recollection, that was a fresh
7 product from the office down in multi-family housing and the mod
8 rehab office.

9 Q. And you had no knowledge that Janet Hale had sent a similar

10 memo out previously?

11 A. I did not recall that.

12 Q. Okay.

13 A. I thought it was a fresh document. To this day, I still do.

14 Q. Who initially drafted that document for your review?

15 A. Someone in the mod rehab office. I don't know if it was

16 Maddie Hastings or one of her assistants.

r

n

17 Q. And you don't have any recollection as to specifically who

18 that was?

z

u

z

4 19 A. I'm just not sure of the exact person that may have actually
a j 20 started the document. I remember Maddie signed off on it, and
2 maybe Hunter signed off on it. We got it to my office, and I
2 don't remember if I specifically sent it up to Debbie's office
2 before it went out or whether it was, whether it was Pam
2 Patenaude that took it up to see, for her to see it before it
went out.

2

879

1 Q. Now let's talk, you've mentioned a number of names, and I'd
2 like to talk about each of them.

3 A. Sure, okay.

4 Q. Hunter Cushing is who?

5 A. When I was general deputy, he was the deputy assistant
6 secretary for multi-family housing programs.

7 Q. What generally was his educational background?

8 A. Attorney.

9 Q. So he was a lawyer?

10 A. Yes, sir.

11 Q. Was he involved in the drafting of those regulations, as you
12 testified?

13 A. The document we're talking about was not a regulation. It
14 was merely a notice to the field.

15 Q. Was he involved in drafting the notice to the field?

16 A. I don't know. I know that he had signed off on it.

17 Q. Well, if he signs off on it, what does that imply?

18 A. It means that he concurred with what had been written
19 before.

20 Q. Does that not mean he was involved in the drafting of it?

2 A. My view is no, he was not involved in the drafting of it
2 unless he actually wrote it himself. When I consider someone

2 that's drafting it, I consider someone that is actually the

2 author of the work, and if someone merely concurs with it, I

2 don't look at that as being a person that is actually a drafter.

3 Q. He did concur, to use your word, in the document?

what about Pamela Patenaude Did she concur in the
document?

6 A. I think she may have initialed off on it.

7 Q. Well, now doesn't that mean concur?

allbinders as word for experiment.txt

8 A. Yeah.

9 Q. Okay. That's your word.

10 A. Yes, sir.

11 Q. Okay. I'll try to use your language.

12 A. Okay. I'll do my best.

•

13 Q. She concurred in the document.

14 And what was her position at that time?

15 A. I think she was still working in the office of the assistant
16 secretary of housing, the DAS for multi-family housing. I think
17 at that time she might have been Hunter's executive assistant:

-

© 18 Q. Now both Hunter Cushing and Pam Patenaude made changes to

19 that document; isn't that true?

20 A. I don't know that to be true.

2

Q. Did you receive the document back down after you sent it, as

2

you put it, upstairs?

2

A. Yes.

2 Q. Did it have things marked out?

2 A. Yes.

881

1 Q. Do you have any knowledge as to who marked those things out?

2 A. I believe Deborah did those.

3 Q. On what possible basis do you believe that? Who told you
4 that?

5 A. I think I had a conversation with Deborah on it.

6 Q. And she told you that she had marked those out?

7 A. There were some changes that she wanted to make, yes, sir.

8 Q. You have no recollection of Hunter Cushing or Pam Patenaude
9 making those changes?

10 A. I don't.

11 Q. I'll show you what I've marked as Dean Exhibit 93.

12 THE CLERK: Dean Exhibit 93 marked for identification.

17 whether or not Pam Patenaude and Hunter Cushing made changes in

18 your, in that document?

allbinders as word for experiment.txt

19 A. Could you restate the question? I was reading the document.
20 Q. Does that refresh your recollection as to whether they made
2 changes in the document?

2 A. No, it does not, because what that shows me is that they
2 found things there that they thought that Deborah might find
2 objectionable. So it doesn't show me that they changed it, just
2 shows that they were red-flagging things that Deborah might not

like.

2 Q. You know who an individual is by the name of Tom Casey?

3 A. Yes, sir, I do.

4 Q. What was his position at HUD?

5 A. He had a number of different positions. At this time --

6 Q. Let's talk about in 19-, 1985.

7 A. I think he might have been in Congressional relations.

8 Q. Do you recall an individual by the name of Larry Goldberger?

9 A. Yes, I do.

10 Q. And who is Larry Goldberger?

11 A. Larry Goldberger was the office director in the office above
12 the mod rehab office.

13 Q. What was his role in the Mod Rehab Program?

14 A. He was a career employee, and he handled mod rehab and 202
15 and a couple other programs.

16 Q. Do you recall having discussions with Mr. Goldberger
17 regarding the procedures that should be followed for the Moderate
18 Rehabilitation Program?

19 A. Vaguely, on numerous occasions I did.

20 Q. And do you recall that Mr. Goldberger on occasion would give
21 you specific advice down to and including a checklist that you
22 should use to determine the, whether or not mod rehab projects
23 were appropriately funded?

24 A. Vaguely. Perhaps if you have a document you can show me?

25 Q. I'll show you what I've marked for identification as Dean

8 Q. No, you need to respond to my questions.

9 A. Okay. Could you please restate your question?

10 Q. Having looked at the document, do you recall receiving
11 information -- I'll try to use your language -- information
12 regarding a checklist that should be used in funding the Moderate
13 Rehabilitation Program?

14 A. Yes, sir.

15 Q. Now do you recall that that checklist had been run through
16 the office of general counsel?

17 A. I don't remember that it actually had gone through the

allbinders as word for experiment.txt
18 office of general counsel, but it could have. Just because I
19 don't recall doesn't mean it didn't.
20 Q. Do you recall having discussions with Laurence Goldberger
21 regarding the checklist?
22 A. I don't have, remember specific discussions.
23 Q. Do you remember -- you do, however, remember that the memo
24 came?
25 A. I, when I looked at that document, it looked familiar to me,

yes, sir.

Q. what position did you have when you received that memo?
A. I'm pretty sure I was DAS in multi-family housing. Was it '85?
Q. Yes. And at that time, did you then begin to use the
Page 492

allbinders as word for experiment.txt
checklist in terms of making moderate rehabilitation decisions?
A. I don't believe that I actually used that form, because I don't believe that at that time I was actually making the mod rehab funding decisions.
Q. Do you recall whether the funding, whether the form was ever used?
A. I do not recall that, sir.
Q. Did you ever use the form at any time during your tenure at HUD?
A. I just don't remember seeing that form and doing that, using that specific form. I don't.
Q. Okay. Do you remember using any form to substantiate the moderate rehabilitation funding decisions that were made?
A. Not really.
Q. Okay. So in fact, there was no form; isn't that right?
A. That's my belief.
Q. And in fact, you received the memo that said, "Maybe we ought to be using a form," and you never did use a form, did you?
A. I personally didn't.
Q. Well, do you know of anybody else that did?

885

1 A. I don't know if they did, and I don't know if they didn't.
2 Q. And did you use one after you moved up the ladder?
3 A. No.
4 Q. Okay. And yet you had received the memo receiving
5 information about the use of the form; isn't that right?
6 A. Yes.
7 Q. In 1986, you were deputy -- general deputy assistant
8 secretary and federal housing commissioner; isn't that correct?
9 A. Yes, sir.

10 Q. And there came a point in time when you were asked certain
11 questions by Congress regarding how the program was administered;
12 isn't that correct? I believe you previously testified that that
13 was as a result of some inquiries from a Congressman Gonzales?
14 A. Are you referring to a letter? Because I don't remember any
15 direct testimony on the Hill about the Mod Rehab Program
16 unless --
17 Q. No, no. Was there a time when you were asked to testify?
18 A. I don't remember a specific time that I personally was asked
19 to testify. I may have been told that, that I might be asked to
20 testify, but I don't think I was specifically asked to testify.
2 I think there were discussions about having the secretary come in

2 to testify, and I may have gone in his stead.
2 Q. Let me ask the question another way to see if we can cut
2 through it.
2 A. Okay.

886

1 Q. Was testimony prepared for you to go up to the Hill and
2 testify?
3 A. It may have been.
4 Q. Okay. I'm going to show you an exhibit which I'll mark as
5 Dean Exhibit 121 and ask you if this refreshes your recollection
6 as to whether testimony was prepared for you to go up to Capitol
7 Hill and testify in 1986?

8 (Defendant's Exhibit No. 121 was
9 marked for identification.)

10 MR. WEHNER: Your Honor, could we come to side bar for
11 a second?

12 THE COURT: Sure.
13 (Bench conference on the record.)

14 MR. WEHNER: I have no objection if the Court wants to
15 instruct Mr. DeBartolomeis to please answer the questions or if
16 the Court wants Mr. O'Neill to take Mr. DeBartolomeis aside and
17 ask him to please answer the questions or his own attorney to
18 take him aside, because if this goes on like this, it's going to
19 take a very long time. He's a very important witness. What I'm
20 showing him is the testimony that was prepared for him, and it's
2 not a big secret. There's nothing wrong with him admitting the

2 testimony was prepared.

2 THE COURT: He's reading it all in detail.

2 MR. WEHNER: Yes, sir. If we go on like this, it's
2 going to take a very long time. So if Your Honor wants to have a

1 talk with him with his lawyer present and I'll talk to him and
2 say this is what I'm going to show him, that will speed this
3 along, because I'm afraid this is going to take two days if we go
4 on like this.

5 THE COURT: I have not interfered. Obviously, I
6 thought you may want the impression that he was not cooperating
7 with your questions.

8 MR. WEHNER: Well, I think that's clear.

9 THE COURT: But I'd be happy to tell him to try to look

10 at things quickly and use his best recollection.

11 MR. O'NEILL: Judge, I would object to that, and I
12 think maybe Steve's idea is better, to maybe tell the lawyer at
13 the break to say, "Here are the things, so you can review them
14 outside of the Court's presence," but quite frankly, I wouldn't
15 answer if I was a witness without reading a document.

* 16 MR. WEHNER: On that?

z

17 THE COURT: He doesn't need to do quite the perusal
18 that he's been doing in these last couple of documents.

3

19 MR. O'NEILL: He probably was told that by counsel, I

5

1
3 20 would surmise.

Z

i.

21 THE COURT: In detail, reading every single line. All
22 you're asking is if it refreshes his recollection. He can answer
23 yes or no.

24 MR. WEHNER: I'm not going to slip something in that's
25 going to trip him up more than that he's going to trip himself

1 up.

2 THE COURT: All right, we'll take a break and have
3 counsel talk to him.

4 MR. O'NEILL: Yeah.

5 THE COURT: Do you have a lot more documents to show
6 him?

7 MR. WEHNER: Yes, sir. I mean, he was there for the
8 whole tenure of this, and his lack of knowledge is, in my
9 judgment, the primary impeachment as to what he was saying about

10 Ms. Dean. .

11 The same thing was with Janet Hale, although she was a
12 little bit more cooperative in terms of identifying documents and
13 refreshing her recollection as to what she did, but this is going
14 to take a while with Mr. DeBartolomeis.

15 THE COURT: who is his counsel?

16 MR. WEHNER: Bob Ogren, O-g-r-e-n. He's with Pettit &

i 17 Martin. He used to be the chief of the fraud section of the
18 Department of Justice.

3

Z

19 THE COURT: All right. we'll take a recess, and I'll

31

3 20 talk to his counsel then.

1 2 MR. WEHNER: Thank you, Your Honor.

2 (End of bench conference.)

2 THE COURT: All right, we're going to take our morning

2 break and come back. we hope we can speed things up a bit. So
2 we'll take a 15-minute recess, and remember the admonition of the

889

1 Court not to talk about this case among yourselves or with anyone

allbinders as word for experiment.txt
2 else during the break, please. We're going to give you 15
3 minutes, and we'll come back.
4 (Jury out.)
5 THE COURT: All right, I'd ask the witness if he could
6 consult with his counsel a few minutes and perhaps with
7 Mr. Wehner, if we can review these documents in a more
8 expeditious fashion rather than sitting around while we read
9 apparently the documents in great detail and with great scrutiny.
10 You're really being just asked whether or not it
11 refreshes the witness' recollection. I think to answer that, you
12 can look at it and say yes or no, as opposed to this minute
13 scrutiny of each line of every page shown. Otherwise, we'll be
14 here for three days.
15 So talk to your counsel about it, will you, please?
16 All right.

2 THE COURT: All right, Ladies and Gentlemen, we're

5 the time of looking at them again. So we're ready to go.
6 MR. WEHNER: Thank you, Your Honor.
7 Q. Mr. DeBartolomeis, I gave you and your counsel the
8 opportunity to look at probably, what, 30 or 40 pieces of paper
9 during the break?

10 A. Yes, sir.
11 Q. And you had the opportunity to review those?
12 A. Yes, sir.
13 Q. Okay. Now the one I showed you while you were on the
14 witness stand which we previously marked as 121 you had the
15 chance to review, did you not?
16 A. Yes. That's the one that was my testimony that was prepared
17 that I never did deliver.
18 Q. Okay. Your testimony was prepared. Who prepared the
19 testimony?

20 A. Normally I think Congressional relations would prepare that.
2 Q. And the name?

2 A. Probably Tom Casey.

2 Q. And as far as you know, was this testimony correct as it was
2 written?

2 A. Again, it's, quite frankly, I think part of it's a bit of a

1 coverup, saying that the program is fine and there's really no
2 problem when, in fact, it wasn't.

3 Q. So your testimony is that this testimony which was prepared
4 for you by Tom Casey was part of your coverup?

5 A. No.

6 Q. Part of his coverup?

7 A. An overall departmental cover up, talking about getting away
8 from the fact that the projects were funded politically, that
9 there wasn't really a systematic funding of the program.

10 Q. Not everyone that's been involved in this project has denied
11 that the program was political, have they?

12 A. Could you restate that question?

13 Q. I said, not everyone who was involved in this program at HUD
14 has denied it was political, have they?

15 A. At this time, I think for the most part, people are talking
16 about it as being a political process.

17 Q. This testimony was written for you in 1986; isn't that
18 correct?

19 A. Yes.

20 Q. And that's when you were being called up to the Hill by two
2 congressmen who wanted to ask you about how the Mod Rehab Program

2 was being funded, correct?

2 A. Yes, sir.

2 Q. And at that point in time, isn't it fair to say that
2 everyone in the entire HUD building with any knowledge about the

1 program knew that it was a political process?

2 A. I don't want to characterize what other people would say. I
3 would characterize the way I would say it, and I would say yeah,
4 it was political.

5 Q. And isn't it a fact that everybody, to your knowledge,
6 everybody you dealt with in the program knew it was political?

7 A. When you talk about everyone that I dealt with, I mean --

8 Q. Everybody you dealt with on the Mod Rehab Program --

9 A. Knew that it was --

10 Q. It was political.

11 A. Yes, sir.

12 Q. Because you were receiving letters from congress people,
13 weren't you?

14 A. Yes.

15 Q. And you were receiving calls from consultants, and you were
16 receiving letters from senators, and you were even receiving
17 instructions from the white House; isn't that correct?

18 A. I personally didn't receive letters from the white House.

19 Q. HUD as an entity was receiving political instructions as to
20 where these funds went; isn't that true?

2 A. Yes, sir.

2 Q. And your testimony is that you were going up to the Hill to
2 conceal that it was being run in a political fashion?
2 A. What I'm saying is they were trying to put the best spin on
2 it they possibly could, make it look like everything was fine.

a i Q. To conceal -- but you also testified that it was being done

2 to conceal it was being run in a political fashion.

3 A. Right.

4 Q. Is that correct?

5 A. That's correct.

6 Q. How could you conceal from the United States Congress that
7 it was being run in a political fashion when they were writing
8 the very letters requesting that you fund the projects? Projects
9 were funded for senators, were they not?

10 A. Sure.

11 Q. They were funded for congressmen, weren't they? And these
12 people called your office, didn't they?

13 A. Mine and others.

14 Q. And they'd said, "We need 152 units to 2020 Perm. Street,"
15 didn't they?

16 A. I don't remember that specific request.

17 Q. That's a hypothetical.

18 A. Okay.

19 Q. This was the political process at work when these units were
20 funded, was it not?

21 A. It was political.

22 Q. And all of these units went out at the discretion of HUD for
23 innumerable reasons, whether they were consultants, whether they
24 were politicians, whether they were the President of the United
25 States? It was a political process, and that's how the funds

894

1 were distributed; isn't that correct?

2 A. Yes, it is.

3 Q. You had looked previously at Exhibit No. 121, which was your
4 draft testimony?

5 A. Um-hum.

6 Q. And I would like to direct your attention particularly to
7 the next-to-the-last sentence in regard to some of your prior
8 testimony, and I'll let you read that again.

9 A. Okay. Now I --

10 Q. Not out loud.

11 A. Okay. I didn't actually testify on this. Isn't that what
12 you're

13 Q. No, no, no, I'm not suggesting you actually testified. This
14 was prepared testimony. You never gave this testimony.

15 A. Okay.

16 Q. I'm not suggesting you gave the testimony, all right?

17 A. Okay.

18 Q. Would you read the next-to-the-last sentence to yourself?

19 A. Okay.

20 Q. Now does that refresh your recollection as to where -- when

allbinders as word for experiment.txt
2 the fair share requirements for mod rehab were changed --

2 A. Yes, it does.

2 Q. --to being totally discretionary?

2 A. In 1982.

2 Q. Okay. So from 1982 forward, it was strictly HUD's

895

discretion as to where these funds went; isn't that correct?

A. Yes.

3 Q. Now in 1986, when that testimony was prepared -
and you

4 didn't give it, but it was prepared for you -

your testimony is

5 that everybody at HUD knew that it was being run by a political
6 process?

7 A. For the most part, yeah.

8 Q. For the most part?

9 A. Yeah. Anybody that was involved in the program. We've
10 already discussed that.

11 Q. Anybody that was involved in the program knew it was a
12 political project. And this was in 1986?

13 A. Yes, sir.

14 Q. Okay. And you believe that that testimony that was drafted
15 for you was a part of a coverup to concealing the political
16 nature of the process?

17 A. Could you restate that again? *

18 Q. You believe that the testimony that was drafted for you was
19 a part of a conspiracy to conceal that it was political?

20 A. Yes, sir.

21 Q. Okay. Now was that testimony run through the general
22 counsel at HUD?

23 A. I don't know. It may have been.

24 Q. who did, who wrote the testimony for you? You've testified
25 you didn't write it.

a 1 A. I don't know for sure. Perhaps Tom Casey wrote it. I don't
2 know.

3 Q. who looked at the testimony before you saw it?

4 A. My guess is that Tom saw it. Maybe my assistant saw it.

5 Q. who?

6 A. Either Pam Patenaude or Nancy Murray, my executive
7 assistant.

8 Q. who else?

9 A. Maybe Hunter Cushing. Again, I'm speculating on what I

10 don't know for sure.

11 Q. I certainly don't want you to speculate. I just want you to
12 say what you know for sure.

13 Did you sit with these people, with whoever saw this
14 testimony, and just say, "well, we're going to conceal the
15 political nature of the process"?

16 A. I don't remember any discussion like that, no.

17 Q. There were times, were there not, during your tenure at HUD
18 when Ms. Dean was executive assistant to Mr. Pierce that you and
19 she would disagree on various issues,- isn't that correct?

20 A. Yes.

2

Q. And on occasion -- so we understand what disagree means, you

2 would take one position and she would take another?

2 A. Yes, sir.

2 Q. Did you have occasion to ever talk to Secretary Pierce about

2

some of these issues?

(I

1 A. I think I may have.

2 Q. And on occasion, one specific occasion, a group called the

3 National Baptist Convention sent in 20 applications for some

4 funding, did they not?

5 A. Yes, sir.

6 Q. And you took the position that they should not be funded;

7 isn't that correct?

8 A. The appropriate response would be that I adopted the staff

9 position --

10 Q. I'm sorry, the what response?

11 A. The appropriate response should be that I adopted my career
12 staff employees' position that those applications should not be
13 accepted.

14 Q. Okay.

15 A. Based on a -- that was based on a technicality, one, that

16 I'm not the most experienced or expert in testifying about.

17 Perhaps you could talk to the individual career employees that;

18 recommended against that. I adopted the staff position.

19 Q. Okay. You adopted the staff position, which was because of
20 a technicality, the application should be rejected; isn't that

2

correct?

2 A. That is correct, sir.

2 Q. And that decision was overruled, was it not?

2

A. I guess it was.

2 Q. Well, don't guess. The decision was overruled, was it not?

898

1 A. I don't remember specifically.

2 Q. Okay. Do you recall that Secretary Pierce overruled the
3 decision?

4 A. He would have had to.

5 Q. And do you recall that Ms. Dean had talked to him about that
6 decision?

7 A. Yes.

8 Q. And that Ms. Dean took the opposite approach to the problem,
9 that she believed they should be funded?

10 A. Yes.

11 Q. Did you have the opportunity to present your views on that
12 to the secretary?

13 A. I don't remember specifically talking to him about that.

14 Q. Okay. Well, you don't remember specifically. Do you

15 remember generally talking to him about that?

16 A. No, sir.

17 Q. Do you remember talking to the secretary about various ;
18 matters?

19 A. I didn't talk to the secretary all that much. I mean, there
20 were very few times that I was to go talk to the secretary.

2 There were times that would be in a staff meeting. There would

2 be other times maybe in a budget meeting. Very few one-on-one
2 meetings that I had with the secretary.

2 I mean, one particular meeting was when I was trying to
2 get Hunter Cushing fired, and I went up to the secretary with

899

1 Hunter and told the secretary why I felt that Hunter should be
2 fired, and the secretary told me that I was just in an acting
3 position and that we will wait to see who got to be the assistant
4 secretary, and that assistant secretary could decide what would
5 happen with Hunter.

6 That's one, one very specific time that I remember
7 meeting with the secretary.

8 Q. Okay. That's one specific time you remember meeting with
9 the secretary, when he gave you specific instructions about a

10 personnel matter?

11 A. Yes, sir, that's correct.

12 Q. And told you that you couldn't fire Hunter Cushing?

13 A. Yes, sir.

14 Q. Did you also attend Tuesday meetings with the secretary?

15 A. Yes, sir.

16 Q. And were these generally scheduled every Tuesday?

17 A. Yes, sir.

18 Q. And did you attend most of those meetings on Tuesdays?

19 A. To the extent that I was able to, yes, sir.

20 Q. Well, during most of your tenure, you would be in the same
2 room with the secretary on every Tuesday, would you not?

2 A. Right.

2 Q. And did you have the opportunity during those meetings to
2 speak?

2 A. Yes.

1 Q. And the secretary had the opportunity to speak to you?

2 A. Yes.

3 Q. So you did exchange words with the secretary during those

4 regular Tuesday meetings?

5 A. Yes, sir.

allbinders as word for experiment.txt
6 Q. Okay. Let me show you what has been marked for

7 identification as Dean Exhibit 96.

8 THE CLERK: Dean Exhibit 96 marked for identification.

9 (Defendant's Exhibit No. 96 was

10 marked for identification.)

11 BY MR. WEHNER:

12 Q. And this is the same, part of the same documents you looked

#

13 at during the break.

14 A. Um-hum.

15 Q. Do you recognize it?

16 A. Yeah, I do.

17 Q. Do you recall reading it?

18 A. Yes, sir, I do.

19 Q. Now does that refresh your recollection as to whether the

20 office of general counsel at HUD reviewed your testimony prior to

the final preparation of that testimony?

2 A. Um-hum.

2 Q. And did they, in fact, review it?

2 A. Yes.

2 Q. And they, in fact, made comments about it, did they not?

901

A. Yes.

2 Q. Now were you ever told by the office of general counsel at
3 HUD that you couldn't say what you were going to say up there
4 because it was a coverup?

5 A. No.

6 Q. As a matter of fact, any suggestions that the office of
7 general counsel made to you were basically confirming that the
8 testimony was accurate; isn't that correct?

9 A. That's right.

10 Q. Was the general counsel a part of the coverup?

11 A. I don't know for sure, but I think they were speaking to the
12 actual, you know, letter of the law. I was talking more about
13 when I said my testimony, it said, I thought it was being done in
14 a political manner. When the testimony really said that it was
15 not being done in any way other than an appropriate legal manner,
16 my view is that it was being done in a political way.

17 Q. I'm sorry, I didn't catch that. ;

18 A. Okay.

19 Q. Your testimony describes how the program operated.

20 A. Yes, sir.

21 Q. Was that accurate within the letter of the law?

22 A. Within the letter of the law, it may have been, yes.

23 Q. Okay. So within the letter of the law, it's your view that
24 it was accurate?

25 A. Right.

1 Q. Because certainly the general counsel wouldn't ask you to go

2 up there and lie.

3 A. No, sir, I don't believe he would.

4 Q. Okay. Now I want to direct your attention to a project

5 that's become known to the jury as Baltimore Uplift, the

6 Baltimore Uplift project. I want to direct your attention to

7 1983 and ask if you recall receiving information from Lance

8 Wilson with regard to that project?

9 A. Yes, sir.

10 Q. And do you recall receiving a note from him on or about June

11 15, 1983, in which he asked you to check on the recapture of

12 certain funds for Baltimore?

13 A. Yes, sir.

allbinders as word for experiment.txt
14 Q. And did you, in fact, check on that recapture?

15 A. Yes, sir.

16 Q. As a result of your checking on that recapture, did you

17 determine that funds could be recaptured?

18 A. Yes, sir.

19 Q. Now in laymen's terms, in my kinds of terms as a non-

20 housing expert, what does recapture mean?

A. Funds had been sent to an area, to a region, and the funds
2 never got used.

2 Q. So --

m 2 A. And so that you could take those funds, recapture those

2

funds and use them for another project that could actually use

them.

2 Q. And Mr. Wilson, in fact, asked you to find these funds for
3 Baltimore; isn't that correct?

A. Yes, sir.

Q. And what was Mr. Wilson's position at the time?

A. Executive assistant to the secretary.

Q. And Ms. Dean was where?

8 A. Probably in the executive secretariat.

9 Q. And that was in charge of correspondence, is that right?

10 A. Yes.

11 Q. Over here someplace?

12 A. Yes, sir.

13 Q. So Mr. Wilson asked you to check on the recapture, and you
14 do so. You find out there are funds available; is that correct?

15 A. Yes, sir.

16 Q. Okay. Did you have conversations with Mr. Wilson about to
17 what purpose he wanted to put the recapture?

18 A. I believe I did.

19 Q. And what did Lance Wilson say to you, and what did you say
20 to him?

21 A. It was dealing with the Baltimore Uplift project. As I
22 recall, it was not only Baltimore Uplift One, but there was an
23 Uplift One and Uplift Two is my recollection.

24 Q. Let's call them Uplift.

25 A. Yeah, okay.

Q. Okay. So Lance Wilson discussed Uplift with you.

A. Yes, sir.

Q. And he asked you to find out if funds were available to fund it.

5 A. Yes, sir.

6 Q. This was in what year, 1983?

7 A. I believe that's correct.

8 Q. Okay.

9 A. This project went on longer than 1983.

10 Q. I'm not suggesting it didn't. Listen, we're going through

11 this step by step.

12 A. Okay, sure.

m 13 Q. We'll get to the end. It may take a few minutes.

14 MR. O'NEILL: Judge, I thought I opened first.

15 THE COURT: All right, let's just go ahead.

16 MR. WEHNER: You thought you opened first?

17 MR. O'NEILL: For closing.

18 BY MR. WEHNER:

19 Q. Now do you know who was involved as the owners of Baltimore

20 Uplift?

21 A. I believe one of the people was Mr. Tuttle.

22 Q. Mr. Tuttle. Do you remember a first name? Bob Tuttle?

23 A. I think it's Bob Tuttle, yes, sir.

24 Q. And do you remember who Bob Tuttle was at that time?

25 A. He was a consultant.

I guess I also later found out that some of the people that worked in the White House. There was another Bob Tuttle that used to work in the White House.

4 Q. But this isn't the same Bob Tuttle?

5 A. I don't believe it is.

6 Q. But were there people involved in the White House in that

7 Project Uplift?

8 A. From what I understand, yes.

9 Q. One of them was Lynn Nofziger; is that correct?

10 A. Yes, sir.

11 Q. Who was Mr. Nofziger at that time?

12 A. I don't remember what his exact title was, but he was

13 special assistant to the President or something like that.

14 Q. He was actually working with the President in the White

15 House, was he not?

16 A. Yes, he was.

17 Q. At the same time he was investing in a part of Baltimore

18 Uplift?

19 A. Yes, sir.

20 Q. Did you have discussions with a person by the name of Ken
21 Finlayson about Baltimore uplift?
22 A. Yes.
23 Q. Who is Mr. Finlayson?
24 A. Ken Finlayson was the regional administrator of Region 3,
25 and he was basically in charge of the region.

906

1 Q. So he was in charge of what in terms of funding Baltimore
2 Uplift?
3 A. He'd be responsible for whatever happened in the field, so
4 if funding came in, it first went into the region, and then it
5 was allocated to an area office and then ultimately would be
6 either allocated to a specific project or public housing
7 authority or something like that.
8 Q. Now in July of 1983, who was federal housing commissioner or
9 assistant secretary for housing?

10 A. I believe Maurice Barksdale was.
11 Q. Was that true for the entire year 1983, or isn't it true
12 that Mr. Phil Abrams took over that position?
13 A. In '83?
14 Q. Yep.
15 A. Well, Phil Abrams was the assistant secretary, but I don't
16 remember the exact time that Phil Abrams went to become under
17 secretary and then, and then Maurice Barksdale went to become
18 assistant secretary, and I went down to become deputy assistant
19 secretary. So there's, I think it's sometime in '83.
20 Q. I'll show you Exhibit No. 108.
2 (Defendant's Exhibit No. 108 was

2 marked for identification.)

2 BY MR. WEHNER:

2 Q. Does that refresh your recollection as to when Philip Abrams
2 was assistant secretary for housing and federal housing

commissioner?

A. Um-hum.

3 Q. In fact, it was in July of 1983, was it not?

4 A. Yes.

5 Q. And it's true that Phil Abrams made a decision to fund
6 Baltimore Uplift One, did he not?

7 A. Yes.

8 Q. Now who was Phil Abrams before he came to the Department of
9 HUD?

10 A. He was a developer from the Massachusetts area.

11 Q. Was he politically involved?

<m 12 A. Probably, yes.

13 Q. Well, yes, he was, wasn't he?

14 A. Yes.

15 Q. As a matter of fact, he was very close to the Reagan
16 campaign, was he not?

17 A. Yeah, I believe he was.

18 Q. He was, wasn't he?

19 A. I wasn't involved with him in the --

MR. O'NEILL: Judge, how many times does he have to
21 answer the same question?

22 THE COURT: All right, I'll sustain it. Move ahead.

23 BY MR. WEHNER:

24 Q. Now do you remember a person by the name of Stu Davis?

25 A. Yes, sir.

Q. And who was Stu Davis?

2 A. Stu Davis was at one point executive assistant to the DAS
3 for multi-family housing and then ultimately executive assistant
4 to the assistant secretary for housing, federal housing
5 commissioner.

6 Q. And was he assistant secretary to the federal housing
7 commissioner when Mr. Philip Abrams was in that position?

8 A. No.

9 Q. No?

10 A. He was, he worked in the office of multi-family housing
11 during the time that Philip Abrams was in the office of housing.

12 Q. Okay. Who is Mary Burke?

13 A. Mary Burke was Philip Abrams's executive assistant.

14 Q. And this is the same Philip Abrams that was close to the
15 Reagan campaign, correct?

16 A. Well, he was -- this is Phil Abrams, the same Phil Abrams
17 that is the general deputy assistant secretary of housing, later
18 to become the assistant secretary for housing/federal housing
19 commissioner.

20 Q. And it's the same person you previously described as being
21 close to the Reagan campaign, correct?

22 A. You're the one that really characterizes him as being close
23 to the Reagan administration, not myself.

24 Q. You agree?

25 A. I agree that he had to be politically oriented in order to

909

1 get a politically appointed position.

2 Q. Fair enough.

3 And you know that Lynn Nofziger had some involvement
4 with Baltimore Uplift One?

5 A. Yes, sir, I do.

6 Q. And that Lynn Nofziger worked in the White House?

7 A. Yes, sir, I did.

8 Q. Okay. Now do you recall being instructed to fund Baltimore
9 Uplift One?

10 A. Yes.

11 Q. And who instructed you to do it?

12 A. Initially it was Lance.

13 Q. And who -- Lance Wilson?

allbinders as word for experiment.txt
14 A. Lance Wilson, correct.

15 Q. And what was his position?

16 A. Executive assistant to the secretary.

17 Q. Okay. Were you subsequently instructed to do it, to fund

18 it?

19 A. Yes.

20 Q. And who instructed you to fund it?

2 A. Phil Abrams.

2 Q. And describe to the jury how Phil Abrams instructed you to

2 fund Uplift.

2 A. Really worked through the region to find recapture section 8
2 mod rehab funds to make it available for funding of Baltimore

1 Uplift One.

<#

2 Q. I'm going to show you what's marked for identification as
3 Dean Exhibit 112.

4 THE CLERK: Dean Exhibit 112 marked for identification.

5 (Defendant's Exhibit No. 112 was

marked for identification.)

BY MR. WEHNER:

8 Q. And ask you if this is the funding document funding

9 Baltimore Uplift.

10 A. This is the rapid reply letter. This is not the ultimate
11 funding document. This is one of the preliminary documents.

12 Q. And a preliminary document indicating to the field office
13 that a particular project is going to be funded?

14 A. Well, rapid reply says this is what they, what other people
15 wanted -- people wanted fund money for this, and this is a
16 document that certifies that funds are available.

17 Q. Okay.

18 A. And this then becomes a backup document to 185, which is the
19 actual funding document.

20 Q. Okay.

2 A. So this is --

2 Q. we'll call this a certification that funds are available.

Is that fair?

2 A. Yes, sir, that is.

2 Q. Is this a certification that funds are available for

911

1 Baltimore Uplift?

2 A. Yes.

3 Q. And you, in fact, signed the certification for Baltimore

4 Uplift, did you not?

5 A. Yes.

6 Q. And this was on specific instructions from Lance Wilson?

7 A. Yes.

8 Q. Phil Abrams?

9 A. Yes.

10 Q. With the knowledge of Mary Burke?

11 A. Yes.

12 Q. Stu Davis?

13 A. Yes. And others are signed on there, too, like Janet Hale.

14 Q. Let me show you all the documents, and just refresh your

15 recollection as to everybody that's shown on here, and I'd like

16 you to tell the jury everybody that's shown.

17 A. Well, the easiest way is to look at the rapid reply letter

18 and --

19 MR. O'NEILL: One second. Judge, if he wants to put it

20 into evidence, that's fine.

2 THE COURT: All right. Yes, I think you're going to

2 have to either put it in evidence or have him recall it.

2 MR. WEHNER: Judge, I'd just -- okay.

2 Q. I'd like you to use those documents to refresh your

2 recollection as to who knew at the time.

(I

1 A. Okay, I'm sorry.

2 Q. Do those documents refresh your recollection as to who knew?

3 A. Yes, they do.

4 Q. Who knew?

5 A. Jim Hammernick, myself, Hunter Burke -- I think Bourne is

6 his name.

7 Q. Please speak up and slow down a little bit.

8 A. Hunter Bourne.

9 Q. Hunter Bourne?

10 A. Yeah, I believe that's his last name. I can't remember

11 exactly, but I believe it's Hunter Bourne, B-o-u-r-n-e.

12 Q. B-o-u-r-n-e?

13 A. Yes. And I believe it's Stu Davis.

14 Q. Stu Davis?

15 A. I can't be sure if that's his handwriting.

16 That's basically the people that were aware of it.

17 Q. And that includes the people you named previously just a few
18 minutes ago?

19 A. And Shirley Wiseman, too.

20 Q. Shirley Wiseman?

2 A. Yes, sir.

2 Q. Okay. So all of those people were aware that this project

2

was being funded?

2

A. Yes, sir.

2 Q. Correct? Okay. Now there was another funding for Baltimore

913

Uplift, wasn't there?

2 A. I believe later there was, yes, sir.

3 Q. As a matter of fact, that occurred sometime in or about May
4 of 1984, did it not?

5 A. Maybe if you have a document, you can help me out with that.

6 Q. Well, I'll show you again Dean Exhibit 112.

7 A. Isn't that the same exhibit you just showed me?

8 Q. Yes.

9 A. Yeah.

10 Q. Does that refresh your recollection that the final funding
11 for Baltimore Uplift was in May of 1984?

12 A. Yes. That's, you showed me another document that we made
13 certificates available for the people that were moving out of
14 Baltimore Uplift One, Section 8 certificates. That's -- what's
15 this mean (gesturing)?

16 Q. No, I understand.

17 A. Okay.

18 Q. I'm just trying to keep you close to the subject at hand,
19 okay? And that being was this the final mod rehab funding for
20 Baltimore Uplift?

21 A. It wasn't -- well, for the actual Baltimore Uplift One, this
22 was a document that says this is funding for it. This gives
23 Section 8 mod rehab funds available for it. I cannot tell you
24 specifically that this was the last dollar that this Baltimore
25 Uplift One ever got.

914

1 Q. Not that no, no, no, not that it was the last dollar
2 that it ever got. Was this the last funding decision that was
3 made?

4 A. I can't tell you that.

5 Q. Okay. Do you know of any other funding decisions?

6 A. No, sir, I do not.

7 Q. You cannot recall any other funding decisions that were
8 made?

9 A. There were, I believe there were subsequent funding
10 decisions that were made on, I believe, rent increases.

11 Q. Okay. But with regard to moderate rehabilitation funding,
12 to your knowledge, is this the last funding for moderate
13 rehabilitation funds to Baltimore Uplift?

14 A. Yes, sir.

15 Q. Now in May of 1984, Ms. Dean was employed at HUD, was she
16 not?

17 A. Yes, sir.

18 Q. And what was her position at that time at HUD at that time?

19 A. I believe she was the executive assistant to the secretary
20 at that time. I don't remember the exact date.

2 Q. Is that your recollection?

2 A. I don't remember the exact date that she became executive
2 assistant to the secretary. Perhaps you can enlighten me.

2 Q. In fact, she did not become executive assistant to the
2 secretary until June 24 of 1984; isn't that correct?

MR. WEHNER: May I have the personnel file, please?

I show the witness what's previously been admitted as

16 Q. What date?

PENGAD CO.. BAYONN

17 A. I believe this is 5-24-84. I just want to make sure that

© 18 I'm being accurate, that's all.

3

ui

19 Q. Look through the whole personnel file.

20 A. No, I don't necessarily want to do that. Is it not 5-24-84,

2

that's the effective date, to executive assistant to the

2

secretary?

2

Is that not correct?

2

Q. No, that's not correct. You're reading that "5" maybe

2

intentionally, but it's a "6."

1 A. 6, okay.

2 MR. WEHNER: Could we have a stipulation to that

3 effect?

4 MR. O'NEILL: I'd have to look at that.

5

6

THE WITNESS:

it looks like a 5.

The carbon didn't go all the way over, so

9

MR. O'NEILL: Do you expect me to know the date off the

top of my head?

It looks like a 6.

10

11

THE WITNESS:

BY MR. WEHNER:

Okay, then it's a 6.

12 Q. So it was June 24 of 1984, was it not?

13 A. That's correct.

14

15

16

Q. You were involved in certain fundings of moderate

rehabilitation units during your tenure, were you not?

A. Yes.

8

17

18

19

20

2

Q. And I've heard the word used, "rounds" for the funding process. Is it true that the fundings would occur regularly but not every week?

A. I would characterize them more as irregularly, but they would occur.

2

2

2

2

Q. Okay. About once every six months?

A. I don't know that I can say once every six months. Maybe it would be more frequently, maybe it would be less frequently.

Q. Do you recall that one was held on May 22 of 1986?

917

A. I believe there was one.

2 Q. And what was your position at that time?

3 A. General deputy assistant secretary for housing.

4 Q. And would you tell the jury again what your role was in the Moderate Rehabilitation Program in May of 1986?

6 A. Well, I was in charge of all of housing.

7 Q. You were in charge of what?

8 A. All of housing at that point in time.

9 MR. WEHNER: Okay, you were in charge of all of that.

10 Your Honor, I've marked for identification Dean Exhibit

11 62, and I've previously shown this to the Independent Counsel,

12 which is a chart of the funding decisions that were made on or

13 about that date. As I told Your Honor yesterday, I could write

14 them on a chart as we discuss them and refresh his recollection,

15 but it would speed things along considerably if I can use the

16 chart.

17 THE COURT: All right. The jury should understand this

18 is not evidence, but it's just an aid to help the witness be able

19 to recall and testify about it.

20 You can display it.

21 BY MR. WEHNER:

22 Q. Now in 1986, prior to May of 1986, what was the general

23 situation with regard to mod rehab dollars that were available?

24 Did you have a lot? Did you have a little? Do you recall?

25 A. I don't recall the exact amount.

m Q. Now do you recall a general amount?

2 A. 300 million maybe.

3 Q. Okay. Do you recall that the Moderate Rehabilitation

4 Program was funded for fiscal year 1986 for approximately \$923

5 million?

6 A. No, I don't recall it, but I'm sure you have a document you

7 could show me.

8 Q. I'll show you what's been marked for identification as Dean

9 Exhibit 117.

allbinders as word for experiment.txt

10 THE CLERK: Dean Exhibit 117 marked for identification.
11 (Defendant's Exhibit No. 117 was

13 BY MR. WEHNER:

14 Q. And ask if this refreshes your recollection as to the amount
15 of mod rehab funding that was available fiscal year 1986?

16 A. Yeah, um-hum.

17 Q. It was how much?

18 A. 923 million --

19 Q. Okay.

20 A. --in budget authority.

21 Q. \$923 million in budget authority.

22

would you describe what that means fiscal year 1986?

23 what time period could you spend that money?

24 A. FY, fiscal year 1986 would be from, I think, September of
25 '85 through September -- I mean, October 1 of '85 through

919

1 September 30 of 1986.

2 Q. Okay. So May 22, 1986, fell within that fiscal year?

3 A. Yes, it did.

4 Q. And the amount of funds available was \$923 million in budget
5 authority?

6 A. Yes.

7 Q. Now as of December 1985, before this funding round, it's
8 correct that you had used up about 100 million of that money; is
9 that right?

10 A. If you say so. I don't remember.

11 Q. It's not my say-so, sir.

12 A. Sir, you're asking --

13 THE COURT: All right, if you can't remember, just say
14 you don't remember.

15 THE WITNESS: I don't remember.

16 BY MR. WEHNER:

17 Q. I'll show you again Dean Exhibit No. 117 and ask isn't it
18 true that you had approximately \$103 million, had already
19 assigned about \$103 million out to the field?

20 A. Yes.

21 Q. That's correct, isn't it?

22 A. Um-hum.

23 MR. O'NEILL: Objection, Judge, to the manner in which
24 documents not in evidence are being used.

25 THE COURT: All right. Just show it to him and ask him

920

1 to refresh his recollection rather than reading, the document to
2 him.

3 MR. WEHNER: Very well, Your Honor.

allbinders as word for experiment.txt

4 Q. Now this was at a time, was it not, when there were a big
5 series of budget cuts occurring in the Reagan Administration; is
6 that correct?

7 A. That is true.

8 Q. And there was a huge battle going on as to whether the
9 Reagan administration could cut back -- could not spend funds
10 that had been allocated by Congress; is that right?

11 A. That was one of the many discussions at that time.

12 Q. And it's true, is it not, that ultimately you ended up with
13 about \$800 million to spend in mod rehab in fiscal year 1986; is
14 that correct?

15 A. Yes.

16 Q. So after all these machinations, you ended up with about

- LASERB

17 \$800 million?

18 A. Yes.

i

i

§

18

19 Q. Not \$300 million, correct?

20 A. Yes.

21 Q. Okay. So as of approximately May of 1986, you had \$800
22 million to spend, correct?

23 A. Yes.

24 Q. And this is your first -- is it your first opportunity to be
25 involved in the funding process?

921

A. Yes.

2 Q. Because you had just become involved in it a few months
3 prior, isn't that correct?

4 A. Yes.

5 Q. Okay. Now we went through in some detail with Janet Hale
6 her recollection of the funding process and the projects that she
7 funded, and I'm afraid we're going to have to do the same with
8 you, and I know that it's a long time ago, but your specific
9 recollections are very important to this case, so if you would
10 like to see the funding documents, I will be glad to show you
11 those to refresh your recollection.

12 Directing your attention to Springfield, Massachusetts,
13 do you recall sending approximately 150 Section 8 moderate
14 rehabilitation units to Springfield, Massachusetts?

15 A. No, sir.

16 MR. WEHNER: Okay. I'll marked for identification Dean

17 Exhibit No. 118.

18 THE CLERK: Dean Exhibit 118 marked for identification.

19 (Defendant's Exhibit No. 118 was

20 marked for identification.)

21 BY MR. WEHNER:

22 Q. I ask if that refreshes your recollection as to the sending
23 of 100 units to Springfield, Massachusetts?

24 A. Sir, my signature is not on this document. Susan Zagame's
25 signature is on this document. The date this was signed, I

1 believe that I was not at HUD in the department or even in the
2 country. I believe at that point I may have been out of the
3 country. Perhaps I am wrong. Perhaps you have a copy of my, my
4 calendar.

5 So if I wasn't there and I didn't send it, I didn't
6 sign it, then I did not send money to Springfield.

7 Q. So this --so you didn't participate in the funding round of
8 May 22, 1986?

9 A. I don't believe I did.

10 Q. Do you know a person by the name of Jim Watt?

11 A. Yes.

12 Q. And in May of 1986, who was Jim Watt?

13 A. I think he was a private citizen at that time.

14 Q. And he'd been in the cabinet for a while, hadn't he?

15 A. He had been.

16 Q. Secretary of the interior?

17 A. That's right.

18 Q. And isn't it true that you worked with James G. Watt to fund
19 312 mod rehab units to the Maryland DCA in that May '86 funding
20 round? And isn't it true that Mr. Watt wrote a letter to
2 Secretary Pierce thanking him for your help in getting those 312

2 units to Baltimore? Now aren't those facts, Mr. DeBartolomeis?

2 A. The fact is that --

MR. WEHNER: Both.

1 THE COURT: Let's start with the first question here.

allbinders as word for experiment.txt
2 THE WITNESS: The first question with me meeting with
3 Mr. Watt was that he was sent down from the office of the
4 secretary, and I basically gave him information on how the
5 program was working, told him about PHAs needed to apply to the
6 department, that it would help to have letters of support, and
7 that they needed to come in, and that he has already talked to
8 the secretary, and basically it was Mod Rehab 101 for Mr. Watt.
9 MR. WEHNER: Okay. Could you read back my first
10 question, please?
11 (First portion of question read.)
12 MR. O'NEILL: Are the other two withdrawn, Your Honor?
13 Because that question goes on.
14 THE COURT: Let him answer that first, and then he can
15 answer the next one.
16 THE WITNESS: Okay. I did talk to him about how the
17 projects were funded. I did not talk to him specifically by ;
18 about the funding of his project. My reading of that letter is
19 that he talked to Secretary Pierce about the funding of the
20 Maryland DCA for 312 units, not me, sir.
2 BY MR. WEHNER:
2 Q. Did you fund it?
2 A. No, sir, I did not.
2 Q. Let me show you what's been marked for identification as
2 Dean Exhibit No. 119.

924

THE CLERK: Dean Exhibit 119 marked for identification.
(Defendant's Exhibit No. 119 was
marked for identification.)

BY MR. WEHNER:
5 Q. And ask you if that refreshes your recollection as to
6 whether you funded that 312 units?
7 A. No, sir, it does not, because it's still Susan Zagame.
8 THE COURT: All right, as long as he says it doesn't, I
9 don't need to hear --

10 BY MR. WEHNER:

Q. Isn't it true you signed the funding documents for those 312
n

12 units?

13 MR. O'NEILL: Objection, Your Honor.

14 THE COURT: I'll sustain the objection.

15 THE WITNESS: No, sir, that's not my signature.

17 MR. WEHNER: Judge, it's cross examination.

3 18 THE COURT: He testified it's not his.

5 19 MR. O'NEILL: May we approach for one moment?

I

i

20 THE COURT: Sure.
21 (Bench conference on the record.)
22 MR. O'NEILL: Judge, simply the problem with that is if
23 you look at the document, he didn't sign it. So then he asks,
24 "Didn't you sign it? Isn't it a fact you signed it?" There's
25 not a good faith basis for that.

925

MR. WEHNER: That's fair.

2 THE COURT: Absolutely. He said he didn't do it, and
3 unless you have a document to hand him that showed he did it -
4 MR. WEHNER: Yes, Your Honor. My apologies.
5 THE COURT: Do you want to take a break, or are you
6 going to keep going a while?
7 MR. WEHNER: We can break now, Judge. It's going to be
8 a while. We've got three funding rounds to go through.
9 THE COURT: Okay. I think you're going to have a while
10 to get to your other witnesses.
11 MR. O'NEILL: well -
12 THE COURT: You can let some of them go.
13 MR. O'NEILL: How much will you have left, Steve,
14 without holding you to it, obviously?
15 MR. WEHNER: It's hard to say, but I would say it would
16 be at least two hours additional.
17 MR. O'NEILL: we'll cut some loose.
18 THE COURT: Just keep one or so around here.
19 MR. O'NEILL: Yes.
20 THE COURT: Okay, I'll go to lunch then.
21 MR. O'NEILL: All right.
22 (End of bench conference.)
23 THE COURT: All right, Ladies and Gentlemen, we're
24 going to take our luncheon recess. There's going to still be
25 some more cross examination for a while, so we'll go to lunch

now. Come back after lunch and resume. We'll be at lunch until

2 1:30. Be back at that time, please, 1:30.
3 Remember the admonition of the Court, please. Don't
4 talk about the case among yourselves, with anyone else, or let
5 them talk to you about it during the break.
6 (Jury out.)
7 THE COURT: All right, you're excused until 1:30.

10 SILVIO DE BARTOLOMEIS, GOVERNMENT'S WITNESS, RESUMED

11 CROSS EXAMINATION (Cont'd.)

12 BY MR. WEHNER:

13 Q. Mr. DeBartolomeis, who is Susan Zagame?

14 A. Susan Zagame was the deputy assistant secretary for policy,
15 financial management, and administration.

16 Q. In May of 1986, did she work for you?

17 A. Yes.

18 Q. And did she have involvement in the Mod Rehab Program?

19 A. Yes. ^

20 Q. Okay. And directing your attention to the May 1986 funding
21 round that we've illustrated here, she ultimately, Susan Zagame
22 signed off on the funding decisions that were made; is that
23 correct?

24 A. Yes.

25 Q. And she signed off and she signed your name to those; is

928

that correct?

2 A. No, she signed her name for Silvio DeBartolomeis.

3 Q. Okay. But it's clear that she signed those documents for

4 you, correct? She signed those documents for Silvio

5 DeBartolomeis?

6 A. Correct, but not at my direction.

7 Q. I'm not suggesting your direction. She's just signed them

8 for you.

9 Now directing your attention to the time period

10 immediately before the May 22, 1986 funding round, you had

11 conversations with Ms. Dean about those projects, did you not?

12 A. I don't recall specific discussions with her about those

13 projects.

14 Q. You recall no specific discussions with Ms. Dean wherein she

15 suggested, requested, argued, told, begged you to fund those

16 projects?

17 A. I don't recall any. Perhaps you can help me. Do you have a

18 document? I just don't recall any discussions.

19 Q. You know, I wish I did have a document.

20 THE COURT: All right, let's just go ahead and ask

21 questions.

22 BY MR. WEHNER:

23 Q. You don't recall any such discussions, do you? Well, you

24 don't have any such document that shows such a document, do you?

25 A. No, sir, I do not.

929

1 Q. You previously told us, I believe, that Joe Strauss -- who

2 Joe Strauss was?

3 A. Joe Strauss worked as a special assistant to the secretary,

4 later went on to be a consultant.

5 Q. All right. And in fact, he became a consultant for

6 something called the Phoenix Group, did he not?

7 A. Yes, sir.

8 Q. And when Springfield, Massachusetts, was funded, wasn't that

9 funded as a result of Mr. Strauss' intervention?

10 A. I'm not 100 percent sure of that, sir.

11 Q. I'm sorry, I need you to speak louder.

12 A. I'm sorry. I'm not sure.

13 Q. You're not sure. You have no recollection today as to

14 whether Joe Strauss had anything to do with the funding of the

15 Springfield, Massachusetts project?

16 A. At this point, I do not recall.

17 Q. Is there anything that would refresh your recollection as to

18 whether he had anything to do with it?

19 A. I don't know.

20 Q. Okay. Let's talk about Maryland briefly again. James Watt,

2 Maryland DCA, 312 units, did James Watt have anything to do with

2 the funding of that project?

2 A. I think subsequently I found out that he did. I don't

2 recall talking to him about any, about Maryland. I do recall

2 having a conversation with him where I was directed by the

930

1 secretary to meet with, with Jim watt to talk to him about how
2 the Mod Rehab Program was funded and how one would go about
3 getting funded as a consultant.

4 Q. And you had -- as -- the secretary told you to meet with
5 James watt and talk about how the Mod Rehab Program would be
6 funded to a consultant?

7 A. Maybe not in so many words. I believe I got a call from
8 Starr Eckart, who said, "He's met with -- the secretary has met
9 with Jim watt. He'd like you to talk to him about mod rehab."

10 Q. That's not what you said, sir.

11 A. I know. what I said was what I talked to him about.

12 MR. WEHNER: would you please repeat, could we have
13 read back what Mr. DeBartolomeis said about his conversation with
14 Secretary Pierce, please?

15 (Answer read.)

16 BY MR. WEHNER:

17 Q. Are you aware that Secretary watt sent a letter to the
18 secretary of HUD thanking you for your assistance in that
19 project?

20 A. Yes.

2 Q. Let's do the next one, Philadelphia, Pennsylvania. Do you
2 recall that that was funded for Senator Heinz?

2 A. No, sir.

2 Q. Beaver County, Pennsylvania, do you recall that that was
2 funded for Senator Heinz?

931

1 A. No, sir.

2 Q. Pittsburgh, Pennsylvania, do you recall that that was funded
3 for Senator Heinz?

4 A. No, sir.

5 Q. Allegheny County, Pennsylvania, do you recall that that was
6 funded for Senator Heinz?

7 A. No, sir.

8 Q. Roanoke, Virginia, do you recall anything about 94, I
9 believe, units to Roanoke, Virginia?

10 A. At this point, I do not, sir.

11 Q. Do you recall that the developers on that project were
12 people by the name of Gaultney, Quill and Linigan?

13 A. No, sir.

14 Q. Have you ever heard any of those names before?

15 A. I don't believe so.

16 Q. You don't believe so.

17 who's Rick Shelby?

18 A. He was a consultant, housing consultant.

19 Q. And he worked on HUD projects, did he not?

20 A. Yes. That's how I met him.

2 Q. what did you talk about when you met him?

2 A. well, he was working with a company called the Keefe Company
2 or -- I think that's the name of it, and there were a number of
2 different projects that he'd been working on. I mean, that's how
2 I first met him.

932

2 County, Maryland project in the amount of 172 units?

3 A. I don't remember specifically talking to him about Prince
4 George's 172 units.

5 Q. Okay. Do you remember talking to him about Prince George's
6 County?

7 A. No, sir.

8 Q. Isn't it a fact that you visited that mod rehab project in
9 Prince George's County personally?

10 A. I don't remember going to that specific project. I have
11 visited projects in Prince George's County.

4/93

12 Q. Well, what projects in Prince George's County do you recall
13 visiting?

14 A. I don't remember the names of them. I remember going to a

2 Q. Yes.

2 A. I've visited many projects in Prince George's County.

2 Q. On the Mod Rehab Program?

2 A. No.

933

1 Q. Okay.

2 A. I don't remember --

3 Q. Let's just limit this to the Mod Rehab Program.

4 A. Okay.

5 Q. What projects did you visit in Prince George's County on the

7 A. I don't remember.

8 Q. Okay. And you have no recollection of visiting Foxglenn

10 A. I may have visited Foxglenn project.

11 Q. Okay. Is Shelby one of the individuals who talked to you
12 about the Foxglenn project in Prince George's County?

13 A. I don't recall.

14 Q. Do you know who Andy Sankin is?

15 A. Yes, sir.

16 Q. Is Andrew Sankin one of the individuals who talked to you
17 about Foxglenn in Prince George's County?

18 A. I believe he may have talked to me about Foxglenn.

19 Q. Okay. What do you recall him saying to you about Foxglenn,
20 and what do you recall saying to him?

2 A. I think he talked to me about when do they get funding for

2 Foxglenn, and I believe I told him that I wasn't the person that
2 would make the final decisions or make the decisions on funding
2 for mod rehab.

2 Q. And what did he say?

934

1 A. "Who would make that?"

2 And I told him that it would be the office of the
3 secretary, not myself. Deborah Dean.

4 Q. Did you have any further conversation with Mr. Sankin about
5 Foxglenn?

6 A. Not that I recall.

7 Q. Do you know anything about the Georgia RFA 50-unit
8 designation?

9 A. No.

10 Q. You have no recollection of that being funded at all?

11 A. It doesn't have any, it doesn't ring any bells. I don't

13 Q. Who's John McNeal?

14 A. I don't remember that name.

15 Q. Have you ever seen that name before?

16 A. I may have. I don't remember it, sir.

17 Q. Have you ever written that name on a piece of paper before?

5 Q. And in your handwriting is the name John McNeal, is it not?

6 A. John McNeal, yes.

7 Q. Now does that refresh your recollection as to whether you
8 know who John McNeal is?

9 A. No.

10 Q. Do you have any recollection whatsoever about what John
11 McNeal's involvement was with the Georgia RFA project?
12 A. I don't recall.
13 Q. Shreveport, Louisiana, do you recall that that project was

16 Q. Lake Charles, Louisiana, do you recall anything about that
17 project?
18 A. No, sir, I do not.

1 A. Judith Siegal.
2 Q. Do you recall that she spoke with you about that project?
3 A. I remember having several discussions with Judith Siegal.
4 Q. Well, in fact, you talked about that project with her,
5 didn't you?
6 A. I remember discussing with her an Ogden, Utah project,
7 related to whether or not I was going to give a rent increase to
8 a project that had already been funded. We had, as I recall, a
9 heated discussion. She was mad because I didn't want to do it.

10 And, and I went to -- if this is the schoolhouse
11 project that was ultimately funded, I remember going to Ogden,
12 Utah, to this schoolhouse, which was just an abandoned, old brick
13 schoolhouse built back in the 1800s that they wanted to convert
14 into housing, and, I mean, so I remember a lot about Ogden, Utah,
15 because it was the only time I had ever been there.
16 And I remember that she was involved in the project, and I
17 remember that she even talked to some congressman and told some
18 congressman that I wasn't doing my job because I wasn't funding a
19 rent increase for Ogden, Utah, and I remember seeing her at a
20 reception over on the Hill and told her that I didn't like the
2 way that she went to a congressman to tell him that I wasn't

2 doing my job, and then, I'd say, a rather heated discussion

2 ensued.
2 Q. The question, I believe, was do you recall discussing the
2 funding of that project with Judith Siegal?

937

1 A. May I ask a point of clarification?
2 Q. I'll rephrase the question. Do you recall prior to May 22,
3 1986, discussing the funding of that Moderate Rehabilitation
4 Project with Judith Siegal?
5 A. No, sir.

allbinders as word for experiment.txt

6 Q. Okay. who's Joe Queenan?

7 A. Joe Queenan is a consultant. He used to work for HUD in the regional office, and then he later went on to join Philip Winn.

9 Q. Now didn't you join the Winn Group after you left HUD?

10 A. I went to work there and -

11 Q. And isn't that the same Phil Winn that Joseph Queenan worked for?

13 A. Yes, it is.

14 Q. So we're talking about the same Phil Winn and the same Joseph Queenan?

16 A. Yes, sir, we are.

17 Q. Now didn't Mr. Queenan talk to you about 84 units going to Salt Lake City, Utah, prior to May 22 of 1986?

19 A. He may have, sir. I don't remember a specific conversation.

20 Q. Isn't it a fact that he talked to you and asked you that any help you could give him would be appreciated?

2 A. He may have.

2 Q. Well, since he may have talked to you about that project, isn't it true that he also talked to you about the Colorado HFA project for 79 units, the Clayfield Apartments?

1 A. Sir, I specifically remember talking, I think I was talking

#

2 to Rick Price. He had asked me about that project or about funding for a program in Colorado HFA. Maybe I'm mistaken, but I believe that's the one. And I remember saying that he needed to deal with Deborah Dean, because they would make the decisions -- she would make the decisions, not me.

7 Q. And that's all you recall saying about the discussion? You never said, "Look, I'll do what I can. It's nice to know your interest. Thank you for calling"?

10 You said, "Oops, not me. Deborah Dean"?

11 A. I don't recall, sir.

12 Q. Where are you from originally? Where were you born?

13 A. I was born in Wilmington, Delaware.

14 Q. Okay. And your family still resides there?

15 A. Part of my family does.

16 Q. Does your mother still reside there?

BOND A

17 A. Yes, she does. Not in Wilmington.

19 A. In Delaware.

20 Q. And you left Delaware, and where did you move to?

S

2 A. I moved to Colorado.

2 Q. Okay. And where's Phil Winn from?

2 A. Colorado.

2 Q. Okay. And Mr. Queenan was from Colorado?

2 A. Yes. We all lived there.

1 Q. Did you know those other two when you lived in Colorado?
2 Did you know them?
3 A. I knew Phil Winn when I lived in Colorado, when I went to
4 school at the University of Denver.
5 Q. Right.
6 A. And then after I graduated, I met Phil Winn when I was
7 working in the state legislature there.
8 Q. Right. So you'd known Mr. Winn for a long time?
9 A. I had, yes, sir.

10 Q. Okay. Both before you went to HUD and then, of course, you
11 went to work for him after you left HUD?
12 A. That's right, sir.
13 Q. Okay. Of course, he worked at HUD for a while?
14 A. That's right, sir.
15 Q. You recall that Denver, Colorado, was funded as a result of
16 a letter to you from Senator Armstrong? Do you? Yes or no?
17 A. I remember something about Denver. I'm not sure if I got
18 letters on -- and it was, I think, a project originally with a
19 nonprofit group called about a Five --or Star Bakery, that
20 building or something like that that was being renovated. Is
2 this the project?

2 Q. You're the witness, Mr. DeBartolomeis.
2 A. Okay.
2 Q. All I know is it's 79 units.
2 A. No, I think Denver there is listed as 53 units.

940

1 Q. I'm sorry, 53 units to Denver, Colorado.
2 A. Yeah.
3 Q. And that Senator Armstrong wrote to you in support of the
4 project. Do you recall that?
5 A. Not specifically, sir.
6 Q. Okay. San Diego, California, 150 units. Do you recall
7 anything about the way that project was funded?
8 A. No, sir.
9 Q. Reno, Nevada, 100 units. Do you recall that Mr. Queenan
10 talked to you about that project as well?
11 A. No, sir, I don't.
12 Q. You recall no conversations with Mr. Queenan?
13 A. Not about that project, sir. No, sir.
14 Q. Well, let's -
okay.
15 Do you recall a conversation with Mr. Queenan before
16 May 22, 1986?
17 A. I am not 100 percent sure, so I would have to say I don't
18 recall.
19 Q. Well, when did you meet Mr. Queenan?
8
a 20 A. When did I meet Mr. Queenan? I met him when he was working
I
21 in the regional office in Colorado.
22 Q. Approximately what year was that?
23 A. '83, maybe earlier.
24 Q. So between 1980 to 1986, did you have conversations with
25 him?

941

1 A. Between 1980 and '86? Yeah, sure. He was. the regional
2 director of housing development, you know. He was very much
3 involved with projects that were being developed in the region,
4 and if there was ever a problem in Colorado, he was someone that
5 would be involved usually in the resolution of some development
6 of some project there.
7 Q. Do you have any recollection of discussing those units with
8 him before they were funded?
9 A. No, sir, I do not.

10 Q. Clark County, Nevada, 160 units. Do you know who the
11 developers were on that project?
12 A. I do now. At that time, I did not.
13 Q. Did Mr. Winn have anything to do with that project?
14 A. At that time, I think it was more Philip Abrams that was
15 involved.
16 Q. Well, Mr. Abrams was Mr. Winn's partner, was he not?
17 A. At this point in time of the actual funding, I don't believe
18 that Mr. Winn was a partner in this, which I found out later,
19 after I left the department.
20 Q. You found out what?
2 A. I found out that Phil Abrams was more involved in the Clark

2 County, Nevada project, not Mr. Philip Winn. And then later on
2 after I went to work at the office where Mr. Phil Abrams and Phil
2 Winn worked, they later formed a partnership on that project to
2 develop that as mod rehab, but at the time of May 22, 1986, I did

942

1 not know that that was either Phil Winn or Phil Abrams1 project.
2 Q. Your testimony is that Mr. Winn never talked to you about
3 that project before it was funded?
4 A. That is correct, sir.
5 Q. But you did know Mr. Winn at the time; is that correct?
6 A. Yes, sir, I did.
7 Q. And you considered him a friend; is that correct?
8 A. Yes, sir.
9 Q. And when you left HUD, you went to work with him?

10 A. Yes, sir.
11 Q. And he worked at HUD as well?
12 A. Yes, sir.
13 Q. And Mr. Abrams also was a friend?
14 A. Yes, sir.
15 Q. And he was involved in the project?
16 A. Yes, sir.
17 Q. And you didn't discuss the project with him, either?
18 A. Yes, sir, that's correct.
19 Q. Okay. Do you have any recollection regarding the funding of
20 100 units to San Francisco, California?
2 A. No, sir.

2 Q. Do you have any recollection of -- and I'm not sure I can
2 pronounce this correctly, Clackamas County, Oregon?
2 A. No, sir.
2 Q. And do you have any recollection of the Longview projects

1 in, what, Longview, Washington?

2 A. No, sir.

3 Q. Of those that you don't have any recollection of dealing
4 with, would you agree with me that Ms. Dean told you to fund
5 those? Just dealing with the ones you don't remember.

6 MR. O'NEILL: Your Honor, I'd object on the factual
7 basis of that.

8 THE COURT: All right, all right.

9 MR. WEHNER: What's -

10 THE COURT: I'll sustain the objection. I don't know
11 how he can speculate if he doesn't remember anything about the
12 projects. I don't know how he can agree that she either did or
13 didn't tell him to fund it.

14 MR. WEHNER: I'll ask it another way.

15 Q. If the projects were funded and you today don't remember it
16 being funded, would it be your best recollection Ms. Dean told
17 you to fund them?

18 A. Sir, I've already testified that I didn't sign off on the
19 funding documents. I didn't order the funding documents to be
20 prepared. I didn't do anything on these funding documents.

2 These funding documents were put together and signed
2 when I was not even in the department, so I don't know how I
2 could say that Debbie Dean directed me to sign these things when
2 I wasn't even there.

2 Q. But that's what you said on direct. You said that Deborah

944

1 Gore Dean instructed you what projects to fund.

2 A. In two funding rounds.

3 Q. Oh, so she didn't direct you to fund any of these?

4 A. No, sir, she did not, because I didn't fund them.

5 MR. O'NEILL: Judge, he didn't fund any of these.

6 THE COURT: It's all right. He can answer the
7 questions. It's cross examination.

8 BY MR. WEHNER:

9 Q. She didn't direct you to fund any of these?

10 A. I did not fund them.

11 Q. Okay. Go to September 1986. Directing your attention to
12 September 1986 now, did you sign the funding documents arising
13 out of this round?

14 A. Is that what that says at the bottom of that? I didn't see
15 the board.

16 Q. Let me show them to you, Mr. DeBartolomeis.

17 THE COURT: All right, all you've got to do is give
18 your recollection.

19 BY MR. WEHNER:

20 Q. Refer to these, Mr. DeBartolomeis.

2 A. Yes, sir, that is my signature.

2 Q. Okay. Leaf through them, will you, so we won't have to walk
2 back and forth and waste everybody's time? Please leaf through.

2 A. I'm trying not to waste time, sir.

2 Q. Good.

945

1 A. I'm trying to be accurate.
2 These are my signatures, sir.
3 Q. So you funded these. You actually signed the funding
4 documents; is that correct?
5 A. Yes, sir. Do you recall the meeting where I said I was
6 called up to Debbie's office?
7 Q. Do you recall the meeting you were called to Debbie's
8 office?
9 THE COURT: wait for a question, all right?
10 BY MR. WEHNER:
11 Q. No, would you please repeat the meeting at Debbie's office?
12 I want the jury to hear everything that you have to say.
13 A. Yes, sir. These documents were prepared, the rapid replies,
14 the 185s were prepared without my direction, without my
15 authority, and arrived in my "in" box without any request from
16 me.
17 I said I wouldn't sign them, and I just let them sit in
18 my "in" box until one day I was called up to Deborah Dean's
19 office with Susan Zagame, and I was directed by Deborah Dean to
20 sign each and every one of these, and I resisted, and I was
2 ultimately told that I was to sign them, and I was ordered to
2 sign them.

6 Q. As opposed to September 19, is that correct?

7 A. Yes, sir, that's the date on the date stamp.

16 Q. With regard to -- let's talk about that generally for a
17 minute before I go through the specific projects. September 19,
18 1986, there were a number of documents signed that were fundings
19 from mod rehab decisions?

20 A. Didn't we just say it was a different date from September
2 19?

2 Q. No. Providence, Rhode Island.
2 A. Okay.
2 Q. I think we refreshed your recollection it was September 16.
2 The remainder, it was my recollection, or I hope your

957

1 recollection ultimately, is that they were September 19.
2 A. Okay.
3 Q. Did you have any discussions with anyone at HUD that you can
4 recall today about any projects for which you signed the funding
5 documents on September 19?
6 A. Before I signed them, I was directed by Deborah Gore Dean to
7 sign them. That's the only conversation I remember having.
8 Q. That's it?
9 A. That's it.

10 Q. You recall no other conversations with any consultants,
11 politicians, other people in the office?
12 A. There is one there, and I think it might be the Trenton, New
13 Jersey, or -- I remember one time talking to Congressman Smith
14 about a problem in New Jersey, and I think it might be the
15 Trenton one, but -- and I'm not sure.
16 Q. Before we go through them, specific projects, do you recall
17 any other conversations with anyone at HUD about the specific
18 projects prior to signing them on September 19?
19 A. No, sir, I do not.
20 Q. You simply recall being directed to sign them?
2 A. Yes, sir, I do.

2 Q. Okay. Do you recall that Worcester, Massachusetts, was
2 funded as a result of a request from Senator Ed Brooke?
2 A. Well, yeah, I do. That's right, I do.
2 Q. Well, he wasn't a senator at that time, was he? Wasn't he a

consultant?

A. He was a consultant.
3 Q. How do you remember that it was funded as a result of
4
Senator Brooke's consultancy?
5 A. It seems to me that there was an issue as related to
6 Worcester, Mass., and units going to some location and going to a
7 different public housing authority, and I believe Worcester,
8 Mass., may have been that one.
9 Q. Did Janet Hale have anything to do with that decision?

10 A. I believe so.
11 Q. In fact, she wanted to see those units funded, did she not?
12 A. I don't know specifically if she wanted to see those units

19 Q. Do you recall that she wanted them to be funded?

20 A. Not particularly, sir. I'll tell you who I do remember

21 talking to.

22 Q. Who?

23 A. Elaine Richardson, from Senator Brooke's office.

24 Q. Did you talk to her about this project?

25 A. I believe we talked not about a project, more specifically

5 Q. And Senator Brooke, that was his, his state?

6 A. So chances, I shouldn't say chances, but -

7 Q. Best recollection?

8 A. Best recollection is that this related to Senator Brooke,

9 and the conversations that I remember having were related around

10 talking to Elaine Richardson, but I think it was to correct a

11 problem that happened or maybe it was a prior promise that, or

12 commitment that Senator Brooke had received from Janet Hale.

13 Q. Well, Elaine Richardson, just so the jury is aware, is a

14 long-time special assistant to Senator Brooke; is that correct?

1 Q. And what was his relationship -- well, I'll ask it this way:

Q. With regard to 200 units to New York, New York, do you recall a meeting with a New York delegation that came down from New York City to try to convince HUD to fund that project?

A. I remember meeting with the delegation from New York. One

961

1 person I remember in particular was Al Naclerio -- not Al
2 Naclerio. Al Naclerio was from the area office or the regional
3 office. And Tony Glideman was the gentleman's name that I
4 specifically remember meeting with, and they were complaining
5 that New York had never received any mod rehab units in a long
6 time, and they wanted to get some.
7 I don't remember it being particularly going out for a
8 project. I just remember just that they wanted some units to go
9 to New York, New York.

10 Q. Do you recall meeting with a delegation from New York to
11 discuss that particular project?

12 A. No, not that particular project, sir.

13 Q. Now we've already identified who Joseph Strauss was. Do you
14 recall that he was the consultant on the Trenton, New Jersey
15 project for 100 units?

16 A. I believe I do.

17 Q. Do you recall having any conversations with Joseph Strauss
18 before those were funded?

19 A. I remember him being in a meeting with I think it was
20 Congressman Chris Smith, and we had a meeting in the department.
2 There was a complaint about a project and that Congressman Smith

2 said that he'd really like to see Trenton funded.

2 Q. And Joe Strauss was a part of that meeting as a consultant?

2 A. Yes, sir, he was.

2 Q. And this meeting took place before the funding?

962

1 A. Yes, sir.

2 Q. And you were present for the meeting?

3 A. Yes, sir, I do recall that.

4 Q. Atlantic City, New Jersey, 31 units, do you recall that
5 Dubois Gilliam requested that funding be done?

6 A. No, sir.

7 Q. Puerto Rico, 90 units, do you recall that Joseph Strauss was
8 the consultant on that project?

9 A. No, sir.

10 Q. Do you recall any conversations with Joseph Strauss before

11 that was funded?

12 A. No, sir.

13 Q. Do you know who Fred Bush is?

14 A. Yes, sir.

15 Q. Have you ever met him?

16 A. Yes, sir.

17 Q. Have you ever talked to him?

18 A. Yes, sir.

19 Q. Had conversations with him?

20 A. Yes, sir.

2 Q. How about before September of 1986? Did you know him?

2 A. I may have, sir.

2 Q. Did you have conversations with him?

2 A. Yes, sir.

2 Q. Isn't it true that Ponce, Puerto Rico, was funded as a

963

1 result of a request of Fred Bush?

2 A. No, sir, I don't know that to be the case. My one time that
3 I really remember meeting Fred Bush was in a dinner, just a group
4 of people getting together. I remember being there with Hunter
5 Cushing, and I remember meeting Fred Bush. I don't remember
6 talking to him about that project, sir.

7 Q. Do you know who Al D'Amato is?

8 A. Yes, sir.

9 Q. He's a senator from New York, is he not?

10 A. Yes, sir.

11 Q. Do you recall that the Puerto Rico HFC 80-unit project was
12 funded as a result of a request from Senator D'Amato, from New
13 York?

14 A. No, sir, I don't.

15 Q. Did you ever have any conversations from anyone on his staff

17 A. I do not recall any conversations with his staff or him.

18 Q. Regarding the West Virginia projects, do you recall that
19 those were funded as a result of a request from Senators Byrd and
20 Rockefeller to fund those units in West Virginia?

2 A. No, sir.

2 Q. Are you aware that the program in Columbia, South Carolina, was funded as a result of a request from him?

4 A. No, sir.

12 BY MR. WEHNER:
13 Q. I didn't suggest you signed the document.
14 Who's Jim Nistler?
15 A. He was the deputy assistant secretary for single-family
16 housing programs and mortgagee activities.
17 Q. Did he work for you?
18 A. Yes, sir.
19 Q. Okay. And on occasion he would sign for you; is that
20 correct?
2 A. He would sign off on documents when I was not there if he
2 was the next in line of succession.
2 Q. So the answer is yes?
2 A. When you say "for me," the way I see it is I'm calling him
2 up and saying, "Sign this for me," and that was not the case. He

967

1 signed it in my absence when he had the authority to sign it, not
2 myself.
3 Q. Okay. Do you recall that 300 units were sent to
4 Jacksonville Housing Authority as a result of a request from
5 Senator Paula Hawkins?
6 A. No, sir.
7 Q. Well, we'll skip some of these, because I think it's fair to
8 suggest that your testimony would be that you didn't know too
9 much about a number of these. I'll move to a couple of others
10 specifically.
11 what about Tulsa, Oklahoma? Now the 202 units to
12 Tulsa, Oklahoma, do you recall that the developers on those units
13 were Mr. Abrams, Mr. Winn, and Mr. Queenan?
14 A. I knew that after this date, sir, not before this date.
15 Q. Now this is the same Mr. Winn that you were friends with
16 before you came to Washington and you went to work for after you
17 left HUD?
18 A. Yes, sir.
19 Q. And your testimony is that you weren't aware of that at the
20 time these decisions were made?
2 A. I was not aware of his advocacy for these projects -
2 programs at the time of this. I do not recall discussing with
2 them -
2 Q. Didn't you plead guilty as a result of some of your dealings
2 with Mr. Winn?

968

1 A. Yes, sir.
2 Q. And part of that dealt with the fact that he loaned you some
3 money when you were at HUD, didn't it?
4 A. He was responsible for me obtaining an unsecured loan that I
5 later paid off, yes, sir.
6 Q. Well, but you pled guilty to criminal offenses for your
7 dealings with Mr. Winn, didn't you?
8 A. That's right, sir.
9 Q. And that's the same, just so there's no misunderstanding,
10 that's the same Mr. Winn that these units are being funded for;
11 isn't that correct?
12 A. Yes, sir.
13 Q. What about Oklahoma, 161 units? That's another Mr. Winn
14 project, isn't it, along with Mr. Abrams and Mr. Queenan?
15 A. I'm not sure. Is that, do you have the name of that project
16 that was ultimately funded under that?
17 Q. Rolling Green.
18 A. Then the answer is yes, sir.
19 Q. And that's another project that was funded by or for Winn,
20 Abrams, and Queenan, correct?
2 A. Yes, sir.
2 Q. That's the same Mr. Winn that you pled guilty to criminal
2 activity with when you were at HUD; isn't that correct?
2 A. Yes, sir.
2 Q. Now Cameron County, Texas, do you recall that that was at a

1 request of the white House?
2 A. No, sir.
3 Q. Omaha, Nebraska, do you recall that that was as a result of
4 a request from Senator David Carnes?
5 A. No, sir.
6 Q. Now did you have meetings with Ms. Dean about any of these
7 projects before they were funded, any of the September '86
8 projects? Make it cumulative.
9 A. The ones that I signed I discussed with her. I don't think
10 it was in person. I believe it was over the phone. The
11 others --
12 Q. I'm sorry, say that again. I didn't hear it.
13 A. The ones that I signed I remember discussing with her, I
14 believe it was over the phone. I don't believe it was in person.
15 Q. Okay.
16 A. The ones that I did not sign, I don't remember having any
17 discussions with her on those.
18 Q. Okay. Was that because you weren't present when those were
19 signed by your assistant?
20 A. I believe so.
2 Q. Do you recall that September 1986 was getting very close to
2 an election?
2 A. I remember that as being a time when --it was the end of
2 the fiscal year. It's also the time that Tom Demery was coming
2 in as the new assistant secretary. I think he had been named,

970

1 but I don't think he had yet been confirmed.
2 Q. So you were on your way out; is that right?
3 A. Basically, yes.
4 Q. And you were headed back to Colorado with Mr. Winn; is that
5 right?
6 A. Basically, yes.
7 Q. Now --
8 A. I don't think I had actually made a decision at this time,
9 but I was thinking that since Tom Demery had been made the

10 assistant secretary and I had been vying for that position, it
11 was time for me to get out of there and let him run his show.
12 Q. So you were going to work for Mr. Winn in September of 1986?
13 A. No, sir.
14 Q. When did you go to work for him?
15 A. December of 1986.
16 Q. And this was the time in September of '86 that Mr. Demery
17 was coming in?
18 A. Yes, sir.

3

i

i 19 Q. What did you do between September and December?
3

20 A. Finished out helping, finished out, left the department. I
2 helped Tom Demery get through the first few weeks of his

2 activities in the department, finished up a couple things that I
2 was working on, like the single-family mortgagee letter,
2 finishing up the task force there. I was basically looking for
2 another place to go.

971

1 Q. And that other place to go was with Mr. Winn in Oklahoma?
2 A. Yes. Not in Oklahoma, sir. It was ultimately in Denver,
3 Colorado.
4 I need to correct myself. I didn't go to work for Phil
5 Winn in December of 1986. I started in January of 1987, just for
6 purposes of clarification.
7 Q. Now it's true, is it not, that you funded 161 units to
8 Oklahoma without the permission or the advance knowledge of the
9 office of the secretary of HUD? Isn't that true? And that you

10 did that for Phil Winn?
11 A. No, sir.
12 Q. You, your testimony is that the office of the secretary
13 ordered you to fund that project?
14 A. I don't believe I signed off on that document, sir.
15 Q. When you became aware that the project was being funded,

allbinders as word for experiment.txt
16 wasn't it as a result of your suggestion and your action that
17 that project was put on the list?
18 A. I don't recall that, sir.
19 Q. Do you include that in any of the projects or in all of the
20 projects that were funded by the office of the secretary?
2 A. Could you repeat that question again?

2 Q. Didn't you include that in projects that were funded at the
2 direction of the office of the secretary?
2 A. Yes, sir.

16 Q. My question is did you add a 161-unit project for

17 Mr. Winn --
18 A. No, sir.
19 Q. --to the funding round in September 1986?
20 A. No, sir.
21 Q. Do you know what involvement, if any, Susan Zagame had in
22 that funding round?
23 A. No, sir.

24 Q. Do you have any knowledge of what Deborah Dean's role was in
25 that funding round?

973

1 A. No, sir. This round here that we're talking about, the ones
2 that I didn't sign?

3 Q. The ones for which Mr. Winn, who you went to work for in
4 three months, received 161 units.

5 A. Okay. There were, I think there were two projects that
6 we're talking about that ultimately received funding. One was, I
7 believe, when I was there signing it, and there was another one
8 when I was not there signing it, so I remember Debbie Dean
9 directing me to sign the one that I signed, and I don't remember
10 Debbie Dean directing anyone to sign ones that I didn't sign.

2 Q. Did you cause the funding of those 161 units to Mr. Winn?

2 A. No, sir.

974

1 Q. Isn't it true, sir, that that project was not discussed,
2 thought of, considered, or recommended by Deborah Dean or
3 Secretary Pierce or Susan Zagame or anyone else that was involved
4 in that project and that you simply added it to the list?

5 A. No, sir.

6 Q. Now there are computer printouts generated after decisions
7 are made for funding, are there not?

8 A. Yes, sir.

9 Q. And these computer printouts have a list of the funding

10 decisions that are made, don't they?

11 A. Yes, sir.

12 Q. Okay. Do you have any recollection of a computer printout
13 that resulted from the funding round of that September 1986
14 meeting?

15 A. No, sir.

16 Q. I'm going to show you again Exhibit 124 and ask you if that
17 refreshes your recollection about the computer printout that came
18 about as a result of the September fundings.

19 A. I don't recall changing this. I don't recall generating
20 this in the first place.

2 Q. I believe you recalled you didn't have anything to do with

2 that funding round.
2 A. Right.
2 Q. Much less generating this computer --
2 A. Right. So what are you asking then?

975

1 Q. The question is do you have any recollection of the computer
2 printout that resulted from the September funding round?
3 A. No, sir.
4 Q. And seeing the exhibit I just showed you, does that refresh
5 your recollection?
6 A. Not really. I didn't generate it, and I didn't change it or
7 write it or anything.
8 Q. All right. Did you make any changes at all to the decisions
9 that were made as a result of -- let me put it this way: Did you

10 make any changes at all to the list that was generated from the
11 computer for the September 1986 fundings?
12 A. No, sir.
13 Q. After you left HUD, Mr. DeBartolomeis, you were forbidden by
14 statute from dealing with the same matters you dealt with during
15 your last year at HUD; isn't that correct? You couldn't go back
16 to HUD for one year and deal with mod rehab allocations; isn't
17 that right?
18 A. Yes, sir.
19 Q. And did you do that? Did you go back to HUD and --
20 A. Deal on any projects?
2 Q. -- deal on any projects?

2 A. No, sir.
2 Q. Did you suggest that anybody else do that on your behalf?
2 A. I don't think I had anyone else do that on my behalf, no,
2 sir.

976

1 Q. Did you suggest that anyone else do that on your behalf?
2 A. I did not suggest that anyone else do that on my behalf, no,
3 sir.
4 Q. Do you know if any member of your family ever did it on your
5 behalf?
6 A. My mother, I remember, called Deborah Dean at the request of
7 Al Cardenas, who called me. I told him I couldn't do that. I
8 actually had him come out to meet with Phil Winn. Phil Winn said
9 that they were going to do whatever they could on their own, told
10 Al Cardenas that they couldn't do anything.
11 Because of my mother's relationship with Deborah Dean,
12 I suggested that she on her own contact Deborah Dean.
13 Q. You suggested that your own mother contact Deborah Dean
14 about mod rehab units?
15 A. Yes, I did.
16 Q. During the first year when you had just left HUD?
17 A. Yes, sir.
18 Q. That was really because you felt like you couldn't do it
19 directly; isn't that right?
20 A. That was specifically because I could not do it directly.
2 Q. Did you ever know if Phil Winn, the person you were working

allbinders as word for experiment.txt
2 for after you left HUD, came back to the department and requested
2 mod rehab units?
2 A. Would you restate that question?
2 Q. Are you aware that Phil Winn came back to HUD during the

first year after you left HUD and requested mod rehab units?

2 A. Yes, I do know that he did.
3 Q. And are you aware that he requested some on your behalf?
4 A. No, sir, I'm not.
5 Q. For you?
6 A. No, sir.
7 Q. When are you going to be sentenced?
8 A. Soon.
9 Q. When?
10 A. I don't know the exact date. It's sometime in October.
11 Q. Scheduled for sometime within the next month, is it not?
12 A. Yes, sir.
13 Q. And at that point in time, the office of the Independent
14 Counsel is going to stand up and tell the judge in your case
15 whether or not you cooperated with them; isn't that right?
16 A. I believe they will.
17 Q. And -
well, that's part of the agreement; isn't that right?
18 A. My part of the agreement was to cooperate.
19 Q. Yeah. What's their part of the agreement?
20 A. Their part of the agreement -
2 Q. Describe your cooperation, right?
2 A. I assume that that's part of the deal.
2 Q. And stand up in front of the Court and tell the Judge in
2 your • sentencing whether you cooperated in their investigation,
2 isn't that right?

978

1 A. I guess that's part of the deal.
2 Q. Well, of course it's part of the deal. You don't want to go
3 to jail, do you?
4 A. No, sir.
5 Q. And part of the deal to stay out of jail is to help the
6 Office of Independent Counsel, isn't it?
7 A. The major part of the deal is to make sure that I tell the
8 truth.
9 Q. But who determines whether you tell the truth?

10 A. I guess the jury and the judge decide who tells the truth.
11 Q. Isn't it true that the Independent Counsel is going to stand
12 up and say, "Judge, he was very truthful," or, "Judge, he wasn't
13 very truthful"? This jury isn't going to be at your sentencing,
14 fortunately.
15 MR. O'NEILL: Objection, Your Honor. That's really
16 uncalled for.
17 THE COURT: It is. Ladies and Gentlemen, ignore that
18 remark. It was a facetious remark. It has no evidentiary value.
19 BY MR. WEHNER:
20 Q. Isn't it true that the Independent Counsel is going to stand
2 up at your sentencing, and you hope they're going to say that you

2 told the truth?
2 A. I do believe that that is the case.

2 Q. And that's your desire, isn't it?
2 A. Yes, sir, it is.

979

1 Q. And you want to help them by being, quote, as cooperative as
2 you possibly can; isn't that right?
3 A. Yes, sir
4 MR. WEHNER: I have nothing further.
5 THE COURT: All right, we'll take our afternoon break,
6 Ladies and Gentlemen, 15 minutes. Be back at that time.
7 Remember the admonition of the Court. Do not talk

3 REDIRECT EXAMINATION

4 BY MR. O'NEILL:

5 Q. Mr. DeBartolomeis, you were asked questions on cross
6 examination by Mr. Wehner about the Arama project, and you
7 stated, I believe, that you talked with Ms. Dean about the Arama
8 project.

9 A. Yes, sir.

10 Q. Do you remember what you said to Ms. Dean about the Arama
11 project?

12 A. My recollection was more as it related to rent increases on,
13 on the Arama project.

14 Q. And what, if anything, did you say concerning those rent
15 increases?

16 A. There was problems in getting staff approval on getting a
17 rent increase, and she indicated that I should go back and work
18 with the staff until I got information. I came back basically
19 with an affirmative response.

20 Q. Did she ever mention to you that John Mitchell or Louie Nunn
2 were consultants on that project?

2 A. I believe she mentioned that Mr. Mitchell was involved.

2 Q. Mr. DeBartolomeis, you also mentioned on cross examination,
2 when questioned, about the number of units dropped considerably
2 during the mid-1980s, the number of mod rehab units available and

981

1 the funding. what I would ask is when the number of units
2 dropped, did the competition to get those units increase?

3 A. I believe it did.

4 Q. And what do you mean?

5 A. There were always a certain number of people that are out
6 there looking for, for units, and when there are fewer units, the
7 same number of people are out there looking for them.

8 In addition, programs had been disbanded that dealt
9 with a substantial rehabilitation or new construction of Section

10 8 programs. That had been done away with, and I believe there
11 were reductions in other programs, too, that made these basically
12 the only game in town, if you will, as it related to Section 8
13 subsidized housing.

14 Q. Mr. DeBartolomeis, you mentioned a meeting with two
15 congressmen who had complained. They were out of Buffalo, and I
16 believe you said their names were LaFalce and Nowack.

17 A. Yes, sir, I did.

18 Q. Where did this meeting take place?

19 A. In a congressman's office. I don't remember if it was
20 Congressman LaFalce or Congressman Nowack.

2 Q. Prior to going to this meeting, did you talk with any of

2 your colleagues at HUD?

2 A. Yes, sir, I did.

2 Q. Who did you speak with?

2 A. There was a person from Congressional relations, and I

982

1 believe his first name was Kevin. I don't remember his exact,
2 his last name, but he was the liaison officer dealing with
3 Congressmen LaFalce and Nowack. And then also Deborah Dean.

allbinders as word for experiment.txt

4 Q. Now you mentioned after the meeting, there came a point in
5 time when you wrote a memo; is that correct?

6 A. Yes, sir, it is.

7 Q. Now did you deliberately misrepresent what was happening
8 with the Mod Rehab Program in that memo?

9 A. As a result of the memo, we gave the wrong impression that,

10 in fact, the program was being done in an appropriate manner. I
11 don't remember the exact language. I can point it out to you in
12 the letter. But basically it said we felt that the program was
13 being run properly and that there were no problems.

14 Q. Oh. Was that true?

15 A. No, sir.

16 Q. Now you mentioned that after the meeting, you spoke with the
17 defendant, and she suggested certain changes that she wanted to
18 make to the memo.

2

I 19 A. There were certain changes that she had made, yes, sir.

2

3

20 Q. Do you recall what those changes were?

2 A. One of the changes was that the staff recommendation that

2 came up on the notice that was to go out to the field, staff
2 recommendation came up and said regardless of whether a public
2 housing authority -- and I'm kind of paraphrasing here -- but
2 regardless of, one, whether a public housing authority had gone

983

1 through the notice of funding availability process prior to
2 selection, prior to receipt of the funds, that if new funds came
3 out, all projects would have to go up for new competition, and
4 that was struck.

5 There was another aspect that dealt with a prohibition
6 against a dry NOFA, which was a NOFA, notice of funding
7 availability, subject to the availability of funds, sort of an
8 oxymoron, but what basically it means is that a public housing
9 authority could advertise for units in anticipation that they
10 would receive units so that they could develop a pipeline of, of
11 projects so, you know, A Housing Company and B Housing Company
12 and C Housing Company were ranked 1, 2, and 3.

13 That document could then be sent in to HUD to show that
14 they had a pipeline of projects that were ready, willing, and
15 able to be developed, and what ultimately happened as a result of
16 that was that when it came in, you could see with the
17 consultants, you would say, "If you'd pick, you'll know that the
18 funds would go to my project, because you'd see we've already
19 done this dry NOFA, and I'm No. 1 on the list, and so you'll help
20 me."

2 Q. This jury already heard evidence that a pipeline existed in
2 Miami. Is that what you're talking about?

2 A. Yes.

2 Q. Now, Mr. DeBartolomeis, on another topic, you mentioned
2 career employees, that term during cross examination. When you

984

1 say career employees, what are you referring to?
2 A. I'm referring to a professional government employee that,
3 that is not subject to what administration is in. I'm saying a
4 person that works in the department is under the rules and
5 requirements of the department but not a Schedule C, so it would
6 not be a political person. For example, I was a political
7 person.
8 Q. You were a political person.
9 A. Yes, sir.

10 Q. Again, could you describe what a Schedule C means?
11 A. Schedule C is, it's an Office of Personnel Management
12 designation that deals with people that are politically appointed
13 and serve at the pleasure of the President.
14 Q. Now, Mr. DeBartolomeis, you were asked questions by
15 Mr. Wehner about testimony that may have been prepared for you in
16 anticipation of you testifying up on Capitol Hill. Do you recall
17 those questions?
18 A. Yes, sir, I do.
19 Q. Now why were you called up to Capitol Hill?
20 A. I -- in terms of the testimony, I never actually did get
2 called up to the Hill to testify, but the reason my name was
2 selected was because they originally wanted Secretary Pierce to
2 go and to, to testify, and so he basically tossed that hot potato
2 to me.
2 Q. Now you said you didn't testify. Was there a reason why you

985

1 didn't testify?
2 A. I don't recall why. It wasn't that I declined to testify.
3 There may have been some discussions that ultimately found no
4 need for testimony, but I was not involved in that.
5 Q. Now you stated the testimony that you were going to give was
6 part of a coverup.
7 A. That's my personal view of it, yes, sir.
8 Q. Now there were some questions asked about everybody knowing
9 about the, the way the Mod Rehab Program was working. Why did
10 you think it necessary to engage in a coverup if everyone knew
11 what was going on?
12 A. Well, maybe people in the department knew or the insiders
13 knew about what was going on, but it was something that, quite
14 frankly, hadn't been on the front page of the Washington Post.
15 and my feeling was that if it ever made it, there would be a lot
16 of problems for a lot of people, and it turns out that ultimately
17 when it did make the front page of the Washington Post, that
18 there today are a lot of problems for a lot of people.
19 Q. Were your actions designed to cover up what was going on to
20 the American people?
2 A. Yes.
2 Q. And did you plead guilty to this as one of the counts you've
2 pled guilty to?
2 A. Yes, sir, I did.
2 Q. Also during cross examination, it was mentioned that you've

986

1 had specific meetings with Secretary Pierce. Approximately how
2 many specific meetings did you have with Secretary Pierce?

3 A. I was there six years. Under ten meetings with Secretary
4 Pierce, individual meetings.

5 Q. There was also testimony about these Tuesday morning staff
6 meetings. Do you recall that?

7 A. Yes, sir, I do.

8 Q. How did these meetings operate? Who ran the meetings?

9 A. Usually for the secretary's meetings on Tuesday, the

10 secretary would, would be there, and he would, he would lead the
11 meeting through a topic of conversation. If he wasn't there,
12 then the under secretary there or the general counsel did it or
13 whatever.

14 His travel schedule was very, very heavy, and there
15 were a lot of days on his staff meeting that he would not be
16 there.

17 Q. Now there was some talk as to when the defendant, Deborah
18 Gore Dean, began her position as executive assistant, and I

I 19 believe you looked at a document, at first you thought it was a
8

20 May date, a "5," but then it looked like a "6."

2 A. Yes.

2 Q. Between the time that Ms. Dean was the, in the executive
2 secretariat position and then became executive assistant, did she
2 hold any other positions at HUD?

2 A. I believe she was special assistant to the secretary for a

while.

2 Q. Okay. Let me show you Government's Exhibit 256, which has
3 already been marked and placed into evidence, and I'd just ask
4 you if this document refreshes your recollection as to what
5 position she held for a period of time?

6 A. Yes, sir, it does.

7 Q. And what was that position?

8 A. Special assistant to the secretary and then later executive
9 assistant to the secretary.

10 Q. And what would the special assistant to the secretary do?
11 What were the duties and responsibilities of that office?

s

12 A. It really would depend on the individual. Basically
13 whatever the secretary wanted you to do or whatever you were able
14 to convince the secretary you should be doing.

15 Q. During cross examination, you were asked questions about a
16 project called Baltimore Uplift. Do you recall that?

17 A. Yes, sir, I do.

18 Q. And you were asked as to whether you knew individuals like a
19 person by the name of Bob Tuttle and a Lynn Nofziger were
20 involved in that project.

21 A. Yes, sir.

22 Q. Were you aware that anybody else was involved in that
23 project, any other --
24 A. Another lady's name that I remembered was Helene Van Damm.
25 Q. who was she?

1 A. She was the former secretary to President Reagan.
2 Q. Any other names?
3 A. I believe Jim Lomenick was involved in that.
4 Q. And who's Jim Lomenick?
5 A. A housing consultant.
6 And he had talked to Janice Golec on that, I believe,
7 too.
8 Q. How did you learn that these people were involved in the
9 project? /''''

10 A. Well, initially Janice asked me if I could talk to Jim
11 Lomenick, who Janice Golec was a special assistant to the
12 secretary, also. She was dating him, and I don't know how the
13 conversation got around to mod rehab or whatever, but she had
14 asked if I could talk to him about, about the Mod Rehab Program,
15 and I agreed to do so.
16 Q. Baltimore Uplift, how long was that project at HUD in
17 various stages?
18 A. Boy, that, that project had legs, let me tell you. It just
19 went on and on and on for a long time. I would say several
20 years.
2 Q. Now after Baltimore uplift was initially funded, did you

2 have any additional involvement in the project?
2 A. I believe I did. I testified earlier that I think that
2 there may have been rent issues resolving around that, and I
2 think ultimately additional Section 8 certificates were being

PENGAO CO . BAYONNE. NJ 07002- LASER B13NDA

1 made available so that when the project was being renovated,
2 people that were currently living in those units would have
3 Section 8 existing certificates in terms of a subsidy to go to.
4 So if they were living in this unit and the owners were
5 going to renovate that unit, when these people moved, they were
6 able to get benefits through the Section 8 program which would
7 enable them to find subsidized housing basically wherever they
8 wanted.
9 Q. Mr. DeBartolomeis, you were asked questions about an

10 individual by the name of James watt.
11 A. Yes, sir.
12 Q. And I believe you said he was the former secretary of the
13 interior, I believe?
14 A. Yes, sir.
15 Q. Okay. During cross examination, you stated you essentially
16 gave James watt a Mod Rehab 101.
17 A. Yes, sir.
18 Q. What were you referring to by that?
19 A. Basically I was explaining to him the way the program worked
20 in terms of funding, telling him that you worked with the public
2 housing authority, and HUD would, if you would get a letter from
2 the housing authority that would request a specific number of
2 units and that you were able to get some additional support

allbinders as word for experiment.txt
2 generated for those units, like getting a congressman to write in
2 or senator or a mayor, for that matter, or a city council,

1 saying, "Gee, this is a great thing for you to have support for
2 this project," or this program that they're funding, and then if
3 you got it in and knowing that he knew who he knew, since he came
4 from Secretary Pierce's office down, I felt that he had the
5 necessary wherewithal to secure funding for this.
6 Q. Based on your observation, did James Watt have any knowledge
7 whatsoever of the Mod Rehab Program at that time?
8 A. No, sir. I think that his level of education on that was
9 nil prior to my discussions with him.

10 Q. Now, Mr. DeBartolomeis, an individual by the name of Andrew
11 Sankin was mentioned in cross examination.
12 A. Yes, sir.
13 Q. Who is Andrew Sankin?
14 A. Andrew Sankin is a housing consultant.
15 Q. And how do you know Andrew Sankin?
16 A. Originally in growing up in Rehoboth Beach, Delaware, I knew

BONOA

GAD CO. 1

IT

© . 18 of the kids that we grew up around, and his older brother went to

Z

1< 19 the University of Denver, and I went to the University of Denver,

20 and I sort of met him through his older brother.

1
2 subsequently when I moved from Colorado here, I saw him
2 again, and he later became a housing consultant.
2 Q. Did you ever direct or steer the awarding of any mod rehab
• 2 units to Andrew Sankin?
2 A. No, sir, I did not. Andy had asked on several occasions.

991

1 I, quite frankly, was surprised to see Andy become a housing
2 consultant, knowing that, you know, his father had done a number
3 of multi-family projects here in the Washington, D.C. area, but
4 Andy hadn't, and I was really surprised to see Andy become
5 involved in housing.
6 And so he started doing things like management of his
7 father's condominium project or whatever and originally came to
8 the department and asked me for mod rehab funding, and I said,
9 "No way. You're a friend of mine, and I'm not going to do that,

10 and I'm going to protect you by not doing this for you, and
11 you're going to protect me by not asking me for this, so forget
12 it. "

13 And he ultimately -

I said, "I can't make any
14 decisions on your behalf."

15 At that time, I believe I was dating Debbie Dean, and
16 he met Debbie Dean and later on developed a friendship with
17 Debbie Dean, and ultimately his funding came via Deborah Dean.

18 Q. How did he meet Deborah Dean?

19 A. Through me.

20 Q. Now, Mr. DeBartolomeis, you were asked a number of questions
2 about a funding round that occurred on May 22, 1986, and I
2 believe that was one in which Mr. Wehner showed you a number of
2 funding documents. Do you recall that?

2 A. I believe that was the one that was signed while I was out
2 of town.

992

1 Q. Was your name on any of those funding documents?

2 A. No, sir, it was not.

3 Q. And do you recall whose name --

4 MR. WEHNER: Objection, Judge. That's a
5 mischaracterization.

6 THE COURT: It was his signature as opposed to his
7 name.

8 BY MR. O'NEILL:

9 Q. Did you sign off on any of those documents?

10 A. No, sir, I never signed off on any of those documents.

11 Q. So the record is clear, was your name on those documents in
12 a preprinted manner?

13 A. Oh, absolutely. The name was always there, because I was
14 the person that was in that position as the general deputy
15 assistant secretary for housing/deputy federal housing
16 commissioner, because there was no assistant secretaries.

17 Q. Now Mr. Wehner asked you a number of questions about your
18 discussions with Mr. Phil Winn in or around 1986.

19 A. Yes, sir.

20 Q. And you stated that you did not discuss specific projects
2 with him.

2 A. No, sir.

2 Q. Did you have any general discussions with Mr. Winn about the
2 mod rehab process while you were a HUD employee?

2 A. Well, yeah, because he had a Mod Rehab Project that had been

993

1 funded, and he had trouble with it and ultimately got a rent
2 increase on a project in Indian Springs, Oklahoma, and so I had
3 worked on it at a lower staff level, you know, on the project at
4 that time.

5 It apparently was being built close to a golf course,
6 and the people in the locale didn't want the project to proceed.
7 They didn't want public housing-next to their golf course and got
8 their congressmen and senator involved, and they were writing a
9 bunch of bad letters about the project, and the director of the
10 Oklahoma Housing Finance Agency couldn't get taxes and financing,
11 because someone had gotten to them politically and said they

12 wouldn't do it.

13 So Phil Winn came into the department and asked for a
14 rent increase based on the fact that he couldn't get, couldn't
15 get taxes and financing and couldn't make the project work as a
16 result of that.

17 Q. And did you have a conversation with Mr. Winn about how the
18 mod rehab funding process was working in or around 1986?

19 A. I think I had general discussions with him and basically
20 told him that I was not in the loop in the decision-making
2 process of funding.

2 Q. Now did you, in fact, join employment with Mr. Winn after
2 you left HUD?

2 A. Yes. After I left the department in December, I made it out
2 to, out to Denver by January to work with him. I developed my

994

1 own consulting company, and my only two clients were Philip D.
2 Winn & Associates and Philips Development. Philip D. Winn &
3 Associates was owned by Phil Winn, and Philips Development
4 Corporation was half-owned by Phil Winn and Phil Abrams.

5 Q. And how long did you work with Mr. Winn and Mr. Abrams?

6 A. About a year and a half, somewhere in that range.

7 Q. Now, Mr. DeBartolomeis, you talked about being ordered to
8 sign certain funding documents on September 5, 1986.

9 A. Yes, sir.

10 Q. And then later you stated you did sign some funding

11 documents on September 19, 1986.

12 A. Yes, sir.

13 Q. Why did you sign the documents on that date?

14 A. On the 19th? Those were funds that I was ordered to sign by

15 Deborah Dean.

16 MR. O'NEILL: One second.

17 Excuse me, Mr. DeBartolomeis.

18 THE WITNESS: Actually, it wasn't the 19th. It had to

19 be the earlier date, because that was Part 2.

20 BY MR. O'NEILL:

2 Q. Well, let me direct your attention, during your cross
2 examination, you testified as to signing documents on September
2 16, 1986.

2 A. Yes, sir.

allbinders as word for experiment.txt
2 Q. Do you recall signing a document on that date?

995

1 A. Yes, sir.

2 Q. And why did you sign a document on that date?

3 A. Because I was directed to sign the documents by Deborah
4 Dean.

5 Q. Now during cross examination, you were also shown a number
6 of documents signed by a Mr. Jim Nistler, or James Nistler.

7 A. Yes, sir.

8 Q. And they were for September 19, 1986?

9 A. Yes, sir.

10 Q. Do you know why Mr. Nistler signed the funding documents for

11 you?

12 A. He told me that he was ordered to sign them by Deborah Dean.

13 Q. Where were you on that date, September 19, 1986?

14 A. I'm not 100 percent sure. I think I might have been in

15 Colorado.

16 Q. Now there was some mention of 161 units to Colorado.

17 A. No, I think the 161 is Oklahoma HFA.

18 Q. Excuse me. On this chart right here, did you sign any

19 funding document on September 19, 1986, for 161 units to
20 Oklahoma?

2 A. No, sir.

2 Q. Do you know who did sign that?

2 A. I think Jim Nistler signed that.

2 Q. And you were asked questions concerning your cooperation

2 agreement. You've pled guilty to three criminal charges; is that

996

correct?

2 A. Yes, sir.

3 Q. And you've entered into a cooperation agreement with the
4 government of the United States?

5 A. Yes, sir, I have.

6 Q. And what does that cooperation agreement call for you to do?

7 A. I have to tell the truth.

8 Q. What if you don't?

9 A. I will go to jail.

10 MR. O'NEILL: I have no further questions, Your Honor.

11 THE COURT: All right.

12 MR. WEHNER: Very briefly, Your Honor?

13 THE COURT: You've got some new area that he went into?

14 MR. WEHNER: Yes, sir.

15 THE COURT: Let me hear it. Go ahead, let me see where

16 you're going.

17 RECROSS EXAMINATION

18 BY MR. WEHNER:

19 Q. Your cooperation agreement is that you have to tell the
20 truth or you will go to jail, correct?

21 A. Well, that's right.

22 Q. Your conversation with James Watt regarding Mod Rehab 101
23 took place in 1986; is that correct?

24 A. Yes, it is.

25 Q. And he didn't know anything about the mod rehab process, did

997

he?

2 A. He had a very limited knowledge of that.

3 Q. Isn't it true that he'd been involved in funding a project
4 in Puerto Rico in 1984?

5 A. I don't know that.

6 MR. O'NEILL: Objection, Your Honor. Beyond the scope.

7 THE COURT: All right, I'll allow it.

8 MR. WEHNER: Nothing further, Your Honor.

9 THE COURT: All right.

10 All right, you can step down. Thank you.

11 THE WITNESS: Thank you, sir.

12 (Witness excused.)

13 THE COURT: Let me see who you've got next, all right?

14 why don't you come up.

15 (Bench conference on the record.)

16 THE COURT: Do you have a shorter witness in time?

17 MS. SWEENEY: We don't have a 10-minute witness, Your

18 Honor. I expect that my direct of the next witness, Mr. Rubi,

19 would be about 20 to 30 minutes.

20 MR. O'NEILL: There's no way Steve will get to cross.

21 Do you want to just do it tomorrow?

22 MR. WEHNER: I'm tired, Judge.

23 MR. O'NEILL: I bet.

24 MR. WEHNER: And I need to refrain, and I refrain

25 better when I'm rested.

998

1 THE COURT: You can read all the Gialio materials you
2 want to read.

3 All right then, if he can come back tomorrow without
4 any inconvenience? You may have to reschedule the governor.

5 MR. O'NEILL: Judge, let me put on the record what

6 we're doing with that. I've scheduled him for Friday morning,

7 and I think Friday morning is fine. The only problem I have is

8 last Friday morning, we went quick. I expect that Steve will be

9 some time on him. So because it's a Friday and a Jewish holiday

10 with a couple of our witnesses, he would probably be our only

11 witness for Friday morning.

12 THE COURT: No problem.

13 MR. O'NEILL: I don't think that's a problem.

14 MR. WEHNER: I'm sure I could finish him on Friday

15 morning without any problem.

16 MR. O'NEILL: Thanks, Judge.

17 THE COURT: Mr. Martinez called chambers and wished to

18 speak with me, and I did not speak with him. He wanted to know

19 if I'd acted upon his letter he had written, and I instructed my

3

20 secretary to tell him to talk to his lawyer and have him contact
2 you all and see what's going to happen.

2 MR. WEHNER: Thank you.

2 MR. O'NEILL: Thanks, Judge.

2 THE COURT: Ladies and Gentlemen, I've just talked to

1 counsel about the next witness, who will be not too long perhaps
2 on direct, although quite a while, some time, and then in cross
3 could be longer, so I don't think we can get the next witness in
4 today, and counsel indicated rather than start and break into it,
5 they'd rather start fresh tomorrow. So we'll start tomorrow
6 morning and just recess a few minutes early today.
7 The schedule tomorrow -- are there a couple preliminary
8 matters in the morning? Two short ones?
9 THE CLERK: Yeah, two short ones.

10 THE COURT: Okay. We can do it at 9:30 then. We'll do
11 it at 9:30, as we have been doing each morning then. We'll start

•-

12 as close to 9:30 as possible and have a regular day tomorrow.

•

13 Over the recess again -- you have this memorized by
14 now -- you do not talk about the case, read about it, or talk
15 about it with anyone else, let anybody speak about it in your

5 17 we'll see you back here bright and early tomorrow

1 PROCEEDINGS

2 THE DEPUTY CLERK: Criminal case number

3 92-181. United States versus Deborah Gore Dean.

4 Mr. Robert O'Neill and Paula Sweeney for the Government

5 and Mr. Stephen Wehner for the defendant.

6 MR. O'NEILL: Good morning, Judge.

7 MR. WEHNER: Good morning, Your Honor.

8 THE COURT: Good morning, counsel. Are you

allbinders as word for experiment.txt
9 ready to go? who is up?

10 MR. O'NEILL: Mr. Broussard, Judge. He has to
11 meet a plane, so we're flipfopping him.
12 THE COURT: All right. I didn't bring his
13 papers out.
14 All right. Bring the jury out.
15 I take it the defendant's counsel is ready to
16 go with those Giglio materials. You've looked at
17 those?
18 MR. WEHNER: Yes, sir, thank you.
19 (Jury present).
20 THE COURT: All right.
2 Good morning. Thank you for getting here

2 again bright and early and ready to go.
2 we're ready to resume with the trial this
2 morning. As you all remember we finished with a witness
2 yesterday. so the Government will be calling an new

1005

1 witness this morning. I think he'll be on awhile.

2 MR. O'NEILL: Your Honor, the Government calls

3 Thomas Broussard.

4 THE COURT: All right.

5 Mr. Broussard, if you will come up, please?

6 (THOMAS BROUSSARD, WITNESS FOR GOVERNMENT, SWORN)

7 DIRECT EXAMINATION

8 BY MR. O'NEILL:

9 Q Mr. Broussard, I will be asking you a series of
10 questions. I ask you to speak loudly so that all the
11 jurors can hear you.
12 Could you please state your name for the
13 record, spelling your last name for the Court reporter?
14 A Thomas R. Broussard, B-r-o-u-s-s-a-r-d.
15 Q Mr. Broussard, for the record, are you testifying
16 today pursuant to a grant of use immunity?
17 A Yes, I am.
18 Q And, Mr. Broussard, what is your occupation, sir?
19 A I'm an attorney.
20 Q How long have you been an attorney?
2 A Since 1968.

2 Q And can you briefly describe your occupational
Page 565

2 background to the jury since the time you graduated from
2 law school?
2 A Yes. When I graduated from law school I went to

1006

1 work as an international tax attorney for Exxon
2 Corporation. I worked for them for three years.
3 I then became the general tax counsel for the
4 Atlantic Richfield Company which was in New York at the
5 time. We then moved the offices to Los Angeles. I
6 remained there until 1974.
7 I then became the general counsel and
8 vice-president for Technicolor Corporation. I was there
9 until 1980.

10 At that time I set up my own practice with a
11 partner initially for two years and after that I've been
12 in practice on my own since 1982.

13 Q And what does your private practice of law consist
14 of?

15 A Primarily I work in real estate areas, corporate,
16 general, international law.

17 Q Could you briefly describe your educational
18 background for the ladies and gentlemen of the jury?

19 A Yes, I attended the University of Pennsylvania
20 Wharton School of Finances, graduated with a bachelor's
2 degree, and Harvard Law School.

2 Q Did there come a point in time where you were
2 contacted by an individual named Andrew Sankin?

2 A Yes.

2 Q When did that occur, sir?

1 A Sometime in late 1984 or early 1985.

2 Q At the time you were contacted by Mr. Sankin did

3 you know this person?

4 A No, I had not met him.

5 Q And how were you contacted by Mr. Sankin on this

6 first occasion?

7 A He telephoned me.

8 Q During this telephone call, what if anything was

9 said?

10 MR. WEHNER: Objection. Hearsay. Mr. Sankin
11 is going to testify. He can testify as to what he

allbinders as word for experiment.txt
12 said. I don't think Mr. Broussard should be testifying
13 at this stage as to what Mr. Sankin said.
14 THE COURT: Does this have to do with the
15 conspiracy?
16 MR. WEHNER: Yes.
17 THE COURT: I'll overrule the objection and
18 allow it in at this time, subject to the Government
19 connecting it up to the conspiracy that's alleged.
20 BY MR. O'NEILL:
2 Q I'll just repeat the question to make it easier.

2 what if anything was said during this telephone call?
2 A Mr. Sankin explained to me basically who he was.
2 That he was a young man from Washington, D.C. He lived
2 in that area. He had attended law school.

1008

1 He had been working some time for a former HUD
2 employee who had a consulting office in Washington and
3 he was now out on his own. He was trying to get
4 established as a consultant in the HUD area. He knew a
5 number of the top people at HUD. He was interested in
6 working as a consultant in the Mod Rehab area.
7 That it had been suggested to him that he
8 should team up with someone who had greater experience
9 than he had in HUD matters and that it had been
10 suggested that he might want to work with me.
11 Q Did he mention at that point who had suggested that
12 he work with you?
13 A Yes, Debbie Dean.
14 Q Now, Mr. Broussard, as a result of this telephone
15 conversation, what if anything did you do?

16 A In the course of the conversation I asked him
17 specifically who he knew and so forth and I told him I
18 would get back to him. I then called Debbie Dean at HUD
19 to determine, in fact, whether she had made the
20 suggestion, if she did know Mr. Sankin.
21 Q And what if anything was said when you called
22 Deborah Dean?
23 A She confirmed that she did know Mr. Sankin, that
24 she had suggested that he might want to try to work with
25 me in the Mod Rehab area.

1009

1 Q Now, had you known the defendant Deborah Gore Dean

2 prior to that phone call?

3 A No, I don't believe so. I may have met her once

4 before that in Los Angeles at a luncheon meeting with a

5 lot of other people, but other than that I don't believe

6 I talked to her.

7 Q During this telephone conversation did you ask the

8 defendant about receiving a sum of -- an amount of Mod

9 Rehab units?

10 A I don't recall that we had that specific discussion
11 in that telephone call.

12 Q Did there come a point in time where you did
13 discuss with her about obtaining a certain number of Mod
14 Rehab units?

15 A Yes.

16 Q And when did that occur, approximately?

17 A Sometime between that initial call and June of
18 1985.

19 Q And can you tell the ladies and gentlemen of the
20 jury what if anything occurred in this conversation?

2 A Well, Mr. Sankin had advised me that he was

2 interested in working in the Puerto Rico area because
2 there were some 600 units that had been assigned to an
2 agency in Puerto Rico sometime during the prior fiscal
2 year and those units had been held up. There were

1010

1 problems with them. They had been involved in

2 litigation. They were likely to be recaptured by HUD

3 and were likely to be re-assigned to other agencies in

4 Puerto Rico. So he felt that was a good area to

5 concentrate our efforts because there might be units

6 available.

7 In my conversation with Miss Dean I asked her

8 whether that was a good area to concentrate in. I gave

9 her the reasons for it. She thought it was. I asked if
10 we could find a project that was qualified for all the
11 HUD criteria for approval, an application, the other
12 criteria for approvals, was it likely that we could get
13 approval. She indicated we could.

14 I asked her how many units would possibly be
15 available, were we talking 150 units, 300 units. There
16 were a total of 600 available. And she basically
17 indicated to me an application for approximately 150
18 units, maybe as many as 200 units would be looked upon
19 favorably as long as it met the other HUD criteria.

20 Q At some point in time did you enter into an
2 agreement with Andrew Sankin to work together as

2 consultants?

2 A Yes, we did.

2 Q And was that in writing or was it oral?

2 A No, it was oral.

1011

1 Q Now, having been told by the defendant that you
2 could get approximately 150 units --

3 MR. WEHNER: Objection, Your Honor, both to
4 leading and to the mischaracterization.

5 THE COURT: All right. Rephrase the question.

6 MR. O'NEILL: Yes, Your Honor.

7 BY MR. O'NEILL:

8 Q Having had your conversation with Miss Dean about
9 Mod Rehab units, what if anything did you do next?

10 A I went to see Joe Monticello who was the regional
11 administrator for HUD in New York whose region included
12 Puerto Rico.

13 Q And what if anything did you say to Mr. Monticello?

14 A I explained to Mr. Monticello that I was interested
15 in working as a consultant with developers in the Puerto
16 Rico area who would be seeking to have units assigned to
17 a specific locality in Puerto Rico under the HUD Mod
18 Rehab Program.

19 I asked him if he could give me the names of
20 developers in Puerto Rico who had good track records
21 with HUD, who were established developers, who didn't
22 have any black marks against them, hadn't had any
23 foreclosures, hadn't defaulted on any HUD construction
24 provisions, and so forth, that I might contact.

25 Q You can't tell us what he said to you, but as a

1012

1 result of that conversation what if anything did you do?

2 A As a result of that conversation I contacted a

3 developer in Puerto Rico whose name he had provided me.

4 Q And who was that person?

5 A Well, there were two people actually, Cleofe Rubi

6 and Eduardo Ballori.

7 Q Now, you say two people. What were their

8 relationship to one another?

9 A Well, Eduardo Ballori, I was told at the time
10 Eduardo Ballori and Mr. Rubi were partners. There was a
11 limited partnership that they had. Mr. Ballori was in
12 public relations and had been a Government official in
13 Puerto Rico. He seemed to be well connected with the
14 local officials. And Mr. Rubi was a developer, had
15 owned a construction company, had done other
16 developments with HUD. I think he owned a HUD
17 subsidized housing project at the time.

18 Q What if anything did you say to Mr. Rubi and to
19 Mr. Ballori?

20 A Well, I told them that Mr. Sankin and I were
2 working as consultants in the Mod Rehab area, that I was

2 eager to find an application from an agency in
2 Puerto Rico, that met the HUD criteria, that could be
2 favorably approved by HUD for units, and that I wanted
2 to find a developer who thought he had a good chance at

1013

1 winning those units when they were awarded to the local

2 municipality, who was willing to hire us as

3 consultants.

4 At that time I think my suggestion was that we

5 become partners with them in a development project,

allbinders as word for experiment.txt
6 seeking the HUD funds to be assigned to that locality.

7 Q Did you mention any specific amount of units to

8 Mr. Rubi and Mr. Ballori?

9 A In the course of our conversations I indicated to
10 him that I felt confident that -- once I knew about
11 his -- let me go back just a moment.
12 He described a project that he had an interest
13 in. It was a particularly attractive project from -- in
14 my view, in terms of getting HUD approvals because of
15 its location, because of its financing, because of the
16 municipality whose application was pending and because
17 of his ranking within that municipality. I indicated to
18 him that I thought we could get 150 units without any
19 difficulty based on that application.
20 Q Did you mention how you thought you could get that
2 150 units?

2 A My best recollection is I told him that we had
2 received assurances from people high up in HUD who were
2 decision makers in the administration of that program,
2 that this kind of an application would be favorably

1014

1 looked upon and there was highlighted approval for 150
2 units.

3 Q After this meeting with Mr. Rubi and Mr. Ballori

4 did you have an occasion to speak with the defendant

5 Deborah Gore Dean?

6 A Yes, I did.

7 Q what did she say to you and what did you say to

8 her?

9 A I explained to her the application which Mr. Sankin
10 and I were now promoting. I gave her the details of
11 that application, the background of it, the various
12 reasons why I felt that project should be approved, the
13 political support that it had behind it.
14 The fact that the building which would likely
15 be selected by the local agency to receive the funds was
16 one which was in a dilapidated state. There were
17 squatters living in it.

allbinders as word for experiment.txt
18 It had a total of some 600 units available for
19 development. It was a project which had been foreclosed
20 upon by the local housing authority.
2 There was a HUD guaranteed bond. So HUD was

2 subsidizing this thing already and, therefore, approving
2 the Mod Rehab for it was going to help get this off the
2 HUD books.
2 Those were all the reasons for the project to

1015

1 be approved. In other words, it met all of the
2 criteria. It had political support for it. I was told
3 that Senator D'Amato's office was supporting the
4 application and this was a project that we wanted to see
5 approved. We found the project. This was the one.
6 I urged her to approve it for at least 150
7 units. Actually we'd like to get 300 units for it. And
8 she seemed to be pleased that we found a project that
9 fit everything as well as it did and she indicated that
10 when it came up for approval it would have her support
11 and that we should count on getting at least 150 units.
12 Q You mentioned 300 units. Why did you request 300

13 units?

14 A As I said, the project itself was 600 units.
15 Mr. Rubi had an option on the project. He didn't own it
16 outright. He needed to get commitments for at least 300
17 units in order to make it financially feasible for him
18 to exercise the option on the entire 600-unit project.
19 So he was looking for 300 units as a minimum.
20 He felt through his own efforts that the
2 project application from the City of San Juan would

2 probably get at least 150 units. If we could get
2 another 150 units for a total of 300 he felt confident
2 that he could get all 300 units assigned by the City of
2 San Juan for his project and that would make it

1016

1 financially feasible to him.

2 Q Did you relate this information to Deborah Gore

3 Dean?

4 A I did, yes.

5 Q What did she say?

6 A I think initially she said she would look into the

7 application. She indicated that it looked like the

8 project would be approved for 300.

9 Q How did you communicate this information to her,

10 Mr. Broussard?

11 A By telephone.

12 Q And approximately how many telephone conversations

13 did you have with her?

14 A I would say 20 to 25 telephone conversations.

15 Q Did you ever meet with her in person?

16 A Yes, once.

17 Q At any point in time during your discussions with

18 Mr. Rubi and Mr. Ballori, did you seek to negotiate with

19 any other developers?

20 A I think we did. Mr. Sankin, I believe, had contact

2 with someone before we met with Mr. Rubi and

2 Mr. Ballori. After I talked to Mr. Rubi and Mr. Ballori

2 I had conversations with some attorneys and I think an

2 accountant in Puerto Rico about possibly other

2 developers and I think I talked with one or two

1017

1 developers in Puerto Rico about the possibility of

2 working with them on other applications. Nothing came

3 of those conversations, however.

4 Q Do you know an individual by the name of James

5 Wilson?

allbinders as word for experiment.txt
6 A I don't recall Mr. Wilson, no.

7 Q How about a company called Interstate General

8 Corporation?

9 A I have only a vague recollection. It may have been
10 one of the developers that I spoke with.

11 Q Now, Mr. Broussard, did there come a point in time
12 where you negotiated with Mr. Rubi and Mr. Ballori
13 concerning how much you would be paid for your services
14 as a consultant?

15 A Yes.

16 Q Could you describe those negotiations to the jury?

17 A Well, initially we suggested that we be joint
18 developers with them and take a percentage in the
19 project as limited partners. There was a limited
20 partnership already established that would purchase the
2 project and develop it, which was typical of the way

2 these projects were developed. I think Mr. Ballori was
2 a limited partner.

2 And we suggested that Mr. Sankin and I become
2 limited partners with a percentage in the partnership.

1018

1 Mr. Rubi and Mr. Ballori did not want to do that. They

2 didn't want any additional partners. They preferred a

3 cash fee. We ultimately agreed upon a contingency

4 arrangement where I was retained as an attorney for the

5 partnership and Mr. Sankin was retained as a

6 consultant. We would each receive \$100,000 contingent

7 on the granting of at least 300 units to the partnership

8 by the City of San Juan.

9 Q Did there come a point when you informed the
10 defendant that you had reached such a deal?

11 A I don't believe so. I indicated to her that we had
12 reached an agreement with the developer, but the
13 specifics I never discussed with her.

14 Q What do you recall telling her?

15 A Simply that Mr. Sankin and I had found developers
16 with whom we could work on an application and it was a
17 good application.

allbinders as word for experiment.txt
18 Q Did there come a time that Mr. Rubi and Mr. Ballori
19 received units for their project?
20 A Yes.
2 Q Just so the record is clear, what was the name of

2 the project?
2 A Alameda Towers.
2 Q How many units did they receive, Mr. Broussard?
2 A well, initially I think they received 270 units

1019

1 from the City of San Juan, sometime in 1980 -'
85 or
2 '86, and I think in a subsequent year they received
3 additional units.
4 Q Now, how did you first learn that the units had
5 been awarded?
6 A I believe I learned that either from the defendant
7 or from Mr. Monticello.
8 Q Mr. Broussard, did there come a point in time
9 where you were paid for your services?
10 A Yes.
11 Q And how much money did you receive?
12 A I received a total of \$75,000. The contract called
13 for payments of \$25,000 a year over a period of four
14 years.
15 Q Now, you told us what you did in relation to
16 Alameda Towers. what if anything did Andrew Sankin do?
17 A Mr. Sankin followed up in meetings at HUD and with
18 telephone conversations at HUD, as I did, in terms of
19 promoting the application and monitoring the progress of
20 that application.
2 Q How would you describe Andrew Sankin?
2 A At that time?
2 Q Yes.
2 A He was in his twenties. He was a graduate of
2 Georgetown Law School. He had had some experience in

1020

1 real estate. His father owned a couple of buildings in
2 Washington. He had started a small company. I think he
3 was managing his father's properties. He was trying to
4 do some development in the Washington area as well.
5 Q Did you feel comfortable in working with him?
6 A I was a little uncomfortable with him because he
7 tended to be impetuous in terms of things he said and
Page 575

8 the contacts he would make.

9 Q what do you mean by impetuous, sir?

10 A I just didn't think he thought things through very
11 clearly.

12 Q Did there come a time where you worked with
13 Andrew Sankin on any other Mod Rehab projects?

14 A We -- he invited me to come to Washington and look
15 at several properties that he thought would be suitable
16 for us to acquire as developers and to seek Mod Rehab
17 funds. I looked at several of those projects and none
18 of them appeared to me to be suitable for investment and
19 so I did not get involved with those. I didn't know
20 whether I worked with him further in the Mod Rehab area.

2 Q Mr. Broussard, with the Court's permission I'll

2 show you a couple of documents. First I would show you
2 what was previously marked for purposes of
2 identification as Government's exhibits 137, and I'd ask
2 you to look at this, sir. And I'd ask you, what is

1 that?

2 A This is a note which I sent to Debbie Dean in 1985

3 MR. O'NEILL: Your Honor, I'd move it into

4 evidence as Government's Exhibit 137.

5 THE DEPUTY CLERK: It went in already.

6 MR. O'NEILL: It's in already.

7 It's in already, Your Honor, I'm sorry.

8 MR. WEHNER: No objection, Your Honor. I

9 would like the Court to see it, however, because of
10 other issues that have been raised.

11 MR. O'NEILL: Okay.

12 THE COURT: All right. Will you come up here

13 and we'll look at it?

14 (Bench conference)

15 THE COURT: All right, this is Exhibit 137 on

16 Regency Hotel stationery to -- "Dear Debbie," signed by
17 Tom.

18 MR. WEHNER: This involves the fair housing

19 campaign issue and I would intend to cross-examine this

20 witness briefly regarding that contribution. I just

21 want the Court to know that the issue is ripe.

22 MR. O'NEILL: We have no objection. We won't

23 even redact it.

24 MR. WEHNER: You filed the motion in limine

25 and I told the Court that I would bring it to the

1022

1 Court's attention first, because that's what it's about.

2 MR. O'NEILL: Just so it's clear, we did

3 mention it in a motion.

4 THE COURT: I understand, but what's your

5 purpose in introducing this if he introduces that

6 issue?

7 MR. O'NEILL: There is no purpose on that.

8 It's that Puerto Rico is mentioned and that they started

9 working. It gives us the date and it puts it in a

10 timeframe.

11 THE COURT: So you think you could redact the

allbinders as word for experiment.txt
12 first paragraph so the jury doesn't read that.
13 MR. WEHNER: Mr. O'Neill said he didn't care
14 if I asked questions about that.
15 THE COURT: I just don't want to spend a lot
16 of time on an extraneous matter.
17 MR. WEHNER: It's not going to be long.
18 THE COURT: You had submitted some immunity
19 orders. Your computer, at least I think -- your
20 computer on the Order form it keeps giving me the second
2 page of the motion. I don't have the second page of the
2 Order in either of these.
2 MS. SWEENEY: We'll take care of that.
2 MR. O'NEILL: Yes.
2 THE COURT: I didn't bring it up in front of

1 him.
2 MR. WEHNER: That's okay. Judge, it's
3 interesting that it's the second time around for that.
4 It's rare.
5 (Bench conference concluded)
6 THE COURT: All right. We're ready to go,
7 ladies and gentlemen.
8 Thank you, counsel, for coming up.
9 MR. O'NEILL: Thank you, Your Honor.

10 BY MR. O'NEILL:
11 Q Mr. Broussard, I show you Government's Exhibit 137
12 in evidence.
13 THE COURT: It's admitted.
14 MR. O'NEILL: Yes, Your Honor.
15 BY MR. O'NEILL:
16 Q Did that refresh your recollection as to exactly
17 when you wrote that letter to Miss Dean, and what I
18 would do is direct your attention to a postmark on the
19 envelope •
20 A It doesn't refresh my recollection, but the
2 postmark says June the 10th, 1985.
2 Q Now, what does the date on the front of the letter
2 say?
2 A It looks like it says 1-7-85, but I would guess
2 that if s 6-7-85 because subsequently in the letter I

1024

1 said I returned from Europe on June 24th.
2 Q Now, Mr. Broussard, in that letter, and we'll be
3 publishing it to the jury at this time, it might be a
4 little difficult for you to see from there, there is
5 mention of a conversation with Mr. Joe Monticello. Is
6 that the individual you mentioned during your testimony?
7 A Yes, it is.
8 Q Now, you also mentioned -in
the letter it says -9
let me read it to you. "I spoke to Joe Monticello
10 regarding PR and he is putting us in contact with a
11 group in the San Juan"-
12 A "A group in old San Juan."
13 Q "A group in old San Juan," I'm sorry, "that is
14 working on units?"
15 A "Through Joe and Deborah?" I think -16
Q Could that D'Amato?

allbinders as word for experiment.txt
17 A I can't read it from here.
18 Q I'll show it to you.
19 A Yes,"Joe and D'Amato. I think Andy S. and I would
20 do better with them than Andy's first contact. I'll
21 speak to you when I return from Europe on June 24th."
22 Q When you say Andy's first contact, who are you
23 referring to?
24 A Mr. Sankin indicated to me that he had met someone
25 on an airplane who told him that he was a developer in

1025

1 Puerto Rico and an influential Republican and Andy
2 thought that would be a great contact for us to work
3 with. I suggested to him there were better ways to find
4 developers.

5 Q Mr. Broussard, I will now show you Government's
6 Exhibit 139?

7 THE DEPUTY CLERK: Government's Exhibit 139
8 marked for identification.

9 (Government's Exhibit 139
10 marked for Identification)

11 THE COURT: All right.

12 BY MR. O'NEILL:

13 Q And I ask you, do you recognize this, sir?

14 A Yes.

15 Q What do you recognize that to be?

16 A This is a letter which I wrote to Andy Sankin on
17 October 18, 1985 confirming an agreement which we had
18 reached, which was basically -- each of us had a
19 separate agreement with Alameda Associates, and Andy was
20 concerned that they might pay me and not pay him, or
2 vice versa. One of us might get in a dispute with
2 them. So we agreed in the event there was any such
2 dispute we would jointly share the cost of collecting
2 our fees, either both our fees or either one of our
2 fees.

1026

1 MR. O'NEILL: Your Honor, I would move this
2 into evidence as Government's exhibit 139.
3 MR. WEHNER: No objection.
4 THE COURT: All right, Government's Exhibit
5 139 admitted.
6 THE DEPUTY CLERK: Government's 139 received
7 in evidence.
8 (Government's Exhibit 139
9 received into Evidence)
10 BY MR. O'NEILL:
11 Q Mr. Broussard, I now show you Government's Exhibit
12 141 for identification only.
13 THE DEPUTY CLERK: Government's Exhibit 141
14 marked for identification.
15 (Government's Exhibit 141
16 marked for Identification)
17 BY MR. O'NEILL:
18 Q And I'd ask you to look at this, if you would, and
19 do you recognize it?
20 A Yes, I do.
21 Q What do you recognize that to be?
22 A This was a retainer agreement between my law firm
23 and Alameda Associates with regard to the work that we
24 were to do in connection with the granting of Mod Rehab
25 funds from HUD to the City of San Juan.

1027

1 MR. O'NEILL: Your Honor, at this time I would
2 move that document into evidence as Government's Exhibit
3 141.
4 MR. WEHNER: No objection, Your Honor.
5 THE COURT: All right. It will be admitted,
6 141.
7 THE DEPUTY CLERK: Government's Exhibit 141
8 received in evidence.
9 (Government's Exhibit 141
10 received into Evidence)
11 BY MR. O'NEILL:
12 Q And finally, Mr. Broussard, I'll show you what's
13 previously been marked for identification purposes as
14 Government's Exhibit 143A.
15 THE DEPUTY CLERK: Government's Exhibit 143A
16 marked for identification.
17 (Government's Exhibit 143A
18 marked for Identification)
19 BY MR. O'NEILL:
20 Q And I'd ask you if you recognize this, sir?
21 A Yes, I do.
22 Q And what do you recognize that to be?
23 A This is a letter written by me to Cleofe Rubi,
24 September, 1986, indicating that I had learned that the
25 Mayor of San Juan had agreed to release Section Eight

1028

1 units to Alameda Towers.
2 MR. O'NEILL: Your Honor, at this time I would
3 move it into evidence as Government's Exhibit 143A.
4 MR. WEHNER: No objection.
5 THE COURT: All right. 143A is admitted.
6 THE DEPUTY CLERK: Government's Exhibit 143A
7 received in evidence.

allbinders as word for experiment.txt
8 (Government's Exhibit 143A
9 received into Evidence)
10 MR. O'NEILL: I have no further questions.
11 THE COURT: You say the letter is from -- let
12 me just ask the witness again. 143A was a letter that
13 you wrote to your client saying that the Mayor of San
14 Juan would be releasing units.
15 THE WITNESS: That's correct.
16 THE COURT: All right. You may cross.
17 MR. WEHNER: Good morning.
18 THE JURORS: Good morning.
19 CROSS-EXAMINATION
20 BY MR. WEHNER:
2 Q Mr. Broussard, I believe it's a fair inference that
2 can be drawn from your testimony on direct that
2 Miss Dean sent units to Puerto Rico for you. Is that a
2 fair inference that can be drawn?
2 A I -- I wouldn't say that, no.

1029

1 Q That's kind of what I heard from your testimony.
2 I'd like to ask you a few questions about that. As
3 Paul Harvey said, the rest of the story, or something to
4 that effect. Isn't it true that the units were already
5 in Puerto Rico before you got involved at all in the
6 project?
7 A There had been an assignment of 600 units to an
8 agency in Puerto Rico.
9 Q So they were down there in Puerto Rico. Ignore the
10 particular housing agency for the time being. You'll be
11 free to talk about that, but they were in Puerto Rico?
12 A Yes, that's correct.
13 Q And are you aware that they had been put in Puerto
14 Rico because James Watt, the former Secretary of the
15 Interior, got a commitment from Samuel Pierce to send
16 those down to Puerto Rico?
17 A No.
18 Q Okay. Did you ever hear that?
19 A In those terms, no.
20 Q In what terms did you hear it?
2 A I was told that the 600 units had been assigned
2 there as a result of the lobbying effort by Joe Strauss
2 who was a consultant and who was -- I believe had a
2 partnership arrangement with Mr. Watt or some
2 arrangement with Secretary Watt.

1030

1 Q Very good. Joe Strauss was formerly employed at

2 HUD, was he not?

3 A That's correct.

4 Q So these units had already been assigned to Puerto

5 Rico before you became involved in the project, is that

6 correct?

7 A When you say these units, there were 600 units

8 there.

9 Q Right.

10 A Correct.

11 Q There were 600 units there and your 300 ultimately

12 came out of the 600 that were already there?

13 A I don't know that for certain, but my understanding

14 is that that's what was going to happen, yes.

15 Q Are you also aware that if those units had been

16 brought back to Washington under the law at that time

17 that money was gone, it could not be spent for Mod Rehab

18 units?

19 A No, I was not aware of that, that they had an

20 automatic recapture, no.

2 Q You weren't aware of that.

2 A No.

2 Q Were you aware that efforts were made to find

2 legitimate, appropriate developers to do those units in

2 addition to yourself?

1031

1 A Well, there were any number of municipalities that

2 were applying to get those units from HUD, and -- let me

3 go back. There were various municipalities applying to

4 get the units and behind each municipality was a

5 developer or developers pushing for that municipality to

6 get those units.

7 Q Absolutely. And were you aware that one of the

8 reasons that these units were available was because

9 Secretary Pierce and Miss Dean had determined that it

10 was wrong for 600 units to go to Puerto Rico for
11 James Watt and Joe Strauss?
12 A I was only aware that there was a dispute and
13 litigation involved in those units.
14 Q And were you aware -- are you aware today or were
15 you aware then that Miss Dean and Secretary Pierce
16 attempted to create some competition for those units and
17 that you were apart of that competition?
18 A I was certainly aware that there was competition
19 for the units and we were part of that competition.
20 Q And were you further aware that every time
21 Miss Dean talked to you she would say words to the
22 effect of it sounds like you've got something good. ,
23 this sounds like a good project?
24 A Yes, she agreed with me that this application by
25 the City of San Juan was a good application, there was a

1032

1 lot of merit to it.

2 Q And you were down there searching for an
3 application that would meet the criteria for HUD so that
4 it would be approved?

5 A I wanted the most meritorious application I could
6 find with the most political support for it and the most
7 economic support for it.

8 Q And you got Senator D'Amato's support, did you not?

9 A I didn't, but at the time I talked with Ballori and
10 Rubi they told me the Senator's office was supporting
11 the project.

12 Q And you had another Senator's office writing
13 supporting the project?

14 A I didn't.

15 Q Tribble. Excuse me.

16 A I don't recall that I did, but the developers may
17 have.

18 Q And you wanted to make sure that it met the
19 technical criteria?

20 A Right.

2 Q And you wanted to make sure that the Mayor of

2 San Juan -- who, by the way, ran the local public
2 housing authority, did he not?

2 A I think he had run the public housing authority.
2 The biggest attraction of this project to me

1033

1 when I heard about it from Mr. Rubi was that here were
2 600 units that had been built under an earlier program.
3 HUD was guaranteeing the mortgage. The project was in
4 in foreclosure. The state finance agency was collecting
5 money from HUD every year because of defaulted
6 mortgages. So it wasn't going to cost HUD money to put
7 Section Eight into this project. All it was going to do
8 was to take an old project that was in their box in
9 default and take it off default into a a profit
10 operating manner. That to me was a plus, in terms of
11 waiting for HUD approval, compared to a project that was
12 not in that state.
13 Q And throughout that process you had to work with
14 the local public housing authority, correct?
15 A I did not work with them.
16 Q Who did?
17 A Mr. Rubi and Mr. Ballori worked with the local
18 authority.
19 Q You worked with Mr. Monticciolo, the regional
20 administrator?
2 A Correct.

2 Q You worked with Washington HUD?
2 A Correct.
2 Q And ultimately the Mayor of San Juan released
2 units?

1034

1 A That's correct.
2 Q As a result of your working through every step of
3 the process from the bottom to the top as a part of this
4 project?

5 A That's correct.

6 Q There were some brief questions on direct regarding

7 Andrew Sankin. Are you aware that Andrew Sankin at one

8 time managed a piece of property for Miss Dean's family?

9 A Yes, he told me that subsequent to our obtaining
10 the funding for the project.

11 Q And did Andrew Sankin tell you whether he felt that
12 he had been done a favor by Miss Dean in terms of
13 managing that property?

14 A Yes, he did.

15 Q what did he say?

16 A Well, he was trying to get his little company
17 established as a property management company and at the
18 time he told, me the only private properties he had to
19 manage were the two buildings that his father owned, and
20 then one day he told me that Debbie had done him a favor
2 and had allowed him to act as the manager for a property

2 which her family owned, so that he could include that in
2 the portfolio of projects that he was managing when he
2 sought other projects.

2 Q Did you do anything to conceal your relationship

1035

1 with Deborah Dean?

2 A No.

3 Q As a matter of fact, you included officials at HUD,
4 including Miss Dean, on references you gave to local
5 officials?

6 A That's correct.

7 Q To show how you were involved in the consulting
8 business and how you were involved in the HUD process,
9 is that correct?

10 A That's correct.

11 Q Did Deborah Dean ever tell you you shouldn't tell
12 anybody that you talked to her?

13 A Absolutely not.

14 Q Did she ever indicate to you that she was going to
15 do anything that was not appropriate to help your
16 application?

17 A No.

18 Q Did she ever state that she was going to do
19 anything illegal?

20 A No.

2 Q Did you do anything illegal in connection with the
2 application?

2 A No.

2 MR. WEHNER: Nothing further, Your Honor.

2 REDIRECT EXAMINATION

1 BY MR. O'NEILL:

2 Q Mr. Broussard, Mr. Wehner asked you a question

allbinders as word for experiment.txt
3 about whether Deborah Dean would say it sounds like you
4 have something good with this project.

5 A Yes.

6 Q When did you first speak to the defendant Deborah
7 Gore Dean about the 150 units? Was it before or after
8 you met with Mr. Rubi and Mr. Ballori?

9 A Well, when you say the 150 units, the conversation

10 which I had before I met Mr. Ballori was how many units
11 do you think we could get for Puerto Rico and the
12 indication was about 150 units. That was before we had
13 the conversation.

14 Q Did you know Mr. Rubi at that time?

15 A No, I didn't.

16 Q Did you know Mr. Ballori?

17 A No, I didn't.

18 Q Had you heard about Alameda Towers?

19 A No, I had not.

20 Q You are testifying pursuant to a grant of use
2 immunity?

2 A Yes, I am.

2 Q And you requested that in order to testify?

2 A I indicated I would not testify without it, yes.

2 MR. O'NEILL: Thank you, sir.

1037

1 THE COURT: No recross? All right.

2 Thank you, Mr. Broussard.

3 MR. WEHNER: Yes, Your Honor, briefly.

4 THE COURT: All right.

5 CROSS EXAMINATION

6 BY MR. WEHNER:

7 Q Your grant of use immunity includes discussions you
8 had with the prosecutors?

9 A Yes.

10 Q Did you tell the prosecutors under that grant of
11 immunity that you had -- that Mr. Sankin had told you
12 that Miss Dean had done him a favor in terms of the work
13 on her family's apartment building?

14 A Yes.

15 Q How many times?

16 A At least twice. I told two different people.

17 MR. WEHNER: Nothing further.

18 MS. SWEENEY: Your Honor, the Government at

19 THIS point calls Cleofe Rubi.

20 THE COURT: All right.

2 You can step down, sir. Thank you. You're

2 free to go.

2 THE WITNESS: Thank you.

2 MR. WEHNER: Your Honor, if we could take a

2 chance right now and have our monitor fixed, it seems

1038

1 not to be functioning, since we have a few minutes

allbinders as word for experiment.txt
2 before Mr. Rubi comes in.

3 THE COURT: It's not turned on?

4 MR. WEHNER: It's turned on but we don't get

5 any power.

6 (CLEOFE RUBI, WITNESS FOR GOVERNMENT, SWORN)

7 BY MS. SWEENEY:

8 Q Mr. Rubi, I'm going to be asking you a number of

9 questions this morning and I'd ask you to keep your

10 voice up so the members of the jury can hear and also to
11 try to speak slowly because of the acoustics in the
12 courtroom.

13 would you please state your name for the
14 record and spelling your last name for the Court
15 reporter?

16 A My name is Cleofe Rubi. The last name, R-u-b-i.

17 Q Mr. Rubi, are you presently employed?

18 A Yes, I am president of Moore Development Corp.

19 Q And what type of company is Moore Development
20 Corp.?

2 A We are real estate developers.

2 Q Can you describe briefly what it is that you do?

2 A Well, we are involved in the construction of
2 apartment units, houses, either for sale or lease.

2 Q And, Mr. Rubi, how long have you been involved in

1039

1 that particular type of business?

2 A For the last 20 years.

3 Q Could you briefly describe your educational
4 background for the members of the jury?

5 A Yes. I am a licensed civil engineering graduate
6 from the University of Puerto Rico.

7 Q Mr. Rubi, are you testifying here today pursuant to
8 a cooperation agreement with the Government?

9 A Yes, I am.

10 Q And can you describe what your understanding is of
11 that agreement?

12 A The understanding is my – my understanding is that
13 in exchange of my cooperation and my truthful and
14 accurate testimony of the facts that I know I won't be
15 prosecuted for some political contribution and some
16 matter related to HUD.

17 MR. WEHNER: I'm sorry, Your Honor, I didn't
18 hear that last.

19 THE COURT: All right. Political contribution

20 and -2

THE WITNESS: And matters related to HUD

2 Section Eight Mod Rehab.

2 MR. WEHNER: Thank you, Your Honor.

2 BY MS. SWEENEY:

2 Q Mr. Rubi, are you familiar with a project known as

1040

1 Alameda Towers?

2 A Yes, I am.

3 Q And can you describe what that project is?

4 A It's a complex of four buildings, which three

5 buildings were developed with Section Eight Mod Rehab

6 programs and there is a project known as Alameda which

7 comprised Towers One and Two, and it's about 300 units.

8 Q Do you have any relationship with Alameda Towers

9 One and Two?

10 A Yes, we were the general partners of that project.

11 Q Now, the jurors are familiar with and have heard a
12 lot of testimony about the Mod Rehab program. Did there
13 come a time when you decided to seek Mod Rehab?

14 A Yes, my first application for a Mod Rehab project
15 was in 1984.

16 Q And to whom did you apply in 1984?

17 A I applied to the local state housing agency which
18 is Puerto Rico Housing and Finance Corporation.

19 Q Was that application successful, Mr. Rubi?

20 A No, no, it was rejected.

2 Q Had you ever done any Mod Rehab projects prior to

2 1984?

2 A No.

2 Q Had you had involvement as a developer, owner,
2 contractor in any other HUD construction programs?

1041

1 A Yes, I have done Section Eight new construction.

2 We developed several projects. We have been involved in
3 other HUD projects like 235, 203 and condominiums.

4 Q Now, in the earlier HUD projects that you did, the

allbinders as word for experiment.txt
5 Section Eight new construction and the other programs
6 that you described, did you ever utilize a consultant to
7 secure HUD funding?
8 A No, we never used a consultant to secure HUD
9 funding.

10 Q Now, returning to Alameda Towers, you've testified
11 that your first application was not successful. Did
12 your interest in doing Mod Rehab at Alameda continue?
13 A Yes, my interest continued at that time and I did
14 try to pursue it through some other avenues, the
15 allocation of some Mod Rehab funds for that specific
16 project.

17 Q And at that point in time did you have an interest
18 in a particular amount of units? How did that work?
19 A Yes, we were looking for at least 300 units because
20 it was the number of units that were making feasible the
2 project.

2 Q And in 1985 did there come a time when you were
2 approached by someone about Mod Rehab units?

2 A Yes, about mid-1985 my partner, Eduardo Lopez
2 Ballori, received a called from Tom Broussard in

1042

1 relation to some units.

2 Q Now, you've said that this was in about mid-1985?

3 A Mid-1985.

4 Q And who is Mr. Broussard?

5 A Mr. Thomas Broussard was a person which I did

6 business of buying from him for about 150 units that

7 they were going to be assigned to San Juan, Puerto.

8 Q Do you know where Mr. Broussard is from?

9 A He's from L.A. He's a lawyer involved in real

10 estate development.

11 Q Now, did there come a time where you personally had
12 contact with Mr. Broussard?

13 A Yes, after we received the call we scheduled a
14 meeting in New York and Eduardo Lopez and myself met him
15 in New York in a hotel on Madison Avenue, which I don't
16 recall the name of the hotel.

17 Q Do you recall approximately when this would have
18 been, Mr. Rubi?

19 A That was around July, 1985. June, July, 1985.

20 Q Who was present at this meeting?

allbinders as word for experiment.txt
2 A At this meeting were present Mr. Broussard, his
2 wife, I believe Mr. Sankin, Mr. Ballori and myself.
2 Q Could you please describe for the ladies and
2 gentlemen of the jury what was said at the meeting?
2 A The meeting was --

1 MR. WEHNER: Objection, Your Honor. The
2 same -- if Your Honor please, if I could have a
3 continuing objection for the record on the hearsay
4 matter at least in relation to this witness?
5 THE COURT: I assume this discussion was
6 taking place between the principles and not
7 Mrs. Broussard.
8 MS. SWEENEY: Your Honor, I can rephrase the
9 question.

10 THE COURT: All right.
11 BY MS. SWEENEY:
12 Q Mr. Rubi, could you tell us what Mr. Broussard said
13 to you at this meeting?
14 A That from the 300 units that they were going to be
15 assigned, he was claiming that 150 of those units were
16 assigned to him by the Secretary's office and by
17 Mrs. Debbie Dean.
18 Q When you say the 300 units, what are you referring
19 to?
20 A I am referring that there was a number of 300 units
2 that they were going to be assigned to San Juan.

2 Q What did you say to Mr. Broussard at this meeting?
2 A That we believed that 100 of the 300 units belonged
2 to us, due to efforts that we have done directly through
2 HUD officials and through the Mayor of San Juan.

1044

1 Q Did you talk to Mr. Broussard about the Alameda

2 Towers project?

3 A I mentioned that we had a project that was about

4 300 units, that we need the units and he was looking for

5 a sort of joint venture at the time and I sent him the

6 information about the project, and later on he decided

7 to visit Puerto Rico.

8 Q You say that Mr. Broussard was interested in a

9 joint venture at this time?

10 A Yes, he mentioned in that conversation that he was
11 interested in making a joint venture with us to develop
12 a project.

13 Q Could you elaborate on what a joint venture is and
14 how this joint venture would have worked?

15 A It's a partnership, you know.

16 Q And what would Mr. Broussard have brought to the
17 partnership?

18 A The 150 units.

19 Q Now, you've testified that you said to
20 Mr. Broussard that you believed you had some units.

2 Could you elaborate on that, please?

2 A Yes, we have been, you know, trying to obtain the
2 300 units be assigned to San Juan and we have done
2 efforts by contracting the Mayor of San Juan and the
2 Mayor of San Juan talking to a person from HUD regional

1045

1 office and we have been talking with the head of the

2 Environment -- at the region, which was Mr. Monticciolo,

3 and my partner have also contacted the office of Senator

4 D'Amato to see if the units were assigned to San Juan.

5 Q And did you have some understanding as a result of

6 these contacts that you and your partner had undertaken?

7 A That 150 units were belonging to us.

8 Q Are you familiar with the use of the term paternity

9 as it relates to Mod Rehab units?

10 A Yes.

11 Q And what does that mean?

12 A That means that you are technically the father of
13 the unit because you seek that the units are being
14 assigned to a particular location.

15 Q Now, at this meeting in, I believe, June or July of
16 1985, did you reach an agreement with Mr. Broussard?

17 A No, he flew later in August to San Juan and we
18 tried to reach an agreement. We weren't successful. We
19 drafted a document and -- but we were unable to reach an
20 agreement in terms of the amount that I was going to pay
2 for those units.

2 Q What did you say to Mr. Broussard and what did he
2 say to you about the amount?

2 A He was asking for more money and I was only willing
2 to pay up to \$200,000.

1046

1 Q Just so the record is clear, did Mr. Broussard

2 indicate to you that he was working with anyone else?

3 A Yes, with Mr. Sankin.

4 Q Did you have occasion to meet with Mr. Sankin?

5 A Yes, I did.

6 Q When did you meet Mr. Sankin?

7 A I met him, I believe, in New York and in Washington

8 I met him once. I don't remember if I met him in

9 August. I don't remember it. It may be possible.

10 Q So what happened to the negotiations in August,
11 1985?

12 A Well, they were broke and I heard that
13 Mr. Broussard tried to contact several other developers
14 in town to see if he can reach an agreement with them.

15 Q What happened after that, Mr. Rubi?

16 A Well, we finalized the negotiation and the contract
17 was signed in October.

18 Q When was the contract signed?

19 A October.

20 Q October? And what year would that have been?

2 A 1985.

2 Q In October of 1985 did you enter into an agreement
2 with Mr. Broussard?
2 A Yes, and with Mr. Sankin.
2 Q And did you agree to pay Mr. Broussard?

1047

1 A Yes. I agreed to pay Mr. Broussard \$100,000 and
2 \$100,000 to Mr. Sankin.
3 Q What was your understanding of what you were going
4 to get as a result of these agreements?
5 A The units.
6 Q Did you have any understanding as to whether or not
7 Mr. Broussard would be doing any work for you pursuant
8 to the agreement?
9 A No.
10 Q You had an understanding or - what was that
11 understanding?
12 A That he was not going to perform any work at all,
13 that I was buying from him this.
14 MR. WEHNER: I'm sorry, Your Honor, I didn't
15 hear the last part.
16 A I was buying from him the units.
17 BY MS. SWEENEY:
18 Q Did you have an understanding as to whether
19 Mr. Sankin was going to do any work for you pursuant to
20 your agreement with him?
2 A No.
2 Q How much did you agree to pay Mr. Sankin?
2 A \$100,000.
2 Q Did there come a time that you learned that Mod
2 Rehab units had been allocated to Puerto Rico?

1 A Yes, we knew that they were going to Puerto Rico
2 and then we were notified that the units were sent to
3 Puerto Rico and received by Puerto Rico. That was -- I
4 don't remember, some date afterwards.

5 Q Do you have a recollection as to when that
6 occurred?

7 A It occurred about the time that we were doing the
8 negotiation.

9 Q Did you have any understanding as to whether this
10 allocation included the 150 units that you had been
11 discussing with Mr. Broussard and Mr. Sankin?
12 A Yes.

allbinders as word for experiment.txt

13 Q And what was your understanding?
14 A My understanding was that 150 units of the 300
15 units were belonging to Mr. Broussard.
16 Q Did there come a time when you paid Mr. Broussard
17 as a result of your agreement?
18 A Yes. I started paying Mr. Broussard on certain
19 installments when I did close the project.
20 Q How much you may Mr. Broussard?
2 A The initial payment was \$25,000 and there were two

2 successive payments of \$25,000. I have paid him about
2 \$75,000.
2 Q Did you ever pay Mr. Sankin as a result of your
2 agreement with him?

1049

1 A Yes, every time that I make a payment to Broussard
2 I did make a payment to Sankin.
3 Q with the Court's permission I'm going to show you
4 some documents, Mr. Rubi.
5 THE DEPUTY CLERK: Government's Exhibit number

9 BY MS. SWEENEY:
10 Q Mr. Rubi/ without commenting on the document, can
11 you tell us if you recognize Government Exhibit 140 for
12 identification?
13 A Yes, I do.
14 Q And what is it?
15 A That's the agreement that I signed with
16 Andrew Sankin.
17 MS. SWEENEY: Your Honor, at this time I offer
18 Government's Exhibit 140 into evidence.
19 MR. WEHNER: No objection.
20 THE COURT: All right, Government's Exhibit

4 this agreement provide for a certain number of units?
5 A They talk about 300 units.
6 Q And what 300 units are referred to in this
7 agreement?
8 A The 300 units that we were seeking and they were
9 allocated to San Juan.
10 MR. WEHNER: I'm sorry, Your Honor, was that
11 allocated to San Juan, not to someone?
12 A San Juan.
13 BY MS. SWEENEY:
14 Q Do you have an understanding as to whether or not
15 the 300 units included the units that you said you had

17 A Yes.

18 Q Mr. Rubi, I show you a document that's previously
19 been marked for identification as Government Exhibit
20 144. Do you recognize that document?

2 A Yes, I do.

2 Q And what is it, sir?

2 A It's a letter that I sent to Mr. Sankin with the
2 first payment of \$25,000.

2 MS. SWEENEY: Your Honor, at this time I offer

1051

1 Government's Exhibit 144 into evidence.

2 MR. WEHNER: No objection, Your Honor.

9 Q Mr. Rubi, I've also handed you a document that's
10 previously been marked Government's Exhibit 145 for
11 identification. Do you recognize that document?

12 A I do.

13 Q And what is it, sir?

14 A It's a personal guarantee for the remaining balance
15 to be paid to Mr. Sankin for \$75,000, signed by myself
16 and by my wife also.

17 MS. SWEENEY: At this time, Your Honor, I offer

18 Government's Exhibit 145 into evidence.

19 THE DEPUTY CLERK: It's already in evidence.

20 MR. WEHNER: No objection, Your Honor.

21 THE COURT: 145 is admitted.

22 (Government's Exhibit 145

23 received into Evidence)

24 MS. SWEENEY: with the Court's permission I'd

1052

1 Mr. Rubi, do you see Government's Exhibit 141

2 on the monitor?

3 A Yes.

4 Q And what is that, sir?

5 A That's the agreement that I signed with

6 Mr. Broussard.

7 Q what type of services does the agreement mention in
8 the text of the agreement?

9 A Like attorneys.

10 Q Did you have any understanding as to whether

11 Mr. Broussard was acting as your attorney pursuant to
12 this agreement?

13 A No.

14 Q what was your understanding?

15 A That I was buying him -- I was buying from him the
16 150 units.

17 Q why did the agreement say legal services?

18 A Because that's a way that he phrased the agreement
19 with my lawyer. That's what he gave to my lawyer.

20 Q Did there ever come a time after the allocation of
2 the Mod Rehab units to Puerto Rico that you had a

5 THE DEPUTY MARSHAL: Yes, Your Honor.
6 MR. WEHNER: If I could approach for a second?
7 THE COURT: Sure.
8 (Bench conference on the record.)
9 THE COURT: Yes, sir?

10 MR. WEHNER: There were some Jencks redactions made on
11 this witness. I believe that they were dealing with campaign

•
13 for my cross examination of the witness in terms of campaign
14 contributions to D'Amato and Dole, et cetera, et cetera, in an
15 effort to get these projects funded.
16 I would appreciate it if the Court would review those
17 redactions to see if there are additional information that is
18 related to this case dealing with campaign contributions. That's
19 it.
20 THE COURT: I don't know --
2 MR. O'NEILL: Do you recall off the top of your head?

2 MS. SWEENEY: I don't.
2 THE COURT: I have looked briefly at his materials, but
2 these are unredacted, so I don't know if I have the redacted ones

1056

MS. SWEENEY: I'll have to look and see if I have the
2 redacted ones here, Your Honor.
3 MR. O'NEILL: Is it something you could direct me to?
4 THE COURT: Do you know if the redactions covered
5 campaign contributions or not?
6 MS. SWEENEY: It's been so long since I looked through
7 them, Your Honor, I'd have to say I'd have to look again.
8 MR. O'NEILL: I wouldn't have thought so, Your Honor,
9 but I can't represent for the record with assurance.
10 MR. WEHNER: I can go ahead and I can give Mr. O'Neill,
11 Ms. Sweeney, and Your Honor the redactions, and then if you keep
CO

13 him on, and I'll bring him back up and finish my cross.
14 THE COURT: Is he flying out this afternoon?
15 MS. SWEENEY: Yes, Your Honor.
16 THE COURT: When is he leaving?
17 MS. SWEENEY: He has a 3:00 flight, but he's been here
18 since Sunday, Your Honor.
19 MR. WEHNER: It won't be -if
we did it under my

allbinders as word for experiment.txt
20 suggestion, I would have him done by two. I mean, I just don't
21 have that much. This is not going to be a three-hour cross.
22 THE COURT: who are you going to have?
23 MR. O'NEILL: There is Jim Nistler, Judge, Mr. Nistler.
24 He's a HUD employee. Sankin after that.
25 THE COURT: we could take an early break for lunch, and

1057

1 you could look and have him back here at 1:00.
2 MR. O'NEILL: Are you going to be using on cross
3 examination the redacted copy? Because you could possibly give
4 it to the Court. Your Honor could just look.
5 THE COURT: Yes, because I've got them right here.
6 MR. O'NEILL: You have them right there, the
7 unredacted.
8 MR. WEHNER: Give me a second.
9 THE COURT: I'll just tell the jury.
10 (End of bench conference.)
11 THE COURT: Ladies and Gentlemen, we just want to look
12 at one thing before we get on with the cross. It won't be long,
13 but there's something I need to look at that was just brought to
14 my attention. It's all about fund-raisers.
15 (Bench conference on the record.)
16 THE COURT: There was a prosecution of his partner in
17 Puerto Rico?
18 MR. O'NEILL: Yes, Your Honor.
19 THE COURT: On campaigns?
20 MR. O'NEILL: It resulted in a hung jury, there was a
21 retrial and it resulted on in a acquittal.
22 THE COURT: really? On what was the charges?
23 MR. O'NEILL: It was illegal campaign contributions.
24 It was the first step in lengthy steps directed at a United
25 States senator which didn't work out apparently, I don't know.

1058

It was out of the Eastern District of New York.

THE COURT: It was?
3 MR. O'NEILL : But venue was changed.
4 THE COURT: To Puerto Rico?
5 MR. O'NEILL : To Puerto Rico.
6 THE COURT: was the regional director involved in this?
7 MR. O'NEILL : The regional director was a target of the

9 THE COURT: Yes, that's what I thought.
10 MR. O'NEILL : Right. So he was not a witness nor
11 involved in the case, but eventually would have been, and I don't

14 THE COURT: But he's not been -14
15 MR. O'NEILL : No, he had never been indicted.
16 THE COURT: I see.
17 MR. WEHNER: Amazing, Judge, I was able to find it.
18 For the record, it's March 3, 1992, at 10:15 a.m.
19 MR. O'NEILL : Grand jury, Your Honor.
20 MR. WEHNER: Grand jury testimony.
21 THE COURT: Oh, grand jury, all right.
22 MR. O'NEILL : That's it right there.
23 MR. WEHNER: And it's pages 164-A, et seq.
24 THE COURT: Maybe it's in here.
25 MR. O'NEILL : Your Honor, I think it's the first one
right on front.

1059

1 THE COURT: This is his testimony. This is the trial
2 testimony of his partner in Puerto Rico.
3 Here it is.
4 MR. WEHNER: There it is.
5 MS. SWEENEY: Your Honor, I do believe that those
6 redactions are colloquy between the prosecutor and the members of
7 the grand jury.
8 MR. O'NEILL: We can check.
9 THE COURT: What page numbers?
10 MR. WEHNER: 164-A, et seq. I don't know where it
11 ends, because I pulled some pages out.
12 THE COURT: 164-A. I was looking at 164. All right,
13 here it is.
14 I can see why they redacted it. Just for the record,
15 how many pages are redacted? It's 164-A through E.
16 All right, that's a colloquy with the grand jurors,
17 some various grand jurors and the prosecutor, I believe, at that

19 concerning some matters about what was testimony previously by
20 some other people about some matters and how much money Mr. Rubi

MR. WEHNER: All right.
2 THE COURT: Thank you.

CROSS EXAMINATION

BY MR. WEHNER:

8 Q. Mr. Rubi, my name is Steve Wehner, and I represent Ms. Dean.
9 You have never met Ms. Dean before; is that correct?

10 A. No.

11 Q. Have you ever seen her before?

12 A. No.

13 Q. Have you ever talked to her on the telephone before?

14 A. No.

15 Q. You know who Senator D'Amato is, do you not?

allbinders as word for experiment.txt

16 A. Yes, I do.

17 Q. You've met Senator D'Amato previously, have you not?

18 A. Yes.

19 Q. And in fact, you contributed \$10,000 to a representative of

20 Senator D'Amato for his election campaign, did you not?

2 A. No, I didn't.

2 Q. Did you not previously testify that you contributed \$10,000

2 in cash that was ultimately converted into money orders or checks

2 and was given to his campaign?

2 A. I testified that I gave \$10,000 to Mr. Eduardo Lopez Ballori

BAYONI NE, NJ 07002- LASEH !SOND-Afe7/93

to make contribution to Senator D'Amato.

2 Q. Thank you, sir. I think that's what I asked you.

Now Senator Dole. Do you know who Senator Dole is?

4 A. Yes, I know him.

5 Q. As a matter of fact, today he's minority leader of the

6 Senate; is he not?

A. Yes.

8 Q. Did you cause campaign contributions to be made to his

9 campaign?

10 A. Yes.

11 Q. And this was at the same time period that you were working

12 on the Alameda Towers project in Puerto Rico; isn't that correct?

13 A. I already was working on that.

14 Q. That's exactly right.

15 And you and your partner wanted Senator D'Amato to

16 intercede at HUD to get you these units; isn't that correct?

17 A. I believe my partner contacted the office of Senator Dole.

18 Q. Of course he did, because you wanted political influence to

19 get the units funded; isn't that right?

PENI

f

20 A. That's right.

Q

5

21 Q. And you were told, were you not, that if you made these
22 political contributions, that would help you; isn't that right?
23 A. No.
24 Q. You weren't?
25 A. We were not told.

1 Q. What did your partner say to you as to why you should make
2 the political contributions?
3 A. We, we liked to make the political contribution.
4 Q. Of course you liked making political contributions, because
5 they helped you get what you needed to do your business; isn't
6 that right?
7 A. That's right.
8 Q. That's right.
9 And your partner and you had discussions about that;

10 isn't that right?
11 A. That's right.
12 Q. And you made political contributions through your name and
13 through other names, did you not?
14 A. Yes.
15 Q. And as a matter of fact, you would, you would come up with
16 money and hand it out to your employees and have them write the
17 check for the political contributions, wouldn't you?
18 A. Yes, I did.
19 Q. And this was true for Senator D'Amato?
20 A. Yes.
2 Q. And was it also true for Senator Dole?

2 A. Yes.
2 Q. And it was true at the same time you were doing these
2 projects in Puerto Rico; isn't that right?
2 A. Yeah, at the same time that I was doing the projects.

1063

1 Q. Now Monticciolo. You own a boat, do you not?
2 A. Yeah, I know him.
3 Q. And you loaned that boat to Mr. Monticciolo on occasion,
4 didn't you?
5 A. I did.
6 Q. Four or five days, did you not?
7 A. Yes.
8 Q. And you also offered to buy Mr. Monticciolo an apartment
9 that you were going to sell to him at a loss; isn't that correct?

10 A. No.
11 Q. What? Were you going to sell it to him at your cost?
12 A. At market price or at cost.
13 Q. Say that again?
14 A. At market price.
15 Q. At market price. At cost?
16 A. Or at cost. I don't remember why, you know.
17 Q. Do you recall testifying that you were going to buy
18 Mr. Monticciolo and give him the apartment at cost, not at
19 market?

20 A. No, I did not testify to that.

2 Q. How large is your boat?

2 A. It's -- at that time, it was a 55-footer.

2 Q. That's a pretty big yacht, isn't it? It's not really a
2 boat; it's a yacht?

2 A. It's a big boat.

7/93

1 Q. It's not a put-put; it's a big boat.

2 And Mr. Monticciolo used that boat for five days, did
3 he not?

4 A. He did.

5 Q. And he was the regional administrator at HUD when he used
6 that boat, was he not?

A. Yes.

8 Q. And you were doing everything you could to get these units
9 funded, giving Monticciolo your boat, contributing to Senator
10 D'Amato, contributing to Senator Dole, weren't you?

11 A. Yes.

12 Q. Did you ever give one penny to Ms. Dean?

w 13 A. No. I don't know her.

14 MR. WEHNER: Nothing further.

19 Q. Now, Mr. Rubi, on cross examination, you were asked a number
20 of questions about political contributions that you had made and
2 about the use of the boat, et cetera, and you stated that you did
2 make political contributions and you did allow the regional
2 administrator to use your boat.

2 A. Yes.

2 Q. In order to get the 150 units that would allow you to have

1065

1 300 units, did you feel that it was necessary to pay

2 Mr. Broussard and Mr. Sankin?

3 A. Yes, I feel absolutely necessary.

4 Q. And why was that? why was that?

5 A. Because he was claiming the control of those units.

2 Q. Mr. Wilson, I will be asking you questions. I'd ask you to

1 speak loud and clear so that everyone can hear you. Sir, will
2 you please state your name for the record, spelling your last
3 name?

4 A. James J. Wilson, w-i-l-s-o-n.

5 Q. Mr. Wilson, can you briefly describe your educational
6 background to the Ladies and Gentlemen of the Jury?

7 A. Civil engineer, graduated in 1955 Manhattan College, New
8 York. I've been involved in running a construction and building
9 business since 1957.

10 Q. Are you presently employed, sir?

11 A. I hope so. Yes.

12 Q. How are you employed?

13 A. I'm the CEO of Interstate General Companies and its related
14 companies.

15 Q. When you say CEO, is that chief executive officer?

16 A. Chief executive organization -- chief executive officer.

17 Q. Does that mean you're the boss?

18 A. Could be considered that, yes.

19 Q. How long have you been a CEO of this company?

20 A. 1957.

2 Q. what type of work does your company do?

2 A. We were involved in general contracting, building, real
2 estate, and home building.

2 Q. Have you conducted any business with your business in the
2 Commonwealth of Puerto Rico?

1067

1 A. Yes. We -I
started in business in Puerto Rico in April of
2 1957.

3 Q. what type of business did you do in Puerto Rico, sir?

4 A. Started in general contracting and then became
5 builder/developers, and now we own and operate in Puerto Rico
6 about approximately 4,000 units of apartments and approximately a
7 half-a-million square feet of commercial space, plus we continue
8 to do land development and home building.

9 Q. when you say a building/developing capacity is your
10 business, what are you referring to? Can you describe for the
11 jury what you do as a builder/developer?

12 A. well, as a, I'm going to eliminate the contracting part of
13 it, because we got out of that in 1972, and we concentrated on
14 building and development. we'll acquire a piece of ground,
15 design a project, whether it be an office building, shopping
16 center, or apartments, to meet the market demand, finance it,
17 have it constructed by other parties. After it's finished, we
18 will own it and operate it.

19 And that is primarily our business in Puerto Rico since
20 1972.

2 Q. In relation to your business, did you have an opportunity
2 during your professional career to work with the Department of
2 Housing and Urban Development?

2 A. All of the projects that we did in Puerto Rico from 1959 up
2 to the present time involve one way or another, either in the

1068

1 insurance program of the --at that time we referred to it as
2 FHA, which is the Federal Housing Administration. Today it's
3 referred to as HUD.

4 But in 1959, we built Section 207s, which were market
5 rate projects. Then we built rent supplement projects, which
6 were 236s. Then we built Section 8 projects, which were low- and
7 moderate-income housing projects. And all told in Puerto Rico,
8 we built in rental housing about 6,000 units and in sale housing,
9 which were also under HUD, various programs, about 15,000 units
10 all told.

11 Q. Now, Mr. Wilson, are you familiar with a program developed
CO
12 at the Department of Housing and Urban Development known as the
13 Moderate Rehabilitation Program?

14 A. Yes. I was familiar with that program, which really came in
15 during the early 1980s.

16 Q. Did you ever do any mod rehab work with the Department of
17 HUD?

18 A. We studied it, we looked at doing some, but we never did do
19 any.

20 Q. And why is that?

2 A. The -2

MR. WEHNER: Your Honor, could we approach?

2 THE COURT: Sure.

2 (Bench conference on the record.)

2 MR. WEHNER: I would request a proffer. We don't,

1069

1 there was no Jencks Act on this particular witness.
2 MR. O'NEILL: Yes. We turned over one.
3 MR. WEHNER: I haven't seen it. I mean, I don't -4
maybe I got it, but I've lost it.
5 MR. O'NEILL: Okay. I can get a copy.
6 MR. WEHNER: I'm not suggesting bad conduct.
7 MR. O'NEILL: The offer of proof is Mr. Broussard tried
8 to sell this man 150 units.
9 MR. WEHNER: what's he, what's he going to testify to?
10 THE COURT: what's he going to say about why he didn't
11 do anything?
12 MR. O'NEILL: Because he didn't get any.
13 THE COURT: Did he apply for some and didn't get any,
14 or did he just never bother to apply because he didn't have the
15 contacts?
16 MR. O'NEILL: He didn't have the contacts. He could
17 not get them. Then he's going to say that he was approached by
18 Tom Broussard. Tom Broussard tried to sell him 300 units. He
19 wanted to find out more. Broussard was very secretive about the
20 nature of the 300 units, and so he decided not to purchase the
2 units from him, pay him what he wanted.
2 MR. WEHNER: Judge, that's not in furtherance of a
2 conspiracy involving Ms. Dean. Nor is it in furtherance of any
2 conspiracy they've proved so far. Conversations between this
2 gentleman and Broussard about trying to locate these -- trying to

1070

1 sell these units by Broussard aren't in furtherance of a
2 conspiracy with Ms. Dean.
3
4
5
6
7
8
9
I mean, at this point, they don't have any evidence
linking Ms. Dean to unlawful conduct with regard to the units.
They've linked everybody else to them. But they have a
conversation where Ms. Dean says this application will be looked
on favorably. Now taken in the light most favorable to the
government, that's not a crime.
Then they have Sankin out there -10
THE COURT: Andrew Sankin is their tie.
CO
11
12
MR. WEHNER: We have Sankin and Broussard out there
hawking the units based on that conversation.
13 MR. O'NEILL: May I be heard, Judge?
14 THE COURT: Yes.
15
16
17
18
19
20
MR. O'NEILL: Judge, obviously I differ with Mr. Wehner
on that point. This is clearly in furtherance of a conspiracy in
that Ms. Dean, the government will show -- well, has already
shown -- spoke with Mr. Broussard about 150 units. He did not
have a developer at that time. He did not know Mr. Lopez Ballori

at that time. He did not know Mr. Rubi. He then went and

2
2
2
2
2

peddled those 150 units for a price that is not the way the program was designed.

We've heard a lot of the political nature. We know that congressmen backed projects. We know that senators backed projects.

1071

1 what happened here is she promised a bunch of units, or
2 if you don't want to use that word, she said he could get 150
3 units -4

MR. WEHNER: That's not what she said.

5 MR. O'NEILL: -- for a project.

6 Andy Sankin is going to say that presumably when he
7 testifies, that the units were going to them, that then these two
8 individuals sold them.

9 Andy Sankin will say during this course of time he is
10 running the Stanley Arms Apartments. That's a family-held thing.
11 He is providing legal services to her at no cost. He is buying
12 her gifts. He is taking her out to lunch. She's a public
13 official.

14 We contend that she should have recused herself from
15 those decisions. She shouldn't have any dealings whatsoever with
16 these individuals. That's what -- Mr. Wehner may not like it,
17 but that's what the theory of the prosecution is. Obviously, he
18 doesn't agree with it.

19 THE COURT: That conversations Broussard had with
20 anyone else trying to market what he thought, this commitment he
2 had would be part of the furtherance of the conspiracy between he
2 and Sankin and then Sankin and Ms. Dean to deprive the government
2 of her best services, basically?

2 MR. O'NEILL: Well, the units mean nothing unless you
2 can do something with them.

1072

THE COURT: I understand.

2 MR. O'NEILL: And unless she, she gives him units. So
3 what? The units are worth something. You don't have a man like
4 Cleofe Rubi willing to pay \$200,000 when he can give the legal
5 campaign contributions to big politicians. Clearly there was a
6 market for this stuff. They cashed in on that.

7 Now admittedly, we are not going to show that Deborah
8 Dean knew exactly how much they were being paid. We don't know
9 that. We only know it from the outside. But we've already heard
10 from everybody that there was a going rate with consultants.
11 We're going to hear that again from Mr. Sankin. We're
12 going to hear that from Mr. Kitchin, that there was a going rate
13 for these, that there was market value, these units were worth a
14 certain amount, and the government contends that goes directly to
15 this conspiracy.

16 THE COURT: Go ahead.

17 MR. WEHNER: Judge, No. 1, that may go to a conspiracy,
18 but there is insufficient evidence on the record that it involves
19 Ms. Dean, and that's what this case is about.

20 THE COURT: I know. That's what you said in the
21 beginning. Ultimately we'll see where it goes.

22 MR. WEHNER: No, sir. But in rebuttal, they, that is

allbinders as word for experiment.txt
23 to say, gifts and lunches and dinners and doing legal services
24 for no remuneration, those are not, those are not going to be
25 clear from the testimony, in my judgment, based on a reading of

1073

1 this Jencks, No. 1, and No. 2, that's exactly why this
2 bootstrapping is a problem, because I don't think Your Honor is
3 going to ultimately find that the preponderance was satisfied as
4 to these conspiracies, and we're going to be stuck with a lot of
5 co-conspirator statements on the record, and I think we're
6 getting to the point where the jury can't disregard them.
7 And this is so unrelated to Ms. Dean that I think it's
8 one of those that Your Honor should keep out at least until it's
9 connected up.

10 THE COURT: All right.

11 MR. O'NEILL: If I may say one thing, Your Honor?

12 THE COURT: All right.

13 MR. O'NEILL: Directing specifically to Mr. Rubi's
14 testimony that Mr. Broussard said the 300 units are coming from
15 Deborah Dean, I mean, yeah, clearly we haven't heard all the
16 evidence on Count 2, and there's going to be more, but that's
17 exactly what we're trying to show. She promised these units to
18 these people. Tom Broussard -19

19 THE COURT: My notes said he said he could get 150
20 units.

21 MR. O'NEILL: 150, I'm sorry. Mr. Wilson will say
22 Broussard offered him 300. Mr. Sankin will say it was 150 to
23 300.

24 MR. WEHNER: That's exactly the point. That's the kind
25 of co-conspirator statement that I submit is not properly

1074

1 admissible, and now we're even further afield than that.
2 THE COURT: I recognize the defendant's concern of
3 unringing a bell once rung in front of the jury, so that they
4 hear these statements even if the Court eventually decides that
5 there's no such evidence to go to the jury on these issues, but I
6 think the government has a legitimate proffer and does present at
7 least at this time to the Court a rational theory of proceeding
8 as to the conspiracy involving Mr. Sankin and Ms. Dean, assisted
9 by Mr. Broussard, that Sankin recruits to find the developers so
10 they can use promised -- looking at the evidence in the light
11 most favorable to the government at this time, so they can use
12 the promised units.

13 Otherwise, there's no effective conspiracy if that's
14 what the government alleges is what's happened. It's like
15 collecting money through some illegal scheme but there's no way
16 to use it unless you can find someone to launder it for you.
17 That's part of the conspiracy. I think the same thing would
18 apply here.

19 I'm satisfied at this time by the preponderance that
20 the government has made a sufficient proffer to allow this
21 conversation between Wilson and Broussard in as a co-conspirator
22 statement. Again, we'll await subject to connecting it up
23 whether the evidence is all tied up to the jury in this matter
24 and being able to go ahead with the trial. Mr. Wehner has
25 insisted it would have to be a mistrial. We'll wait and see.

1075

MR. WEHNER: Pardon me?

allbinders as word for experiment.txt

2 THE COURT: I think you insisted it would have to be a
3 mistrial if I had to throw out some of these counts eventually.
4 MR. WEHNER: That's the problem, Judge, but I also
5 think I would be remiss in asking for a mistrial if I hadn't made
6 the record clear as to my objections initially.
7 THE COURT: I understand.
8 MR. WEHNER: I would just like the record to reflect a
9 continuing objection through this witness so I don't have to jump
10 up and down every 10 seconds.
11 THE COURT: Anything that he refers to that's hearsay
12 involving other alleged co-conspirators.
13 MR. WEHNER: Thank you, Your Honor. That will save
14 time.
15 THE COURT: Okay.
16 (End of bench conference.)
17 THE COURT: All right, we're ready to go.
18 Do you want to have that question read back to you?
19 MR. O'NEILL: Yes, please.
20 (Question read.)
21 THE WITNESS: No, we did not.
22 BY MR. O'NEILL:
23 Q. And were you able to obtain mod rehab units?
24 A. The process changed prior to 19--
well, when we built the
25 Section 8s, they were suggested to what they called an RFP, where

1076

1 HUD would say they had X number of units available for Puerto
•
2 Rico, and we'd go in and make our proposal, and under that
3 program, we were successful in bidding on them, and I think we
4 got 3,000 units.
5 There was a change in the program sometime during the
6 early 1980s, where the traditional RFP was not the way of
7 distributing the, the moderate rehab units, and we didn't
8 participate.
9 Q. Now, Mr. Wilson, directing your attention to a time, did
10 there come a point in time when an individual approached you
11 about selling mod rehab units to you?

^ 7/93

ON DA

12 A. Yes.
13 Q. What -- can you tell us when approximately this occurred?
14 A. As I recall, sometime during the '85-'86 period, it could
15 have been a little bit earlier, at that time, I had, my residence
16 had changed to the United States, and I was living up in the

JQAD CO., 1

ED

cn

UJ

I

WE NJ 07002

18 and he said, "I have a gentleman that I had lunch with today that

,
PE^

19 wanted to joint venture a 300-unit Section 8 project in Puerto
20 Rico."
2

And I said to Don, I said, "How did he get 300 units of
2

section 8? I didn't know that they were, there were any units
2

available for Puerto Rico."

• 2 And Don said to me he didn't know, and he gave me the
2
fella's name, and I called him. As I remember, he was from

1077

1 California. And then I spoke to him on the phone, and I said to
2 him, "Obviously, we're interested in doing business on Section
3 8," because we had done a number of the units and we were
4 experienced and we knew how it worked and we knew how to make
5 them successful.
6 I had one conversation with him, and we agreed to meet
7 in Washington.
8 Q. Now you mentioned Don. Just for the record, who would Don
9 be?

10 A. Don Blakeman is our executive vice president in Puerto Rico.

11 Q. Now who is this person that you had the conversation with?

12 A. I believe his name is Broussard.

13 Q. Okay. Have you seen him since that date?

14 A. Not until yesterday and today, in the corridor. I saw him
15 coming out of the courtroom. I only met with him once, and so my
16 memory could be mistaken on that, but I think his name was
17 Broussard. I know it was the gentleman that left the courtroom.

18 Q. And did he leave the courtroom this morning?

19 A. Yes.

20 Q. Now, Mr. Wilson, can you describe this -- well, did this
2 meeting take place in Washington?

2 A. Yes. We, we set up a lunch meeting at the Madison Hotel.

2 Our attorneys were in the office building next to the Madison,
2 and I think it might have been breakfast, but it could have been
2 lunch. It would have been late breakfast. As I remember, it was

1078

1 a beautiful, sunshiny day.
2 And so the two of us met, and we discussed the proposed
3 300-unit project that he had for Puerto Rico, and my reason for
4 the meeting was to find out more about what he had.
5 Q. what were you able to find out?
6 A. well, the first thing that I established in meeting with him
7 was that we had been doing this kind of work in Puerto Rico, and
8 I wanted to know how he, living in California, how he could wind
9 up having 300 units in Puerto Rico and we, who are in Puerto Rico
10 all these years, didn't even know they were coming out. I wanted
11 to know how did he get him.
12 And he said, "That's my business."
13 And I'm not a shrinking violet, and I said, "Listen, my
14 friend, if we're going to do any business, I want to know the
15 details under which you have this, because I'm not interested in
16 playing games. Either this thing makes sense or it's legitimate
17 or else we're not going to do it."
18 And so he backed down a little bit, and he said, "well,
19 I have -- let me see if I remember the exact -- these were units
20 from the secretary's discretionary allocation."
2 I never heard of that, quite frankly. I didn't know
2 what he was referring to. And I said, "well, how does that
2 work?"
2 And he said, "well, it's none of your business how it
2 works."

1079

1 And I said, "well, if I'm going to be a partner, it
2 better damn well be my business, or else we're not going to be a
3 partner."
4 So he said, "well, we have these allocations, and our
5 company --" and I asked him about his company, and I didn't
6 really get any great encouragement that his company was
7 experienced in doing this kind of work.
8 And so the luncheon was fairly brief, because I'd come
9 to the conclusion that this so-called allocation that he had may
10 be suspect.
11 Q. Now, Mr. Wilson, you mentioned his experience. What did he
12 say was his experience in the housing area?
13 A. well, he was an attorney from, as I remember it, he was an
14 attorney from California. I don't know his, I never did check
15 into his background, but I, I think he was involved in
16 international law. So it was sort of strange for me to be
17 talking to someone about a joint venture with a Section 8 housing
18 project in Puerto Rico and, and not having been involved in that
19 kind of business. So anyway, that gave me a little bit of a
20 concern.
2 And then when we got to the discussion of how he got
2 them and where they came from, that was the reason I terminated,
2 I said, "well, I don't think we have any interest. I'd rather
2 pass."
2 As I recall, it was a very curt good-bye, and that was

1080

it.
2 Q. Did you tell him you were not interested in the units?
3 A. No, I said, "I'm not satisfied on the circumstances under

allbinders as word for experiment.txt
4 which these units are yours." Quite frankly, at that time, I was
5 assuming that he had found out that there was going to be 300
6 units assigned to Puerto Rico.
7 MR. WEHNER: Objection.
8 THE COURT: All right, I'll sustain the objection. He
9 can't talk about what he thinks somebody --

10 BY MR. O'NEILL:
11 Q. You can't say what you assume.
12 Did he ask you for an amount of money in return for
13 these units?
14 A. No. We never did get into a discussion of him selling
15 anything. Really the conversation with him was that he wanted to
16 be a joint venture partner on a 50-50 basis. We would build the
17 project. He'd own 50, and we'd own 50.
18 Q. And how many units was he talking about?
19 A. Three hundred.
20 Q. Now based on your experience at the Department of Housing
21 and Urban Development, was that the way allocations were made?
22 MR. WEHNER: Objection.
23 THE COURT: Can you ask for a time frame on this
24 question?
25 BY MR. O'NEILL:

1081

1 Q. Mr. Wilson, were you doing HUD-related work in 1985-'86?
2 A. Yes.
3 Q. Based on your experience -- well, based on your experience,
4 had you ever been approached before by a private individual who
5 was interested in starting up a project with you and had stated
6 they had possession of, of government funding?
7 MR. WEHNER: Judge, I object to the leading nature of
8 the questions.
9 THE COURT: All right, I'll sustain the objection.
10 BY MR. O'NEILL:
11 Q. When he was talking about mod rehab units, what was he
12 referring to?
13 A. Well, my understanding was he had the Section 8 allocation,
14 which we were familiar with, which basically guaranteed the, the
15 government would guarantee the rent of qualified people to live
16 in units, and we do that program very, very well, and we were
17 successful in bidding on units in Puerto Rico for the previous
18 1977 up through 1982 or '83. '82, I think.
19 Q. Who determines the funding in Puerto Rico?
20 A. The normal proceeding up until that point was that there was
2 an RF-, what they call an RFP, a request for proposals, where you
2 had to pre-qualify, where you had to prove that you could, you
2 had the expertise, you had the knowledge, and you had the
2 experience in operating the units, and then you would put in a
2 proposal to the HUD local office, and your, your site, there was

PENGAD CO-. BAYONNE, NJ 07002 • LASER BONDA

1 a criteria on which they award points for sites and amenities and
2 close to grocery stores and churches and schools and so forth,
3 and at the end, if your point score was high enough and your
4 project took X number of units, you would be awarded those units,
5 and then you would go on and build your project.
6 Q. Are you familiar with the local public housing authority in
7 Puerto Rico?

A. Yes.

9 Q. And did you work with them?

10 A. Yes. We built about 2,000 housing units for them. Not

11 Section 8, but public housing.

12 Q. Did this individual who you identified as Tom Broussard, or

•

13 at least the person you saw leaving the courtroom today, did he
14 mention whether he worked for the local public housing authority?

15 A. No, he did not.

16 MR. O'NEILL: I have nothing further. Thank you.

17 THE COURT: All right. Any cross?

18 CROSS EXAMINATION

19 BY MR. WEHNER:

20 Q. The Madison Hotel is located in downtown Washington, is it
2 not?

2 A. Well, downtown -- no, let me see. It's on 15th and L or M.

2 I guess that's M. Close to there.

• 2 Q. Did you go to HUD headquarters on that visit?

2 A. No.

1 Q. Did Mr. Broussard suggest that you should visit Ms. Dean at
2 HUD headquarters?

3 A. No.

4 Q. Do you have any recollection of ever having heard Ms. Dean's
5 name before you became involved in this trial?

6 A. I heard Ms. Dean's name mentioned before this trial, yes.

7 Q. By whom?

8 A. She was an executive at HUD.

9 Q. How do you remember the name being mentioned? Do you

10 remember it coming from Mr. Broussard?

11 A. I knew of her name around that time. I can't --it

I 12 certainly didn't come from Broussard. I remember that
13 conversation, so it did not come from Broussard.

14 Q. Have you ever met Ms. Dean?

15 A. I don't think --we might have met, but I don't think so.

16 Q. Have you ever --do you recall any conversation with

17 Ms. Dean?

18 A. I've never spoken to her, to my knowledge.

19 MR. WEHNER: Nothing further.

20 MR. O'NEILL: No redirect, Your Honor.

2 THE COURT: No redirect? All right.

2 Thank you, Mr. Wilson. You're excused.

2 (Witness excused.)

2 THE COURT: All right, Ladies and Gentlemen, let's take
2 our luncheon recess at this time, and we'll come back at 1:30 and

allbinders as word for experiment.txt
2 four today for another matter I have, for your planning, so we'll
3 take a recess at this time. t
4 Remember the admonitions of the Court again over lunch.
5 Please don't talk about this case among yourselves, with anyone
6 else, or let anyone refer to it in your presence.
7 Have a pleasant lunch. It looks like a good day. And
8 then we 'll see you back here at 1:30, ready to go this afternoon.
9 (Jury out.)
10 THE COURT: Is Mr. Sankin or Ms. Zagame or Nestle -11
who's this fellow?
12 MR. O'NEILL: Nistler, Judge.
13 THE COURT: Nistler?
14 MR. O'NEILL: And Sankin.
15 THE COURT: So that would take the rest of the day at
16 least.
17 MR. O'NEILL: I would think so.
18 THE COURT: Sure. Okay.
19 YOU' ll be a while with him.
20 MR. WEHNER: I think I'll be able to finish them,
2 Judge.
2 THE COURT: Do you think you can finish them today?
2 MR. WEHNER: I think I can finish those t:wo today.
2 THE COURT: All right.
2 MR. WEHNER: I mean, we basically did the long cross

1085

1 examinations on the housing commissioners.
2 THE COURT: All right.
3 MR. WEHNER: Unless I'm surprised by something, I don't
4 think there's going to be any reason to go through all the charts
5 and all the findings again with these witnesses.
6 MR. O'NEILL: Not with Nistler.
7 THE COURT: All right, good.
8 MR. WEHNER: Not with Nistler. So I think we'll
9 probably finish those two today.
10 THE COURT: And Mr. Nunn is tomorrow, you think?
11 MR. O'NEILL: No, Judge, Friday morning.
12 THE COURT: Oh, he's Friday morning. You said that
13 before. All right. Thank you then.
14 MR. WEHNER: I would like to just make the record
15 absolutely clear, Judge, as to my objections to the
16 co-conspirator hearsay statements.
17 THE COURT: Particularly as to Mr. Wilson's comments
18 about Mr. Broussard or any others?
19 MR. WEHNER: Or any others, Judge. I just don't want
20 to fail to make the record clear that as to Counts 1, 2, and 3, I
2 do not believe that there has been sufficient evidence to show by
2 a preponderance of the evidence that Ms. Dean was a member of the
2 conspiracy or that the statements were in furtherance of the
2 conspiracy.
2 THE COURT: All right.

1086

MR. WEHNER: I don't want to fail for Your Honor to
2 understand those three counts are the ones I'm referring to.
3 THE COURT: All right. That will be preserved for the
4 record.
5 MR. WEHNER: Yes.
6 MR. O'NEILL: Thank you, Your Honor.

19 (JAMES NISTLER, WITNESS FOR GOVERNMENT, SWORN)
20 DIRECT EXAMINATION
21 BY MR. O'NEILL:
22 Q Mr. Nistler, please answer all the questions that I
23 will put forth to you in a loud and clear way, so that
24 everyone can hear you.
25 Q Will you please state your name for the

1088

1 record, spelling your last name for the Court reporter?
2 A James T. Nistler, N-i-s-t-l-e-r.
3 Q Mr. Nistler, are you currently employed?
4 A Yes, sir.
5 Q How are you employed?
6 A I'm self-employed.
7 Q What do you do?
8 A I'm a real estate broker and mortgage broker.
9 Q How long have you been in that line of work?
10 A A real estate broker for the last 30 years. The
11 mortgage part the last couple of years.
12 Q Did there come a time when you went to work for the
13 United States Department of Housing and Urban

14 Development?
15 A Yes.
16 Q When did you go to work there?
17 A February of '84.
18 Q How long did you work at the Department of Housing
19 and Urban Development?
20 A Five years and a month.
2 Q I would direct your attention to the year 1986 and
2 I would ask you what was your position at HUD at that
2 time?
2 A Deputy Assistant Secretary for Single-Family.
2 Q If I may quickly so the jury can understand, where

1089

1 is that and what -I
know it's quite a distance from
2 you, but we moved it back so the jury can see the
3 bottom. Can you see it on here?
4 A Yes. I'm right there on the right.
5 Q That would be the position?
6 A Yes.
7 Q What were your duties and responsibilities in that
8 position, sir?
9 A Manage all of the insurance programs for single
10 family, the multi-family Title 10 land loans, managed
11 the servicing and property disposition, Title One,
12 manufactured housing, interstate line sales, and direct
13 responsibility for policy of the 81 offices.
14 Q Did you have any responsibility for the Mod Rehab
15 program?
16 A No.
17 Q I would direct your attention to September 19, 1986
18 and I'd ask you did there come a time when you were
19 asked to sign certain funding documents?
20 A Yes.
21 Q And can you describe what exactly happened? How
22 did you come to sign these documents?
23 A Well, I guess there's a little prelude before that
24 but -
25 Q Well, in describing it let me just admonish you,

1090

1 you cannot tell us what other people said. Just tell
2 what you did or what you saw?
3 A Well, I was told by the front office to sign some
4 papers.
5 Q And did you in fact sign the papers?
6 A Yes, I did.
7 Q How did you gain possession of them? Who brought
8 them to you?
9 A It was either Pam Patenaude or Nancy Murray, I'm

10 not sure which.
11 Q Now, when you signed these papers did you know what
12 you were signing?
13 A Not at first.
14 Q And why did you sign these?
15 A It was I guess because -- I had the duty that day.
16 So these papers needed to be signed. I reviewed them
17 and they were in proper order to sign them and I signed
18 them •

allbinders as word for experiment.txt

19 Q Now , the documents you signed, how would you
20 describe them? what were they, in generic terms?
2 A Authorizations for the region to - I'm not sure
2 the word was disburse but it was authorizations for the
2 region to proceed in funding these.
2 Q Did you know whether specific projects were being
2 funded?

1091

1 A No.
2 Q To your knowledge, was any -- were any particular
3 consultants or developers involved?
4 A Not that I knew.
5 Q Mr. Nistler, at this time I'll show you a document
6 which has previously been entered into evidence as
7 Government's exhibit 42E and I ask you if you recognize
8 that, sir?
9 A That's my signature.

10 Q Do you recall signing that?
11 A Yes.
12 Q And do you recall what date you signed that?
13 A It wouldn't have been the first day. It would have
14 been the second because I only signed three of them the
15 first day.
16 Q What date is marked on that?
17 A 19th.
18 Q Of?
19 A September, '86.
20 Q Now, you mentioned you signed documents on two
2 days?
2 A I believe it was two days.
2 MR. O'NEILL: I have no further questions.
2 Thank you.
2 CROSS EXAMINATION

1092

1 BY MR. WEHNER:
2 Q Mr. Nistler, my name is Steve Wehner and I
3 represent Deborah Dean. I think you've met her before.
4 You know her?
5 A Yes.
6 Q You worked at HUD the same time she did, is that
7 correct?
8 A Yes.
9 Q The two individuals you testified about on direct
10 by the names of -I'm
11 sorry, Your Honor, could we have
12 the Exhibit removed from the screen?
13 Excuse me, the two individuals which you said
14 brought you the list, what were their names again?
15 A Nancy Murray and Pam Patenaude.
16 Q who did they work for? who was their supervisor at
17 HUD, at that time? It was Silvio DeBartolmeis, was it
18 not?
19 A I can't answer that. I'm not sure.
20 Q Did they work for Miss Dean?
21 A I don't believe so.
2 Q Now, I'm going to try to talk about some of the

allbinders as word for experiment.txt
2 timing sequences on this series of events for a minute.
2 And do you recall the use of the word recission in
2 connection with various federal funds back in 1986?
2 Does that word mean anything to you?

1093

1 A Recision.
2 Q Recission, r-e-c-i-s-s-i-o-n, I think.
3 A I can't answer that. I don't know.
4 Q You don't know?
5 A No.
6 Q Do you recall a time in 1986 when the Office of
7 Management and Budget was basically forbidding federal
8 agencies from spending money that had already been
9 allocated by the Congress?
10 A Not specifically.
11 Q Do you remember generally?
12 A I remember -I
understand what it means.
13 Q What does recision mean to your understanding?
14 A Taking back what you've given.
15 Q Do you recall a time when there were certain HUD
16 funds that had been given to HUD to spend, and an effort
17 was being made by the Office of Management and Budget to
18 take those funds back?
19 A Not specifically.
20 Q Generally?
2 A Maybe.
2 Q Well, we need your best recollection.
2 A I hadn't -I
mean I was in Single-Family. I mean
2 none of that stuff happened in the Single-Family that I
recall.

1094

1 Q Okay. Fair enough. Do you recall that the day you
2 signed these forms was September 19th, the majority of
3 the forms was September 19, 1986.
4 A Yes.
5 Q And I'll show you exhibit 42E which you've already
6 seen, just to confirm that.
7 A Okay.

8 Q Now, do you recall what day of the week September

9 19th was?

10 A I'm just guessing, but I would say it was a

11 Thursday.

12 Q I'll show you a calendar for 1986 and ask you if
13 that refreshes your recollection as to what day of the
14 week September 19, 1986 was?

15 A It's a Friday.

16 Q September 19, 1986 was a Friday, isn't that
17 correct?

18 Isn't that correct?

19 A Yes.

20 Q Now, when you were told to sign the form, that was
2 on that Friday, September 19, is that correct?

2 A That piece of paper.

2 Q Did you have occasion to have any discussion with
2 anyone at HUD about Friday, September the 12th, and
2 whether certain funding decisions had been made the

1095

1 previous Friday that related to the document you were

2 signing?

3 A Not that I know of.

4 Q Isn't it true that the funding decisions you signed

5 had been determined a week before?

6 A I would have had no idea.

7 Q Do you have any recollection at all of when the

8 funding decisions were made?

9 A No.

10 Q That were reflected in the document you had to
11 sign?

12 A No.

13 Q September 19, 1986 was a Friday. Do you recall
14 whether Miss -- whether you saw Mr. DeBartolomeis in the
15 building on Thursday, Wednesday, Tuesday or Monday of
16 that same week in 1986? By that I mean the 18th, 17th,
17 16th or 15th?

18 A It was a Wednesday that I saw him last of that
19 week.

20 Q So he was in the building that week?

2 A On Wednesday.

2 Q Well, Wednesday before the Friday.

2 A Right.

2 Q Now, it was normally his job to sign off on these
2 funding decisions, isn't that correct?

1096

1 A Yes.

2 Q And you were signing for him as the appropriate

3 authority in his absence?

4 A Yes.

5 Q Did you check the funding documents that you signed

6 to determine if the Mod Rehab projects that had been

7 approved and were signed off on -- by you were the same

8 ones that had been approved by the Office of the

9 Secretary?

10 A I did not.

11 Q So you don't know, for example, if
12 Mr. DeBartolomeis stuck one in or snuck one in that had
13 not been approved by the Office of the Secretary?

14 A Everyone that I signed had been signed off by Ross
15 Kumagai, if I pronounced it right. That basically told
16 told me that the funds were there and it was okay for me
17 to sign.

18 Q Do you know -- you wouldn't know, for example, if
19 Mr. DeBartolomeis had added a project to the list for
20 you to sign in Oklahoma in which Philip Winn had a
2 financial interest in the project?

2 A No, I would not know.

2 MR. WEHNER: Nothing further, Your Honor.

2 THE COURT: Redirect?

2 MR. O'NEILL: Yes, quickly.

1097

1 REDIRECT EXAMINATION

2 BY MR. O'NEILL:

3 Q Mr. Nistler, on September 19th, 1986 do you know if
4 Mr. DeBartolomeis was in the office or on vacation? Do
5 you know where he was?

6 A I don't know where he was. He was not in the
7 office.

8 MR. O'NEILL: Nothing further, thank you.

9 THE COURT: Thank you, Mr. Nistler. You may
10 step down.
11 MR. O'NEILL: Your Honor, the Government would
12 next call Andrew Sankin.
13 (ANDREW SANKIN, WITNESS FOR GOVERNMENT, SWORN)
14 MR. O'NEILL: Your Honor, may we approach one
15 quick second?
16 THE COURT: All right.
17 (Bench conference)
18 MR. O'NEILL: This is one of the gentleman
19 that we handed up the immunity agreement for, Judge.
20 THE COURT: Yes, I signed them and I gave them
2 to Mr. Crowley earlier this morning.
2 THE DEPUTY CLERK: Do you need them up here
2 now?
2 MR. O'NEILL: I don't need one •
2 Steve probably needs one.

1098

1 MR. WEHNER: I'd like to have one. I'd just
2 like to put on the record that I asked of Mr. O'Neill
3 prior to the sessions if he knew of any particular
4 reasons, under Brady, as to why this witness had
5 requested a second immunity grant and he stated he knew
6 of none. I only asked that because I found it somewhat
7 unusual.
8 THE COURT: I've given you an extra copy of
9 the one for Mr. Sankin which includes the motion as well
10 as the Order that was attached, that I signed. There's
11 one for Mr. Nunn as well.
12 MR. WEHNER: Thank you, Your Honor.
13 MR. O'NEILL: Your Honor, I will state for the
14 record Mr. Wehner is correct. He did inquire of me, and
15 both of their attorneys had asked for it. I know of no
16 reason why, Your Honor.
17 THE COURT: Nothing new has come up that
18 you're aware subsequent to signing the first Order.
19 MR. O'NEILL: That's correct.
20 MR. WEHNER: That's why we asked.
2 (Bench conference concluded)
2 THE COURT: All right.
2 BY MR. O'NEILL:
2 Q Mr. Sankin, I'll be asking a series of questions.
2 Please respond in a loud and clear voice so that

1099

1 everyone can hear you.
2 will you please state your name for the
3 record, spelling your last name for the Court reporter?
4 A My name is Andrew Sankin, S-a-n-k-i-n.
5 Q I'd ask you to speak into the microphone.
6 A Andrew Sankin, S-a-n-k-i-n.

7 Q Mr. Sankin, are you testifying today pursuant to a

8 grant of use immunity?

9 A Yes.

10 Q Have you acquired an additional immunity Order so
11 that you will testify at trial today?

12 A That's correct.

13 Q Sir, what is your present occupation?

14 A I'm an attorney but I work at primarily real estate
15 finance.

16 Q When you say real estate finance, what type of work
17 do you do?

18 A I structure acquisitions of multi-family housing
19 properties and I raise equity for these acquisitions as
20 well.

2 Q Mr. Sankin, you can pull this all the way down.

2 There you go. And try to speak into it because I'm sure
2 some of the jurors are going to have trouble hearing
2 you.

2 Sir, can you briefly describe your educational

1100

1 background?

2 A I have an undergraduate degree in government and

3 politics from the University of Maryland. I have a law

4 degree from Georgetown University Law Center and I have

5 a master of business administration, finance and real

6 estate from the Wharton School of Finance at the

7 University of Pennsylvania.

8 Q Mr. Sankin, do you know the defendant Deborah Gore

9 Dean?

10 A Yes, I do.

11 Q How do you know the defendant?

12 A I know her both socially and professionally.

13 Q When did you first meet the defendant?

14 A I met the defendant in the early 1980's.

allbinders as word for experiment.txt

15 Q And how did you first meet the defendant?
16 A I was friends with Silvio DeBartolomeis and he in
17 turn was both a friend and a co-worker of Deborah Dean.
18 Q Where did you first meet the defendant Deborah Gore
19 Dean?
20 A I don't recall specifically.
2 Q Now, sir, when did you graduate from law school?

2 A 1984.
2 Q Did there come a time after you graduated from law
2 school that you began to work as a consultant on matters
2 involving the United States Department of Housing and

1 Urban Development?
2 A Yes.
3 Q And when did that occur?
4 A That would have been for all intents and purposes
5 concurrent with my graduating from law school.
6 Q Do you know an individual by the name of
7 John Rosenthal?
8 A I do.
9 Q And who is Mr. Rosenthal?

10 A Mr. Rosenthal is a real estate developer in
11 Pennsylvania and was a client of mine.
12 Q How did you come to meet Mr. Rosenthal?
13 A Mr. Rosenthal was referred to me by another client
14 of mine, Berel Altman.
15 Q Did there come a point in time that you became
16 involved in a project of Mr. Rosenthal's known as the
17 Necho Allen Hotel?
18 A Yes.
19 Q Where is that project located?
20 A I believe it's in Pottsville, Pennsylvania.
21 Q And what if anything did you do as a consultant in
22 relation to the Necho Allen Hotel?
23 A Assembled a variety of materials into a package
24 that was presented to the Department of Housing and
25 Urban Development requesting a waiver by the Secretary

1102
1 in order to get special rental.
2 Q Now, you say you put a package together. To whom
3 did ; fou give that package?
4 A The package was delivered to -- if not Deborah
5 Dean , somebody on her staff.
6 Q well, who was it?
7 A I believe it was Deborah Dean that we gave the
8 package to.
9 Q Did there come a point in time that you learned

10 that the exception rents had been granted on Necho
11 Allen?
12 A Yes.
13 Q How did you learn that?
14 A I don't recall who told me, but I did receive a
15 copy of a document signed by the Secretary indicating
16 that the appropriate regs had been waived and this
17 property could move forward.

allbinders as word for experiment.txt

18 Q From whom did you- get that document?
19 A I don't recall specifically.
20 Q Now, Mr. Sankin, were you paid for your services on
2 Necho Allen?
2 A Yes, I was.
2 Q What did you do on that project?
2 A What was my work product?
2 Q Yes.

1 A I discussed the project in some detail with the
2 client and tried to understand what the issues were. I
3 did economic analysis of the property because we were
4 requesting a rent level so we had to demonstrate that
5 the rent level that was permitted wouldn't work and
6 wouldn't make it viable. Assembled letters of support
7 from local politicians saying that this was worthwhile.
8 Other exhibits that may tend to further this case. And
9 then it was my job to act as an advocate on behalf of
10 the client with HUD and with Deborah Dean.
11 Q Now, you say act as an advocate. What did you do
12 at HUD?
13 A Present this package of material and tried to -14
14 Q who did you present it to?
15 A To Deborah and several members of her staff.
16 Q Was there a formal meeting?
17 A Yes, and my client was present as well.
18 Q Who did you set up the meeting with?
19 A Present at the meeting were -20
20 Q How was the meeting set up?
2 MR. WEHNER: Objection.
2 THE COURT: I think he misunderstood the
2 question. Ask him first how the meeting was set up,
2 before who was there.
2 BY MR. O'NEILL:

1104

1 Q How was the meeting set up?
2 A I don't recall. I suppose I called Deborah and her
3 secretary and arranged to set the meeting up.
4 Q Did you set up the meeting with anybody else?
5 A Honestly, I don't remember the mechanism of
6 establishing the meeting.
7 Q Why did you contact the defendant Deborah Gore Dean
8 on the Necho Allen project?
9 A It was my understanding that the only way we could

allbinders as word for experiment.txt
10 achieve what was required in order to make this property
11 viable was to get a waiver of a particular reg by the
12 Secretary and it was my understanding that Deborah Dean
13 was the person to speak with that was in such a position
14 to, you know -
15 Q What was that understanding based on?
16 A She was the Secretary's Executive Assistant.
17 Q Why not go to the Secretary?
18 MR. WEHNER: Objection.
19 THE COURT: I'll sustain the objection as to
20 relevance.
2 BY MR. O'NEILL:

2 Q What were you seeking on Necho Allen?
2 A We were seeking a waiver of a particular reg to
2 allow us to get exception rental on this property.
2 Q And did you have an understanding who had the

1105

1 authority to waive that particular reg?

2 A The Secretary.

3 Q So I would repeat, why did you not go to the

4 Secretary to get this waiver?

5 MR. WEHNER: Objection, Your Honor.

6 THE COURT: Approach for a minute?

7 (Bench conference)

8 THE COURT: Originally I didn't see the

9 relevance but when he asked the question it seemed to

10 make it more relevant to tying into Deborah Gore Dean
11 why he went to her instead of the Secretary. Your
12 objection is?

13 MR. WEHNER: My objection is that he's about
14 to get into, I think, the same kind of hearsay maybe
15 that was previously partly recognized by the Court to be
16 with respect to the conspiracy and I don't want him to
17 be able to lead the witness into it. I haven't made a
18 lot of objections but I don't feel like he should be
19 permitted with this witness to lead him into that.

20 THE COURT: I'm going to allow the question at
2 this time and you can ask him is there any particular

2 reason he went to Miss Dean as opposed to going to the
2 Secretary.

2 MR. WEHNER: Okay.
2 (Bench conference concluded)

110 6

1 THE COURT: All right. You can rephrase it.
2 MR. O'NEILL: Thank you, Your Honor.
3 BY MR. O'NEILL:
4 Q Mr. Sankin, was there any particular reason that
5 you went to see the defendant Deborah Gore Dean rather
6 than the Secretary of the Department of Housing and
7 Urban Development?
8 A I had a personal relationship with Deborah Dean and
9 I did not have such a relationship with the Secretary.

10 Q Did there come a time that you were paid for your
11 services on that project?
12 A Yes.
13 Q And how much did you receive?
14 A I believe it was \$10,000.
15 Q Mr. Sankin, did there also come a point in time
16 where John Rosenthal asked you for your assistance on
17 another project?
18 A Yes.
19 Q And what project was that?
20 A Regent Street Apartments in Philadelphia.
2 Q Did you contact anyone at HUD concerning this
2 project?
2 A I did.
2 Q And who did you contact?
2 A I called Deborah Dean.

1 Q What did you ask of her? What did you request of
2 her, if anything?
3 A I asked if there was any possibility of receiving
4 Mod Rehab funding for this housing authority and this
5 property.
6 Q Now, again, where was this property located?
7 A Philadelphia.
8 Q Did there come a point in time where you learned
9 that Regent Street had been awarded Mod Rehab funding?

10 A Yes.
11 Q And from whom did you learn that information?
12 A I learned that directly from Deborah Dean.
13 Q Were you paid for your services on Regent Street?
14 A Eventually. Sometime later, yes.
15 Q And how much were you paid?
16 A I believe it was ten or \$11,000 for that as well.
17 Q Now, Mr. Sankin, do you know an individual by the
18 name of Thomas Broussard?
19 A I do.
20 Q And did there come a point in time where you
2 contacted Thomas Broussard about working together on a

2 moderate rehabilitation project?
2 A Yes.
2 Q Can you tell the ladies and gentlemen of the jury

2 how you came about to contact Mr. Broussard?

1108

1 A well, I had known or been aware of Mr. Broussard

2 previously when I worked at another consulting firm

3 while I was in law school, the Phoenix Associates, and

4 when I started working on my own I contacted

5 Mr. Broussard and suggested -- just introduced myself

6 and suggested that maybe at some point in the future

7 something might arise which would give us occasion to

8 work together.

9 Q And why did you contact him when you wanted to work
10 on a consultant project? How did it come about that you
11 contacted Mr. Broussard at this time?

12 Do you understand the question?

13 A Yes, I think so. There came a point when I learned
14 that there was certain Mod Rehab funding that had been
15 made available for the Commonwealth of Puerto Rico that
16 had been, I forget the term of art, but had been
17 allocated for a certain housing authority but there was
18 now the possibility that it was going to be taken back
19 by the Secretary and put back again. And so it was open
20 for competition.

2 I had approached Miss Dean and asked her if

2 there might be some opportunity for me to try to solicit

2 a client and compete for this funding. She indicated to

2 me that she did not feel I was experienced enough to

2 work with this program and I asked her if -- if I worked

1109

1 with somebody that was more experienced, would that be
2 better, and she asked me who I had in mind, and since I
3 had already laid a foundation with Mr. Broussard I
4 suggested Tom Broussard, and she said that that would be
5 fine. And, thereupon, I contacted Mr. Broussard and we,
6 in fact, did work on this together.

7 Q why did you contact the defendant Deborah Gore Dean
8 about getting involved in this Mod Rehab funding in
9 Puerto Rico?

10 MR. WEHNER: Your Honor, could we approach?

11 THE COURT: All right.
12 (Bench conference)
13 THE COURT: Yes.
14 MR. WEHNER: Your Honor, this is the exact
15 problem. There is no testimony that Deborah Gore Dean
16 did anything unlawful or improper in this testimony.
17 And it's coming in through hearsay through the back door
18 in terms of why did you do it, and that's the evidence
19 that's trying to connect Miss Dean with criminal
20 conspiracy and, Judge, he's not going to be able to
2 testify to that. I don't want to come up to the bench
2 every time, but this is the way it's going to fall.
2 THE COURT: what do you have to say?
2 MR. O'NEILL: Maybe I'm missing something.
2 what is the hearsay, Your Honor?

1110

1 MR. WEHNER: well, the hearsay is what did she

2 say to you.

3 MR. O'NEILL: That's not hearsay.

4 THE COURT: That's the defendant's statements.

5 MR. WEHNER: Judge, when he follows that with

6 saying why did you do it the response to that, is by

7 definition hearsay. You can't get around it. Because

8 there's no source for the information.

9 THE COURT: well, let's see if you can follow
10 it up with that question. I think he's talking now
11 about what he talked to Miss Dean about and then he's
12 talking to Mr. Broussard and getting back to Miss Dean
13 about the projects. I don't follow the objection right
14 now. I followed it before but I don't follow it now.

15 MR. WEHNER: I'll try to be more specific.
16 when Mr. O'Neill says did you talk to Deborah Gore Dean
17 and he responds to what she said, and that is in my
18 judgment a strictly neutral statement on her part. In
19 other words, it can't be inferred in the light most
20 favorable to the Government to mean criminal activity.

2 THE COURT: I'm going to overrule the

2 objection.

2 MR. WEHNER: That the follow up as to why he
2 did a certain act is hearsay as to Miss Dean.

2 THE COURT: Let me see if we get to that, but

1111

1 right now I think he's talking about what Miss Dean said
2 to him. That's the context of the questions. It's
3 overruled.
4 MR. WEHNER: Okay.
5 (Bench conference concluded)
6 THE COURT: All right. Go ahead, sir.
7 MR. O'NEILL: would you read back the
8 question, please?
9 (Question repeated by the reporter)
10 THE COURT: I'll allow it. Overruled.
11 A It was my understanding that she was a decision
12 maker in the Mod Rehab process and she was the highest
13 ranking official of the department that I knew.
14 Q what if anything did you tell Thomas Broussard -15
MR. WEHNER: Excuse me, Your Honor, just for
16 the record, I'd like to renew my previous objection.
17 THE COURT: All right. It's overruled.
18 BY MR. O'NEILL:
19 Q what if anything did you tell Mr. Broussard
20 about -- well, withdrawn? what if anything did you tell
21 Thomas Broussard during this telephone call?
22 A I had a series of conversations with him. I'm
23 afraid I can't point to a particular telephone call and
24 say it was discussed during a particular call.
25 Q Let me ask you this, how many telephone calls did

1112

1 you have?

2 A A great many.

3 Q Can you tell the ladies and gentlemen of the jury

4 what was discussed during these telephone

5 conversations? what did you say to Mr. Broussard?

6 A would you like me to try to summarize?

7 Q To the best of your recollection as to what was

8 said by you during these conversations.

9 A Mr. Broussard and I discussed the amount of funding
10 available in total. we discussed the amount of funding
11 we thought was possible for us to get. We discussed the
12 identification of clients. we had discussed roles that
13 each of us would take. There came a time when we
14 actually traveled to Puerto Rico together. We discussed
15 that. A great many things.

16 MR. WEHNER: Objection, and I move to strike
17 it for the reasons previously stated.

18 THE COURT: All right. It's overruled at this
19 time based upon the rulings I've made.

20 BY MR. O'NEILL:

2 Q Now, you mentioned during those discussions with

2 Mr. Broussard about the amount of funding that you
2 expected to get.

2 A Yes.

2 Q You just stated that.

1113

1 A Yes.

2 Q what are you referring to?

3 A The number of Mod Rehab units.

4 Q From whom did you learn you could get Mod Rehab

5 units?

6 A I'm not sure I understand the question. From whom

7 did I learn that the department had funding available or

8 from whom did I learn that I specifically would be able

9 to work towards getting some.

10 Q Let's start with the former and then go to the
11 latter. From whom did you learn that the Department had
12 funding available?

13 A With regard to the former, my recollection is that
14 it was common knowledge that -- I think that there was a
15 lawsuit that had been filed. This was something that
16 was quite well known, that there was a controversy
17 regarding this funding for Puerto Rico, and that was the
18 root of my approaching Miss Dean in the first place to
19 ask her if it was possible to compete for it.

20 Q Now, individually, did there come a point in time
2 where you learned that you could get funding?

2 A Well, in the initial conversation with Miss Dean
2 that I already mentioned, I asked if it were possible to
2 do that, and she said yes. If -- based on working with
2 Mr. Broussard.

1114

1 Q Did there come a point in time in your
2 conversations with the defendant Deborah Gore Dean that
3 a specific amount of Mod Rehab units were mentioned?

allbinders as word for experiment.txt

4 MR. WEHNER: Your Honor, I object to the
5 leading nature of the question.
6 THE COURT: I'll overrule it at this time.
7 It's all right
8 A My recollection is that 150 units of funding were
9 discussed.
10 Q Now, when these conversations were taking place,
11 did you have a client?
12 A No.
13 Q Did there come a point in time where you did get a
14 client?
15 A Yes.
16 Q How did you go about getting a client?
17 A As I recall, we did two things. We -18
18 Mr. Broussard and I obtained lists from the local
19 housing authorities in Puerto Rico of developers and
20 properties who had made application for units
21 previously, and this is a ranking of properties, and my
22 understanding is that if the funding was reallocated it
23 had by regulation to go to one of the properties or
24 2 developers -- one of the properties, to be specific, who
25 2 had already been ranked by a particular housing

1115

1 authority in Puerto Rico. So we examined the lists and
2 contacted developers whose properties appeared on this
3 list to see whether they desired representation. And
4 I'm sorry, the other method was, I believe, that
5 Mr. Broussard contacted the HUD regional director who I
6 think was Joe Monticciolo and inquired of him whether he
7 could recommend anybody.

8 Q Did there come a time when you spoke with possible
9 developers in Puerto Rico?
10 A Yes.
11 Q who did you speak to?
12 A The only developers that I remember were the ones
13 that ended up being our client, although I know we spoke
14 with other people as well, but that's long gone and --
15 which was -- the name of the developer was Cleofe Rubi.
16 Q Now, you mentioned Cleofe Rubi and others you don't
17 remember. What if anything did you tell these
18 individuals?
19 A We told them that we could help get Mod Rehab for
20 them for their properties. That working with us they
21 had a good chance of doing this.

2 Q Did you ever tell them the specific amount?

2 A Yes, we did.

2 Q What was it?

2 A In fact, we wrote a contract with them based on 300

1116

1 units.

2 Q How did you come to the figure of 300 units?

3 A I think that they had indicated that they thought
4 they could get 150 units and Tom and I, Tom Broussard
5 and I felt that we could get 150 units as well. That's
6 where the 300-unit number came from and, in fact, the
7 150 units would not have worked for them because they
8 needed 300 units to complete this project.

9 MR. WEHNER: I'll object for the reasons
10 stated previously.

11 THE COURT: I'll allow it. Overruled.

12 BY MR. O'NEILL:

13 Q Mr. Sankin, you mentioned that agreement. What did
14 that agreement provide for in terms of a consulting
15 fee?

16 A Let me clarify this with you, Mr. O'Neill. There
17 were actually two agreements. Two separate agreements.
18 One with Mr. Broussard and one with myself. Do you want
19 me to answer collectively or individually?

20 Q Well, let me ask it again. As to the attorney
2 agreement, who signed that agreement?

2 A Mr. Broussard.

2 Q As to the consultant agreement, who signed that?

2 A I did.

2 Q What was the amount of money that you were to be

1117

1 paid pursuant to the contract?

2 A Pursuant to my consultant agreement, \$100,000 in

3 four installments over five years with I think it was a

4 five percent residual interest in any refinancings of

5 the property for sale.

6 Q What was the amount of money that Tom Broussard was

7 to be paid on the project?

8 A It was identical, I believe.

9 Q Was there a separate agreement as well entered into
10 between yourself and Mr. Broussard?

11 A Yes, there was.

allbinders as word for experiment.txt

12 MR. WEHNER: Objection, Your Honor. Leading.
13 THE COURT: All right. I'll allow it. It's
14 overruled.
15 You may continue.
16 BY MR. O'NEILL:
17 Q what if anything was that agreement?
18 A Our agreement was -- was that any default on one
19 would be viewed as a default against the other and that
20 in the event that less than the full amount of both
2 contracts was paid, that we would share any fees

2 equally, and that if it was necessary to spend money on
2 collection, that we would share that expense.
2 Q what was the name of the project that Mr. Rubi and
2 Mr. Ballori had?

1118

1 A Alameda Towers.
2 Q Did there come a point in time where you were paid
3 for your services on the Alameda Towers project?
4 A We received a partial payment of our contract.
5 Q How much did you receive?
6 A I believe it was \$75,000.
7 Q Do you know how much Tom Broussard was paid?
8 A The same amount.
9 Q Did there come a point in time, Mr. Sankin, that
10 you worked as a consultant on additional HUD matters?
11 A Yes.
12 Q what was the next project in terms of time that you
13 worked on?
14 A I could tell you what they were. The chronology of
15 them is fuzzy. We -I
worked on Foxglenn Apartments,
16 also known as Kennedy Woods, and Eastern Avenue
17 Apartments. With respect to the Mod Rehab program. I
18 also did other things unrelated to the Mod Rehab
19 program.
20 Q Let's begin with the Foxglenn project. Did you
2 work with anyone on that project?
2 A I did.
2 Q With whom did you work?
2 A Rick Shelby.
2 Q who is Rick Shelby?

1119

1 A Rick Shelby is a political consultant in
2 Washington.
3 Q How did you come to work with Rick Shelby?
4 A I was referred to him by Miss Dean.
5 Q what did the defendant say about Rick Shelby?

6 A She said he was a quality person.

7 Q Did you, in fact, contact Mr. Shelby?

8 A I did.

9 Q What if anything did you say to him?

10 A I told him that I had been working with HUD but
11 that I wanted to work with another person so that his --
12 I wanted to limit my direct involvement. Number one.
13 And I wanted to limit my direct involvement, number one,
14 and number two, I wanted to increase my chances of
15 helping my clients, and Mr. Shelby was well respected

16 and well established and I felt his involvement would do

17 that.

18 Q What was the reason for wanting to limit your

19 involvement?

20 A Principally my relationship with Silvio
2 DeBartolomeis.

2 Q Who is Silvio DeBartolomeis?

2 A Silvio DeBartolomeis was a political appointee of
2 the Department of Housing and Urban Development and he
2 had been a close friend have mine from when we were

1120

1 teen-agers.

2 Q What do you mean you wanted to limit your

3 involvement with Silvio DeBartolomeis?

4 A I think we both felt that direct dealings between

5 Silvio and I would give an appearance of impropriety.

6 Q At the time you contacted Mr. Shelby, were you

7 working on any particular project?

8 A I think -- I believe I started working on the

9 Foxglenn Apartments at that time.

10 Q You mentioned the Poxglenn Apartments. Where are
11 they located?

12 A In Prince Georges County, Maryland.

13 Q Did you have a client who was the developer of that
14 project?

15 A I did, and they had been my client for sometime
16 prior to that.

17 Q Who was that client?

18 A It was Altman Brothers Realty.

19 Q Did you contact anyone at HUD headquarters
20 concerning the Foxglenn project?

2 A Yes, I did.

2 Q who did you contact?

2 A I spoke with Miss Dean.

2 Q What was your reason for speaking to the defendant?

2 A As I discussed, she was the highest ranking

1 official at HUD that I knew. She wasn't

2 Mr. DeBartolomeis. And it was my understanding she was
3 a decision maker in the Mod Rehab funding.

4 Q How many times did you speak with the defendant on
5 the Foxglenn project?

6 A I don't recall.

7 Q Is it more than once?

8 A I think so, but it's important to understand what
9 the dynamics of the relationship between Mr. Shelby and

10 I was. It was my job to work with the developer, with
11 local housing authorities in any real estate related or
12 lower tier matter, if you would. Whereas Mr. Shelby's
13 primary function would have been to deal with HUD
14 Central and Miss Dean, among other people. We -- there
15 was some overlap, so --

16 Q Did your contacts with the defendant Deborah Gore
17 Dean -- withdrawn. As to your contacts with the
18 defendant Deborah Gore Dean, were they business,
19 social? How would you describe them?

20 A Both.

2 Q To your knowledge, was the defendant Deborah Gore

2 Dean aware of your involvement in the Foxglenn project?

2 A Yes.

2 Q How do you know that?

2 A If nothing else, she certainly knew that I was

1 working with Rick Shelby and Mr. Shelby would ask her

2 about this property and I'm certain I discussed it with

3 her from time to time as well.

allbinders as word for experiment.txt
4 Q Did there come a point in time where you learned

5 that the Foxglenn project in Maryland had been funded?

6 A Yes.

7 Q How did you learn that?

8 A I believe Mr. Shelby told me.

9 Q Were you ultimately paid for your services on the
10 Foxglenn project?

11 A Yes.

12 Q How much did you receive?

13 A I think it was \$110,000.

14 Q After the Foxglenn project, did you have an
15 opportunity to work on another project with a

16 consultant?

17 A Yes.

18 Q And what was that project?

19 A Eastern Avenue Apartments.

20 Q And with whom did you work as a consultant?

2 A I continued to work with Mr. Shelby with the same
2 client.

2 Q Where are the Eastern Avenue Apartments located?

2 A It physically straddles the line between the
2 District of Columbia and Prince Georges County, on

1123

1 Eastern Avenue.

2 Q Did you have any contact with anyone at HUD

3 headquarters concerning Eastern Avenue?

4 A The identical series of contacts as with Foxglenn

5 Apartments.

6 Q With whom did you have contact at HUD headquarters?

7 A Rick Shelby, and through Rick Shelby to Deborah

allbinders as word for experiment.txt
8 Dean, and I'm certain I mentioned it to her a couple of

9 times but --

10 Q Who was your client on Eastern avenue?

11 A It was Altman Brothers Realty.

12 Q Did there come a point in time where you were paid
13 for your services on this project?

14 A In part.

15 Q How much were you paid?

16 A I think it was 20, \$21,000.

17 Q During your work on the Eastern Avenue project, did
18 you and Mr. Shelby have a disagreement?

19 A I don't think we had a disagreement.

20 Q Did there come a point in time where you and
2 Mr. Shelby did not do any work together again?

2 A Yes, that's correct.

2 Q And what precipitated that?

2 A The client, Altman Brothers, was upset with a
2 conversation that I had with the head of the Prince

1124

1 Georges County Housing Authority.

2 Q Without telling us what the head of the Prince

3 Georges County Housing Authority said, what did you say

4 to that person?

5 A I told the head of the housing authority what I had

6 been hired to do which was to get Section Eight Mod

7 Rehab funding for her housing authority.

8 Q Now, to your knowledge was the defendant Deborah

9 Gore Dean aware of your involvement in the Eastern
10 Avenue project?

11 A I think so.

12 Q Now, during this period that you were engaged in
13 the business of being a consultant, were you also
14 engaged in the business of property management?

15 A Yes.

16 Q What is property management? How would you
17 describe that?

18 A For a commercial property, a property manager is
19 responsible for collecting rents, for paying all the
20 bills, for making sure that the physical upkeep of the
2 property is being done, and for running the business of

1 managing that real estate.
2 Q When did you first become involved in the business
2 of property management?
2 A Well, I had been -- my grandfather and my father

1125

1 had both been in the real estate business, in the
2 apartment business, so I had -- and I had worked in that
3 from time to time. Independently, it would have been
4 1984 when I established my own firm.
5 Q Aside from the family businesses what is the first
6 property that you managed?
7 A Stanley Arms Apartments.
8 Q What is the Stanley Arms Apartments?
9 A The Stanley Arms Apartments is a 40-unit apartment
10 building at 1125 12th Street in the District, Northwest.
11 Q Who owned the Stanley Arms Apartments?
12 A At the time the apartments were owned by the H.
13 Grady Gore estate.
14 Q And how did you come to manage the Stanley Arms
15 Apartments?
16 A By virtue of discussions I had with Deborah Dean.
17 Q What did you say to her? What did she say to you?
18 A My best memory is that -- that I had known that
19 this apartment building belonged to her family and we
20 had discussed it.
2 Through those discussions I learned something
2 about how the building was being managed and who managed
2 it. I told her that -- that I thought they were doing
2 things poorly and -- and -- I don't remember whether I
2 said why don't you let me manage this or whether she

1126

1 said -- if she said, Andy, if you can do better why
2 don't you do it, but we came to a meeting of the minds
3 and it was agreed that I would take over management of
4 this building.
5 Q When was that decision made?
6 A I think it was 1984.
7 Q How long did you manage the Stanley Arms
8 Apartments?
9 A Until the property was eventually sold which I

10 think was 1989.

11 Q what type of work did management of the Stanley

12 Arms Apartments entail?

13 A All the things I just described. The property was,
14 in my view, in substandard condition in many ways and
15 so - and not financially well off, so it was - it was
16 a difficult property management job to bring the
17 property up physically and to improve the financial
18 conditions on it.

19 Q Did you manage the property by yourself?

20 A Well, I had staff. There was a maintenance person
2 on site. I had a bookkeeper. I had other property

2 management maintenance staff that would go from time to
2 time. I was primarily responsible.

2 Q Now, you stated it was a problem property. With
2 whom would you deal when confronted with problems in the

1127

1 management of the building?

2 A My primary contact in this case would have been
3 Miss Dean.

4 Q When you did not deal with Miss Dean who
5 your next contact?

6 A I dealt with -- with General Mitchell, a:
7 from time to time with Miss Dean's mother, he
8 Jamie Gore. I think that's about it.

9 Q Mr. Sankin, was there a written property management.
10 contract?

11 A No, I don't believe we ever had a written
12 management contract.

13 Q what type of contract did you have?

14 A I had an oral agreement.

15 Q With whom was this oral agreement?

16 A With Miss Dean.

17 Q what was the nature of this agreement? What were
18 the terms?

19 A The terms were standard really for any property
20 management agreement in an apartment building. We were
2 paid a flat percentage of the rents that we collected.

2 I think it was six percent. Standard, standard fee.

2 Q Where did you get the funds to operate the
2 building?

2 A Through - through the rents that were collected

1128 /1132

1 and occasionally from security deposit accounts when it
2 was necessary to do so.

3 Q Can you please define that answer? What do you
4 mean by from the security deposits when it was necessary
5 to do so?

6 MR. WEHNER: Objection to the leading and the
7 relevance, Your Honor.

8 THE COURT: The relevance? All right. I'll
9 overrule the first part. I'll accept a proffer from you
10 at the bench.

11 MR. WEHNER: Sorry, Your Honor, if it's going
12 to be relevant?

13 THE COURT: If it's going to be relevant, I'll

allbinders as word for experiment.txt

14 wait.

15 MR. WEHNER: Thank you, Your Honor.

16 A When I first took over the management of the
17 building, the property was frequently run at a deficit

18 from month to month and there weren't enough money

19 available to pay the heating and maintenance bills.

20 There was -- we had a separate account that was
2 established for security deposits and, when necessary,
2 we took money from this account to pay utility or
2 maintenance bills and then repay the security deposit
2 account when it became available in a surplus amount.

2

1133

1 Q. To your understanding, is that against local law?

2 MR. WEHNER: Objection, Your Honor.

3 THE COURT: I'm going to sustain it, unless you come to
4 the bench and give me a proffer of what the relevance is.

5 MR. O'NEILL: Judge, I'll do it right now at the bench
6 if you'd like.

7 THE COURT: All right.

8 MR. WEHNER: And move to strike.

9 (Bench conference on the record.)

10 MR. O'NEILL: He's running the Stanley Arms Apartments
11 and violating local law by taking tenant security deposits and
12 applying them to operating expenses. The defendant was aware of
13 that. He'd asked the defendant. He notified her on numerous
14 occasions about it, as is detailed in the Jencks material.

15 And it's another -- he's doing things for her and for
16 the family's property that another management company would not
17 do.

18 THE COURT: How would that relate, how does that relate
19 to conspiracy? I understand the theory that he did her services
20 that were below cost or something -2

MR. O'NEILL: Right.

2 THE COURT: -- and he didn't charge her enough money,
2 but I don't understand the theory how if he went and dipped in
2 the security deposits against local law, that that is part and
2 parcel of furtherance of the conspiracy.

1134

MR. O'NEILL: The benefits that accrued to the
2 defendant by giving the units to him are he would do things,
3 whatever necessary to run the building, and another management
4 company might not do that, and he, but basically, Judge -- you
5 don't like it, I can tell.

6 THE COURT: It's more prejudicial than probative in any
7 event, so I'll strike it.

8 MR. WEHNER: Would Your Honor instruct the jury?

9 THE COURT: Yes.

10 (End of bench conference.)

11 THE COURT: All right, Ladies and Gentlemen, I've

12 sustained the objection, and I'm striking any reference about

allbinders as word for experiment.txt

13 it's against local law about security deposits as not relevant to
14 any concern of the Court as to Mr. Sankin's testimony, so you'll
15 strike that from the evidence. You're not to refer to it later
16 on at any time in the case in your deliberations.

17 MR. O'NEILL: Thank you, Your Honor.

18 Q. Mr. Sankin, did there come a time when the Stanley Arms
19 Apartments began to run at a profit?

20 A. Yes.

21 Q. And when did that occur?

22 A. 1985, 1986, a year or so after I took over.

23 Q. Are you familiar with something called a hardship rent
24 increase?

25 A. Yes.

CO

1 Q. What is that?

2 A. Under the rent control law of the District of Columbia, an
3 apartment building is entitled to earn a certain minimum, what's
4 called a return on equity, which I think, I think the law allows
5 you, allows a building owner to earn 12 percent, 12 percent
6 return on the assessed value of the building less any debt that
7 the building may have.

8 Q. Did there come a point in time when you filed a hardship
9 rent increase petition for the Stanley Arms Apartments?

10 A. Yes, we did.

11 Q. When did you do that?

12 A. Well, we began it immediately after taking over management.

13 Q. How long did it take to prepare?

14 MR. WEHNER: Objection to the leading, Your Honor.

15 THE COURT: Okay. I'll allow it just to move the case
16 along. That's all right. Go ahead.

17 THE WITNESS: It took a while. It was a lengthy
18 proposal.

19 BY MR. O'NEILL:

20 Q. Can you describe the document that was ultimately prepared?

2

A. It's a very thick package of materials. What you had to
2 show was that the building was not operating at a profit or not
2

operating at the levels that you were allowed to make over a
2

period of time, a couple or few years, and you had to prepare
2

financial statements.

1 Then you had to back up the financial statements with,
2 with your receipts and your bills and your checks going back to
3 support everything in detail.

4 Q. At that time, were you familiar with the prevailing market
5 rate for filing such a hardship rent increase petition?

6 A. Yes.

7 Q. What was it?

8 A. My understanding that, that these things were prepared based
9 on either an attorney's hourly rate or professional's hourly rate

10 or, in the alternative, based on a, a percentage of the first
11 year's rent increase obtained. I think the prevailing number was

I 12 50 percent of the first year's rent increase.

13 Q. What would that have worked out to in the case of Stanley
14 Arms Apartments?

15 A. I think twenty-some-odd-thousand dollars would have been 50
16 percent of the rent increase that was obtained.

17 Q. Did there come a point in time when you asked any of the
18 owners of the Stanley Arms Apartments to be paid for preparing
19 this hardship rent increase petition?

20 A. I discussed it with them.

2 Q. With whom did you discuss it?

2 A. I discussed it with, with both Deborah Dean and, and at a
2 later point discussed it with Jamie Gore.

2 Q. Were you paid for preparing the petition?

2 A. No.

1 Q. Did you request payment for the petition?

2 MR. WEHNER: Objection to the leading nature of the
3 question.

4 THE COURT: Okay. It's overruled. Go ahead.

5 THE WITNESS: I, I did ask if they'd consider
6 compensating us for the work.

7 BY MR. O'NEILL:

8 Q. Did there come a point in time when the Stanley Arms
9 Apartments were sold?

10 A. Yes.

11 Q. And do you recall when that occurred?

allbinders as word for experiment.txt

12 A. I think it was 1989.

13 Q. Now prior to the sale of the Stanley Arms Apartments, did
14 you ever attempt to procure any buyers for the apartment?

15 A. Yes. My memory is that for some time, the family
16 collectively had been interested in selling it, and when I was
17 able to, I tried to find a buyer for them.

18 Q. Do you recall any potential buyers that you solicited to
19 purchase the Stanley Arms Apartments?

20 A. I was in the real estate business, and so from time to time
2 I'd meet people in the business and mention it to them, so there

2 were probably several people who I don't remember, but I was
2 actually under contract to Altman Brothers to try to find real
2 estate opportunities for them in this area, and I did suggest it
2 to Berel Altman that he might be interested in purchasing this

1138

1 building.

2 Q. Approximately how many employees did you have that worked on
3 the Stanley Arms Apartments?

4 A. Well, at various times, I had, I think the high-water mark
5 was aside from myself, three full-time people in the property
6 management office, responsible for other things besides the
7 Stanley Arms, too.

8 There was a full-time on-site maintenance person who
9 was employed by the Stanley Arms. Additionally, I had, I don't

10 know, four or five other maintenance people that swung among
11 properties that on occasion would go to the Stanley Arms.

12 Q. As to your employees, did you have one employee who is
13 basically the day-to-day property manager of the Stanley Arms
14 Apartments?

15 A. Yes. It would have been William Morgan.

16 Q. And how did you pay Mr. Morgan?

17 A. He was given a salary.

18 Q. Did you ever pay him any bonuses?

19 A. Yes.

20 Q. When would you pay Mr. Morgan bonuses?

2 A. When, when my firm received a lump sum fee payment.

2 Q. What lump sum fee payments were you making at that time?

2 A. I was making lump sum fee payments in connection with my
2 consulting work at HUD.

2 Q. What was the reason for paying Mr. Morgan bonuses when you

1139

1 received lump sum payments from your work relating to HUD?

2 A. Well, No. 1, because those were the times that I had money
3 available. I gave, you know, my secretary a bonus as well. But
4 also because I felt that the property management work that he was
5 doing on the Stanley Arms was, was connected to and was important
6 with the consulting work I did at HUD, because it, it, I felt it
7 demonstrated a quality of work product and a, and a skill level
8 that gave me credibility in discussing real estate problems with
9 the agency.

10 Q. Now you stated you graduated from law school, I believe, in
11 1984?

12 A. Yes.

13 Q. Did there ever come a point in time when you provided legal
14 services to the defendant, Deborah Gore Dean?

15 A. I provided advice to her. I'm uncomfortable in saying legal
16 services, because I'm not admitted to practice law in the
17 District of Columbia or Maryland.

18 Q. So you were a lawyer but not yet admitted at that time?

19 A. Yes.

20 Q. What legal advice did you give to the defendant, Deborah
2 Gore Dean, and on what occasions?

2 A. When she purchased her condominium at the Towers Complex, I
2 sat with her at the, at the closing table to see whether there
2 was anything I could add to it. At another point, she had a
2 dispute regarding condominium fees with the condominium

1 association, and I assisted her on that.

2 Q. During this course of time that you were acting as a HUD
3 consultant, did you have an occasion to purchase meals for the
4 defendant, Deborah Gore Dean?

5 A. Yes. We went out to lunch or dinner from time to time.

6 Q. During this period of time that you acted as a HUD
7 consultant, did you have an occasion to buy gifts for the
8 defendant, Deborah Gore Dean?

9 A. Yes, I did.

10 Q. During this period of time that you were working as a HUD
11 consultant, did you have an occasion to make political
12 contributions at the defendant, Deborah Gore Dean's request?

13 A. Yes, I did, at her suggestion.

14 Q. And who did you make political contributions to?

15 A. I'm not sure I can remember all, but I remember making a
16 contribution to a campaign for Linda Chavez, United States
17 Senate, in Maryland. I made a contribution to the American Red
18 Cross here in Washington. There was a charity called Food for
19 Africa that I contributed to. I believe I made contributions to
20 both the Philadelphia and Los Angeles Fair Housing Committees.

2 Q. So the record is clear, you mentioned Food for Africa. At

2 whose request did you do that?

2 A. It was at Ms. Dean's.

2 Q. Are you certain of that?

2 A. I think so.

1 Q. Did there come a point in time when Ms., Ms. Dean expressed
2 an interest -- let me withdraw that.

Did you have a conversation with the defendant, Deborah
4 Gore Dean, about the campaign of Linda Chavez?

5 A. Yes, yes.

6 Q. What, if anything, did she, did she talk to you about?

7 A. Well, she told me that Linda Chavez was running for Senate
8 in Maryland and said she was a good candidate, said that she was
9 having a big affair in, in Baltimore and asked if I would

10 contribute to that and also told me that, I think, if I raised
11 enough money for a, for a table -- this was a big dinner -- that

12 there may be an opportunity to, to meet and have my picture taken
13 with the President of the United States at that dinner, who was
14 speaking for her.

15 Q. At any time, did the defendant, Deborah Gore Dean, express
16 an interest to you in Maryland politics?

17 A. Yes.

18 Q. What, if anything, did she say in that regard?

19 A. You know, remembering specific comments is difficult, but
20 clearly she had an interest in Maryland politics. Her family had
2 been involved in Maryland politics, and I, my, my impression was

2 that she was interested in some point at, at running for Congress
2 in Maryland.

2 Q. Mr. Sankin, with the Court's permission, at this time, I
2 would like to show you a number of documents. At this time, I

1142

1 would show you what's previously been marked for identification
2 purposes as Government's Exhibits 11C and 11W.

3 THE CLERK: Government's Exhibit 11C and 11W marked for
4 identification.

5 (Government's Exhibit Nos. 11C and 11W
6 were marked for identification.)

7 THE COURT: All right.

8 BY MR. O'NEILL:

9 Q. Mr. Sankin, I would first direct your attention to

10 Government's Exhibit 11C and ask you if you recognize that, sir?

11 A. It's my signature on an American Express receipt for, for
12 lunch at an area restaurant.

13 Q. And does it bear handwriting as well?

14 A. Yes, it does.

15 Q. And whose handwriting is that?

16 A. It's my handwriting.

17 MR. O'NEILL: Your Honor, at this time, I'd move 11C

18 into evidence as Government's Exhibit 11C. There's a prior

19 stipulation, Your Honor, as to the underlying business record.

20 THE COURT: All right, 11C will be admitted then.

2 MR. WEHNER: No objection, Your Honor.

2 (Government's Exhibit No. 11C was
2 received in evidence.)

2 BY MR. O'NEILL:

2 Q. Mr. Sankin, I would show you this, since it's now in

evidence. How much is that bill for?

2 A. \$157.97.

3 Q. And where is the bill? What occasion?

4 A. It's a restaurant called La Pavilion.

5 Q. And who did you go to that restaurant with?

6 A. The annotation says, "HUD officials."

7 Q. Do you recall who it was?

8 A. No, I don't.

allbinders as word for experiment.txt
9 Q. On that specific day, you don't?

10 A. No, sir.

11 Q. Mr. Sankin, I would now show you a document that's

s 12 previously been marked for identification as Government's Exhibit
13 11D and ask you if you recognize that?

14 THE CLERK: Government's Exhibit 11 -- B or D?

15 MR. O'NEILL: D.

16 THE CLERK: D marked for identification.

17 (Government's Exhibit No. 11D was

18 marked for identification.)

19 THE WITNESS: It's an American Express slip for \$70 at

20 Duke Ziebert's, with my signature and with my handwriting that

21 says, "Andy -- that's me -- and HUD official. Discussed mod

22 rehab."

23 MR. O'NEILL: Your Honor, I would move this into

24 evidence as Government's Exhibit 11D.

25 MR. WEHNER: Your Honor, I object, not because it's not

2 between that document and Ms. Dean.

3 THE COURT: All right. Well, let's see if they can tie

4 it in in some way. I'll hold it open to see if it's tied in.

5 BY MR. O'NEILL:

6 Q. Mr. Sankin, at this time, I'd show you Government's Exhibit

7 HE.

THE CLERK: Government's Exhibit HE marked for
identification.

10 (Government's Exhibit No. H E was

11 marked for identification.)

12 BY MR. O'NEILL:

13 Q. And ask you if you recognize that?

14 A. Yes.

15 Q. And what do you recognize that to be?

16 A. This is an American Express slip with my signature in the

17 amount of \$24 at the Dubliner Restaurant, and it says in my

18 handwriting, "Lunch with Rick Shelby of the Keefe Company."

19 MR. O'NEILL: I move this into evidence, Your Honor, as

13 Under my signature, it's dated -- I don't see the date.
14 Q. If I may?
15 A. Thank you. 5-9-86.
16 And in my handwriting, it says, "Andrew with HUD
17 executive assistant to the secretary. Discussed stuff."
18 Q. Do you recall at this time who you were referring to?
19 A. The only executive assistant to the secretary who I knew
20 was, was Deborah Dean.
21 THE COURT: All right. You're offering 11G then?
22 MR. O'NEILL: Yes, Your Honor, I'm sorry.

2 Q. And how can you tell us it's on original stationery?
2 A. Well, because it's -- the letterhead is embossed. It's
2 possible this was either a draft or a computer-generated copy
2 from my files.

1157

1 Q. Did you send that letter to Deborah Gore Dean?
2 A. I don't know.
3 Q. Where did that original come from?
4 A. It came from my files.

11 Q. Mr. Sankin, please look at Government's Exhibit 131 for
12 identification. Do you recognize that? Sir, do you recognize
13 it?

14 A. Hold on, sir.

15 All right. Yes, this is a draft of a letter that I
16 wrote to John Rosenthal in December of 1985 requesting a fee for
17 Regent Street Apartments.

18 MR. O'NEILL: Your Honor, at this time, I'd move it
19 into evidence as Government's Exhibit 131.

All right, 131 is admitted.

I can do one more before I have to leave.

13 Q. That last exhibit that I showed to you, Mr. Sankin, what was
14 the purpose of that letter to Mr. Rosenthal?

15 A. The purpose of that letter was to request a fee for Regent
16 Street Apartments. Because of the circumstances involved in it,
17 we hadn't, we hadn't reached a fee agreement prior to funding.

allbinders as word for experiment.txt
18 Q. At this time, I would show you Government's Exhibit 134,
19 already admitted in evidence pursuant to a stipulation.
20 Do you recognize that?
21 A. Yes, I do.
22 Q. And what is that?
23 A. It's a check to me personally for \$10,000. The date on the
24 check is December 19, 1988, deposited a month later, in January
25 of 1989, the 17th, and it's Regent Street Associates, and it was

1160

1 the fee that I had requested in 1985 for this property.
2 THE COURT: All right, I'm going to have to recess,
3 Ladies and Gentlemen, at this time. I've got another matter I
4 have to take up not involving this case.
5 Ladies and Gentlemen, we'll be back tomorrow at 9:30, a
6 full day tomorrow, a half a day Friday. Tomorrow we'll be able
7 to start at 9:30. I have one very short matter at nine. I
8 expect to be ready to go at 9:30, so I'd ask you to be prompt and
9 be here by then.
10 I keep giving you the admonition. We smile about it,
11 because you have it memorized, but the rationale or the
12 background, the reason for the admonition not to talk or listen
13 or watch or read anything about this case obviously is you can't
14 learn anything about this case except what you see and hear in
15 this courtroom what the evidence is, and additionally, it would
16 be very unfair and could possibly cause a mistrial, that is, we'd
17 have to start the trial over again, if some of you got together
18 and talked about this case on the way home or during breaks or
19 anything like that.
20 So we can't have you talking with each other or with
2 anyone else about the case or with the parties to the case or the
2 witnesses or about anything at all. So please remember that
2 admonition.
2 we'll see you back here tomorrow morning then at 9:30

5 Sweeney -- sorry about that, Robert O'Neill -
6 THE COURT: we'll change them around.
7 THE CLERK: --for the government, Stephen Wehner for
8 Ms. Dean.
9 MR. WEHNER: Good morning, Your Honor.
10 THE COURT: All right, are you ready to continue with
11 Mr. Sankin?
12 MR. O'NEILL: Yes, Your Honor.
13 THE COURT: All right.
14 MR. WEHNER: Your Honor, before I forget, I had asked
15 whether or not next Friday was going to be an off day, not this
16 Friday, but next Friday. Are you going to take the entire day
17 off next Friday? I'm trying to do some scheduling.
18 THE COURT: It looks like I'll have to now. The FBI
19 fairness hearing we had moved -- that's not next Friday. No, I
20 put that later in the month. I moved that, because I thought we
21 were -22
MR. O'NEILL: I believe it's the 8th, Your Honor.
23 THE COURT: Yes, that's the one.
24 No, I think next Friday -- I've got so many. This
25 Friday is the death capital case, and then Friday the 2nd, I'll

1 have to look at the calendar. I'll let you know.
2 MR. WEHNER: Thank you, Your Honor.
3 THE COURT: I'll just look at the calendar and see
4 what's on the 2nd.
5 MR. O'NEILL: Judge, initially you had said on Friday
6 the 1st we would be off after 3:00.
7 THE COURT: Yes, yes. Let me check. I think that
8 Friday is a half a day next Friday. I don't think it's all, I
9 don't think the whole day is canceled.
10 MR. WEHNER: Okay.
11 THE COURT: I'll check on it.
12 (Jury in.)
13 THE COURT: All right, Ladies and Gentlemen, good
14 morning. We're ready to proceed with the continuation of the
15 testimony at this time of Mr. Sankin.
16 You may resume the stand, please.

6 Q. I'd ask you if you recognize it?

7 A. It's a deposit slip for \$10,000, dated January 13, 1989, and
8 that's my bookkeeper's handwriting on it, says, "Regent Street
9 Project, Consulting."

10 Q. And for what account is that?

11 A. This is my personal bank account.

12 MR. O'NEILL: Your Honor, I'd move this into evidence
13 as Government's Exhibit 135.

14 MR. WEHNER: No objection, Your Honor.

15 THE COURT: All right, 135 is admitted.

1

MR. O'NEILL: And I believe it already has been entered
3 into evidence, Your Honor. I'm sorry. I apologize for that.

4

THE COURT: All right.

5 BY MR. O'NEILL:

6 Q. Mr. Sankin, do you recognize that?

7 A. Yes. This is the letter agreement dated October 18, 1985,
8 between Tom Broussard and myself, the fee agreement we discussed
9 yesterday, where it's our cross-collateral, if you will.

10 Q. And for which project is this document concerned?

11 A. Alameda Towers.

12 Q. At this time then, I would show you what's been previously

(0 13 entered into evidence as Government's Exhibit 140, and I'd ask
14 you, sir, to tell the jury what that is.

15 A. This is my consulting contract with Alameda Associates and
16 Cleofe Rubi for the Alameda Towers property.

17 Q. And how many units do you agree to try to obtain for him?

18 A. The contract is a contingency contract, and the amount of
19 funding desired in the contract was 300 units.

20 Q. Mr. Sankin, I would now show you what's previously been
21 entered into evidence -- I will show you what's previously been
22 marked for identification purposes as Government's Exhibit 143B.

23

THE CLERK: Government's Exhibit 143B marked for
24 identification.

25

1169

(Government's Exhibit No. 143B was marked for identification.)

BY MR. O'NEILL:

4 Q. And I'd ask you, do you recognize this document?

5 A. This is a letter I wrote in September of 1986 to Cleofe Rubi
6 regarding the Alameda Towers property. It discusses some of the
7 things that, that we had gone through together with the local
8 housing authority, and it also requests a payment, first payment.
9 Q. And what would that first payment be, sir?

10 A. \$25,000.

11 MR. O'NEILL: Your Honor, at this time, I would move it
12 into evidence as Government's Exhibit 143B.

13 MR. WEHNER: No objection, Your Honor.

14 THE COURT: All right, 143B is admitted.

15 (Government's Exhibit No. 143B was received in evidence.)

17 BY MR. O'NEILL:

18 Q. Mr. Sankin, I would show you what's previously been marked
19 as Government's Exhibit 144A.

20 THE CLERK: Government's Exhibit 144A marked for
21 identification.

22 (Government's Exhibit No. 144A was marked for identification.)

24 BY MR. O'NEILL:

25 Q. I'd ask you if you recognize this, sir?

1 A. It's a check from Mora Development Company to me for
2 \$25,000, dated December 1, 1987, and I guess this would be the
3 first installment as requested in the previous letter.

4 MR. O'NEILL: At this time, Your Honor, I'd move that
5 into evidence as Government's Exhibit 144A.

6 MR. WEHNER: No objection.

7 THE COURT: All right, 144A is admitted.

15 (Government's Exhibit No. 144B was marked for identification.)

17 BY MR. O'NEILL:

18 Q. Do you recognize that, sir?

19 A. Yeah. This is a deposit slip, I think, yeah, into my
20 corporate money market account for \$25,000, and the date is
21 December 4, '87. I don't recall what the date on the previous
22 check was, but I believe it corresponds.

23 MR. O'NEILL: At this time, I'd move it into evidence,
24 Your Honor, as Government's Exhibit No. 144B.

25 MR. WEHNER: No objection, Your Honor.

1171

THE COURT: It's admitted.

THE CLERK: Government's Exhibit 146 marked for
identification.
(Government's Exhibit No. 146 was
10 marked for identification.)
11 BY MR. O'NEILL:
12 Q. Do you recognize this, sir?
13 A. This is a check also from Mora Development Company also for
14 \$25,000 from March of 1990, and a corresponding deposit slip to,
15 this looks to be the corporate checking account. I don't know
16 which installment this is. I suspect it's the third.
17 MR. O'NEILL: I'd move it into evidence, Your Honor, as
18 Government's Exhibit 146.
19 MR. WEHNER: No objection, Your Honor.

BY MR. O'NEILL:
6 Q. Again, sir, I'd ask you, do you recognize this?
7 A. This is a deposit slip also from, this is from December of
8 1990 into my personal account for \$25,000. It's marked in my
9 bookkeeper's handwriting "Mora Development." I presume we
10 transferred money from the corporate counsel to my personal
11 account.
12 Q. And what is the date on that?
13 A. It's December of 1990.
14 MR. O'NEILL: I move this into evidence, Your Honor, as
15 Government's Exhibit 146C.
16 MR. WEHNER: No objection, Your Honor.

1 (Government's Exhibit No. 149 was
2 marked for identification.)
3 BY MR. O'NEILL:
4 Q. I'd ask do you recognize this, sir?
5 A. This is a contract that I drafted, dated May 1986, between
6 Richard Shelby and Altman Properties. It's a contingency
7 contract providing for a fee of, a total fee of \$220,000 based on
8 172 units of mod rehab funding to Prince George's County Housing
9 Authority. I'm not a party to this contract, but I am a
10 third-party beneficiary.
11 MR. O'NEILL: At this time, Your Honor, I'd move this
12 into evidence as Government's Exhibit No. 149.
13 MR. WEHNER: No objection, Your Honor.

12 Q. Mr. Sankin, I would direct your attention to August 7. Did
13 you make a deposit on that date, sir?
14 A. So it appears, yes.
15 Q. And how much did you deposit in your account on that date?
16 A. \$107,000.
17 Q. Mr. Sankin, I would show you a document previously marked as
18 Government's Exhibit 156 for identification.
19 THE CLERK: Government's Exhibit 156 marked for

2 BY MR. O'NEILL:

2 Q. I would ask you if you recognize that, sir?

2 A. Yes. This is a, a cashier's check from American Security

1175

1 Bank and ACS & Associates, Ltd.

2 Q. What is ACS & Associates?

3 A. It was my corporation.

4 And it's for \$53,000, and it's to the order of Richard

5 Shelby, dated August 12, '86.

6 MR. O'NEILL: Your Honor, at this time, I'd move it

2 A. Yes. It's a personal check from me to the, Linda Chavez for
2 Senate campaign. It's in the amount of \$3,000. It's dated

1 October 23, my birthday, 1986. "Political contribution," it's

2 out to S&S Associates. Possibly that was ACS. I can't read the
2 signature, and there's no title on the check, so I'm not sure I
2 can identify this properly.
2 Q. I'd ask you, sir, to look at the back. Did you endorse it?

1 A. Yes. This is my signature, and this was deposited in my
2 account, but I can't, I can't see who generated the check from
3 this.

6 Q. Mr. Sankin, did there come a time when you had a

7 conversation with the defendant, Deborah Gore Dean, concerning

8 how much money you were making as a consultant?

9 A. I think it may have come up once.

10 Q. What, if anything, did she say?

11 A. I don't remember the, the conversation in great detail, but

12 I think that at one point she asked what my fee on a particular

13 property was, and then before I had a chance to answer, she said,

14 "Never mind. I don't want to know."

15 And that was, that was the extent of it. Nothing more

10 A. I, I think from time to time I did. To be honest with you,
11 counselor, I see it there in evidence, but I don't, I don't

2 Sir, I'd ask you does that refresh your recollection

2 about whether you purchased other gifts for defendant Deborah

1 Gore Dean during the time she was employed at HUD?

2 A. You know, this, this seems accurate.

3 Q. How often did you buy her gifts?

4 A. Oh, Christmas and her birthday.

5 Q. During what period of time? What years?

6 A. During the time that, that we were, we were close. I don't
7 know, 1983 to 1988.

8 Q. Did you ever buy her any gifts before she worked at the
9 Department of HUD?

10 A. I didn't know her before she worked at HUD.

11 Q. Did you buy her any gifts after she left?

12 A. It's possible.

13 Q. Let me show you that same document again, and I'd ask you

17 Q. Excuse me?

18 A. Am I permitted to know what I'm reading?

19 Q. You cannot tell the jury. Read it and see if that refreshes
20 your recollection was the question.

2 A. No, no, it doesn't clarify it any further than I already

4 BY MR. WEHNER:

5 Q. Mr. Sankin, my name is Steve Wehner. I represent Ms. Dean,

6 and you and I have never had the pleasure of meeting before;

7 isn't that right?

8 A. Yes, sir, that's correct.

9 Q. And I've never had the chance to talk to you before; isn't

10 that right?

11 A. No, we haven't spoken.

12 Q. Okay. So I haven't prepared with you my questions and your

'v

13 answers today?

14 A. I believe you may have spoken with my counsel at one point.

15 Q. Correct.

16 A. But I don't know.

17 Q. Your counsel is?

18 A. My counsel is David Touhey at this point.

19 Q. Mr. Touhey was one time in a partnership with Mr. Plato

20 Cacheris, was he not?

2 A. Yes, he was.

2 Q. You testified yesterday, Mr. Sankin -- and I want to

2 summarize this fairly, so correct me, please, if there's any

2 misimpression, but I don't want to go through the whole thing•--

2 but a portion of your testimony yesterday was that you went to

1186

1 Ms. Dean about a Puerto Rican project, asked her if you could
2 compete as a developer or a consultant in that project.

3 You were aware at that time that units were available

4

5

6

in Puerto Rico, and Ms. Dean said to you that you didn't have
enough experience to get involved in that and you would have to
work for someone else. Is that a fair characterization?

7 A. Yes, sir.

8

9

Q. Okay. Now you went on to talk yesterday about other areas,
including your relationship with Ms. Dean, and frankly, I think
10 that your testimony suggested a relationship with Ms. Dean
11 certainly vis-a-vis the credit card slips that a fair inference

#

12

13

could be drawn that you were wining and dining her on a regular
basis.

14

15

A.

Q.

I'm sorry, what's the question, sir?

Is that a fair inference?

16 A. I'm not sure it is, no.

17

18

MR. O'NEILL: Your Honor, may we approach?

THE COURT: Sure.

19

20

2

(Bench conference on the record.)

THE COURT: Have you got a witness here?

MR. O'NEILL: Ms. Dean stated there is. I assume it's

2 a defense witness.

2 THE COURT: Who is it?

2

2

MR. WEHNER: It's Bart Naylor, N-a-y-l-o-r. He was the
investigator on Proxmire's Senate Committee. We issued a

1 subpoena to him. He's represented by Claire Sylvia of the
2 Senate, General Counsel's Office, and I don't why he's here, and
3 he's certainly not a friendly witness. He's not somebody here
4 that's here in our interest.

THE COURT: Which one is he?

MR. O'NEILL: I don't know, Judge.

MS. SWEENEY: I've never seen him, Your Honor.

MR. O'NEILL: Judge, you might just issue a general
statement.

10 THE COURT: Yes. I'll just tell any witnesses here who
11 have been subpoenaed, that they have to wait outside.

12 MR. WEHNER: We didn't expect -

* 13 THE COURT: No, that's okay.

14 (End of bench conference.)

15 THE COURT: If there are any witnesses who are here

allbinders as word for experiment.txt
16 through subpoena or otherwise, would they please wait outside the
17 courtroom until they're called or contacted by counsel? No
18 witnesses can be present in the courtroom if they're expected to
19 testify.
20 We'll wait a minute until the juror comes back.
2 All right.
2 BY MR. WEHNER:
2 Q. Before that break, Mr. Sankin, I asked you if it was a fair
2 inference that could be drawn from your testimony and the viewing
2 of all of these credit card receipts that you wined and dined

1 Ms. Dean on a regular basis. Is that a fair inference that can
2 be drawn from yesterday's testimony?
3 A. I'm not sure that is a fair inference, no, sir.
4 Q. Okay. Well, let's just start with Government's Exhibit No.
5 11C. Now can you see that exhibit, Mr. Sankin?
6 A. It says, "Lunch with HUD officials re mod rehab units."
7 Q. Now Ms. Dean wasn't at that restaurant at that time with
8 you; isn't that correct?
9 A. That's entirely possible, sir.

10 Q. Who were the HUD officials that you were with?
11 A. I have no idea.
12 Q. This is December 23 of 1985, two days before Christmas;
13 isn't that correct?
14 A. Yes, sir.
15 Q. And I want you right now to tell this jury whether Ms. Dean
16 was with you on December 23, 1985, when you paid for a luncheon
17 or dinner in the amount of \$157.97.
18 A. I don't know, sir.
19 Q. Who do you recall having lunch or dinner with that day?
20 A. As I stated, sir, I don't know.
2 Q. You have no recollection of who you ate with?

2 A. I think I've answered that, sir. No, sir.
2 Q. Do you have a recollection that it was not Ms. Dean?
2 A. Sir, I have no recollection of who I had lunch with on that
2 day.

1189

1 Q. It's really your practice -- and I ask you that up front --
2 to put something on these credit card receipts that allows you to
3 deduct them for tax purposes; isn't that right?
4 A. Yes, sir.
5 Q. And sometimes that really differs from the fact of what
6 occurred; isn't that correct?
7 A. I'm not sure I'd characterize it that way, sir.
8 Q. You've got immunity.
9 A. Yes, sir.

10 Q. And you can tell the truth, and you can't be prosecuted.
11 Now isn't it true that you put what was necessary on
12 these receipts to allow them to be deducted for tax purposes?
13 A. That is true, sir.
14 Q. And that sometimes differed from the actual fact?
15 A. No, sir, I wouldn't say that.
16 Q. Do you want to reconsider that answer?
17 A. No, sir, but I'd be happy to clarify it for you.

18 Q. Please.

19 A. I think that what I did on many occasions is that if I was
20 out and if there happened to be a few sentences during a meal
2 where something business-related was discussed, then I would

2 write it off on that basis.

2 Q. Whether or not the person you listed on your credit card
2 receipt was even there, isn't that correct?

2 A. Oh, no, sir. I don't think that's correct.

1190

1 Q. Okay. Let me get this very clear, because the one thing you
2 don't have immunity for is perjury. Do you recognize that?

3 A. Yes, sir.

4 Q. On these credit card receipts that were introduced
5 yesterday, do they accurately reflect the individual you had
6 lunch or dinner with?

7 A. Sir, if you asked me a specific question about a specific
8 receipt, I'll do my best to answer it.

9 Q. You have to look at the credit card receipts to answer that

10 question as to whether they are accurate?

11 A. If I said that I was with a HUD official, I was with a HUD
12 official.

13 Q. This is not about HUD officials; this is about Deborah Gore
14 Dean. If you said you were with Deborah Gore Dean, were you?

15 A. To the best of my knowledge.

16 Q. Did the Independent Counsel go through these credit card
17 receipts with you and ask you if they were accurate?

18 A. I don't recall, sir. I think we went through them.

19 Q. And did you tell them that they accurately reflected what
20 occurred?

2 A. I think they reflected that I had lunch at a certain date or

2 dinner at a certain date.

2 Q. No, I'm sorry, Mr. Sankin, did you tell them that they
2 accurately reflected what occurred?

2 A. I don't recall being asked that specific question, so I'll

1191

1 have to answer no, sir.

2 Q. Then you tell me what question they asked you about these
3 credit card receipts.

4 A. I think we went through many papers, and they asked me to
5 the extent I could to explain them. Many of them I wasn't asked
6 about.

7 Q. And did you explain to them the credit card receipts?

8 A. As best I could, which is what I'm doing now.

9 Q. And did you tell them they were accurate?

10 A. I told them what I knew about them.

11 Q. You know that Ms. Dean is on trial here partially based on
12 the fact that you and the Independent Counsel have spread on the
13 television screen credit card receipts that show that you bought

14 her expensive dinners. Do you recognize that?
15 A. Yes, sir.
16 Q. Now I want you to think real hard about whether or not those
17 credit card receipts accurately reflect the events that occurred.
18 A. Well, I will tell you this, that --
19 Q. No, please. Excuse me.
20 A. Yes, sir.
2 Q. Who is Carter Bell?

2 A. Carter Bell is a young lady who's a HUD employee who I dated
2 for a time.
2 Q. And when you dated her, did you occasionally go to
2 restaurants?

1192

1 A. I did.
2 Q. And did you occasionally make them a business expense?
3 A. I would be certain of that, yes.
4 Q. Of course you did. And did you deduct those as business
5 expenses?
6 A. I would have, yes.
7 Q. And did you ever write Carter Bell's name on any of your
8 credit card receipts?
9 A. I don't recall.

10 Q. Well, you saw these credit card receipts yesterday. Does
11 her name appear on any of them?
12 A. I don't remember.
13 Q. It doesn't, does it? All these credit card receipts that
14 were introduced, Carter Bell's name doesn't appear on one, does
15 it?
16 A. Not that I remember, no.
17 Q. Were you dating Ms. Dean at this time?
18 A. No, sir.
19 Q. You're considerably younger than Ms. Dean, aren't you, four,
20 five years?
21 A. How old is Ms. Dean?
22 Q. That's a good question. She was about 28 at the time she
23 was at HUD. That was seven years ago. So let's say --
24 A. I'll be 35 next month.
25 Q. Okay. So you're younger, correct?

1193

1 A. I'm younger, yes, sir.
2 Q. And you weren't dating her?
3 A. No, sir. I think we'd both be surprised to hear that
4 characterization.
5 Q. Now Carter Bell you dated through the Christmas season once,
6 did you not?
7 A. I'll take your word for it.
8 Q. No, don't take my word for it. I want you to think back.
9 This is kind of amusing, frankly, but it's so serious. On the

10 one hand, it's funny; on the other hand, it's serious.
11 You dated Carter Bell, and didn't you date her -- I'll

allbinders as word for experiment.txt

12 ask the question another way: Isn't it true --

13 A. I remember dating her during basketball season.

14 Q. Well, that's in the winter. Isn't it true that you gave her
15 a gift from Georgetown Leather Design at Christmas one year?

16 A. It's possible. I really don't remember what those gifts
17 were.

18 Q. And isn't it true that you charged that, and isn't it true
19 that that didn't go to Deborah Gore Dean and that that receipt
20 from Georgetown Leather Design doesn't have anything to do with
2 Deborah Gore Dean?

2 A. May I see the receipt again, please?

2 THE COURT: 11Q.

2 MR. WEHNER: I'm sorry, Your Honor?

2 THE COURT: 11Q.

MR. WEHNER: Q?

2 THE COURT: Q.

3 THE WITNESS: It's possible, sir.

4 BY MR. WEHNER:

5 Q. No, no, no, no, no, no. It's possible. It's true, isn't
6 it?

7 A. Sir, I can't remember.

8 Q. That you gave Carter Bell a present from Georgetown Leather
9 and sat here yesterday and let this jury believe that it went to

10 Deborah Gore Dean. Now that's true?

11 A. No, sir, that is not true. What is true was that I was
12 asked to identify this. I don't believe I ever stated that I
13 gave this to Deborah Gore Dean.

14 Q. Did you tell the Independent Counsel you gave it to Deborah
15 Gore Dean?

16 A. No, sir.

17 Q. Did they ask you?

18 A. Sir, I told the Independent Counsel yesterday that many of
19 the charge slips were definitively not related to Deborah Dean.

20 MR. WEHNER: I would like, Your Honor -- Mr. Sankin,
21 you no more said that yesterday than the man in the moon.

22 THE WITNESS: Not under oath, sir. Not on the witness
23 stand.

24 BY MR. O'NEILL:

25 Q. Excuse me. You told the Office of Independent Counsel

1 yesterday that many of those credit card receipts didn't relate
2 to Ms. Dean?

3 A. Yes, sir.

4 Q. Many of the ones they introduced into evidence?

5 A. Several of them, yes, sir.

6 MR. WEHNER: Your Honor, I request the jury be excused.

7 THE COURT: All right. Ladies and Gentlemen, we'll

8 take our morning recess. Take about 15 minutes and come back.

9 Remember the admonition of the Court, please. Do not talk about

10 the case during any recess.

11 MR. WEHNER: Your Honor, I further request that

12 Mr. Sankin be admonished to talk to no one.

#

13 THE COURT: That's all right. He can wait here.
14 (Jury out.)
15 THE COURT: All right, Mr. Sankin, wait outside for a
16 second, will you, please?
17 (Witness out.)
18 THE COURT: Mr. O'Neill, do I understand his
19 characterization of his testimony correctly that he at some time
20 yesterday told you that the exhibits, some of which were admitted
2 into evidence here, some of them did not relate to Ms. Dean that

2 he said related to Ms. Dean or left the impression they were
2 Ms. Dean's, related to her?
2 MR. O'NEILL: No, Your Honor. What had occurred, after
2 Mr. Sankin testified yesterday, he came down from the stand, and

1196

1 when we were walking back towards the office, he said, "I can't
2 say whether all of these went to Ms. Dean or someone else. I
3 have no specific recollection as to --" like the one that Mr.,
4 the one that Mr. Wehner stated is Government's Exhibit 11C,
5 "Lunch with HUD officials re mod rehab units," he said, "I have
6 no independent recollection at this time who they were."
7 THE COURT: How about as to the others? Did he
8 specifically mention any of the others? Some had "Dean" written
9 on them, some had "chief of staff" written on them, some had
10 "staff assistant," a cup and saucer, I think, yesterday my notes
11 reflect.
12 MR. O'NEILL: That one, Your Honor, I believe is
13 Government's Exhibit No. IIP, and it says, "Business gift, Deb
14 Dean."
15 THE COURT: Right, it had "Dean" on it. And then the
16 Georgetown Leather I have a note related to Dean. I don't know
17 if it had anything on it that says that.
18 MR. O'NEILL: I don't believe there was any
19 conversation relating to the other gift at all, Judge. I don't
20 remember him saying anything specifically about any specific
2 document.
2 THE COURT: I had kept out -
not kept out, I had held
2 on one, 11D, because he couldn't say it was related. I had a
2 note to myself, 11C, I had no question asked relating it to
2 Deborah Dean, but it was admitted without objection.

1197

1 MR. O'NEILL: Well, if Your Honor recalls, as I was
2 going through them yesterday, there were a number of other ones
3 when we took a break that did not specifically say the defendant,
4 Deborah Dean, so I took most of them out, or ones that said -
5 and this was before his conversation. Let me get to these in
6 order.
7 I believe we broke at about 11G. I don't remember
8 exactly where that was.
9 THE COURT: We did. We did break at 11G.
10 MR. O'NEILL: 11G? Okay.
11 11F was Deborah Dean. 11G was, it's hard to read. It
12 looks like "Dinner with HUD executive assistant to secretary.
13 Discussed stuff." That one went on the record.
14 11H, I think that was pulled.
15 THE COURT: That was pulled.
16 MR. O'NEILL: Okay. 11I.

allbinders as word for experiment.txt

17 THE COURT: That was pulled.
18 MR. O'NEILL: That was pulled. That one says,
19 "Entertaining HUD personnel. Discussed new appointment." So
20 that was pulled.
2 11J, it says, "With Debbie Dean and Hunter Cushing." I
2 believe that went into evidence.
2 THE COURT: Right.
2 MR. O'NEILL: UK said, "Dinner with executive
2 assistant and chief of staff."

1 THE COURT: Right.
2 MR. O'NEILL: 11L said, "Lunch with Debbie Dean from
3 HUD." "DD," I'm sorry, not "Debbie Dean."
4 11M says, "Dinner with chief of staff at HUD."
5 UN says, "Dinner with chief assistant --or staff
6 assistant perhaps --to secretary at HUD. Discussed mod rehab."
7 11O again looks like, "With staff assistant to
8 secretary at HUD. Discussed new tax effects." I believe that
9 was, that was put on the record.
10 HP is, "Business gift, Deborah Dean."
11 11Q is, "Business gift HUD assistant to secretary."
12 11R, was that in, Judge?
13 THE COURT: 11R is not in.
14 MR. O'NEILL: No.
15 THE COURT: Q is in.
16 MR. O'NEILL: That was pulled. That says, "Lunch with
17 staff assistant."
18 IIS says -
19 THE COURT: That wasn't put in. I have 11Q, and the
20 next one I have after Q would be V and W.
2 MR. O'NEILL: V and W, okay, Judge.
2 THE COURT: They both have "DD" on them in my notes.
2 MR. O'NEILL: 11V says, "Dinner with assistant
2 secretary of HUD. Mod rehab."
2 11W says, "Entertained Deborah Dean."

1199

1 THE COURT: All right. well, he has answered the
2 question on cross that he informed the Independent Counsel
3 yesterday that he said exhibits that were put in did not, he
4 could not relate to Debbie -
Deborah Dean. Independent Counsel
5 indicates he said as to 11C that he couldn't relate that to
6 Deborah Dean.
7 That was not brought to our attention before trial
8 started today. I think that counsel should have brought that to
9 the Court and to opposing counsel's attention as Brady-type
10 material at this point, where he comes off the stand and denies a
11 document is related definitely to Ms. Dean. I had a question
12 mark on that document.
13 MR. O'NEILL: Your Honor, just so the record is
14 clear -- I'm sorry to interject.
15 THE COURT: All right.
16 MR. O'NEILL: He never denied to me that it was related
17 to Ms. Dean.
18 THE COURT: All right. well, he said he couldn't
19 relate the document to Ms. Dean, as I understood it.
20 MR. O'NEILL: He said he had no specific recollection,
2 Your Honor, as to even the ones that bore her name.
2 THE COURT: As to all of them, he doesn't recall.
2 MR. O'NEILL: Correct. That's what he told me, Judge.
2 THE COURT: All right.

2 MR. O'NEILL: He just said he doesn't have any

1200

recollection.

2 I didn't --so the record is clear, I did not show
3 Mr. Sankin any of these documents in the government's case at all
4 prior to his testimony. They were shown to him, I believe, in
5 the Office of Independent Counsel several months ago, but I have
6 refused to show him any documents -

7 THE COURT: All right. You didn't review it with him
8 again before he testified?

9 MR. O'NEILL: No, Your Honor. I specifically refused
10 to allow him to see documents.

11 THE COURT: I see, okay.

12 well, do you have anything further?

13 MR. WEHNER: Judge, it's going to get considerably
14 worse. I simply want to alert the Court to that.

15 THE COURT: I don't know what you mean by worse.

16 MR. WEHNER: I'm sorry. Many of these documents
17 demonstrably do not relate to Deborah Gore Dean. I don't know
18 whether the witness will ultimately admit that or not, but there
19 are several that are just so far afield from reality that the
20 jury and the Court will be satisfied that it didn't happen
21 without any doubt.

22 THE COURT: well, do you have any relief you want? Do
23 you want me to strike documents, do you want me to give a
24 cautionary instruction to the jury, or do you just want to cross
25 him and make him look like he didn't tell the truth? I mean, I

1201

i think it's your option as to what you want to use.

2 MR. WEHNER: well, you didn't list the option I wanted,
3 Judge.

4 THE COURT: we're still here.

5 MR. WEHNER: You seem to have limited me to those
6 three. Can I have a second to consider?

7 THE COURT: Yes.

8 MR. WEHNER: May I step out for a minute, Judge? I'd
9 like to take a look at a book.

10 THE COURT: All right, I'll take a break, Then we'll
11 take our morning recess, 15 minutes.

12 MR. WEHNER: Thank you, Your Honor.

2 THE COURT: All right, resuming on the record

3 again, and Mr. Wehner, do you have anything.

4 MR. WEHNER: Yes, Your Honor, I think I'd

5 simply like to continue with the cross-examining of

6 Mr. Sankin and I'd like to remind the Court of a

7 statement that the Court made to Independent Counsel

8 before this trial even started, based on Brady, failure

9 to produce Brady material, and I believe the Court's
10 statement was that you found that the information they
11 had not provided at that point was Brady and you
12 cautioned them, frankly, very sternly that sanctions
13 would be in order if they failed to comply with Brady in
14 the future and I think I would like the Court to keep
15 that in mind as we continue the cross-examination.

16 MR. O'NEILL: Judge, I'd like to put one thing
17 on the record.

18 THE COURT: Sure.

19 MR. O'NEILL: The series of questions elicited
20 to Mr. Sankin were cross-examination and I have no
2 problem with that, but when my credibility is put at

2 issue and in a way that reveals to the jury that I may
2 have done something improper when I do not feel that I
2 did, it becomes time to fight back, Judge, and if he's
2 going to do that on the record, if gloves are going to

1203

1 be off, they're going to be off on both sides, Judge.

2 I've put up with some of the histrionics so
3 far, the head shaking, and the like. I have no problem
4 with putting up with it. I have not attacked
5 Mr. Wehner's credibility, nor do I intend to, but if my
6 credibility is at issue, that is not what this case is
7 about.

8 Mr. Sankin on direct examination identified
9 receipts. He identified his handwriting on them. Many
10 of them either said Miss Dean's name or some reference
11 to a high level HUD official. If Mr. Wehner wants to
12 cross-examine about that, to show it was not Miss Dean, 4 13 if he can prove
it was not Miss Dean, that's fine.

14 The Government did not say when it was
15 unnamed, it was Miss Dean. Mr. Sankin then later on
16 said something about not having an independent
17 recollection. How the Government is then in a position
18 of hiding Brady is beyond me. But I just want to state
19 that for the record, Judge.

20 THE COURT: I do think in fairness though,
2 Mr. O'Neill, when these documents are introduced they

allbinders as word for experiment.txt
2 came in as related to Miss Dean in people's minds, if
2 not through direct testimony. I think that's why they
2 were offered. I kept out 11D because it was not
2 indicated in relation to Miss Dean, although it's a HUD

1204

1 official lunch is what it said on it, but at that point

2 someone asked, and that's what my notes recollect

3 anyway. You've got a daily transcript. My notes

4 reflect that someone raised the issue whether or not

5 that was lunch with Miss Dean and I kept that one out.

6 The American Express receipt said HUD

7 officials for lunch. That was not challenged and was

8 admitted, but in relation to all the other ones that

9 were admitted that had Deborah Dean's initials on them,

10 and the Georgetown Leather gift which had DD on it,
11 there's some relationship to her, but that as to the
12 other ones, like staff assistant, et cetera, left the
13 impression, at least to the Court if not to the jury,
14 that they're all related to Miss Dean directly, not some
15 inference that she would have been at the lunch.

16 Otherwise they're not related Miss Dean -

17 MR. O'NEILL: I agree with you, Judge, but
18 wasn't that the time to object to it?

19 THE COURT: I said the American Express
20 receipt was allowed in. It was not objected to. On my
2 own notes I have a question on it. It was not objected

2 to and it was not in my mind identified as being
2 Miss Dean's responsibility at that time, but the
2 documents that were put in the same contiguous timeframe
2 certainly impresses to the Court that they were all

12 05

1 related to meetings and lunches and gifts to Miss Dean
2 and went to her culpability as to substantial matters,
3 and if there's evidence that the witness really didn't
4 know it was Miss Dean and didn't -- couldn't say that it
5 was related to Miss Dean, I think that should have been
6 brought out at the appropriate time once the prosecution
7 learned it.

8 I don't want to see the trial degenerate.

allbinders as word for experiment.txt
9 This trial has been remarkable for the excellence of

10 counsel on both sides. I have noted to myself and my
11 staff that fact and I contrasted it to the prior trial I
12 recently finished. I don't want to see it degenerate,
13 but at the same time I think Mr. Wehner is entitled to
14 raise issues with Mr. Sankin as to what he said and what
15 he recollects about these documents and, again, what
16 ones he can testify were Miss Dean's or not. It's up to
17 him how he wants to do that.
18 Mr. Sankin may remember they're Miss Dean's.
19 On the other hand, he may deny knowing that they're
20 Miss Dean's or not. I will allow him to examine him to
21 the American Express receipt and what he said about it
22 yesterday. I told him that he couldn't possibly finish
23 this examination yesterday. He said that he didn't have
24 any recollection, as I understand it, of having lunch or
25 dinner with Miss Dean precisely, but I think the

1206

1 Government had a basis to put the ones identified with
2 her name on it into evidence certainly.
3 Others which were identified, he can then
4 testify that that would refer to her as opposed to
5 somebody else he would have lunch with in a high office
6 of HUD, are legitimate. But ones where they're not
7 related to her and he can't say, I do not think they
8 should be used, regardless of no objection.
9 All right. We'll have Mr. Sankin back and
10 proceed with cross-examination.
11 I do not want to put the Independent Counsel
12 on trial, although I'm not sure it's not fair game in
13 closing argument to mention these incidents.
14 All right. Bring Mr. Sankin in.
15 (Jury present)
16 THE COURT: will someone get Mr. Sankin back?
17 All right, ladies and gentlemen, we're ready
18 to resume the cross-examination at this time.
19 BY MR. WEHNER:
20 Q Mr. Sankin, I believe that you testified yesterday
2 regarding Government Exhibit 11D.
2 We'll skip 11D, Mr. Sankin.
2 THE COURT: Yes, I kept that one.
2 MR. WEHNER: I'm sorry. I didn't recall. I
2 was trying to keep my notes straight.

1 HE, I believe, was admitted.
2 THE COURT: which one?
3 MR. WEHNER: HE.
4 BY MR. WEHNER:
5 Q Do you see HE, Mr. Sankin, on your monitor?
6 A Not real well. I think it says lunch with Rick
7 Shelby, Keefe Company at the Dubliner.
8 Q Was Miss Dean at that luncheon?
9 A No.
10 Q Was Mr. Shelby at the luncheon?
11 A Yes.
12 MR. WEHNER: 11F, I believe, is in evidence.
13 THE COURT: Yes.
14 BY MR. WEHNER:
15 Q Do you see 11F, Mr. Sankin?
16 A I think it says Andrew and Deborah/discussed HUD.

allbinders as word for experiment.txt
17 Q And the Deborah that's written on there refers to
18 Deborah Gore Dean, does it not, or does it refer to
19 another Deborah?
20 A I believe so. It wouldn't have been another
2 Deborah.
2 Q Was Deborah Gore Dean present when you spent that
2 \$14?
2 A I have to rely on my notes in this case.
2 Q Was she present?

1208

1 A I believe so.
2 Q Mr. Sankin, this is dated May 9th,
3 Friday.
4 who were you dating in May of
5 A I think I was dating Kelly Joyce.

1986. That's a
1986?

6 Q And who was Kelly Joyce, just for the jury's
7 edification?
8 A A girl I was dating.
9 Q I'm looking for the truth.
10 In fact, she was a student of architecture,
11 was she not?
12 A She studied architecture. I don't know whether she
13 graduated at that point or not. ~'~
14 Q She studied architecture as opposed to being a
15 student of architecture^
16 A What I'm saying is I don't know if
17 student at that time or not.
18 Q Where did she go to school?
19 A Catholic University.
20 Q Did she graduate?
2 A I don't know.

she was a

2 Q You dated her for an extensive period of time?
2 A Yes,
2 Q You lived with her, did you not?
2 A Yes.

1209

1 Q And you were dating her in May of 1986, were you
2 not ?
3 A I think so.
4 Q And you would see her on weekends, would you not?
5 A It makes sense.
6 Q well, you would take her out to dinner and take her
7 out for drinks, wouldn't you?
8 A Yes.
9 Q Did you ever take her to the Children's -
10 A I think it says Childe Harold.
11 Q Did you ever take her to the Childe Harold?
12 A I don't remember. 4 13 Q Have you been to the Childe Harold?
14 A I have.
15 Q And is that a place that you frequented?

16 A I don't -I
wouldn't say that.
17 Q Well, it's a place where you were in May of 1986,
18 is that correct?
19 A It would so appear.
20 Q And if you were out for a drink in May of 1986,
2 isn t it logical you would be with the person you were
2 dating?
2 A Not necessarily, no, sir.
2 MR. WEHNER: I believe 11G is in evidence.
2 THE COURT: Yes, sir.

1210

1 BY MR. WEHNER:

2 Q I direct your attention to 11G. Now, you weren't

3 dating Miss Dean at this time, is that correct?

4 A At no time, sir.

5 Q Now, this is for May 9, '86 as well, is it not?

6 A Yes.

7 Q Now, that's a Friday night?

8 A Can you read the address on that? I can't read it.

9 Q Let me bring it up to you and let you read it off.

10 If I might, Your Honor.

11 THE COURT: Yes, certainly.

12 BY MR. WEHNER:

13 Q What does the notation say?

14 A The notation says Andrew with HUD Executive

15 Assistant to Secretary, and it says discussed stuff.

16 Q Discussed stuff. Now, was Miss Dean at this event?

17 A I don't believe that I would have noted that she

18 was if she wasn't.

19 Q Was she there?

20 A Sir, I don't remember the vast majority of these

2 slips. This included. I have to rely on my notes

2 whether or not she was.

2 Q This was a Friday night in 1986. Now, you know

2 Miss Dean, had a boyfriend then, don't you? Do you

2 recall?

1211

1 A I don't doubt it.

2 Q She was dating someone by the name of Richard

allbinders as word for experiment.txt

3 Giegengack, was she not?

4 A She dated Richard Giegengack.

5 Q Do you recall it was in 1986?

6 A I recall she dated Silvio DeBartolomeis as well.

7 Q Fair enough. Do you recall she was dating someone?

8 A I recall she dated.

9 Q Well, she didn't date you.

10 A No, sir.

11 Q Okay. So if you saw Kelly Joyce on Friday, May 9,

12 1986 r on Friday evening did you discuss stuff with Kelly

13 Joyce?

14 A You mean if I was with Kelly Joyce on a Friday did

15 I discuss things with her?

16 Q No, no. Your writing is discussed stuff, and I

17 want to know in your own words did you discuss stuff

18 with Kelly Joyce, your girlfriend, in 1986?

19 A I'm sorry, sir, could you clarify your question,

20 please? I don't understand.

2 Q Did you discuss stuff with Kelly Joyce in 1986?

2 A On this particular date in this particular

2 restaurant?

2 Q Any time.

2 A Yes, sir, I discussed things with her.

Q You've been to the Japan Inn?

2 A I have.

3 Q Have you ever been there with Miss Dean?

4 A The record would so indicate.

5 Q No, have you.

6 A Sir, as I testified, I don't remember who I went to

7 dinner with. I have to rely on these slips. On one or

8 two instances there's something in particular that

9 sparks my memory. This is not one of them.

10 Q Well, Mr. Sankin, it's a fact, is it not, that
11 these slips are not accurate?

12 A No, sir, that's not a fact.

13 MR. WEHNER: 11H, I think, was in, Your Honor.

14 THE COURT: It was marked but never offered.

15 MR. WEHNER: 11I?

16 THE COURT: That was not admitted.

17 MR. WEHNER: 11J?

18 THE COURT: Yes.

19 MR. WEHNER: I'll put 11J on the overhead.

20 BY MR. WEHNER:

21 Q Mr. Sankin, can you read that from the projector?

22 A It says, I think, with Debbie Dean, Hunter Cushing,

23 both of HUD, discussed Mod Rehab.

24 Q Now, that 's \$17, is that not?

25 A Yes.

1213

1 Q Was Miss Dean at that \$17 meeting?

2 A Sir, I'll restate what I said again. If my notes

3 say she was there, then I must testify that she was

4 there. I do not have a specific memory of this lunch.

5 Q Mr. Sankin, you don't have to testify that she was

6 there if that's what your notes say. That's part of

7 what immunity is all about. You can't be prosecuted for

8 what you said here today unless you lie.
9 A Sir, I'm telling you the truth the best way I know
10 how.
11 Q I'll put on the overhead UK. Can you read that on
12 the monitor?
13 A It says dinner with Executive Assistant and Chief
14 of Staff, something Secretary of HUD.
15 Q Now, was Miss Dean at this dinner?
16 A Yes.
17 Q You're positive?
18 A With the qualifications I've already stated, yes,
19 sir.
20 Q Well, let's make clear what the qualifications
2 are.
2 A The qualifications are that I do not have a
2 specific memory of the dinner in 1986 but I would not
2 have written she was there unless she was there. To the
2 best of my knowledge, sir.

1 Q Her name doesn't appear on there
2 A No, sir.
3 Q As a matter of fact, that's kind of a description
4 that a Harvard graduate might assume would satisfy the
5 Internal Revenue Service, isn't it?
6 A I can't comment on what a Harvard graduate might
7 think, sir.
8 Q Where did you go to law school?
9 A Georgetown.

10 Q Sorry, I didn't mean to insult you.
11 Is that the kind of description a Georgetown
12 graduate would put on a slip to satisfy the Internal
13 Revenue Service?
14 A Well, it's the type of explanation I put on the
15 slip and it did in fact satisfy the Internal Revenue
16 Service.
17 Q Well, you wanted it to, didn't you? You wanted to
18 satisfy the tax deductibility of these expenses, isn't
19 that correct?
20 A Yes.
2 Q Did you ever think the Internal Revenue Service
2 might call up one of these people and asked if they were
2 actually there?
2 A I wouldn't know, sir.
2 Q I'll put it up, Mr. Sankin. The date on that is

1 August 17th of 1986, that's a Sunday.
2 A I can't read that, sir. Could you put it more up?
3 Q Would you like me to bring it up to you?
4 A Yes, please, that would be helpful.
5 "Lunch with DD from HUD, discussed Mod Rehab
6 funding."
7 Q That's a Sunday.
8 Who were you dating then?
9 A What was the date on it, please?
10 Q August 17, 1986.
11 A I think I was dating Kelly Joyce.
12 Q Isn't it a fact that Kelly Joyce was at that
13 luncheon on that Sunday and not Deborah Dean?
14 A I can't testify to that, no, sir.
15 Q Isn't it a fact that Deborah Dean wasn't at that

allbinders as word for experiment.txt

16 lunch?

17 A No, sir, that's not a fact.

18 Q Was she there?

19 A Sir, the same answer as before. I don't remember

20 the lunch, but if I wrote that she was there -2

Q If you wrote that she was there -2

A I do not ever recall writing that somebody was

11 A No.
12 Q Do you recall that Kelly Joyce graduated on May 16
13 of 19 87?
14 A No, although I must tell you I don't think that
15 Deborah Dean was present there.
16 Q Do you recall taking Kelly Joyce to dinner the
17 night of her graduation?
18 A No.
19 Q Are you aware that on that date Miss Dean was with
20 your lawyer's partner, Plato Cacheris, with her aunt at
2 a horse race?
2 A why would I be aware?
2 Q Because you wrote on the list who -- on your
2 receipt she was having dinner with you.
2 A Are you referring to this receipt?

1218
I Q Read it, please?
2 A It says dinner with Assistant Secretary of HUD. I
3 don 't believe that refers to Deborah Dean, as I just
4 told you.
5 Q who does that refer to?
6 A I think it more than likely refers to
7 Silvio DeBartolomeis.
8 Q Was Kelly Joyce with you at that dinner?
9 A Sir, I don't remember.
10 MR. WEHNER: I• d like to put on the monitor
11 IIP •
12 I believe this was introduced, was it not?
4 13 I don't know if you can see that one.
14 There it is, I' m sorry.
15 BY MR. WEHNER:
16 Q Now, that reflects a cup and saucer, business gift
17 to Deborah Dean, correct?
18 A That's what it says.
19 Q Now, I recognize this may be painful for you,
20 Mr. Sankin, but I'm going to have to go through it any
21 way You were in a very close personal relationship
22 with Kelly Joyce, is that right?
23 A Yes.
24 Q And there came a point in time, did there not, that
25 you believed that she might be having a child, is that

1219

1 correct?

2 A Yes.

3 Q And you thought maybe it was your child, is that

4 correct?

5 MR. O'NEILL: I don't know what this has to do

6 with anything.

7 THE COURT: I'll take it up at the bench.

8 (Bench conference)

9 THE COURT: Where is this going?

10 MR. WEHNER: The reason that he gave her the

11 \$300 gift and the conversation that he had with

12 Miss Dean when he gave her that cup and saucer was he

13 wanted to thank her for being so supportive and

14 counseling to him and Miss Joyce when they were

15 determining whether or not to terminate the pregnancy.

16 THE COURT: Why don't you ask him the question

17 do you recall the reason you gave her the gift.

18 MR. WEHNER: Because I'm allowed to lead on

19 cross, Judge.

20 THE COURT: All right. Then you can ask him

21 isn't it true you gave her the gift because she

22 counseled you and your girlfriend, and don't give the

23 circumstances, I don't see any need to bring out

24 terminating the pregnancy.

25 MR. O'NEILL: That's fair.

1220

1 MR. WEHNER: Thank you.

2 MR. O'NEILL: That's fair.

3 (Bench conference concluded)

4 THE COURT: All right. You can rephrase the

5 question.

6 BY MR. WEHNER:

7 Q Isn't it true that you gave Miss Dean this gift

8 because she counseled you and Miss Joyce about a very

9 difficult personal decision?

10 A There's no question that Miss Dean counseled both

11 Miss Joyce and myself on more than one occasion.

12 Whether that's connected to this gift or not, I couldn't

13 say so.

14 Q Isn't it a fact that when you gave this gift to

15 Miss Dean you said I just wanted to thank for counseling

16 Kelly and myself and helping us through a difficult
17 time?

18 A I don't remember, but I don't have any problem with
19 that.

20 Q I don't care if you have any problem with that.

2 You wrote this off as a business gift and you

2 testified to this jury in essence that you gave this to
2 Miss Dean as a part of some scheme dealing with Mod
2 Rehab.

2 A No, sir, I don't believe I testified to that.

1221

1 Q Well, that's a pretty fair inference, isn't it?

2 MR. O'NEILL: That's for the jury to make,
3 Judge.

4 THE COURT: All right. Ask questions, don't
5 make comments. I'll sustain the objection.

6 BY MR. WEHNER:

7 Q This had nothing to do with Mod Rehab, Mr. Sankin,
8 did it?

9 A It would have been my practice if I had lunch with

10 somebody, if I had dinner with somebody, if I gave a
11 gift to somebody that had a -- any sort of connection
12 with my work, and at times that was tenuous, to write it
13 off. And this strikes me that it may be such a thing.

14 Q The fact is it didn't have anything to do with Mod
15 Rehab. It had to do with personal relationships.

16 A If you're asking me if there was a --

17 Q I'm asking you the question I asked you,
18 Mr. Sankin. Why can't you simply admit it? You've
19 gotten immunity.

20 A I'm trying to answer you to the best of my ability,
21 sir.

22 Q I want you to answer the truth.

23 THE COURT: Just ask him questions.

24 BY MR. WEHNER:

25 Q Isn't it true that this receipt, this \$300 gift had

1222

1 nothing to do with Mod Rehab and instead had to do with
2 a personal debt that you felt you owed Miss Dean for her
3 counseling at a very difficult time?

4 A I certainly felt warmly towards Miss Dean and I
5 gave her a gift and I wrote it off. It was -- this
6 certainly was not a tit for tat for Mod Rehab, in my
7 view.

8 Q Now, I believe before the break you testified
9 that -- you were talking about a receipt from the
10 Georgetown Leather design. Isn't it true you never gave
11 Deborah Gore Dean a gift from Georgetown Leather Design?

12 A Sir, I don't remember.

13 Q Isn't it true you gave it to Carter Bell?

14 A Sir, I don't remember.

15 Q And isn't it true that that's the reason you wrote

allbinders as word for experiment.txt
16 it off because you felt it was somehow related to HUD?
17 A May I see the Exhibit, please?
18 MR. WEHNER: Sure.
19 THE COURT: It's Exhibit 11Q, I believe.
20 MR. WEHNER: Your organiztional skills are far
2 superior to mine, Judge. Just give me a second.
2 THE COURT: Is 11Q out there?
2 MR. WEHNER: Here it is.
2 A I can only say that I see nothing on here that
2 would indicate I gave this to Deborah Dean.

1223

1 Q Now, the question is did you give it to Deborah
2 Dean?
3 A My answer is I don't think so.
4 THE COURT: Let me see that exhibit? Thank
5 you.
6 There is some writing in the exhibit, right?
7 THE WITNESS: Yes, sir.
8 THE COURT: And that's in a different color
9 ink than on the rest of the exhibits. What does it
10 say?
11 THE WITNESS: It says HUD Assistant to
4 1213
Secretary.
THE COURT: Business gift.
14 THE WITNESS: Yes, sir, it says business gift,
15 HUD Assistant Secretary.
16 BY MR. WEHNER:
17 Q who do you believe you gave that to, Mr. Sankin?
18 A I don't know.
19 Q You didn't give that to Miss Dean, isn't that
20 correct?
2 A I don't think so because the notation is not
2 consistent with something I would have written that I
2 gave to Miss Dean.
2 Q Is this one of the exhibits you told the
2 Independent Counsel you couldn't tie to Miss Dean?

1224

1 A I didn't -
2 MR. O'NEILL: Objection, Your Honor, he never
3 said that to Independent Counsel.
4 THE COURT: All right, I'll sustain the
5 objection, the way it's phrased.
6 BY MR. WEHNER:
7 Q When did you first review these exhibits with the
8 Office of Independent Counsel, Mr. Sankin?
9 A I believe it was at least several years ago.
10 Q Who was present when you reviewed the exhibits?
11 A It would have been one of several people. I've had
12 several attorneys.
13 Q From the Office of Independent Counsel.
14 A Who was present from the Office of Independent
15 Counsel?
16 Q Yes.
17 A There were a variety of people from their office as
18 well.
19 Q Did you have occasion to discuss these receipts
20 with them?
2 A I believe so.
2 Q And did you go through them and talk about whether
Page 687

allbinders as word for experiment.txt
2 or not they were -- they accurately reflected your
2 activity with Miss Dean?
2 well, it's a rather important question, isn't

1225

1 it, Mr. Sankin?

2 Is this Miss Dean or not?

3 A Mr. Wehner, I think all of your questions are

4 important but you must understand that I went through

5 probably 20 boxes of documents with probably -- at least

6 a dozen persons, different personnel from the Office of

7 Independent Counsel. I had one law firm which

8 conflicted out, had another law firm which split, and to

9 be honest with you, I don't remember.

10 Q But you did go through these receipts with them,
11 did you not?

12 A I went through a lot of paperwork.

13 Q Including these receipts?

14 A Yes.

15 Q And did you tell them at that time that what was
16 reflected on these receipts as it pertained to Miss Dean
17 was accurate?

18 A I do not remember specific conversations in
19 connection with specific receipts, sir. If --

20 Q Do you remember talking to them about all of your
2 documents?

2 A I remember talking to them about documents, yes,
2 sir.

2 Q Were there agents in the room at the time you were
2 talking about the documents?

1226

1 A You're referring to FBI agents?

2 Q Let me back up. Who was present from the Office of
3

the Independent Counsel when you told them about these
4

allbinders as word for experiment.txt
receipts?

5 A I would need to refer to my notes, sir.

6 Q Where are your notes?

7 A My attorney has them.

8 Q Do you have a recollection of anyone writing notes

9 while you were talking about these receipts?

10 A Yes, sir.

11 Q Who was in the room writing notes when you were
12 talking about the receipts?

13 A Very frequently I had my own counsel writing notes
14 and also representatives from the Independent Counsel's
15 Office writing notes.

16 Q Was an FBI agent present when you talked about
17 these receipts?

18 A I think one was present all the time, although I
19 may have been just talking with attorneys or just FBI
20 agents.

2 Q And was the agent writing about the receipts?

2 A To the best of my memory, yes.

2

MR. WEHNER: Your Honor, could we approach?

2

THE COURT: Sure.

2

THE WITNESS: Your Honor, could I be excused

1227

1 for one minute, please?

2 THE COURT: Sure.

3 (Bench conference)

4 THE COURT: What do you want to do about
5 notes?

6 MR. WEHNER: Your Honor, I would like the
7 notes to be produced in Court in camera.

8 THE COURT: I assume these were not Jencks.

9 MR. WEHNER: Well, he's testified there are
10 notes, but they're not in the Jencks material, Judge.

11 MR. O'NEILL: I have no idea what he's talking
12 about, Your Honor.

13 MR. WEHNER: Bob, just so the record is clear,
14 I don't think I'm suggesting that they were withheld.

15 MR. O'NEILL: I don't know what he's referring
16 to about notes.

17 THE COURT: As I understand it, the Government
18 some years ago interviewed at various times Mr. Sankin.

allbinders as word for experiment.txt
19 At some point in time he would have gone through some of
20 these receipts.

2 MR. O'NEILL: Apparently.

2 THE COURT: The trial counsel today did not go
2 through with him about these receipts before you put him
2 on the stand.

2 MR. O'NEILL: I did not understand, Your

1228

1

Honor.

2

THE COURT: Trial counsel today did not review
3

these receipts with him before he testified.
4

MR. O'NEILL: Absolutely, that's correct,
5

purposely.

6 THE COURT: So what he's talking about is

7 sometime in the past, whether or not there are any notes

8 in the FBI records, if they were taking notes about what

9 he said about these receipts, and the Independent
10 Counsel says they personally don't know anything about
11 that. I don't know if your FBI assisting agent or
12 someone could ask if there are some notes available or
13 materials. I assume you got everything together for the
14 trial that you have on Mr. Sankin.

15 MR. O'NEILL: Judge, I will say the amount of
16 Jencks on this individual is so massive an undertaking
17 that I have never even seen agents take such
18 ridiculously exact notes. The typical interview would
19 be 20 or 30 pages. I've skimmed through it.

20 THE COURT: There's nothing redacted as to
2

notes.

2

MR. O'NEILL: Oh, no, Judge.

2

MS. SWEENEY: No, Your Honor.

2

MR. O'NEILL: And if you'd want we could put

2

on an agent later at an appropriate time to say what the

1229

1 practice with notes are, but we can represent to the
2 Court when you first said notes I thought Mr. Wehner was
3 referring to Mr. Sankin's notes.

4 THE COURT: No.

5 MR. O'NEILL: There are no notes from the
6 agent.

7 THE COURT: He's referring to whatever agent
8 took notes when he was identifying these exhibits. All
9 I can do is accept the Government's proffer that they
10 don't have those notes.

11 MR. O'NEILL: You could call the agent.

12 MR. WEHNER: I don't think that's a fair 4 13 characterization of what was
said, and Mr. O'Neill is

14 exactly correct. I don't suggest that he saw it or he
15 did it, but I think it's clear that the witness
16 testified that notes were taken about these receipts.

17 MR. O'NEILL: Oh, notes were definitely taken,
18 but about what, only the agent could tell us.

19 MR. WEHNER: And I think I'm entitled at this
20 juncture in the cross to have Your Honor at least review
2 the notes that were taken about these receipts.

2 Mr. O'Neill doesn't have to personally say they
2 weren't -2

THE COURT: I understand from the Independent
2 Counsel they've turned over everything they had and

1230

1 there are no notes to review. If we want to make a

2 further inquiry of that we can have the FBI present and

3 see if those agents have any notes that they haven't

4 turned over. That's the only inquiry I can make. For

5 some reason, the notes are gone or they don't have them.

6 MR. WEHNER: I would ask you to instruct the

7 Independent Counsel to produce those notes, at least to

8 Mr. O'Neill and Miss Sweeney, if they exist because they

allbinders as word for experiment.txt

9 said they haven't seen them.
10 THE COURT: I'll have them ask the agent to
11 see which were the agents at these various interviews
12 and see if there are any other notes that have not been
13 produced that these agents for some reason may or may
14 not have turned over, and that would reflect maybe
15 comments about these receipts.
16 I take it the Jencks has been turned over,
17 although it's been asked for and you reviewed it and
18 there are no comments about these particular receipts.
19 MR. WEHNER: I haven't found any about any
20 receipts.
2 MR. O'NEILL: Nor have I.

2 MR. WEHNER: There's no notes. It's an
2 absence of notes.
2 THE COURT: I'm not going to stop the trial
2 now to question all the agents at this point. First of

1231
1 all, you're getting into collateral issues anyway as
2 to -- he's already testified as to some of these
3 materials. All you're really asking now is did he ever

4 say these were accurate or not. You asked him about the
5 notes
6 MR. WEHNER: Judge, I think it's fair when you

7 had the issues regarding Brady, as you've had in this
8 trial, that I ask these additional questions. I mean if
9 there are notes that reflect -- these aren't accurate,

10 and they came in. That's not the fault of Mr. O'Neill.
11 But it's attributable to the Office of the Independent
12 Counsel.
13 THE COURT: I understand. I'll have the FBI
14 agent check which agents were at these interviews and
15 see if there were any notes that were turned over.
16 MR. WEHNER: Including rough notes, Your
17 Honor

18 THE COURT: Any notes reflecting these
19 receipts.
20 MR. O'NEILL: The only notes they would have
2 would be rough notes.
2 MS. SWEENEY: Your Honor, I do believe in the
2 Jencks material there are references to gifts provided
2 to Miss Dean. I just wanted that to be clear so we
2 weren't at cross purposes.

1232

1 MR. WEHNER: That's true, Your Honor. That's
2 what Mr. O'Neill refreshed his recollection on.
Page 692

3 MS. SWEENEY: And I believe perhaps social

4 occasions, lunches and dinners as well.

5 THE COURT: All right.

6 (Bench conference concluded)

7 THE COURT: Okay. We're ready to resume.

8 MR. WEHNER: Would you read back the last

9 question and answer, please?

10 (Question and answer read back)

11 BY MR. WEHNER:

12 Q Mr. Sankin, do you generally have a recollection in
13 all your dealings with the Office of Independent Counsel
14 that you told them that your records accurately
15 reflected what happened?

16 A I don't think they ever asked me that, sir.

17 Let me clarify that. It was my impression

18 that they were going to draw their own inferences from
19 my records.

20 Q And they didn't want to know if they were accurate
2 or not?

2 MR. O'NEILL: Objection.

2 THE COURT: All right. I'll sustain the
2 objection.

2 BY MR. WEHNER:

1 Q Okay, Mr. Sankin, I think you gave some testimony
2 yesterday regarding free legal services, is that
3 correct?

4 A I think I gave some testimony regarding services.

5 I think I testified that since I wasn't an attorney I
6 couldn't offer legal services.

7 Q You graduated from law school, did you not?

8 A Yes, sir.

9 Q But you were not admitted to the bar, is that

10 correct?

11 A That's correct.

12 Q Did you ever take the bar exam?

13 A I have.

14 Q Which one did you take?

15 A Pennsylvania.

16 Q Did you pass?

17 A I did.

18 Q And did you waive into the District of Columbia?

19 A No, sir.

20 Q So you're still not a member of the District of
2 Columbia bar?

2 A No, sir.

2 Q But you're an active member of the Pennsylvania

2 bar •

2 A Yes, sir.

1 Q Now, I believe you testified about performing some

services for the Stanley Arms, is that correct?

3 A Yes.

4 Q By the way, is your father a lawyer?

5 A Yes, he is.

6 Q And I believe you testified that you went to

7 Miss Dean after you were out of law school, and you

basically were looking for a job, isn't that right?

9 A No, sir, I don't think I testified to that.

10 Q What was your -- where were you employed when you

11 went to Miss Dean, right after you got out of law

12 school?

13 A I have a problem with your characterization of went

14 to.

15 Q When you talked to Miss Dean about the Stanley

16 Arms r where were you employed?

17 A I believe I was a student.

18 Q And where did you go to work after you left school?

19 A I went to work for myself.

20 Q Did you work for your father?

2 A No, sir.

2 Q Did you work for your father's company?

2 A No, sir.

2 Q Did you manage buildings that belonged to your

family?

1235

1

2

3

4

5

A I managed one building in which my father was a
minority owner of.

Q And did you not want to manage additional apartment
buildings?

A Yes, sir.

6

7

8

Q And you became aware that Miss Dean's family owned
a small apartment building, is that correct?

A Yes, sir.

9

10

11

12

Q

A

Q

A

And about how many units was that, about 20 or 30?
The apartment building?

Yes.

I think it's 40.

13

14

Q

A

40 units.

Yes.

15

16

17

18

19

20

2

2

Q Okay. By the way, did you ever ask Miss Dean or
suggest to Miss Dean that she should get some Mod Rehab
funds

A

Q

green

A

to redo these apartments?

I may have suggested it.

And she said that there's no way on the Lord's
earth that that would be proper, didn't she?

I think that's correct, yes, sir.

MR. O'NEILL: Those exact words, Mr. Sankin?

2 MR. WEHNER: Objection, Your Honor, it's

2 cross -examination.

2 MR. O'NEILL: I'll withdraw it, Your Honor.

0

U

V

1 THE COURT: All right. Go ahead.

2 BY MR. WEHNER:

3 Q Now, you were looking for additional apartments to

4 manage.

5 A Yes, sir, I was looking for business in general.

6 Q And you discussed that with Miss Dean, is that

7 correct?

8 A I'm not sure that's correct in that way, no, sir.

9 Q Well, then correct me, please.

10 A I spoke to her certainly about the Stanley Arms
11 Apartments.

12 Q That's what I'm saying. You spoke to her about
13 being a manager for Stanley Arms Apartments, isn't that
14 correct?

15 A We spoke to each other about it, yes, sir.

16 Q And you entered into an agreement, oral or
17 otherwise, to manage the Stanley Arms Apartments, isn't
18 that correct?

19 A Yes.

20 Q And you were to receive a fee for managing the
2 Stanley Arms Apartments?

2 A Yes, sir.

2 Q And that fee started at four and a half percent of
2 the gross rental income, isn't that right?

2 A I know it started at a figure below six percent.

1237

If you say four percent I accept that.

1

2 Q You tell me your best recollection) ahat the figure
3 was .

4 A I think that's correct.

5 Q Four and a half percent. Your best recollection is
6 that the rent started at 4.5 percent, is that right,
7 your fee?

8 A Yes, sir.

9 Q Now, the apartments weren't in very good condition,

10 were they?

11 A No, sir.

12 Q And they needed a lot of work to be done j didn't
13 they?

14 A Yes, sir.

15 Q But they also needed to have a rent increase, isn't
16 that correct?

17 A Yes, sir.

18 Q And a rent increase would mean that your income
19 would increase, isn't that correct?

20 A Yes.

2 Q Because you would be getting four and a half
2 percent of more money than you got before i the rent
2 increase, isn't that right?

2 A That's correct.

2 Q And not only that, once your fee went up to six

percent you also got more money, didn't you?

2 A Yes, sir.
3 Q As a result of the increase to six percent and the
4 fees going up to six percent, isn't that right?
5 So they both went up.
6 THE COURT: Relative to the increase in the
7 rents •
8 BY MR . WEHNER:
9 Q The increase in the rents and the increase in the
10 percentages, they both go up.
11 A Yes, sir.
12 Q Your fees are increased?
13 A Yes, sir.
14 Q You receive more money?
15 A Yes, sir.
16 Q That's more remuneration, more dollars go into your
17 pocket, isn't that right?
18 A Eventually, yes, sir.
19 Q I'm glad you said eventually. Isn't it true that
20 after you got the rent increase that Miss Dean
2 instructed you just to raise the rents gradually?
2 A That's correct.
2 Q As opposed to all at once?
2 A That's correct.
2 Q So the tenants wouldn't be displaced?

1 A That's correct.
2 Q So you got a little less money –
3 A Actually – let me correct you. I don't think it
4 was because the tenants wouldn't be displaced. That may

have been part of it but so that no one would -- a
6 hardship financially would be borne by the tenants,
7 becau se it was, in percentage terms, a large increase.
8 Q So it was increased \$25 every three months?
9 A I don't recall.

10 Q In fact, it was increased \$25 every three months
11 and, in fact, the rent increase that resulted from the

4 12 petition that was filed was a 30 percent increase,
13 wasn't it?
14 A I thought it was a little bit higher than that
15 but -- it's in the record.
16 Q Significant increase?
17 A Between 30 and 40 percent.
18 Q So, a significant increase in rents?
19 A Yes.
20 Q And in fact your percentage went up to six percent,
2 isn • t that right?
2 A Yes, it did.
2 Q Now, you were in a straightforward on-the-record
2 business transaction regarding this apartment building,
2 isn' tthat right?

1240

1 A I don't understand you, sir.

2 Q Was there anything unusual about this arrangement

3

with Miss Dean? wasn't it a standard property

4

management agreement?

5 A Well, it was standard with respect to the fact that

6 I was to manage property and receive a percentage of the

7 revenues as a fee. It was standard with respect to the

8 tasks I was to perform as a property manager. I'm not

9 sure what you mean by standard agreement.

10 Q Well, with your experience in the property

11 management business, was this typical?

12 A Oh, it was certainly not typical to have an oral

13 agreement rather than a written contract, for example.

14 Q But was it a typical agreement that you would

15 receive four and a half and then six percent of rents?

16 Isn't that a typical agreement for management contracts?

17 A The fee range is certainly within what you will

18 find in the marketplace.

19 Q Well, it's -- exactly. So that is a typical

20 arrangement. You receive a percentage of the rents you

2

collect, correct?

2 A I receive a percentage of the rents I collect, yes,

2

that is correct.

2 Q Now, isn't it true that you considered this

2

contract for the Stanley Arms to be a favor to you?

1241

1 Isn't that correct?

2 A It was certainly a benefit to me. I appreciated

3 it.

4 Q And, in fact, you repeated that, and you made that

5 statement that it was a favor to you, to Thomas

6 Broussard on several occasions?

7 A I certainly appreciated the business, but I think

8 that if you're going to characterize as a favor being

9 able to manage a building I think you have to

10 characterize as a favor the manner in which it was
11 managed. I think it was a mutually beneficial business
12 arrangement.
13 Q So you felt you did a good job of managing it?
14 A Yes, sir.
15 Q And you felt that you were fairly paid for managing
16 it?
17 A I felt I did a good job of managing, sir. I think
18 the record will bear that out.
19 Q Now, through all these interviews with the
20 Independent Counsel and all the discussions that you had
21 about the Stanley Arms properties, isn't it true that
22 you told them on occasion that you believed that this
23 arrangement that we've described, the four and a half to
24 six percent, and the increase in the rents, that you
25 believe that Deborah Dean believed that that was fair

1242

1 compensation for your work on the rental increase
2 petition?
3 A Those aren't the words I would have selected,
4 but -
5 Q Please give me the words you would have selected.
6 A I think that the -- our arrangement was ambiguous
7 with regard to the Stanley Arms and that -- and I think
8 that she -she
perhaps believed that -let
me start
9 over, and I will -I
will synopsise the arrangements on
10 the Stanley Arms for you.
11 As I got to know Deborah Dean I became aware
12 that she had this apartment building. We discussed it.
13 I made observations to her regarding the way the
14 building was being managed. I don't remember whether
15 she asked me to manage it or I asked her to manage it,
16 but I was certainly pleased to have the work.
17 One of the things I told her she needed to do
18 or should consider doing was to get a hardship rent
19 increase because the building was losing money, and a
20 hardship rent increase would allow her -- would allow
2 the building to receive a fair return. I think perhaps
2 she viewed my work product in preparing this hardship
2 rent increase as an incentive for my taking over the
2 business, although we never specifically discussed it.
2 so it is possible she had a belief that this

1243

1 was included, and the fact of the matter is we did not
2 have an arrangement regarding the fee for this petition
3 before the fact and I only discussed the fee with her
4 after the fact.
5 Q What was the rent rate for the Stanley Arms before
6 the rent increase was granted? Approximately.
7 A As I recall, the top rent in the building was \$163
8 a month. It was certainly under \$200 a month, I think.
9 Q And how many units were there?
10 A 40.
11 Q I think 163 times 40 is 6520.

12 If you care to check my math, Mr. O'Neill.
13 MR. O'NEILL: No, not at all.
14 MR. WEHNER: I'm not a math person.
15 BY MR. WEHNER:
16 Q 6520, four percent of that would be what, \$250?
17 I'm estimating. I think that's about \$250. What was
18 the average rent when you -- after you raised the rent?
19 A I don't remember what the average rent was but I
20 think that when -- when I stopped managing the building
2 the top rent in the building was either 315 or \$335 a
2 month. Under rent control the rents are all different
2 levels.
2 Q Well, that's a significant increase. That's about
2 double, isn't it?

1244

1 A Yes.
2 Q Well, then your fee about doubled, did it not?
3 From the beginning of the time you started with the
4 apartments until the end, on a monthly basis? Isn't
5 that a fact?
6 A No, I don't think it's a fact that it doubled. It
7 may have. I don't -- I
8 don't -- if you'd like me to
8 work out the numbers I can do that.
9 Q Well, if the rents go up by 100 percent and your
10 percentage goes up --
11 A The rents in the building did not go up 100
12 percent. They went up less than that. I told you what I
13 remembered the top rent level in the building as being.
14 Q You would agree --
15 A Rents went up also after the rent increase when we
16 had turnovers.
17 Q You would agree that your rate of compensation, the
18 dollars in your pocket, went up substantially, would you
19 not?
20 A My rate of compensation did. There was substantial
2 overhead. In my pocket is another issue.
2 Q The money you received from the Stanley Arms as a
2 percentage of rents increased substantially, did it not?
2 A Yes.
2 Q Now, I think you testified that you weren't an

1245

1 attorney, correct?
2 A Yes, sir.
3 Q And I believe yesterday you testified that one of
4 the ways that you calculated what you believed the rent
5 increase to be worth was based on an hourly rate, isn't
6 that correct?

7 A I think I said I investigated what an hourly rate

8 by an attorney would have been. That's not the way that

9 I personally calculated the value.

10 Q Did you find out what the going hourly rate was for

11 an attorney who was not a member of the bar in

12 Washington, D.C. at that time?

13 A I don't know. I would think not.

14 Q As a matter of fact, unless you're admitted to the

15 bar, you can't practice law, isn't that true?

16 A That's what they tell me, yes, sir.

17 Q Real estate or otherwise, correct?

18 A I think that's correct.

19 Q Now, we've talked about the credit card receipts

20 that show that some amounts of money, albeit very small,

2 flowed from you to Miss Dean, correct? We had a \$300

2 cup and saucer, correct? And you gave that to

2 Miss Dean. Even though it was for personal or business,

2 whatever, you delivered that to her?

2 A I don't think anything reflected money going to

#

1 Miss Dean.

2 Q No, no, \$300 worth of a cup and saucer, correct,

3 that's what you paid for it and that's what you handed

4 to her?

5 A I think that's what the record reflects.

6 Q And there were a couple of lunches or dinners that

7 you testified that went to Miss Dean, isn't that

8 correct, because that's what your records reflect?

9 A I don't recall how many there were, but -10

Q A few.

11 A Yes.

12 Q Would you say that the total entertainment and

13 gifts you gave to Miss Dean over the time you've known

14 her was what? I'm not going to suggest a number for

15 you. You just give me a number. Best estimate.

16 A I would say under \$1000, but I am very

17 uncomfortable with trying to calculate a number of what

18 I spent on entertainment over a series of years, high,

19 low, I just don't know.

20 Q Your best recollection is \$1000, as I understand

2 it.

2 Now, did Miss Dean entertain you on occasion?

2 A I think she did, yes.

And she paid for your airline tickets on occasion,

I don't remember that.
Did you ever go to an island off the coast?
We went to Bermuda together.
And you went by air?
Yes, we did.
She paid for your airline ticket, didn't she?
I don't remember that, no.

I think so.
Do you recall being short on cash at that time and
Miss Dean put all those expenses on her credit

Now, I don't want to leave a misimpression. You

My girlfriend was not among the group.

1 Q But you weren't traveling there for a weekend with
2 Miss Dean?
3 A Well, I was traveling there for a vacation weekend
4 with Miss Dean and several others.
5 Q Who else was with you?
6 A Richard Giegengack.
7 Q And that's who Miss Dean was dating at that time,
8 is that correct?
9 A Not according to Mr. Giegengack.
10 Q No, according to you.
11 A Deborah Dean and Abbie Weist shared a room and
12 Richard Giegengack and I shared a room. He's not my
13 type.

14 Q And you have no recollection of Miss Dean -pardon
15 me?

16 A Nothing, sir.

17 Q You have no recollection of Miss Dean charging that
18 airline ticket on her card?

19 A I really don't, but if she did I'd be very very
20 surprised if I didn't reimburse her for it. I -- I'm
2 pretty darn sure that an airline ticket to Bermuda was
2 not a gift from Deborah Dean to me. I would remember
2 that, and I don't remember that.

2 Q Did you consider the time she entertained you to be
2 a gift from her to you? I mean the times you -

1249

1 A I never thought of it in those terms, no, sir.

2 Q well, but -- then why is what you bought for her a
3 gift? If she buys you dinner, why is that not a gift?

4 A Oh, I misunderstood your question. I thought - I
5 thought you asked me if the time we spent together was a
6 gift.

7 Q No. I don't think that was my question. When she
8 entertained you, wasn't that a gift to you?

9 A Sure, in that sense.

10 Q well, in the same sense, when you bought her dinner
11 that was a gift to her, in that sense, in a social
12 sense •

13 A Yes, sir.

14 Q You were friends.

15 A Yes, sir.

16 Q You looked up to her?

17 A We still are.

18 Q She -- when was the last time you saw Miss Dean,
19 sir?

20 A I saw her at Christmas, December of last year.

2 Q In fact, you came to her house December of last
2 year, didn't you?

2 A I didn't come to her house. I was going somewhere
2 else. I was walking down the street.

2 Q You walked by her house.

1250

1 A I walked by her house. I saw her in the window.

2 She looked at me, I looked at her, we sort of the

3 wondered what the heck to do, and she goes, so you want

4 to come in, and I came in and we chatted, and she had

5 her fiance there at that time.

6 Q And she was decorating her Christmas tree at that

7 point, wasn't she?

8 A Yes, that's right.

9 THE COURT: Are you going to be much longer?

10 MR. WEHNER: Yes, sir.

11 THE COURT: All right. We'll go to lunch.

12 MR. WEHNER: Well, a half an hour more.

13 THE COURT: We'll go to lunch.

14 Ladies and gentlemen, we'll have the fans

15 turned on this afternoon to move some air through here,

16 so you don't get too warm and tired.

17 We'll come back at 1:45 because it's going to

18 be crowded down in the cafeteria to get lunch.

19 Remember the admonitions of the Court,

20 please. Do not talk about this case among yourselves or

21 with anyone else.

2 See you back here at 1:45 this afternoon.

AFTERNOON SESSION

2 (2:00 p.m.)

3 (Defendant present, Jury out.)

4 THE COURT: All right, why don't you bring the jury in.

5 Then I'll talk to them and see what they want to do here.

6 (Jury in.)

7 THE COURT: Ladies and Gentlemen, as you noticed this

8 morning, the air conditioning system is not working. There was

9 some construction apparently going on on our roof to fix one of

10 the systems, and they, instead of fixing it, broke it.

11 I've been told there's another courtroom on this floor

12 where the air conditioning is working. If you're uncomfortable,

13 we can move if you think it's bothering you. That requires us to

14 pack up a lot of materials.

15 So if you're bothered, just let me know. We'll start

16 here for a while, and if it gets very uncomfortable as time goes

17 on, I think we can take a break and move across the hall. It's

18 just across the hall. So I'll start here for a little bit.

19 You're welcome to take your jackets off or anything if

20 you feel it's uncomfortable for you. The main thing is you don't

21 get too tired with this kind of warmth, and if that happens, we

22 can take a break, or we'll go across the hall and use the other

23 courtroom.

24 All right, we'll resume then at this time, and then

25 we'll see how we're doing in a little while, if you'd like to

1252

move.

2 Mr. Sankin, you can resume the stand.

3 ANDREW C. SANKIN, GOVERNMENT'S WITNESS, RESUMED
4 CROSS EXAMINATION (Cont'd.)
5 BY MR. WEHNER:
6 Q. Mr. Sankin -- good afternoon.
7 THE JURORS: Good afternoon.
8 BY MR. WEHNER:
9 Q. Good afternoon to you, too, Mr. Sankin.
10 A. Thank you.
11 Q. I'd like to spend a few minutes asking you some additional
12 questions about the John Rosenthal matters that you testified to
13 about on direct, and I would like to show you Defense Exhibit 65,
14 if I might, before I ask you those questions.
15 Let me ask you, it's a very brief piece of paper, if
16 you'd just quickly read it.
17 A. Would you like me to read it?
18 Q. Not out loud, no, no. Just read it to yourself. Just to
19 get you in the right area so we don't have to waste a lot of time
20 looking at pieces of paper later.
21 Have you read it?
22 A. Yeah. I can't read the writing at the bottom.
23 Q. That's fair enough. I just wanted you to read the typed
24 part anyway.
25 who at the time of the Necho Allen work for Rosenthal

1253

1 was Kenneth Finlayson?
2 A. He was the regional director for HUD. I think it's Region
3 7.
4 Q. And that was the region that included the Rosenthal/Necho
5 Allen project; is that right?
6 A. I believe so, yes.
7 Q. Okay. Now Finlayson is a career-type official; is that
8 correct?
9 A. I don't know.
10 Q. Do you know if he had been with HUD for an extended period
11 of time?
12 A. I don't know.
13 Q. Did you talk to Finlayson about the Necho Allen project?
14 A. Not that I recall, no.
15 Q. Do you have any recollection as to whether Kenneth Finlayson
16 recommended that the rent increase be granted for that project?
17 A. I remember that memo now that you show it to me, which he
18 does indicate a recommendation.
19 Q. Well, do you have a recollection that Finlayson recommended
20 that that rent increase be granted?
2 A. Based on what you just showed me, yes.

2 Q. Okay. Now do you recall asking for a specific amount of an
2 increase in rents for that project?
2 A. I don't recall. I think there must have been, because we
2 were asking for an exception rent level, which implies we were

1 asking for some level.
2 Q. Isn't it correct that you requested a 10 percent increase in
3 rents for that project?
4 A. I don't recall, but it sounds correct.
5 Q. All right. I'm going to show you what I will mark for
6 identification as Dean Exhibit 126. It's dated 1-19-85.

13 Q. Well, it's a note you took; is that correct?

14 A. Yes. I think it's the note from the meeting that we had in

15 Ms. Dean's office regarding Necho Allen.

16 Q. And does that note refresh your recollection that you had,

23 Q. It doesn't? Does it refresh your recollection that you

24 asked for an increase larger than the one you eventually got?

25 A. No, sir.

1 Q. Hunting Cushing was at that meeting, was he not?

2 A. Yes.

3 Q. Ms. Dean was at that meeting, correct?

4 A. Yes.

Q. You were at that meeting, correct?

A. Yes, sir.

Q. John Rosenthal was at that meeting, correct?

A. Yes, sir.

Q. And Jim Lomenick was at that meeting, correct?

10 A. I think that's Jim Hammernick.

11 Q. Hammernick?

12 A. I also recall Bob Davison being at that meeting, although

LASER 1

allbinders as word for experiment.txt

14 Q. Who is Bob Davison?

15 A. Special assistant to the secretary that was on Ms. Dean's
I 16 staff at HUD.

2

E. NJ 07002 •

17 Q. And at this meeting, you made a presentation to all these
18 people as to whether this exception rent should be granted; is

> 19 that correct?

20 A. Yes.

2 Q. And ultimately it was granted. That's correct?

2 A. Yes.

2 Q. And ultimately it was granted at least in part because Ken
2 Finlayson said it was a good idea; isn't that correct?

2 A. I'm not privy to the thought process of the decision makers,

1256

but I would assume so.

2 Q. Well, if the regional housing commissioner of Region 3
3 supports the granting of the exception rent, that certainly helps
4 the process, does it not?

5 A. I would say it does help the process, yes.

6 Q. And if the regional administrator thinks that that will
7 substantially improve a downtown hotel in Pottsville in addition
8 to providing elderly housing resources, that certainly helps the
9 process along, doesn't it?

10 A. I think I just answered that, yes.

11 Q. Now, Mr. Sankin, you testified very briefly on your direct
12 that you knew Silvio DeBartolomeis; isn't that correct?

13 A. Yes.

14 Q. Now it's true, is it not, that Silvio DeBartolomeis has been
15 a friend of yours for many years?

16 A. Yes.

17 Q. How many years? Back to childhood?

18 A. Since I was a teenager, young teenager.

19 Q. And that goes back, because you worked with him at the
20 beach, Rehoboth?

21 A. I didn't work with him, but we were friends.

22 Q. You lived there, your family had a house is there; is that
23 correct?

24 A. Yes, that's correct.

25 Q. And his family had a house there?

A. Yes.

2 Q. So you maybe grew up together enjoying your summers?

3 A. Yes, that's fair.

4 Q. Okay. Of course, that's much longer than you knew Ms. Dean;
5 isn't that correct?

6 A. Yes.

7 Q. Now I believe you testified on direct -- and please correct
8 me if I'm wrong -- that one of the reasons you were going to
9 Ms. Dean was because you didn't feel you could go to

10 Mr. DeBartolomeis; is that correct?

11 A. Yes. In essence, that's correct.

4 12 Q. Okay.

13 A. It was certainly more difficult for me to go to
14 Mr. DeBartolomeis on certain things.

15 Q. Isn't it true, Mr. DeBartolomeis -- or Mr. Sankin, that you
16 did, in fact, go to Mr. DeBartolomeis on occasion?

17 A. Go to him in what sense, sir?

18 Q. Didn't you discuss HUD projects with Mr. DeBartolomeis?

19 Isn't it true?

20 A. It's true that I discussed my work with him.

21 Q. Now just a minute. You testified on direct as to precise
22 conversations with Ms. Dean about certain projects. Now what did
23 you discuss with Mr. DeBartolomeis?

24 A. Mr. DeBartolomeis and I were friends. We were in the same
25 business, and we socialized.

1258

1 Q. What did you discuss with Mr. DeBartolomeis? It's true, is
2 it not, Mr. Sankin, that you discussed mod rehab with
3 Mr. DeBartolomeis and that you recorded those discussions in your
4 own handwriting in your own notes? Isn't that true?

5 A. If you say so. I don't recall specifically.

A. Yes, it is.

14 Q. Now it is true, Mr. Sankin, that you discussed mod rehab
15 projects with Mr. DeBartolomeis, isn't it?

16 A. That note indicates I discussed it with Dave Gustafson.

17 Q. And who was Dave Gustafson?

18 A. He was Silvio's special assistant.

19 Q. Well, you also discussed Tom Broussard with that person,
20 didn't you? Didn't you?

2 A. I'm not sure.

2 Q. Sir, would you please look at the exhibit again? You
2 discussed Mr. Broussard with Gustafson, didn't you? Pardon my
2 tongue. "Gustafson."

2 A. I pardon your tongue, but I don't believe this indicates

that.

2 Q. You discussed 150 units with Gustafson, didn't you?

3 A. I'm not sure that this note indicates that.

4 Q. Well, how about 610 units? Did you discuss that with
5 Gustafson?

6 A. I think it's more likely I discussed 610 units than 150
7 units.

8 Q. Do you recall discussing 610 units with him?

9 A. I think what this note indicates was that I was trying to

10 find out the funding plan for Puerto Rico that had been issued,
11 and Dave Gustafson would be able to obtain that information for

1

4 12 me.

13 Q. You didn't testify to that on direct, did you, Mr. Sankin?

14 A. I don't believe I was asked that on direct, sir.

15 Q. Sir, isn't it true that you discussed specific mod rehab
16 business with Mr. DeBartolomeis?

17 A. I don't think I ever made a request of Mr. DeBartolomeis for
18 mod rehab funding on a specific project for a specific client.

19 Q. Sir, that wasn't the question. Isn't it true that you
20 discussed mod rehab projects with Mr. DeBartolomeis?

21 A. I'm not sure that is true, no.

22 Q. Okay. Isn't it true that you called these contacts with
23 Mr. DeBartolomeis unofficial?

24 A. I'm not sure what contacts "these contacts" are referring
25 to, and I'm not sure what you're referring to at all, as a matter

1260

of fact.

2 Q. Isn't it true that you went to Mr. DeBartolotneis

15 Q. Would you like to think about that answer, Mr. Sankin?

16 A. I'll have another look at it if you'd like, but I don't

4 that your testimony?

5 A. Could you define "particulars," please, sir?

6 Q. Well, let's talk in generalities. Did you ever discuss the

8 A. I'm sure I did.

10 DeBartolomeis regarding the Mod Rehab Program?

11 A. What I recall was doing my utmost to avoid discussing cases

12 that I had been working on and specific projects and specific

14 Q. What would you do, talk to his assistants?

15 A. Yes, sir, on an official basis.

16 Q. On an official basis.

17 A. Yes, sir.

18 Q. And you talked to Mr. DeBartolomeis on an unofficial basis?

19 A. I don't believe I said that.

20 Q. Well, who did you talk --if you talked to his assistants on
21 an official basis, who did you talk to on an unofficial basis?

22 A. I don't believe I talked to anybody in an unofficial basis,
23 and I'm not sure what that implies.

24 Q. I don't know what it implies, either.

fashion?

A. I certainly don't remember anything like that.

Q. Did you ever cause papers regarding mod rehab programs or any other HUD program, for that matter, to be delivered to Mr. DeBartolomeis' office to have, to have somebody from that office carry those papers upstairs and have them logged in to a different office so they would not be shown to have been delivered to Mr. DeBartolomeis?

A. I don't know what you're talking about.

Q. I show you what's been marked for identification as Dean Exhibit 129 and ask you if that's in your handwriting?

THE CLERK: Dean Exhibit 129 marked for identification.

(Defendant's Exhibit No. 129 was marked for identification.)

THE WITNESS: Yes, this is my handwriting.

BY MR. WEHNER:

Q. Have you had a chance to read it?

A. I have.

Q. Now do you know who Nancy Murray is?

A. Yes, I do.

Q. Who's Nancy Murray?

A. Silvio's executive assistant.

Q. Isn't it true that you contacted Nancy Murray?

A. May I see the document again, sir?

Q. Sure.

8

4

1 A. This indicated I contacted Nancy Murray.

2 Q. Did you contact Nancy Murray?

3 A. My note says so. I'm sure I did.

4 Q. And did you have a conversation with her?

5 A. Apparently.

6 Q. And through that conversation, did you cause the memo

7 reflected in that conversation to be delivered to Ms. Wiseman's

8 office?

9 A. May I see the memo again, please?

10 well, the memo says that, this has, "Contacted Nancy

11 Murray. Memo to be logged in at Wiseman's, then to go down to

12 multi-family for investigation and approval, and then up to

13 wiseman for concurrence."

14 I'm not sure what memo this is referring to, but I

15 don't see anything surreptitious about that.

16 Q. Isn't it true that HUD had a logging-in system for

17 documents, Mr. Sankin?

18 A. I have no idea.

19 Q. Well, then -- but didn't you just testify that you wrote in

20 your own handwriting that a memo was going to be logged in with

2

wiseman? Didn't you testify to that?

2 A. That's what that says, yes, sir.

2

allbinders as word for experiment.txt

Q. Okay. So there was a logging system, was there not?

2 A. I don't know if there was a system or not or whether

2

Ms. Wiseman logged in documents.

1 Q. Why would you call Nancy Murray, Mr. DeBartolomeis1

2 assistant, to have a document logged in to Wiseman? Why not log

3 it in to DeBartolomeis?

A. I'm not sure one has a connection with the other. I had

5 been working with Nancy Murray. Perhaps I wanted to make sure

6 that a document was logged in properly. I see nothing out of the

7 ordinary with that.

8 Q. You see nothing out of the ordinary of calling Silvio

9 DeBartolomeis1 executive assistant, having a conversation with

10 her in which it is said that a memo is being logged in upstairs

11 to Shirley Wiseman, then returned downstairs for investigation

12 and approval, and then back upstairs for approval? You see

13 nothing strange about that being logged in to Wiseman's office?

14 A. It sounds to me like several people needed to approve a

15 piece of paper, and that's the path it took.

16 Q. Isn't it true that you didn't want that paper to be logged

17 in to Silvio DeBartolomeis1 office?

18 A. Sir, no, that's not true.

19 Q. Are you familiar with the Foxglenn project?

20 A. I am.

2 Q. I believe you testified on direct about that project, didn't

2 you?

2 A. Yes, sir.

2 Q. You visited that project personally, didn't you?

2 A. I did.

1 Q. And you visited it with Silvio DeBartolomeis, didn't you?

2 A. I don't recall that.

Q. Isn't it true that you --

A. In fact, upon reflection, I don't recall visiting Foxglenn.

Q. Did you ever visit that site with Silvio DeBartolomeis?

A. Not that I remember.

7 Q. Now I'd like to talk a little bit more about your

8 relationship with Mr. Altman, and one of the things that you were

9 trying to sell to Mr. Altman was that you might be, that you

10 might be able to identify properties that were close to

11 foreclosure so that he could come along and invest in them. Is

S

12 that fair?

9 13 A. What I remember is for a time, I was on retainer to
14 Mr. Altman to identify possible investment opportunities and real
15 estate in general. I don't recall whether we discussed

3

16 foreclosures. I know that we discussed single-family home
i
5 17 development sites.

18 Q. Isn't it true that you told Mr. Altman that it is possible

19 that I will be able to access information on properties that are

20 inevitably headed for the property disposition process?

1

2 A. It's possible.

2 Q. Well, let me show you what I've marked for identification as

2 Dean Exhibit 130.

4 Q. And looking at the highlighted part, see if that refreshes
5 your recollection as to whether that's exactly what you said to
6 Mr. Altman.

7 A. Yes, that's exactly correct, as a matter of fact. This
8 letter is dated October 2, 1984.

9 Q. And you did, in fact, say that to Mr. Altman, did you not?

10 A. Yes, I did.

11 Q. And it's true that you came up with that information; isn't
12 that correct?

13 A. Came up with --

14 Q. A list of properties that fit that description.

15 A. Could be.

16 Q. Well, did you or didn't you? You did, didn't you?

17 A. I have information like that. I don't recall whether I sent
18 it to Mr. Altman, but I indicated that I was going to.

19 Q. Okay. So you did come up with the information; isn't that
20 correct?

2 A. It's correct that I had information like that in my

2 possession.

allbinders as word for experiment.txt

2 Q. It was in a computer printout, was it not?

2 A. Yes.

2 Q. And in fact, that computer printout came from Silvio

1 DeBartolomeis; isn't that correct?

2 A. That is not correct.

3 Q. Where did it come from?

4 A. It came from Joseph Strauss.

5 Q. It came from Mr. Strauss. Did you have a conversation with

6 Mr. Strauss as to where he got it?

7 A. I think I did, as a matter of fact.

8 Q. And what did he say?

9 A. I think he got it from HUD while he was working there, and I

10 got --

11 Q. So he walked out with it?

12 A. I think so.

13 Q. Oh.

14 A. I wouldn't know really.

15 Q. The same Joe Strauss that's been mentioned in this case?

16 A. I haven't heard him mentioned one way or the other, sir. I

17 haven't been here.

18 Q. Now of course, Mr. Strauss never inferred, thought,

19 suggested, or imagined that he got it from Deborah Gore Dean;

20 isn't that correct?

2 A. I didn't hear your question.

2 Q. He never inferred, thought, imagined, or said he got it from

Deborah Gore Dean; isn't that right?

2 A. That's correct.

2 Q. Now you on occasion would correspond with Mr. Altman; isn't

that correct?

2 A. Yes, sir.

3 Q. And on occasion, or on at least one occasion, you apologized

4 for an indiscretion you had committed with regard to HUD; isn't

5 that correct?

6 A. I don't remember, but I have a feeling I'm about to be

7 refreshed.

8 Q. Well, do you remember?

9 A. Sir?

10 Q. Do you remember?

11 A. No, sir, I don't remember.

4 12 Q. It's true, is it not, that that indiscretion had to do with

13 Silvio DeBartolomeis?

14 A. Sir, I just testified I don't remember.

15 Q. Did you ever write to Mr. Altman --

16 A. Yes.

17 Q. -- and say, "I indicated I had discussed with Silvio the

18 possible conversion of vouchers to developers' contracts.

19 Unfortunately, it became immediately evident that an indiscretion

10 Q. Do you remember preparing the letter?

11 A. No.

14 A. I don't have a clue what that is.

15 Q. You don't have a clue as to what that is?

16 A. No.

14 A. That sounds about right.

15 Q. And that's true that you said that because of the hours and

PEN

2 A. No. I think it had everything to do with her.

14 Mr. Wehner concerned whether you would have talked to him prior
15 to being on the witness stand today, and was your answer no?

16 A. That's correct, my answer was no.

17 Q. Then you were asked as to whether your lawyer ever spoke to
18 Mr. Wehner, and you weren't permitted to quite finish your
19 answer. What was your answer as to your lawyer speaking to
20 Mr. Wehner?

2 A. I think my lawyer had spoken with him.

2 Q. And was that on more than one occasion?

2 A. I'm not certain.

2 Q. Now you've testified you had more than one lawyer, Did more
2 than one lawyer speak to Mr. Wehner?

10 A. Yes.

11 Q. Other than what's written on that note, do you have a

17 A. Yes, sir.

18 Q. And do you have an independent recollection as to what

9 Q. Mr. Sankin, I'll show you Government's Exhibit 11G. Do you

19 D. Dean, assistant secretary at HUD. Discussed mod rehab."
20 Q. Whose handwriting is that, sir?

2 Let me withdraw that. On direct examination, you were

5 Q. Did you ever have an occasion to travel with the defendant?
6 A. I did.
7 Q. And did you, in fact, take a trip to Bermuda with the
8 defendant?
9 A. I did.

10 Q. Now you've stated that those American receipts -- during
11 direct examination, you were asked about those American

s 12 receipts -- American Express receipts, excuse me, and you stated
13 that the --
14 A. I'm sorry, sir, "those" referring to which ones?
15 Q. The ones that I've showed you that are marked into evidence.
16 That they were accurate. When were the notations on
17 those American Express receipts made?
18 A. In most cases, contemporaneous with, with the event, with
19 the charge. I notice that in a couple of instances, they were
20 done later, and that was probably when the receipt was received
2 back at the office.

2 Q. Now during cross examination, Mr. Wehner asked you about one
2 particular receipt which he stated was on a Sunday, and it stated
2 that you had lunch with Deborah Dean from HUD. Did you meet with
2 the defendant after hours or on weekends?

A. Yes.
2 Q. Now a particular receipt was that you paid \$300 for a
3 business gift to Deborah Dean. Do you recall that?
4 A. I recall the receipt.
5 Q. And did you deduct that as a business expense?
6 A. I would have to check my tax returns, but I would say yes.
7 That's why it was marked.

allbinders as word for experiment.txt
8 Q. Were you doing mod rehab consulting work at the Department
9 of HUD at that time?
10 A. What was the date, please?
11 Q. That would be --

n

12 THE COURT: It was 12-23-86.

13 MR. O'NEILL: Thank you, Your Honor.

14 For the record, that's IIP.

15 THE COURT: 11 --

16 MR. O'NEILL: Q, isn't it, Your Honor?

17 THE COURT: The \$300 one is IIP, the cup and saucer, at

18 least in my notes.

19 MR. O'NEILL: That's correct, Your Honor. It is IIP.

20 Q. Now you were asked questions about giving gifts to

21 girlfriends. Did you ever give gifts to other people at HUD?

22 A. I would say yes.

23 Q. And who, if anyone, did you give gifts to?

24 A. Well, I dated two different women that worked there.

25 Q. What were their names?

1 A. Carter Bell was one, and Janice Golec was another.

2 Q. And do you recall giving them gifts?

3 A. Not specifically, but I have a general recollection.

4 Q. Do you recall whether when you gave them gifts you wrote on
5 them "business expenses"?

6 A. I may have.

7 Q. And do you recall whether you deducted them?

8 A. If I annotated it, I would have, yes.

9 Q. Now you stated when you first came over to the Independent

10 Counsel with your American Express receipts, you went over them.

11 Do you recall that testimony during cross examination?

12 A. Yes.

13 Q. Can you recall when that was?

14 A. What the testimony was?

15 Q. No. Do you recall what period of time that was?

16 A. No.

17 Q. Now after going over those receipts, when was the next time
18 that you saw them?

19 A. I think, I think yesterday and today.

20 Q. Yesterday at what time? Where were you?

2 A. Here in the courtroom.

2 Q. Now, Mr. Sankin, on cross examination, Mr. Wehner asked you
2 about entering into an agreement to be the property manager of
2 Stanley Arms. Whose decision was it to manage Stanley Arms?

2 A. Whose decision was it?

1 Q. Yes. Who came to that decision that you would manage
2 Stanley Arms?

3 A. Well, both Ms. Dean and her family and myself came to that
4 decision collectively.

5 Q. Now, Mr. Sankin, Mr. Wehner asked you about when you applied
6 for this hardship rent increase, that your income went up. Do
7 you recall that?

8 A. I recall the question, yeah.

9 Q. And did the defendant's families -- family receive more

10 money when the rents went up as well?

11 A. Yes.

12 Q. You were asked questions about whether you had a standard

*

13 property management contract with Stanley Arms. Do you recall
14 that?

15 A. Yes.

16 Q. Was that contract in writing?

17 A. No.

18 Q. Was that unusual for a property management contract not to
19 be in writing?

20 A. Yes, I think so.

2 Q. Why is that unusual?

2 A. Most management firms would have a written agreement.

2 Q. Was your use of security deposits to pay operating expenses
unusual?

2 A. Only within the scope of my experience. I can't comment on

1 others', sir.

2 Q. And from the scope of your experience, was it unusual?

3 A. Yes.

4 Q. Why is that?

5 MR. WEHNER: Objection.

6 THE COURT: All right, I had withheld going into that
7 before. I just think it's under an area that is not going to be
8 relevant, so I'll stay with the same ruling.

9 MR. O'NEILL: Okay. Thank you, Your Honor.

10 Q. Now you stated on cross examination that you appreciated
11 getting the business of Stanley Arms Apartments from the
12 defendant. Mr. Wehner used the word "favor." Did you consider
13 it to be a favor?

14 A. I considered it to be a mutually beneficial consideration.
15 I appreciated it.

16 Q. Was it a favor to the defendant, Deborah Gore Dean?

17 MR. WEHNER: Objection. Asked and answered.

18 THE COURT: I'll let him answer it.

19 BY MR. O'NEILL:

20 Q. Was it a favor to the defendant, Deborah Gore Dean?

2 A. I think that it was a mutually beneficial thing.

2 Q. Did she ever say to you that it was a favor to her?

2 A. Yes.

2 Q. Now you stated during cross examination that as to obtaining
2 a fee for the hardship rent increase, you only discussed a fee

^

1 with her after the fact, after you drafted the petition. Do you
2 recall that testimony?

3 A. I don't think I said after I drafted it, but after the
4 petition was granted, as I recall.

5 Q. What did you say to her, sir?

6 A. I think I inquired as to whether she'd be willing to pay a
7 fee for that.

8 Q. What was her response?

9 A. She said that she had no intention of doing so.

10 Q. Did you make any additional requests for the fee?

11 A. I don't think so.

12 Q. Why not?

13 A. She had made her position clear, and I was doing work with
14 the Department of Housing and Urban Development, and I didn't
15 think this, this warranted going to battle stations over and
16 damaging the relationship.

17 Q. What do you mean, you didn't think this warranted going to
18 battle stations over since you were doing business over at the
19 Department of HUD?

20 MR. WEHNER: Objection.

2 THE COURT: It's overruled. Go ahead.

2 BY MR. O'NEILL:

2 Q. Please answer for the Ladies and Gentlemen of the Jury.

2 A. It means that Ms. Dean had indicated what her position was,

2 No. 1. It means that, No. 2, I wasn't adamantly, adamantly

1287

1 certain of my own position, and No. 3, that I was doing
2 considerable business with the Department of Housing and Urban
3 Development, and I didn't think it warranted a potential rift
4 with Ms. Dean over this issue.

5 Q. Did you think it would harm your relationship with the
6 defendant, Deborah Dean?

7 A. Did I think what would harm our relationship?
8 MR. WEHNER: Objection.
9 THE COURT: I think he's answered it. I'll sustain the
10 objection. He's answered.
11 BY MR. O'NEILL:
12 Q. Now Mr. Wehner asked you to try to sum up the total value of
13 the gifts that you provided Ms. Dean, and although you had some
14 reluctance, you said probably under a thousand dollars. Do you
15 recall that?
16 A. Yes.
17 Q. Does that include the \$300 business gift that we've already
18 put into evidence?
19 MR. WEHNER: Objection to the characterization of it as
20 a business gift, Your Honor.
21 THE COURT: That will be up to the jury to decide what
22 kind of gift it is. I'll allow the question.
23 THE WITNESS: I really didn't do an itemization in my
24 mind.
25 BY MR. O'NEILL:

1288

1 Q. Does that include flowers that you sent to her periodically?
2 A. Yes.
3 Q. And you did send her flowers periodically?
4 A. I'm not sure what you mean by periodically, but I sent her
5 flowers on, I think, more than one occasion.
6 Q. Approximately how many times did you send her flowers while
7 she was at HUD in her position as executive assistant?
8 A. I don't recall, sir. Several, I would say.
9 Q. Let me show you what's previously been marked for

10 identification purposes as Government's Exhibit 505, and I'd ask
11 you to read from the bottom of that one page and onto the next

3

12 and see if that refreshes your recollection in any way.
13 A. Read from the bottom?
14 Q. Of that page and onto the next page. See if that refreshes
15 your recollection in any way as to how many times you sent her
16 flowers.
17 A. Do you want me to read this to myself, sir?
18 Q. Yes. It's not in evidence.
19 A. It doesn't refresh on how many times I gave her flowers.
20 Q. How about bottles of wine? Did you ever give her bottles of
21 wine as gifts?
22 A. Yes.
23 Q. How many times?
24 A. I don't remember how many times.
25 Q. Were there particular types of wine?

1 A. She was very fond of port.
2 Q. How much did those bottles of wine generally cost?
3 A. I would say between 50 and \$100.
4 Q. At this time, do you recall any other gifts you may have
5 purchased for the defendant, Deborah Gore Dean, during her time
6 as executive assistant at HUD?

A. No.

8 Q. Now, Mr. Sankin, you were asked on cross examination about a
9 trip to Bermuda. Do you recall when that occurred?

10 A. Honestly, no.

11 Q. Okay. Would it refresh your recollection to know if you
12 were dating Kelly Joyce at that time?

13 A. No.

14 Q. Now Mr. Wehner asked if you were particularly low on money
15 at that time you went to Bermuda. Do you recall that?

16 A. No, I don't.

vi

17 Q. Do you recall the question? I'm sorry.

1 A. Late '80s at some point.

2 Q. Well, was it -- what year, approximately?

3 A. I don't remember. I mean, I can judge, but I don't
4 remember.

5 Q. Well, can you give us a year, sir?

6 MR. WEHNER: Objection. He's answered the question.

7 THE COURT: All right, I'll sustain the objection.

8 He's answered four or five times trying to remember. He said he

10 DIRECT EXAMINATION

11 BY MS . SWEENEY:

12 Q Mr. Altman, I'm going to be asking you a number of

13 questions this afternoon and I'll ask you to keep your

14 voice up so the members of the jury can hear.

15 would you please state your name for the

16 record, spelling your last name for the Court reporter?

17 A Berel Altman, A-1-t-m-a-n.

18 Q Mr. Altman, are you presently employed?

19 A Yes, I am.

20 Q And where are you employed, sir?

2 A In Glenside, Pennsylvania.

2 Q Can you tell us who your employer is?

2 A Altman Realty Corporation.

2 Q And what type of business is that?

2 A Real estate development and management.

1295

1 Q Are you a principal in Altman Realty?

2 A Yes, I am.

3 Q How long have you been involved in the real estate
4 business?

5 A All my adult life.

6 Q Do you know an individual named Andrew Sankin?

7 A Yes, I do.

8 Q Do you recall when you first met Mr. Sankin?

9 A Mid-1980's.

10 Q Did you and he ever discuss working together?

11 A Yes.

12 Q And did there come a time when you agreed to hire
13 him?

14 A Yes.

15 Q Can you describe for us what his duties were for
16 you?

17 A He was working for us as a consultant and -- to
18 open business opportunities.

19 Q When he was working for you as a consultant, did he
20 do any work on Mod Rehab projects for you?

2 A Yes, he did.

2 Q And do you recall the names of the projects in
2 specific?

2 A Foxglenn Apartments, and I think a job that did not
2 come to fruition called East State Street.

1296

1 Q Do you know an individual named Richard Shelby?
2 A Yes, I do.
3 Q How did you meet Mr. Shelby?
4 A Through Mr. Sankin.
5 Q Did there come a time where you entered into a
6 consultant agreement with Mr. Shelby?
7 A Yes, I did.
8 Q And was that one agreement or more than one
9 agreement, if you can recall?
10 A I recall I think there was more than one.
11 Q Did Mr. Shelby do work for you on Mod Rehab
12 projects?
13 A Yes.
14 Q What was his particular role?
15 A As a consultant.
16 Q Did you have an understanding of what he was going
17 to do for you?
18 A He was going to take us through some of the details
19 as to the Mod Rehab program and lobby to get the units.
20 Q Do you recall what projects in specific Mr. Shelby
2 worked for you on?
2 A I recall -I
think he also worked on East State
2 Street. On a project in New Orleans called Manhattan
2 Gardens. And he had some involvement in Foxglenn.
2 Q Mr. Altman, I'm going to show you a document,

1297

1 Government's Exhibit 163 in evidence, and I'm going to
2 ask you if you'd look at that document and see if it
3 refreshes your recollection as to a project that

4 Mr. Sankin and Mr. Shelby worked on for you?

5 A Yes, it's Eastern Avenue, not East State Street,

6 I 'm sorry.

7 Q Now, did the Foxglenn project ever get funded, to

8 your recollection?

9 A Yes, it did.

10 Q And did you pay Mr. Shelby and Mr. Sankin?

11 A Yes, we did.

4 12 Q Do you recall how the fees on that project were
13 calculated?

14 A I do not.

15 Q Did there ever come an occasion when you had lunch

16 with the defendant Deborah Gore Dean?

17 A Yes, there was.

18 Q And do you recall when that was?

19 A Sometime in, I think, around 1986.

20 Q Was the defendant employed at HUD at the time?

2 A Yes, she was.

2 Q How did this lunch get arranged?

2 A Mr. Shelby arranged for lunch. I'm sorry,

2 Mr. Sankin arranged for lunch. I beg your pardon.

2 Q And was it during the period when Mr. Sankin was

1298

1 working as a consultant for you?

2 A Yes.

3 Q Why did you have lunch with the defendant?

4 A Mr. Sankin thought it would be a good idea for me

5 to meet her. We were doing a great deal of work at HUD,

6 and with her position there he thought it would be nice

7 to at least know who she was and she would know who we

8 were.

9 MR. WEHNER: Could we approach, Your Honor?

10 THE COURT: Sure.

11 (Bench conference).

12 MR. WEHNER: I renew my objection to the
13 continued use of the question why did a person do
14 certain things which then results in a response being
15 hearsay as to Miss Dean and, again, the same back door
16 objection to asking him why and getting an answer that
17 by definition involves hearsay as to Miss Dean. It's
18 inappropriate.

19 Number two, the same objection as to the
20 co-conspirator exception to the hearsay rule. I don't
2 think it's been met. These statements have nothing to

2 do with a conspiracy by Miss Dean.
2 THE COURT: Repeat the question.
2 (Question and answer repeated)
2 MR. WEHNER: Judge, it's the question, and the

1299

1 response is hearsay. Because they're saying why.
2 They're giving an explanation. And it is from their
3 heads. It has absolutely no connection with the
4 defendant and it's prejudicial as to her because they
5 are clearly being told by the consultants that they need
6 to do this. This is a top official at HUD. But that
7 doesn't reflect upon the defendant. Dropping the
8 defendant's name so they can connect her to the

9 conspiracy is not a furtherance of the conspiracy in
10 which she's involved and it's continually coming in
11 through the back door through the use of the question
12 why did they do this. They did this because she was
13 important.

14 THE COURT: Do you want to say anything?
15 MS. SWEENEY: Your Honor, we believe that we
16 have connected Miss Dean to the conspiracy. Mr. Sankin
17 has testified to the benefits that he provided to
18 Miss Dean and her family and he has furthermore, Your
19 Honor, testified that among those benefits were his
20 attempts to sell Mr. Altman family property.
2 THE COURT: I'm going to overrule the

2 objection on the same grounds that I mentioned earlier.
2 On this type of statement it seems to the Court under
2 the rules of evidence it's appropriate for the
2 Government to be able to bring in as part of their case

1300

1 where there's been alleged, and there's some testimony
2 it's up to the jury to accept it or not, as to
3 consideration flowing from Mr. Sankin to Miss Dean and
4 Miss Dean's assisting him in obtaining these HUD

allbinders as word for experiment.txt
5 projects. There's been testimony about Mr. Sankin,
6 about his work for Mr. Altman and various other projects
7 with Mr. Shelby and this is at a time when they were
8 dealing together and I don't see why it would not fall
9 into the hearsay exception.
10 I am concerned as to the defendant's general
11 objection as to asking why, because that does open up
12 speculation, if not hearsay type answers. You'll have
* 13 to be careful about asking why. Presumably you know the
14 answer they're going to give.
15 MS. SWEENEY: Your Honor, I did not know the
16 answer I was going to get to this question, but I will
17 be more careful in the future.
18 I would also say the fact that the defendant
19 had lunch with Mr. Sankin and Mr. Altman goes to show
20 that she was aware of the relationship between the two
2 individuals and I do think it bears on that and that is
2 the point that Mr. Wehner has been contesting.
2 THE COURT: All right. It's overruled.
2 MR. WEHNER: Your Honor, I'd like to make the
2 record clear. I do not believe there's sufficient

1301

1 evidence on the record to support Your Honor's
2 conclusion that Miss Dean did anything to cause Mod
3 Rehab units to be distributed to anyone and I think that
4 was a part of your general description of what you
5 thought the preponderance of the evidence showed.
6 I'd also, for the record, move to strike the
7 testimony of Sankin at this point because of the Brady
8 violation, and that is the basis upon which the
9 Independent Counsel suggests that the conspiracy has
10 been proven by a preponderance of the evidence.
11 THE COURT: All right. I'm going to withhold
12 ruling on that at this time. I have in chambers all of
13 the rough notes of the agency on Mr. Sankin and I'll
14 review those rough notes and determine tomorrow if
15 there's any benefit to flow to the defendant from any
16 kind of Brady exclusions or not, prejudice or not. I
17 haven't a chance to read them.
18 All right.
19 (Bench conference concluded)
20 THE COURT: All right. We're ready to
21 resume.
22 MS. SWEENEY: I'd ask the Court reporter is
23 there a question pending.

allbinders as word for experiment.txt
24 THE COURT: I don't think so. I think we had
25 finished with that.

1 BY MS. SWEENEY:

2 Q Do you recall where the lunch took place,

3 Mr. Altman?

4 A The Jockey Club.

5 Q And who was present?

6 A Mr. Sankin and an associate of his, Miss Dean, and

7 myself. I think that was all.

8 Q Do you recall who paid for the luncheon?

9 A I think I did.

10 Q Were there any other occasions on which you had
11 either lunch or dinner with the defendant?

12 A Yes, I subsequently met the defendant at the Jockey
13 Club for dinner with Mr. Shelby, his fiancée at that
14 time, I think there was a gentleman, Mr. Roistman,
15 (spelled phonetically) who worked for me at the time was
16 there, and I don't recall if there was anyone else
17 present.

18 Q Do you recall when this occurred?

19 A Not precisely. I know it was after the luncheon,
20 probably about a couple of months.

2 Q Do you recall if at this point in time Miss Dean

2 was employed at HUD?

2 A I think she was, yes.

2 Q Do you recall who paid for the dinner?

2 A I don't recall. It was either Mr. Shelby or - I

1303

1 don't recall.

2 Q Did you ever see the defendant at HUD headquarters?

3 A Yes.

4 Q And on how many occasions?

5 A A couple, I think.

6 Q Do you recall how those meetings were arranged?

7 A I don't think they were arranged. I was at HUD on
8 other business and stopped in to see Miss Dean.

9 Q When you stopped in, sir, where did you go?

10 A I believe it was her -- her office.
11 Q Can you place these meetings in time as in
12 relationship to the luncheon or the dinner?
13 A It was subsequent to the dinner.
14 Q Are you familiar with a building in Washington,
15 D.C. Known as the Stanley Arms?
16 A Only that I know the name.
17 Q How did you hear about this property?
18 A Mr. Sankin talked to me about it. I believe at the
19 time he was managing it.
20 Q Do you know who owned this Stanley Arms?
2 A I believe it was either Miss Dean or her family.
2 Q And what did Mr. Sankin say to you about the
2 property?
2 A He asked me if I thought there was anything that I
2 could do with it to develop it or -- apparently it was

1304

1 not doing well as an investment and knowing of my
2 background and expertise in multi-family housing, he was
3 questioning whether I had any ideas as to what could be
4 done with it.
5 Q As a result of these discussions did you take any
6 action, Mr. Altman?
7 A No, I did not.
8 Q Did you do any examination of records or anything
9 like that?
10 A I looked at some financials and some written
11 descriptions of the building.
12 Q And what was your conclusion after doing that?
13 A I couldn't come up with any thoughts or ideas as to
14 how -- what could be done with it.
15 MS. SWEENEY: That concludes our direct
16 examination, Your Honor. That's all our direct.
17 THE COURT: That's all you've got?
18 MS. SWEENEY: Yes.
19 CROSS-EXAMINATION
20 BY MR. WEHNER:
2 Q Where are you from, sir?
2 A Philadelphia.
2 MR. WEHNER: I have no questions, Your Honor.
2 THE COURT: Mr. Altman, you're free to go,
2 sir. Thank you.

1305

1 THE WITNESS: Thank you.
2 MS. SWEENEY: Your Honor, the United States

5 DIRECT EXAMINATION
6 BY MS. SWEENEY:
7 Q Mr. Bazan, I'm going to be asking you a series of
8 questions and I'd ask you to keep your voice up so the
9 members of the jury can hear and to also use the
10 microphone, if necessary.
11 A Okay.
12 Q would you kindly state your name for the record,

allbinders as word for experiment.txt

13 spelling your last name for the Court reporter?
14 A Nicholas Gregory Bazan, B-a-z-a-n.
15 Q Mr. Bazan, are you currently employed?
16 A I'm self-employed.
17 Q And what is it that you do, Mr. Bazan?
18 A I have a landscape, maintenance and installation
19 business.
20 Q Could you briefly sketch out your employment
2 background prior to your present employment for the
2 members of the jury?
2 A Yes, I was with a company called Kaiser -first
of
2 all, I graduated from George Washington University.
2 After graduation I went to work for a company called -

1306

1 I went into the Air Force for four years. Served in
2 Southeast Asia. I went to work for a company called
3 Kaiser-Aetna after I got out of the Air Force. Then
4 joined a company called Johnstown American Company in
5 the property management business and then was involved
6 in acquiring low income housing properties in Atlanta,
7 and then in the landscape business.
8 Q During the 1985 to 1987 timeframe, you were
9 employed in Atlanta, is that right?
10 A Yes, I was.
11 Q And what was the name of the company that you were
4 1213
employed with?
A Johnstown American. I left Johnstown American
14 actually in 1986. So the time period you mentioned
15 1985, '87, I was with Johnstown American for one of
16 those years and then I was on my own basically after
17 that.
18 Q Did the company that you had in 1986-1987 have a
19 name?
20 A Heritage America Management Company, yes.
2 Q Do you know an individual named Lou Kitchin?
2 A Yes.
2 Q Who is Lou Kitchin?
2 A He was the individual who was -- acted as a broker
2 for me back around '86, '87.

1307

1 Q When did you and Mr. Kitchin enter into a business
2 relationship?
3 A It would be sometime in 1986. Towards the end of
4 1986 I was involved at that time in refinancing a small
5 52-unit apartment property that needed some Government
6 financing under the 223F program, and I was also

7 involved in rehabilitating two or three other properties

8 that I was perhaps looking for money for in the future.

9 Q Did there come a time that you and Mr. Kitchin had
10 a discussion about a program known as Mod Rehab, which
11 is familiar to the members of the jury?

12 A Yes.

13 Q And do you recall when that was?

14 A No, I don't recall exactly when that was. Sometime
15 in 1986.

16 Q Were you familiar with the Mod Rehab program prior
17 to your discussion with Mr. Kitchin?

18 A No, I was not.

19 Q What did Mr. Kitchin tell you about the Mod Rehab
20 program?

2 MR. WEHNER: Objection, Your Honor.

2 THE COURT: All right. Do you want to come
2 back up? The same grounds as before or do you want to
2 come up and give a basis?

2 MR. WEHNER: Your Honor, it's the same ground

#

1308

1

as before.

2

(Bench conference)

3

THE COURT: Okay. This is a different area, I

4

take it. Mr. Kitchin has not been mentioned before.

5

MS. SWEENEY: Your Honor, our proffer is that

6 Mr. Kitchin will be testifying that he obtained a

7 representation from the defendant that he could obtain

8 Mod Rehab units, that he approached Mr. Bazan and

9 offered to get those units for him. And, in addition,

allbinders as word for experiment.txt
10 that he subsequently gave Miss Dean a \$4000 payment and,
11 Your Honor, we're offering this pursuant to the
12 co-conspirator hearsay exception.
13 THE COURT: This is the \$4000 count plus the
14 conspiracy count.
15 MS. SWEENEY: Yes, Your Honor.
16 MR. WEHNER: Your Honor, if I could, in none
17 of the first two counts has there been any evidence
18 connecting Deborah Gore Dean corruptly to the events*
19 that followed and I agree that the co-conspirator
20 statements would corrupt her, but they can't come in as
2

evidence unless you connect Miss Dean with the
2 conspiracy, and that's the problem with this case. This
2

is the third conspiracy that was charged.
2

I don't believe, as I said to Your Honor
2

before, that Mr. Kitchin is going to testify the way

1309

1 they proffered his testimony, much the same as the other
2 witnesses have not testified. They have not said that
3 Miss Dean said I will give you Mod Rehab units. It's
4 not on the record. And you have to look at that in this
5 case very closely, Judge, because that's what the
6 Independent Counsel is trying to get you to infer, a
7 corrupt connection without the evidence that it was
8 corrupt.
9 THE COURT: The proffer in this case in this
10 instance in this count is that he told Mr. Bazan that he
11 was - Miss Dean committed him to certain number of
12 units.
* 13 MS. SWEENEY: That he would be able to get 200
14 Mod Rehab units and he intended to get this by meeting
15 with Miss Dean, that he needed a letter from the PHA to
16 hand carry to her the following week.
17 THE COURT: Does he indicate that he had a
18 conference ahead of time, prior to meeting with
19 Mr. Bazan?
20 MS. SWEENEY: Yes, and he had an understanding
2 that he could get units.
2 THE COURT: I understand defense counsel's
2 concerns. Mr. O'Neill said earlier it's a case of
2 circumstantial inferences. Whether there's enough or
2 not, I'll make the decision at the appropriate time.

1310

1 what I'll do at this time, as I've done before, I think
2 in the proffer at least, despite the counsel's concern
3 about it coining in subject to bring stricken, I'll allow
4 it to come in on the hearsay exception. Your objection

5 is preserved.

6 MR. WEHNER: Your Honor, yes. I would like to
7 state for the record that this could have been avoided
8 if they called Mr. Kitchin first.

9 THE COURT: He'll be here. If he's not -10

MR. WEHNER: He may, Judge, but calling him
11 first would have avoided the necessity for the proffer
12 and I think it should be considered by Your Honor with
13 regard to anything that occurs later on, if the proffer
14 is not satisfied.

15 THE COURT: All right.

16 (Bench conference concluded)

17 THE COURT: All right. We're ready to go ahead.

18 MS. SWEENEY: would the Court reporter read

19 the question back, please?

20 (Question repeated by reporter)

2 A The question was what did Mr. Kitchen tell me about
2 the Mod Rehab program?

2 Q Yes.

2 A He basically told me that it was a subsidy program
2 that was utilized for rehabilitation property. It was

1311

1 similar to Section Eight except that the rent levels
2 were higher and the guaranteed income under the program
3 was greater than a typical Section Eight contract.

4 Q Did Mr. Kitchin say anything about his ability to
5 obtain Mod Rehab units?

6 A Not in our initial meeting, but he did overtime
7 indicate that he would be able to obtain some Mod Rehab
8 units.

9 Q And did he tell you how he was able to obtain them?

10 A He indicated to me that he had a friend,
11 Debbie Dean, in Washington, D.C. and that he could talk
12 to her, he could basically talk to her, or that office,
13 I guess, or he knew people in Washington, and that's how
14 he'd be able to get them.

15 MR. WEHNER: Your Honor, could we have a
16 continuing objection to that response?

17 THE COURT: All right.

18 MR. WEHNER: Thank you.

19 BY MS. SWEENEY:

20 Q Do you recall if a specify number of Mod Rehab
21 units was discussed at this point in time?

22 A We talked somewhere in the neighborhood of two to
23 300 units because the property that I had at the time
24 was 452 units.

25 Q How many units would you have liked to have

1312

1 obtained, Mr. Bazan?

2 A I would have liked to have obtained 452 but we got

3 200 basically.

4 Q Did Mr. Ritchin tell you that it would not be

5 possible to obtain 242?

6 MR. WEHNER: I object to the leading nature of

7 the question.

8 THE COURT: All right. I'll sustain the

9 objection.

10 MR. WEHNER: And have a continuing

11 objection?

12 THE COURT: All right, I'll sustain the

13 objection?

14 THE WITNESS: I'm sorry?

15 THE COURT: I sustained it.

16 Q her ask you another question.

17 BY MS. SWEENEY:

18 Q Mr. Bazan, do you have any knowledge how many Mod

19 Rehab units were available nationally?

20 A I had heard that there were approximately 9000

2 units that were available nationally. There was some

2 number that came out in some conversation at that time.

2 MR. WEHNER: I'm sorry, Judge, was that

2 90,000?

2 THE WITNESS: No, 9000.

1313

1 MR. WEHNER: 9000. Thank you.

2 BY MS. SWEENEY:

3 Q For the record, do you recall when these

4 discussions were taking place?

5 A As I said, sometime towards the end of 1986.

6 Probably September, October, in that neighborhood.

7 Q Do you have any understanding about the timing of

8 the Mod Rehab decision?

9 A When we began talking about it in earnest,

10 Mr. Kitchin indicated to me that there was a window

11 apparently that was getting ready to close on the Mod
12 Rehab program and that it was important for him to
13 proceed to Washington with a letter from the city asking
14 for the Mod Rehab units on my property, and that was
15 probably a week or ten days before we actually went

16 ahead with that.

17 Q As a result of your discussions with Mr. Kitchin,
18 did you do anything?

19 A Yes. Mr. Kitchin asked me to go to see a Bob
20 Sumbry (spelled phonetically) who was at that time head
2 of the Department of Housing and Physical Development in
2 the City of Atlanta, have him sign a letter from the
2 city formally requesting these units and, I believe, the
2 property, and get that letter to him so that he could
2 then take it to Washington because he was going to be

1314

12

having lunch apparently that day or the next day with
Miss Dean.

34

Q

A

Did you, in fact, go to see Mr. Sumbry?

Yes, I did.

56

Q

A

And did you obtain a letter from Mr. Sumbry?

Yes, I did.

#

789101112131415

Q How was that letter prepared, if you know, sir?

A I believe that Mr. Kitchin said he would give me
some sample language. Mr. Sumbry then took that and put
it on city stationery. I left his office after we had
talked about it. He then had it typed up on his
stationery and he signed it. It was picked up by one of
my employees and delivered to Mr. Kitchin.

Q Did there come a time that you learned that Mod
Rehab units had been allocated to Atlanta?

16 A Yes.

17 Q And when was that, sir?

18 A Less than a week later.

19202222

Q Did you have an understanding as to whether or not
this allocation included any Mod Rehab units for your
project?

A Well, it was my understanding that it was -- that
they would be for my property, Heritage Village, but as
I understood the program, the Mod Rehab units would be
2 given to the city or allocated to the city and the city

1315

1 would have to go through some process to allocate the
2 specific projects.

3 Q Did you and Mr. Kitchin had an arrangement about
4 fees for his services?

5 A Yes, Mr. Kitchin had asked for \$1000 per unit, or
6 \$200,000, for the obtaining of these units. I agreed to
7 pay him that but only on the basis that I would be able
8 to actually utilize the units for my property. I was

9 concerned that since they were going to go to the city,
10 that I didn't have that kind of political pull in the
11 city, frankly, to be able to control where those units
12 ended up going.

13 Q Did you ever get the Mod Rehab units?

14 A No, I did not.

15 Q Did Mr. Kitchin do any other HUD related work for
16 you?

17 A He introduced me to some senior officials with Bent
18 Mortgage. That particular company which was a 223F
19 co-insurer, they provided me with approximately a
20 million-two loan for another small property that I had
2 that I was working on at the time and he received a fee

2 for that of one percent of the loan amount.

2 MS. SWEENEY: No further questions at this
2 time, Your Honor.

2 MR. WEHNER: Your Honor, could we approach?

1316

1 THE COURT: Sure.

2 (Bench conference)

3 MR. WEHNER: Sorry, Judge.

4 THE COURT: All right.

5 MR. WEHNER: Judge, that entire line of
6 questioning is no more in furtherance of the conspiracy
7 involving Deborah Dean.

8 THE COURT: He mentioned he obtained through
9 Deborah Dean, he talked to her and knew other people in
10 Washington, to get the units.

11 MR. WEHNER: Judge, he didn't get them.

12 THE COURT: You can argue about that.

allbinders as word for experiment.txt
13 MS. SWEENEY: The allocation, Your Honor, as a
14 result of Mr. Kitchin's actions, did go to Atlanta. The
15 Atlanta PHA ultimately chose not to use them, or to
16 award them to someone else.
17 MR. WEHNER: I thought that's the way you
18 alleged that the program is supposed to work.
19 THE COURT: There's no sense in arguing. I'm
20 not going to strike his testimony at this time. There's
2 an appropriate time to take that up, but I won't strike
2 it at this time.
2 MR. WEHNER: All right.
2 (Bench conference concluded)
2 CROSS-EXAMINATION

1317

1 BY MR. WEHNER:
2 Q Let me get this straight, sir. You talked to
3 Mr. Kitchin. You agreed to pay him some money if you
4 got some units. Mr. Kitchin said I got the units for
5 you, I'm going to see my friend Debbie. You never got
6 the units. You never paid him the money. Is that a
7 fair summary?
8 A No.
9 Q Okay. What's wrong with that summary?

10 A Well, Mr. Kitchin approached me with respect to the
11 particular program and indicated to me that he could
12 obtain these units through his influence in Washington.
13 The units were in fact brought to the city. I never got
14 them.
15 Q So you never got the units.
16 A That's correct.
17 Q And apparently the public housing authority in
18 Atlanta made some decisions that you weren't going to
19 get the units, correct?
20 A I assume so.
2 Q Do you know if the units were ever used?

2 A I don't believe they ever were.
2 Q So Mr. Kitchin's efforts to get you the units were
2 unsuccessful.
2 A That's correct.

1318

1 Q How long was this window of opportunity you
2 referred to to get these units from Washington?
3 A I really don't know. He indicated to me that there
4 was some closing of the window that was coming up fairly
5 quickly, I believe by the end of the month.

6 Q Do you recall what day of the month you had this

7 conversation with Mr. Kitchin?

8 A No, I don't.

9 Q So would you say it was a maximum of what, less
10 than 30, less than 30 days?

11 A I would say it was probably less than two weeks.

12 Q Less than two weeks. So there was some window of
13 opportunity that he had to act.

14 A That's correct.

15 Q Did that window of opportunity have anything to do
16 with Deborah Dean?

17 A I don't know. I don't assume it did. I assume it
18 had to do with the program.

19 Q And your specific recollection is that he said he
20 could get the units from Deborah Dean?

2 A He said he was going to have lunch with

2 Deborah Dean in the Secretary's office and implied, at
2 least implied -- this is seven years ago.

2 Q Absolutely.

2 A That he would be able to get the units through his

1319

1 contacts in Washington and he was having lunch with

2 Deborah Dean.

3 Q That was a clear implication. He didn't say that.

4 He didn't say Deborah Dean is going to give me these

5 units, did he?

6 A I can't recall exactly what his exact words were at

7 that time.

8 Q Now, Mr. Kitchin is a very high level Republican,

9 is he not?

10 A That was my understanding.

11 Q As a matter of fact, he ran the Southern strategy

12 for the Reagan campaign, isn't that correct?

13 A I believe that's correct.

14 Q And he raised a lot of money for the Reagan
15 campaign, didn't he?

16 A I believe that's true.

17 Q And he was politically influential in Washington,

18 wasn't he?

19 A To my knowledge, yes.

20 Q Did that have anything to do with why he said he
2 could get units?

2 A I'm sure it did.

2 Q Do you recall whether there was a Congressional
2 race going on in Georgia at -- during the year that you
2 had this conversation with Mr. Kitchin?

1320

1 A There probably was but I was not -- I'm not
2 really -- was not really involved with it.

3 Q Do you recall that Senator Mattingly was running
4 for what would have been reelection?

5 A That's correct.

6 Q At that point, in 1984?

7 A Yes. 1984? Or '87? '86, rather.

8 Q '86, I'm sorry. And do you recall that that was a
9 hotly contested Senate race?

10 A Yes.

11 Q And do you recall having conversations with
12 Mr. Kitchin that he was helping Mattingly in that race?

13 A I think he may have mentioned that, but it was not
14 a major topic of conversation.

15 Q And did he mention to you that getting units to
16 Atlanta was something that the Reagan Administration
17 would probably want to do?

18 A No, he did not.

19 Q So there was no connection between his conversation
20 about Mattingly and these units coming to Atlanta?

2 A Not to my knowledge.

2 Q But there was a connection between him being a
2 heavy weight Republican and these units coming to
2 Atlanta.

2 A That's correct.

1 Q Did

2 A No.

3 Q Did

4 A No.

5 Q Did

6 A No.

1321

you ever meet Deborah Gore Dean?

you ever pay her any money?

you ever talk to her on the phone?

7 Q So everything you know about her you learned from
8 Lou Kitchin?
9 A That's correct.
10 MR. WEHNER: Nothing further.
11 THE COURT: All right. Any redirect?
12 MS. SWEENEY: Yes, Your Honor.
13 REDIRECT EXAMINATION
14 BY MS. SWEENEY:
15 Q Mr. Bazan, I'm going to show you a document that's
16 been marked as a Government's Exhibit for identification
17 purposes only and I'm going to ask you not to read from
18 the document. It's not in evidence at this time. I'd
19 like you to read the last paragraph of the document to
20 yourself though, sir.
2 A Okay •
2 Q Does that refresh your recollection as to what
2 Mr. Kitchin told you prior to going to Washington?
2 A Yes, I believe that's correct.
2 Q You' ll have to tell us what it was that he told

1322

1 you, if it in fact refreshes your recollection?
2 A I wasn't supposed to read from this. It basically
3 says that he indicated that he would be able to obtain
4 these MRP units or the Mod Rehab units by talking to
5 Deborah Dean. That there were approximately 9000 units
6 available in the nation and -- and that's basically what
7 I testified to earlier. He was going to have lunch with
8 Debbie Dean. He was going to talk to her about
9 obtaining the MRP units.

10 Q When you and Mr. Kitchin discussed fees did
11 Mr. Kitchin propose an arrangement as to how he wished
12 to be paid that was different from that which you
13 ultimately agreed on?
14 A Yes, he felt that -
15 MR. WEHNER: Objection. Beyond the scope.
16 THE COURT: All right, I'll allow that. Go
17 ahead?
18 A He indicated that he felt he should be paid the
19 \$200,000 as soon as the units came to the city. I told
20 him that I wasn't comfortable with that arrangement,
2 that I was not willing to pay that kind of a fee without
2 assuring myself that the units would be used for the
2 benefit of the property.
2 MS. SWEENEY: No further questions, Your

allbinders as word for experiment.txt

10 A Yes.
11 Q That wasn 't something that was written by you, was
12 it?
13 A No.
14 Q That was something that was written by them, isn't
15 that correct?
16 A That ' s correct.
17 MR. WEHNER: Nothing further, Your Honor.
18 THE COURT: All right. Thank you, sir. You

5 MS. SWEENEY: That's all, Your Honor.
6 THE COURT: All right.
7 MR. WEHNER: Judge, I can't let that go.
8 THE COURT: we've had enough.
9 MR. WEHNER: The word transcript, Judge?
10 There's a certain connotation.
11 THE COURT: All right, a transcript or a

13 THE WITNESS: I'm sorry, Your Honor, it was
14 not an exact transcript. It was a summary of my
15 conversation.
16 MR. WEHNER: Thank you, Your Honor.
17 THE COURT: All right, you can step down.

2 DIRECT EXAMINATION
2 BY MS. SWEENEY:
2 Q Mr. Westcott, I'm going to be asking you a number
2 of questions and I'd ask you to keep your voice up so

1325

1 that the members of the jury can hear. Would you kindly
2 state your full name, spelling your last name for the
3 Court reporter?

4 A David Pierre Westcott, that's w-e-s-t-c-o-t-t.

5 Q Mr. Westcott, are you presently employed?

6 A Yes.

7 Q And where are you employed?

8 A In Atlanta, Georgia.

9 Q What is it that you do?

10 A I'm a general contractor.

11 Q During the period 1986 and 1987 were you employed
12 in Atlanta?

13 A Yes, I was.

14 Q What is it that you were doing at that time, sir?

15 A I was working for Heritage America Management
16 Company as vice-president in charge of construction,
17 working for Mr. Nicholas Bazan.

18 Q Focusing on the period of October, 1986, do you
19 recall if you had occasion to visit the local PHA in
20 Atlanta?

2 A Yes, I did.

2 Q On how many occasions?

2 A Two times.

2 Q What was the purpose of your first visit to the
2 PHA?

1326

1 A I delivered a draft or a letter, a rough draft of a

2 letter from Heritage America to the head of the housing

3 authority there, Bob Sumbry.

4 Q When you say a rough draft, what do you mean by

5 that?

6 A It was some pointers for Mr. Sumbry to use to draft

7 a letter that we were going to use to give to Mr. Lou

8 Kitchin to apply for Mod Rehab units in Washington, D.C.

9 Q What was the purpose of the second visit to the
10 PHA?

11 A To pick up Bob Sumbry's final draft and take it
12 back to our office, and with that letter we sent general
13 information about our organization to Mr. Kitchin.

14 Q What did you do with the letter after you took it
15 back to your office?

16 A Combined it with additional data and took it to
17 Mr. Kitchin's office in Atlanta.

18 Q Do you recall to whom you gave the package when you
19 got to Mr. Kitchin's office?

20 A It's been a few years. I would say a good
2 possibility I delivered it to Lou. Someone was waiting

2 on me at that office. It was late in the afternoon.
2 Traffic in Atlanta was hectic and I was scurrying to get
2 there by a deadline to get it to him, and I would say on
2 a percentage basis about 90 to 95 percent, I gave it to

1 Mr. Kitchin.
2 Q Did you have an understanding what the deadline
3 was? You just used the term deadline.
4 A My understanding of it was that we had to get this
5 information to Mr. Kitchin in order for him to make the
6 trip to Washington to make the presentation.
7 MR. WEHNER: Objection. The same one, Judge.
8 THE COURT: All right. I'll allow it.
9 MS. SWEENEY: No further questions at this

10 time, Your Honor.
11 THE COURT: All right.
12 CROSS-EXAMINATION
13 BY MR. WEHNER:
14 Q Did you ever meet Deborah Gore Dean?
15 A No, sir.
16 Q Did you ever talk to her on the phone?
17 A No, sir.
18 Q Did you ever hear her name mentioned by Mr. Bazan?
19 A Yes, sir.
20 Q What did he say to you?
2 A That Mr. Kitchin was going to deliver this letter,

2 this request for Mod Rehabs to Miss Dean.
2 Q What was the timeframe of this request, was it
2 October of '86, November of '86?
2 A I believe it was October, late October.

1328
1 Q Did you look at the letter?
2 A Yes, sir •
3 Q Do you know who it was addressed to?
4 A I don't recall.
5 MR. WEHNER: Nothing further, Your Honor.
6 THE COURT: Nothing else?
7 MS. SWEENEY: No, Your Honor •
8 THE COURT: All right. Thank you.
9 Thank you, sir. You can step down,
10 Mr. Westcott. Thank you very much.
11 Have you used up your resources or do you have
12 another one?
13 MR. O'NEILL: We're moving, Judge. If the
14 Court wishes the Government would call Claude Dorsy.
15 THE COURT: All right. Let's start it up for
16 a few minutes •
17 MR. O'NEILL: I believe I'll be rather short
18 with him.
19 THE COURT: All right. Let's bring him in.
20 MR. O'NEILL: The agent has gone upstairs to
2 get the witness, Your Honor.
2 MR. WEHNER: Judge, just not to waste too much

allbinders as word for experiment.txt
2 time , if I can approach?
2 THE COURT: Sure.
2 (Bench conference)

1329

1 MR. WEHNER: Your Honor, I've reviewed the Jencks
2 material, April 20th and May 15th of 1992 on Claude
3 Dorsy and assuming his testimony is consistent with
4 what's contained there they will be eliciting alleged
5 co-conspirator statements from Louis Kitchin to him
6 regarding Kitchin's connections to Miss Dean.

7 MR. O'NEILL: No, I don't expect that.

8 Okay, go ahead.

9 MR. WEHNER: And if he's not going to say
10 that, then the testimony is irrelevant.

11 THE COURT: Okay.

12 MR. O'NEILL: Judge, if you want an offer of
13 proof, what I expect Mr. Dorsy to testify to is the fact
14 that he's a developer in South Florida. He met
15 Lou Kitchin. Lou Kitchin told him he could get a sum of
16 Mod Rehab units, approximately 200. They entered into
17 an agreement. He agreed to pay him once they got the
18 units down to Dade County. He received 203 units for a
19 project. He paid Lou Kitchin the money. Lou Kitchin
20 then said that if we could get more units, he never
2 mentioned Deborah Dean to Claude Dorsy, he could get

2 additional units. They paid him an additional quantity
2 of money and they never received any units.

2 THE COURT: There is some allegation that Dean
2 was involved in this?

1330

1 MR. O'NEILL: Yes, that's what we're going to
2 show through the directing of the funds. She's involved
3 in the funding of the 203 at headquarters.

allbinders as word for experiment.txt
4 THE COURT: Is Mr. Kitchin going to testify

5 that he went back to her and talked about this project?

6 MR. O'NEILL: That's what his grand jury

7 testimony states.

8 MR. WEHNER: Is that what you expect his

9 testimony to state?

10 MR. O'NEILL: You read his grand jury

11 testimony.

12 THE COURT: All right, I'm accept that

13 proffer. All right.

14 (Bench conference concluded)

15 (CLAUDE DORSY, WITNESS FOR GOVERNMENT, SWORN)

16 DIRECT EXAMINATION

17 BY MR. O'NEILL:

18 Q Mr. Dorsy, I will be asking you a number of
19 questions. Please speak loudly so all the jurors can
20 hear you. State your name for the record, please,
2 spelling your last name for the Court reporter?

2 A D-o-r-s-y. The first name is Claude, C-1-a-u-d-e.

2 Q That was pretty loud.

2 Mr. Dorsy -

2 A Do you want me to move it back?

1331

1 Q That's fine.

2 What is your occupation?

3 A I'm, I guess, a real estate developer.

4 Q How long have you been in real estate development?

5 A About 20, 25 years.

6 Q Have you had any other professional occupations?

7 A Yes, I'm also an attorney at law.

8 Q How long have you practiced law?

9 A About 25, 28 years.

10 Q Sir, can you briefly describe your educational
11 background?

12 A I got a bachelor's degree in business
13 administration. I also got an juris doctor degree and I
14 got a master's in law and taxation.

15 Q Mr. Dorsy, are you familiar a company known as
16 First Florida Equities, Limited or FFE?

17 A Yes, I am. I'm vice-president of it.

18 Q When was that company formed, sir?

19 A Probably 1982.

20 Q Do you have any partners in that company?

2 A Yes, I do.

2 Q And who are are they?

2 A James Mitchell, Tom Houston and someone by the name

2 of Shepherd King.

2 Q Now, are you familiar with an individual by the

1 name of Louis Kitchin?

2 A Yes, I am.

3 Q Do you recall when you first met Mr. Kitchin?

4 A Probably late 1986 or early 1987.

5 Q Under what circumstances did you meet Mr. Kitchin?

6 A The president of the bank that we were doing

7 business in called me one time.

8 Q Now, you can't tell us what he said, but what if

9 anything happened?

10 A Well, I was told that Mr. Kitchin was a political

11 consultant and would assist us in projects with HUD.

12 Q Did there come a time when you met Mr. Kitchin?

13 A Yes, I did.

14 Q Now, subsequent to meeting him did there come a

15 point in time where you had conversations with him

16 concerning Mod Rehab units?

17 A Yes, I did.

18 Q And what if anything was said at that time by

19 Mr. Kitchin?

20 A Mr. Kitchin told me he could -2

MR. WEHNER: The same objection, Your Honor.

2 THE COURT: All right. The same objection

2 overruled.

2 A I was advised that he could procure some Section

2 Eight Mod Rehab units for us in Dade County, Florida.

1333

1 Q At that time did you know about the Mod Rehab

2 program?

3 A No, I didn't.

4 Q What if anything did you do after learning that

5 from Mr. Kitchin?

6 A I would have investigated it but one of my partners

7 knew more about it and we decided we were interested and

8 would proceed.

9 Q Did there come a point in time when you retained

10 Mr. Kitchin as a consultant?

11 A That was much later, about six months later, yes.

12 Q Had you ever used a consultant before in any

13 housing projects?

14 A No, I haven't.

15 Q Have you ever employed a housing consultant since

16 that time?

17 A No, I have not.

18 Q How much did you agree to pay Mr. Kitchin for his

19 services?

20 A \$1000 per unit, per apartment units, for Section

2 Eight Mod Rehab.

2 Q How did you reach that figure of \$1000 per unit?

2 A Mr. Kitchin said it was a standard fee.

2 Q Now, when was Mr. Kitchin to be paid?

2 A We agreed that we would pay Mr. Kitchin after he

1334

1 would give us some indication that the units would be

2 arriving from Washington to Dade County.

3 Q Did there come a point in time where you received

4 that indication?

5 A Yes, it was.

6 Q Could you describe to the ladies and gentlemen of
7 the jury what if anything happened?
8 A Mr. Kitchin met us, I believe, in a- restaurant and
9 showed me a document indicating that 203 units would be
10 coming to Dade County.
11 Q Can you describe the form of the document? What
12 did it look like?
13 A It was a one-page document and it listed 203 units,
14 Dade County. That's all I remember from that.
15 Q Did there come a point in time that you learned
16 that you had received Mod Rehab units for your project?
17 A Yes, it was.
18 Q How many units did you receive?
19 A 203.
20 Q Just for the record, what was the name of your
2 project?
2 A One was Cutlerwood Apartments, which was 161
2 units. The second was Springwood Apartments, consisting
2 of 42 units.
2 Q Mr. Dorsy, did there come a point in time where you

1335

1 paid Mr. Kitchin for being a consultant on the
2 Springwood-Cutlerwood project?
3 A Yes, we did.
4 Q How much did you pay him?
5 A \$203,000.
6 Q Did there ever come a period of time where you paid
7 Mr. Kitchen an additional amount of money?
8 A Yes, subsequent to that Mr. Kitchin told us that he
9 believed or was pretty sure that there could be
10 allocated another 400 or 440 units in the next fiscal
11 year, and we entered into a consulting agreement of
12 paying him \$10,000 per month for being our exclusive
13 consultant to get those units for apartment projects we
14 had in Dade County and in other parts of Florida.
15 Q Did you ever receive any additional units?
16 A No, I have not.
17 MR. O'NEILL: I have nothing further, thank
18 you.
19 CROSS-EXAMINATION
20 BY MR. WEHNER:
2 Q Sir, Mr. Kitchin told you who he was working with
2 in Washington, D.C. to get those units, did he not?
2 A No, he didn't.
2 Q Isn't it true that he told you that he was working
2 with Mr. Demery?

1336

1 A He told me he knew Mr. Demery.
2 Q Isn't it true that he told you -- he indicated that
3 he was working with Mr. Demery?
4 A He told me he knew Mr. Demery and Mr. Demery was
5 somebody he knew in Washington.
6 Q I show you an interview of May 15, 1992 which is
7 not a transcript but is a summary of your testimony
8 written by the Office of Independent Counsel. Do you
9 recall being interviewed by them on that date?
10 A I don't -- I remember being interviewed. I do not
11 know what date.

12 Q Do you recall that they took notes?
13 A Yes.
14 Q And do you recall telling them that Kitchin
15 represented that he had been dealing with HUD people for
16 many years?"
17 A Right.
18 Q "I believe," you, Dorsy, "believe that at some point
19 in time Kitchin indicated that he was working with
20 Mr. Demery?"
21 A Well, I don't know if working or knew Mr. Demery
22 was the correct word, but he knew - he told me the
23 people he knew in Washington was Mr. Demery.
24 Q Were they interviewing you about Mr. Demery or
25 Miss Dean at that point?

1337

1 A I have no idea. They didn't tell me.
2 Q As a matter of fact, you told them that they never
3 mentioned Miss Dean to you, didn't you? You told them
4 that Louis Kitchin never mentioned Deborah Gore Dean to
5 you, didn't you?
6 A This is correct.
7 Q And you told them that, didn't you?
8 A This is correct.
9 MR. WEHNER: I have nothing further.
10 MR. O'NEILL: No redirect, Your Honor.
11 THE COURT: All right.
12 THE WITNESS: Am I excused?
13 THE COURT: Yes, sir, you can go now. Thank
14 you.
15 THE WITNESS: Thank you.
16 THE COURT: Is that it?
17 MR. O'NEILL: That's it, Your Honor.
18 THE COURT: Your witness will be here tomorrow
19 that we discussed?
20 MR. O'NEILL: Yes, Your Honor.
21 THE COURT: All right.
22 All right. Ladies and gentlemen, I have no
23 other preliminary matters on other cases so I'll be able
24 to start at 9:30. Tomorrow will be a half day, whenever
25 we finish this witness, who is from out of town. It

1338

1 will be sometime at lunchtime when we finish the witness
2 and then we'll resume again Monday.
3 So overnight again remember my admonitions,
4 don't talk about it among yourselves or with anyone

allbinders as word for experiment.txt

5 else, don't talk about it, read it or watch it or listen

6 to it in the media. See you tomorrow morning at 9:30.

7 You should be out of here by 12:30, one o'clock.

8 Ladies and gentlemen, go to my jury room

9 tomorrow morning. Don't come back here. Go to mine.

10 And then after we see how the courtroom is we'll either

11 come back here or go back to my regular courtroom, but

12 go to my jury room where you normally meet in the

13 morning, all right?

14 (Jury dismissed)

15 THE COURT: Do you have a schedule, Mr. O'Neill,

16 for Monday and Tuesday, that I could look at of

17 witnesses who'll be coming in?

18 MR. O'NEILL: Yes, we do, Judge. We have a

19 number of witnesses.

20 MS. SWEENEY: One witness, Your Honor, will be

2 our handwriting expert unless Mr. Wehner is going to

2 stipulate. We showed him the final report this morning

2 to see if there's any chance that we can dispense with

2 that testimony.

2 THE COURT: All right.

1339

1 MR. O'NEILL: Judge, it would be Jack Jaynes.

2 I'm speaking slow so Steve can get it.

3 MR. WEHNER: Thanks.

4 MR. O'NEILL: Susan Zagame, and we're

5 expecting Louie Nunn tomorrow. So he will be tomorrow.

6 Pearl Tytell, T-y-t-e-1-1, she would be the handwriting

7 expert, if necessary. Lou Kitchin, Jack Jennings,

8 J-e-n-n-i-n-g-s, Tom Demery.

9 THE COURT: That will take Monday and Tuesday

10 right there.

11 MR. O'NEILL: I would think so. Your Honor.

allbinders as word for experiment.txt

12 MR. WEHNER: Your Honor, might I inquire as to
13 whether there's additional Jencks or any Jencks on
14 Tom Demery?
15 MR. O'NEILL: All Jencks has been turned
16 over. Yeah, all Jencks. There might be some Giglio.
17 MR. WEHNER: Giglio.
18 THE COURT: Plea material, things like that.
19 MR. O'NEILL: No, the plea stuff was turned
20 over pretrial. It would be any statements by other
2 witnesses talking about Tom Demery. That should all

2 have been turned over.
2 THE COURT: All right. See you tomorrow
2 morning at 9:30. We'll start in my courtroom and then
2 see how we're doing.

1340

1 MR. O'NEILL: Okay.

PROCEEDING S

2 (Defendant present, Jury out.)

3 THE CLERK: Criminal No. 92-181, United States of
4 America v. Deborah Gore Dean. We have Robert O'Neill and Paula
5 Sweeney for the government, Stephen Wehner for Ms. Dean.

6 MR. O'NEILL: Good morning, Your Honor.

7 THE COURT: Good morning.

8 MR. WEHNER: Good morning, Your Honor.

9 THE COURT: Are we ready to go?

10 All right, the Court will stay in here. They're
11 getting it cooled down.

12 MR. O'NEILL: One second, Your Honor?

13 THE COURT: All right.

14 MR. O'NEILL: Just for the record, Mr. Wehner has
15 consented to stipulate to the authenticity of Government's
16 Exhibits 203, 203A, 203B. We will not have to call a custodian
17 from Crestar to establish they're business records.

18 MR. WEHNER: That's correct.

19 THE COURT: All right, good. Is there anything worked
20 out on whatever handwriting matter there was?

21 MR. O'NEILL: Yes. And he's also stipulated that there
22 are three, Government's Exhibits 202, 181, and we don't know the
23 other one right off the top of our heads, Judge.

24 THE COURT: All right.

25 MR. WEHNER: That's correct, Judge.

1344

1 THE COURT: Thank you.

2 MR. O'NEILL: But there is a stipulation.

3 THE COURT: Also for the record, the Court wants to say
4 it reviewed last evening in chambers the rough notes of the
5 agents that had interviewed Mr. Sankin as to whether or not there
6 were any specific references in the rough notes to receipts, such
7 as American Express-type receipts, or receipts from other stores
8 involving either whether or not they were represented to be
9 accurate or not accurate or whether or not they, he had a
10 practice of writing on "business expense" and making up someone's
11 name who really was not there or not and whether that was ever
12 gone into, and saw nothing in any of the rough notes that
13 referenced that.

14 There were some references, very slight, I think one or
15 perhaps two, to having had lunch with Deborah Gore Dean or
16 something like that or other people at HUD, but there was nothing
17 discussing the receipts and his practices and their accuracy in
18 any of the rough notes, and they are very extensive rough notes.
19 All right.

20 THE DEPUTY MARSHAL: Yes, Your Honor.

2 (Jury in.)

2 THE COURT: All right, Ladies and Gentlemen, good
2 morning.

2 THE JURORS: Good morning.

2 THE COURT: We're ready to proceed. We're back in our

1345

1 same location again. I think we'll be all right today. The air
2 system, handling system is working, as I understand it.
3 We're going to go forward with the first witness on
4 behalf of the government at this time.
5 MR. O'NEILL: Your Honor, at this time, the government
6 would call Louie B. Nunn.
7 THE COURT: All right. Will Mr. Nunn come up, please?
8 LOUIE B. NUNN, GOVERNMENT'S WITNESS, SWORN
9 DIRECT EXAMINATION

10 BY MR. O'NEILL:
11 Q. Mr. Nunn, I'll be asking you a series of questions. I'd ask
12 you to speak in a loud and clear voice so that everyone can hear
13 you.
14 A. And I'll have to ask you to speak loudly, because I'm a
15 little hard of hearing, please.
16 Q. Yes, sir, I will.
17 Mr. Nunn, are you testifying today pursuant to a grant
18 of use immunity by order of this Court?
19 A. Yes, I am.
20 Q. And did you refuse to testify without such an order?
2 A. I do.
2 Q. So for the record, did you also refuse to cooperate with the
2 government in this investigation without an order of immunity?
2 A. I did.
2 Q. Okay. And finally, did you refuse to produce records to the

1346

1 government that you possessed without an order of immunity for
2 those records?
3 A. I believe we furnished the records without; I'm not positive
4 about that. I turned them over to my counsel, and he sent them
5 in.
6 Q. Now, Mr. Nunn, I will be asking you a series of background
7 questions. Have you ever held elected political office?
8 A. Yes, I have.
9 Q. And what positions have you held?

10 A. Judge of Barren County, Kentucky, governor of the
11 Commonwealth of Kentucky.
12 Q. When were you the governor of Kentucky?
13 A. 1967 to '71.
14 Q. Mr. Nunn, what is your occupational background?
15 A. I'm an attorney, farmer, judge, and governor.
16 Q. Are you familiar with an individual by the name of Art or
17 Aristides Martinez?
18 A. Yes, I am.
19 Q. Are you familiar with a company known as Marbilt?
20 A. Yes.
2 Q. What, if anything, was your involvement with Marbilt and

2 Mr. Art Martinez?
2 A. My first involvement was representing Marbilt for
2 Mr. Martinez in some claims that he had against the United States

allbinders as word for experiment.txt
2 government, HUD, for three projects that he was building in

1347

1 Miami, Florida, for the archdiocese, Catholic Church, sir.
2 Q. Did there come a point in time when you were paid for your
3 services by Mr. Martinez?
4 A. Yes, I was. Not adequately, but paid.
5 Q. Mr. Nunn, at that time, were you familiar with an individual
6 by the name of John Mitchell, the ex-attorney general of the
7 United States?
8 A. Yes, I was.
9 Q. How were you familiar with that individual?

10 A. I met Mr. -- you said Mr. Mitchell?
11 Q. Mr. Mitchell, sir.
12 A. I met Mr. Mitchell in 1968 at a governors' conference in
13 Cincinnati, Ohio. I knew him from that time on.
14 Q. Was he involved in any way in Marbilt?
15 A. Yes, he was.
16 Q. What, if anything, was his involvement in Marbilt?
17 A. I asked Mr. Mitchell to advise and counsel and work with me
18 on the claims or potential claims that I thought that
19 Mr. Martinez had against the United States government and against
20 HUD.
21 Q. And what was he going to do in advising you and working with

22 you?
23 A. Mr. Mitchell was, had been a learned lawyer and counselor,
24 and he was to advise me in procedures and whatever I needed him
25 to help me do as to processing the claim.

1348

1 Q. Mr. Nunn, at this time, I would show you after I show to

THE CLERK: Government's Exhibit 12 marked for

identification.

9 Q. And with the Court's permission, I would approach you,

10 Mr. Nunn.
11 THE COURT: All right.
12 BY MR. O'NEILL:
13 Q. I'd ask you to look at Government's Exhibit 12. Do you
14 recognize that, sir?
15 A. Yes, I do.
16 Q. And what is it?
17 A. It's a letter from me to John Mitchell, dated March 31,
18 1983, with an attachment dated January 27, 1983.

19 Q. Does the --

20 A. From Joseph L. Hammernick, director of multi-family housing,

2 Q. Does the first page of the letter bear your signature?

2 A. Pardon me?

1349

1 Q. Does the first page bear your signature?

2 A. Yes, it does.

3 Q. Is there other writing on that first page in hand?

4 A. Yes, sir, there is. It's my handwriting. It says, "See you
5 soon. My client has suffered and continues to suffer at the
6 direct results of HUD. \$5 million could be recovered in the
courts."

8 MR. O'NEILL: Your Honor, at this time, I would move
9 Government's Exhibit 12 into evidence.

10 MR. WEHNER: No objection, Your Honor.

11 THE COURT:

12 will be admitted.

All right. No objection, Government 12

(Government's Exhibit No. 12 was

received in evidence.)

16 Q. Mr. Nunn, I would now show you Government's Exhibit 13 for
17 identification purposes.

18 THE CLERK: Government's Exhibit 13 marked for
19 identification.

20 (Government's Exhibit No. 13 was

2 Q. Again, with the Court's permission, I would approach you and
2 ask you to look at Government's Exhibit 13.

2 THE COURT: All right.

1350

BY MR. O'NEILL:

2 Q. Do you recognize that, sir?

3 A. Yes, I do. It's -- well, I recognize it.

4 Q. Okay. And what do you recognize it to be?

5 A. It's a billing to Marbilt, Inc., in Miami Springs, Florida.

6 It's on my letterhead, and it shows total expense and amount

7 recovered and a division of the difference. Total amount

8 recovered was \$80,169.86, and expense incurred was \$62,941.48,

9 and I paid to, one-half of that to John Mitchell, \$8,613.94, for

10 a portion of help that he had given me in advising and counseling
11 with me on that matter.
12 MR. O'NEILL: Your Honor, at this time, I'd move
13 Government's Exhibit 13 into evidence.
14 MR. WEHNER: No objection, Your Honor.
15 THE COURT: All right, 13 is admitted.
16 (Government's Exhibit No. 13 was
17 received in evidence.)
18 BY MR. O'NEILL:
19 Q. Now, Mr. Nunn, you stated that John Mitchell consulted and
20 assisted you on that, on Marbilt. What, if anything, did he do?
21 A. Well, he advised me on procedure and whether or not that I
22 might be proceeding along the correct lines. Those three
23 projects were, the file was very voluminous on them. I guess
24 that they were 2 to 3 inches thick of material that we put
25 together trying to prove the money that HUD owed to Art Martinez,

1351

1 which was estimated to be in the millions or at-least a million,
2 it came down to, I think, a million and some thousand after it
3 was all calculated that they should have paid him.
4 Q. And what, if anything, did John Mitchell do on Marbilt?
5 A. Pardon me?
6 Q. What, if anything, did John Mitchell do?
7 A. He'd sit with me and advise with me and counseled with me as
8 I worked on these papers and confirmed, in essence, what I was
9 doing was the proper procedure. I sought his advice on them.

10 Mr. Martinez and I put many of them together, but I asked
11 Mr. Mitchell his opinion on them.
12 Q. Mr. Nunn, are you familiar with a project called Arama?
13 A. Yes, sir, I am.
14 Q. What, if anything, was Arama?
15 A. Arama was a housing project that Mr. Martinez put an
16 application in for in Miami, Florida, if I remember correctly.
17 Q. What, if anything, was your involvement in Arama?
18 A. My involvement was to inquire of Mr. Mitchell or HUD or
19 whomever was necessary to determine if the funds were available
20 and when they would be coming through because of the program that
21 Mr. Martinez had set up in, related to me that he had set up in

2 Florida.

2 Q. Mr. Nunn, at this time, I would show you what's previously
2 been marked as Government's Exhibit 20.
2 THE CLERK: Government's Exhibit 20 marked for

1352

identification.
2 (Government's Exhibit No. 20 was
3 marked for identification.)

BY MR. O'NEILL:
5 Q. And I'd ask you if you recognize that, sir?
6 A. Yes, I do.

7 Q. What is it?

8 A. It is an agreement between Art Martinez and two other
9 individuals and myself as to the payment that I would receive,

10 which was \$150,000 on 300 modern rehab units of HUD for which

11 Mr. Martinez, Arama, Ltd., had made application.

12 MR. O'NEILL: At this time, Your Honor, I move

13 Government's Exhibit 20 into evidence.

14 MR. WEHNER: No objection, Your Honor.

15 THE COURT: All right, 20 is admitted.

16 (Government's Exhibit No. 20 was

17 received in evidence.)

18 BY MR. O'NEILL:

19 Q. Does that document bear a handwritten notation by you in the

20 lower right-hand corner?

21 A. Yes, it does.

22 Q. And can you please read that out loud?

23 A. It's dated 1-25-84. It says, "In the event of my death or
24 disability, one-half of the above amount belongs to John

25 Mitchell," signed, "Louie B. Nunn."

1353

1 Q. Now, Mr. Nunn, pursuant to this contract, what, if anything,
2 were you going to do on Arama?

3 A. Whatever I was asked to do by Mr. Martinez. Mr. Martinez
4 had had a series of problems with the Jacksonville HUD office,
5 and they had brought disbarment proceedings against him there.
6 They had failed to pay him on at least three projects, and he was
7 of the opinion that if he got any more work, that it would be
8 bottled up there at the Jacksonville office or delayed and would
9 not get through.

10 Q. Mr. Nunn, what type of agreement was it that I just showed
11 you? Do you recall what services you were to perform pursuant to
12 that contract?

13 A. There's no -- I don't recall. I can look at it again. I
14 don't recall any services to be set out except to consult and

allbinders as word for experiment.txt

15 advise. The document speaks for itself.

16 Q. Let me show it to you again, if I might. In what capacity
17 were you to act on Arama?

18 A. "... second party as their consultant in regard to their
19 efforts to complete 300 moderate rehabilitation units for
20 HUD ..." To complete 300 modern rehab units. That was to get
2 them through and get them to completion.

2 Q. So is it fair to say that this is a consulting contract?

2 A. Sir?

2 Q. Is it fair to say that this is a consulting contract?

2 A. It says it is a consulting contract, yes, sir.

1354

1 Q. Now, Mr. Nunn, how were you going to assist Mr. Martinez in
2 obtaining 300 mod rehab units for the Arama project?

3 MR. WEHNER: Objection, Judge. Mischaracterization of
4 the testimony.

5 THE COURT: All right, I'll sustain the objection.

6 Would you revise the question?

7 BY MR. O'NEILL:

8 Q. Mr. Nunn, does the contract call for -- well, let me ask you
9 to read the first paragraph.

10 A. "Witnesseth: That whereas, the first parties are desirous
11 of obtaining the services of second party as their consultant in
12 regard to their efforts to complete 300 moderate rehabilitation
13 units for HUD, and the second party agrees to assist the first
14 parties."

15 Q. And what were you going to do pursuant to that contract,
16 sir?

17 A. As I said, if there was trouble at the Jacksonville office
18 or any other office, work with HUD or whomever was necessary to
19 see that the application was not blocked because of some bias or
20 prejudice or technical reason with HUD, and that was because of
2 the experience, I think, that Mr. Martinez had already suffered
2 at the hands of HUD.

2 Q. Now you've mentioned that prejudice and bias at HUD on
2 Marbilt. Did you experience any of that in the Arama project?

2 A. Not on the Arama, but on the other three, I was never

1355

1 treated as rudely anyplace as I was at the HUD office in
2 Jacksonville on two occasions. I did experience it firsthand
3 along with Mr. Martinez.

4 Q. On Marbilt?

5 A. Yes, on the Marbilt projects.

6 Q. And now we're on to Arama, correct?

7 A. It had nothing to do with Arama, no, sir.

8 Q. So what, if anything, did you do on the Arama project?

9 A. The most that I did was to consult back and forth with

10 Mr. Martinez concerning whether or not the process that his

11 application was making through the channels in Miami on his

12 options that he had on buildings and tried to determine when and

allbinders as word for experiment.txt
13 if the funds were going to be made available for building the
14 projects that were coming through.

15 Q. Now you speak about this process. What process are you
16 referring to, sir?

17 A. Well, as I understood it from Mr. Martinez, he made an
18 application in Miami for certain rehab projects, and as those
19 applications were completed and moved through the pipeline, so to
20 speak, or moved up with the Miami or Dade County project or
2 housing authority, then they would be funded as they moved into
2 line.

2 And Mr. Martinez explained to me that he had options on
2 several buildings to buy in the event that the application was
2 approved and the funds became available, so he was most anxious

1356

1 to be able to see if the funds were available and when they would
2 be coming through so that his, he wouldn't let options expire or
3 have to pay, or fail to renew options or to overextend options.
4 He was trying to lease or take options on the property as cheaply
5 as possible, as I understood it from him.

6 Q. We know what Mr. Martinez was going to do, because he's
7 testified.

8 MR. WEHNER: Objection.

9 BY MR. O'NEILL:

10 Q. What were you going to do?

11 A. I was going to do whatever -12

THE COURT: I'll overrule the objection. That's all

13 right, go ahead.

14 BY MR. O'NEILL:

15 Q. What were you going to do, sir?

16 A. I was to do whatever Mr. Martinez asked me to do. If he had
17 a problem in Jacksonville, then it was my problem to go to
18 Jacksonville and try to work on that, just like I worked on the
19 other three projects that he had problems with, and go to Atlanta
20 or come to Washington or do whatever is necessary to try to clear
2 it for him.

2 Q. Did he have a problem on Arama in Jacksonville -2

THE COURT: I'm going to interrupt for a second.

2 MR. O'NEILL: Sorry.

2 THE COURT: One of the jurors needs to be excused for a

1357

minute.

2 Ladies and Gentlemen, we'll take a short recess then,
3 and remember the admonition of the Court about not talking about
4 the case. We'll take a short break.

5 (Jury out.)

6 THE COURT: We have to take a recess. One of the
7 jurors, Alternate No. 2, said she'd been taken ill, the lady in
8 the back, all the way at the end, and said she had to leave on an
9 emergency basis. So as soon as we find out how she is, we'll
10 resume. So we'll take a break, all right?

11 All right, we'll stand in recess until return of court.

12 (Recess from 10:00 a.m. to 10:28 a.m.)

13 THE COURT: All right, the juror has a cold and flu.

14 She says she's feeling better. Two other jurors at least also
15 said they had problems and weren't feeling well and exhausted the
16 supply of Tylenol in our nurse's office, but I think we'll be
17 fine and ready to proceed, and we can finish the day's testimony.

18 I'm waiting for Mr. Wehner.

19 MR. WEHNER: My apologies, Your Honor.

20 THE COURT: That's all right. We're ready to go.

21 (Jury in.)

22 THE COURT: All right, Ladies and Gentlemen, we're
23 ready to resume with the testimony this morning. As you know,
24 it's a shorter day today, so hopefully you'll be able to make it
25 through today and have a weekend to recover. All right.

1358

1 MR. O'NEILL: Thank you, Your Honor. •

2 Q. Mr. Nunn, I believe we left off with a question as to
3 whether did Mr. Martinez experience any problems at the
4 Jacksonville office on the Arama project.

5 A. Not that I'm aware of.

6 Q. Now I would direct your attention once again to a
7 government's exhibit that I previously showed you, No. 20, with a
8 handwritten notation at the bottom right-hand corner.

9 A. Yes, sir.

10 Q. Okay. And does that refer to Mr. John Mitchell?

11 A. Yes, it does.

12 Q. Okay. Mr. Nunn, did you have an agreement with John
13 Mitchell as to what he was going to do on the Arama project?

14 A. Mr. Mitchell was to do whatever I asked him to do or counsel
15 with me if any problems arose as to what I should do.

16 Q. Did you ever have a conversation with Mr. Martinez in which
17 you requested bringing Mr. Mitchell into this Arama project?

18 A. I don't know that -

19 MR. WEHNER:

20 THE COURT:
21 conversations?

22 MR. WEHNER:

23 THE COURT:

24 I've already given.

25 MR. WEHNER:

Your Honor, same -- may I have the same?
Continuing objection to those

Yes, sir.

All right. I'll overrule it on the basis

All right.

1359

BY MR. O'NEILL:

2 Q. You can answer that, sir.

3 A. I don't know that I've ever had a -- state your question
4 again.

5 Q. Okay. Did you have a conversation with Mr. Martinez in
6 which you asked him to bring Mr. Mitchell into the Arama project?

7 A. I don't know that I asked him to bring Mr. Mitchell in. I
8 asked him if he had any objections if I brought Mr. Mitchell in,
9 because Mr. Mitchell had worked on the other three projects with
10 me, too.

11 Q. What was your reason for bringing John Mitchell into the
12 Arama project?

13 A. Well, there were several reasons. First, I felt that I'd
14 need his advice and his counseling, and the second reason was
15 that he had assisted me in that first project, for which we
16 received very little compensation, and the third reason was that
17 I had been using his office over there for some period of time
18 along with two other people, and I felt that I needed to retain
19 him to assist.

20 Q. You stated there were several reasons. Were there any other
21 reasons?

22 A. I don't recall any at this time.

23 Q. Mr. Nunn, I will show you a document that's not in evidence,
24 so please do not read it out loud. And I will direct your
25 attention to line 17 through line 21. I'd ask you to read it to

1 yourself.

2 Sir, does that refresh your recollection as to why you
3 wanted to bring John Mitchell into the Arama project?

4 A. For the very reasons I just enumerated to you.

5 Q. Okay. Is that what you state?

6 A. Pardon me? That's what my testimony is.

7 Q. Mr. Nunn, do you recall testifying before a federal grand
8 jury?

9 A. Yes, I do.

10 Q. And do you recall being asked the following questions and
11 giving the following answers:

12 MR. WEHNER: Objection, Judge. May we approach?

13 THE COURT: Pardon me?

14 MR. WEHNER: May we approach?

15 THE COURT: All right.

16 (Bench conference on the record.)

17 THE COURT: Okay. This is --

18 MR. WEHNER: Page 33 and 34.

19 THE COURT: -- the bottom of 33, line 17.

20 Okay. And you want to examine him about his response

2 that he brought Mitchell in for his advice and counseling?

2 MR. O'NEILL: For his Washington contacts.

2 THE COURT: You want him to talk about his Washington
2 contacts.

2 MR. O'NEILL: That's correct, Your Honor.

1361

1 THE COURT: Particularly his HUD, dealing with HUD.
2 You're saying that's not impeachment?
3 MR. WEHNER: I'm saying two things, Judge. No. 1, it's
4 not impeachment, and No. 2, if it is, Mr. O'Neill hasn't
5 established the grounds to impeach his own witness at this time.
6 THE COURT: He doesn't need to under the rules of
evidence.
8 MR. WEHNER: I know.
9 THE COURT: So you're overruled. I think it also does
10 go to impeachment. He didn't mention the grounds specifically.
11 I'll allow him to ask the question about the Washington contacts.
12 (End of bench conference.)
13 THE COURT: All right, you may go ahead with the
14 question again.
15 MR. O'NEILL: Thank you, Your Honor.
16 Q. Mr. Nunn, do you recall testifying before a federal grand
17 jury?
18 A. Yes I do.
19 Q. And do you recall being asked the following questions and
20 giving the following answers:
2 "Question: To summarize, you told Mr. Martinez that
2 you wanted to bring Mr. Mitchell into this in some form or
2 another?
2 "Answer: That is correct.
2 "Question: For his Washington contacts, correct?

1362

"Answer: --"

A. I didn't hear that last --
3 Q. "Question: For his Washington contacts, correct?
4 "Answer: Yes, for his Washington experience."
5 Do you recall being asked those questions and giving
6 those answers?
7 A. Yes, sir, I did. They were true then and true today.
8 Q. Does that refresh your recollection as to why you brought
9 Mr. Mitchell into the Arama project?
10 A. If you'll notice, that says "to summarize," and I had met
11 with counsel and discussed several of these issues before we went
12 to the grand jury, and I was told to answer the questions as
13 explicitly as I could in the grand jury, which I did, and when
14 she said to summarize why that I brought him in for some reason
15 or another, that was my answer, and that was what I gave.
16 Q. Now you mentioned two people in that answer. You mentioned
17 counsel. Are you referring to your counsel?
18 A. No, no. I'm talking to the lady that was interviewing me
19 prior to the grand jury testimony, when I went in, and inquired
20 of me when I was before the grand jury.
21 Q. And was that the female prosecutor who was asking you
22 questions in the grand jury?
23 A. Yes, as I best recall it.
24 Q. Now at the time, Mr. Nunn, that you became involved in the
25 Arama project, what was your experience in the area of the

1363

1 Moderate Rehabilitation Program?

2 A. I am not aware that I had any experience at all. I had
3 never heard of 515 until it was mentioned by Mr. Martinez, as far
4 as I know.

5 Q. Mr. Nunn, did you have a written or an oral agreement with
6 John Mitchell about his involvement in Arama?

7 A. The only thing I have is what I turned over to the United
8 States government. You have it all.

9 Q. Now, Mr. Nunn, you stated that you had been using the office

10 of John Mitchell; is that correct?

11 A. Yes, sir, we had.

12 Q. Are you familiar with a business or were you familiar at
13 that time with a business known as Global Research International?

14 A. Yes, sir, I was.

15 Q. And how were you familiar with that business?

16 A. Well, that was the name that I understand Mr. Brennan and
17 General Mitchell and I don't know who else were operating under,
18 Global Research.

19 Q. And since you mentioned that earlier, can you please explain
20 to the jury why you were using the offices of Global Research?

2 A. I was involved with three or four other people from

2 Lexington, Kentucky, in setting up a cellular telephone system,
2 and we were making applications for cellular telephone permits in
2 various cities around over the United States, recognized that we
2 would need counseling, perhaps people who would help fund some of

1364

1 these projects that we were working on.

2 Knowing John Mitchell and knowing of his experience and
3 background, I came to him and started talking with him about the
4 cellular telephone, what we were attempting to do and what would
5 be involved, and we started using his office on Pennsylvania
6 Avenue, and sometimes one, two, or three of us used it for I
7 don't know how long a period, but it was months, possibly a year
8 that we were there using his office.

9 Q. Mr. Nunn, you mentioned the offices located on Pennsylvania
10 Avenue. At this time, do you remember the exact address?

11 A. I do not. It seems like 17-something, but I'm not sure.

12 Q. Well, I'll show you a document that's previously been placed
13 into evidence as Government's Exhibit 19, and I'd ask you does
14 that document refresh your recollection as to what the address of
15 Global Research was?

16 A. 2828. I believe that's correct.

17 Q. Thank you.

18 what, if anything, did you ask John Mitchell to do on
19 the Arama project?

20 A. I don't recall anything that I asked him to do.

2 Q. Mr. Nunn, I would ask you -- start on 58, Steve, at the
2 bottom --if you could start reading to yourself, not out loud,
2 and onto the next page, stopping at line 9.

2 A. Through line 9?

2 Q. Yes, sir.

1365

1 A. Yes, sir.

2 Q. Okay. And does that refresh your recollection as to what
3 you asked John Mitchell to do on the Arama project?

4 A. Yes. That is exactly what I'm saying today or intend to say
5 today, that I don't recall anything specific that I did. If it
6 was --it was to ask him to check on when the funds would be
7 coming down or when they would be available --

8 Q. And where would --

9 A. --at most.

10 I don't remember him having to do it, but that would
11 have been what I would have been doing. If I did, and it's
12 possible that I did discuss it with him at some time, because
13 there were two projects. I was there over a period of time, and
14 it's quite possible.

15 Q. Where did you ask him to check on the funds coming through?

16 A. I have no idea when I asked him. If you can give me some
17 documentation, I might be able to tell you more specific, but it
18 was just general conversation, because I remember there weren't
19 any hitches on the Arama project, but I'm sure I made inquiries
20 from time to time, because Martinez would, would want to know
2 about his options.

2 Q. And did you ask Mr. Mitchell to inquire at HUD Central?

2 A. I possibly did, but I don't recall it.

2 Q. Do you recall being asked the following questions in the
2 federal grand jury and giving the following answers, sir:

1366

1 "Question: How many contacts did you have with John
2 Mitchell on that Arama project?

3 "Answer: There would be no way of knowing, because I
4 was there in the office during part of this time, and I may have
5 mentioned it. It never was a matter of great concern or a matter
6 which we sat down and discussed. My best memory tells me today
7 that I just asked him to check on something or inquire of
8 something to see what the status was.

9 "Question: In HUD Central?

10 "Answer: Yes. wherever we needed. Yes, in HUD
11 Central, in Washington."

12 Were you asked those questions, and did you give those
13 answers?

14 A. Yes, I did.

15 Q. Now, Mr. Nunn, are you familiar with the defendant, Deborah
16 Gore Dean?

17 A. Yes, I am.

18 Q. And how do you know the defendant?

19 A. I don't remember when I first met Ms. Dean. I remember on
20 one occasion at a regional meeting of the HUD office in Florida
2 that I think I met her in the hall and spoke to her there. I

2 think I saw her at a reception for either Lance Wilson or
2 Mr. Pierce at a reception in the Four Seasons Hotel. That was
2 over there near Mr. Mitchell's office. And I remember I may have
2 seen her casually on other occasions. I don't remember anything

1367

1 specific.

2 She did call me one time on the telephone concerning a
3 possible position that she was seeking, to see if I could be of
4 any assistance to her, and those are the ones that come to
5 memory, to my memory right now.

6 Q. You mentioned a reception at the Four Seasons Hotel. Do you
7 recall what the reason for that reception was?

8 A. No. There was a reception there for, as I best recall,
9 Mr. Pierce or Lance Wilson, or there may have been somebody
10 leaving, and Mr. Mitchell, I was there in his office working. He
11 said he was going down to the reception, would I like to go
12 along, and I said I would.

13 So I went down with him, and it was, there were
14 apparently many people there from HUD. Some I just went around
15 and shook hands. I couldn't hear well, and it was confusing, so
16 I left shortly.

17 Q. Do you recall, Mr. Nunn, when that was, what period of time?

18 A. No, I do not know the specific time. It was sometime during
19 that period when we were there working on the telephone system.

20 Q. Now, Mr. Nunn, did you ever have a discussion with John
2 Mitchell about his relationship with the defendant, Deborah Gore
2 Dean?

2 A. I don't recall any specific discussion. I knew after a
2 period of time the relationship between John Mitchell and
2 Deborah's mother, and I knew that he was very fond of Deborah.

1368

1 Q. How did he refer to her, the defendant, Deborah Gore Dean?

2 A. Well, I thought that he referred to her as his daughter.

3 Q. Now during this period of time that you're in Washington at
4 Global Research, were you aware of the defendant, Deborah Gore
5 Dean's employment?

6 A. No. I don't, I don't recall when she was appointed or what
7 position she was appointed to. I was only aware that she worked
8 at HUD, but what her -- there may have been one other time that I
9 met her, one time when I went over to HUD and met with a

10 Mr. Karam. He took me through the office and introduced me to a
11 lot of people, and whether she was there at that time, I don't
12 remember.

13 Q. You mentioned a person named Mr. Karam. Who is Mr. Karam?

14 A. Mr. Karam is a young man that I know from Louisville,
15 Kentucky, that had worked in a campaign of mine and was later
16 employed at HUD, and he brought Mr. Pierce down to Louisville,
17 Kentucky, for a reception one time, and I went over -- was
18 invited and went over to that reception.

19 Q. Do you know what period of time Mr. Karam was at HUD?

20 A. No, sir, I don't recall the specific time.

2 Q. Mr. Nunn, I would now show you what's previously been marked

2 as Government's Exhibit 21.

2 THE CLERK: Government's Exhibit 21 marked for
2 identification.

2 BY MR. O'NEILL:

1369

Q. That is in evidence, Mr. Nunn.

2 A. Yes, sir.

3 Q. So you can refer to it if you need to.

4 what is that, sir?

5 A. That's an agreement between Mr. Martinez and others and
6 myself concerning payment of \$225,000 for a portion of the 300
7 units.

8 Q. Is -- on what project does that agreement refer to?

9 A. I don't see on its face any except 300, 300 mod rehab units,
10 um-hum.

11 Q. And does that, does that indicate to you what project that
12 agreement refers to?

13 A. I would think that the Arama had 300 and it's my best
14 memory.

15 Q. Now in what capacity, Mr. Nunn, were you to work with Arama
16 on this agreement?

17 A. I was to advise and counsel with Mr. Martinez, it says as an
18 attorney on its face, that I was to be the attorney.

19 Q. And what were you to advise and counsel?

20 A. Whatever he might ask me to do, if it was necessary to go to
21 Miami or to whatever, if there needed to be court action. I felt
22 that I was being paid a retainer.

23 Q. And the retainer was how much money?

24 A. 225,000 if I remember. It shows on the face of the
25 document.

1370

1 Q. Mr. Nunn, did there come a point in time when the amount was
2 increased?

3 A. I didn't hear you.

4 Q. I'm sorry, did there come a point in time when the amount
5 was increased?

6 A. Yes, there was.

7 Q. Mr. Nunn, at this time, I would show you what's previously
8 been placed into evidence as Government's Exhibit 22, and how
9 much was that contract increased?

10 A. \$50,000.

11 Q. Do you have a recollection as to why that document was
12 increased for an additional \$50,000?

13 A. The amount that I had received, the amount that I had
14 received for the other work that I had done on the three towers
15 was very, very small, very limited compared to the amount of
16 time, and it was added for that amount as additional
17 compensation.

18 Q. Now did there come a point in time when you, in fact,
19 performed services pursuant to these agreements on the Arama
20 project?

2 A. I don't recall of anything specific that it was necessary.

2 As far as I knew, the application was made, the funds went
2 through, it cleared the Atlanta -- Jacksonville office, and there
2 were no problems.

2 Q. Are you telling this jury then that you basically did

1371

1 nothing on this project?

2 A. I didn't understand your question.

3 Q. Are you telling this jury then that you basically did

4 nothing on this project?

5 A. I was on a retainer. I was prepared to do whatever he did,
6 and I'm sure that he'd call me from time to time. I think that
7 you have telephone, or evidence of telephone communications back
8 and forth in which he would ask me if I had any information or
9 knew any information or told me what the status of his projects

10 were and when his options would be out and so on. So I talked
11 back and forth with Mr. Martinez.

12 Q. We will get to the telephone calls. Aside from these
13 telephone calls, do you have any recollection of doing anything
14 else on this project?

15 A. No, I don't recall at this time anything that was necessary
16 to do. I went to Miami a time or two to talk with Mr. Martinez,
17 but I don't remember any court action or procedures of any kind.

18 Q. Do you know to your knowledge what, if anything, did you ask
19 Mr. Mitchell to do on this project?

20 A. I have no memory of asking him to do anything. However, it
21 is quite possible that I may have asked him to find out when the
22 funds would be coming down, because that was the key concern that
23 Mr. Martinez seemed to have.

24 You'll have to excuse me,- I have a little problem with
25 proper names. I just had a little surgery.

1372

1 Q. Now, Mr. Nunn, did there come a point in time when you
2 learned that the funds had come down for the Arama project?

3 A. Oh, yes. Mr. Martinez advised me when they had come down.

4 Q. Let me show you Government's Exhibit 27, all right, in
5 evidence.

6 I'd ask you to look at this document, sir.

7 A. Yes, sir.

8 Q. And have you ever seen that document?

9 A. Yes, sir.

10 Q. And how did you receive that document?

11 A. I assume that I received it in the -- well, I don't assume.
12 I'm sure it must have been sent to me at Global Research. It was
13 addressed to me at Global Research, and it appears from this that
14 I did make an inquiry. I thought it was on the second project
15 that I had made an inquiry, but apparently it was Arama based on
16 this one.

17 Q. Does that refresh your recollection as from whom you learned
18 that Arama had be funded?

19 A. This says, "This will confirm a recent telephone
20 conversation with General Mitchell concerning the Arama
21 partnership request for HUD for additional mod rehab units," and

2 it refers to 293 units.

2 Q. Who's it from?

2 A. It says "the Arama Partnership requests."

2 Q. Who's it from?

1373

1 A. It has typed "Deborah Gore Dean, Executive Assistant
2 Secretary," and then there's a red S with two marks slashed by
3 it. So that's all I can tell you about where it came from.
4 Q. And I'll repeat the question, sir: Does that refresh your
5 recollection as to how you learned that the units had come down
6 for the Arama project?
7 A. Yes. I thought -- there was another project, and I'm
8 confused. I thought it was the second project, but apparently it
9 was the Arama project that I made an inquiry on for.

10 Q. Based on receiving that information in Government's
11 Exhibit 27, what, if anything, did you do?

12 A. I notified Mr. Martinez.

13 Q. Mr. Nunn, once again, I would show you a document. It's
14 been previously marked as Government's Exhibit 29 for
15 identification. I'd ask you to look at that, please.

16 A. Yes, sir.

17 Q. And do you recognize that?

18 A. I do.

19 Q. What is it?

20 A. It's a letter off of my letterhead, Nunn, Odear & Arnold,
2 and it's addressed to Mr. Art Martinez, and someone has signed my
2 name on it and put their initials after it, and I assume that it
2 was my secretary.

2 Q. And what makes you assume that it was your secretary?

2 A. Well, it's not my signature, and I don't know of anyone else

1374

1 that would have been sending it out.

allbinders as word for experiment.txt

2 Q. Would your secretary have been authorized to sign your name
3 in that instance?

4 A. In instances where I called, yes. In just normal course of
5 business, not legal documents or things like that.

6 Q. Okay. And is this a legal document?

7 A. Sir?

8 Q. Is this a legal document?

9 A. This is, no, as far as I'm concerned, this was an

10 informative letter to tell someone something was happening.

11 MR. O'NEILL: Your Honor, at this time, I would move

12 into evidence this exhibit.

25 BY MR. O'NEILL:

Sir?

I'm talking to the Court, I'm sorry.

Excuse me.

I move into evidence Government's Exhibit

No objection, Judge.

27?

Excuse me, 29.

I think it is 29. Government's 29 is

(Government's Exhibit No. 29 was
received in evidence.)

1375

1 Q. Now, Mr. Nunn, what was the purpose of that document I just
2 showed you? Why did you have that letter or cause this letter to
3 be sent out?

4 A. Well, because Mr. Martinez was calling. Some of his options
5 were expiring. He was anxious to know about his projects as to
6 whether or not they were going through, so he called me from time
7 to time wanting to know if I could find out whether or not the
8 funds, when they would be coming forward.

9 Q. Mr. Nunn, once again, I will show you a document. It's been

10 already entered into evidence, Government's Exhibit 32, and I'd
11 ask you do you recognize that, sir?

12 A. Yes, I do.

13 Q. And what is it?

14 A. It's an escrow agreement whereby Mr. Martinez was to pay to
15 an escrow agent, John Penn, at the Citizens Union Bank & Trust
16 Company, upon my performance of certain contractual obligations

allbinders as word for experiment.txt

17 certain monies.

18 Q. Mr. Nunn, did there come a point in time that you were paid
19 for your services on Arama?

20 A. Yes, sir. I was paid in full for all services.

2 Q. And do you recall how much money you received?

2 A. No, I don't, but the documents show on their face. I was
2 paid the exact amount that the documents called for.

2 Q. Did there come a point in time that you paid Mr. Mitchell
2 for his involvement in the Arama project?

1376

1 A. Yes, sir. When I was paid, I paid Mr. Mitchell.

2 Q. At this time, Mr. Nunn, I'm showing you what's previously-
3 been marked as Government's Exhibit 33 for identification
4 purposes

5 (Government's Exhibit No. 33 was
6 marked for identification.)

7 THE WITNESS: Yes, sir.

8 BY MR. O'NEILL:

9 Q. And do you recognize that document?

10 A. I do.

11 Q. And what is it, sir?

12 A. That is a letter from my secretary to Governor John --
13 General John Mitchell in which it says that she was forwarding at
14 my request a First Security cashier's check in the amount of
15 \$75,000, a copy of out-of-pocket expenses, and a copy of the
16 agreement that I had with the people in Florida.

17 MR. O'NEILL: Your Honor, at this time, I'd move it
18 into evidence as Government's Exhibit 33.

19 MR. WEHNER: No objection, Your Honor.

20 THE COURT: All right, 33 is admitted.

2 (Government's Exhibit No. 33 was

2 received in evidence.)

2 BY MR. O'NEILL:

2 Q. Mr. Nunn, what, if anything, did John Mitchell do on the
2 Arama project, to your knowledge, for that \$75,000 fee?

1377

1 A. I think I've already explained that, and apparently I asked
2 him to make an inquiry, I don't remember. I may have discussed
3 it with him there in the office from time to time as to what
4 Martinez was doing or not doing and that sort of thing, but I
5 don't recall anything specific --

6 Q. To your knowledge --

7 A. -- other than what was pointed out in the letter.

8 Q. I'm sorry. To your knowledge, how much time did he spend on
9 the Arama project?

10 A. I have no idea how much time really either of us spent on

11 it.

12 Q. If I may, I'll show you again Government's Exhibit 507 for
13 identification, and since it's not in evidence, you cannot read
14 it out loud. I'd ask you to read that notation.

15 A. Um-hum.

16 Q. Does that refresh your recollection about how much time

17 Mr. Mitchell spent on the Arama project?

18 A. Do you want me to read this now?

19 Q. No, no. It would just be --

20 A. My testimony is no different now than it was then. That was
2 purely an estimate or put together, a question -- answer to a

2 question that was put together for me.

2 Q. well, the question would be do you know how much time he
2 spent on the Arama project?

2 A. No, I don't know. It would purely be an estimate or a guess

1378

1 as to how much time, as I said, either of us spent on it.

2 Q. To your knowledge, was it a great deal of time?

3 A. No, it was not a great deal of time. No, sir.

4 Q. To your knowledge, was it a very short period of time?

5 A. well, I don't know how you define short and long, but if

6 you'd give me a parameter, I'll try to get within it.

7 Q. well, would it be just a couple of hours?

8 A. It would, I would say two, three, four hours, something of
9 that nature. Since I don't remember and it was nothing unusual

10 about it, I'd have no reason to record it.

11 Q. Mr. Nunn, I would now show you -- Mr. Nunn, I would now show
12 you two documents. Let me do it one at a time. It will make it
13 a bit easier.

14 A. All right. The first is a check from Louie B. Nunn, the
15 First Security Bank, in the amount of \$75,002, and it's for a
16 cashier's check to John Mitchell. The \$2 was for check charge.
17 The check was 75,000. It was signed by my secretary, Margaret
18 Lewis.

19 MR. O'NEILL: Your Honor, at this time, I would enter
20 it into evidence pursuant to a stipulation.

2 THE COURT: what's the number again?

2 MR. O'NEILL: No. 34, Your Honor.

2 THE COURT: All right.

2 MR. WEHNER: No objection.

2 THE COURT: There being no objection, 34 will be

admitted.

(Government's Exhibit No. 34 was
marked and received in evidence.)

BY MR. O'NEILL:

5 Q. Mr. Nunn, at this time, I'm showing you --

6 A. That shows to be a First Security cashier's check in the
7 amount of \$75,000, payable to John Mitchell.

8 MR. O'NEILL: That was Government's Exhibit 35, Your
9 Honor, and I'd move it into evidence, again pursuant to

10 stipulation.

11 MR. WEHNER: No objection.

12 THE COURT: 35 is admitted.

13 (Government's Exhibit No. 35 was
14 marked and received in evidence.)

15 BY MR. O'NEILL:

16 Q. Mr. Nunn, did there come a point in time when you worked on
17 another project with Mr. Martinez?

18 A. Yes, there was.

19 Q. And what was the name of that project, sir?

20 A. I believe it was, was Florida, Ltd. I don't remember the
21 exact name, because it was four or five projects, the towers and
22 so on. It was Florida, Ltd. If you'd tell me, maybe you'd
23 refresh my memory.

24 Q. Okay. I will show a number of documents to you.

25 A. All right.

1 Q. What, if anything, were you to do on this project?

2 A. The same as I was on the previous ones.

3 Q. Was anyone else involved with you on this project?

4 A. Mr. Mitchell was involved with me, because that was of my
5 choice.

Q. I'm sorry, Mr. Nunn> I didn't catch your last answer.

A. I said it was my choice to bring Mr. Mitchell into it.

Q. Mr. Nunn, I would show you Government's Exhibit 37.

THE CLERK: Government's Exhibit 37 marked for
10 identification.

11 (Government's Exhibit No. 37 was
12 marked for identification.)

13 THE WITNESS: Yes, sir.

14 BY MR. O'NEILL:

15 Q. And do you recognize that, sir?

16 A. Yes, sir. That's a letter dated April 10, 1986, on my
17 letterhead, to Art Martinez, signed by me, which it says I had
18 enclosed the Florida, Ltd., agreement, the memorandum of
19 understanding replacing a lost one -- apparently, we'd had a
20 previously one -- and the information in regard to the trip to
2 visit your condo, with a map and instructions.

2 MR. O'NEILL: Your Honor, at this time, I'd move into
2 evidence Government's Exhibit 37.

2 MR. WEHNER: No objection, Your Honor.

2 THE COURT: All right, 37 will be admitted.

1381

1 (Government's Exhibit No. 37 was
2 received in evidence.)

BY MR. O'NEILL:

4 Q. Mr. Nunn, I would refer your attention to the attached
5 agreement.

6 A. The attachment is an agreement on, it's penciled in, South
7 Florida and initialed by Mr. Martinez and myself, and it's signed
8 by both of us, and it's where he's making an application for 200
9 mod rehab units from HUD.

10 Q. Now, Mr. Nunn, what, if anything, did you do as a consultant

allbinders as word for experiment.txt

1 on the South Florida project?

1 A. The same as I did on the other. I worked with Mr. Martinez
1 in whatever capacity that he felt that my services were needed,
1 and that was the extent of it.

1

1

1

1

1

20

2

2

2

2

2

1381

1 Q And what do you recall with respect to the
2 capacities that were needed on South Florida?

3 A The same as Robert Forcum Towers, options on
4 property and when they would be expiring, and if I had
5 any idea what the progress was on his application and I
6 had any idea whether HUD funds were still available, if
7 they would be coming down in any specific time or what
8 the situation was, just in general.

9 Q Do you remember contacting anyone about whether the

10 funds were coming down?

11 A I don't. I thought with your letter that it was on
12 this project, but I might have asked Mr. Mitchell or
13 Mr. Brennan or someone at Global Research to make an
14 inquiry because Mr. Martinez contacted me frequently.

15 Q Now, was Mr. Mitchell involved in this project as
16 well?

17 A Yes, sir, he was involved, in everything that I did
18 with Mr. Martinez.

19 Q What is your recollection as to what John Mitchell
20 did on this specific project?

21 A I don't remember any specific thing other than we
22 may have discussed it there in his office what the
23 progress was on it. I don't have any specific memory
24 unless I asked him to inquire or someone to inquire.

25 Q Mr. Nunn, I would show you Government's Exhibit 39

1382

1 which is already placed in evidence, and to whom is that
2 letter addressed, sir?

3 A That is addressed to Governor Louie B. Nunn, 201
4 West Vine Street. It's with regard to South Florida I,
5 Limited, and it is from Mr. Art Martinez with a copy to
6 Colonel Jack Brennan.

7 Q Do you recall ever taking any action on this
8 letter?

9 A Well, I'll have to read it to refresh my memory and
10 see what, if anything.

11 Q Please do so.

12 A I believe that at this time -- at this particular
13 time General Mitchell may have been out of the country
14 and I -- from reading this and refreshing my memory I
15 think that I probably advised Mr. Martinez to send a

allbinders as word for experiment.txt
16 copy to Brennan so that he could make an inquiry as to
17 whether or not -- when the funds might be coming down.
18 That letter explains that they thought the application
19 was about to clear Dade County. I'm of the opinion that
20 we did make an inquiry to see when the funds would be
21 going down.
22 Q At this time, Mr. Nunn, I would show you what's
23 previously been marked as Government's Exhibit 43 for
24 Identification.
25 THE DEPUTY CLERK: Government's Exhibit 43

1383

1 marked for identification.
2 (Government's Exhibit 43
3 marked for Identification)
4 BY MR. O'NEILL:
5 Q And I would ask you to identify this, please?
6 A Those are copies of telephone calls that came to my
7 office from Mr. Martinez.
8 Q Have you kept those phone calls?
9 A Pardon me?
10 Q Have you kept those -- did you keep those memoranda
11 that reflect phone calls?
12 A Some of them I did and some of them I didn't. I
13 moved my office twice during this period of time, so
14 this is what I had to make available to the Government,
15 and these are calls from Mr. Martinez and one from
16 Jack Brennan.
17 MR. O'NEILL: Your Honor, at this time I'd
18 move it into evidence as Government's Exhibit 43.
19 MR. WEHNER: No objection, Your Honor.
20 THE COURT: All right. No objection to 43.
2 It's admitted.
2 (Government's Exhibit 43
2 received into Evidence)
2 BY MR. O'NEILL:
2 Q Now, Mr. Nunn, did there come a point in time where

1 you learned that South Florida had been funded?
2 A Yes, sir, there was.
3 Q And do you recall how many units of moderate
4 rehabilitation funding went to the South Florida
5 project?
6 A I did then. I don't this morning.
7 Q Did there come a point in time where you requested
8 payment from Mr. Martinez for your services on South
9 Florida?

10 A Yes, yes, I did.
11 Q Mr. Nunn, I would now show you what's been marked
12 as Government's Exhibit 44 for identification.
13 THE DEPUTY CLERK: Government's Exhibit 44
14 marked for identification.
15 (Government's Exhibit 44
16 marked for Identification)
17 MR. O'NEILL:
18 Q And do you recognize that, sir?
19 A Yes, I do. This is a letter from my office signed
20 by me to Art Martinez regarding South Florida I,
2 Limited. It says, "You will find enclosed herewith a
2 bill for services rendered in the amount of \$219,000.

allbinders as word for experiment.txt
2 As per our understanding, \$109,000 of this should be
2 made payable to me by certified or cashiers check being

2 John S. Penn, Escrow Agent." And the bill's attached.

3 MR. O'NEILL: Your Honor, at this time I'd

4 move it into evidence as Government's Exhibit 44.

5 MR. WEHNER: No objection, Your Honor.

6 THE COURT: All right. 44 is admitted.

7 (Government's Exhibit 44

8 received into Evidence)

9 BY MR. O'NEILL:

10 Q Mr. Nunn, as to the South Florida project, did

11 there come a point in time where you entered into a

12 memorandum of understanding with Mr. Martinez?

13 A Yes, I did. I had a memorandum on both of those

14 projects.

15 Q Mr. Nunn, I show you Government's Exhibit 45.

16 THE DEPUTY CLERK: Government's Exhibit 45

17 marked for identification.

18 (Government's Exhibit 45

19 marked for Identification)

20 MR. O'NEILL:

2 Q And I ask if you recognize that, sir?

2 A It's a letter from my office, a Federal Express, to
2 Mr. Art Martinez, and it says, "You will find enclosed
2 herewith our memorandum of understanding as to what my
2 duties and responsibilities are concerning the South

1 Florida I project." Attached to it is a memorandum of
2 understanding as to the things that I was to do. And
3 also a copy of the escrow agreement as to when payment
4 was to be made.

5 MR. O'NEILL: Your Honor, at this time I'd
6 move it into evidence as Government's exhibit 45.

7 MR. WEHNER: No objection, Your Honor.

8 THE COURT: 45 is admitted.

9 (Government's Exhibit 45

10 received into Evidence)

11 BY MR. O'NEILL:

12 Q Mr. Nunn, did there come a point in time where you
13 were paid for your services on South Florida?

14 A Yes, sir.

15 Q How much were you paid?

16 A Whatever the documents showed, \$219,000, if I
17 recall. That was paid over a period of time.

18 Q Let me show you Government's exhibit 53 for
19 identification.

20 A Yes, sir, that's a letter from my office to
2 Mr. Jack Brennan in which it says, "You will find

2 enclosed herewith my check in the amount of \$109,000
2 which constitutes payment for your consulting work in
2 the South Florida I, Limited project. Your cooperation
2 in this matter is deeply appreciated." The check is

1 made payable to Global Research, signed by me, marked
2 consultant fees, South Florida, in the amount of
3 \$109,000.

4 MR. O'NEILL: I move this into evidence, Your
5 Honor, as Government Exhibit 53.

6 MR. WEHNER: No objection, Your Honor.

7 THE COURT: All right. It's admitted.

8 (Government's Exhibit 53

13 THE DEPUTY CLERK: Government's Exhibit 54

14 marked for identification.

15 (Government's Exhibit 54

16 marked for Identification)

17 A Yes, that's a check from Louie B. Nunn, Attorney,

18 in the amount of 109,000 payable to Global Research,

19 Incorporated for services to South Florida.

20 MR. O'NEILL: Your Honor, pursuant to

2 stipulation the Government would enter this into

2 evidence as Government Exhibit 54.

2 MR. WEHNER: No objection, Your Honor.

2 THE COURT: All right, 54 will be admitted.

3 Q To your knowledge, Mr. Nunn, what if anything did

4 Jack Brennan do as a consultant on South Florida?

5 A I don't know exactly what Jack Brennan may have

6 done. Perhaps since there was communications to him he

7 may have made inquiries as to when the funds would be

8 forthcoming and the course they would take. I can't

9 tell you.

10 Q To your knowledge did John Mitchell do anything on

11 the South Florida project?

12 A At this time I can't recall anything specifically

13 that he did. Now, I was in and out of the office and I

14 talked with him and it's quite possible that he may have

15 asked about the progress or something, but I don't

16 recall anything specific that he did except to - I

17 probably went over that agreement that I had with
18 Martinez as to the other chores I was supposed to
19 perform.
20 Q With either the Arama project or the South Florida
2 project, do you recall whether you personally ever

2 contacted anyone at HUD headquarters concerning the
2 funding allocation process?
2 A I don't recall ever contacting anyone in there.
2 Q Now, subsequent to the South Florida project, did

1389

1 you have any contact with the defendant Deborah Gore
2 Dean?
3 A Other than the telephone call that I mentioned
4 which she called me.
5 Q At this time then I'll show you what's previously
6 been marked Government's Exhibit 56 for identification.
7 THE DEPUTY CLERK: Government's Exhibit 56
8 marked for identification.
9 (Government's Exhibit 56
10 marked for Identification)
11 BY MR. O'NEILL:
12 Q And I'd ask you, sir, if you recognize it?
13 A I recognize it as calls that were made to me and
14 recorded by my secretary.
15 MR. O'NEILL: Your Honor, at this time I'd
16 move it into evidence as Government's Exhibit 56.
17 MR. WEHNER: No objection, Your Honor.
18 THE COURT: All right. 56 is admitted.
19 (Government's Exhibit 56
20 received into Evidence)
2 BY MR. O'NEILL:
2 Q Mr. Nunn, do you recall what the purpose of these
2 phone calls was?
2 A Yes. Miss Dean advised that she was seeking an
2 appointment of some type somewhere in HUD that required

1390

1 Senate confirmation and that she wanted to meet with and
2 talk with Senator Proxmire about the - I believe it was
3 Proxmire, it was one Senator, I don't want to be
4 definite on that, to my best judgment this morning,
5 until my memory is refreshed, and he had refused to see
6 her and talk to her and she wanted to know if I knew of
7 anyone that might be able to get her an appointment, so
8 that she could explain her position and so forth.
9 Then she called me back later. I told her at
10 the time I knew of no one. If I did I would let her
11 know. And she called me back, i think, the second time
12 when I told her I hadn't been able to be of any
13 assistance to her.
14 Q Mr. Nunn, I will now show you Government's Exhibit

allbinders as word for experiment.txt

2 Q Do you recognize that, sir?
2 A Yes, that's a letter from – on my letterhead to
2 Mr. Martinez signed by me and it relates to the \$75,000
2 payment to the escrow agent. Attached to it is an
2 authorization for Martinez to sign permitting the escrow

2 MR. O'NEILL: Your Honor, at this time, I

11 THE DEPUTY CLERK: Government's Exhibit 60
12 marked for identification.
13 (Government's Exhibit 60
14 marked for Identification)
15 A Yes, that's a letter on my letterhead dated the 8th
16 of March, 1989 and attached to it is an authorization
17 for payment of additional funds.
18 Q And, finally, Mr. Nunn, I would show you what's
19 previously been marked -- oh, excuse me, Your Honor, I'd
20 move that into evidence as Government's Exhibit 60?
21 THE COURT: All right.
22 MR. WEHNER: No objection, Your Honor.
23 THE COURT: 60 is admitted.

1 BY MR. O'NEILL:
2 Q Mr. Nunn, finally I'll show you what has been
3 marked as Government Exhibit 61, and what is that?
4 A That's May the 11th, 1990, a letter from me to Art
5 Martinez asking for payment for the balance of the
6 escrow funds and agreement to hold him harmless on the
7 escrow payment for any funds that were paid out.
8 MR. O'NEILL: Your Honor, at this time I'd
9 move it into evidence as Government's Exhibit 61.

10 MR. WEHNER: No objection, Your Honor.
11 THE COURT: All right, 61 will be admitted.
12 (Government's Exhibit 61
13 received into Evidence)
14 MR. O'NEILL: Your Honor, that concludes my
15 examination. Thank you.
16 THE COURT: All right. We'll have cross now.
17 MR. WEHNER: Yes, Your Honor. Thank you.
18 MR. WEHNER: Good morning.
19 THE JURORS: Good morning.
20 CROSS-EXAMINATION
21 BY MR. WEHNER:
22 Q Good morning. Governor. I'll ask you a few quick
23 questions, Governor, if I could?
24 A Speak loudly if you would, please.
25 Q Yes, sir. A few quick questions regarding your

1393

1 direct examination. Did you agree or did you enter into
2 an agreement with Art Martinez to receive hundreds of
3 thousands of dollars if you got him Mod Rehab units?

4 A No, I -- it was contingent -- my payment was
5 contingent upon the projects being completed and going
6 through to closing.

7 Q But did you enter into an agreement with Martinez
8 to get Mod Rehab units?

9 A No, not to get Mod Rehab units. To assist in

10 seeing if they came down and through the channel, which
11 is what my understanding with Mr. Martinez was to be,
12 and assist in any way that I could.

13 Q To your knowledge, did you ask Mitchell to help you
14 try to get Mod Rehab units?

15 A I have no memory whatsoever of asking John Mitchell
16 to ask anyone. The role that I thought John Mitchell
17 was to play was to find out when the funds would be
18 available, if they were available, and when they would
19 be coming down to meet the schedule that Mr. Martinez
20 had said on his options, and to see that they got
2 through and didn't get delayed in the Jacksonville
2 office.

2 Q To your knowledge, did John Mitchell go to see
2 Miss Dean about the Mod Rehab units?

2 A I have no awareness of it.

1394

1 Q Now, you had done a number of projects with HUD in

2 the past, isn't that correct? You had dealings with HUD

3 in the past, is that correct?

4 A I had dealings with HUD in the past through the

5 Moore Land Company.

6 Q The Moore Land Company?

7 A That was one of them.

8 Q And you had had dealings with HUD Central in the

9 past, had you not? Washington HUD?

10 A Yes, I had been there.

11 Q And you had had dealings with John Mitchell in the
12 past?

13 A Yes.

14 Q And you had had dealings with both John Mitchell
15 and HUD in the same circumstance, isn't that correct?

allbinders as word for experiment.txt
16 A I don't understand what you're saying.
17 Q I'll try to rephrase it. You had dealt with
18 John Mitchell and HUD on projects before Arama?
19 A I dealt indirectly with HUD before I ever talked
20 with John Mitchell or with Martinez.
2 Q All right, and had you ever dealt with

2 John Mitchell and HUD on a HUD related project?
2 A No, never. The only connection I had with
2 John Mitchell were these projects that have been
2 introduced this morning. That's the only ones except

1395

1 one other with the Moore Land Company.

2 Q Do you recall that John Mitchell set up a meeting

3 for you with an individual at HUD regarding the Moore

4 Land Company?

5 A I think that John Mitchell set that meeting up.

6 Q And isn't it true that that meeting was with

7 Lance Wilson?

8 A Yes, I met with Lance Wilson.

9 Q Now, do you have any recollection as to who

10 John Mitchell was dealing with at HUD?

11 A I have no --

12 Q Excuse me. Will you let me finish the question,
13 Governor? Was dealing with at HUD regarding the Mod

14 Rehab units for Arama?

15 A I do not.

16 Q Okay. I'm going to show you what's been marked for
17 identification as Dean Exhibit 23, and ask you if
18 looking at that document refreshes your recollection as
19 to who John Mitchell was dealing with at HUD with regard
20 to the 300 Arama units?

2 A Well, all I can say on this is from -- it's for

2 Mr. M., and it's from a Lance Wilson and it has 7556517
2 on it with an X and it says 300 units processed and
2 kept - I can't tell what the word is, cleared or close,
2 talking to, it looks like Barksdale.

1396

1 Q And who was the message from?

2 A It's just what it says, all I know is what it says

3 on it.

4 Q Lance Wilson.

5 A It speaks for itself. It says it's from Lance

6 Wilson, just as I read it.

7 Q Does that refresh your recollection as to who

8 John Mitchell was dealing with visavis the 300 Arama

9 units at HUD?

10 A I have no knowledge then, I have no knowledge now
11 of John Mitchell talking with anyone concerning the work
12 that was done with Martinez except making inquiries,
13 about which I've already testified.

14 Q So he was silent to you as to whether he had any
15 conversations with Deborah Gore Dean, is that correct?

16 A He was silent as far as anyone he talked with at
17 HUD except on a - one occasion where I met with
18 Lance Wilson and I forgot that until I saw a letter
19 pertaining to it.

20 Q And on the one occasion you met with Lance Wilson,
2 approximately when was that?

2 A I don't remember the year or the date. I remember
2 the name of the project. It was a project in Lexington,
2 Kentucky with Moore Land Company and it had been there
2 for sometime and it was a good project and I brought it

1397

1 to HUD for someone that had the authority to make a
2 decision on it because time was running out, and as I
3 understood it, I didn't work directly. I was a partner
4 in the Moore Land Company, but I was a limited partner,
5 which meant that I didn't participate in the decision
6 making things. I provided other services. To determine
7 if there were funds for that project.

8 Q And you dealt with Mr. Wilson on that project?

9 A Pardon me?

10 Q You dealt with Mr. Wilson on that project?

11 A As best I recall, it was Mr. Wilson. It was
12 someone there I didn't -- at the time I knew who it was
13 but - and I think it was Mr. Wilson.

allbinders as word for experiment.txt
14 Q I'll show you what I've marked for identification
15 as Dean Exhibit number 133?
16 THE DEPUTY CLERK: Dean Exhibit 133 marked for
17 identification.
18 (Defendant's Exhibit 133
19 marked for Identification)
20 BY MR. WEHNER:
2 Q And ask you if that refreshes your recollection as
2 to whether Mr. Mitchell was involved with you on that
2 project with Lance Wilson?
2 A It says Global Research.
2 Q Read the document to yourself, Governor.

1398

1 A It says Mr. William -2
Q No, sir, read it to yourself, please.
3 A Okay.
4 Yes, sir, I've read it.
5 Q Now, it is in fact true that John Mitchell was
6 involved with you on the William Moore project with
7 Lance Wilson, isn't that correct?
8 A As far as I know, John Mitchell made the appointment
9 at HUD for me to go see him. Now, I can't remember the
10 specifics but I know that I -- it was in a hurry and
11 Mr. Moore had the project and he thought it might be
12 possible for it to be funded and he asked me if I would
13 go to HUD and I did go to HUD and I met with maybe two
14 or three different people there and I ended up, in my
15 best memory, with Mr. Lance Wilson who approved the
16 project that day because time was running out on the
17 application.
18 Q And do you recall that Lance Wilson used to work
19 for Mr. Mitchell's law firm?
20 A I have been told that. I don't know that for a
2 fact. I assume it is.
2 Q Now, regarding Miss Dean -- could I have Exhibits
2 28, 29, 30, please? And I believe these have been
2 introduced, 28 and 29?
2 THE COURT: 29 is.

1399

1 BY MR. WEHNER:

2 Q I'll put on the screen Government's Exhibit 29

3 which has been introduced. And ask you to take a look

4 at that on the monitor, please, Governor. Actually I

5 think I'll bring you another copy and let you read

6 that. It might be of assistance.

7 Governor, this may help you.

8 For the record it's a xerox of the document

9 that's on the screen which is Government's Exhibit 29.

10 Have you read it, Governor?

11 A Yes, sir, I have.

12 Q The first paragraph of that letter says, "There has
13 been read to me from my Washington office a letter
14 signed by the Assistant Secretary of HUD," is that
15 correct?

16 A That's what it says.

17 Q Now, Miss Dean was not the Assistant Secretary of
18 HUD at that point, was she?

19 A I don't know what her title was over there.

20 Q Now, Lance Wilson was Executive Assistant to the
2 Secretary of HUD at that time, wasn't he?

2 A I didn't know either of their titles. I just knew
2 they were at HUD and I --

2 Q The letter says, "There has been read to me from my
2 Washington office a letter signed by the Assistant

1400

1 Secretary of HUD." Do you have a recollection as to who
2 told you or who read the letter to you?

3 A I have no idea.

4 Q Do you know whether it was Miss Dean?

5 A I know it wasn't Miss Dean.

6 Q Do you know whether it was John Mitchell?

7 A No, it wasn't John Mitchell.

8 Q Do you recall whether it was an employee of HUD?

9 A I don't --

don't remember who read the letter. I

10 could only give you possibilities or speculations, but
11 that's the best I can do.

12 Q Just your best recollection, that's what we deal
13 in.

14 A There were two other men working there with me on
15 the telephone business at Mitchell's office most of the
16 time. And it would only be an assumption or a
17 calculated guess that when there was a letter there to
18 me that I asked them to open it and read it to me,
19 wherever I happened to be, so I'd know what the contents
20 of it was, and that's purely a speculation.

2 Q And those individuals told you that they had a
2 letter signed by the Assistant Secretary of HUD.

2 A My best memory is that it was read to me. I

2 don't -- that's all I can remember. I got enough
2 information that I called my office and had this letter

1401

1 dictated to Art Martinez because he was very anxious
2 about some office options at that time.

3 Q Based on your experience in the William Moore
4 project in which John Mitchell introduced you to or made
5 an appointment for you with Mr. Wilson, was that one of

allbinders as word for experiment.txt
6 the reasons that you concluded that Mr. Mitchell might
7 be helpful to you in dealing with Mr. Martinez?
8 A No, I don't know that I had any basis for
9 concluding that because he did that, no.

10 Q Did it lead you to believe that he was -- that he
11 knew people at HUD?
12 A Well, I knew that he knew people at HUD. I knew
13 that he knew people out of Washington.
14 Q And you knew that he knew Mr. Wilson.
15 A I knew -- yes, I knew that he knew Mr. Wilson and
16 Mr. Pierce and Miss Dean and a lot of other people over
17 there, I assume, because I heard him call her name for
18 time to time.
19 MR. WEHNER: Nothing further.
20 THE COURT: All right.
21 THE COURT: Do you have some redirect?
22 MR. O'NEILL: Yes, Your Honor, just briefly.
23 REDIRECT EXAMINATION
24 BY MR. O'NEILL:
25 Q Mr. Nunn, I would show you Government's Exhibit 27?

1402

1 A Yes, sir.
2 Q That's already in evidence.
3 Sir, you were asked on cross-examination
4 whether you knew who Mr. Mitchell was dealing with at
5 HUD on the Arama project and you stated you didn't
6 know. Does that refresh your recollection as to who he
7 was dealing with?
8 A Yes, yes. I thought I told you that earlier that
9 he was making calls there, or I asked him to. I don't
10 know whether he did or not. But in any event this
11 letter came confirming -- saying that he made a call.
12 That's my best information.
13 Q What is the date on that letter?
14 A The date of that letter is July the 5th, 1984.
15 Q And who is it from?
16 A I don't know who it's from. It has Deborah Gore
17 Dean's name typed down on the bottom, and then there's a
18 couple of slashes with an S in the middle, so I don't
19 know who that's from. I think that's the letter that
20 was read to me.
21 Q And then Mr. Wehner showed you Government's Exhibit
22 29 already in evidence. What is the date on that
23 letter, sir?
24 A That's July the 6th, 1984.
25 Q Do you have any knowledge as to what Lance Wilson's

1403

1 position was at the Department of HUD?
2 A Nothing more maybe than what I've read in the paper
3 at the time, and I don't even remember that.
4 Q Do you have any knowledge as to what Deborah Dean's
5 position was at HUD?
6 A No, I really didn't know what title she bore there.
7 Q To your knowledge, did Deborah Dean succeed
8 Lance Wilson in the same position at HUD?

allbinders as word for experiment.txt
9 A I don't know that she did. I thought she was
10 trying to get confirmation for something, but I really
11 don't know what - what she did there.
12 MR. O'NEILL: I have no further questions,
13 thank you.
14 THE COURT: Anything else?
15 MR. WEHNER: Yes, sir.
16 THE COURT: Very briefly.
17 RE-CROSS EXAMINATION
18 BY MR. WEHNER:
19 Q Will you look briefly, quickly, Governor, at
20 Exhibits 27 and 29?
2 A Yes, sir, what about them?
2 Q Government's Exhibit 29 is a letter to Art Martinez
2 from you that you had dictated over the phone, is that
2 correct? Dictated to your secretary?
2 A I dictated that letter to my secretary.

1404

1 Q And the date on that is July 6th?
2 A July the 6th.
3 Q And on July 5th, 1984 the Government has introduced
4 an Exhibit 27.
5 A Right.
6 Q Showing a letter to you at Global Research.
7 A Yes.
8 Q Do you believe that it's possible that a letter
9 sent to Global Research on July 5th could have been read
10 to you on July 6th?
11 A I don't know. I wouldn't have - know
how I would
12 have gotten information otherwise now. I can't tell you
13 any more than -- than my best memory is that somebody
14 read the letter to me and I was somewhere and called my
15 secretary to write a letter to Mr. Martinez and tell him
16 the information had been furnished to me.
17 Q Looking at those two letters, you cannot say today
18 that one letter is what prompted the other, can you?
19 A No, I don't know what prompted anything except what
20 the letters say on their face. That's what I was acting
2 on.
2 Q And it's entirely possible, is it not -2
MR. O'NEILL: Objection, Your Honor.
2 THE COURT: All right, I'll sustain it as to a
2 possibility.

1405

1 MR. WEHNER: Nothing further.
2 THE COURT: All right. Thank you, sir.
3 That's it?
4 All right, thank you, sir. You can step
5 down. You're free to go.

6 THE WITNESS: Thank you, sir.

7 Your Honor, may I be finally excused?

8 THE COURT: Yes, you're excused.

9 THE WITNESS: Thank you.

10 THE COURT: All right. That's all we've got
11 for today, right?

12 MR. O'NEILL: Yes, Your Honor.

13 THE COURT: All right.

14 Ladies and gentlemen, the jury is going to be
15 recessed today because the trial, as I mentioned
16 yesterday, would conclude now for today. I have another
17 lengthy hearing this afternoon in another case. So
18 you're going to get a chance to take care of yourselves
19 over the weekend and get over your colds and hopefully
20 feel better and ready to go.

2 We'll be back in at 9:30 on Monday morning. I

2 want you to take care of yourselves and be refreshed

2 after a nice weekend.

2 Remember the admonitions, particularly over a

2 weekend, do not get caught up in talking about the case

1406

1 with each other if you ride home together or see each

2 other or with your friends or family over the weekend.

3 If it's carried in the newspapers, television, or

4 broadcasted or something, or a radio commentary on it,

5 or a newspaper would write about it, please don't

6 listen, read or watch anything about it whatsoever.

7 Everything that you learn about this case has to be

8 learned in this Courtroom and not outside the

9 Courtroom.

10 So, have a good weekend and be ready to come

11 back at 9:30 Monday morning.

12 Thank you.
13 THE JURORS: Thank you.
14 (Jury dismissed)
15 THE COURT: All right, you're organizing for
16 Monday then the materials to give to the defendant and
17 we'll be set to go Monday morning at 9:30. It should be
18 a regular week next week until Friday.
19 MR. WEHNER: Do you have a sense whether
20 you're going to be sitting a half a day on Friday,
2 Judge?

2 THE COURT: I'm trying to change something
2 that's been set for Friday afternoon. But it's a major
2 class action case and I have to try to see if I can call
2 everybody.

1407

1 MR. WEHNER: I was just trying to find out
2 because I have to schedule something on Friday if we're
3 going to be out all day.

4 THE COURT: All right, I've looked at that
5 matter, it's the La Shawn foster care case that we've
6 had set for sometime, plus I have an R Street Crew
7 sentencing which is scheduled for a couple of hours.
8 I'm going to have to not sit Friday in this case next
9 week. That's the fourth week of trial. You all may be
10 ready for a day out of Court anyway, but I'll not be
11 able to sit then until I get this other stuff done and
12 get some things done. So we'll take off Friday in this
13 trial, October 1st. So we'll sit four days next week in
14 this case and I'll do my other work on Friday.
15 Does it help you with your planning?
16 MR. O'NEILL: You don't hear any objections,
17 Your Honor.
18 MR. WEHNER: Squeals of joy.
19 THE COURT: All right. Have a good weekend.
20 (Proceedings recessed at 11:45 a.m. to resume September
2 27, 19 9 3 at 9:30 a.m.)

1 PROCEEDING S
2 (In chambers)
3 MS. SWEENEY: Good morning, Judge.
4 THE COURT: Good morning.
5 MR. WEHNER: Good morning, Judge.
6 MR. O'NEILL: Good morning, Your Honor.
7 THE DEFENDANT: Good morning, Your Honor.
8 THE COURT: All right.
9 Let me put this on the record. This is the
10 case of United States versus Dean.
11 We've had a request for an on-the-record
12 conference in chambers by Mr. Wehner.
13 MR. WEHNER: Yes, Your Honor, the purpose of
14 my request to see Your Honor in chambers on the record
15 was to request -I'll
16 give you some background. I've
17 been told by Mr. O'Neill this morning that Lou Kitchin
18 is their first witness, and if Your Honor recalls, as to
19 count three Mr. Kitchin is the individual who is alleged
20 to have had the financial transaction with Miss Dean.
21 THE COURT: The \$4000 loan.
22 MR. WEHNER: Yes, sir, and he's a critical
23 witness to us. I am not prepared to cross-examine
24 Mr. Kitchin this morning. For two reasons. One, I
25 received this Giglio Friday evening and have had the
26 chance to read it but have not had the chance to

1411

1 investigate it and, among other things, it appears that
2 Mr. Kitchin was in a rehab facility of some kind in
3 1992. He apparently has a history, according to the
4 Giglio, of soliciting large amounts of money from
5 developers and a history even of attempting to bribe
6 prosecutors in various cases that he may be involved in
7 criminally, and I need some additional time before I can
8 do my cross properly of Mr. Kitchin.
9 I frankly didn't think he was going to testify

10 until tomorrow. I do note that Mr. O'Neill was not
11 specific in terms of when he -- whether Mr. Kitchin was
12 going to testify today or tomorrow. I got the
13 impression it was going to be tomorrow, but I'm not
14 accusing Mr. O'Neill of misleading me because it was a
15 fair impression he could have been to on today.
16 But given the history of the case, Judge, this
17 is the first time I've ask for any consideration in
18 terms of scheduling and I would ask the Court to frankly
19 cut us a break as far as Mr. Kitchin's cross.
20 THE COURT: well, is he going to take all
21 morning or not?
22 MR. O'NEILL: I would imagine direct would
23 take about 45 minutes.
24 THE COURT: That's all? Do you have other
25 people behind him here?

1412

1 MR. O'NEILL: We have one other witness here.
2 I don't think there's any legal impediment of
3 flipflopping the two in terms of, you know, trying to
4 connect any statements or anything
5 MS. SWEENEY: well, we will withdraw the
6 objection that it's a co-conspirator statement, if we
7 put the second one on first.
8 THE COURT: It's somebody connected with
9 Kitchin's testimony that you want to put on.
10 MS. SWEENEY: Yes.
11 THE COURT: what timeframe, Mr. Wehner, are
12 you talking about? You just want to have his direct and
13 the other witness today and take an early recess and go
14 with his cross tomorrow? what are we looking at here?
15 MR. WEHNER: Yes, Your Honor.
16 THE COURT: And I don't know what -- we'll
17 have to find out what you find is relevant or not on
18 your research.
19 Does it make sense for the Government at all
20 to proceed with these two witnesses without cross of
21 Mr. Kitchin today in the sense of understanding the case
22 for the jury?
23 MR. O'NEILL: I don't see it, Judge. The
24 other problem is we'll break really early then today
25 because most of the day, I would have presumed, would

1413

1 have been taken up with cross of Kitchin.

2 THE COURT: And then you'd get into it
3 tomorrow. You'll put your other witnesses back a day,
4 if tomorrow takes half a day with Mr. Kitchin on cross.
5 MR. WEHNER: The other thing that I feel like
6 I need to bring to the Court's attention regarding
7 Mr. Kitchin is I've been through his grand jury and all
8 of his Jencks obviously, and I'm not sure what he's
9 going to say on direct and I'm not sure if Mr. O'Neill
10 knows what he's going to say on direct. He is all over
11 the block in terms of his testimony. Is that fair,

12 Bob?

13 MR. O'NEILL: He has a great wealth of prior

14 inconsistent statements.

15 MR. WEHNER: And it may be, but I doubt it,
16 that the cross would be very brief. I doubt it.

17 THE COURT: Depending on what he says.

18 MR. WEHNER: Exactly.

19 MR. O'NEILL: The problem with that, it
20 probably won't be, Judge, simply because as he testified
2 in the grand jury we could probably get on the record,

2 and Steve will know that, what we can. So Steve, I will
2 think, will be crossing him for a long time. That would
2 be my best guess.

2 MR. WEHNER: That's a fair statement except

1414

1 the grand jury was well done in terms of being leading.

2 It was well done from the prosecutive standpoint. They

3 got all the words into the question and he said yes.

4 So -

5 THE COURT: well, I'm not opposing the

allbinders as word for experiment.txt

6 defendant having an opportunity to look at these

7 materials for a half a day or something and put them in

8 some organized fashion and make some quick investigation

9 if there's anything to be gained from whatever problems

10 Mr. Kitchin's had as to his credibility, or

11 investigating any bribes or any deal that they didn't

12 know before. I just don't want to mess the case up,

13 since we're going along fairly smoothly. Friday we're

14 probably going to be off on that case and we're going to

15 lose that and then we'll get on Columbus Day and lose at

16 least a day. I haven't looked at the calendar for

17 Columbus Day.

18 MR. O'NEILL: It's the following Monday.

19 MS. SWEENEY: It's fairly close to the 12th

20 this year, it's either the 11th or the 12th.

2 THE COURT: The 11th is Columbus Day.

2 MR. O'NEILL: Judge, since you're thinking

2 schedule, I was talking with Steve outside the Court

2 today, other than this issue I was thinking --

2 Miss Sweeney and myself were trying to figure it out, I

1 think the Government

2 of this week.

3 THE COURT:

4 MR. O'NEILL

5 THE COURT:

6 several counts? How

7 MR. O'NEILL

8 of count three.

9 THE COURT:

1415

would be resting around Wednesday

of this week?

: Yes.

what are you doing with the last

are they being proved?

: Mr. Kitchin forms a great deal

I'm talking about the perjury and

10 the cover-up charges.

11 MR. O'NEILL : Those witnesses are testifying

12 tomorrow.

13 THE COURT: They would be -- they're fairly

14 short obviously then. They'd just come in to say they

15 heard what it was, the question was, the answer was.

16 MR. O'NEILL : That's correct, Judge.

17 THE COURT: who do you call, the crew, the set

18 of staffers? >

allbinders as word for experiment.txt

19 MR. O'NEILL : Right, to put on the record that
20 the statements were made.
2 MS. SWEENEY: That the Committee had
2 jurisdiction. Miss Dean was sworn and the Committee had
2 authority to swear.
2 THE COURT: Is this videotaped testimony?
2 MS. SWEENEY : If there is. Your Honor, we

1416

1 don't have it and I don't believe that there is. I'm
2 not aware.
3 MR. WEHNER: We've been unable to locate a
4 videotape.
5 THE COURT: In the Clair George case it was
6 videotaped.
7 MR. WEHNER: There's an audiotape, Judge.
8 MS. SWEENEY: I think this was perhaps before
9 videotaping became routine. It may have been just on
10 the cusp.
11 THE COURT: well, you don't have any problem
12 with your witnesses if they get delayed by a half a day
13 or so? We'll give him a break this afternoon.
14 MR. O'NEILL: No, Judge.
15 THE COURT: Are the witnesses scheduled for
16 this afternoon?
17 MS. SWEENEY: We have one other witness
18 scheduled for this afternoon but she's not a problem in
19 terms of putting her on tomorrow.
20 MR. O'NEILL: I guess the problem just from
2 your point of view. Judge, is if Mr. Kitchin does the
2 direct and comes back for cross, say, tomorrow morning
2 we could take one other witness this morning and we have
2 another witness not coming in until this afternoon.
2 THE COURT: Could you still use this other

1417

1 witness this afternoon and could end, without
2 Mr. Kitchin's cross?
3 MR. O'NEILL: Yes, I believe so, and that
4 witness will be really short.
5 THE COURT: You couldn't get him here before
6 lunch.
7 MR. O'NEILL: I don't think he'll be here.
8 THE COURT: Mr. Kitchin, I assume, takes an
9 hour and then your next witness 30 minutes or whatever.
10 That will probably take us through lunch and we'll
11 break, an early lunch. What time is your witness this
12 afternoon?
13 MS. SWEENEY: The other - we had two
14 witnesses scheduled possibly for this afternoon. One of
15 them probably does not make sense to call until
16 Mr. Kitchin's been crossed, and the other one might be
17 very brief. He's not here yet. So I think, Your Honor,
18 if we were to break it might be that we wouldn't get to
19 the other two witnesses before lunch and it might not
20 make sense to -
2 THE COURT: Wait and come back to them? Take
2 them tomorrow you mean?
2 MS. SWEENEY: Yes.
2 MR. WEHNER: Judge, I'd ask that we take 24
2 hours and start tomorrow.

1418

1 THE COURT: You don't do Kitchin at all today.
2 MR. WEHNER: Yes, sir, yes, sir. I'm
3 concerned that if his direct testimony comes up poorly
4 for Miss Dean that's sitting without any
5 cross-examination for 24 hours.
6 THE COURT: I expect the testimony is going to
7 come up poorly unless he doesn't agree with what the
8 prosecution thinks.
9 MR. WEHNER: Mr. O'Neill and I have exchanged
10 several interesting jokes about Mr. Kitchin, Your
11 Honor. He's that kind of witness.
12 THE COURT: well, I think he's here and we
13 should go ahead with that. I can caution a jury if
14 necessary, but I'll give you a chance to start with him
15 tomorrow and I'll hold the prosecution up for the rest
16 of the afternoon just to give you the afternoon off. I
17 think if the Government rests Wednesday afternoon or
18 however it works out, Thursday morning, we'd have to
19 alert the jurors a little bit because there would be
20 some arguments to take up that may take a little longer
2 as well. So the jury may have a quick week.
2 MR. O'NEILL: Judge, then do you think we
2 should take -
2 THE COURT: what makes more sense? You're the
2 prosecution.

1419

1 MR. O'NEILL: I know.
2 THE COURT: would you rather take the day off
3 totally and start off tomorrow? I don't know how that
4 backs up all your witnesses in the case.
5 MR. O'NEILL: From a perspective it makes more
6 sense to break for the whole day because - or to just
7 take his direct for 45 minutes. Either way everything
8 else is -- would take it out of what we planned, just
9 not that it's a great master plan, Judge. It's the way
10 we have set the witnesses up.
11 THE COURT: You're saying it would be better
12 if you have Mr. Kitchin on and off in the same timeframe
13 as opposed to breaking the testimony.
14 MR. WEHNER: Yes, sir.
15 THE COURT: Is he going to testify about the
16 third conspiracy and the loan?
17 MR. O'NEILL: Yes.
18 MS. SWEENEY: Yes.
19 THE COURT: Okay. You've got inconsistent
20 statements, you're saying, whatever he said to various
2 representatives of the Government and some perhaps
2 Giglio type materials on reliability that you want to
2 get.
2 MR. WEHNER: Yes, sir, as well as -2
THE DEFENDANT: A number of exhibits.

1420

1 MR. WEHNER: As well as, we believe, we'll be

allbinders as word for experiment.txt
2 able to establish on cross through refreshment of

3 recollection his considerable contacts with others at

4 HUD, including Housing Commissioners, on the same

5 projects and other projects that Miss Dean is alleged to

6 have been involved in, and some of this is documentary

7 cross, telephone logs, for example, that we're not

8 prepared yet because we were having them charted in

9 terms of Demery telephone calls to Kitchin and back, and

10 Kitchin telephone calls to Chris Oliver, who was

11 Demery's assistant. Things of that nature that we don't

12 have - that are at the printers.

13 THE COURT: You all are not calling

14 Mr. Demery?

15 MR. O'NEILL: Yes, sir.

16 THE COURT: You are calling him.

17 MR. O'NEILL: Yes, in some of the statements

18 that clearly the defense could make argument that he's

19 dealing with Tom Demery rather than the defendant in

20 this case, and so that's where a lot of phone calls were

2 made, that's what Steve is referring to. We expected

2 Demery to testify wednesday. Now it probably would be

2 Thursday, Judge.

2 THE COURT: All right.

2 Let me make a call to the Courtroom Deputy for

1421

1 a minute.

2 All right. They're all here. All the jurors

3 are here but alternate two was ill on Friday, I guess,

4 and is still ill, she says, although she came but she's

5 not feeling good at all. I'll put it over then. I'll

6 do that for you.

7 MR. WEHNER: Thank you, Your Honor.

8 THE COURT: And as long as the Government

9 doesn't lose any witnesses or has any trouble with your

10 witnesses. I don't want you to lose Mr. Kitchin for

11 today. Where does he reside these days?

12 MR. O'NEILL: I believe Atlanta, Judge.

13 THE COURT: But he's up here.

14 MR. O'NEILL: Yes, we can tell him he has to

15 stay

16 THE COURT: I'll tell him. I don't want him

17 to disappear in the night.

18 I'll grant the defendant a one-day continuance

19 to organize these next group of witnesses, but that

allbinders as word for experiment.txt
20 should get you organized for the next few days so the
2 Government can complete its case. All right?
2 THE DEFENDANT: Thank you.
2 THE COURT: All right. I'll go in and put it
2 on the record. I'll explain to the jury that there are
2 witness considerations.

1422

1 MR. O'NEILL: I would ask you to not do that,

2 Judge.

3 THE COURT: Do you think they may blame it on

4 you for not having your witnesses here?

5 MR. O'NEILL: Right.

6 THE COURT: I'll tell them that I feel it's

7 best to have an extension for one day.

8 THE DEFENDANT: Thank you, Your Honor.

9 MR. O'NEILL: Thank you.

10 MR. WEHNER: Thank you, Judge.

11 (In Courtroom)

12 THE COURT: All right. For the record, we had
13 a conference in chambers on the record and at the
14 request of the defendant's counsel because he needs to
15 prepare after being supplied recent materials for the
16 next witnesses, I'm extending -- I'm postponing the
17 trial for today only in an effort to have us be able to
18 move swiftly without a lot of interruptions in the next
19 few days. So I will grant the defendant's request for a
20 one-day postponement so that they can be prepared to go
2 forward tomorrow.

2 I'll just explain to the jury so that the
2 trial can move more swiftly and efficiently I've decided
2 I'm going to postpone the trial today and let them go.
2 Okay. You can bring in the jury.

1423

1 THE DEPUTY MARSHAL: Yes, sir.

2 Ladies and gentlemen, take your seats in the
3 jury box.
4 (Jury present)
5 THE COURT: Ladies and gentlemen, good
6 morning.
7 THE JURORS: Good morning.
8 THE COURT: Ladies and gentlemen, I have
9 decided now, and I'll tell you this, that we'll not be

10 sitting today. You all have come in and are all ready
11 to go work again, but so that the case could move a
12 little more efficiently and without delays I have
13 informed counsel, so that work can be done getting
14 everything organized that should be in this case, that
15 we'll not be sitting today. We're going to sit tomorrow
16 and until Thursday fulltime on the case. And we will
17 not be sitting Friday. I believe Friday is the day I
18 have a big hearing. We'll not be sitting Friday this
19 week. I have a hearing involving lots of witnesses and
20 people in another case. But it will give everybody a
2 chance to get things organized and go forward a little

2 bit better tomorrow than we could today.
2 So I've talked to counsel about it and we're
2 not going to sit it today. You'll get credit for being
2 here today. It doesn't count against you or anything.

1424

1 But you simply have a surprise this morning after coming
2 in on Monday morning and have a chance to do other
3 things for awhile. You've been with us for awhile. You
4 may need the time. But we'll be back tomorrow at 9:30
5 and will be ready to proceed with the case at that
6 time.

7 Also I know one member of the jury still isn't

8 feeling too well and we'll give her a chance to recover

9 and to stay with us.

10 So we'll be back tomorrow at 9:30. Again, you
11 aren't to read or watch or listen to anybody about this
12 case or discuss it with anyone or among yourselves.

13 I appreciate you're coming in. I know it's
14 always an inconvenience to come in but I deemed it best
15 that we do it this way and I think it will work best as
16 the trial goes forward.

17 So we'll let you all off for the day. I know
18 you're disappointed.

19 (Jury dismissed)

20 THE COURT: Is Mr. Kitchin here?

2 MR. O'NEILL: Your Honor, I conveyed the

2 message to him. I don't think --

2 THE COURT: You're satisfied?

2 MR. O'NEILL: Yes, Judge, I don't think

2 there's a need for him to come in.

1425

1 THE COURT: All right.

2 We'll be back tomorrow morning at 9:30.

3 All right, Mr. Wehner, we'll be back and ready
4 to go

5 MR. WEHNER: Thank you, Your Honor

PROCEEDING S

2 (Defendant present, Jury out.)
3 MR. WEHNER: Good morning, Your Honor.
4 THE COURT: Good morning.
5 THE CLERK: Criminal No. 92-181, United States of
6 America v. Deborah Gore Dean. We have Robert O'Neill and Paula
7 Sweeney for the government, Stephen Wehner for Ms. Dean.
8 THE COURT: All right. Ready to go?
9 MR. O'NEILL: Yes, Your Honor.
10 MR. WEHNER: Yes, sir.
11 THE COURT: All right. Bring the jury in, please.
12 (Jury in.)
13 THE COURT: All right, Ladies and Gentlemen, good
14 morning again.
15 THE JURORS: Good morning.
16 THE COURT: That's all we did yesterday, but we are
17 ready to go today, and the government will proceed with their
18 next witness at this time.
19 I expect we'll have a full day today. I have a 4:30
20 executive session of the Court. That means the judges meet
21 together to talk over business once a month. So we'll be
22 recessing shortly before 4:30 today. Otherwise, we're here.
23 I made a misstatement yesterday. I think I said Friday
24 we may not be sitting. We'll be sitting Friday morning if the
25 witnesses are available. I misinformed counsel of that. It's

1429

1 Friday next week that I have to have a hearing all day. So we'll
2 be sitting Friday morning in this case.
3 All right, we'll go ahead now with the first witness of

4 the day, please.

5 MR. O'NEILL: Thank you, Your Honor. The government
6 would call Louis Kitchin.

LOUIS KITCHIN, GOVERNMENT'S WITNESS, SWORN

DIRECT EXAMINATION

BY MR. O'NEILL:

10 Q. Mr. Kitchin, I will be asking you a series of questions.

11 I'd ask you to state -- speak, unlike myself, in a loud and clear
12 voice so that everyone can hear you. Will you please state your
13 name for the record, spelling your last name for the court
14 reporter?

15 A. Louis Kitchin, K-i-t-c-h-i-n.

16 Q. And for the record, Mr. Kitchin, are you testifying today
17 pursuant to an order of immunity?

18 A. I am.

19 Q. Now, Mr. Kitchin, what has been your primary occupation
20 throughout the course of your adult life?

2 A. I've been a political consultant for, since 1966 or -7,
2 working in the election of different candidates for office.

2 Q. When you say a political consultant, what does a political
2 consultant do?

2 A. A political consultant plans a campaign and manages it on a

1430

1 basis, on a track that is laid out by that consultant. The
2 consultant may or may not help raise funds or buy media, or just
3 generally in charge of an election.

4 Q. Have you been involved in any specific or particular
5 campaigns?

6 A. Yes.

7 Q. And can you relate to the Ladies and Gentlemen of the Jury
8 some of the campaigns you've been involved in?

9 A. Well, the first campaign I was ever involved in in 1966 was

10 a candidate for Congress from Atlanta, Georgia. From then on, I
11 ran Congressional campaigns, senatorial campaigns, campaigns for
12 governor, and eventually where it was involved in presidential
13 elections.

14 Q. Mr. Kitchin, did there come a point in time when you
15 approached the United States Department of Housing and Urban
16 Development about obtaining mod rehab units for the City of
17 Atlanta?

18 A. Yes, there was.

19 Q. And when did that occur, sir?

20 A. In 1986, -5, -6.

21 Q. Okay. Let me show you a document -- if I may approach the
22 witness, Your Honor?

23 THE COURT: All right.

24 BY MR. O'NEILL:

25 Q. Sir, this is not in evidence, so you cannot read it out loud

1431

1 to the jury. Please just read lines 15 to 20 -- through 19 to
2 yourself.

3 And I'd ask you, sir, does that refresh your
4 recollection as to when you went to the department?

5 A. Yes, sir. I'm sure that's correct.

6 Q. Okay. And when did you go there?

7 A. In '86, April of '86.

8 Q. Who did you approach at the Department of Housing and Urban
9 Development concerning the Mod Rehab Program?

10 A. Well, I approached a number of people at the department to,
11 to learn more about the, the program, specifically, Deborah Dean
12 and others.

13 Q. When you were seeking mod rehab units specifically for the
14 City of Atlanta, who did you approach?

15 A. Deborah Dean certainly, maybe others. I'm not positive
16 about that.

17 Q. Now did you know the defendant, Deborah Gore Dean, at this
18 time?

19 A. I had known Deborah, who Deborah was for a number of years
20 through just politics in this area. I knew her, began to know
2 her better in this time, yes, or more.

2 Q. Do you recall when you first met the defendant, Deborah Gore
2 Dean?

2 A. First met her?

2 Q. Yes.

1432

A. No, I don't.

2 Q. Okay. Let me again show you a document, page 6. Again, it
3 is not in evidence, so you cannot read out loud. And I'd ask you
4 to just look through that, and does that refresh your
5 recollection?

6 A. Well, I met her during the period of the presidential
7 campaigns, in which 1980's specifically she was involved. I just
8 don't remember when.

9 Q. Did there come a point in time, Mr. Kitchin, when you
10 learned that the defendant, Deborah Gore Dean, was employed at
11 HUD?

12 A. Yes, there did.

13 Q. And when was that?

14 A. I would say '84, '85, maybe '83.

15 Q. I would direct your attention to the year 1986. What was
16 her position at HUD at that time?

17 A. She was an assistant to the secretary, a special assistant.
18 I don't know the title.

19 Q. And what, if anything, was her involvement in the Mod Rehab
20 Program?

21 A. It is my understanding that mod rehab units were distributed
22 throughout the country basically by a committee at HUD. It is
23 further my understanding that from time to time, she represented
24 the secretary's interest on this committee.

25 Q. Now, Mr. Kitchin, when you approached the defendant, Deborah

1433

1 Gore Dean, about the Mod Rehab Program and the City of Atlanta,
2 what, if anything, did you say to her?

3 A. I talked to her, I am sure, about the need for, for
4 low-income housing in Atlanta and asked, I am sure, what was,
5 what were the chances of a specific, or not a specific developer,
6 but that I knew a specific developer who was in, worked with the
7 Atlanta Housing Authority constantly, and they would like to get
8 some units, 200 units of mod rehab units in Atlanta.

allbinders as word for experiment.txt

9 Q. what, if anything, did she say to you?

10 A. It was a long time ago. I'm -- she said that that number
11 for Atlanta could be done, or that was a reasonable number to,
12 for a city like Atlanta to request, or something of that nature.

13 Q. After you had this conversation with the defendant, Deborah
14 Gore Dean, what did you do next?

15 A. Well, I just went back to Atlanta and told the developer
16 that I had done what I thought I could do to get them to
17 Atlanta.

18 Q. At this point in time, had you any prior involvement in the
19 Mod Rehab Program?

20 A. I knew of the Mod Rehab Program because of a project I'd
21 been involved in, not with the mod rehab part of it, but mod
22 rehab was involved in it, with it in Durham, North Carolina. I
23 personally had not worked with it.

24 Q. Now previously you've mentioned to this jury a developer in
25 Atlanta who you'd contacted. what was his name, sir?

1434

A. Mike Bazan.

2 Q. Okay. Are you sure it's Mike?

3 A. No.

4 Q. Okay. would it refresh your recollection to say Nick Bazan?

5 A. Nick, okay.

6 Q. How did you meet Nick Bazan, sir?

7 A. I was involved at that time with other HUD projects. I
8 don't remember whether Nick came to me or the City of Atlanta
9 introduced me to Nick, but he was a person who was involved
10 throughout the city with low-income housing, and he sought me out
11 or I sought him out because he was a developer that the housing
12 authority had respect for, and I looked at some of his projects
13 and thought he did a real good job with them, and the city was
14 interested in him doing more work in that area.

15 Q. Now you've testified that you had a conversation with the
16 defendant, Deborah Gore Dean, and then you went back to
17 Mr. Bazan. what, if anything, did you tell Mr. Bazan?

18 A. I am sure that I told Mr. Bazan that I had met with the
19 people in Washington and they had told me that Atlanta, that was
20 a good number, or a number that Atlanta might expect to receive.

21 Q. Did you reach an agreement with Mr. Bazan as to how much you
22 would be paid?

23 A. I did.

24 Q. And what was that agreement?

25 A. \$1,000 an unit.

1435

1 Q. Now after reaching that agreement with Mr. Bazan, what is
2 the next thing that you did?

3 A. The units arrived in Atlanta fairly soon after that, and I,
4 I don't, you know, I really didn't do anything.

5 Q. Okay. Let me show you again -- page 11. I'd ask you to
6 read that to yourself and ask you does that refresh your
7 recollection as to what you did after speaking with Mr. Bazan in
8 Atlanta?

9 A. Yeah. I thought I had covered that. I definitely went to,

10 to Deborah Gore Dean as well as maybe others and asked that those
11 units be sent to Atlanta if at all possible and supplied all the

allbinders as word for experiment.txt
12 documentation I could about the need for housing, of low-cost
13 housing in Atlanta.
14 Q. What, if anything, did she tell you, sir?
15 A. To the best of my recollection, she told me, as I said, that
16 that was a reasonable number for Atlanta to request.
17 Q. Did there come a point in time when you learned that 200
18 units did, in fact, go to the City of Atlanta?
19 A. Yes, I did. Yes, there was.
20 Q. And how did you learn that?
2 A. I could have learned it through several ways. I could have

2 heard it from the -- the Congressional delegation is notified
2 before the public is notified that they are coming. The Atlanta
2 regional office was in Atlanta; I could have asked them. I
2 could have asked someone in Washington. I could have asked

1436

1 Deborah. I really don't know how I found out.
2 Q. Mr. Kitchin, did there come a point in time when you were
3 paid for your services in reference to the 200 units going to
4 Atlanta?
5 A. No, sir.
6 Q. Okay. Why were you not paid?
7 A. The developer, Nick Bazan, never was awarded those units.
8 Q. Did there come a point in time when you again requested mod
9 rehab units?

10 A. Yes, there was.
11 Q. And from whom did you request the units?
12 A. Again, I'm sure I requested, I talked to Debbie about it. I
13 talked to everyone in Washington or at least in the HUD office
14 that I thought, you know, worked in this area.
15 Q. What was your reason for approaching the defendant, Deborah
16 Gore Dean?
17 A. Deborah seemed to me to be one of the most knowledgeable --
18 I take that back -- the most knowledgeable person there was in
19 that building. She had a vast knowledge of what went on, how the
20 program has worked, et cetera, and I'm sure I would have talked
2 to her.
2 Q. And what, if anything, did you say to her?
2 A. I would have said -- well, Miami is an area that, like
2 Atlanta, could probably use all the mod rehab units that HUD ever
2 allocated and not have enough. I'd found or become acquainted

1437

1 with a developer in Miami who again worked in this area,
2 especially in this area, maybe only in this area, area of
3 low-cost housing. He was very well-qualified, in my opinion, and
4 he had an excellent rapport with, again, with the public housing
5 authority of Miami. And I would, really went through the same
6 process.
7 Q. And what would that have been?
8 A. To, to put together materials that supported the need for,
9 for low-income housing in Miami, such as the waiting list of
10 applicants there were for these type of units. I would have
11 brought them to Washington or had someone mail them to
12 Washington. I would have spent a day or two up here and seen
13 everybody that I knew that had anything to do with this process

14 and would have lobbied, I guess, as hard as I could for those
15 units.

16 Q. Okay. Do you remember who you, in fact, lobbied?

17 A. Well, again, I would have lobbied anyone that was in the
18 housing commissioner's office. I would have talked to Debbie, I
19 am sure. I don't even remember right this second who was the FHA
20 commissioner at that time.

2 Q. Now did there come a point in time when you had a discussion
2 with the defendant about these units going to Miami?

2 A. I am sure that I discussed these units going to Miami with
2 the defendant, yes.

2 Q. And what, if anything, did she say to you?

1438

1 A. Probably she would have said, you know, that similar to
2 Atlanta, that yes, she certainly understood the need for these,
3 for mod rehab units in the Miami area. I think she would have
4 said, I believe she said she'd do what she could to help.

5 Q. Now after this discussion with the defendant, Deborah Gore
6 Dean, what did you do next?

7 A. I again would have gone back to the developer in Miami and
8 told him that I had done the best I could do and we'd have to
9 wait and see if the number of units we had requested would, would
10 be allocated.

11 Q. Now, Mr. Kitchin, is it your testimony that you had the
12 developer before you had your initial conversation with Ms. Dean,
13 or did you get that developer later?

14 A. To the best of my memory, I knew the developer before I came
15 to Washington. I'm sure I would have. I would have had no
16 reason just to -

17 Q. Sir, do you recall testifying before a federal grand jury?

18 A. Yes, sir.

19 Q. Do you recall being asked the following questions and giving
20 the following answers? Page 12.

2 "Question: Sometime thereafter in 1986, did you
2 approach Ms. Dean again about obtaining moderate rehabilitation
2 units?

2 "Answer: Yes, sir.

2 "Question: Did you approach her about obtaining an

1439

1 allocation of 200 units that you could use in Miami, Florida?

2 "Answer: Yes, sir.

3 "Question: She indicated that that could be done; is
4 that correct?

5 "Answer: Yes, sir.

6 "Question: Then you went to Miami, Florida, is that
7 correct, to attempt to locate a developer?

8 "Answer: I believe the developer I was already
9 familiar with. I certainly would have gone to Florida to put
10 this together."

11 MR. WEHNER: Objection, Judge. It's not impeachment.

12 THE COURT: All right, I'll sustain the objection. I
13 don't think that's impeachment.

14 MR. WEHNER: Motion to strike.

15 THE COURT: All right, I'll grant the motion to strike
16 that reference to the grand jury. It's not impeachment. It
17 didn't impeach what he testified to today.

18 BY MR. O'NEILL:

19 Q. Mr. Kitchin, do you recall what familiarity you had with the
20 developer prior to speaking to Ms. Dean?

21 A. I knew the developer well. I -- it's, it would be very

allbinders as word for experiment.txt
22 difficult for me to tell that long ago how long I knew him
23 before. I had done -- I tell you, I worked with a bank in
24 Florida for a long time that this man was a client of, and they
25 introduced me to him, and I just do not remember exactly when.

1440

1 Q. Now we haven't mentioned a developer yet. Who was the
2 developer that you're talking about?
3 A. There was actually three partners, Jim Mitchell, Claude
4 Dorsy, and I honestly can't remember the other one's name.
5 Q. Now did there come a point in time that you reached an
6 agreement with these individuals about acting as a consultant on
7 their behalf?
8 A. Yes, sir.
9 Q. And what was that agreement?

10 A. That they were to pay me \$10,000 a month, and when we closed
11 the deal, that the \$10,000 a month would be subtracted from
12 whatever they owed me for that particular deal. We were doing --
13 we did a lot of things other than mod rehab, or attempted to.
14 MR. WEHNER: Sorry, Judge, I didn't hear that last one.
15 THE COURT: Do you want to reread it?
16 (Answer read.)
17 BY MR. O'NEILL:
18 Q. Did you also agree for a specific fee for the units coming
19 to Miami?
20 A. Yes, sir.
2 Q. And what was that?

2 A. \$1,000 a unit.
2 Q. How did you come to that figure, sir?
2 A. I believe that from other people who were doing it, I just
2 understood that's what the going rate, so to speak, was.

1441

1 Q. Now, Mr. Kitchin, did there come a point in time when you
2 learned that the units had gone to the City of Miami?
3 A. Yes, sir.
4 Q. And how did you learn that the units had gone to the City of
5 Miami?
6 A. I probably learned it through the Jacksonville office.
7 That's where it would have --or the Atlanta office.
8 Q. Did there come a point in time when you were paid for your
9 services on this particular project?

10 A. Yes, sir.
11 Q. And how much were you paid?
12 A. \$1,000 a unit, but what -- there were some monies subtracted
13 out of that for the fee. I don't know exactly what --
14 Q. And how many units were received by this project?
15 A. 200, 202 or -3.
16 Q. What was the name of the project, just so the jury is
17 familiar with it?
18 A. I really don't remember.
19 Q. The name of the project?
20 A. I don't remember the name of it.

2 Q. Okay.

2 THE COURT: Unless there's a dispute, you could just
2 suggest a name to him. I don't think counsel will object to
2 that.

2 MR. WEHNER: I won't.

1442

BY MR. O'NEILL:

2 Q. Would Springwood/Cutlerwood refresh your recollection?

3 A. That was the name of a project I worked on, and I'm sure
4 that was it.

5 THE COURT: All right.

6 BY MR. O'NEILL:

7 Q. Now, Mr. Kitchin, are you familiar with a project by the
8 name of the Woodcrest Retirement Center?

9 A. Yes, sir.

10 Q. And where was that located?

11 A. San Diego.

12 Q. Who was the developer of that project?

13 A. Jack Jaynes.

14 Q. Were you retained at any point to provide services on the
15 Woodcrest Retirement Center?

16 A. I was asked to -- "retained" might be misleading. If I
17 remember correctly, Dean Witter was the lender on that project,
18 and it had been held up, and it wasn't progressing, and they
19 asked me if I would go look and see what I thought the problems
20 were and help straighten it out.

21 I was to be paid a percentage of the closing from Dean
22 Witter. Jack Jaynes did not retain me, no.

23 Q. When you say they asked you, who are you referring to, they?

24 A. Dean Witter, the mortgage branch of Dean Witter.

25 Q. So you were retained by Dean Witter?

1443

1 A. Yes, sir.

2 Q. Okay. Do you recall who, if anyone, at HUD headquarters you
3 contacted concerning the Woodcrest Retirement Center?

4 A. Everyone from the Los Angeles HUD office to San Francisco
5 and finally to Washington.

6 Q. And who at Washington did you contact?

7 A. There were probably a number of people. The project was
8 appealed, I think, to the region and then finally to, to
9 Washington. When you appeal a project to Washington, you

10 automatically appeal it to the secretary. And whatever
11 conversations that I had with it -- with the secretary would have
12 been with Deborah Dean.

13 But there were other people, I think his name is
14 Hammernick. I believe he was responsible, or a person
15 responsible in that area whom I also talked to. This project
16 went on for quite a while.

17 Q. Now, Mr. Kitchin, changing to another topic, did there come
18 a point in time when you gave the defendant, Deborah Gore Dean, a

19 sum of money?

20 A. Yes.

2 Q. And please describe for the Ladies and Gentlemen of the Jury

2 what you gave her.

2 A. I gave her a check for \$4,000.

2 Q. Now how did this come about?

2 A. It was at a time that Deborah -- I don't know exactly what

1444

1 position she held. She was applying for a position, in fact, she
2 was up for nomination -- I mean, confirmation, excuse me, at the
3 Senate for a position as assistant secretary for community
4 development, something like that, and Debbie and I were good
5 friends, and she told me that she was in need, just needed some
6 money, just was, was financially in a, in some stress, I think
7 the -- and I lent her \$4,000.

8 Q. Mr. Kitchin, at this point, let me show you a document,

9 Government's Exhibit 203.

10 Mr. Kitchin, I'll show you a document that for the

11 record, Your Honor, was stipulated to by counsel --

12 THE COURT: All right.

13 BY MR. O'NEILL:

14 Q. -- and is in evidence as Government's Exhibit 203.

15 And I'd ask you, sir, do you recognize that?

16 A. Yes, I do.

17 Q. And what is that?

18 A. It is a check for \$4,000 from me made out to Deborah Dean.

19 Q. Is this the check you gave her?

20 A. Yes.

21 Q. Now, Mr. Kitchin, directing your attention to that check, on
22 the memo line, did you write anything on that?

23 A. Yes, I did.

24 Q. And what, if anything, did you write?

25 A. "Loan."

1445

1 Q. why did you write "loan," sir?

2 A. well, that's what I believed it was.

3 Q. Did you charge the defendant any interest on the loan?

4 A. No.

5 Q. Did you agree on a repayment schedule?

6 A. I don't think so.

7 Q. Now did you discuss this \$4,000 loan with anyone other than
8 the defendant, Deborah Gore Dean?

9 A. I doubt it.

10 Q. Okay. Let me show you a document again to see if this would
11 refresh your recollection. Again, I'd just ask if that refreshes
12 your recollection?

13 A. I think I discussed it with -- looking at that, I think I
14 discussed it with a, with an individual who worked for me.

15 Q. And who would that have been?

16 A. Jack Jennings.

17 Q. Was that \$4,000 loan ever repaid by the defendant, Deborah
18 Gore Dean?

19 A. No, sir.

20 Q. Was any part of it repaid?

2 A. To the best of my knowledge, no, sir.

2 Q. Now, Mr. Kitchin, did there come a point in time when you
2 were interested in buying an apartment in the Washington, D.C.
2 area?

2 A. Yes, sir.

1446

1 Q. And why were you interested in buying an apartment in the
2 Washington, D.C. area?

3 A. The hotel bills I was running up up here was substantial.

4 Q. Did there come a point in time when you looked at particular
5 apartments?

6 A. Yes, I did.

7 Q. And did the defendant, Deborah Gore Dean, assist you in this
8 process?

9 A. She did.

10 Q. Was there any specific apartment that you looked at with the
11 defendant, Deborah Gore Dean?

12 A. Her brother owned an apartment at the Watergate complex, and
13 I believe he was living in California at the time and no longer
14 needed the apartment or wanted it.

15 Q. Did there come a point in time when you purchased that
16 apartment?

17 A. No, I did not.

18 Q. Did you enter into a contract of sale or anything?

19 A. A written contract?

20 Q. Yes.

2 A. No.

2 Q. Now, Mr. Kitchin, did there come a point in time when the
2 defendant, Deborah Gore Dean, asked you for your support for her
2 nomination to be assistant secretary for community planning and
2 development?

1447

1 A. I certainly supported her for it. Whether I did it just
2 because I wanted to do it or somebody suggested it or she
3 suggested it, I really don't remember.

4 Q. Now did there come a point in time when the defendant,
5 Deborah Gore Dean, left the Department of Housing and Urban
6 Development?

7 A. Yes.

8 Q. What, if any, contact have you had with the defendant since
9 then?

10 A. We have seen each other, I guess, several times while I was
11 in Washington. I can't tell you specifically.

12 Q. After the defendant left the Department of Housing and Urban
13 Development, did you continue to have dealings with the
14 department?

15 A. Yes, I did.

16 Q. And who, if anyone, did you approach at the department?

17 A. I worked with, with, again, the housing commissioner's
18 office, who was, I guess, Tom Demery. It changed a lot in the
19 time I -- there were several commissioners there at that time.

20 Q. When did you meet Tom Demery?

21 A. I met Tom Demery, oh, gosh, I don't remember the date. I
22 met him in Washington at several places, but I just don't
23 remember the particulars.

24 Q. Okay. What was your relationship with Tom Demery?

25 A. I met him several times. I spent very little time with him.

1448

1 He was a busy man. I knew him. That's the best I can answer
2 that

3 Q. Mr. Kitchin, who was the secretary at the Department of
4 Housing and Urban Development during the time frame that we were
5 talking about, 1985, '86, '87?

6 A. Sam Pierce.

7 Q. Did you ever meet Sam Pierce?

8 A. No, sir.

9 Q. Mr. Kitchin, I'd like to show you a document previously
10 marked as Government's Exhibit 191 for identification. I'd ask
11 you, sir, to look at that.

12 A. Yes, sir.

13 Q. And do you recognize it?

14 A. Yes, sir.

15 Q. And what is it?

16 A. It is a document asking for a clarification on a ruling that
17 seems to have been made by someone I don't know at HUD.

18 Q. And who's the memo from?

19 A. It is, it's got to be -
yeah, it's from me, excuse me.

20 Q. Does it bear your initials?

2 A. It does.

2 MR. O'NEILL: Your Honor, I'd move it into evidence at
2 this time as Government's Exhibit 191.

2 MR. WEHNER: No objection, Your Honor.

2 THE COURT: All right, 191 is admitted.

1449

1 (Government's Exhibit No. 191 was
2 received in evidence.)

3 BY MR. O'NEILL:

4 Q. Mr. Kitchin, I'd also like to show you a document previously
5 marked as Government's Exhibit 207 for identification purposes.

6 THE CLERK: Government's Exhibit 207 marked for
identification.

(Government's Exhibit No. 207 was
marked for identification.)

10 BY MR. O'NEILL:

11 Q. And I'd ask you to look at this, sir.

12 A. Yes, sir.

13 Q. Okay. And what is it?

14 A. It is an agreement between First Florida Equities, Inc., and
15 Lou Kitchin Consultants, Inc.

16 Q. Does it bear your signature?

17 A. It does.

18 MR. O'NEILL: Your Honor, at this time, I'd move it
19 into evidence as Government's Exhibit 207.

20 MR. WEHNER: No objection, Your Honor.

2 THE COURT: 207 will be admitted.

2 (Government's Exhibit No. 207 was
2 received in evidence.)

2 MR. O'NEILL: I have no further questions at this time.

2 Thank you.

1450

1 THE COURT: All right, thank you.
2 Are you ready to go?
3 MR. WEHNER: Yes, as soon as the monitor is finished,
4 Judge. They're still showing the exhibit.
5 THE COURT: Go ahead.

CROSS EXAMINATION

BY MR. WEHNER:
8 Q. Hello, Mr. Kitchin.
9 A. Sir.

10 Q. Mr. Kitchin, you have a history, do you not, sir, of
11 promising private individuals that in return for a sum of money,
12 you can solve their governmental problems; isn't that correct?
13 A. I wouldn't word it that way, but --
14 Q. Well, going back, all the way back to the mid-'70s, isn't it
15 true that you tried to get \$25,000 from a doctor who had been
16 charged criminally for making bad prescriptions and that you were
17 going to take that money to the prosecutor in order to get those
18 charges dismissed?
19 A. No, sir.
20 Q. Mr. Kitchin, you were indicted for that, weren't you?
2 A. And it was dropped, yes, sir.

2 Q. And the charges were dismissed; is that correct?
2 A. Dropped, yes, sir.
2 Q. And in fact, you were tape-recorded in your conversation
2 with that doctor, weren't you?

1451

A. I believe so.
2 Q. And do you remember what you said to the doctor on the tape?
3 A. No, sir, I don't.
4 Q. Do you remember telling him that for \$25,000, you could go
5 see the prosecutor and get the charges dropped?
6 A. No, sir. I never told anybody for 25,000 or any other
7 amount of money I could go to a prosecutor and get anything
8 dropped. If I had done that, I don't think it would have been
9 dropped.
10 Q. Well, let's talk about the Benton Mortgage Company more
11 recently. Did you ever go to the Benton Mortgage Company and
12 tell them for \$50,000 to be delivered to three HUD employees, you
13 could cause an investigation of Benton Mortgage Company to be
14 dropped?
15 A. No, sir, I certainly did not.
16 Q. Why don't you describe to me exactly what conversation you
17 had with Benton Mortgage Company regarding the three HUD
18 employees you were going to pay money to.
19 A. I don't believe I've ever discussed three, one, two, or ten
20 HUD employees that I intended to give any money to from Benton
21 Mortgage Company or any other company.
22 Q. Well, if it wasn't three, one, two, or ten, how many was it?
23 A. It wasn't any, sir.
24 Q. So your testimony is that you never said that to the
25 principals of the Benton Mortgage Company?

1452

1 A. That's right.
2 Q. And if it appeared in notes taken of interviews with them by
3 the FBI, you'd say that either they're wrong or the FBI is wrong;
4 isn't that correct?
5 A. Sir, I'd say what I've just said, that I have not said that.
6 Q. Now on the Atlanta project, those units were not delivered,
7 is that right, to Mr. Bazan?
8 A. That is correct.
9 Q. Now how much money did you get as a result of that
10 transaction?
11 A. I don't believe I got anything, sir.
12 Q. Not how much money, but plan to get if the units had come
13 through?
14 A. \$1,000 for each unit that he actually was awarded.
15 Q. And how many units was that?
16 A. That we, that he requested?
17 Q. Yes.
18 A. Atlanta Housing Authority requested 200. I believe
19 Mr. Bazan had a use for, I think, 160 or -70.
20 Q. So you would have made from Mr. Bazan about \$160,000 from
2 that, correct?

2 A. If it had worked, yes, sir.
2 Q. Now did you have any conversation with Mr. Bazan like you
2 had with the medical doctor and like you had with Benton Mortgage
2 Company as to what you were going to do with \$160,000 you were

1453

1 getting?
2 A. I didn't have one with any of those people nor Mr. Bazan
3 about giving any money to any HUD employee or whoever else you
4 said.
5 Q. Okay. So you never had any conversation with anyone to give
6 money to any HUD employees; is that correct?
7 A. That's correct.
8 Q. Okay. Well, didn't you testify on direct that you had a
9 conversation with your business partner about making a loan to
10 Deborah Gore Dean in the amount of \$4,000?
11 A. Yes.
12 Q. And during that conversation you had with your business
13 partner, did you explain to him what that \$4,000 was for?
14 A. I'm sure I told him it was a loan, yes.
15 Q. You're sure you told him it was a loan.
16 A. I feel sure I did.
17 Q. Okay. And in your own mind as you sit here today, you
18 considered it a loan?
19 A. That's correct.
20 Q. Okay. Now you don't consider it a bribe, correct?
2 A. I considered it a loan.

2 Q. And you don't consider it a payoff?
2 A. I considered it a loan.

2 Q. And -- well, you considered it a loan.
2 Accepting that as true for the moment, you have

1454

1 testified several times in the past about this transaction, have
2 you not?

3 A. Yeah, I think so.

4 Q. Well, you've talked to the FBI on several occasions about
5 this transaction.

6 A. Yes, yes.

7 Q. And from time to time, your memory of what happened during
8 this transaction has changed, hasn't it?

9 A. I -- could you be specific?

10 Q. Well, yes. Isn't it true that you told the FBI, contrary to
11 what you said this morning, that Ms. Dean had paid at least half
12 that money back?

13 A. No. I think I told them at one time I thought she paid a
14 thousand of it back, but I have -- I can't prove it or not prove
15 it.

16 Q. Well, you testified on direct that she hadn't paid any of it
17 back.

18 A. Well, that's what I believe.

19 Q. Now you recognize the importance of this. As you sit here
20 today, do you recall whether Deborah Gore Dean paid any of the
21 funds back?

22 A. I don't believe she did.

23 Q. Okay. Do you recall seeing a check from Ms. Dean?

24 A. No.

25 Q. You never received a check from Ms. Dean?

1455

1 A. I don't recall seeing a check from Ms. Dean.

2 Q. Well, is it possible she gave you a check and you don't
3 recall today?

4 A. I suppose anything is possible, yes, sir.

5 Q. Well, your best recollection.

6 A. I just told you. I don't believe she did.

7 Q. Do you recall having an occasional dinner with Ms. Dean
8 after this \$4,000 was given to her?

9 A. I've had several dinners with Ms. Dean and others. Whether

10 it was before or after, I really don't remember. Probably both.

11 Q. And do you recall her paying you money at these dinners in

12 return for that loan and giving you money?

13 A. No.

14 Q. You don't have any recollection of that whatsoever?

15 A. No, I don't.

16 Q. Now one individual at HUD that Mr. O'Neill didn't ask you

17 about was Chris Oliver. I'd like to talk to you a little bit

18 about Chris Oliver. Now she worked at HUD, did she not?

19 A. She did.

20 Q. And she worked for Mr. Demery, did she not?

21 A. She did.

22 Q. And you had a personal relationship with her, didn't you?

23 A. I did.

24 Q. As a matter of fact, she spent a lot of time with you at the

25 Republican National Convention, didn't she?

1456

A. It's what I've been told.

2 Q. You don't remember?

3 A. I -- that was a big convention. I certainly spent time with
4 her. I spent time with a lot of people.

5 Q. Do you remember spending the evening hours with her?

6 A. I spent some evening hours with her, yes, sir.

7 Q. Do you remember spending the night with her?

8 A. Yes, sir.

9 Q. Now when did she work for Mr. Demery?

10 A. I don't remember the dates.

11 Q. Well, as a matter of fact, she started working for HUD in
12 approximately 1983, didn't she?

13 A. I have no idea. I didn't know her then.

14 Q. And you met her shortly after that; isn't that true?

15 A. Not 1983. I probably didn't meet her until '86 or -7.

16 Q. '86 or -7?

17 A. Somewhere in that area, yes, sir.

18 Q. And you struck up a relationship with her, did you not?

19 A. Yes, sir.

20 Q. And at some point in time, you decided that you needed an
21 apartment in Washington; isn't that correct?

22 A. Yes, sir.

23 Q. Now the fact that you were seeing Ms. Oliver at the time was
24 connected to the fact that you were looking for an apartment;

25 isn't that correct?

1457

1 A. No, sir.

2 Q. No, sir? No connection?

3 A. No, sir.

4 Q. Okay. You looked at a number of apartments in Washington,

5 didn't you? Didn't you look at five or six different ones?

6 A. I can recall looking at maybe three, maybe four. I really

7 don't know.

8 Q. Well, you looked at a number of them, didn't you?

9 A. I looked at more than one, yes, sir.

10 Q. And what was the name of the real estate agent you looked at

11 these apartments with?

12 A. Janette. It was a friend of Deborah's. I don't remember

13 the name.

14 Q. Do you recall the name Janet Whitman?

15 A. Janet Whitman, okay.

16 Q. And you looked at all these apartments, isn't that true,

17 with her? She took you to apartments, didn't she, sir?

18 A. Give me a minute. It was a while ago. I looked at some

19 apartments with a woman named Janet Whitman, yes. Whether I

20 looked at all of them or not, no, sir, I don't know. I don't

21 think I did, but maybe I did.

22 Q. Now you're aware that Chris Oliver was working for

23 Mr. Demery at the same time that you allege that you said on

24 direct that Ms. Dean was talking to you about these Florida mod

25 rehab units,- isn't that correct?

1458

1 A. Say that again, please?

2 Q. Chris Oliver was working at HUD for Tom Demery at the same

3 time that you say that you were talking to Ms. Dean about the mod

4 rehab units; isn't that correct?

5 A. I'll take your word for it. I really don't know when Chris

6 Oliver went to work for Tom Demery. I don't even know when Tom

7 Demery was appointed to that position, the date.

8 Q. Okay. When was the convention when you spent the night with

9 Ms. Oliver?

10 A. It was 1988, in the summer of '88.

11 Q. And how long before that had you known her?

12 A. Had I known who?

13 Q. Chris Oliver.

14 A. Six months, a year. I don't know.

15 Q. Okay. So that would have put you back into 1987; isn't that

16 right?

17 A. It would appear so.

18 Q. Okay. So now we've got you back into 1987, knowing

19 Ms. Oliver in that time period.

20 A. Well, actually six months wouldn't have been back into '87,

21 but close to it.

2 Q. A year?

2 A. I don't know. I really don't know.

2 Q. Okay. What about Tom Demery? Did you meet Chris Oliver

2 through Tom Demery?

A. I don't know which one I met first.

2 Q. Okay. Well, do you recall talking to Tom Demery about the

3 mod rehab units in Florida?

4 A. No, sir.

allbinders as word for experiment.txt

5 Q. No? Do you remember meeting with Thomas Demery on January
6 28 of 1987 -- I'm sorry, on January 29 of 1987?

7 A. No, sir.

8 Q. Do you recall being in Washington on January 29 of 1987?

9 A. No, sir.

10 Q. Mr. Demery's calendar shows a visit by you to him on
11 January 29, 1987. Does that refresh your recollection as to
12 whether you were here?

13 A. No, sir, it does not, but if it was on his calendar and I
14 was scheduled to meet with him, I probably did.

15 Q. Well, if you did meet with him on January 29 of 1987, isn't
16 it true that that's approximately the same time that you were
17 working on the Florida Mod Rehab Project?

18 A. You have all the dates in front of you, sir. If that's the
19 right time, then that's the right time.

20 Q. You just testified to this on direct examination.

21 A. If I did, then that's the right time. I don't recall every
22 single date, the time of day or the meeting. I am not saying I
23 did not do it.

24 Q. Okay. Well, let me show the same document that Mr. O'Neill
25 has been showing you, page 18, and I'll ask you to read -- and

1460

1 don't read it out loud; just read it to yourself -- page 18,

2 lines 4 through 22.

3 Have you had the chance to read that?

4 A. Yes, sir.

5 Q. Now does that refresh your recollection that you were, in
6 fact, having these discussions with HUD in 1987 with regard to
7 the Florida project?

8 A. Now you said with HUD. Now you've been saying Mr. Demery.

9 Q. Let's start with HUD.

10 A. I've said all along that I've had the discussions with HUD.

11 Q. In 1987?

12 A. Yeah. Obviously, it was 1987.

13 Q. Okay. So we've established it was in 1987.

14 Now do you have a recollection of knowing Mr. Demery in
15 1987?

16 A. I -- if that's when he was the commissioner, yes, sir. I
17 have a recollection of knowing him.

18 Q. Now you certainly would have had a conversation with

19 Mr. Demery about those Florida units, would you not?

20 A. If he was the FHA commissioner at that time, I probably did.

21 I do not remember it specifically. I do remember discussing the
22 Mod Rehab Program with Thomas Demery. Whether it was over these
23 specific units or not, I do not remember.

24 Q. Well, if you met with Mr. Demery in January of 1987, that's
25 exactly the same time you were trying to get this project funded;

1461

isn't that correct?

2 A. It appears that way, yes, sir.

3 Q. And you would therefore have talked to Mr. Demery about this
4 project; isn't that correct?

allbinders as word for experiment.txt

5 A. I do not remember. The first time I ever met with Tom
6 Demery, it was to say, "Hey, I'm Lou Kitchin. You're the FHA
7 commissioner. I, you know, would like to get to know you."
8 I am not saying that I did not discuss it with him, but
9 I am not going to sit here and make a statement that I did.

10 Q. Well, I'm not asking you to make a statement that you did.
11 I'm trying to figure out what your best recollection is. What
12 I'm getting from you is that your recollection isn't very good
13 today; is that right?

14 MR. O'NEILL: Judge, is it closing argument again?

15 THE COURT: All right, I'll sustain the objection. Why
16 don't you just ask the question.

17 BY MR. WEHNER:

18 Q. Do you have a good recollection -- sorry, Judge, excuse me.

19 THE COURT: Go ahead.

20 BY MR. WEHNER:

21 Q. Do you have a good recollection today of what happened five
22 or six years ago?

23 A. Not on every given day, no, and not on any given meeting am
24 I, do I specifically --do you have any idea how many times I
25 came to Washington in those days?

1462

1 Q. How many times?

2 A. Once a week probably.

3 Q. That often?

4 A. That often.

5 Q. That's 52 times a year?

6 A. Okay. You're right, it is.

7 Q. So you have a lot of difficulty knowing what exactly was
8 said back then; isn't that right?

9 A. On a specific day and a specific meeting, I do not remember

10 what I said to Mr. Demery.

11 Q. And your memory would have been better several years ago?

12 Wouldn't it have been better several years ago?

13 A. I don't understand what you mean.

14 Q. Well, let's say we went back to 1988, and let's say you were
15 interviewed in 1988 about the same thing you've testified about
16 today. Wouldn't your memory have been better in '88 about your
17 conversations with Ms. Dean than it was today?

18 A. I would think it would, but I don't know that.

19 Q. Well, it certainly would. I mean, that's, that's not --

20 that's at about the point in time that this was happening, isn't
21 it?

22 A. Yes, sir.

23 Q. Do you recall being interviewed by agents of the Office of
24 Independent Counsel in 1988 regarding Ms. Dean?

25 MR. O'NEILL: Judge, objection. That can't be

1463

1 factually correct.

2 THE COURT: All right, I'll sustain the objection the
3 way you've asked it. You can show him what you're talking about.

4 All right.

allbinders as word for experiment.txt

5 MR. WEHNER: I'm sorry, Your Honor.

6 Q. Do you recall being interviewed by the HUD inspector general
7 in 1988 with regard to Ms. Dean?

8 A. Again, I've been interviewed by those folks a number of
9 times. I don't deny it. I don't remember it in 1988
10 specifically about Ms. Dean.

11 Q. Well, do you recall telling a law enforcement officer in
12 November of 1988, when admittedly your memory was better about
13 events in 1987 than it was today -- than it is today, do you
14 remember telling them that you do not know how one could go to
15 Washington to get allocations of mod rehab units? Do you recall
16 saying that?

17 A. I believe what I said was I did not recall -I
did not know

18 how one could go to Washington and have mod rehab units
19 specifically allocated to a specific developer. I've been asked
20 that question many times, and that has always been my answer and
2 still is.

2 Q. So then it's not correct, which was the inference I got from
2 your direct examination, that Ms. Dean said she would send these
2 units to Florida for you?

2 A. That, sending those units to Florida and sending those units

1464

1 to a specific developer in Florida are not, in my opinion, the
2 same thing.

3 Q. Oh, okay. Okay. So you were trying to get the units sent
4 to Florida, not to a specific developer?

5 A. As I understand it, that is the only thing that could have
6 been done. I don't believe Washington had the authority to send
7 them to anything other than a PHA authority.

8 Q. Do you think as a consultant, part of your role is to help
9 people with the Moderate Rehabilitation Program?

10 A. I do.

11 Q. Did you tell the agents that talked to you in 1988 that you
12 have never helped anyone get into the Moderate Rehabilitation
13 Program?

14 A. I don't think I did.

15 Q. Well, let me show you what I've marked as Dean Exhibit 138.

16 THE CLERK: Dean Exhibit 13 8 marked for identification.

17 (Defendant's Exhibit No. 138 was

18 marked for identification.)

19 BY MR. WEHNER:

20 Q. Your notes of interview dated 11-17-1988, and ask you if you
2 did not say the following: "P -

meaning you -- has never

2 participated in this program, MRP, and as a consultant, he has

2 never helped anyone get into the MRP"?

2 A. I believe that refers to when I was building -- owned

2 apartments in Atlanta. I believe that refers to the fact I

1465

1 didn't even know what the Mod Rehab Program was.

2 Q. So you told them you didn't know what the Mod Rehab Program
3 was in November of 1988?

4 A. Well, the next sentence is, "Kitchin stated that if an
5 individual came to him as a client for the MRP, he would first
6 explain the program, how to determine the rents, et cetera." So,
7 I mean, I think it's self-explanatory.

8 Q. Do you travel extensively in Europe?

9 A. I'm sorry?

10 Q. Do you travel extensively in Europe?

11 A. I did for a time.

12 Q. Did you have any conversations when you're in Europe dealing
13 with the Libyan hijackers?

14 A. I did.

15 Q. Would you explain to the jury what conversations you had?

16 A. I was working for a company as a consultant in Geneva,
17 Switzerland, by the name of Fetex, Ltd. One the partners in
18 Fetex is a, was born in Libya. He carries a Swiss passport now.
19 He's lived there for 20-some-odd years.

20 This company dealt at one time at least with exports/
21 imports out of the North African countries. I was helping them
22 with some of their dealings with some of the other North African
23 countries, and they talked to me about the fact that they had at
24 one time dealt with exports or imports from and to Libya and they
25 could no longer do it because of the sanctions. They asked me if

1466

1 there is anything that I could help them with during -- with the
2 lifting of the sanctions, which is a U.N. sanction.

3 I asked people in Washington in the spring of '92, and
4 at that time, the government was interested in discussing it and
5 set up a trip to the ambassador -- to the capital of Tunisia. At
6 that particular time, evidently lots of people began to call
7 Washington about it, and the trip was aborted.

8 I asked people in Washington to find out what might be
9 done, and they said if the suspects were released to the United
10 States or to England, I believe, they would consider lifting the
11 sanctions or consider going to the U.N.

12 I probably dealt with that a month or so. I even
13 talked to the ambassador, our ambassador to Geneva regarding the
14 subject, and he checked into it, and I finally got back this
15 country wasn't interested in doing anything unless they released
16 the hostages, and it was dropped.

17 Q. And when did this -- when did these conversations take
18 place?

19 A. During the spring and early part of the summer, or during
20 the summer, I guess, of '92.

2 Q. Okay. So that's been very recently, correct?

2 A. Yes.

2 Q. Okay. You testified on direct you had first met Ms. Dean, I
2 believe, in connection with the Reagan campaign?

2 A. I believe that that's true, yes.

1467

1 Q. Well, isn't it true that you first met Ms. Dean as a result
2 of you supporting Shirley Wiseman to become the federal housing
3 commissioner?

4 A. I don't, I don't recall. I mean, I recall supporting
5 Shirley Wiseman. I don't recall that as being the time I met
6 Ms. Dean, but it is possible.

7 Q. And isn't it true that you asked someone to arrange for you
8 to meet Ms. Dean so you could talk to her about the fact that you
9 had heard that Ms. Dean didn't like Shirley Wiseman?

10 A. I don't recall that, but I don't recall having anyone set up
11 a meeting so I could discuss such a subject with Ms. Dean.

12 Q. As a matter of fact, you had a drink with Ms. Dean at the
13 Four Seasons Hotel here in Washington, did you not?

14 A. I did that.
15 Q. And you had a conversation with her at that time; is that
16 right?
17 A. I did. I certainly did.
18 Q. She was there; you were there?
19 A. That's correct.
20 Q. Were there others there?
2 A. Not others in our party. I mean, just the two of us.
2 Q. You were the only two?
2 And Ms. Dean drove you to the airport that evening, did
2 she not? She dropped you off?
2 A. She may have.

1468

1 Q. And you thought that was a very nice thing for her to do,
2 because she was in Georgetown, she drove you out to National;
3 isn't that right?
4 A. She may have. I don't -- she may have. If she says she
5 did, I'm sure she did.
6 Q. You found out that she didn't have any animosity to Shirley
7 Wiseman; isn't that right?
8 A. I don't remember discussing Shirley Wiseman, but that's
9 possible.

10 Q. Do you remember discussing Durham Hosiery Mill at all during
11 that meeting with Ms. Dean?
12 A. No.
13 Q. Do you remember that you discussed Durham Hosiery Mill with
14 Ms. Wiseman prior to that meeting?
15 A. I think I probably discussed Durham Hosiery Mill with
16 everybody that worked at HUD during that time.
17 Q. Including Shirley Wiseman?
18 A. Including Shirley Wiseman.
19 Q. You agreed to support her in her quest to become federal
20 housing commissioner, didn't you?
2 A. For whatever that's worth, yes.
2 Q. Well, you did support her?
2 A. Yes.
2 Q. And in fact, isn't the arrangement you had with her was that
2 she would help you with Durham Hosiery Mill provided that you

1469

1 supported her for federal housing commissioner?
2 A. Absolutely not.
3 Q. Okay. You testified on direct that you had several
4 conversations with Ms. Dean regarding moderate rehabilitation
5 programs, and I think we also established on cross examination
6 you had several conversations regarding Tom Demery, with Tom
7 Demery regarding mod rehab; is that correct?
8 MR. O'NEILL: Objection, Your Honor.
9 MR. WEHNER: I'll rephrase it.

10 THE COURT: Rephrase it. I'll sustain the objection
11 the way it's asked.
12 BY MR. WEHNER:
13 Q. You had conversation with Tom Demery regarding mod rehab,
Page 830

allbinders as word for experiment.txt

14 did you not?

15 A. I'm sure I did.

16 Q. You also had conversation with Chris Oliver regarding mod
17 rehab, did you not?

18 A. Yes, sir.

19 Q. Okay. who else at HUD did you have conversations regarding
20 mod rehab with?

2 A. I discussed it with Deborah Dean. I discussed it probably
2 with Hunter Cushing. Specifically, I don't remember anyone else,
2 but I certainly could have.

2 Q. well, you talked to everybody you could find that you
2 thought had any role in the process; isn't that correct?

A. That's correct.

2 Q. And you essentially lobbied them to get projects approved,
3 correct?

4 A. To get allocations, yes.

5 Q. To get allocations of units to a specific housing, to a
6 specific housing authority or to a specific city?

7 A. Housing authority, yes.

8 Q. Okay. And that included everybody from the local HUD
9 offices, correct?

10 A. Yes.

11 Q. From, say, a Jim Mitchell down in Florida?

12 A. Yes.

13 Q. All the way up to the federal housing commissioner, whoever
14 that was at the time, isn't that right?

15 A. That's correct.

16 Q. And that was Shirley wiseman sometimes, and it was Tom
17 Demery sometimes; isn't that right?

18 A. And it was two or three other people sometimes, temporary.
19 There was a lot of change in that area.

20 Q. A lot of change in the federal housing commissioner level?

21 A. Yes.

22 Q. And you thought it was your job to try to convince the
23 decision makers that these projects were good projects; isn't
24 that right?

25 A. That the need for that housing in that specific area was,

1471

1 was evident, yes.

2 Q. Now none of these decision makers ever knew, did they, the
3 amount of money you were making as a result of your lobbying
4 efforts?

5 A. I couldn't answer that yes.

6 Q. well, did you tell them?

7 A. I don't remember.

8 Q. Do you remember telling them?

9 A. I don't remember telling them, no.

10 Q. okay.

11 A. I would doubt very seriously that they didn't know.

12 Q. well, would you doubt very seriously that you didn't tell

13 them?

14 A. I don't know whether I did or not. I really -- I don't know

15 why I would have or wouldn't have, for that mater.

16 Q. Do you have any recollection of telling Ms. Dean the amount

17 of money you were making off these efforts?

18 A. No specific recollection, no.

19 Q. Okay. Do you have any recollection of telling Tom Demery

20 how much you were making as a result of the application?

21 A. No, sir.

22 Q. Well, in fact, they were helping you because you were a
23 well -- you were widely known for helping Ronald Reagan get
24 elected; isn't that right?

25 A. I don't know what you mean by widely. I imagine a lot of

1472

1 people knew it, yes.

2 Q. A lot of people knew that you -- the South, you carried the
3 South for Ronald Reagan, didn't you?

4 A. I'm starting to get more credit for it now than I got then.

5 Q. How much credit did you get for it then?

6 A. Sir?

7 Q. How much credit did you get for it then?

8 A. It depends on who was talking.

9 Q. Well, how about when you were talking?

10 A. Oh, I probably gave myself more credit than I deserved.

11 Q. There we go.

12 A. All right.

13 Q. So you took credit at least for delivering the South for
14 Ronald Reagan, - isn't that right?

15 A. I think that's putting it a bit posh, but --

16 Q. But isn't it true that that's one of the reasons that these
17 people at HUD dealt with you was because you were a well-known
18 supporter, campaign strategist, consultant for Ronald Reagan?

19 A. I would say that that is the reason I knew a lot of them.

20 I'd like to think that I was able to get along with people, and
2 being in politics, that's one of the things that will get you a

2 lot further than if you can't get along with people.

2 I have said before to, to people who asked me similar

2 questions, my working with Ronald Reagan gave me the knowledge of
2 who worked in most of these areas, and possibly maybe because

1473

1 they knew my name, they would answer my phone call. Beyond that,
2 I think I did it on, on merit.
3 Q. On the merit of your project?
4 A. Merit of need and merit of project, yes.
5 Q. So there's no suggestion that you ever bribed anybody to get
6 anything done with the United States government, correct?
7 A. No suggestion by whom? Certainly not by me.
8 Q. Right. And you didn't bribe Ms. Dean; isn't that correct?
9 A. I certainly don't feel I did, no.

10 Q. Okay. Now you testified that you gave her the \$4,000 loan,
11 correct?
12 A. Yes.
13 Q. You testified that that was at the same time you were
14 looking for an apartment in Washington; isn't that correct?
15 A. I believe it was, yes, sir.
16 Q. Do you have any recollection of having discussions with
17 Ms. Dean about the purchase of that apartment?
18 A. Yes.
19 Q. Do you have any recollection -- well, tell me what you said
20 to her and what she said to you.
21 A. Well, it came up, you know, I'm sure it came up in a
22 conversation that I was spending a tremendous amount of money on
23 hotels, and I had often thought but I had never pursued it,
24 buying or -- yeah, buying an apartment with just myself or with
25 some other people who do the same thing or who were at that time

1 doing the same thing that I was.
2 I'm sure I said that in front of her, and that led to
3 her telling me that her brother had an apartment at Watergate,
4 and I think he lived in California or somewhere other than here,
5 and he wanted to sell it.
6 Q. Were you looking at furnished or unfurnished apartments?
7 You were looking -
8 A. I probably would have preferred one that was furnished. I
9 don't, I don't think that -- I don't remember whether that
10 apartment was furnished or not.
11 Q. Do you have any, any recollection of having any discussion
12 with your business partner regarding a furnished -- the purchase
13 of furniture for that apartment?
14 A. No.
15 Q. If your business partner said that that money to Ms. Dean
16 was not a loan but was for furniture, would he be incorrect?
17 A. I would think so.
18 Q. Okay. You don't recall having any such conversation with
19 him regarding that?
20 A. No, I don't.
21 Q. Because clearly your memory as to what that check was for
22 would have been clearer at the time you were writing the check
23 than it is today; isn't that right?
24 A. Probably so.
25 Q. You had, you had many occasions to have telephone

1475

1 conversations with Washington officials during this time period;
2 isn't that correct?
3 A. Yes, sir.
4 Q. The time period being '83 to '87, right?

5 A. Yes, sir.

6 Q. Okay. And in fact, you made these telephone calls from your
7 office generally?

8 A. Generally.

9 Q. When you telephoned from your office, did you have a

10 practice of leaving your door open or closed when you talked to

11 Ms. Dean?

12 A. Whether I was talking to Ms. Dean or not would have had
13 nothing to do with the door. I didn't have a practice of getting
14 up and shutting my door when I talked on the phone, no.

15 Q. Isn't it a fact that you usually shut your door when you
16 were on the phone with Mr. Demery or Ms. Oliver?

17 A. I don't think I ever got up and shut my phone intention-
18 ally -- shut my door intentionally because of anybody I was
19 talking to.

20 Q. Do you have any recollection of making sure your
2 conversations were private in your office when you talked to

2 Mr. Demery or Ms. Oliver?

2 A. No.

2 Q. What about Ms. Dean? Did you try to conceal your
2 conversations with her?

1 A. I don't think so, no.

2 MR. WEHNER: Your Honor, could we take our midmorning
3 break at this point and finish up?

4 THE COURT: Do you still have some more to go?

5 MR. WEHNER: A few more minutes, not much.

6 THE COURT: All right. We'll take a midmorning break
7 at the request of counsel, 15 minutes. Be back at that time.

8 Remember the admonition about not discussing the case
9 with anybody else or among yourselves. Be back in 15 minutes,
10 please. Thank you.

1 THE COURT: Mr. Kitchin, 15 minutes, okay?

1 THE WITNESS: Yes, sir.

4 All right, bring the jury in, please?

5 THE DEPUTY MARSHAL: Yes, Your Honor.

7 THE COURT: All right, are we ready to resume
8 at this time?

9 BY MR. WEHNER:

10 Q Mr. Kitchin, do you recall your testimony on direct
11 when you testified that you did not recall receiving any
12 repayment from Miss Dean?
13 A Yes, I do.
14 Q I want to show you pages 31 and 32 of the same
15 document Mr. O'Neill has been showing you and ask you to
16 read those two? To yourself.
17 A These two pages?
18 Q To yourself, please.
19 A Yes.
20 Q Now, it's true, in fact, that Miss Dean did pay you
21 portions of that money back, isn't that correct?
22 A I'm not aware if she did. I don't remember if she
23 did. I'm not going to swear that she did.
24 Q Do you recall being put under oath in front of a
25 Federal Grand Jury when you were asked questions by

1478

1 representatives of the Office of the Independent
2 Counsel?
3 A Yes.
4 Q And do you recall being asked the following
5 question? "The \$4000 was not entirely repaid, is that
6 correct?"
7 A Yes, that's true.
8 Q And your answer was, "That is correct."
9 A Yes.
10 Q Now, you testified on direct that she hadn't repaid
11 any of the money, is that correct?
12 A Yes.
13 Q Now, you testified in front of the grand jury that
14 she hadn't entirely repaid the money. Now, you were
15 under oath then and you are under oath now.
16 A Yes, sir.
17 Q Now, what is your recollection as to how much money
18 Miss Dean paid you back?
19 A My recollection is I can't prove to myself or
20 anyone else she paid me any of it back, and I don't
2 know •
2 Q So you don't know if she paid you back or not,
2 isn't that right?
2 A I've stated that before, yes.
2 Q No, sir, what you stated on direct was that she had

1479

1 paid you?
2 A I said I stated that before.
3 Q In fact, you stated on several occasions that she
4 did pay you back, isn't that right?
5 A I certainly believed that she had paid part of it.
6 Q And didn't you tell the Independent Counsel on
7 occasion that she paid a portion of this money back in
8 cash?
9 A I thought she did, yes, sir.

10 Q And that she repaid other amounts by check?
11 A I don't ever recall saying that, but if I said it,
Page 835

12 I said it.

13 Q Do you recall in April of 1992 being interviewed by
14 representatives of the Office of the Independent
15 Counsel, and at page five of that interview your
16 saying, "Other amounts would have been repaid by check?"

17 A I don't recall saying that, but if I - if it's
18 there, I'm sure I did.

19 Q Well, let me show it to you. I've had it marked
20 for identification as Dean Exhibit 140, interview on
2 April 13th and 14th, 1992. Don't you say there

2 that you "advised that he lost track," you, "of how much
2 of the loan was repaid by Dean. She paid back a portion
2 of the loan in cash, probably either 500 or \$1000.
2 Other amounts would have been repaid by check."

1480

1 A Okay.

2 Q Now, you said that then, didn't you?

3 A Obviously I did.

4 Q And that's not what you said on your direct
5 examination, which was that none of it had been repaid?

6 A I have been asked in the past to show proof that
7 she has paid some of it back and I cannot.

8 Q Well, did the Independent Counsel tell you that
9 because you didn't have proof you couldn't say that

10 during your testimony?

11 A No.

12 Q Did you have discussions with them recently as to
13 whether Miss Dean had repaid any of that money?

14 A I believe I had.

15 Q And did you tell them that you thought that she had
16 repaid some of the money?

17 A At sometime or another I told them that -- I had
18 had a discussion like that, yes.

19 Q And yet you testified on direct examination this
20 morning that no repayment had been made, isn't that
2 correct?

2 A I cannot show evidence or prove in any way that she
2 paid me any money.

2 Q But your best recollection is that she did in fact
2 pay you back, isn't that correct?

1481

1 A If you asked me that a year or two ago I would have
2 said yes. Now after going over it 100,000 times, I'm

3 not sure.

4 Q And who did you go over it 100,000 times with,
5 Mr. Kitchin?

6 A Myself, and mostly looking for records.

7 Q And who else?

8 A I've talked to the Independent Counsel about it,
9 not that many times.

10 Q Not that many times?

11 A No.

12 Q How many times have you been interviewed by the

13 Office of the Independent Counsel?
14 A Five or six.
15 Q How long would the sessions last?
16 A An hour, two hours.
17 Q Three hours?
18 A Maybe.
19 Q Four hours?
20 A I don't think so.
2 Q You have been interviewed by them on many
2 occasions, isn't that correct?
2 A I said five or six.
2 Q Okay. You've given them testimony under a grant of
2 immunity, isn't that correct?

1482

1 A Yes.
2 Q And that means that you're not going to be
3 prosecuted for anything you say, isn't that correct?

4 A I think you would be for perjury. I don't think it
5 has anything to do with that.
6 Q Anything else?
7 A Not to my knowledge.
8 Q Okay. So you talked to them several times. You
9 used the word several.
10 A Fine.
11 Q About Miss Dean and about this loan because they
12 obviously were very interested in this loan, were they
13 not?
14 A They seemed to be.
15 Q Yeah. Seemed to be. Because they thought this was
16 some kind of a smoking gun. Did they ever call it that
17 to you?
18 A No, sir.
19 Q Did they ever tell you how important it was that
20 you testify to this jury that Miss Dean didn't pay any
2 of this money back?
2 A I don't recall them ever saying that to me.
2 Q But you recall telling them that she paid you the
2 money back?
2 A I do, some of it.

1483

1 Q What is your best recollection today as to how much
2 was repaid?
3 A I cannot prove that she repaid any of it and I'm
4 not going to make a comment as to how much because I
5 really just don't know.
6 Q But she did repay a portion of it, isn't that
7 correct?
8 A I felt she did.
9 Q Now, you testified about your relationship with

10 Chris Oliver and about your efforts to find this
11 apartment.
12 A Yes.
13 Q Okay. Isn't it true that you looked at several
14 apartments in the presence of Miss Dean?
15 A I believe that's correct.
16 Q And isn't it correct that you looked at a number of
17 apartments at the Watergate with Miss Dean?
18 A I remember looking at that one. I don't know about
19 a number of them. Maybe I did.

20 Q Isn't it true that you had difficulty getting into
2 Watergate because of some rules of the homeowner's

2 committee in saying you couldn't have an office in that
2 building, do you recall that?

2 A Now that you said it, I believe that's correct.

2 Q I believe that's correct. And you did have some

1484

1 conversations where you were having difficulty putting
2 an office in that particular complex, isn't that right?

3 That was an issue?

4 A I think so. I would never have thought of that. I
5 believe you're right.

6 Q But as you're sitting here today you remember?

7 A Since you reminded me of it and stated it, I think
8 you're correct.

9 Q And isn't it true that when you looked at the
10 apartment at the Watergate complex that it was a
11 two-room apartment, isn't that correct?

12 A It was one bedroom, I think.

13 Q One bedroom and one separate room, isn't that
14 right?

15 A I'm sure it is.

16 Q Now, do you remember going to a house that was
17 owned by a person by the name of Linda Murphy?

18 A Yes. I've been there.

19 Q You've been there, and do you recall being there
20 for about ten minutes on one occasion?

2 A No, I -

2 Q How many times have you been to Linda Murphy's
2 house?

2 A Maybe twice.

2 Q Do you recall being at Linda Murphy's house and

1485

1 looking to see the type of furniture that was in the
2 house?

3 A I remember going to Linda Murphy's house. I think
4 she had just bought -- they had just bought it and -- I
5 don't know what you mean by looking at her furniture. I
6 mean -

7 Q They had just bought the house and it had just been
8 decorated, isn't that correct, Mr. Kitchin?

9 A It seems right, yes.

10 Q And Miss Dean had decorated the house, isn't that
11 correct?

12 A If she said she did, I'm sure she did.

13 Q And you had gone there to look at the furniture she
14 had picked out for that house, isn't that correct?

15 A I don't recall going there specifically for that
16 reason but I -- you know, it's certainly possible, but I
17 don't recall.

18 Q Isn't it true that the reason was not for Mod Rehab
19 units, not for HUD favors, but the reason that you had
20 that financial transaction with Deborah Gore Dean was
2 because you wanted her to help you find furniture for
2 the apartment that you were going to buy or rent in
2 Washington?

2 A I lent Deborah Gore Dean that money for exactly the
2 reason I said I did, and what you say may also be true.

1486

1 I may certainly have wanted her to help me do that. She

2 certainly was willing to help me with that problem.

3 Q She runs an antique store, doesn't she?

4 A I think she did at one time, yes.

5 Q And she was in the furniture business, sir, isn't

6 that correct?

7 A She ran an antique store.

8 Q Now, there came a time, did there not, when you

9 decided not to buy the apartment, isn't that right?

10 A This is correct.

11 Q And did you have a conversation with Deborah Gore

12 Dean on that date?

13 A On that date?

14 Q Approximately, when you decided not to buy the

15 apartment.

16 A I certainly had a conversation with her when I

17 decided not to buy it, yes.

18 Q What was her reaction? Didn't she say to you, oh

19 my God, I've got to get you that money back? Isn't that

20 what she said?

2 A I don't recall that, but she may have.

2 Q Because when the apartment deal fell through she

2 didn't have any reason to have that money, did she?

2 A You know, that's -I

don't know.

2 Q And isn't one of the reasons, sir, that the

1487

1 apartment deal fell through was because you decided that

2 you couldn't keep it a secret from the people you had to

3 keep it a secret from? In other words, you hadn't -

4 A Keep what a secret?

5 Q You hadn't told your partner or your employee,

6 Mr. Jennings, that you were looking at apartments in

7 Washington, had you?

8 A I'm sure I had.

9 Q You're sure you had not?

10 A Well, I don't know why I wouldn't have.

11 Q Did you tell your wife that you were looking for an

12 apartment in Washington?

13 We certainly discussed it at some point in time,

14 yes

15 Q Is that before or after you decided not to get it?

16 A Probably after. I don't really know.

17 Q Isn't it true, sir, that when you decided not to

18 get the apartment, that that's when Miss Dean started

19 paying you back on the \$4000?

20 A I don't -- I just do not remember.

2 Q Well, is there anything that would refresh your

2 recollection as to that, if you don't remember?

2 A I remember why I didn't buy the apartment.

2 Q Why didn't you buy the apartment?

2 A Because when I found out that the, what do you call

1488

1 it, the condominium dues or association dues were higher

allbinders as word for experiment.txt
2 than the payment on the apartment I decided that that
3 wasn't the thing for me to do.
4 Q Because they were too high?
5 A That's correct.
6 Q And you didn't want to pay for that.
7 A That's correct.
8 Q What about the other apartments? Did you decide
9 you didn't want to buy those for similar reasons?

10 A I decided the apartment I wanted to buy was that
11 one. I guess I was kind of shocked at whatever they
12 call them, association dues, and maybe I found out that
13 it was that way all over Washington. So, I don't know.
14 Q You had gone so far as to actually what, enter a
15 contract to buy that apartment?
16 A I don't think there was ever a contract, written.
17 Q Written. Did you have a verbal agreement to buy
18 it?
19 A I think that she knew and I knew that it was my
20 intention to buy it, yes.
2 Q As a matter of fact, you negotiated a price for
2 that, had you not?
2 A Yes.
2 Q And one of the reasons you were going to buy it was
2 because Deborah Dean's brother was willing to knock five

1489

1 or \$10,000 off the price, isn't that correct?

2 A I -- maybe so, I don't remember that.

3 Q Compared to comparable units, isn't that right?

4 A I thought the price on it was fair, sir. I don't

5 know about knocking anything off.

6 Q Well, you had some negotiations.

7 A I don't think I ever talked to her brother. I

8 think I just talked to her and Janet.

9 Q And you had discussions that led him to lower the

10 price?

11 A Yes.

12 Q And then you backed out.

13 A Yes.

14 Q I want to go back to the 1987 time period for a
15 minute and I'd like to direct your attention to January,
16 1987, and I believe you testified -- excuse me. Now, do
17 you recall when the Housing Authority in Florida made

allbinders as word for experiment.txt
18 application for the units that you claimed to have
19 discussed with Miss Dean? Do you recall when they made
20 application to HUD?
2 A No, sir.

2 Q I'm going to show you what I've marked for
2 identification as Dean Exhibit 146.
2 THE DEPUTY CLERK: Dean Exhibit 146 marked for
2 identification.

1 (Defendant's Exhibit 146

2 marked for Identification)

3 BY MR. WEHNER:

4 Q And I'm going to ask you to read the yellow
5 highlighted part.

6 A Read it in here?

7 Q No, just read it to yourself.

8 Now, based on your review of this document,
9 it's true, is it not, that that application was made in

10 January of 1987?

11 A I don't know what this document is.

12 Q Well, I'll show you another document. I'll show
13 you what I've marked for identification as Dean Exhibit
14 number 147 and ask you to read that and see if that
15 refreshes your recollection as to when the application
16 was made for the Metro-Dade units?

17 A According to this it was February 13th or I wrote
18 the letter at that time.

19 Q On February 13, 1987 a letter gets written that -
20 requesting those units, is that correct?

2 A That's what it appears, right.

2 Q Now, you were retained by First Florida Equities,
2 isn't that correct?

2 A That's correct.

2 Q And on the 20th of February, 1987 they paid you

1 \$40, 000, correct?

2 A I don't know.

3 Q well, on the 27th of March, 1987 they paid you

4 \$25, 000, isn't that correct?

5 A You've got the records, I don't have anything. I
6 don* t know.

7 Q I'll show you what I've marked for identification

8 as Dean Exhibit 148 and Dean Exhibit 149?

9 THE DEPUTY CLERK: Dean Exhibits 148 and 149

10 marked for identification.

11 (Defendant's Exhibits 148 and
12 149 marked for Identification)

13 BY MR. WEHNER:

14 Q which purport to be checks and deposit slips to
15 you.

16 A Okay.

17 Q Now, it's correct then, you were paid \$40,000 on
18 February 20, 1987 and \$25,000 on March 27th of 1987?

19 A I can't read this \$25,000 thing. March -I
can't

20 even

2 Q Let me direct your attention to a portion of it,
2 this portion which appears to be the date of the check.

2 A Yes. Okay.

2 Q And this portion which appears to be the date of
2 the deposit.

1492

1 A Yes, sir.

2 Q Now, does that refresh your recollection you were

3 paid \$25,000 on March 27, 1987?

4 A It appears I was. I mean I don't remember it, but

5 I see it, so I must have been.

6 Q Okay. So you were paid a total of \$65,000 as a

7 result of that project, in February and March of 1987,

8 correct?

9 A That appears to be true, yes.

10 Q Now, the units were not assigned out of HUD
11 headquarters until April, 1987, isn't that right?

12 A I don't remember.

13 Q Well, do you remember having a conversation with
14 Tom Demery prior to that date, prior to April 7, 1987,
15 about getting the units to Florida?

16 A I remember having conversations about those
17 projects and getting them to Florida with a number of
18 people. I cannot tell you the date. I mean I can
19 follow your dates and your chronological order there and
20 that appears to be true, but I'm not about to say that
2 that is the date I did -- I just don't remember. That's

2 been six years ago, a little over six years.

2 Q There came a time, did there not, when Miss Dean
2 left HUD?

2 A Yes.

1493

1 Q Now, obviously at that point in time she had
2 nothing further to do with Mod Rehab units, is that
3 correct?

4 A I would assume she did not.

5 Q And yet you continued to be paid as a consultant in
6 your efforts to get Mod Rehab units, isn't that correct?

allbinders as word for experiment.txt

7 A I'm sure I did. I don't remember the dates.
8 Q Well, in fact, didn't you enter into a retainer
9 agreement where you were going to be paid \$10,000 a
10 month?
11 A Yes.
12 Q To get Mod Rehab units, correct?
13 A Yes.
14 Q Okay.
15 A Well, that, and a number of other things.
16 Q And a number of other things, but including Mod
17 Rehab units, correct?
18 A Yes.
19 Q And at that time Miss Dean wasn't at HUD, isn't
20 that right?
2 A Part of that time obviously she wasn't.
2 Q And it's true that you dealt with Mr. Demery even
2 after Miss Dean had left, isn't that correct?

2 A I dealt with Mr. Demery in his office , yes.
2 Q And Miss Oliver?

1494

1 A Yes.
2 Q With whom you had had the personal relationship,
3 isn't that correct?
4 A Not at that time.
5 Q Well, the one you had had the personal relationship
6 with .
7 A Not at that time.
8 Q But you had had - previously had that
9 relationship, correct?

10 A Not if that was 19 87, no.
11 Q Okay. But the point is that you continued to deal
12 with HUD even after Miss Dean left, isn't that correct?
13 A That is correct.
14 Q And you continued to receive Mod Rehab units, isn't
15 that correct?
16 A I believe, yes.
17 Q And you continued to do other business with HUD,
18 isn't that correct?
19 A That is correct.
20 Q Including Title X, isn't that correct?
2 A Not after that, no Title X was done away with and
2 in, I don't know, '85, ' 86.
2 Q Well, you didn't do any Title X work with
2 Miss Dean, did you?

2 A No.

1495

1 Q Who did you deal with at HUD on Title X work?
2 A Single-Family Housing, Jim Nistler I think his name
3 is
4 Q James Nistler?
5 A James Nistler and Ted Baker, more than anybody
6 else.
7 Q In fact, you received consulting fees for doing
8 that work as well, isn't that right?
9 A Yes, sir.

10 Q In fact you would occasionally get favorable
11 decisions out of HUD regarding Title X.
12 Tel me what title X is?
13 A Title X was a program where a developer could
14 purchase land and the infrastructure -- money for the
15 infrastructure to sell lots on as long as he could do it
16 and sell the lot at a price that would afford -- that
17 would be affordable to whatever area you were in would
18 be considered moderate to low income families.
19 Q And those Title X programs, were those -- those
20 monies were desirable for developers, isn't that right?
2 A Yes.
2 Q And you helped them get those monies, isn't that
2 right?
2 A I did.
2 Q And you did not go to Miss Dean to get those

1496

1 monies, did you?
2 A No.
3 Q You went to Mr. Nistler, is that right?
4 A Really Ted Baker.
5 Q Say it again?
6 A Ted Baker.
7 Q Ted Baker. So you dealt with Mr. Baker at HUD on
8 those issues?
9 A He was the most knowledgeable person at HUD on that

10 particular program, in my opinion.
11 Q And did you get the same responses from Mr. Baker
12 that you got -- regarding Title X that you got from
13 Miss Dean with regard to Mod Rehab?
14 A If you mean did they help me with the program, yes.
15 Q What did they do is really what I'm asking you.
16 A Title X is, as all these HUD programs, is extremely
17 complex and if one ever could find a project that fit
18 the program exactly, every line and every sentence on
19 every page, it would be easy to do. I doubt there is a
20 project in the world that would fit any of those

2

programs exact.

2 Q But did any of those people at HUD do anything for
2 you that wasn't right?
2 A Not to my knowledge.

2

Q And did they do anything to you that was -- for you

1497

1 that was corrupt?

2 A Not to my knowledge.

3 Q And that, of course, included Miss Dean, did it

4 not?

5 A That included Miss Dean.

6 Q When the Florida units were actually sent from HUD

7 Central to Florida, Tom Demery was the Housing

8 Commissioner, was he not?

9 A Check the date. I'm sure you're right. I just

10 don't remember those dates. I think they had four or
11 five Director of Housing -- Federal Housing
12 Commissioners during this period. I honestly don't
13 remember who was there at which time.

14 Q I show what I've marked for identification as Dean
15 Exhibit 150.

16 THE DEPUTY CLERK: Dean Exhibit 150 marked for
17 identification.

18 (Defendant's Exhibit 150
19 marked for Identification)

20 BY MR. WERNER:

2 Q And I'd ask you if this refreshes your recollection

2 as to who was Federal Housing Commissioner at the time
2 the Jacksonville Metropolitan Dade County units were
2 funded? Just read that to yourself, please.

2 A May 7, 1987. Yes, definitely was Tom Demery.

1498

1 Q And he signed off on the approval for that, did he
2 not?

3 A Yes, sir.

4 Q And Chris Oliver was his assistant at the time, was
5 she not?

6 A I'm sure she was.

7 Q Now, that decision was made on May 7, 1987,
8 correct?

9 A Yes, according to that, yes, sir.

10 Q Now, in that three month period prior to that you
11 had met with Demery on occasion, isn't that right?

12 A I honestly do not know. You must have his
13 appointment book. If it's on there I'm sure I did.

14 Q I'll show you what I've marked for identification
15 as Dean Exhibits 151 and 152.

16 THE DEPUTY CLERK: Dean Exhibits 151 and 152
17 marked for identification.

20 BY MR. WEHNER:
21 Q With specific reference to January 27th of 1987 and
22 specific reference to January 29th of 1987.
23 A okay.
24 Q Now, you did in fact meet with Mr. Demery on
25 January 29th of 1987, correct?

1499

1 A It says I did on that. I guess I did. I certainly
2 don 't remember that meeting. I know I met with him. I
3 just don't remember what day.
4 Q If you met with him on January 29, 1987 would not
5 you have discussed the Mod Rehab units in Jacksonville?
6 MR. O'NEILL: Objection, Your Honor.
7 THE COURT: I'll sustain the objection the way
8 if s asked. It's speculation.
9 BY MR. WEHNER ••

10 Q Did you discuss the Mod Rehab units in Jacksonville
11 with him when you met with him on January 29, 1987?
12 MR. O'NEILL: Objection again, Your Honor.
13 THE COURT: What's that? I missed it.
14 MR. WEHNER: I said did you.
15 MR. O'NEILL: He has stated several times if
16 the notes --
17 THE COURT: All right I'll let him ask it
18 again.
19 A Now, I'm sorry.
20 Q Did you discuss with Tom Demery on January 29, 1987
2 the Mod Rehab units to Florida that were ultimately
2 funded on April 7, 1987?
2 A I do not know.
2 Q Did you - do you recall that you called Mr. Demery
2 on January 27th of 1987?

1500

1 A No, sir, I don't.
2 Q I'll show you Dean exhibit 151 again and ask you if
3 that refreshes your recollection that you in fact called
4 Mr. Demery on January 27, 1987?
5 A Why would this document make me remember that?
6 Q Because you asked to see Mr. Demery's phone logs
7 and that's what I'm showing you.
8 A well, but that says, "Mr. Kitchen would like to
9 visit with you." I'm not supposed to read that.

10 Q Do you recall a telephone call from Mr. -
11 A It could have been my secretary. It could have
12 been somebody who worked for me. Obviously somebody
13 called him and said I would like to meet with him. I'm
14 not trying to evade you. I probably did, but I don't
15 remember.
16 Q Okay, but I'm trying to get your best recollection
17 that you recall having a meeting arranged with Tom
18 Demery on January 29, 1987, correct?
19 A Not seeing that, I would have no idea. Looking at
20 that, it appears that I did.
21 Q Very good. Okay. Now, January 27, 1987 is the

22 date that meeting was arranged, according to this, isn't
23 that right?
24 A Yes, sir.
25 Q Okay. Now, do you recall the date upon which

1501

1 application was made to the Housing Authority for those
2 units?
3 A Made to the Housing Authority?
4 Q Yes.
5 A By -
6 Q By the developer.
7 A No.
8 Q Do you recall that it was January 27, 1987, the
9 exact same day your office called for an appointment
10 with Mr. Demery?
11 A No, but I can certainly speculate from that if
12 that's the date they made application I certainly would
13 have been talking about those units to him because that
14 would have had to have been a week or so before.
15 Q Before the application went to the Housing
16 Authority?
17 A Well, the process of that is, or was, that the
18 housing units were, I think, delivered in this instance
19 to Atlanta and Atlanta then delivers them, I think, to
20 Jacksonville and then Jacksonville delivers them to the
2 Housing Authority.
2 Q But it's true, is it not, that the application has
2 to be made to the local Housing Authority before any of
2 that can happen, isn't that right?
2 A What?

1502

1 Q Isn't it true that the application has to go to the
2 local Housing Authority first before -3
THE COURT: I think he's talking about the
4 developer's application to get units has to be filed
5 with the local housing authority.
6 THE WITNESS: Yeah, but not first. That's
7 what I don't understand. I don't understand what you're
8 saying has to be filed first to cause what.
9 BY MR. WERNER:
10 Q Before units can be sent from HUD Central anywhere
11 for Mod Rehab, isn't it true that there has to be an
12 application with the local Public Housing Authority?
13 A No, sir.
14 Q You don't believe that that's the case.
15 A I don't believe that's the case. I believe the
16 local Housing Authorities can make application for units
17 anytime they want to. The allocations don't come but
18 every so often. But I don't believe that the Housing
19 Authority has to have an application from a developer in
20 order to make an application. I could be wrong, but
2 that's what I believe.
2 Q Is it your understanding that a local Housing
2 Authority has to have applications on file before funds
2 would be awarded to them for Mod Rehab units?
2 A No, it's my understanding they have to show a need.

1503

1 Q And this is before any applications are made to the
Page 847

allbinders as word for experiment.txt
2 local Public Housing Authorities?
3 A I believe that is correct. Actually I believe that
4 when an allocation comes to a Public Housing Authority I
5 believe the regulations call for that Housing Authority
6 to advertise that availability of units in the newspaper
7 for some period of time and during that period of time
8 applications can be received.
9 Q Have you ever heard of a pipeline?
10 A Several times.
11 Q Okay. Do you know what a pipeline is with regard
12 to the Metro-Dade Public Housing Authority?
13 A I can guess what you're talking about.
14 Q No, no, isn't it true that the Metro-Dade Public
15 Housing Authority, according to testimony that the jury
16 has already heard -17
MR. O'NEILL: Objection, Your Honor.
18 THE COURT: All right, I'll sustain it the way
19 the question is asked.
20 BY MR. WEHNER:
2 Q Isn't it true that the Metro-Dade Public Housing
2 Authority had a pipeline or a number or a group of
2 developer applications on file?
2 A If they did I'm not aware of it.
2 Q You're not aware of it.

1504

1 A No, sir.

2 Q would you recognize Chris Oliver's handwriting if
3 you saw it?

4 A I don't think so, sir.

5 Q what about Tom Demery's handwriting, would you
6 recognize his?

7 A No, sir.

8 Q I'm going to show you what I've marked for

9 identification as Dean Exhibit number 147, and I ask you
10 to look at the handwriting in the upper righthand corner
11 of that and ask you if that's your handwriting?

12 A That? That part?

13 Q Any of the writing in the upper righthand corner.

14 A I don't believe it is, no, sir.

15 Q And you wouldn't recognize it if it was

16 Mr. Demery's handwriting?

17 A I would or would not?

18 Q You wouldn't recognize it.

19 A No, no.

20 Q Or Chris Oliver's handwriting, would you?

2 A No.

allbinders as word for experiment.txt

2 Q Finally, Mr. Kitchin, I'm going to direct your
2 attention to the time period of October 27 and October
2 29 of 1986. And I know as you sit here today you don't
2 have any specific recollection of where you were and

1505

1 what you were doing on those two dates. But I'm going

2 to show you what's been marked for identification as

3 Dean Exhibit 153.

4 THE DEPUTY CLERK: Dean Exhibit 153 marked for

9 Q Which are a series of phone toll records for that
10 period of time from your office. And I ask you to
11 review those and tell the jury if you were in Atlanta
12 during that time period or were you in Washington during
13 that time period?

14 A You know, I'm sure this thing says that it's from
15 my office. I don't see that, but -- I really can't read
16 it.

17 Q Let me help you. Do you see the dates October
18 27th, October 28th, 29th?

19 A Yes.

20 Q Do you see the telephone calls Washington,
2 Washington, Washington, Charlotte, New York, Ashville,

2 Charlotte, Macon, Charleston?

2 A Yes.

2 Q And the numbers called?

2 A Yes.

1506

1 Q Now -2

A Does that say somewhere that I don't see, that it
3 was from my office? 233 -4

Q Here it is, 5162.

5 A I of course no longer have that number and I assume
6 that that's my number but I -- or was then. I don't -7

Q Does that refresh your recollection or does that
8 let you know where you were on those dates?
9 A No, sir, I probably was in my office in Atlanta.
10 Jack Jennings called all of these places as often as I
11 did. It does not tell me what -I'm
not going to argue
12 whether I was in Atlanta or not.
13 Q Your best recollection is that you would have been
14 in Atlanta at that time?
15 A I don't have a recollection one way or the other.
16 I traveled a great deal then.
17 MR. WEHNER: May I have a second, Your Honor?
18 THE COURT: All right.
19 MR. WEHNER: No further questions, Your Honor.
20 THE COURT: All right. Thank you.
2 THE COURT: Redirect?
2 MR. O'NEILL: Yes.
2 MR. O'NEILL:
2 REDIRECT EXAMINATION
2 BY MR. O'NEILL:

1507

1 Q Mr. Kitchin, on cross-examination Mr. Wehner asked
2 you about several dealings you may have had with Miss
3 Dean. Did you socialize with Miss Dean?
4 A Yes.
5 Q And how often?
6 A When I was in Washington and, you know, I don't
7 know how to answer how often.
8 Q In excess of one time?
9 A Yes.
10 Q When you would go out to dinner would there be
11 other people there as well? Would there be more than a
12 few? How would you describe these occasions?
13 A There was usually a group of people.
14 Q Do you remember any of the other people?
15 A Linda Murphy and her husband, from time to time. I
16 don't specifically remember. Some people from HUD.
17 Q Now, you were asked about Linda Murphy on
18 cross-examination. This is the first time her name has
19 come up. Who is Linda Murphy?
20 A Linda Murphy is a lawyer here, was a lawyer, I
2 guess still is, a lawyer here in Washington who had, I
2 guess in a previous administration, had worked at HUD.
2 Q And what if anything was her relationship with
2 Deborah Dean?
2 A They seemed to be friends.

1508

1 Q Now, Mr. Wehner asked you about a number of
2 questions about your relationship with Miss Christine
3 Oliver. What was her position at HUD?
4 A I don't know her title. I assume it was Special
5 Assistant to Tom Demery.
6 Q When did your relationship with Miss Oliver begin?
7 A He knows the dates better than I do. I don't know
8 when.
9 Q You mentioned during cross-examination about the
10 Republican National Convention.
11 A Yes, that was the summer of '88.

allbinders as word for experiment.txt

12 Q Did you have a relationship with her before that?

13 A I knew her before then and I had worked with her at
14 HUD before then.

15 Q And how long did you know her before the summer of
16 '88?

17 A I -- I would say that I met her within a month's
18 time or two months' time of whenever Tom Demery was --
19 became the Housing Commissioner.

20 Q Now, you stated during cross-examination when asked
2 about trying to get units to the local PHA's, as a
2 consultant,, did you work with the local PHA's?

2 A No, sir.

2 Q You were asked a number of questions about a
2 meeting with the defendant Deborah Gore Dean over drinks

1 at the Four Seasons Hotel. Do you recall that, those

2 questions?

3 A Yes, sir.

4 Q Do you recall when that would have been?

5 A November, December of '87, I guess.

6 Q Let me show you a document that's previously been

7 marked as Government's Exhibit 7H for identification.

8 MR. WEHNER: Your Honor, could we approach

9 briefly?

10 THE COURT: All right.

11 (Bench conference)

12 MR. WEHNER: That is a portion of Miss Dean's
13 calendar dated June 26, 1986. I understand that

14 Mr. O'Neill is going to use it to refresh his
15 recollection as to a meeting at the Four Seasons with
16 Mr. Kitchin which is in fact an entry found on the day
17 of June 26, 1987. I object to the use of this to
18 refresh the witness' recollection, based upon the
19 previous argument that using Miss Dean's calendar
20 violates Miss Dean's Fifth Amendment privilege against
2 self-incrimination.

2 THE COURT: what's your response to that?

2 MR. O'NEILL: I quite frankly do not see any
2 legal basis under the law for ever using anything to
2 refresh someone's recollection.

1510

1 THE COURT: You could use notes of an illegal
2 search that's been suppressed?
3 MR. O'NEILL: I believe you can. You can use
4 a confession for a variety of different reasons. You
5 just can't bring it out on your direct case. Judge, if
6 you have qualms, I'll withdraw it.
7 THE COURT: See if it refreshes his
8 recollection and not read it to him.
9 MR. O'NEILL: I'm going to tell him again to
10 read it to himself.
11 THE COURT: whether that was December, '87
12 that he just talked about or whether it was another
13 time. I don't know.
14 MR. WEHNER: Just for the record, I'm not sure
15 that you can use evidence gathered in violation of the
16 Fifth Amendment in a criminal trial as opposed to Fourth
17 because the violation of the Fifth Amendment goes
18 directly to the defendant and I think Mr. O'Neill may be
19 incorrect correct, and I would bring it to the Court's
20 attention. It's going to be a neat issue upstairs if we
2 ever get that far.
2 THE COURT: I'll overrule the objection.
2 (Bench conference concluded)
2 THE DEPUTY CLERK: Government's Exhibit 7H
2 marked for identification.

1511

1 (Government's Exhibit 7H
2 marked for Identification)
3 BY MR. O'NEILL:
4 Q Now, Mr. Kitchin, did you have more than one
5 meeting at the Four Seasons with Deborah Dean?
6 A I don't think so.
7 Q I'm going to show you Government's Exhibit 7H for
8 identification and since it is not in evidence, do not
9 read it, and I just ask you to look at it.
10 A Okay.
11 Q Does that document refresh your recollection as to
12 when you met with Miss Dean?
13 A I knew I had a meeting with her there, and this
14 document tells me that's the day it was.
15 Q And when was that?
16 A Oh -I
can't read that document.
17 Q It's not whether you can read it, sir, the question
18 is does it refresh your recollection as to -19
A Yes, I did have a meeting on that day. I just
20 cannot read the year, I'm sorry.
2 Q Now, do you know when Miss Wiseman left HUD?
2 A I - do I recall the date?
2 Q Yes.
2 A No, sir.
2 Q Or the approximate time period?

1512

1 A It would have been in '87, I would imagine.
2 Q Do you even know whether Miss Wiseman was at HUD
3 when you had this meeting with Deborah Dean at the Four
4 Seasons Hotel?
5 A I do not know.
6 Q Now, it was mentioned on cross-examination that you

allbinders as word for experiment.txt
7 might have discussed the Mod Rehab program with several
8 individuals, including Hunter Cushing. Who was
9 Hunter Cushing?

10 A Hunter was an employee there. He worked in the
11 Multi-Family Section. I cannot recall his title.
12 Q In these -- on these occasions that you socialized
13 with the defendant Deborah Gore Dean was Hunter Cushing
14 at any of these dinners?
15 A I can recall being in a group that he was in, yes.
16 I don't remember where I was or anything, but I can
17 remember being with him.
18 Q Now, Mr. Kitchin, why did you loan the \$4000 to
19 Deborah Gore Dean on April 7, 1987?
20 A As I stated, you know, to the best I can remember,
2 it was in a period of time that she was going through
2 these hearings, senate confirmation hearings, and she
2 expressed to me the need for some funds. That's the
2 best I can say.
2 Q Did she say why she needed the funds?

1513

1 A I believe it was just to pay back bills or
2 something of that nature.
3 Q And did she state what bills?
4 A Not to me.
5 Q Let me show you a document that is not marked in
6 evidence. Does that refresh your recollection as to why
7 she requested \$4000?
8 A Well, like I said, she had some bills she wanted to
9 get out of the way and I think it was a tough time for
10 her.
11 Q And does that refresh your recollection as to what
12 type of bills?
13 A I only notice it says credit card bills.
14 MR. O'NEILL: I have no further questions.
15 THE COURT: All right.
16 MR. WEHNER: Very brief recross, Your Honor?
17 THE COURT: In those areas that were just went
18 into.
19 MR. WEHNER: Yes, sir.
20 THE COURT: All right.
2 RECROSS EXAMINATION
2 BY MR. WEHNER:
2 Q With regard to Hunter Cushing, do you remember
2 driving with Miss Dean and Hunter Cushing to pick up an
2 automobile in early 1987?

1514

1 A Yeah. I remember driving to pick up an
2 automobile. I don't know when it was.
3 Q And during that time do you remember any
4 conversation about something called Designing Women or
5 DW?
6 A No, sir.
7 Q Did you have a recollection of later that night
8 Miss Dean driving with you alone later that evening?
9 A I've been in a car with Miss Dean alone when she
10 was driving. I don't know whether it was that evening
11 or not.

12 Q On that evening do you recall that she wrote you a
13 check to repay you for the loan?
14 A No, sir.
15 Q You have no recollection of that whatsoever?
16 A None.
17 MR. WEHNER: I'm finished, Your Honor.
18 THE COURT: Mr. Kitchin, you can step down.
19 MR. O'NEILL: Excuse me, Your Honor.
20 FURTHER REDIRECT EXAMINATION
2 BY MR. O'NEILL:
2 Q whose automobile was that you were going to get?
2 A It was Miss Dean's.
2 Q what type of car was it?
2 A I think it was a Volvo or a Sterling or -

1515

1 Q Was it new or used?
2 A I don't know.
3 MR. O'NEILL: No further questions.
4 THE COURT: Thank you, Mr. Kitchin, you're
5 free to go, sir
6 THE WITNESS: Thank you
7 THE COURT: All right, ladies and gentlemen,
8 we'll take a luncheon recess.
9 I've got a matter at 1:15 here in Court in
10 another case so I would say to come back about 1:35.
11 That would give me about 15 minutes or so. So I'll see
12 you at 1:35. Remember the admonitions over lunch about
13 not talking with anyone or among yourselves during
14 lunch. It's a good day. why don't you go outside?
15 (Jury dismissed)
16 THE COURT: All right, 1:35, please.

AFTERNOON SESSION

2 (1:50 p.m.)
3 (Defendant present, Jury out.)
4 THE COURT: All right, bring the jury in.
5 who's your next witness, please?
6 MS. SWEENEY: Jack Jennings.
7 THE COURT: All right, thank you.
8 (Jury in.)
9 THE COURT: All right, Ladies and Gentlemen, we're
10 ready to go for the afternoon session.
11 The government will call their next witness, please,
12 MS. SWEENEY: The United States calls Jack Jennings.
13 JACK JENNINGS, GOVERNMENT'S WITNESS, SWORN
14 DIRECT EXAMINATION
15 BY MS. SWEENEY:
16 Q. I'm going to ask you a number of questions, Mr. Jennings,
17 and I'd ask that you keep your voice up so the members of the
18 jury can hear.
19 A. Okay.
20 Q. would you kindly state your name for the record, spelling

21 your last name for the court reporter?

22 A. Okay. My name is Jack Jennings, and the last name is

23 J-e-n-n-i-n-g-s.

24 Q. Are you presently employed, Mr. Jennings?

25 A. Yes, I am.

1517

1 Q. And how are you employed?

2 A. I'm an attorney. I practice law on my own. I'm self-

3 employed.

4 Q. What type of practice do you engage in?

5 A. I do some civil work and some criminal defense work.

6 Q. Could you briefly describe your educational background for

7 the members of the jury?

8 A. Okay. I graduated from the University of Virginia in 1980

9 with a B.A. in English, and then I graduated from Mercer Law

10 School in 1983. Mercer is in Macon, Georgia.

11 Q. Is your practice at this time in Atlanta, Mr. Jennings?

12 A. Yes. I live and practice in Atlanta, yes.

13 Q. Do you know an individual named Lou Kitchin?

14 A. Yes, I do.

15 Q. And when did you meet Mr. Kitchin?

16 A. I met Lou Kitchin in 1984. I worked on the Reagan-Bush

17 campaign in Georgia in '84 and met him during that.

18 Q. You say that you were working on the campaign. Was

19 Mr. Kitchin a supervisor of yours at that time?

20 A. Yes, he was. I worked on the state level, just in the State

2 of Georgia, and Lou was the regional political director at the

2 time for the South, and so Lou was one of my, he was a supervisor

2 of mine. He was several levels above me, but that's what he did,

2 and that's how I met him was during that campaign.

2 Q. Did there come a time later on when you and he discussed

1518

1 your going to work for him?

2 A. Yes. When the campaign was over at the end of '84, I was a

3 full-time employee of the Reagan-Bush campaign, and I was looking

4 for work, and he knew that, and he was trying to help me find

5 things, and then later on, I guess it would have been, it would

6 have been at the beginning of '86, around the beginning of 1986,

7 he contacted me and discussed my coming to work with him, and we

8 talked for about half a year about it. I was still living in

9 Macon, Georgia, at the time. He was in Atlanta. And then he

10 offered me a job, and I went to work for him in September of '86.

11 Q. What was your understanding of what your role would be when

12 you joined him in September of '86?

13 A. Okay. He, Lou had, Mr. Kitchin had at the time a company

14 called Lou Kitchin Consultants, Inc., that was in Atlanta, and it

15 was a small company. It was basically Lou and some support

16 staff, and then he hired me.

17 And it was a governmental relations consulting firm.

18 The company represented clients. They could either be

allbinders as word for experiment.txt
19 individuals or partnerships, companies. Sometimes they were
20 public entities, like cities.
21 And the company represented them in their dealings with
22 the federal government. Most of the work that the company did
23 was with HUD.
24 Q. Do you know the defendant, Deborah Gore Dean?
25 A. Yes, I do.

1519

1 Q. How did you meet her?
2 A. I met her through working with Lou.
3 Q. Do you recall when it was that you met her?
4 A. The first time I met her was in December of '86. I don't
5 remember exactly when. I mean, I don't remember the date, but it
6 was at Christmastime of '86.
7 Q. Do you recall what her job was at that particular time?
8 A. She was the, I think, the executive assistant to Mr., to Sam
9 Pierce, to the secretary of HUD.

10 Q. Did there come a time when Lou Kitchin discussed with you
11 transferring some money to the defendant?
12 A. Yes. Yes, there did.
13 Q. And do you recall when that was?
14 A. I'm not exactly sure of when it was. I think, I think it
15 was in '87, but I'm not positive of the exact month. It was
16 during, I remember it was during professional basketball season.
17 Q. Are you a sports fan, Mr. Jennings?
18 A. Yes.
19 Q. Is Mr. Kitchin a sports fan?
20 A. Yes. Lou and I are both sports fans, or at least he was at
2 the time. And I remember, because Lou and I had been talking

2 about Hawks basketball.
2 Q. Was anyone else present?
2 A. No. what happens was it was a small office, and it was
2 about six or seven in the evening, and everybody had gone home

1520

1 except for Lou and I, and Lou came in my office, said he wanted
2 to talk to me, so I went in his office. That was not uncommon.
3 Usually we were the last two there, and we would talk.
4 And we were talking about Hawks basketball. I can't
5 remember exactly what we were saying, but we were having sort of
6 an in-depth discussion about Hawks basketball, and then he almost
7 in mid-sentence stopped talking and said that, that he was
8 thinking about --he said that Debbie had bought some furniture,
9 that Debbie Dean had bought some furniture and that he was
10 thinking about giving her some money for the furniture. I think
11 it was around \$4,000 he was talking about, but I can't remember.
12 Q. Do you recall whose furniture it was?
13 A. Well, what he told me, as I recall, was that Debbie had
14 bought some furniture, and I don't know, I either don't recall or
15 he didn't tell me whether she had, you know, paid cash for it or
16 charged it or whatever, but what he said was that she had
17 purchased some furniture and that she needed around \$4,000, as
18 best I can recall, and that he was thinking about giving her the
19 money.
20 And he asked --he was telling me about it, and he was
21 asking me about it, what did I think.

22 Q. And what was your response?

23 A. Well, at first, to be honest with you, like I say, because
24 we were talking about basketball and all of a sudden, boom, he
25 switches and starts talking about this, I thought it was some

1521

1 kind of joke. I just thought it was some sort of joke. I didn't
2 know what was going on.
3 But then he kept talking about it, so I realized he was
4 serious, that, you know, something was going on about some
5 furniture and whatever, and I told him that I didn't think it was
6 a good idea, and he said, "well, why not?"
7 And I said, "well," I said, "Lou, I don't know if
8 there's any kind of law against that, but I just," I said, "you
9 know, this is a consulting firm. You're a consultant. You do
10 business with Debbie. She's very high up in HUD, and it just to
11 me doesn't look right that you're giving her money."
12 And he said, "well, I'm not giving her money. All I
13 would be doing is lending her the money for this furniture."
14 And I said, "Lou, it's my understanding that Debbie is
15 from a wealthy family. Why can't she get the money herself from
16 some other source?"
17 And I can't remember exactly, he said that, I don't
18 know, that she was in a financial bind or something and that she
19 had mentioned needing \$4,000 for some furniture and he was
20 thinking about giving her, lending her the money.
21 And it concerned me, and I told him it concerned me,
22 that it just appeared inappropriate to me to be doing that.
23 Q. Do you recall if the defendant was working at HUD at the
24 time that you had this conversation with Mr. Kitchin?
25 A. I can't remember exactly when he told me about this. I

1522

1 can't remember exactly when he told me, but yes, she was at HUD
2 when -- she was at HUD when all this was going on.
3 Q. Do you recall anything else about this conversation?
4 A. Well, again, I just remember that, like I say, at first I
5 thought it was some sort of bizarre joke, because it happened so
6 quickly. I mean, he just in mid-sentence starts talking about
7 it.
8 Then when I realized he was serious about it, I was
9 very concerned, because it just did not -- again, I didn't know
10 whether it was a violation of anything, but I explained to Lou
11 that in Georgia, there's a code of ethics for attorneys, and
12 attorneys, one thing they're not supposed to do is even if
13 something is legal, if it gives the appearance of impropriety,
14 they're not supposed to do that, and I sort of used that as an
15 analogy for Lou.
16 I said, "Lou, I think you're crazy to even be
17 discussing this, because it just does not look good, and I don't
18 think you should be doing it." And then I did ask him, I said,
19 "Lou, if you're going to do this, how are you going to do it?"
20 Because he, he kept saying there's nothing wrong with it. And I
21 said, "Lou, I just think it's a mistake."
22 And he said that what he would do is he would write her
23 a check.
24 And then at some point -- and I don't remember if it
25 was during that conversation or if it was later on -- he told me

1523

1 that, in fact, he had written her a check, and I don't know the
2 exact amount; I think it was -I

allbinders as word for experiment.txt
really just don't remember the
3 exact amount. I think it was \$4,000.
4 And he said that he'd written on the part where he put
5 what the check is for, he said that he put "loan" on there.
6 Q. Did Mr. Kitchin discuss with you any terms of the so-called
7 loan?
8 A. No, and --no. I asked him, I said, you know, "Lou, is she
9 really going to pay you back?"
10 And he said, "well, I put on the check 'loan.1 If she
11 pays me back, she pays me back. If she doesn't, she doesn't."
12 Q. Did you have any subsequent conversations with Mr. Kitchin
13 about this transfer?
14 A. Yes, I did, and again, I cannot remember -- like I say, the
15 night that he and I were talking about basketball and all of a
16 sudden he switches and starts talking about Debbie and furniture
17 and the money, after, after that conversation, he told me that,
18 in fact, he had written her the check, and I can't remember if it
19 was that same evening or if it was shortly thereafter, but at
20 some point after that conversation, he did say that yes, he had,
2 in fact, written her the check.
2 And then at some point after that, he said that he had
2 gotten the check back from the bank, that it had come back in his
2 statement, and that he had either destroyed the check or hidden
2 it.

1524

1 Because I said, "Lou, you know," I said, "this is
2 stupid that you've done this," and -- because I remember he said
3 he made the check out to Debbie. I asked him, "who did you make
4 the check out to?"
5 And he said, "I made it out to Debbie Dean."
6 I said, "Lou, you know, when you write a check, the
7 bank -- just because you tear up or hide the actual check you've
8 written, the bank keeps a copy of that somewhere."
9 Q. I'm going to change subjects to the Mod Rehab Program, and
10 the jury is somewhat familiar with that program.

11 A. Okay.
12 Q. During the time when the defendant was executive assistant
13 to Secretary Pierce, were you aware of Mr. Kitchin's work on mod
14 rehab projects?
15 A. Yes.
16 Q. And did he discuss funding rounds with you?
17 A. Yes, he did.
18 Q. Do you recall what he said to you?
19 A. Lou Kitchin Consultants, we, the company, we had clients,
20 developers that were interested in mod rehab units, and the
2 company would look at these projects and analyze whether they

2 were appropriate form or whatever, and Lou would talk with Debbie
2 to try to get mod rehab units, and on several occasions, he told
2 me that he was able through talking to her to get the mod rehab
2 units, and he showed me on a couple instances, I guess they were

1525

allbinders as word for experiment.txt
1 either what you'd call a 185 or a 185.1, I can't remember, it's a
2 written document from HUD that states where the money for mod
3 rehabs is going --
4 Q. Did Mr. Kitchin tell you where he had gotten the 185s or the
5 185.1s, the document you just referred to?
6 A. He'd gotten them from Debbie somehow.
7 Q. Do you recall which projects these particular funding
8 documents related to?
9 A. There was a project in Atlanta -- and I can't think of the

10 name of the project. There was a developer named Nick Bazan, it
11 was a project in Atlanta, I can't remember the names of the
12 apartments, and then there was one, there was a guy, Claude Dorsy
13 and Jim Mitchell, and they were working on some projects in
14 Florida. They were in Miami and Jacksonville, I think, and I
15 can't remember the names of the projects, but --
16 Q. Did Mr. Kitchin ever talk to you about looking at apartments
17 to buy or rent in the Washington, D.C. area?
18 A. Yes, he did.
19 Q. Do you recall when, when it was that he spoke to you about
20 apartments?
2 A. I really can't remember, no. He -- no.
2 Q. Do you recall what he said to you?
2 A. Yes. I don't remember when this was. I worked for Lou from
2 September of '86 until about the end of '89, so it would have
2 been somewhere in that time period.

1526

1 I don't remember the details, but there was either a
2 condo or an apartment. I don't think it was a house; I think it
3 was either a condo or an apartment, and either Debbie owned it or
4 somebody in Debbie's family owned it, and they wanted to, to
5 lease it out, and so he mentioned to me on several different
6 occasions that he was thinking about leasing it, and I didn't
7 think it was a good idea, but yeah, he mentioned it to me.
8 Q. Why was it that you thought it was not a good idea?
9 A. There were a couple reasons. One was just kind of from a,
10 from a business standpoint. The company was not doing that well,
11 and I just thought it was too much money. I can't remember how
12 much he was talking about, but it was a, you know, fair amount of
13 money, and I just thought it was too much money for the company
14 to be spending renting an apartment or a condo, whatever it was.
15 And then also, I just felt like that Lou or I or nobody
16 from the company went up enough to Washington to justify having
17 an apartment or a condo up there.
18 Q. Did there come a point in time when you learned that the
19 defendant was seeking a HUD job other than the executive
20 assistant slot?
2 A. Yes. I knew Debbie was, she was trying to become the
2 assistant secretary, I guess, for CPD, for Community Planning and
2 Development.
2 Q. Did Mr. Kitchin ever discuss with you whether he supported
2 her efforts to become assistant secretary for CPD?

1527

1 A. Yes. He told me that, what he said was that actually she,
2 that Debbie would be of more help to us where she was as
3 executive assistant, but that being the assistant secretary was
4 something that she really wanted and that therefore he was going
5 to help her get that.

allbinders as word for experiment.txt

6 Q. Did he tell you what type of help he was going to give her?

7 A. I know he -- I can't really remember who he called or wrote,
8 but I know he made some phone calls on her behalf and sent some
9 letters and maybe some fax's, and he -- I'm not exactly sure who
10 he contacted. I know he knew the people at the White House very
11 well, and so I'm assuming those were some of the people he spoke
12 with.

13 Q. Do you have any idea of when in time this would have been,
14 Mr. Jennings?

15 A. I started work in September of '86, and I think it was in
16 '87 when she was trying to get that job, like in the middle of
17 '87 when she was trying to get the job, I think.

18 Q. While you were working for Mr. Kitchin, did you or he do any
19 work on projects that were under the jurisdiction of the
20 Community Planning and Development?

21 A. Yes.

22 Q. What type of work would that have been?

23 A. We did some -- we were not successful, but we did some UDAG
24 work, that's Urban Development Action Grant, which comes under
25 CPD, and then there's a program, it's a Section 106(b), which I

1528

1 think is a loan guarantee program, I can't remember, that was
2 under CPD. And then some of the technical assistance grants were
3 under that. And HUD has got, they've got just a ton of different
4 programs. They've got a whole bunch of them.

5 And Lou and my's involvement was just with a relatively
6 small number of these programs, and the UDAG grant interested me
7 just in the way it was set up, and I discussed it with Lou, and
8 he said, "Yeah, you know, we ought to try to go do some UDAGs,
9 because that might be something that we could find some
10 developers and get some business from," and he said, "Especially
11 since Debbie wants to be the assistant secretary of CPD, that
12 would be nice for us to be doing some projects that are under
13 her, you know, her new umbrella of authority will be."

14 Q. Did there come a time when you left Lou Kitchin Consultants,
15 Inc.?

16 A. Yes, I left -
yes.

17 Q. And when, when was that?

18 A. Well, my last paycheck was the end of '89. I don't remember
19 whether it was November or December. It was the end of '89. Lou
20 was having some financial problems and wasn't able to pay me, and
21 I actually, so I guess technically I stopped working there at the
22 end of '89, and I actually stayed on and used his office space -
23 he had signed a long-term lease -

until, I think it was March of
24 '90. So I was still there in his office for a while, but I quit
25 working at the end of '89.

1529

1 MS. SWEENEY: Okay. No further questions, Your Honor,

2 THE COURT: All right. Are you ready for cross?

3 CROSS EXAMINATION

BY MR. WEHNER:

5 Q. Sir, do you know an individual by the name of Christine
6 Oliver?

A. Yes.

allbinders as word for experiment.txt

8 Q. Have you met her?

9 A. Yes. I met her maybe only once, but I've met her.

10 Q. Are you aware that, that Mr. Kitchin had a romantic relationship with Ms. Oliver?

12 A. Yes, he did mention that to me, and I sort of thought that.

13 Q. Okay. And are you aware as to when that romantic interest began, romantic situation began?

15 A. I can't tell you the exact date. I know that after Debbie -- Debbie wanted to be the assistant secretary of CPD, and I can't remember the exact chronology, but that got messed up, and so she ended up leaving the executive assistant --or whatever her slot was. Chris -- and Lou started working then with Chris Oliver and Tom Demery on mod rehab units in particular, and it's my recollection, best I can recollect was Lou and Chris were buddies after Debbie kind of was out of the picture, so to speak.

24 Q. So your recollection from '88 to '89 at least is that Lou Kitchin dealt with Chris Oliver and Tom Demery with regard to mod

1530

1 rehab; is that correct?

2 A. I can't say now '88 and '89. I can't remember the exact time period, but whenever --

4 Q. Best recollection.

5 A. After Debbie was not able to be any help with mod rehabs, then Lou started dealing with Chris Oliver and Tom Demery. I apologize, I just can't remember exactly when that was.

8 Q. Do you recall how early or late in September you went to work for Mr. Kitchin in 1986?

10 A. At the very beginning of September.

11 Q. Okay.

12 A. It was September 2. I remember, because my mother's birthday was September 1.

14 Q. Okay. And do you recall that the Atlanta Mod Rehab Program was funded shortly thereafter?

16 A. Yes.

17 Q. That would have been on or about September 12, 1986? Do you have any recollection of that?

19 A. I can't remember the exact date, no.

20 Q. Okay. Do you recall that Mr. Kitchin had various habits in terms of talking on the telephone with various individuals, that on some occasions he would shut his door and other occasions he would leave it open?

24 A. Yes.

25 Q. And do you recall whether he kept the door open or shut when

1531

1 he was talking to Ms. Dean?

2 A. A lot of times, he would have it shut. Now sometimes I'd be in there with him, but a lot of times, he would have it shut.

4 Q. When you were in there with him, did you listen into the conversation?

6 A. Yeah, because he would have me in there so I could listen to the conversation. Yes.

8 Q. Did you listen in on the conversations that he had with Chris Oliver?

10 A. On some. Again, kind of the same thing. On some of them,
11 he would call me in there, and I'd be in there, and then on
12 others, you know, I wouldn't hear.
13 Q. Okay. You, I believe, have talked to the Independent
14 Counsel or agents of the Independent Counsel several times -15
A. Right.
16 Q. -- over the past few years?
17 A. Yes, that's correct.
18 Q. Do you recall telling them that Mr. Kitchin dealt
19 differently with Mr. Demery on the telephone than he did with
20 others?
2 A. I don't recall having told them that, but I may have told
2 them that, because he was a man. I mean, he is a man, Tom Demery
2 is.
2 Q. So he dealt differently with men than he did with women?
2 A. Well, he would talk on the phone, Lou would, when he was

1532

1 talking to Debbie and to Chris, it was different from how when he
2 would talk to Tom Demery.
3 Q. Okay. How was it different?
4 A. He was friendlier with Debbie than he was with -- I mean,
5 more --he was friendlier with her than he was --
6 Q. Flirtatious?
7 A. Yeah, in some respects. He, obviously, was not flirtatious
8 with Tom Demery.
9 Q. At the time he was flirtatious with Ms. Dean, was he also
10 being flirtatious with Ms. Oliver, or do you not connect those
11 two in your, in your own mind?
12 A. Wait a minute, I'm sorry. I don't remember.
13 Q. I'm just trying to get some chronology here as to when he
14 was being flirtatious with Ms. Dean and when he was being
15 flirtatious with Ms. Oliver.
16 A. Again, you know, I just can't remember, but as I recall, the
17 whole reason that Chris Oliver comes onto the picture with Lou is
18 because Debbie Dean is not the executive assistant and is not
19 able to help out, is not able to help Lou out, and I can't tell,
20 I just can't remember, you know, exactly when that is. But the
21 thing with Chris is after with, with Debbie Dean.
22 Q. Okay. Do you recall Mr. Kitchin telling you what Ms. Dean
23 would do to help him out?
24 A. What he said is that she would try to get us the units, the
25 units sent to the different cities where we had the developers.

1533

1 Q. Did you know about Mr. Kitchin's prior history when he made
2 those statements to you?
3 A. His prior history?
4 Q. Exactly. With regard to statements that he'd made regarding
5 his ability to get favors done from politicians.
6 A. I'm not following. I'm sorry, I'm not --
7 Q. Was Mr. Kitchin pretty bragging -- did he brag about how he
8 could get favors done by politicians?
9 A. Okay. He did at times, but since I worked for Lou, there
10 were times when maybe when he was talking to a developer, when he
Page 862

allbinders as word for experiment.txt

11 might puff stuff, but when --

12 Q. What did he puff? Give an example of what he would say to a
13 developer that was puffing.

14 A. Well, he would tell developers about how he'd, you know,
15 been in a lot of meetings with the President and that kind of
16 thing.

17 Q. What specifically dealing with HUD?

18 A. I don't know that he --

19 Q. I mean, he was selling his services, wasn't he?

20 A. Right.

21 Q. Okay. And he was puffing in the sense that he was bragging
22 about his Washington contacts; isn't that right?

23 A. Well, but not really with HUD. I mean, he would brag about
24 the political contacts, like, with the politicians, but the HUD
25 stuff, I don't, I never really saw him brag about the HUD stuff.

1534

1 I mean he, what he felt like was mod rehabs, for
2 example, he felt like he could get around 200 mod rehabs a year,
3 and I recall there were instances when he had already promised
4 200 mod rehab units or around that many to a certain developer or
5 developers, and then somebody else would make an inquiry, and he
6 would not deal with it, because he knew that he could not fulfill
that.

8 Q. Okay. You're referring to your conversations about when a
9 developer offered to pay you to get mod rehab units and you then
10 went to Mr. Kitchin and he said he couldn't do it? Is that what
11 you're referring to?

12 A. There was a -

yeah. There was -- and I don't remember who
13 the developer was. There was a developer that Lou got me to meet
14 with, and the guy wanted mod rehabs. No, he didn't say he'd pay
15 me. He said, "I'll, you know, pay you all for the mod rehab
16 units."

17 And I said, "Lou, this guy wants mod rehab units."

18 And Lou said, "well, I wish we could help him, but we
19 can't, because we're already working on --" I don't remember
20 whose project that we were working on. It may have been Claude
2 Dorsy's. I can't remember that.

2 Q. Do you remember the approximate time that that conversation
2 took place in relationship to when you went to work for
2 Mr. Kitchin?

2 A. It was early on. I want to say, like, it would have been,

1535

1 like, in '87, but I can't, I can't swear to you, but I want to
2 say it would have been early on.

3 Q. Okay. Early on in '87, and this was at the same time
4 that --

5 A. No, I'm sorry, I didn't mean to interrupt you, but --

6 Q. It's okay.

7 A. -- I don't know if it was -- what I'm saying is '87, I mean,
8 early on when I was working for Lou, not necessarily early in the
9 year of '87. I'm sorry.

10 Q. What I'm trying to get to is if this conversation took place
11 at the same time Mr. Kitchin was telling you that he could get
12 mod rehab units from Ms. Dean. Was this in the same general time
13 period?

14 A. I think it was. I think it was.

allbinders as word for experiment.txt

15 Q. Okay. Without tying you down too closely to dates.
16 A. Okay. I think when that took place, but I can't remember,
17 would have been towards the beginning of my employment with Lou,
18 around '87. I can't swear to it, though.
19 Q. Okay. Well, now you had conversations with Ms. Dean from
20 time to time, did you not?
21 A. Yes, yes.
22 Q. You talked to her on the phone from time to time?
23 A. Yes.
24 Q. And you talked to her about various mod -- I'm sorry,
25 various HUD matters?

1536

1 A. I'm sorry, did I?
2 Q. Didn't you?
3 A. Yes.

4 Q. Yeah, okay. Across the spectrum of not only mod rehab?
5 A. Right.
6 Q. Okay. Did you, did you have any -- did you ever have
7 occasion to discuss with her the funds that Lou Kitchin
8 transferred to her?
9 A. I'll be honest with you. I don't remember. Normally,

10 normally Lou is the one that talked with Debbie.
11 Q. Right.
12 A. And the times that I talked with Debbie, as I recall, it was
13 usually because Lou wasn't there, because he, either I would
14 happen to pick up the telephone and so would just happen to
15 answer it, or Lou wouldn't be there and would tell the secretary,
16 "Hey, if Debbie calls, let Jack talk to her."
17 Q. There wasn't any reluctance on Ms. Dean's part to talk to
18 you when Mr. Kitchin wasn't there?
19 A. Well, let me, you know -- again, I can't read her mind, but
20 there were a lot of people that if Lou wasn't there, they would
21 automatically ask to speak to me.
22 I don't think Debbie always did that. I think if it
23 was just, I mean, I think a lot of times she would just leave a
24 message. I really can't tell you, but I don't think -- I think a
25 lot of times she would leave a message if he wasn't there even if

1537

I was there.
2 Q. Okay. Now you know Mr. Kitchin testified this morning.
3 A. Yes, I'm aware he testified this morning.
4 Q. Now it's very important that you remember as best you can
5 exactly what Mr. Kitchin told you about this furniture when he
6 approached you about the funds for Ms. Dean, and I'd like you to
7 the best of your recollection to remember exactly what
8 Mr. Kitchin told you in relationship to the \$4,000 and the
9 furniture.
10 A. Okay. First of all, I can't remember that it was exactly
11 4,000. I think it was around 4,000, or as I recall, it was
12 around 4,000.
13 What he said was that Debbie had bought some furniture,
14 and again, I don't remember whether she, I don't know who she

allbinders as word for experiment.txt

15 bought the furniture from, what kind of furniture it was, whether
16 she paid cash for it or credit card or whatever, but what I
17 recall he told me was that she had purchased some furniture and
18 it cost around \$4,000 and that had put her in a bind financially
19 and that he was going to lend her \$4,000 because she had gotten
20 in this bind because of the furniture.

21 Q. Now was that at or about the same time that Mr. Kitchin was
22 considering this apartment or house or condo, you don't recall
23 exactly what, in Washington?

24 A. Okay. I don't think it was. I think that -- I don't know,
25 but as I recall, that was a different -- to me, my recollection

1538

1 is that those were two totally separate instances and that the
2 condo/apartment thing happened maybe later.

3 Q. Okay.

4 A. But I can't tell you when. But, but I don't think that, I
5 don't know, but I don't think that they are connected, no.

6 Q. Do you recall when the conversations took place with regard
7 to the \$4,000 transfer?

8 A. I think it was in '87, but I can't remember. I know, I know
9 we were talking about Hawks basketball, but I can't tell you
10 exactly when, no.

11 MR. WEHNER: May I have a second, Your Honor?

12 THE COURT: All right.

13 BY MR. WEHNER:

14 Q. Do you remember if the discussions took place around
15 Christmas of one year?

16 A. At first I thought they did, but I can't -- and I don't
17 know, they may have, because basketball season, pro basketball
18 season would go on during Christmastime, but I just honestly
19 can't remember.

20 Q. Okay. Did you have occasion to tell the Independent Counsel
21 or agents of the Independent Counsel you believed that the
22 conversation about the funds took place sometime in around
23 Christmas season?

24 A. What I told them was that I couldn't swear to them -
well,

25 this is what I think I told them. This is what I recall, was

1539

1 that I told them that I couldn't remember exactly when it took
2 place, that it may have been around Christmas, but that Lou and I
3 were talking about basketball at the time.

4 Q. Did Mr. Kitchin ever tell you that he had been paid back the
5 funds?

A. No.

7 Q. Did he ever have any conversation with you in which he told
8 you that Ms. Dean had given him money or had tried to give him
9 money?

10 A. No. I kind of got the impression that --no. To answer
11 your question, no. He never told me that she paid him back. My
12 impression was that she wasn't going to pay him back.

13 Q. And that's your impression over time? In other words,
14 that's your impression today?

15 A. No, that was my impression at the time when all this was
16 going on, because when Lou brought it up, again, like I was
17 saying, at first I thought he was teasing. Then when I realized
18 he wasn't, I couldn't believe he was discussing this, and I -

19 Q. What I'm really trying to get from you is what your
20 impression is today. Did your impression change as to whether
2 Ms. Dean ever paid back any of the funds?

2 A. I'm sorry, say that again. Do I know if she's paid back any
2 of the funds?

2 Q. Yes.

2 A. I have no idea if she has or not, no.

1540

1 Q. Okay. So Mr. Kitchin never mentioned anything to you about
2 that?

3 A. No. But my point is when he first mentioned this and I told
4 him that I thought that it was stupid that we were even having a
5 discussion about lending/giving her money, I asked her -- or I
6 asked, "Lou," I said, "you know, she's got money. Why do you
7 need to lend her money?"

8 And the impression I got from what he told me was that,
9 I just got the impression she wasn't ever going to pay him back.
10 I don't know, she may have, but that was my impression was that
11 she didn't.

12 Q. You got the impression that she wasn't going to pay him
13 back?

14 A. Right.

15 Q. Did you also tell Mr. Kitchin at that time that it might not
16 be wrong for him to make that transaction?

17 A. I told him that I just, that I had no idea what the law was,
18 and I said, "Lou," I said, "I just don't know." And I said, "It
19 may not be illegal, but maybe it is illegal." And I said, "I
20 just don't know." And I said, "But it just looks bad, and I
don't think you ought to do it."

2 Q. But you did tell him that it may not be illegal; isn't that
2 correct?

2 A. I don't know if those were exactly my words. I told him
2 that I just didn't know, that I had no idea, but that, you know,

1541

1 that I just didn't think it looked good.

2 Q. Did you look it up?

3 A. No.

4 Q. Did he ask you to?

5 A. No.

6 Q. And you're not sure that it was wrong, are you?

7 A. Well, to tell you the truth, since -- once I was indicted, I
8 did look it up, and it's my understanding from reading the
9 statute that it is wrong.

10 Q. Once you were indicted?

11 A. Once she was indicted, I looked it up and --

12 Q. You weren't indicted, were you?

13 A. No.

14 Q. Okay. Have you been given any form of immunity for your

15 testimony?

16 A. No.

allbinders as word for experiment.txt

17 MR. WEHNER: I have nothing further, Your Honor.

18 THE COURT: All right, thank you.

19 Some redirect, Ms. Sweeney?

20 MS. SWEENEY: No, Your Honor.

21 THE COURT: Okay. All right, Mr. Jennings, you're

22 excused then. Thank you.

23 THE WITNESS: Okay, thank you.

24 (Witness excused.)

25 MR. O'NEILL: Your Honor, at this time, pursuant to

1542

1 stipulation from counsel, the government would seek to publish
2 Government's Exhibits 203A and 203B.

3 MR. WEHNER: No objection, Your Honor.

4 THE COURT: All right, 203A and 203B may be published
5 and admitted.

6 MR. O'NEILL: we're having technical difficulties.

7 we'll publish it later, Your Honor. we'll do it later with this.

8 THE COURT: All right.

9 MS. SWEENEY: The government calls Sherrill

10 Nettles-Hawkins.

11 THE COURT: Can you give me that last name again,
12 please?

13 MS. SWEENEY: Nettles -

14 THE COURT: Nettles, thank you.

15 MS. SWEENEY: -

Hawkins.

16 It's a hyphenated name, Your Honor.

17 SHERRILL NETTLES-HAWKINS, GOVERNMENT'S WITNESS, SWORN

18 DIRECT EXAMINATION

19 BY MS. SWEENEY:

20 Q, Ms. Nettles-Hawkins, I'm going to be asking you a series of
2 questions, and I'd ask you to keep your voice up so the members
2 of the jury can hear.

2 A. Okay.

2 Q. would you please state your complete name, spelling your
2 last name for the court reporter?

1543

1 A. My name is Sherrill Nettles-Hawkins. It's a hyphenated last
2 name, N-e-t-t-l-e-s, hyphen, H-a-w-k-i-n-s.

3 Q. Ms. Nettles-Hawkins, are you presently employed?

4 A. Yes, I am.

5 Q. And where are you employed?

6 A. With the Department of Housing and Urban Development.

7 Q. And what is your particular job at HUD?

8 A. I am currently employed as an administrative officer.

9 Q. Can you give the jury a brief description of your

10 educational background?

11 A. I've had three years of college.

12 Q. Okay. And how long have you worked at HUD?

13 A. I've worked at HUD for 13 years.

14 Q. Could you describe briefly the different jobs that you've

15 held there?

16 A. When I first came to HUD in 1980, I came in as a

17 clerk-typist, moving into various clerical positions, as

18 secretary, then moving into a position in '84 as secretary to the

19 executive assistant.

20 Q. Okay. Focusing on the period when you were secretary to the

2 executive assistant, you said that that particular job began in

2 1984?

2 A. In January of 1984.

2 Q. And the executive assistant that you were working for, was

2 that the executive assistant to the secretary of HUD?

1544

A. Yes.

2 Q. And who was it at that particular point in time when you

3 started?

4 A. At that time, it was Lance Wilson.

5 Q. Okay. Did there come a time when Mr. Wilson left HUD?

6 A. Yes. He left in June of '84.

7 Q. Who took his place as executive assistant?

8 A. Deborah Dean.

9 Q. And did you remain on in your position as secretary --

10 A. Yes.

11 Q. --to the executive assistant?

12 What were your duties and responsibilities in that job?

13 A. I was responsible for scheduling her appointments, keeping

14 her calendar, scheduling travel, typing, the usual clerical

15 duties.

16 Q. Okay. What about responsibilities or duties regarding the

17 telephone and Rolodex and that sort of thing? Could you describe

18 what was involved in that?

19 A. I answered her incoming calls, placed outgoing calls for

20 Ms. Dean. I maintained a Rolodex of, I guess, people that she

21 wanted to keep.

22 Q. Okay. The messages that you took, were they merely

23 call-back messages, or did you also have occasion to take

24 substantive messages?

25 A. There were occasions when substantive messages were taken.

1545

1 Q. Now a moment ago, Mrs. Net ties-Hawkins, you referred to the

2 calendars. Could you describe the particular system that you

3 used for maintaining Ms. Dean's calendars, where they were kept,

4 how they were kept, was there more than one? Whatever detail you

5 could give us.

6 A. I maintained two calendars. Ms. Dean kept a calendar at her

7 desk; I kept one at my desk. I reconciled that calendar usually

allbinders as word for experiment.txt
8 on a daily basis. Usually in the morning, I was able to make
9 entries. When I made entries, I made sure those same entries

10 were placed on her calendar, and likewise, when she made entries,
11 I might note those on my calendar as well.

12 Q. Could you describe for the members of the jury the location
13 of your desk relevant -- relative to the defendant's office?

14 A. My desk sat immediately outside of her office.

15 Q. And was it her practice generally to have her door open or
16 closed?

17 A. Usually it was open.

18 Q. Given where you were sitting, were you in a position where
19 you could hear her when she was on the telephone?

20 A. Yes, sometimes.

21 Q. What about when she had meetings with individuals in her

22 office? Were you in a position where you could hear the
23 conversations?

24 A. Most times she would close the door for those meetings.

25 Q. Okay. Were there times when she had the door open during

1546

1 meetings?

2 A. Yes, there were.

3 Q. So were there occasions on which you overheard conversations
4 during meetings?

5 A. Yes.

6 Q. I'm going to ask you a series of questions about a program
7 called the Mod Rehab Program, and the jury is very familiar with
8 that program at this point. In the course of your work for the
9 defendant, did you become familiar with the Mod Rehab Program?

10 A. Yes.

11 Q. And could you give us a brief description of the program?

12 A. It was my understanding that the Mod Rehab Program was a
13 means for awarding -- making awards to projects that needed
14 substantial rehabilitation work done on them in order to make
15 them available for low-income housing residents.

16 Q. Did you have an understanding of whether the defendant
17 played a role in the Mod Rehab Program during the period 1984
18 through 1987, while she was executive assistant?

19 A. She -- I believe that she was making some decisions on how
20 the awards were made.

21 Q. I'm going to ask you a series of questions about a number of
22 individuals. The first one I'd like to ask you about is Lou
23 Kitchin. Were you familiar with an individual named Lou Kitchin?

24 A. Yes.

25 Q. And what was your understanding of his role in relation to

1547

1 the Mod Rehab Program?

2 A. I believe Mr. Kitchin was a consultant to perhaps housing
3 authorities.

4 Q. Okay. Were you familiar with an individual named Richard
5 Shelby?

allbinders as word for experiment.txt

6 A. Yes.

7 Q. And what was your understanding of his role in relation to
8 mod rehab?

9 A. I don't, couldn't -- I don't recall Mr. Shelby being

10 involved with the Mod Rehab Program.

11 Q. Okay. Were you familiar with an individual named Thomas
12 Broussard?

13 A. Yes.

14 Q. Do you know if he worked in the mod rehab area?

15 A. I'm not certain of that.

16 MS. SWEENEY: Okay. Just a moment, Your Honor?

17 THE COURT: All right.

18 BY MS. SWEENEY:

19 Q. Ms. Hawkins, I'm going to show you a document that's been
20 marked Government's Exhibit 508 for I.D. I'm going to ask you to
2 look at page 3, about a third of the way down, but not to read

2 the document, because it's not in evidence.

2 THE CLERK: Government's Exhibit 508 marked for
2 identification.

(Government's Exhibit No. 508 was
marked for identification.)

BY MS. SWEENEY:

4 Q. You may read it to yourself, but just not out loud.

5 Does that refresh your recollection as to what

6 Mr. Broussard's role was vis-a-vis HUD?

A. Yes.

8 Q. Okay. And what, what was his role?

9 A. He was a developer from California.

10 Q. Okay. Do you know an individual --or did you know an
11 individual named Phil Winn?

12 A. I know the name, yes.

13 Q. Okay. And what was your understanding of his role in
14 relation to mod rehab?

15 A. That he was a developer.

16 Q. To your knowledge, did the defendant meet with developers
17 while she was at HUD?

18 A. Yes.

19 Q. To your knowledge, did she meet with people that you
20 understood to be consultants while she was at HUD?

21 A. Yes.

22 Q. Did these meetings occur at HUD?

23 A. On occasion.

24 Q. Did they occur other places as well?

25 A. I can't -- I don't know.

1 Q. Okay.

2 MR. WEHNER: I'm sorry, Judge, I didn't hear that.

3 THE WITNESS: I don't know.

4 MR. WEHNER: Thank you.

5 BY MS. SWEENEY:

6 Q. Did you have occasion to schedule these meetings for her?

7 A. They were put on the calendar.

8 Q. Did you ever have occasion to hear the defendant discussing

allbinders as word for experiment.txt
9 mod rehab awards in connection with particular consultants or
10 developers?
11 MR. WEHNER: Objection, Judge.
12 THE COURT: All right, I'll sustain it. I don't know
13 how you can get into that, unless everyone's considered a
14 conspirator she talked to.
15 MR. WEHNER: And leading.
16 THE COURT: I'll sustain it.
17 MS. SWEENEY: Your Honor, may we approach briefly?
18 THE COURT: All right.
19 (Bench conference on the record.)
20 THE COURT: where are you going to go?
2 MS. SWEENEY: Your Honor, I'm going to be eliciting
2 Ms. Dean's statements, not those of other individuals.
2 THE COURT: About giving awards to different people?
2 MS. SWEENEY: Yes.
2 MR. WEHNER: I don't think that she's going to get it,

1550

1 Judge, but I'm going to object if she tries to lead into it,
2 because I don't think she will.
3 THE COURT: Okay.
4 MR. WEHNER: I'm not going to allow her -- I'm going to
5 object if she continues to ask the question in such a way that
6 it's going to be answered yes or no, simply adopting her
7 testimony.
8 THE COURT: Can she ask her did she overhear any
9 conversations Ms. Dean had about mod rehab awards? If she says
10 yes, she can ask, "what are those conversations that Ms. Dean
11 had, that Ms. Dean said?"
12 MR. WEHNER: That's right.
13 MS. SWEENEY: Okay.
14 (End of bench conference.)
15 BY MS. SWEENEY:
16 Q. Ms. Netties-Hawkins, were there occasions on which you
17 overheard Ms. Dean discussing particular mod rehab awards?
18 A. Not particular awards, but the program perhaps.
19 Q. Were there occasions on which you overheard Ms. Dean
20 discussing the names of particular developers or consultants?
21 A. Yes.
22 MR. WEHNER: Objection, Judge.
THE COURT: Okay, I'll overrule it. It's leading, but
24 I'll allow it. Go ahead.
25 BY MS. SWEENEY:

1551

1 Q. You may answer that question.
2 A. Yes.
3 Q. Can you tell us what you recall about those conversations?
4 A. There was an occasion Mr. Kitchin, being a favorite pest at
5 the time, was anxious to know whether or not funding was coming
6 forward, and I don't remember the exact words, but he may have
7 asked where were the units or, "The units didn't come," and she
8 might -- Ms. Dean may have said to me, "Tell him that they're
9 coming," or something to that effect.
10 Q. Do you recall any other conversations that, where you heard
11 Ms. Dean discussing units?
12 A. Another favorite pest, Laury Gaye, I don't recall the
13 particular project, but he, too, was very anxious for funding and
14 the same sort of thing. "I'm working on it," she may say, the
15 same thing: "They're coming," or, "I'm working on it."
16 Q. Did Ms. Dean ask you to do anything with this information

allbinders as word for experiment.txt

17 that she had mentioned to you?

18 A. Just relay that message back, and we would be responding to

19 a call that either Mr. Kitchin or Mr. Gaye had placed to her.

20 Q. Are you familiar with the name Ed Brooke?

2 A. Yes.

2 Q. Who is Mr. Brooke, to your knowledge?

2 A. Besides being a former senator, he also, he also was

2 involved with the Mod Rehab Program.

2 Q. Did he call Ms. Dean, to your knowledge?

1552

1 A. Through his secretary, he'd place calls.

2 Q. Can you describe for the members of the jury how frequently

3 he called?

4 A. It wasn't that often, but he -

but I became familiar enough

5 with his secretary -I

don't recall her name at this time --to

6 know that he did make a couple of calls.

7 Q. Now in addition to the conversations that you've just

8 related involving Mr. Kitchin and Mr. Gaye, do you recall any

9 other conversations where you overheard Ms. Dean discussing units

10 or mod rehab?

11 A. We -I

took a call where the individual -- and I believe it

12 was Mr. Kitchin at the time -- wanted to write a letter regarding

13 funding, and he wanted to name a project, and after some time,

14 from my limited knowledge, I said to Ms. Dean, "Can he name a

15 project in his letter? He can't --it can't -- the letter can't

16 be project-specific, can it?" and she told me that that is

17 correct.

18 Q. Okay. You just mentioned the term "project-specific."

19 Could you describe for the members of the jury what you mean by

20 that?

2 A. Meaning that the funding was not supposed to go to a

2 particular project, but the funding was to be awarded to a

2 housing authority, and the housing authority would then decide

2 where the funds would be best utilized.

2 Q. You mentioned a conversation that you had with Ms. Dean

1553

1 about Mr. Kitchin's request about the letter. Did you do

2 anything after you talked, had that conversation with her?

3 A. Relayed the message to him.

4 Q. Okay. Did you have an understanding during this time period

5 of what the role of the consultant was in the mod rehab process?

6 A. After a period of time, I learned that the role of the

7 consultant was more or less like a negotiator for the housing

8 authority, but then I later find that the housing authority was

9 just a ghost entity used to, to get the funding.

10 Q. What was your understanding of who the consultant was

11 working for in practice?

12 A. In practice, they were working for the housing authority.

13 Q. Do you know an individual named Andrew Sankin?

14 A. Yes.

15 Q. Did Mr. Sankin have occasion to call the defendant?

16 A. Yes.

17 Q. Did he also meet with the defendant?

18 A. Yes.

19 Q. Did you take messages from him?

20 A. Yes.

21 Q. Did you also have occasion to relay messages to him?

22 A. Yes.

23 Q. Do you recall what those contacts were about?

24 A. About her family property.

25 Q. Is there anything else that you can recall about them? Can

1554

1 you describe them in any more detail?

2 A. I can't recall the name of the --it was an apartment

3 complex that I believe the family, Deborah's family owned, and it

4 was my understanding that Mr. Sankin was the property manager.

5 Q. About how often did he call, Ms. Nettles-Hawkins?

6 A. Perhaps as often as three times a week.

7 Q. What would he say when he called on these occasions?

8 MR. WEHNER: Objection. How would she know?

9 THE COURT: She can say what he said to her.

10 THE WITNESS: He would be calling regarding property,
11 the family property.

12 BY MS. SWEENEY:

13 Q. A moment ago, you described the PHA as a ghost entity.

14 Could you tell us what you mean by that?

15 A. That the, that the housing authority was perhaps named in a
16 particular letter or used to, in order to get the funding. They
17 didn't actually benefit from the funding.

18 Q. Who did benefit?

19 A. The consultant and whoever they were actually lobbying for.

20 Q. Do you know an individual named Silvio DeBartolomeis?

2 A. Yes.

2 Q. Did I pronounce that correctly?

2 Did Mr. DeBartolomeis have occasion to meet with

2 Ms. Dean?

2 A. Yes.

1555

1 Q. Was the door open during any of the meetings between the two
2 of them?

3 A. They usually talked on the, on the phone. The way the
4 office was set up, Ms. Dean had private lines to all of the
5 principals in the department, so she could just simply pick up

allbinders as word for experiment.txt
6 the line and press the button for the individual she wanted and
7 be able to talk to them direct.
8 Q. Were there times when you heard her talking to Silvio
9 DeBartolomeis?

10 A. I'd heard fragments of conversations.
11 Q. Do you know if any of these conversations or do you recall
12 if any of the conversations involved mod rehab?
13 A. There were maybe one or two occasions.
14 Q. Can you tell us what you recall about those conversations,
15 about what Ms. Dean said during those conversations?
16 A. After this particular conversation, Ms. Dean was angry. She
17 and Mr. DeBartolomeis apparently had argued over, I guess, how
18 the awards were going to be made, and she came out of her office
19 and said that he made her angry and that she was the executive
20 assistant and he should do what she told him to do.
21 Q. Are you familiar with an individual named Thomas Demery?
22 A. Yes.
23 Q. To your knowledge, did Ms. Dean have conversations with
24 Mr. Demery?
25 A. Yes.

1556

1 Q. Did any of these conversations involve mod rehab?
2 A. They may have.
3 Q. Did you overhear any conversations that she had with
4 Mr. Demery?
5 A. There was an occasion where she got angry with him, also.
6 Q. Did you hear what she said to him while she was talking to
7 him?
8 A. Something almost on the same level as, that he ought to do
9 what she'd say to do.

10 Q. Are you familiar with the name Bob Tuttle?
11 A. Yes.
12 Q. And who is Bob Tuttle?
13 A. Well, there were two Bob Tutttles that we had dealings with,
14 and one Bob Tuttle would call and say, "I am not the Bob Tuttle
15 at the white House."
16 Q. Do you recall how frequently he called?
17 A. I can't say.
18 Q. Do you recall whether he called throughout Ms. Dean's tenure
19 or whether it was just at a particular, particular points in
20 time?
2 MR. WEHNER: Objection to the leading nature.

2 BY MS. SWEENEY:
2 Q. How would you describe it?
2 THE COURT: No, I'll allow it. Go ahead.
2 THE WITNESS: Occasionally, probably when funding was

1557

1 becoming available.
2 BY MS. SWEENEY:
3 Q. Do you recall if the defendant ever had you place calls to
Page 874

4 Bob Tuttle, either one?

5 A. Yes.

6 Q. To, to which Bob Tuttle did she have you place calls?

7 A. Either one, depending on which -

the Bob Tuttle at the

8 white House, I believe, was in the presidential personnel office,

9 so she was the department's liaison for political appointments,

10 and they would talk based on, you know, because of that. And the

11 other Bob Tuttle was with a law firm. I'm not sure of the law

12 firm's name.

13 Q. Okay. I'm going to show you another document that's been

14 marked Government's Exhibit 509.

15 THE CLERK: Government's Exhibit 509 marked for

16 identification.

17 (Government's Exhibit No. 509 was

18 marked for identification.)

19 BY MS. SWEENEY:

20 Q. Now once again, this document is not in evidence, so please

21 don't read it aloud.

22 Mrs. Nettles-Hawkins, I'd ask you to look at that

23 particular page and see if that refreshes your recollection as to

24 the non-white House Bob Tuttle's affiliation, professional

25 affiliation?

1558

A. Yes.

2 Q. And what was that?

3 A. I'm still not sure what it is.

4 Q. Okay. That refreshes your recollection as to where he

5 worked, but you believe that was a law firm?

6 A. Yes.

7 Q. Now you testified earlier that you'd worked for Lance Wilson

8 for a period of time.

9 A. Yes.

10 Q. To your knowledge, during that period of time, did Mr., did

11 John Mitchell ever call Lance Wilson?

12 A. I don't recall that he did.

13 Q. Were you familiar with a, with something at the Department

14 of Housing and Urban Development referred to as the Autopen?

15 A. Yes.

16 Q. And can you describe for the Ladies and Gentlemen of the

17 Jury what the Autopen is?

18 A. Autopen is a machine that will duplicate the signature of an

19 individual. In this case, it was the signature of the secretary.

20 Q. And when you say the secretary, are you referring to Samuel

21 Pierce?

22 A. Yes.

23 Q. Did you have an understanding as to whether or not Ms. Dean

24 had any duties and responsibilities with regard to the Autopen?

25 A. Mrs. Dean was a -- she could authorize the use of the

1559

1 Autopen for, to place that signature on documents and letters.

2 Q. And how would she, how would she indicate that she had

3 authorized its use, to your knowledge?

4 A. She was to write on a form that the department had, that the

5 department developed, that she okayed it for Autopen and sign her

6 name to that.

7 Q. Mrs. Nettles-Hawkins, I'm going to ask you to look -- I'm

allbinders as word for experiment.txt
8 going to show you a document, Government's Exhibit 110A, and this
9 document is in evidence. Do you recognize that document? Do you

10 know what it is?

11 A. It's a memo to the, the then regional administrator in
12 Philadelphia.

13 Q. I'm going to ask you to look through that document, it's a
14 multi-paged document, and tell us if you see an authorization
15 from Ms. Dean in that package?

16 A. On the second page.

17 Q. And is -- and what does that authorization provide for?

18 A. In Deborah's handwriting, she wrote, "Autopen." In my
19 handwriting, it was, "Per Deborah Dean," and the date that she
20 authorized it.

2 MS. SWEENEY: Your Honor, at this time, I'd like to
2 publish for the members of the jury that particular page of
2 Government's Exhibit 110A.

2 THE COURT: All right.

2 MR. WEHNER: No objections.

1560

1 Q Miss Hawkins, can you see the document on the

2 monitor?

3 A Yes.

4 Q And can you point out for the members of the jury

5 where the autopen authorization is on there? I think

6 you can physically just point from the witness stand.

7 A Where it says autopen sort of written this way, is

8 the autopen authorizations.

9 Q And then you indicated that you also placed some

10 handwriting on this document?

11 A Yes, where it says per Deborah Dean is my own
12 handwriting and I also dated it.

13 Q Mrs. Nettles-Hawkins, while you were working
14 together did the defendant ever discuss her financial
15 situation with you?

16 A Not in any detail but she would just say I'm

17 broke.

18 Q Do you recall if she said that on more than one
19 occasion?

20 A Sure.

2 Q Did she ever tell you what she was going to do
2 about it?

2 A No.

2 Q Mrs. Nettles-Hawkins, I'm going to show you a
2 document that's been marked Government's Exhibit 510 for

1561

1 identification purposes. Again, it's not in evidence,

2 so I would ask you not to read it aloud but I would ask

3 you to read pages 15 and 16 to yourself.

4 THE DEPUTY CLERK: Government's Exhibit 510

5 marked for identification.

6 (Government's Exhibit 510

7 marked for Identification)

8 BY MS. SWEENEY:

9 Q Does that refresh your recollection as to whether
10 she told you what she was going to do about her

11 financial difficulties?

12 A Yes.

13 Q what did she tell you?

14 A She could go to her mother for help.

15 Q Did she -- did you ever do anything relating to her
16 mother's financial help?

17 A Yes.

18 Q And what was it that you did?

19 A I went to her mother's home and picked up a letter
20 authorizing me to pick up a check for Deborah.

21 Q Did you do anything after you picked up the letter?

22 A I went to pick up the check.

23 Q Mrs. Nettles-Hawkins, I'm going to show you a

24 document -- a book that's been previously marked

25 Government's Exhibit Five for identification purposes.

1562

1 I'm going to ask you to look through that book.

allbinders as word for experiment.txt

2 THE DEPUTY CLERK: Government's Exhibit Five
3 marked for identification.
4 (Government's Exhibit Five
5 marked for Identification)
6 BY MS. SWEENEY:
7 Q Do you recognize that book?
8 A It's a calendar that Deborah used in 1985.
9 Q Does it contain your handwriting?
10 A Yes, it does.
11 Q Does it also contain the handwriting of the
12 defendant?
13 A Yes, it does.
14 Q And is this one of the calendars that you were
15 describing when you described earlier the calendars that
16 you maintained and reconciled?
17 A Yes.
18 MS. SWEENEY: Your Honor, at this time I offer
19 Government Exhibit Five into evidence.
20 MR. WEHNER: Objection, Your Honor.
2 THE COURT: You said -
2 MR. WEHNER: Can I approach? We have an
2 objection.
2 THE COURT: You do have an objection. Why
2 don't we take our afternoon recess?

1563

1 Ladies and gentlemen, I think you're ready to
2 go with the afternoon recess so you can get your
3 snacks. Why don't we take our break now and take care
4 of our business.
5 Remember the admonitions, please, about not
6 talking about the case.
7 (Jury dismissed)
8 THE COURT: I think we can do this in open
9 Court. Nobody is here now.
10 MS. SWEENEY: Sorry, Your Honor.
11 THE COURT: All right. I've got an
12 objection. I think it's a Braswell objection.
13 Let me ask the Government, are you bringing
14 anybody else to identify these records as received from
15 the custodian of HUD or anything like that?
16 MS. SWEENEY: If Your Honor deems it
17 necessary, we certainly are prepared to do that. We
18 believe that Miss Hawkins can lay the business
19 foundation for bringing them in.
20 THE COURT: She's testified she kept calendars
2 and - dual calendars for herself and Miss Dean and they
2 both wrote on them. I assume she can testify -she's
2 not in the courtroom now - they were kept in the
2 regularly conducted business activity, in the course of
2 that, and that it was a regular practice to make such a

1564

1 record.

2 MS. SWEENEY: I believe she has said that,

3 Your Honor, at this point, in somewhat different words,

allbinders as word for experiment.txt
4 that it was part of her scheduling and maintenance of

5 the calendar duties to maintain and reconcile the

6 calendars on a daily basis.

7 THE COURT: She can identify the handwriting

8 on this exhibit five. She looked at a single page.

9 MS. SWEENEY: Your Honor, we can ask her to

10 look through more. I think she's looked through several
11 pages and said that it contains her handwriting as well
12 as the defendant's.

13 THE COURT: All right. Then, Mr. Wehner,
14 under Braswell my prior rulings as to the calendars,
15 your objection I take it is a Fifth Amendment objection
16 as to production of these documents involving
17 self-incrimination and the use of them, that the
18 Independent Counsel continues that violation.

19 MR. WEHNER: That's correct.

20 THE COURT: What else do you have to say about
2 it, out of the relevancy argument and admissibility

2 argument?

2 MR. WEHNER: That's correct, the Braswell
2 issue. Your Honor, the second issue is I do not believe
2 the Independent Counsel has established pursuant to Rule

1565

1 803 (6) the necessary prerequisites for admission as a
2 business record and I would like the opportunity to voir
3 dire the witness as to those elements because I do not
4 have the confidence that the Independent Counsel has,
5 based on my knowledge of what's in the documents, that
6 they were either the regular practice to make those
7 records or kept in the regular course of the business
8 activity.

9 I think they are notoriously inaccurate in

10 terms of what they reflect because of the circumstances
11 under which they were prepared. They do not reflect
12 actual events. In some circumstances they reflect
13 planned events that never took place. In some
14 circumstances they reflect events that Miss Hawkins may
15 have believed did occur based upon her viewing of the
16 calendar, but in fact they did not occur. And I don't
17 infer any corruption on the part of Miss Nettles-Hawkins
18 in that regard. It's simply that they are not a fair
19 and accurate record of the activities of Miss Dean and
20 that's my broad argument as to their inadmissibility
2 under the business records exception.

2 In addition, Your Honor, if the calendars are
2 admitted under the business records exception there are
2 selected entries that we have conceded are relevant to
2 the instant trial. Those are the items that are listed

1566

1 on the Independent Counsel's exhibit list with regard to
2 the particular dates. We do not object to the relevancy
3 of those entries. With one exception, and we ask that a
4 redaction be made as to skull and crossbones written on
5 that particular date. But to the extent they are
6 relevant, their relevancy is limited to those particular
7 dates and I do not believe that there is any relevancy
8 to the remainder of the entries in the notebooks.

9 what they reflect simply is not relevant to
10 the charges in the indictment. They show a calendar, a
11 typical executive type calendar, and I frankly don't
12 want the jury to be leafing through the calendar and
13 focusing on how Miss Dean spent her evenings or spent
14 her early mornings or what time she got in the office or
15 what she did on Halloween when they're not relevant to
16 this case.
17 So I think the objection to relevancy goes
18 only to those that are not listed in the Independent
19 Counsel's Exhibit list.
20 MS. SWEENEY: Your Honor, may I respond?
2 THE COURT: Yes, please.

2 MS. SWEENEY: Your Honor, as to Mr. Wehner's
2 point that the calendars may reflect what was scheduled
2 and not what actually took place, I believe that that
2 goes to the weight and not to the admissibility of the

1567

1 document. The calendars contain many, many, many
2 relevant entries. They contain relevant entries beyond
3 those individual entries that the Government has
4 segregated in 5A through 5E.
5 As Your Honor is aware, the perjury count
6 deals with Miss Dean meeting with developers. The
7 calendars are replete with entries of meetings with
8 developers.
9 Moreover, Your Honor, the Government believes
10 that whether or not these are business records as
11 opposed to personal records was determined long long ago

allbinders as word for experiment.txt
12 by Judge Robinson and that that question has really
13 virtually been foreclosed, both by Judge Robinson's
14 decision -
15 THE COURT: I don't think foreclosed that all
16 the entries are relevant to the prosecution.
17 MS. SWEENEY: No, Your Honor. What Judge
18 Robinson indicated, that Mr. Wehner had foregone his
19 opportunity to denote certain entries as being
20 irrelevant. We would have no problem, Your Honor, to
2 Miss Dean's redacting her hairdressing appointments,
2 doctors' appointments and that type of thing. We will
2 not -
2 THE COURT: I'm leery of putting the whole
2 calendar in, just unredacted, just the whole calendar

1568

1 where the jury can thumb through and find things that
2 have nothing to do with this case but they may think it
3 does and begin to speculate, it's totally inappropriate,
4 about some name they think they heard, and it would not
5 be any name in the case. I don't know how we can
6 control that.

7 MS. SWEENEY: Your Honor, several weeks before
8 trial Your Honor gave Mr. Wehner the opportunity to
9 designate individual items as well and he chose not to
10 avail himself of that opportunity and rather to simply
11 say on the eve of trial that they argued that everything
12 was irrelevant.
13 Now, Judge Robinson, when he looked at these
14 materials, pursuant to the guides given him by the Court
15 of Appeals indicated that the documents were business
16 documents. And that they might contain a few individual
17 entries.
18 Your Honor, we do also have a brief that we'd
19 like to hand up to Your Honor that recounts the decision
20 of Judge Robinson and places this in context in
2 responding to Mr. Wehner's argument that the calendars

2 are irrelevant in their entirety.
2 THE COURT: I do have Judge Robinson's
2 decision before me on the argument that was done before
2 Judge Robinson. And that's the argument on February

1569

1 10th, 1992.

2 MS. SWEENEY: Your Honor, it should be

3 Miss Dean's burden to establish that the meetings were

4 not with developers, not the Government's burden at this

5 point.

6 MR. WEHNER: Judge -

7 THE COURT: wait. Let her finish. I'm not

8 sure I accept that. It seems to me that I don't think

9 anybody can offer a large volume of personal notations
10 and say, well, if something is not relevant the other
11 side's got to find it and take it out. I think you've
12 got to offer relevant evidence in your case and not just
13 a conglomeration of notes that may have a lot of
14 notations that don't have anything to do with this case
15 and could be misused by the jury. You may offer
16 anything that may be relevant or not and say the other
17 side is to pick out what's wrong. You're the one who
18 puts the evidence in, not the other side.
19 I'll look at your brief and I'll look at what
20 has occurred in the past, but I've already considered in
2 notes to myself and discussions that there may be

2 private matters in there that don't have to come out.

2 MS. SWEENEY: And, Your Honor, as to those we
2 have no problem. As I said, for example, with doctors'
2 appointments and hairdressing appointments and the like

1570

1 we don't have difficulty with redacting those, but as to

2 meetings with developers, we do believe that it's

3 inappropriate at this point to permit the defendant to

4 redact those from these calendars.

5 MR. WEHNER: Your Honor, with respect to the

6 meetings with developers, I would ask the Court to
7 review the counts of the indictment that refer to the
8 perjury counts. I do not believe there's any statement
9 charging Miss Dean in not meeting with developers. She
10 certainly hasn't testified to that.

11 THE COURT: I think they go to the Mod Rehab
12 panel, according to the indictment, "Goes solely on
13 information provided by the Assistant Secretary for
14 Housing." The Government alleges she had "never given or
15 approved or pushed or coerced anyone to help any
16 developer and that it was a tremendous waste of time for
17 developers to meet with people at HUD." That's counts
18 and seven and eight. "There is evidence that Dean met
19 regularly with developers." This is relevant to the
20 perjury charges. She said "it was a waste of time to
2 meet developers and that she never had given or approved

2 or pushed or coerced anyone to help any developer."
2 My concern is not so much that it's not
2 relevant that she met with developers. I think that's
2 an argument as to what that means, but that there are

1571

1 other items in the calendars and other names of people
2 who may not be developers, and the jury doesn't know who
3 they are, and they may think they are.

4 It's your argument to the jury look at these
5 calendars, look at all the developers. What are the
6 names? What are the names of all the people in the
7 book? Are they all developers? I don't know. I don't
8 think the jury can speculate who these people are. I

9 think they have to be identified.
10 And I just don't think we can give them three
11 years or whatever it is, five years of calendars, and
12 tell them to read that, and you'll find lots of
13 developers there, unless it says behind each entry
14 "developer," who Mr. Jones is supposed to be or

allbinders as word for experiment.txt
15 Miss Smith is supposed to be that she had a meeting with
16 one day.
17 I think you should look at those calendars and
18 see where you're going to go with them. I do think that
19 under the Braswell decision, and a decision in this case
20 by the Court of Appeals and Judge Robinson's prior
21 decision and, of course, earlier rulings, the Government
22 can lay a foundation that these are perfectly admissible
23 under 803 (6). They can be admitted despite Miss Dean's
24 objection. But I'm not sure that they can be admitted
25 in toto just as they are with all the names, whatever is

1572

1 in there.

2 I assume you're saying there are lots of names

3 written in there, lots of meetings she had, some were

4 with developers, some with people at HUD, some may be

5 personal friends, that have nothing to do with the

6 case.

7 I'm just not sure how we're going to have the

8 jury speculate what names are what and what they mean.

9 I don't know what we'll have the jury do with that
10 book. Do they read it for the prurient interest to see
11 her dates? I don't know what we're doing with this.

12 MS. SWEENEY: Your Honor, I believe that Your
13 Honor - Your Honor's point doesn't quite address the

14 fact that these have been found to be Government
15 records, that they have been found to be business
16 records. These are not Miss Dean's personal calendars.

17 THE COURT: There are irrelevant things in
18 there. Just like any document. I can have a Government
19 record and it could have irrelevant things.

20 MS. SWEENEY: Your Honor, the defendant has
21 conceded the relevancy of the particular entries that

22 the Government has designated. But, Your Honor, it is
23 very important to place it into context in terms of
24 dealing with the perjury. What percentage of time this
25 represents, how this fits into the context of the entire

1573

1 work life of the defendant, if you will.
2 THE COURT: All right.
3 well, let me have Exhibit Five and I'll take a
4 break and look at it and you all can look at the others,
5 but I'll look further and see, but I have grave doubt
6 about giving to the jury matters contained in there that
7 have nothing to do with this case and tell them to
8 figure out what deals with this case and what doesn't.
9 There's no guidance. I don't know how that works.

10 while I understand Judge Robinson said social
11 matters can be business, in this context I'm not saying
12 that's not true. I don't know what social matters can
13 be business or not in a sense related to the charges in
14 this case. It may be business to other matters
15 unrelated to the charges.
16 MS. SWEENEY: Your Honor, in the interests of
17 time perhaps we can proceed this afternoon in publishing
18 the additional entries to which the defendant concedes
19 relevance and take some additional time over the items
20 in the calendar in toto.
2 THE COURT: Let me take a break and see.
2 (Recess, 3:15 to 3:45 p.m.)
2 THE COURT: All right. Let me recapitulate
2 for a minute where we are in this calendar issue.
2 I put an Order out, I think it's August 12th,

1574

1 after our hearing on this matter. August 13th. Where I
2 held that the calendars in toto are Government documents
3 and the Government may introduce, under the method
4 outlined in Braswell and Dean to authenticate the
5 document at trial, and that the defendant could raise
6 objections to admission of these documents at trial on
7 relevancy on 403 grounds at the status conference on
8 August 31st and the defendant had certain objections as
9 to skull and crossbones and some other markings and that

10 was all I was made aware of. I will discuss that with
11 Mr. Wehner, his approach to this, in a minute, which
12 would give the Government the basis for their argument,
13 well, he didn't object to anything else and therefore
14 all can come in.
15 That still gives me as an overseer of this
16 trial some concern as to the probative value of the
17 evidence visavis the prejudicial nature of some of it
18 and as I said perhaps in quotes the somewhat specious
19 prurient interest of the jury in going through a
20 person's personal calendar and seeing their lifestyle
2 that may not be relevant to the charges.
2 The first thing I did was open up one calendar
2 and find a film festival. I'm not sure what that has to
2 do with anything. And there are a whole series of
2 things like that. There are telephone messages of

1575

1 people who have not been identified, as far as I know,
2 in this case, that are involved in any wrongdoing.
3 There is, for instance, a telephone message in
4 the inside of 1985 from Doris Price reading,
5 "Very important." She says "She's ready to shackle
6 herself to the white House fence to get press coverage.
7 Other employees in OTA are quite upset as well and are
8 crying and afraid because of the impending loss of their
9 jobs." That may be interesting, but I have no idea what
10 this has to do with this case and I'm not sure that that
11 is appropriate.
12 There are many many items that are relevant,
13 from a very brief review of the books, as to meetings
14 with people who have been testified about in this case.
15 And there may be some things that -- other names that
16 have not been testified that will become evident that
17 can be identified as relevant to this case, but I'm
18 still very leery regardless of the admissibility of all
19 of these documents as to the individual documents for
20 the jury to consider.
2 I'll take up Miss Sweeney's suggestion as to

2 introducing all these, I assume the yellow tabs that
2 you're talking about so far today. Some don't have
2 yellow tabs.
2 Also, Mr. Wehner, can't it be argued by the

1576

1 Government that you waived when I had a hearing on this
2 and I told you to file a motion on relevancy grounds and
3 you only raised a couple of issues and those were
4 redacted by the Government, those that you raised.
5 MR. WEHNER: That can be fairly raised but for
6 the pleading that we filed, Judge, in which we pointed
Page 886

7 out that we were raising our objections to everything
8 with the exception of those specific entries which we
9 attached to that pleading and in that pleading and those
10 specific entries we said to the Court that we conceded
11 relevancy as to those items and argued that the

12 remainder were not relevant.
13 Now, I don't think it's incumbent upon us to
14 go through 10,000 individual entries and calendars for
15 five years and say, Judge, August 1st, ten a.m. is

16 irrelevant.
17 THE COURT: well, I have an Order saying the
18 Government can satisfy the burden put upon them by the
19 Court of Appeals and the Supreme Court on this type of
20 document and in Judge Robinson's ruling where he
2 specifically said that social records may be business

2 records in the context of the Washington lifestyle.
2 I'm not sure that they - I mean there are
2 entries all through here of various individuals that
2 we've heard about, and as I said, there are others that

1577

1 the Government can point out as individuals associated
2 with the Mod Rehab programs in some way, either
3 developers or consultants, and I'm sure there are many
4 here that are not.

5 There's a lot of social affairs and a lot of
6 things, trips and things like that.

7 It seems to me my concern is weighing the
8 prejudicial value against the -- prejudicial effect

9 against the probative value of those and I did try to
10 point out in my Order that I issued that we should have
11 considered having a hearing rather than doing it now.
12 It seems to me at minimal I'll have the
13 Government go through these and the ones they want to
14 identify specifically now and then see overnight if

allbinders as word for experiment.txt
15 there's ones that either side want to point out that
16 they're concerned about and the defendant has time to go
17 through these things and then I'll decide tomorrow
18 whether they can come in as a group or are we going to
19 have to just put in certain pages the Government's wants
20 to use which would give the jury the flavor of her
2 schedule at work as it relates to the Mod Rehab program

2 and the issues relating to that.
2 But I simply am not -- I really don't know of
2 many of these people and their relation to the program
2 or not. And I'm not sure the jury is supposed to know

1578

1 that evidence.
2 There's lots of references that can be used
3 that do relate to this case, obviously, and then it's
4 for argument as to whether they're indicia of
5 wrongdoing, but there's a lot here that to me has
6 nothing to do with the case.
7 MR. WEHNER: Judge, I don't disagree that if
8 you find that they're admissible -- there are many
9 entries in there that are properly admissible. My

10 problem is that there are a vast majority of entries
11 that simply aren't relevant.
12 THE COURT: well, we should have had it long
13 before now. We should have tried to get it done prior
14 to trial.
15 MR. WEHNER: May we conduct a voir dire of
16 Mrs. Nettles-Hawkins, Judge?
17 THE COURT: well, I'm going to have
18 Miss Sweeney first ask her a couple of more questions
19 and laying a foundation on the accuracy of these records
20 and identifying the handwriting in these particular
2 volumes. I think we should go ahead and just have her
2 look at five, six, seven, eight, if that's what you want
2 her to do, and indicate what they are, for the record,
2 and whose handwriting they generally are in and that
2 they are -- do meet the criteria set forth in the Rule

1579

1 and then I'll allow limited voir dire as to their
2 accuracy or not.
3 I don't think the voir dire really goes to the
4 admissibility. I don't want to spend a lot of time on
5 this at this point unless you can point out to her

6 they're not what they are purported to be. I don't know

7 how you can attack them any more, based upon

8 Judge Robinson's ruling. He already found that they

9 were business records, I assume, from reading his
10 ruling, that they are business records kept at HUD.

11 MR. WEHNER: Judge, if I can make one quick

12 response on that. That points out where I respectfully
13 disagree with the Court's analysis of what Judge
14 Robinson said but I don't think there's any doubt that
15 Judge Robinson ruled for the purposes of the Fifth

16 Amendment these are business records and that to admit
17 them at trial falls under the Braswell analysis. I
18 concede that. But I don't think Judge Robinson had
19 anything in his head about whether they were properly
20 admissible in a criminal trial against Miss Dean. I
2 don't think he thought about 803 (6) for one second.

2 Nor do I think he thought about anything further than
2 the limited issue as to whether they're business records
2 for the purpose of the subpoena. I don't think he even
2 considered those elements as to their admissibility at

1580

1 trial.

2 THE COURT: well, he ruled that they were --
3 all right. I believe that he had ruled that, perhaps in
4 response to subpoena requests, saying that they're
5 business records, but I -- as to whether or not he
6 talked about individual issues of admissibility of
7 certain records or not I'm not aware of that.

8 MR. WEHNER: He certainly couldn't decide in
9 advance whether they were properly admissible.

10 MS. SWEENEY: Your Honor, if I may respond
11 just briefly. Had Judge Robinson determined that they
12 were personal records rather than business records they
13 would not have been required to be produced pursuant to
14 this subpoena.

15 THE COURT: I understand.

16 MS. SWEENEY: In this case, Your Honor, the
17 very same criteria that guided his decision that they
18 were business records are basically the equivalent
19 criteria that admit documents as business records in
20 trials.

2 THE COURT: Let me read Judge Gesell's ruling
2 in the Court of Appeals. This is the Court of Appeals
2 on April 6, '93 in the Gesell ruling. "We turn to the
2 Independent Counsel's contention that the District Court

allbinders as word for experiment.txt
2 had erred by reserving its ruling on the extent to

1581

1 which, if any, purely private material found in the
2 documents may have to be redacted, the admissibility of
3 the documents and any claim by the defendant that the
4 portions of the papers selected by Independent Counsel
5 are incomplete." That's a quote from the lower Court's
6 Order. "The lower court did no more than acknowledge by
7 this statement that some portions of the documents might
8 be more prejudicial than probative or might not be
9 relevant under the applicable rules of evidence. See
10 Federal Rules of Evidence 402 and 403."
11 "The District Court," I'm skipping
12 some, "merely declined to determine in limine the
13 admissibility of each portion of the documents. Because
14 the District Court deferred its decision on
15 admissibility the Independent Counsel cannot taken an
16 appeal from the ruling at this time."
17 And I think I tried to take care of that in my
18 ruling that I did in August and perhaps I misread
19 Mr. Wehner's pleading because I thought he would have
20 read through the documents and found what he thought was
21 inappropriate. At the same time I didn't understand the
22 approach from the Independent Counsel that the entire
23 document comes in. There are a lot of records that she
24 met with consultants that showed her modus operandi as
25 to dealing with them and as to being relevant to the

1582

1 perjury counts where she said they didn't carry any
2 weight and they had a committee that decided these
3 matters, and I think that argument is right in a sense
4 that I think it's developers and others she met with

allbinders as word for experiment.txt
5 would fall in the category of people who had influenced

6 her decision from outside HUD.

7 The jury has the right to see that, but I

8 don't think the entire document should come in

9 unredacted with many other items that have no bearing on
10 the case except to go to the jury as matters that could
11 be unfairly read by the jury to take some kind of an
12 inference against your defendant because of the
13 lifestyle she led and the restaurants she ate in and
14 trips she took and things of that nature. Organizations
15 she attended, et cetera. That goes both ways, because
16 there are organizations and other items in here that I
17 think the defendant would like to have the jury know
18 about.

19 Mr. Wehner has objected to these items. I
20 think the Independent Counsel should go through and
2 Mr. Wehner should go through this set as well and use

2 specific pages that can come into evidence and, or parts
2 of the pages that come into evidence. If there's a name
2 that's not relevant, a date or place that's not relevant
2 to these charges would it would not go before the jury

1583

1 for review.
2 I'll let you look at it overnight and see if
3 we come up with anything else. But I will let you take
4 sometime, the rest of this afternoon, and go through
5 certain individual items if you wish.

6 MS. SWEENEY: Your Honor, may I have a moment
7 to confer with Mr. Wehner?

8 THE COURT: Sure.

9 MS. SWEENEY: we're ready to proceed, Your

10 Honor.

11 THE COURT: All right.

12 Bring the jury in.

13 I'll sit for about another 20 minutes and then

14 I have to go to an executive meeting.

15 Before we do the voir dire I'd like just to

16 have you run through each of these exhibits and identify

17 them as to the handwriting and the method of keeping

18 them, et cetera, in the normal course of business.

19 MS. SWEENEY: Yes, Your Honor.

20 (Jury present)

2 THE COURT: All right, we're ready to go. Is

2 the witness here?

2 we're ready to resume.

2 BY MS. SWEENEY:

2 Q Mrs. Nettles-Hawkins, I'm going to hand you four

1584

1 Government Exhibits that are not yet in evidence.

2 They've been marked for identification as Government's

3 Exhibits five, six, seven and eight. And I'd ask you to

4 take a few moments and to go through those documents, to

5 look through each of them, and then I'd like to ask you

6 some questions about them.

7 THE DEPUTY CLERK: Government's Exhibits six,

8 seven and eight marked for identification.

9 MS. SWEENEY: Five, six and seven.

10 THE DEPUTY CLERK: No, you already marked

11 five.

12 (Government's Exhibits Six,

13 Seven and Eight marked for

14 Identification)

15 BY MS. SWEENEY:

16 Q Do you recognize those four documents?

17 A They're calendars that Miss Dean had.

18 Q Do you recognize the handwriting in each of the
19 documents, starting with Government Exhibit Five and
20 then proceeding with the others?

2 A There's a combination of Miss Dean's handwriting

2 and my own.

2 Q And is there a combination of the two handwritings
2 in each of those four documents?

2 A Yes.

1585

1 Q Can you tell us where each of those four documents
2 were kept while you were working at HUD?

3 A These two would have -- these three that would be
4 Exhibits five, six, and is this eight?

5 Q Yes.

6 A Eight, would have been maintained on Miss Dean's
7 desk. They would have laid open on her desk. This one
8 looks like the one I maintained at my own desk.

9 Q And did you have access to both the one at your --
10 to the one at your own desk?

allbinders as word for experiment.txt

11 A Yes.
12 Q Did you have access to the ones that were
13 maintained on Miss Dean's desk?
14 A Yes.
15 Q How often did you have access to them?
16 A Daily.
17 Q Was it part of your duties and responsibilities as
18 Miss Dean's secretary to maintain these calendars?
19 A Yes.
20 Q Was that part of your job at HUD, to maintain these
2 calendars?
2 A Yes.
2 Q And were these calendars maintained in the course
2 of your performing your duties at HUD?
2 A Yes, yes.

1586

1 MS. SWEENEY: Your Honor, I'd move these into
2 evidence.
3 THE COURT: All right, thank you. I'll
4 reserve at this time. I'll allow Mr. Wehner to have
5 some voir dire on those records if you wish.
6 Ladies and gentlemen, voir dire means he can
7 question about these records for sometime before they're
8 admitted to make sure that they are what they purport to
9 be.
10 VOIR DIRE EXAMINATION
11 BY MR. WEHNER:
12 Q Mrs. Nettles-Hawkins, I'm Steve Wehner.
13 A Hi.
14 Q Referring to -I'll
start with number five. was
15 it your practice or Miss Dean's practice to make a note
16 on the calendar the following day if an event that had
17 been scheduled had or had not occurred?
18 A What I prepared for her on a daily basis was an
19 index card that gave her her calendar for the day and on
20 that index card we would note any changes.
2 Q Okay. So the index card would differ from the
2 calendar.
2 A It could.
2 Q It could? The index card was prepared closer to
2 the day, closer to the time at which events took place?

1 MS. SWEENEY: Objection, Your Honor.
2 THE COURT: I'm allow this voir dire.
3 A It was prepared the night before.
4 Q And was it a compilation of data from the
5 calendars?
6 A Yes.
7 Q And other sources?
8 A Her verbal changes or changes I might add on my
9 own.
10 Q Given your history of working for Miss Dean, are
11 these calendars an accurate reflection of what she did
12 on a daily basis?
13 A No, because the changes were not made on the
14 calendar themselves. As I noted that on the index card
15 that was prepared for her, the changes were noted
16 there. I would not go back and reconcile the calendar
17 that way.
18 Q It's true as well, isn't it, that these calendars
19 and the entries were made before planned future events,
20 is that correct?

2 A Yes.
2 MS. SWEENEY: Objection, Your Honor.
2 BY MR. WEHNER:
2 Q And they are not a record of what occurred on a
2 particular day, is that correct?

1588

1 A That's correct.
2 Q So if Miss Dean in all of these calendars, there's
3 a notation that said met with Joe Smith, and I just pick
4 Joe Smith out of the air, I don't have any reason to
5 think his name is there, meet with Joe Smith, that
6 doesn't necessarily mean that Miss Dean met with
7 Joe Smith, does it?
8 A No.
9 MR. WEHNER: Nothing further, Your Honor.
10 THE COURT: I didn't hear the answer, I'm
11 sorry.
12 THE WITNESS: No.
13 MR. WEHNER: I have nothing further on the
14 voir dire, Your Honor.
15 THE COURT: All right. Do you have anything
16 else on the voir dire?
17 MS. SWEENEY: No, Your Honor. At this time
18 the Government renews its motion that these documents be
19 accepted into evidence.
20 THE COURT: All right. I'm going to, as I
2 said, withhold ruling at this time and reserve ruling on
2 the admissibility overall of all of the materials
2 contained in the calendar that's been identified or
2 calendars that have been identified, Exhibits five, six,
2 seven and eight. I will allow you to go in on

1589

1 individual pages if you wish at this time.
2 MS. SWEENEY: Yes, Your Honor, with the
3 Court's permission I'm going to go through the
4 individual pages as to which the defense has stipulated
5 relevance.
6 THE COURT: All right. That's fine.
7 MS. SWEENEY: Your Honor, will those
8 individuals pages be accepted into evidence at this
9 point in time?

10 THE COURT: As long as they've been stipulated
11 to as relevant, as to all the contents that's on the
12 particular page.
13 BY MS. SWEENEY:
14 Q Miss Nettles-Hawkins, I've just handed you what's
15 been marked Government's Exhibit 5A. And it is a
16 portion of Government Exhibit Five and you may refer to
17 the original if the original is clearer and easier to
18 read. I would ask you to look at the entry that's been
19 highlighted.
20 A It's not matching -- okay.
2 Q Do you recognize the handwriting on the highlighted

2 entry?
2 A It's Deborah's.
2 Q And can you tell us what it says?
2 A Saturday December 22nd, it says, "lunch, Andy

1590

1 Sankin, Rehoboth Beach."
2 MS. SWEENEY: with the Court's permission I'll
3 publish that page, Your Honor.
4 THE COURT: No objection to that, then 5A will
5 be admitted and be published.
6 (Government's Exhibit 5A
7 received into Evidence)
8 THE COURT: Do you want to give the year that
9 that calendar covers, please?
10 THE WITNESS: This is December of '84.
11 THE COURT: December of '84.
12 THE WITNESS: Yes, thank you.
13 THE COURT: Is that a calendar really for the
14 year '85?
15 THE WITNESS: The calendar starts -begins
16 with December, 1984, beginning on December the 10th,
17 1984 and then it carries over into 1985.
18 THE COURT: All right.
19 MR. WEHNER: Your Honor, could we reserve all
20 previously stated objections?
2 THE COURT: I thought I took that up at the
2 recess. I'm not quite sure what you're talking about.
2 MR. WEHNER: Very well, Your Honor.
2 BY MS. SWEENEY:
2 Q Miss Nettles-Hawkins, I'll show you a document

1591

1 that's previously been marked Government's Exhibit 5B
2 and I'd ask you to refer to the highlighted material on
3 the one that's been xeroxed. Do you see that?
4 A Yes.
5 Q Do you recognize the handwriting on that entry?
6 A That's my own.
7 Q And can you tell the jury what it says?
8 A It says Thursday, January 31st. It says "lunch,
9 Jockey" -I'm
sorry, one o'clock is what you have
10 highlighted, "Andy Sankin." I'm sorry, I've read the
11 wrong thing. Let me see.
12 THE COURT: Did you get the right one?

13 THE WITNESS: I've got to find which year this
14 one was in.
15 MS. SWEENEY: May I approach, Your Honor, to
16 be of assistance?
17 THE COURT: Sure.
18 A Okay. It says January 29th, 1985, one o'clock.
19 It' s noted, "Andy Sankin."
20 MS. SWEENEY: with the Court's permission I'll
2 publish that one, Your Honor.
2 THE COURT: All right. That will be admitted,
2 5B.

2 received into Evidence)

1592

1 BY MS. SWEENEY:

2 Q Miss Nettles-Hawkins, I've handed you what's
3 previously been marked Government's Exhibit 5C and I'd
4 ask you once again to look at the highlighted matter on
5 that page and can you tell us whose handwriting that one
6 is in?

7 A It' s my own.

8 Q And what does it say?

9 A On January 31st, 1985. It says one o'clock,
10 "Andrew Sankin/Stanley Arms," I've noted an arrow going
11 from one o'clock downward as if to block off the
12 afternoon.
13 Q Miss Nettles-Hawkins, I'm going to show you a
14 document that's been marked Government's Exhibit 5D and
15 ask you to take a look at the highlighted entry on that
16 page and can you tell us in whose handwriting that is?
17 A That's my own.
18 Q And what does the entry say?
19 A Next to the notation it says "lunch," and that's on
20 Friday, March 15th in 1985. "Andrew Sankin. Lunch with
2 Andrew Sankin."

2 MS. SWEENEY: with the Court's permission
2 I'll publish that document.
2 THE COURT: All right, fine. 5D is admitted.

6 that highlighted entry?

7 A It's my own. It's Monday, April 22nd, 1985. It

8 says two o'clock. "Andrew Sankin."

9 MS. SWEENEY: Your Honor, again with the
10 Court's permission I'd like to publish that entry.

6 Q And can you tell us what it says?

7 A It says "lunch, John Rosenthal."

8 MS. SWEENEY: with the Court's permission I'll
9 publish that page for the -

10 THE COURT: what's the date on that one?

11 THE WITNESS: Friday, May 10th, 1985.

12 THE COURT: All right. That may be

16 MS. SWEENEY: Did Your Honor indicate I might
17 do N?
18 THE COURT: How about N? Do you have N?
19 MS. SWEENEY: Yes, Your Honor.
20 BY MS. SWEENEY • •
2 Q Miss Nettles-Hawkins, I show you what's been
2 previously marked Government's Exhibit 5N and I ask if
2 you recognize the handwriting that's been highlighted on
2 that document?
2 A It is my own. Under lunch the notation of 12

1 noon – I'm sorry, the date is Friday November 22nd, at
2 12 noon, Phil Winn, the restaurant was Dominique's, and
3 then at four o'clock I've noted the name of Rick
4 Shelby.
5 Q Are you familiar with the name Phil Winn?
6 A Be was a developer.

7 MS. SWEENEY: with the Court's permission I'd

8 like to publishing Government's Exhibit 5N.

9 THE COURT: All right. 5N has been

10 published.

11 Ladies and gentlemen, I have to recess. We
12 have a Court meeting this evening. Tomorrow morning we
13 will start at 9:30. I have one short matter in another
14 case earlier and we'll be ready to go at 9:30. It
15 should be a full day tomorrow and we'll move along
16 through these documents and go forward with the next
17 witnesses.
18 Remember now overnight the admonition again,
19 please, no talking about the case with each other or if
20 anyone else talks to you about it, avoid it in the
2 media, don't read, watch or listen to anything about

2 this case. Be back here at 9:30, please? Thank you.

2 (Jury dismissed)

2 THE COURT: You can be excused. All right.

2 You have several more of those pages, right?

1600

1 MS. SWEENEY: Yes, Your Honor, I think I have
2 probably another 20.

3 THE COURT: Do you know if there are other
4 pages within the calendars, the other calendars that you
5 have not marked that you would like to have if I don't
6 let the entire calendar in? Is there some way we can do
7 that, or would you rather not do it?

8 MS. SWEENEY: I do believe that there are
9 additional relevant entries. I would have to look

10 through the calendars.

11 THE COURT: I think there are. We'll see how
12 we do that tomorrow. We might have to reserve and come
13 back to that.

14 Also, Mr. Wehner, it's incumbent upon you and
15 Miss Dean to look at those and see if there are any
16 particular items that come in in toto or certain pages
17 that would come in that you would be concerned about.
18 Secondly, you reserved all your objections in
19 front of the jury, which was appropriate. I take it
20 what you meant by that is that you were just renewing
2 your objection for the record of the admissibility of
2 these documents, or do you have anything else?

2 MR. WEHNER: No, that's what I said. Just on
2 the Braswell issue. I will point out to the Court, if
2 there are entries we will concede relevance in order to

1601

allbinders as word for experiment.txt
1 speed things along, if we can come up with a list. We
2

just won't concede admissibility generally. So if the
3

Independent Counsel and we can get together and concede
4 that these 15 days --
5 THE COURT: I've looked at the telephone
6 messages I read. For instance, there are lots of
7 things, and I think under the Court of Appeals ruling
8 and Judge Gesell's ruling those are reserved. So take a
9 look at those.

10 All right, I'll stand in recess until 9:30 in
11 the morning.
12 (Proceedings recessed at 4:20 p.m. to resume September
13 29, 1993 at 9:30a.m.)

1 PROCEEDING S
2 THE COURT: All right, good morning.
3 MR. WEHNER: Good morning, Your Honor.
4 THE DEPUTY CLERK: Criminal Number 92-181.
5 United States of America versus Deborah Gore Dean. We
6 have Robert O'Neill, Paula Sweeney for the Government.
7 Stephen Wehner for Miss Dean.
8 THE COURT: All right.
9 Miss Sweeney, did we make any advances on this
10 calendar issue I left with you last night?
11 MS. SWEENEY: I hope so, Your Honor. I have
12 supplied Mr. wehner and Miss Dean with a copy of
13 additional entries that we would propose to put into
14 evidence and I have a copy for the Court as well.
15 THE COURT: Thank you for the work you did. I
16 appreciate it.
17 MS. SWEENEY: And, Your Honor, I had another
18 matter that I wanted to raise. We anticipate reaching
19 late this afternoon or perhaps first thing tomorrow a
20 witness as to the materiality of the perjury and the
Page 905

allbinders as word for experiment.txt
2 concealment and we are – would like to make a motion
2 that that testimony be heard outside the presence of the
2 jury since it's an issue for the Court.
2 THE COURT: An issue? What's the issue?
2 MS. SWEENEY: The materiality.

1608

1 THE COURT: Of the witness* testimony as to
2 the perjury?

3 MS. SWEENEY: Yes, Your Honor.

4 THE COURT: A motion in limine hearing.

5 MS. SWEENEY: Your Honor, I do believe we

6 wouldn't reach this witness until late this afternoon

7 or, as I said, perhaps the first thing tomorrow.

8 THE COURT: All right.

9 There's two matters I wanted to look at
10 briefly as to the calendar. One would be the issue on
11 voir dire raised by the defendant that I do not think I
12 treated adequately in admitting the individual pages of
13 the calendaring system that I've admitted over objection
14 of the defendant. That is, the testimony of the witness
15 who is on the stand as to the accuracy or not of the
16 calendars in that she testified that certain meetings
17 may not have occurred because these were written in
18 advance and were not changed after the fact to reflect
19 reality, and that overall then she would have said they
20 aren't accurate, whether that lays a foundational
21 grounds for admission of these calendars. I'm going to
22 rule that it does not. It goes to weight and not the
23 admissibility of documents as to whether certain
24 meetings occurred or not.
25 It's evident from the testimony that she kept

1609

1 these calendars and kept them up to date and to reflect
2 the meetings that were to be held. I will not limit
3 their use because of inaccuracy claims. So I think if
4 there's an area that is inaccurate that has been gone
5 into by the Government on these individual pages, the
6 defendant is capable of attacking those, as necessary,
7 through examination of the witness or production of
8 their own evidence, if she did not go those meetings or
9 went out of town or whatever.

allbinders as word for experiment.txt
10 Mr. wehner, have you had a chance to review
11 these proposed exhibits, individual exhibits, whether
12 there's an objection to each of these pages or not?
13 MR. WEHNER: Yes, I've looked at them this
14 morning, Your Honor. Could I respond briefly to the
15 last -16
THE COURT: You can make a record.
17 MR. WEHNER: - to the last couple of
18 sentences?
19 THE COURT: Yes.
20 MR. WEHNER: I believe that Your Honor said
2 that the inaccuracies in the calendars could be
2 explained either through the cross-examination of
2 Nettles-Hawkins or -
2 THE COURT: Not could be, may be. I don't
2 know if it will or not or whether there are

1610

1 inaccuracies, but just the challenge, maybe there's
2 enough to void their admissibility. I don't think that
3 that's a concern as to any ones that are relevant to the
4 issues at hand. You could challenge it. It doesn't
5 mean that they come in necessarily unchallenged.
6 MR. WEHNER: I think that the second part of
7 that statement that Your Honor made which I recall as
8 being or we could challenge that through, I believe you
9 said, our own evidence -10
THE COURT: If you wished. You don't have any
11 burden to. I understand that. If there are any
12 inaccurate ones.
13 MR. WEHNER: Miss Hawkins testified that all
14 the calendars were inaccurate.
15 THE COURT: She testified to the presumption
16 that if the meetings didn't occur they would be
17 inaccurate, but the meetings, she also testified, she
18 scheduled on a daily basis, she updated it and if it
19 didn't occur she put an index card. She didn't come
20 back and reconcile the calendar. Despite her statement
2 I guess you could consider them inaccurate means they're
2 all inaccurate. I didn't consider her testimony quite
2 so broadly. That's why I said it goes to the weight as
2 to meetings that didn't occur.
2 MR. WEHNER: But I think her testimony was as

1611

1 broad as to the regularity with which the calendars were
2 made as they were with her statement they were
3 inaccurate and I don't think there's specific testimony
4 from her as to any inaccuracies in the calendar,
5 including the ones the Independent Counsel is attempting

allbinders as word for experiment.txt
6 to introduce, and the cross-examination -

7 THE COURT: Also, I recall various other

8 witnesses who testified to meetings with her although

9 maybe not as to the exact date and timeframe. Some
10 have, I believe on certain times and dates, which would
11 verify the calendars.

12 MS. SWEENEY: Yes, Your Honor, at the very
13 least, Your Honor, the calendars indicate that the
14 meetings were scheduled with certain individuals, and at
15 the very least.

16 Your Honor will notice in some instances as
17 you flip through the additional pages this morning that
18 there are indications that certain meetings were
19 canceled. We're offering them to show that they were
20 scheduled and subsequently canceled with particular
21 individuals who have -- who are at issue really in this
22 particular case.

23 As to the regularity question, Your Honor,
24 Ms. Nettles-Hawkins testified yesterday that she
25 maintained the calendar on a daily basis and that it was

1612

1 one of her duties to reconcile the calendars and to make
2 an effort to see that the appointments reflected in each
3 calendar were reflected on the other documents as well.

4 THE COURT: Well, I indicate it's not for the
5 jury's benefit, but just the Court's review of the
6 calendars yesterday that I made, although somewhat
7 cursory, I was impressed with the detail written down as
8 to the meetings and the times and things on her
9 calendars. All right. I accept your objection but I'm
10 going to overrule on the grounds that I've given.

11 MR. WEHNER: Could I make one more statement
12 in this regard?

13 THE COURT: Yes.

14 MR. WEHNER: Judge, I think if you look at the
15 reason that the exceptions to the hearsay rule exists,
16 they exist based upon the premise that evidence as it is
17 accepted pursuant to the exceptions is reliable.

18 THE COURT: Trustworthy. That's the
19 foundation for admitting hearsay evidence. I understand
20 that.

21 MR. WEHNER: Trustworthy, right, and I think
22 that where a witness testified that the documents are
23 inaccurate, that removes the foundation for the
24 admission of the testimony, number one.
25 Number two, I think because the witness

1613

1 testified that they are inaccurate it unfairly shifts

2 the burden to the defense in violation of the Fifth

3 Amendment to prove those inaccuracies when there's

4 insufficient foundation, and with that I will sit down

5 and be quiet, Your Honor.

6 THE COURT: I recognize both those arguments.

7 That's why I raised it this morning to make sure the

8 record had been adequately considered by the Court both

9 as to inaccuracy concerns and whether or not it places

10 some burden on the defendant, but I don't think it does

11 in either case to violate the hearsay rule, the

12 admission of these documents. When there's hearsay you

13 place a burden on the defendant if they wish to, if she

14 wishes to, to try to refute it if they believe it's not

15 correct. That's the way the system works. They don't

16 have to. They have an opportunity to.

17 And, secondly, as to the inaccuracies or not I

18 think I covered that in a discussion with the witness

19 and other witnesses as verified in these meetings, and

20 Miss Sweeney indicates some cancellations and I have one

2 in front of me, May 18th, I'm not sure in what exhibit,

2 i can't read the xerox numbers very well, but it's May

2 18th and at the bottom of that it

2 says "rescheduled it" across a meeting she had with

2 Janet Hale. So sometimes these were corrected to

1614

1 reflect that there were changes in the documents -- in

2 the appointments on those documents.

3 All right. Then the witness is going to go

4 ahead and identify each of these documents,

5 Miss Sweeney?

6 MS. SWEENEY: Yes, Your Honor, I was going to

7 have the witness identify the ones that were in our

8 original exhibit binder and I was hoping to publish the

9 additional ones at some later time after Your Honor and
10 Mr. Wehner had an opportunity to look at them.
11 THE COURT: All right. We'll look at them
12 over the break.
13 MR. WEHNER: Judge, is the publishing to the
14 jury going to be limited to the specific entry that's
15 been identified by the Office of the Independent Counsel
16 or are they going to include other appointments on that
17 day and other activities on that day?
18 THE COURT: I guess the document that's going
19 to be exhibited to the jury I think will be the entire
20 day. I think what the jury has seen on the screen, what
2 they've been seeing on the screen is just a highlighted

2 area and there may be a little appointment underneath it
2 that comes up on the screen, but the whole page has not
2 been shown on the screen so far.
2 MR. WEHNER: And I would ask that that

1615

1 practice be continued.

2 THE COURT: I think for speed sake I think we
3 should show the highlighted appointment that the
4 Government is interested on the screen rather than have
5 them look at every single appointment on the page. That
6 will take much longer.

7 MR. WEHNER: Since that's what the jury is
8 going to see, I'll just alert the Court to the point
9 that we have agreed with the Independent Counsel that
10 one portion of that is going to be redacted, the skull

11 and crossbones on a certain date. That's been agreed
12 to.

13 MS. SWEENEY: Yes, Your Honor, we have

14 redacted that.
15 THE COURT: All right. You've done that.
16 MR. WEHNER: And, secondly, I may request the
17 Court when you make a determination as to what Exhibits
18 go out to the jury to mark out one or two or three other

allbinders as word for experiment.txt

19 passages.

20 THE COURT: All right, I'll take care of that
2 at that point.

2 MR. WEHNER: Yes, sir.

2 THE COURT: All right. We're ready to go.

2 Bring in the jury.

2 (Jury present)

1616

1 THE COURT: All right, ladies and gentlemen,

2 good morning. We're ready to proceed at this time again

3 with the witness who was on from last evening. We'll

4 continue to present the Government's case at this time

5 (SHERRILL NETTLES-HAWKINS, WITNESS FOR GOVERNMENT,

6 RESUMED THE STAND)

7 THE COURT: Good morning. Thank for you

8 coming back.

9 THE WITNESS: Good morning.

10 DIRECT EXAMINATION - CONTINUED

11 BY MS. SWEENEY:

12 Q Ms. Nettles-Hawkins, I'm going to hand you the
13 original calendars again so that you may refer to them
14 if you have difficulty with the individual exhibits.

15 Ms. Nettles-Hawkins, I'm handing you what's
16 been marked Government's Exhibit 5P and I ask if you
17 could take a look at the highlighted portion of that
18 document. Do you recognize the handwriting in the
19 highlighted portion?

20 A It is my own.

2 THE COURT: I'm sorry, what's the letter?

2 MS. SWEENEY: 5P.

2 THE COURT: P.

2 A It's Tuesday, December 10th, noted at lunch, one
2 o'clock, Phil Winn, I made a notation, meet him at

1617

1 airport, United Airlines flight 166.

2 MS. SWEENEY: with the Court's permission I'd
Page 911

3 like to publish that entry to the jury.

4 THE COURT: All right. Without objection 5P

5 will be admitted.

6 (Government's Exhibit 5P

7 received into Evidence)

8 BY MS. SWEENEY:

9 Q Ms. Nettles-Hawkins, I'm going to show you a

10 document that's been marked Government's Exhibit 7A. Do
11 you recognize the handwriting in the highlighted portion
12 of that document?

13 A It is mine. It's noted under Wednesday, January
14 29th, 1986, at ten a.m., Tom Broussard, and a phone
15 number.

16 MS. SWEENEY: With the Court's permission,
17 Your Honor, I'd like to publish 7A to the members of the
18 jury.

19 THE COURT: All right. 7A will be admitted
20 and published.

2 (Government's Exhibit 7A

2 received into Evidence)

2 BY MS. SWEENEY:

2 Q Ms. Nettles-Hawkins, I'm going to show you a
2 document that's been marked Government's Exhibit 7B and

1618

I'll ask if you recognize the handwriting in the
highlighted portion on that exhibit?

3 THE COURT: Could we have the year for this
4 group here, these sevens?

5 THE WITNESS: 1986.

6 THE COURT: Yes, before it was '85. Now we're
7 into '86 starting with 7A.

8 MS. SWEENEY: Yes, Your Honor.

9 A Under Monday, February 3rd, 1986, noted is the name
10 of Rick Shelby. I drew a circle around 12:30, pointed
11 and arrow to his name and with the restaurant 209 1/2
12 noted.

13 MS. SWEENEY: With the Court's permission I'd
14 like to publish that exhibit 7A.

15 THE COURT: All right, it will be admitted and
16 published. 7B.

17 MS. SWEENEY: 7B, I'm sorry, Your Honor.

18 (Government's Exhibit 7B
19 received into Evidence)

20 BY MS. SWEENEY:

allbinders as word for experiment.txt
21 Q I'm going to show the witness what's been marked
22 Government's Exhibit 7C and I'd ask if you recognize the
23 handwriting, the highlighted portion on that document?
24 A It is mine, it's noted under Wednesday March 12,
25 1986, beside the time of three o'clock p.m., Andrew

1619

1 Sankin.
2 MS. SWEENEY: with the Court's permission -3
THE COURT: whose name is that? I'm sorry, I
4 didn't -
5 THE WITNESS: Andrew Sankin.
6 THE COURT: All right. Thank you.
7 BY MS. SWEENEY:
8 Q Ms. Nettles-Hawkins, I've handed you what's been
9 marked Government's exhibit 7D and I ask if you
10 recognize the handwriting in the highlighted portion on
11 that exhibit?
12 A It is mine. It's noted under Friday March 21st,
13 1986, the time 2:30, with the name of Rick Shelby.
14 MS. SWEENEY: with the Court's permission I'd
15 like to publish that Exhibit to the jury?
16 THE COURT: All right. 7D is admitted. 7C
17 was also.
18 MS. SWEENEY: 7D, Your Honor.
19 THE COURT: Right, 7D will be admitted.
20 (Government's Exhibits 7C and
2 7D received into Evidence)
2 BY MS. SWEENEY:
2 Q I'm handing the witness what's been marked
2 Government's Exhibit 7F and I'd ask if you recognize the
2 handwriting in the highlighted portion?

1620

1 A Again, it's my own, noted under Monday, April 7th,
2 1986, time 11:45, lunch with Rick Shelby, and the
3 restaurant 209 1/2.
4 MS. SWEENEY: with the Court's permission, I
5 would publish this exhibit to the members of the jury.
6 THE COURT: All right. 7F will be admitted.
7 (Government's Exhibit 7F
8 received into Evidence)
9 BY MS. SWEENEY:
10 Q I've handed you what's been marked Government's
11 Exhibit 7G. Do you recognize the handwriting in the
12 highlighted portion on that exhibit?
13 A The handwriting noted Friday June 6th is not mine
14 and it's not Deborah's.
15 Q Do you recognize it as the handwriting of someone
16 else in the office?
17 A I am guessing when I say this, but it looks like
18 the handwriting of a co-worker then, Dorothy Faison.
19 Q And who was Miss Faison?
20 A She was a staff assistant in the office.

9 Q. I've handed the witness a document that's been marked
10 Government's Exhibit 8V and W and X, and once again, there are
11 more than one highlighted portion on that document, and I'd ask
12 if you could identify the handwriting in each of the highlighted
13 portions?
14 A. This is Deborah's handwriting. Noted under June 15, at
15 twelve noon, "Rick Shelby." At 7:00 p.m., "Lou Kitchin."
16 MS. SWEENEY: May I approach the witness, Your Honor?
17 THE COURT: All right.
18 MS. SWEENEY: Your Honor, at this time, I'd ask to
19 publish Government's Exhibit 8V and W.
20 THE COURT: All right. It's one page, but there are
2 two different entries.
2 MS. SWEENEY: Two separate entries, Your Honor.
2 THE COURT: 8V and 8W will be admitted.

13 Q. I've handed the witness a document that's been previously
14 marked as Government's Exhibit 8AA, and I'd ask if you recognize
15 the handwriting in the highlighted portion on that document?
16 A. It's Deborah's handwriting. Noted under July 23, 1987, the
17 time noted is 5:30 p.m., "The Grand -
18 Jack and Anne Brennan."
19 MS. SWEENEY: At this time, Your Honor, I'd ask to

2 A. It's Deborah's handwriting. Noted under September 2, 1987,
3 at 6:00 p.m., "Lou Kitchin."
4 MS. SWEENEY: Your Honor, at this time, I'd ask to
5 publish Government's Exhibit 8DD.
6 THE COURT: Is that "B" or "D"?
7 MS. SWEENEY: "D" as in dog.
8 THE COURT: All right, 8DD will be admitted.

12 Q. I've handed the witness a document that's been marked
13 Government's Exhibit 8EE, and I'd ask if you recognize the
14 handwriting in the highlighted portion on 8EE?
15 A. It is Deborah's handwriting. Noted under October 27, 1987,
16 at twelve noon, "Lunch" and "Rick Shelby," and then it's been
17 marked out.
18 Q. You said that it's been marked out?
19 A. It was crossed out, a line drawn through it.
20 MS. SWEENEY: At this time, Your Honor, I'd ask to
21 publish Government's Exhibit 8EE.

8HH?
2 A. It is Deborah's handwriting. Noted under December 17, 1987,

4 MS. SWEENEY: Your Honor, I'd ask that Government's
5 Exhibit 8HH be published to the members of the jury.

(Government's Exhibit No. 8HH was

9 MS. SWEENEY: Your Honor, that concludes our direct
10 examination of this witness.
11 THE COURT: All right. Does that conclude these this
12 morning? Does that conclude these?
13 MS. SWEENEY: No, Your Honor. Our plan was to publish
14 those at a later time after the Court and Mr. Wehner had an
15 opportunity to look at those.
16 THE COURT: I see. Will you call the witness back on
17 those, or it won't be necessary?
18 MS. SWEENEY: Your Honor, we would just propose to
19 publish them for the members of the jury.
20 THE COURT: we'll see how that goes.
21 Do you want a short break?
22 MR. WEHNER: Yes, Your Honor, please.
23 THE COURT: All right. Ladies and Gentlemen, we'll
24 take our morning recess then for 15 minutes and be back to take
25 up the cross examination of the witness. Remember the

1647

1 admonitions of the Court again, please, about not talking about
2 the case among yourselves or with anyone else during the recess.
3 Take a 15-minute break, please.
4 (Jury out.)
5 MS. SWEENEY: Your Honor, if Mr. Wehner has had an
6 adequate opportunity to take a look at those exhibits, we'd be
7 more than happy to publish them today.
8 THE COURT: All right. Maybe he'll look into them over
9 the lunch hour or something. We'll see what we can do with it,
10 all right, and then see where we are with the witness.
11 All right, we'll be back in 15 minutes.
12 (Recess from 11:07 a.m. to 11:32 a.m.)
13 THE COURT: Who's your next witness, or are you
14 continuing with these? What's next?
15 MS. SWEENEY: Your Honor, we'd continue with
16 Mrs. Nettles-Hawkins to publish those additional documents if
17 there's been an opportunity for counsel and the Court to look at
18 them.
19 THE COURT: I don't know if Mr. Wehner has looked at
20 them yet.
21 MR. WEHNER: I haven't, Your Honor, and I think Your
22 Honor suggested that I do it over lunch hour.
23 THE COURT: Yes. I think --do you have anyone here
24 now or anything else to do?

25 MS. SWEENEY: No, Your Honor, but I believe Mr. Wehner

1648

1 was going to cross-examine the witness.

2 THE COURT: All right. You're going to cross-examine
3 her now, at least on what's been developed so far? Are you ready
4 to go on that?

5 MR. WEHNER: Yes, Your Honor. I can wait.

6 THE COURT: well, why don't you go ahead and do this
7 cross now at least until lunch hour. I mean, you may not be
8 finished with that then. And then we can look at these documents
9 over lunch, come back and finish the cross, and then go through
10 these.

11 All right, bring the jury in.

12 MR. WEHNER: what time does Your Honor want to break
13 for lunch?

14 THE COURT: About 12:10 or so.

15 MR. WEHNER: Very good.

16 THE COURT: Okay? 12:15, in that range.

17 MR. WEHNER: Yes.

18 (Jury in.)

19 THE COURT: All right, Ladies and Gentlemen, we're
20 ready to resume. At this time, we're going to start the cross
21 examination of the witness.

22 would somebody ask her to come back again, please?

2 Thank you.

2 All right, we're ready to go.

2 MR. WEHNER: Thank you, Your Honor.

CROSS EXAMINATION

BY MR. WEHNER:

3 Q. Mrs. Netties-Hawkins, I recognize that this is a difficult
4 process for you, and if there is any time you don't understand my
5 questions or you want to ask for some kind of clarification,
6 please feel free to do so.

7 A. Okay.

8 Q. I'll try to make this as easy as we can.

9 You've known Ms. Dean for a very long time, correct?

10 A. That's correct.

11 Q. And you consider yourself both a friend and a professional
12 associate; is that right?

13 A. Yes.

14 Q. Okay. would you just tell the jury when you began to work
15 for her and when you finished working for her?

16 A. I began working for Deborah in June of '84 through
17 approximately September, maybe October of 1987.

18 Q. And you worked as her secretary during that entire time
19 period?

20 A. That's correct.

21 Q. were you located physically in the same office during that
22 entire time period? I mean, were you in the same place during
23 that entire time period?

24 A. Yes.

25 Q. And was Ms. Dean?

1650

A. Yes.

2 Q. And was Secretary Pierce?

3 A. Yes.

4 Q. Okay. I'm not much of an artist, and I hope you're a little
5 better. Could you go to the board and draw a, the best diagram
6 you can of where the offices were, yours, Ms. Dean's, and the
7 secretary's?

8 (Witness complying.)

9 BY MR. WEHNER:

10 Q. Actually, that was very good, much better than I would have
11 done, believe me.

12 were there other doors?

13 A. There was a door that adjoined the secretary's office with
14 Deborah's.

15 Q. Okay.

16 A. This is a wall.

17 Q. Okay. So this was blocked off?

18 A. (Nodding head.)

19 Q. There was a door between the two offices?

20 A. That's correct.

21 Q. Okay. Were there any other entries or exits from Deborah
22 Dean's office or the secretary's office other than what you've
23 put up there, do you recall?

24 A. Deborah had an entryway in the rear of her office that
25 connected her to the deputy secretary's office.

1651

1 Q. Okay.

2 A. Who was then called the under secretary.

3 Q. Right. And what about to the secretary's office?

4 A. That was the only doorway.

5 Or she could come to -- my desk was located here,
6 immediately outside her office. There was a reception area here.

7 Q. Would you just write "reception area" there, please?

8 A. Okay (Complying.)

9 And she could pass this reception area, and then there
10 would be the offices, or the office that the secretary's
11 confidential assistant and his personal secretary sat in.

12 Q. All right, thank you.

13 Now I notice that you wrote "Deborah" in her office.

14 Based on your experience with working with her, what did she
15 prefer to be called?

16 A. Debbie.

17 Q. What did her friends call her?

18 A. Debbie.

19 Q. Did they also call her Deborah?

20 A. Yes.

21 Q. Okay. And did you call her Deborah or Ms. Dean or -

22 A. I interchanged it.

23 Q. One way -- both ways?

24 A. Um-hum.

25 Q. When Ms. Dean would go to see the secretary, Secretary

1652

1 Pierce, she would sometimes go by your desk to do that; is that
2 correct?

A. That's correct.

4 Q. And she would on occasion make appointments with Starr
5 Eckart, who was the secretary's secretary, to make --to see the
6 secretary; isn't that right?
7 A. That's correct.
8 Q. There were also times, were there not, that you knew that
9 the secretary came in to see Ms. Dean through the private
10 entries; isn't that right?
11 A. That's correct.
12 Q. And in other words, the secretary and Ms. Dean would meet
13 from time to time by visiting each other through this door; isn't
14 that correct?
15 A. That's correct.
16 Q. And that would, that could have been without you seeing
17 Ms. Dean and Mr. Pierce or without any other secretary seeing
18 Ms. Dean or Mr. Pierce; isn't that correct?
19 A. That's correct.
20 Q. Now you had a chance during that five-year period to observe
21 her working relationship with Secretary Pierce, did you not?
22 A. Yes.
23 Q. Would you describe that working relationship, please?
24 A. It was a formal working relationship, where she had to
25 request to see the secretary, just like everybody else.

1653

1 Q. But in terms of how they talked on a daily basis, did they
2 talk?
3 A. They didn't talk daily.
4 Q. Okay. How often did they talk?
5 A. They could have talked as often as three times a week.
6 Q. Okay. Were there meetings with Secretary Pierce?
7 A. She may communicate with him by a note, which she often did.
8 Q. Okay. Would she communicate in person?
9 A. Sometimes.

10 Q. Okay. Did other people besides Ms. Dean that were employed
11 at HUD see the secretary from time to time?
12 A. Yes.
13 Q. And would those include federal housing commissioners?
14 A. Yes.
15 Q. And would they see the secretary from time to time both with
16 Ms. Dean and without Ms. Dean?
17 A. I'm sure they did.
18 Q. Did Ms. Dean have a place where she had meetings with more
19 than one or two people?
20 A. She could either keep the meeting in her office or move it
21 to the conference room that was part of the secretary's suite.
22 Q. And how many chairs approximately would be in the conference
23 room?
24 A. As many as 15.
25 Q. Okay. Do you recall testifying about your knowledge of the

1 Moderate Rehabilitation Program generally on your direct
2 examination?

A. Yes.

4 Q. Okay. Do you recall that there were meetings regarding the
5 Moderate Rehabilitation Program?

6 A. Yes.

7 Q. And where did those meetings take place?

allbinders as word for experiment.txt
8 A. My -- sometimes those meetings were held outside of
9 Deborah's office, in someone else's office, and they were
10 sometimes held after hours, when I was already gone home.
11 Q. Okay. To your personal knowledge, who participated in the
12 meetings besides Ms. Dean?
13 A. Whoever was head of the office of housing at the time and
14 perhaps a special assistant on the staff who was responsible for
15 the housing program.
16 Q. Okay. And when you say whoever the federal housing
17 commissioner was at the time, that would have been at one point
18 Mr. Demery?
19 A. Yes.
20 Q. And at one point Mr. Barksdale?
2 A. Yes.
2 Q. And at one point Ms. Wiseman?
2 A. Yes.
2 Q. Do you recall any others? I'm trying to think of the
2 remainder during that time period.

1655

1 A. Silvio DeBartolomeis was in an acting position.
2 Q. Mr. DeBartolomeis, right.
3 So you recall meetings among these individuals
4 regarding the mod rehab process?
5 A. Yes.
6 Q. Okay. Did you ever attend any of those meetings?
7 A. No.
8 Q. Did you ever overhear what went on at any of those meetings?
9 As best you can recall.

10 A. Just maybe tidbits, just minor pieces of information.
11 Q. Okay. You testified on direct that you overheard Deborah
12 Dean making comments on occasion about certain of the federal
13 housing commissioners; isn't that correct?
14 A. That's correct.
15 Q. Okay. Do you have any reason to think that these were
16 Ms. Dean's personal comments or were the comments of the
17 secretary?
18 A. To the best of my knowledge, they were Deborah's personal
19 comments.
20 Q. Okay. But you wouldn't know that one way or the other,
2 would you --

2 A. As I said --
2 Q. -- for certain?
2 A. --to the best of my knowledge.
2 Q. Because you overheard what Deborah said?

1656

1 A. Exactly.
2 Q. Okay. Did you handle, as far as you know, all of Ms. Dean's
3 incoming correspondence?
4 A. Most of it.
5 Q. Where else did the correspondence go if you didn't handle
6 it?
7 A. The receptionist in the office received the correspondence

8 first --
9 Q. Okay.

10 A. -- if it was controlled.
11 It really depends on, on what the item was. People
12 could get by me if I was away from the office, if I was at lunch,
13 wherever. If I was not at my desk, then they could get by me.
14 Q. But in terms of correspondence in terms of letters, are you
15 also saying letters could be delivered without you seeing them?
16 A. Exactly.
17 Q. Okay. As well as individuals coming in to see Ms. Dean
18 without you seeing them?
19 A. Yes.
20 Q. Okay. Did you handle the outgoing correspondence?
21 A. I handled it if I was asked to type a response to it or if
22 it was given to one of the special assistants to research or for
23 them to draft a response to that particular piece of
24 correspondence.
25 Q. Okay. I want to ask you -- well, how often did you talk to

1657

Ms. Dean?
2 A. Daily.
3 Q. Okay. Frequently during the day?
4 A. Yes.
5 Q. Okay. Now do you recall any conversations with Ms. Dean at
6 all or ever recall her saying anything about or seeing a piece of
7 paper which reflected the name Baltimore Uplift?
8 A. No, I do not.
9 Q. Now before you worked for Ms. Dean, which I believe you said

10 was beginning in about 1983 --
11 A. '84.
12 Q. '84. Did you work for Mr. Lance Wilson?
13 A. I did.
14 Q. And he was in the same position as Ms. Dean was in; is that
15 correct?
16 A. That's correct.
17 Q. Executive assistant to the secretary?
18 A. Yes.
19 Q. Okay. And did he have, on occasion make telephone calls
20 without you placing the telephone calls?
21 A. Yes.
22 Q. Now there's been a lot of testimony about the receipts, and
23 you were shown, I don't know, probably 25 different receipts --
24 different calendar entries.
25 THE COURT: Not receipts, calendar entries.

1658

1 MR. WEHNER: All right.
2 THE COURT: Just to clear the question up, it was
3 calendar entries counsel meant.
4 MR. WEHNER: Right.
5 Q. And I believe I asked you a couple of questions yesterday
6 about the accuracy of those calendar entries. I believe you
7 testified that they were inaccurate, being not accurate, because

allbinders as word for experiment.txt
8 they would reflect planned events possibly but not necessarily
9 events that took place; isn't that correct?
10 A. That's correct.
11 Q. Okay. Now I believe you also testified that there was a
12 card system that you managed or maintained that dealt with
13 Ms. Dean's schedule?
14 A. Her schedule was typed on an index card. The daily -- that
15 particular day's schedule was typed on an index card so that she
16 could carry it with her.
17 Q. And do you have a recollection that generally speaking,
18 there were many more events on the index card than were reflected
19 on those calendars that you saw?
20 A. I said that the index would have reflected a more accurate
2 picture of what took place that day, because she could have made
2 her own notation on it. If meetings were canceled, her notation
2 would have been made on that card. I would not have gone back to
2 reconcile the calendars in that fashion.
2 Q. No, and I wasn't suggesting that you were. What I was

1659

1 really trying to establish was whether those calendars reflect
2 generally, the ones you saw, Ms. Dean's typical activities on a
3 day? Do they represent what she was doing on a
4 day-to-day-to-day -
5 A. No.
6 Q. -- or -- I'm sorry.
7 A. Go ahead.
8 Q. Or were those noninclusive of everything she was doing on a
9 day-to-day basis?
10 A. They were not a -- they are not an accurate picture, and
11 they don't include everything that could have gone on.
12 Q. Okay. So where else would there be records of what else
13 occurred on a particular day other than the note cards?
14 A. I would not have kept a record.
15 Q. Okay. Was Ms. Dean a hard worker?
16 A. She, she is.
17 Q. Or was?
18 A. She was.
19 Q. When, when you worked together?
20 A. Yes.
21 Q. By that, I mean what -- she got into the office or left the
22 office at what time?
23 MS. SWEENEY: Objection, Your Honor.
24 MR. WEHNER: Judge -
25 THE COURT: All right, overruled. Go ahead, I'll allow

it.

MR. WEHNER: She left --
3 THE COURT: I'll allow it not because of any response
4 by defense counsel, but I'm going to allow it in any event.
5 MR. WEHNER: Thank you, Your Honor.
6 Q. Was she a hard worker?
7 A. Yes.
8 Q. And she was at the office after you left the office,
9 correct?

10 A. That is correct.

11 Q. Many, many times?

12 A. Many nights, yes.

13 Q. Okay She would occasionally come in late in the morning;

14 isn't : that right?

15 A. That is correct.

16 Q. And you would be there in the morning before, before she

17 came in?

18 A. That is correct.

19 Q. Okay You testified concerning her finances and the fact

20 that she said, on occasions she said she was broke.

21 A. That is correct.

22 Q. Did, did you keep any of her records that dealt with

23 personal finances?

24 A. Not in any detail, no.

25 Q. Okay so you weren't writing her checks for her, for

1 example?

2 A. Not on a daily basis, no.

3 Q. Or keeping track of who paid for lunch on a particular day?

4 A. No, I did not.

5 Q. Okay. So you would have no way of knowing whether when the

6 calendar reflects a luncheon with Andrew Sankin, for example,

7 whether it took place or not, or B, who paid for the luncheon if

8 it did take place; is that correct?

9 A. I would have no knowledge of that.

10 Q. Okay. Did Ms. Dean buy you lunch on occasion?

11 A. She had, um-hutn.

12 Q. And did she take you to restaurants on occasion?

13 A. She did.

14 Q. What restaurants did she take you to?

15 A. Mr. K's.

16 Q. Do you recall any others?

17 A. That's the only one I remember.

18 Q. On occasion, Ms. Dean would give you typing assignments as

19 part of your job; is that, is that right?

20 A. That's correct.

2 Q. And would she occasionally write out what she wanted you to

2 type?
2 A. Yes.
2 Q. Let me show you what I've marked for identification as Dean
2 Exhibit 184 and Dean Exhibit 185.

1662

THE CLERK: Dean Exhibits 184 and 185 marked for
identification.
(Defendant's Exhibit Nos. 184 and 185
were marked for identification.)

BY MR. WEHNER:
6 Q. And I just want you to take a quick look at them and see if
7 you can recognize them.

8

9 those?
10
11
12

THE COURT: Have counsel seen these? Did you see

MR. O'NEILL: Yes.
MS. SWEENEY: Yes, I did, Your Honor.
MR. WEHNER: Yes, sir. I showed them to Mr. O'Neill

13 before I went up.
14 THE COURT: All right.
15 THE WITNESS: One is Deborah's handwritten notes, which
16 looks like it was transcribed into a typewritten note -
17 MS. SWEENEY: Objection, Your Honor. The document has
18 only been marked for I.D. at this point.
19 THE COURT: All right. The first question is whether
20 she recognized it, and then she can answer yes or no, and then
21 I'll let you see what you can do with it.
22 BY MR. WEHNER:
23 Q. Do you recall, having looked at the document, typing Exhibit
24 185?
25 A. I do not.

1 Q. Do you recall seeing 184?
2 A. Before today?
3 Q. Exactly.
4 A. When it was shown to me by -
5 Q. Before today?
6 A. Before today, yes.
7 Q. When did you see it?
8 A. When the counsel showed it to me.
9 Q. When I showed it to you?
10 A. No, the Independent Counsel.
11 Q. Okay. Did you have a recollection then as to what it was?

allbinders as word for experiment.txt
12 A. I identified it as Deborah's handwritten note then, and it
13 looks like it was transcribed as a typewritten document.
14 Q. Okay. But before then, you didn't have any -
15 you don't
16 have any recollection as you sit here today as to comparing it,
17 I'll use that word, either of these?
18 A. No.
19 Q. When mod rehab decisions were discussed in these committee
20 meetings, or when mod rehab was discussed, did you on occasion
21 receive information from Ms. Dean as to what was going to be
22 funded and what wasn't?
23 A. No.
24 Q. Do you have any recollection of receiving lists of names of
25 places -
A. No.

1664

1 Q. -- that were to be funded?
2 Do you recall something known as OFA, the Office of
3 Finance and Accounting?
4 A. Yes.
5 Q. Okay. And do you recall that Ms. Dean worked on a project
6 involving OFA for an extended period of time?
7 A. Yes.
8 Q. Would you describe what that was, please?
9 A. OFA stands for the Office of Finance and Accounting, and the
10 Office of Finance and Accounting, Ms. Dean had set up a task
11 force to study some personnel issues there, and she brought in
12 the employees, their supervisors. She had a court reporter
13 present to take statements of the problems that were occurring --
14 that was occurring in that office.
15 MS. SWEENEY: Your Honor, may we approach?
16 THE COURT: Sure.
17 (Bench conference on the record.)
18 THE COURT: Does this belong in the defendant's case,
19 as opposed to the government's case?
20 MS. SWEENEY: Your Honor, that's the objection that I
21 was going to raise. If Mr. Wehner would like to call Ms. Hawkins
22 as his witness, perhaps that's more appropriate.
23 MR. WEHNER: Perhaps it's also appropriate to
24 cross-examine a witness that's left the impression in front of
25 the jury that all the defendant did was eat dinner and talk about

1665

1 mod rehab. Judge, I think that's clearly appropriate cross
2 examination to get into other things Ms. Dean did.
3 THE COURT: well, I think you can get into some other
4 tasks she performed, but to get into the details, I don't know
5 what this is going to get into and how far it's going to go. I
6 do think at some point you start making her your own witness.
7 I let you have you some leeway that she worked hard,
8 and all that, I think, went to the issue you're talking about,
9 and that's why I allowed that, to show she didn't eat lunch and
10 dinner out all day every day, and that is the impression from the
11 calendars.
12 But I'll allow to you ask if she did this task force,
13 but to go into whatever the results of that task force was, I

allbinders as word for experiment.txt
14 don't think that affects her work directly. You may want to put
15 it on in your own case as to her credibility and character. But
16 I'll let you develop that she did other work.
17 MR. WEHNER: I don't think it's character work, Judge,
18 that she did other things.
19 THE COURT: I don't know what this went into. I don't
20 know if it was racial problems or sexist problems. I don't know
21 what this task force went into.
22 MR. WEHNER: Very well.
23 THE COURT: I'm not sure we're worried about that right
24 now. All right.
25 (End of bench conference.)

1666

BY MR. WEHNER:

2 Q. During the years that Ms. Dean worked with you, what did she
3 spend most of her time working on?
4 A. She was involved with the fair housing campaign. She
5 traveled to heighten the awareness of what the fair housing laws
6 were about. She spoke on behalf of the department or represented
7 the secretary at particular speaking engagements regarding the
8 fair housing issues.
9 As mentioned about the task force, she was concerned

10 about fair treatment of employees, especially in that particular
11 office of OFA. She -- on a day-to-day basis, she had
12 responsibility for reviewing correspondence for the secretary's
13 signature. She handled personnel matters, political personnel
14 matters, being a liaison with the White House.
15 Q. Do you recall that she worked with Congress?
16 A. Yes, she worked with members of Congress.
17 Q. Would you describe what that was about?
18 A. She worked with them negotiating appropriations for the
19 agency. She may have researched issues that particular members
20 of Congress brought to her attention.

21 Q. Out of all of the things that you have mentioned and
22 recalling that you were with Ms. Dean for that entire four-year
23 period, what would you say she spent most of her time working on?
24 A. I can't really say what she spent most of her time doing.
25 It was divided equally, depending on what, what issue was or what

1667

needed to be done at the time.

2 Q. Okay. And where did she get the instructions as to what
3 needed to be done at that time?

4 MS. SWEENEY: Objection, Your Honor.

5 THE COURT: If she knows. I'll allow it if she knows.

THE WITNESS: Some of her direction came from the
7 secretary.

8 MR. WEHNER: Nothing further, Your Honor.

9 THE COURT: All right. Do you want to do redirect now?

10 MS. SWEENEY: Your Honor, if we are going to go into
11 the additional calendars after lunch, I'd prefer to do it at that
12 point in time. Were you going to permit Mr. Wehner some time to
13 look through them?

14 THE COURT: Yes, see these additional calendars. We'll

15 recess now then.

16 Ladies and Gentlemen, what we'll do is recess now for
17 lunch. It's a little bit early, but the posture of the witness
18 is such there are some other documents for the Court and counsel
19 to look at for a minute, and we can do that over lunch and have
20 the witness come back after lunch and finish up at that time.
21 we'll come back, it's about 5 after twelve or so, so
22 let's be back here and ready to go at about 20 after one so we
23 don't waste too much time. That's enough lunchtime. So we'll be
24 back at 20 minutes past one for resumption of the trial. Thank
25 you.

1668

Remember the admonitions of the Court. Don't talk
2 about the case with anyone or let anyone talk about it to you.
3 It's again a lovely day. I hope you can take a walk. All right,
4 we'll see you back here.
5 (Jury out.)
6 THE COURT: will we see you back after lunch?
7 THE WITNESS: Yes.
8 THE COURT: All right, thank you, ma'am.
9 All right, who's coming up after lunch, after this
10 witness finishes, please?
11 MR. O'NEILL: Judge, Susan Zagame, Philip Winn, and
12 Janice Golec will be the next three witnesses.
13 THE COURT: All right, That will take up the day, I'm
14 sure, at least.

1 AFTERNOON SESSION 1:30 P.M.

2 THE COURT: All right. we're ready to resume
3 at this time. Have you decided where you're going on
4 this redirect?

5 MS. SWEENEY: well, Your Honor, we have had an
6 opportunity to confer about the calendar and we are
7 ready to proceed with those, to put them in.

8 THE COURT: All right. And then you're going
9 to have some other redirect?

10 MS. SWEENEY: Very briefly, Your Honor.

11 THE COURT: If the calendar raises some
12 different issue than what we had on direct that the
13 defense wants to raise, can they recross on those?

allbinders as word for experiment.txt

14 MS. SWEENEY: Yes, Your Honor.
15 THE COURT: All right. We'll bring the
16 witness back.
17 MR. WEHNER: Judge, so I don't have to stand
18 and get up and down, I'll give my continuing objection.
19 THE COURT: All right, the same as the earlier
20 ones. You'll reserve on the record all objections.
2 MR. WEHNER: Yes, sir, thank you.
2 (Jury present)
2 THE COURT: All right, ladies and gentlemen,
2 we're ready to resume after lunch with the redirect.
2 Counsel for the Government will be going into some of

1669

1 these - some newer documents and calendar entries that
2 we had not had ready previously and we're going to allow
3 her to do that as well.
4 REDIRECT EXAMINATION
5 BY MS. SWEENEY:
6 Q Ms. Nettles-Hawkins, I'm going to hand you a
7 document that's been marked Government's Exhibit 5Q and
8 I'm going to hand you as well the originals of the
9 calendars again in case you need to consult with them.
10 Can you identify for us the handwriting on
11 Government Exhibit 5Q?
12 A The handwriting is my own. It's on - dated
13 Friday, March 8th, 1985. At 12 noon I've noted
14 Mr. Mitchell and Tom Evans.
15 MS. SWEENEY: Your Honor, at this time I'd
16 move Government exhibit 5Q into evidence and ask to
17 publish it to the jury.
18 THE COURT: All right. 5Q will be admitted.
19 (Government's Exhibit 5Q
20 received in Evidence)
21 BY MS. SWEENEY:
22 Q Ms. Nettles-Hawkins, I've handed you a document
23 that's been marked Government's Exhibit five - it is
24 5P, and ask if you recognize the handwriting in the
25 highlighted part of that exhibit?

1670

1 A It's Deborah's handwriting. It's dated March 29,
2 1985, 11 a.m., John Allen.
3 MS. SWEENEY: For the record I believe that's
4 Government's Exhibit 5P as in pot.
5 THE DEPUTY CLERK: This is 5P?
6 THE COURT: It looks like 5R in mine.
7 MS. SWEENEY: Oh, 5R?
8 THE DEPUTY CLERK: This is 5R.
9 MS. SWEENEY: 5R.
10 THE COURT: All right.
11 MS. SWEENEY: Your Honor, at this time I'd ask
12 to publish that exhibit to the members of the jury.
13 THE COURT: Is that the one you think it is?
14 THE DEPUTY CLERK: On my exhibit list the
15 Government's Exhibits only go up to 5P, so these I'm
16 adding on.
17 BY MS. SWEENEY:
18 Q I've handed the witness a document that's been
19 marked Government's Exhibit 5S and I'd ask if you
20 recognize the handwriting in the highlighted section on

8 Q Ms. Nettles-Hawkins, on cross-examination you were

9 asked a number of questions about calendars and the
10 accuracy of calendars. You indicated on direct that you
11 had responsibility for Miss Dean's schedule, is that
12 correct?

13 A Yes.

14 Q And what role did the calendars play in executing
15 your responsibilities for her scheduling?

16 A I used them to schedule appointments when they were
17 requested by either staff or outside entities.

18 Q And did Miss Dean also make entries on the
19 calendar?

20 A Yes, she did.

2 Q At the time that the entries were made, did they

2 accurately reflect Miss Dean's schedule?
2 A The entries may have been made for future dates, so
2 at the time that we scheduled them we thought that they
2 might occur.

1696

1 Q You indicated that you also prepared index cards.
2 Where did you get the information that you placed on the
3 index cards?
4 A From the calendars.
5 Q Now, during cross-examination you were asked a
6 number of questions about Secretary Pierce. Could you
7 describe his management style for the members of the
8 jury?
9 MR. WEHNER: Objection.

10 THE COURT: I'll allow it. Overruled.
11 A I really don't know that much about his management
12 style because I didn't have that much direct contact
13 with him.
14 Q You also testified on cross-examination that
15 Miss Dean divided her time among many different tasks
16 and programs at HUD. Is that an accurate statement?
17 A Yes.
18 Q While you were working for Miss Dean, was the Mod
19 Rehab program one of the things that she spent her time
20 on?
2 A She was involved in it.
2 Q Did you receive telephone calls on her behalf from
2 developers?
2 A Yes.
2 Q And did they concern Mod Rehab?

1697

1 A On occasion.
2 Q Did you receive telephone calls on her behalf from
3 consultants?
4 A Yes.
5 Q And did some of these phone calls concern Mod
6 Rehab?
7 A Yes.
8 Q Did Miss Dean ask you to relay messages to
9 consultants?
10 A On a few occasions.
11 Q And did these messages concern Mod Rehab?
12 A Yes.
13 Q Did she ask you to relay messages to developers as
14 well?
15 A Yes.
16 Q And did these messages concern Mod Rehab?
17 A Yes.
18 MS. SWEENEY: No further questions, Your
19 Honor •
20 THE COURT: All right.
2 MR. WEHNER: No further questions.
2 THE COURT: All right, thank you.

2 All right. Thank you, ma'am. You're free to

2 go. I appreciate it.

2 MR. O'NEILL: Your Honor, the Government calls

1698

1 Philip Winn.

2 THE COURT: All right.

3 (PHILIP WINN, WITNESS FOR GOVERNMENT, SWORN)

4 DIRECT EXAMINATION

5 MR. O'NEILL:

6 Q Mr. Winn, I'll be asking you a series of questions.

7 Please speak loudly and clearly so that everyone can

8 hear you.

9 State your name for the record, spelling your

10 last name for the Court reporter?

11 A Philip D. Winn, w-i-n-n.

12 Q Sir, are you currently employed?

13 A I'm a self-employed real estate entrepreneur.

14 Q And what has been your primary occupation in your

15 adult life?

16 A Oh, for almost 33 years that's what I have done.

17 Q And could you please explain what exactly is that,

18 being a real estate entrepreneur?

19 A Well, over the years we have built many homes,

20 apartments, developed land, bought apartments and redone

21 them and refurbished them, I should say, and made

22 various transactions that pertained to real estate over

23 the years.

24 Q Where is your business located, sir?

2 A In Englewood, Colorado.

1 Q And how long has it been located in Englewood,

2 Colorado?

3 A Well, when I count Denver and Englewood, Englewood

4 is just a suburb of Denver, and that's about 30 years,

5 29 years.

6 Q Did there come a point in time where you were

7 employed at the United States Department of Housing and

8 Urban Development?

9 A Yes.

10 Q When did that occur?

11 A That was from March of 1981 to March of 1982.

12 Q And in what capacity were you employed at HUD?

13 A I was the Assistant Secretary for Housing and

14 Federal Housing Commissioner.

15 Q Who was the Secretary of the United States

16 Department of Housing and Urban Development at that

17 time?

18 A Samuel Pierce.

19 Q Could you describe Mr. Pierce's management style?

20 A Again, I was just there a year, but I would say it

21 was laid back. He let his Assistant Secretaries pretty

22 well run their departments. At least that was the case

23 in my case.

24 Q Can you describe how much interaction you had with

allbinders as word for experiment.txt
25 Mr. Pierce during that period of time?

1700

1 A Not a great deal.

2 Q Did there come a point in time where you left HUD?

3 A Yes, I left there in '82.

4 Q And what if anything did you in terms of employment
5 when you left HUD?

6 A I went back to the business I had left.

7 Q Did there come a point in time when you
8 subsequently took another position with the United
9 States Government?

10 A Yes, I served as the American Ambassador to
11 Switzerland in -- from July, late July of 1988 '83
12 August of '89.

13 Q What did you do as United States Ambassador to
14 Switzerland? what type of functions does an Ambassador
15 perform?

16 A I ran the Embassy which had roughly 100 people. We
17 got involved in various issues with the Swiss Government
18 and promoted good will for our country. Traveled
19 extensively. Lectured a great deal. We spent a lot of
20 time with the youth of the country explaining American
2 foreign policy.

2 Q Mr. Win, after leaving the position as Ambassador
2 to Switzerland what if anything did you do in terms of
2 employment?

2 A I went back to a lesser extent to what I had done.

1701

1 Actually in the last 20 years between political and
2 community work I've spent about two-thirds of my time,
3 and returned to do the same thing when I got home.

4 Q Did there come a point in time where you entered a
5 plea of guilty to a felony charge of conspiracy?

6 A I did.

7 Q When does that occur, sir?

8 A That was in February of this year.

9 Q what did you plead guilty to? what is your

10 understanding of the charges?

11 A My understanding of the charges, I pleaded guilty
12 to offering the use of a condominium in Vail, Colorado
13 to the then Assistant Secretary of Housing, Thomas
14 Demery. I also pleaded guilty to arranging a loan which
15 was subsequently paid back by -- to a Silvio
16 DeBartolomeis who was an employee of the Department of
17 Housing and Urban Development.

18 Q Mr. Winn, did you enter into a plea agreement with
19 the United States Government?

20 A I did.

2 Q And what if anything did that agreement require you

2 to do?

2 A To cooperate with the Government.

2 Q Now, have you been sentenced as of this date?

2 A I have not.

1702

1 Q Do you have a sentencing date?

2 A My understanding is it will be prior to February
3 of - of '94.

4 Q Have you been required to pay a fine in this case?

5 A Yes.

6 Q And what was the fine?

7 A It was a little less than a million dollars.

8 Q Now, Mr. Winn, do you know the defendant in this
9 case, Deborah Gore Dean?

10 A I do.

11 Q And how do you know the defendant?

12 A I met Miss Dean sometime I believe it was 1984 when
13 she was serving at HUD.

14 Q Did there come a point in time, Mr. Winn, where you
15 approached the defendant Deborah Gore Dean about the Mod
16 Rehab program?

17 A Yes.

18 Q And when did that occur, sir?

19 A I can't give you the exact dates but I would think
20 it would be in late '85 or 1986.

2 Q What was your reason for approaching the defendant
2 Deborah Gore Dean about the Mod Rehab program?

2 A The units that were issued were discretionary and
2 she was then, I think, the Assistant to the Secretary.

2 I contacted her for that purpose of allocating the units

1703

1 to housing authorities in areas where I was working.

2 Q Why did you contact her?

3 MR. WEHNER: Objection, asked and answered.

4 THE COURT: I'll let him answer it again.

5 A I'm sorry?

6 Q Why did you contact her?

7 A It was common knowledge that if you wanted to get

8 housing you should contact Miss Dean.

9 Q Now, Mr. Winn, in answering the questions I ask you
10 to keep your voice up or speak into the microphone so
11 the jury can hear you.

12 A Okay.

13 Q Did there come a point in time where you spoke to

allbinders as word for experiment.txt

14 Miss Dean about specific projects?

15 A I don't believe I ever talked about specific projects but I talked about a Housing Authority.

17 Q And which housing authorities did you speak about?

18 A It was -- one was in -- I can't recall the Housing

19 Authority but I believe it was the Oklahoma Housing

20 Finance Agency in Oklahoma. One was the Aurora Housing

2 Authority in Aurora, Colorado and another one was the

2 Colorado Housing Finance Agency in Denver.

2 Q What if anything did you say to the defendant

2 concerning these Mod Rehab units?

2 A To the best of my knowledge. The last two I wrote

1704

1 letters explaining the need for housing in those

2 particular areas. The Oklahoma one I think I contacted

3 Miss Dean personally.

4 Q Did there come a point in time when you learned

5 that any funds had gone to these particular housing

6 authorities?

7 A The only one was a call from Miss Dean in regard to

8 the project in Aurora.

9 Q What if anything do you recall speaking to

10 Miss Dean about as to or in relation to Aurora?

11 A I got a call that the project would be funded and

12 the reason I remember, I guess, is that simultaneously

13 an associate of mine had applied for housing units in

14 Grady, Colorado and I was advised to let him know that

15 these would not be funded.

16 Q You say an associate of yours. Who was that?

17 A Philip Abrams.

18 Q Is that the same Philip Abrams that once worked at

19 HUD?

20 A Yes.

2 Q Now, Mr. Winn, during his lifetime, were you

2 familiar with John Mitchell, the ex-Attorney General to

2 the United States?

2 A To the best of my knowledge I had met him twice.

2 Q And when did you meet him?

1705

1 A Once was at a President's dinner. I can't recall
2 the year. Another was at a lunch. It was at one of the
3 local hotels in town.

4 Q When you say a President's dinner, what was that?

5 A I don't know if they still have them. These were
6 fundraisers when President Reagan was President and I
7 purchased a table and invited various people to attend.

8 Q Who did you invite to attend?

9 MR. WEHNER: Your Honor, could we approach?

10 THE COURT: Yes.

11 (Bench conference)

12 MR. WEHNER: I'm not sure where this is
13 going. I would request a proffer.

14 THE COURT: All right.

15 MR. O'NEILL: It's establishing the
16 relationship once again between Deborah Dean and
17 John Mitchell. It's establishing the relationship
18 between Philip Winn and Deborah Dean, as the Jencks act
19 material that's been furnished will show. Mr. Winn
20 bought a table, invited Miss Dean. She took
2 John Mitchell. She refers to him as daddy. On other
2 occasions he met with them at lunch, bought them lunch
2 at another time. Then they had a series of dinners
2 together, some of which he paid for.

2 THE COURT: Is there any fee arrangements

1706

1 between Mitchell and Winn that you developed, or not?

2 MR. O'NEILL: I'm sorry, I didn't hear. Did

3 you say fee?

4 THE COURT: F-e-e arrangements.

5 MR. O'NEILL: No, not that I know of.

6 THE COURT: That you had with Shelby. They're

7 just showing their knowledge of each other. All right,

8 I'll let you go ahead.

9 (Bench conference concluded)

10 (Question read back by reporter)

11 A I don't remember who was at the entire table at
12 that time. It was a number of years ago. That was the
13 first time I believe I had met Mr. Mitchell, and
14 Miss Dean was there.

15 Q Did you invite Miss Dean to this dinner?

16 A Yes.

17 Q Had you invited John Mitchell?

18 A I invited Miss Dean and a guest, as I recall, and

19 she brought Mr. Mitchell.

20 Q Now, you said there was a second occasion in which
2 you met Mr. Mitchell as well.

2 A I recall there was a lunch or it may have been a
2 cup of coffee. I can't remember exactly. But it was a
2 lunch that took place in one of the hotels in
2 Georgetown.

1707

1 Q And who attended that lunch?

2 A Miss Dean, Mr. Mitchell and myself.

3 Q Who paid for that lunch?

4 A As best as I can recall/ I did.

5 Q Now, Mr. Winn, how would you describe the

6 relationship between the defendant Deborah Gore Dean and

7 John Mitchell?

8 A Well, again I only was together with them twice and

9 I can't recall if she referred to him as her stepfather
10 or her father. There seemed to be a warm relationship,
11 but I can't give you any more information than that.

12 Q Now, Mr. Winn, were there any other occasions in
13 which you took the defendant Deborah Gore Dean to lunch
14 or dinner?

15 A Again I'm recalling, I believe, that we may have
16 three, four, five, probably closer to five lunches or
17 dinners over the course of the years.

18 Q And who paid for these?

19 A Generally I paid.

20 Q Now, Mr. Winn, did there come a point in time where
2 you visited the defendant's family home in Maryland?

2 A Yes.

2 Q When did that occur?

2 A I can't give you the exact date. I would guess it
2 was sometime in '85, but I could be wrong. That's when

1708

1 I think it was.

2 Q How did you come upon visiting that property?

3 A Miss Dean contacted me and indicated that her

4 family had a relatively large peace of ground attached

5 to their property and they were thinking of subdividing

6 it, and that was one of the businesses that my

7 associates were in, and would I be willing to take a

8 look at it to see if there was an interest we may have

9 or what advice I could give on it.

10 Q And what if anything did you do in relation to her
11 request?

12 A I came out and went out to look at the property.

13 Q Were you alone?

14 A As best as I can recall David Gitlitz, who was one
15 of my associates, came with me.

16 Q And what if anything did you do when you got to the
17 property?

18 A We were driven around the property and looked at
19 the house and that was about the extent of it. I
20 believe we met Miss Dean's mother.

2 Q Did there come a point in time where you developed

2 the property?

2 A No, we did not.

2 Q And why not?

2 A The real land development of this nature was more

1709

1 in the expertise of two of my associates and while I was
2 not there beyond that point I believe they met with
3 Miss Dean, but no business arrangement was ever
4 concluded.

5 Q Now, Mr. Winn, did there come a point in time that
6 the defendant sought the position of Assistant Secretary
7 for Community Planning and Development?

8 A Yes.

9 Q When did that occur?

10 A I'm guessing now, but I believe it was sometime in
11 1986 •

12 Q Did she make any requests of you in that regard?

13 A Just to contact any political persons that I -14
that would give support to her.

15 Q what if anything did you do?

16 A I just contacted one Senator, a Senator from
17 Colorado.

18 Q who was that?

19 A Senator Armstrong.

20 Q what if anything did you ask him to do?

2 A Just support the nomination.
2 Q Now, are you familiar with an individual by the
2 name of Thomas Demery?
2 A Yes.
2 Q And who is Thomas Demery?

1710

1 A He was a former Assistant Secretary for Housing and
2 Federal Housing Commis sioner.
3 Q Did there come a point in time where you contacted
4 Thomas Demery about allocating units to particular
5 housing authorities?
6 A Yes.
7 Q And when did that occur?
8 A That had to be in late '87, I believe.
9 Q what if anything did you ask him?

10 A I asked him --

11 MR. WEHNER: Objection. Relevancy.

12 THE COURT: You'd better come up.

13 MR. O'NEILL: I'll be glad to withdraw it,

14 Your Honor.

15 THE COURT: All right. You withdraw it?

16 MR. O'NEILL: Yes .

17 THE COURT: Fine.

18 BY MR. O'NEILL:

19 Q Mr. Winn, who is Lance Wilson?

20 A He was the former Assistant to Secretary Pierce.

2 Q How do you know Lance Wilson?

2 A I met Mr. Wilson when I first joined the
2 department.

2 Q Did you ever have any business --

2 MR. WEHNER: Objection as to relevance, Judge.

1711

1 MR. O'NEILL: Once again, Your Honor, the name

2 will come up again.

3 (Bench conference)

4 THE COURT: The objection is on what basis?

5 Obviously Wilson and Demery are irrelevant but his

6 actions are relevant.

7 MR. WEHNER: No, sir, it's his actions with

8 Demery relating to this case against Miss Dean. What's

9 the relevancy of what he did with those two. It may be
10 proper cross-examination. That doesn't make it proper

11 direct.

12 THE COURT: I don't know if you can stop going
13 into it in your cross, if you say did you know

14 Miss Dean.

15 MR. WEHNER: I'm not sure I understand that,
16 Judge, because it seems to me if they're allowed to

17 describe all of their associations with all of the HUD
18 employees overtime then my cross-examination is going to
19 be a lot longer than it would be otherwise. I mean you
20 have to -- somehow you have to limit their direct
21 examination to what is relevant to Miss Dean and I guess
22 the argument is did you deal with Lance Wilson, too.
23 Therefore, you did the same thing with Deborah Dean that
24 you did with Lance Wilson.

25 MR. O'NEILL: Well, it's the Government's

1712

1 contention that it was the defense that brought up the

2 Lance Wilson connection, we never did, and therefore

3 Mr. Winn is familiar with Lance Wilson and has business

4 relations with him. I assume that there won't be on
5 cross-examination mentioned every person who has ever
6 worked at HUD, but if Lance Wilson is mentioned I
7 believe I have every right to go into it as Mr. Wehner
8 does. I'd be more than willing not to go into it if
9 he's not going to go into it.
10 MR. WEHNER: No guarantees.
11 MR. O'NEILL: That's right.
12 THE COURT: I'm going to allow him to at least
13 introduce these areas of the people he worked with at
14 HUD, not every individual at HUD. I'll overrule the
15 objection.
16 (Bench conference concluded)
17 THE COURT: All right, you may go ahead.
18 MR. O'NEILL: Thank you, Your Honor.
19 BY MR. O'NEILL:
20 Q Mr. Winn, I asked you did you ever have a business
2 relationship with Mr. Wilson?

2 A Yes, Mr. Wilson was a partner in various projects
2 that we completed.
2 Q And when did this business relationship begin?
2 A I think it was the end of '86 or early '87.

1713

1 Q Mr. Winn, at this time I would show you what's
2 previously been marked for identification purposes as
3 Government's Exhibit 228 and I ask you, sir, with the
4 permission of the Court to give it to you and ask you do
5 you recognize that?
6 A Yes, this is my handwriting.
7 Q And what is it?
8 A It's a request for housing units and it doesn't say
9 where. It says in some - I'm aware of several projects
10 requiring Mod Rehab in some western communities, that
11 need low income housing assistance.
12 Q To whom is it addressed?
13 A To Miss Dean.
14 MR. O'NEILL: Your Honor, at this time I move
15 it in as Government's exhibit 228.
16 MR. WEHNER: No objection Your Honor.
17 THE COURT: All right, 228 is admitted.
18 (Government's Exhibit 228 received
19 into Evidence)
20 BY MR. O'NEILL:
2 Q Mr. Winn, I will now show you Government's Exhibit
2 229 for identification and I ask you if you recognize
2 that, sir?
2 A Yes, I do.
2 Q And what do you recognize that to be?

1714

1 A If s a request for housing units for Clarke County,
2 Nevada.
3 Q And whose handwriting is that?
4 A If s mine.
5 MR. O'NEILL: Your Honor, at this time I move
6 it into evidence as Government's exhibit 229.
7 MR. WEHNER: No objection, Your Honor.
8 THE COURT: Who is it addressed to?
9 BY MR. O'NEILL:
10 Q To whom is that letter addressed to?
11 A To Miss Dean.
12 THE COURT: All right, it's admitted.
13 (Government's Exhibit 229
14 received in Evidence)
15 BY MR. O'NEILL:
16 Q At this time, Mr. Winn, I show you Government's
17 Exhibit 231 for identification, and I'd ask if you
18 recognize this, sir?
19 A Yes , this is a request which I wrote to Miss Dean
20 in regard to Mod Rehab units in Aurora, Colorado.
2 MR. O'NEILL: Your Honor, at this time I move
2 it into evidence as Government's Exhibit 231.
2 MR. WEHNER: No objection. Your Honor.
2 THE COURT: All right. 231 will be admitted.
2 (Government's Exhibit 231

1715

1 received in Evidence)
2 BY MR. O'NEILL:
3 Q Mr. Winn, at this time I will show you Government's
Exhibit 235 for purposes of identification. If I may,
5 sir, I'd ask you what is this?
6 A It's an attachment to a request for housing units.
7 I don 't have the attachment so I can't give you the
8 area, but it's probably Aurora again. Request for
housing units to Miss Dean.

10 Q whose handwriting is that?
11 A It's mine.
12 MR. O'NEILL: Your Honor, at this time I move
13 it in as Government's Exhibit 235.
14 MR. WEHNER: No objection, Your Honor.
15 THE COURT: All right, 235 will be admitted.
16 (Government's Exhibit 235
17 received into Evidence)
18 MR. O'NEILL: And before I attempt to introduce
19 the next document, Your Honor, you wanted to do it at
20 side bar.
2 THE COURT: All right.
2 (Bench conference)
2 THE COURT: which one is this?
2 MR. O'NEILL: This is the photo of the house.
2 MR. WEHNER: Judge -

1716

1 THE COURT: what's the basis of this?
2 MR. O'NEILL: That Mr. Winn went to Marwood to
3 develop the property. That is the property he sought to
4 develop, she requested him to develop.
5 THE COURT: Did she want to have the house
6 torn down and developed or just develop the acres? Is
7 it a picture of all the land or just the house?
8 MR. O'NEILL: It's just the land around the
9 house.
10 MR. WEHNER: Bob -
11 THE COURT: It has the house in the picture.
12 MR. O'NEILL: Do I get the feeling, Judge,
13 that you're not -14
THE COURT: I think it's more prejudicial. He
15 said he went there. There's no fight that he didn't go
16 there. There's no argument about that. It's not an
17 identity question. So I'll keep it out at this time.
18 MR. WEHNER: Thank you.
19 MR. O'NEILL: Yes, Your Honor.
20 MR. WEHNER: Thank you.
2 (Bench conference concluded)
2 MR. O'NEILL: Based on what occurred at side
2 bar, Your Honor, the Government has no further questions
2 at this time.
2 CROSS-EXAMINATION

1717

1 MR. WEHNER:
2 Q Sir, my name is Steve Wehner and I represent
3 Miss Dean. I've only got really one area I'd like to
4 discuss with you. If you don't understand my questions
5 please so indicate. I'll try to go through it again.
6 You testified on your direct examination that you bought
7 several approximately five, I believe, lunches and/or
8 dinners for Miss Dean, isn't that correct?
9 A Yes, I can't give you the exact number but that's
10 approximately correct.
11 Q It's true, is the not, that Miss Dean bought you
12 lunches and dinners on occasion?
13 A I recall one dinner party that I was at that
14 Miss Dean did purchase, yes.
15 Q And wasn't that for a considerable sum of money?
16 A Well, I didn't see the bill so I can't give you the
17 amount.
18 Q How many people were at that dinner party?
19 A I can't give you the exact number. I could perhaps

allbinders as word for experiment.txt
20 verify anything that you have to show me.
2 Q Let me show what you I've marked for identification

2 as Dean Exhibit 154 and ask you if that refreshes your
2 recollection as to who was at the dinner party?
2 THE DEPUTY CLERK: Dean's Exhibit 154 marked
2 for identification?

1718

1 (Defendant's Exhibit 154
2 marked for Identification)
3 A This letter was written by Gary Lachman (spelled
4 phonetically) who was -5
Q Does it refresh your recollection?
6 A It does.
7 Q Who was at the dinner party?
8 A Again I can't say exactly but I believe it was
9 Miss Dean, I can't give you his name but a gentleman I
10 think Miss Dean was dating at that time.
11 Q Mr. Giegengack?
12 A Pardon me?
13 Q Mr. Giegengack?
14 A It was an unusual name, so that's probably -again
15 I speak from memory, but I think he was an architect. I
16 may be in error.
17 Q Mr. Gitlitz?
18 A Mr. Gitlitz, yes.
19 Q And Mr. Lachman?
20 A Mr. Lachman and myself.
2 Q And Miss Dean picked up the tab for the entire
2 group?
2 A Yes.
2 Q Do you recall if the restaurant was Morton's?
2 A I believe so.

1719

1 MR. WEHNER: Nothing further, Your Honor,

2 thank you.

3 MR. O'NEILL: Nothing, Your Honor.

4 THE COURT: Thank you, Mr. Winn, you're free

5 to go.

6 MS. SWEENEY: Your Honor, the Government calls

7 Susan Zagame.

8 THE COURT: All right.

9 (SUSAN ZAGAME, WITNESS FOR GOVERNMENT, SWORN)
10 DIRECT EXAMINATION
11 BY MS. SWEENEY:
12 Q Mrs. Zagame, I'm going to be asking you a series of
13 questions and I'd ask you to keep your voice up so that
14 the members of the jury can hear and to use the
15 microphone as necessary.
16 Could you please state your name for the
17 record, spelling your last name for the Court reporter?
18 A It Susan, K is the middle initial, Zagame
19 Z-a-g-a-m-e.
20 Q Mrs. Zagame, are you presently employed?
2 A Yes.

2 Q And what is it that you do?
2 A I'm working at a consultant for the Health Industry
2 Manufacturers Association.
2 Q Could you briefly describe your educational

1720

1 background for the members of the jury?
2 A I have a college degree and a law degree from
3 Syracuse University.
4 Q Was there a time when you came to work at BUD?
5 A Yes, approximately September of 1983.
6 Q What position or positions did you hold while you
7 were at HUD?
8 A My first position was as Deputy Assistant Secretary
9 in the Office of Fair Housing and Equal Opportunity. I
10 remained in that position from September of '83 until
11 November of 1985 when I became the Deputy Assistant
12 Secretary for Policy, Financial Management and
13 Administration in the Office of Housing.
14 Q Now, in the latter job, which you assumed in
15 November of '85, is that right?
16 A That's correct.
17 Q Did you have any duties and responsibilities for
18 Mod Rehab?
19 A Yes, I did. Among my responsibilities was the
20 management of the Office of Funding Control and it was
2 that office that was responsible for carrying out the

allbinders as word for experiment.txt

2 documents that were necessary for allocating grant
2 monies to the field for all of the various programs that
2 Housing ran.
2 MS. SWEENEY: With the Court's permission I'd

1721

1 I like to use Government's Exhibit One in evidence.

2 THE COURT: All right.

3 BY MS. SWEENEY:.

4 Q Mrs. Zagame, can you see the chart from there?

5 A With my glasses on I might be able to. Yes.

6 Q Now, you've mentioned the Office of Funding

7 Control, is that right?

8 A That's right.

9 Q And can you see where that's located on that chart?

10 A Yes, it's at the lower lefthand corner in the blue

11 box.

12 Q And where would your position have been located at
13 that time?

14 A Mine would have been two boxes up in the green
15 box. It says Deputy Assistant Secretary for Policy,
16 Financial Management and Administration. I was the
17 Deputy Assistant Secretary.

18 Q What was it that the Funding Control Office did?
19 You mentioned funding documents.

20 A Yes, they were responsible for preparing those
21 documents. They prepared initially what we called the
22 rapid reply letters which were the initial decision
23 documents as to where the fund moneys would be
24 allocated. They controlled the mathematics. They
25 performed mathematical functions. They then also

1722

1 prepared the form 185 which was the documents ultimately

2 signed by the Housing Commissioner that the Assistant

allbinders as word for experiment.txt
3 Secretary for Housing -- that authorized the funds to go

4 to the regional offices and from there to be allocated

5 to the public housing authorities in the case of Mod

6 Rehab.

7 Q Was this work done under your supervision?

8 A Yes.

9 Q Do you know the defendant Deborah Gore Dean?

10 A Yes, I do.

11 Q And how did you meet Miss Dean?

12 A I can't remember exactly when I met her but
13 actually I think I was on the tenth floor where the
14 Secretary's office was and I was interviewing or
15 speaking with Lance Wilson who was then the Executive
16 Assistant to the Secretary and I believe I met her at
17 that time.

18 Q Referring to the time period when the defendant was
19 Executive Assistant, did you ever attend any meetings
20 where Mod Rehab decisions were made?

2 A I attended meetings where they were discussed and,

2 yes, ultimately it turned out that they were made at
2 that meeting as well.

2 Q Do you recall approximately when this meeting
2 occurred?

1723

1 A Approximately September of 1986.

2 Q Where was the meeting held?

3 A It was held in Miss Dean's office.

4 Q How was it that you came to attend this meeting?

5 A Either I or my secretary was called by her

6 secretary or Miss Dean herself and I was invited to

7 attend a meeting in her office.

8 Q When you got there was anyone else present?

allbinders as word for experiment.txt
9 A Yes, there were several people present, and to the

10 best of my recollection it was Miss Dean, Tom Casey,

11 Bronwyn Morgan and Pam Patenaude.

12 Q what happened at the meeting? Could you describe
13 it for the members of the jury?

14 A Yes. I sat at a table. The table was in
15 Miss Dean's office and Miss Dean was going through some
16 papers and she was dictating to me which particular
17 public housing authorities were to receive an allocation

18 of Moderate Rehabilitation units.

19 Q what particular information did the defendant give
20 you?

2 A She named the Public Housing Authority and where it
2 was located and with regard to several of the
2 allocations she indicated what the number – actually
2 for all of the allocations she indicated the total
2 number of units to be allocated and in addition she also

1724

1 with regard to some of them indicated what the bedroom
2 configuration would be, and that refers to the number of
3 units that would be two-bedroom versus three-bedroom
4 units versus single bedroom units.

5 Q And when you say units, what are you referring to,

6 Mrs. Zagame?

7 A I'm talking about the apartments that were the

8 subject of the Moderate Rehabilitation grant.

9 Q what was your role in this meeting?

10 A My role was to take notes and to take down the

11 announcements that Miss Dean was making as to which

12 projects would receive which funding.

13 Q what selection criteria were being used at the
14 meeting?

15 A None that I was aware of.

16 Q What did the defendant do during the course of the
17 meeting?

18 A She was looking through papers. They did not seem
19 to be arranged in any kind of an order. And would flip
20 back and forth between different piles and, in fact,
2 there were not only eight and a half by 11 size sheets

2 but there were also some phone messages and so forth,
2 and she was dictating the information to me, referring
2 to those pieces of paper.

2 Q What did you observe the other individuals who were

1725

1 present at the meeting doing during the course of the

2 meeting?

3 A They were sitting there observing, for the most

4 part, and making small talk.

5 Q What did you do after the meeting?

6 A I took the list that I had prepared and went to the

7 office of Funding Control and gave it to one of my staff

8 members and indicated that this was to be the funding

9 decisions that were made and to please work up the
10 numbers and the math so that we could have a better idea
11 as to how much money had been spent through that
12 particular process.

13 Q Did you do this at the instruction of anyone else?

14 A Yes, Miss Dean had asked me to make sure that we
15 looked at the numbers.

16 Q Did she ask you to do anything else?

17 A At that time I don't believe so.

18 Q Did there come a point in time when you had further
19 discussions with her about these particular funding
20 decisions?

2 A Yes. After the numbers had been prepared she asked

2 that the funding documents be prepared to make sure that
2 the money would go to the field as had been dictated.

2 Q Did you have any role regarding the PHA request
2 letters?

1726

1 A Yes. During the course of the meeting there was
2 discussion about whether there were applications on file
3 for the particular projects and I was asked to go
4 through a series of books and other files. These books
5 I referred to were these large black binders that
6 contained applications in them as well as some other
7 files that had applications in them and we were - I was
8 asked along with some of the other members that were
9 there to go through the files and to find the letters
10 that were applications for Mod Rehab projects or funding
11 from the particular public housing authorities that
12 Miss Dean had indicated should receive the funds.
13 Q what did you discover when you looked through the
14 books to find the request letters?
15 A I discovered that there were letters of application
16 on file for most of the projects. For a few there were
17 no letters.
18 Q And did you report that to Miss Dean?
19 A Yes, I did.
20 Q what did she say to you at that point in time?
2 A She said she would take care of making sure that

2 the letters were found or were obtained.
2 Q Are you familiar with the term project specific as
2 it's used in regard to the Mod Rehab program?
2 A Yes, I am.

1727

1 Q And can you tell us what project specific would
2 mean?
3 A At the time there had been discussions about the
4 Mod Rehab program and what was required for our files
5 and I believe I first heard the term from Tom Casey who
6 indicated to me that the letters of application could
7 not contain project specific requests, and by that he
8 meant that the Public Bousing Authority could not
9 identify in its letter of application a particular
10 project for which that funding was being used.
11 Q On the occasion when you reviewed the letters in
12 the binders in files that you described, were there

allbinders as word for experiment.txt
13 letters that contained project specific names in them?
14 A I believe there may have been, yes.
15 Q And do you recall what you did with that
16 information?
17 A I brought that to the attention of Miss Dean.
18 Q And do you recall what her response was?
19 A Again, she assured me that she would make sure that
20 there were non-project specific letters in the files.
2 Q Did she at any point ask you to contact any of the
2 PHA's regarding a non-project specific letter?
2 A Yes, she did.
2 Q And can you tell us about that particular
2 circumstance?

1728

1 A There was a call that needed to be made, to the
2 Worcester Housing Authority and she asked me if I would
3 make that call and ask that they send a letter which
4 would be non-project specific.
5 THE COURT: Worcester Housing Authority?
6 THE WITNESS: Worcester, Massachusetts.
7 THE COURT: All right. It's Worcester.
8 THE WITNESS: Worcester.
9 THE COURT: Spelled W-o-r-c-e-s-t-e-r.
10 MS. SWEENEY: Like Worcestershire sauce.
11 BY MS. SWEENEY:
12 Q what gave rise to the phone call asking for the
13 non-project specific letter?
14 A well, we were trying to get these funding decisions
15 out to the field and there was some interest in getting
16 them out quickly. I believe it was towards the end of
17 the fiscal year and we had until September 30th to get
18 this money out and so we wanted to make sure that we had
19 documentation in the files that was appropriate for that
20 particular decision. I can't recall whether or not the
2 letter that was in the file was project specific or
2 whether the request that was received was project
2 specific but there was - there was a project specific
2 document that we all had seen that we all knew was not
2 appropriate for documentation and it was at that point

1729

1 that I was asked to call to make sure that the letter
2 was changed so it would not refer to a specific project.
3 Q Was there ever an occasion on which you attended a
4 meeting with Silvio DeBartolomeis and Miss Dean?
5 A Yes.
6 Q Can you describe that particular occasion?

7 A Well, Silvio, if I may refer to him as that, had

8 asked me if I would accompany him to a meeting with

9 Miss Dean. He was uncomfortable with the Mod Rehab
10 process. He did not want to sign the funding documents

11 and he wanted to have a discussion with Miss Dean about
12 his unwillingness to sign decisions that were not his.

13 Q Do you recall when this occurred, Mrs. Zagame?

14 A I believe it was in September of 1986.

15 Q Do you recall whether it was before or after the
16 meeting that you've been describing to the members of
17 the jury just a few moments ago?

18 A I really don't remember.

19 Q Did you in fact accompany Mr. DeBartolomeis to a
20 meeting with the defendant?

2 A I did.

2 Q And where was that meeting held?

2 A That was in Miss Dean's office.

2 Q Do you recall what Miss Dean said during the course
2 of this meeting?

1730

1 A She was adamant that Mr. DeBartolomeis sign the

2 project -- the funding decisions.

3 Q Do you have any other recollection of what was said

4 at this meeting?

5 A There were words between them, they were quite

6 heated, and Silvio was very resistant to signing the

7 documents and she was equally insistent that he sign

8 them, and ultimately he agreed to sign them.

9 Q During the defendant's tenure as Executive
10 Assistant do you recall any other meetings you attended
11 related to the Mod Rehab process?

12 A There was a meeting with Secretary Pierce where Mod
13 Rehab was discussed.

14 Q What do you recall about that meeting?

15 A That was a meeting where numerous people were
16 present around the table and in Secretary Pierce's
17 conference room and we were -- the Secretary was being

allbinders as word for experiment.txt
18 briefed on budget issues and one of the categories for
19 discussion as per a briefing document was the Moderate
20 Rehabilitation program and I can recall the conversation
2 taking place where the Secretary asked what is the Mod

2 Rehab program, and this was sometime after Mr. Demery
2 had arrived on the scene, which was in late 1986, and
2 sometime before Miss Dean had left, and there was some
2 shocked silence for several moments after he asked the

1 question and I expected Tom Demery to answer the
2 question but in fact he did not. And Miss Dean
3 proceeded to describe what the program was.

1 Q. Do you recall what she said in this description of the
2 program?

3 A. She identified the program as a grant program going to
4 public housing authorities for projects and that it was, relied
5 upon a 15-year, what they would call contract authority to
6 subsidize the rents.

7 Q. Other than the September meeting that you described where
8 you took notes about the mod rehab allocations that had been
9 made, did the defendant ever give you any other instructions that

10 you recall regarding mod rehab awards?

11 A. I believe there were a few additional times when she
12 contacted me and asked that a particular housing authority be on
13 the list, but my memory is very fuzzy on those.

14 Q. Who was your direct supervisor at HUD in the spring of 1986?

15 A. In the spring of 1986, it would have been Silvio
16 DeBartolomeis.

17 Q. And what was your position at that time again?

18 A. I was the deputy assistant secretary for Policy, Financial
19 Management, and Administration.

20 Q. Did you assume any additional duties when Mr. DeBartolomeis

allbinders as word for experiment.txt

21 was away from HUD?

22 A. Yes. Occasionally I would be designated as the acting FHA
23 commissioner.

24 Q. Do you recall if he was out at all during the spring of
25 1986?

1733

1 A. Yes, he was.

2 Q. And do you recall if you were asked at any point while he
3 was away to have, to do anything with regard to the Mod Rehab
4 Program?

5 A. Yes. I was asked to sign the 185 documents, which, as I
6 mentioned earlier, were the funding documents that went to the
7 field.

8 Q. Mrs. Zagame, are you familiar with an individual named
9 Hector Pages, or perhaps it's "Pages"?

10 A. I believe his name is pronounced "Pages." It's a Hispanic
11 name.

12 Yes, I met Mr. Pages in Puerto Rico through my,
13 actually my former boss when I was in the Office of Fair Housing
14 and Equal Opportunity. He was a friend of my -- or he was an
15 acquaintance of my former boss, who was from Puerto Rico.

16 Q. Did there come a point in time when -- I'm just going to
17 call him Mr. "Pages" -- when Mr. Pages contacted you at HUD?

18 A. Yes, I recall that he did contact me.

19 Q. Do you recall what the subject was that he contacted you on?

20 A. He wanted to know how he could get mod rehab funding for
2 Puerto Rico.

2 Q. What did you tell Mr. Pages?

2 A. I told him that he ought to see if he could get in to see
2 Deborah Dean.

2 Q. Mrs. Zagame, I'm going to show you a document that's been

1734

1 previously marked Government's Exhibit 42A for identification.

2 I'm going to ask you not to read the document, because it's not
3 in evidence at this time, but I'd ask you to look at the
4 multi-paged document and tell me if you recognize it?

5 A. Yes, I recognize this. This is the list -- first of all,
6 it's a two-part document.

7 Q. Yes, it is. There are several yellow sheets that are part
8 of that document. Do you recognize the handwriting on the yellow
9 sheets?

10 A. Yes. Yes, I do. This, this is my handwriting, or at least
11 most of it is my handwriting. There may be a few, a few
12 notations here I don't recognize as my handwriting, but the bulk
13 of it is mine.

14 Q. And do you recall -- do you know when that document was
15 prepared?

16 A. This is the, the document that I prepared as I sat around
17 the table with Ms. Dean in September of 1986, where she dictated
18 the public housing authorities that were to receive funding.

19 Q. Turning your attention to the white pages that are part of
20 that document, do you recognize those as well?

2 A. Yes, I do. This is the, the work of the Office of Funding
2 Control. I gave the yellow pages to that office, and they then
2 produced the white pages that I have in my hand here, which
2 include the housing authorities, together with the unit

allbinders as word for experiment.txt
2 distribution and some financial information.

1735

1 MS. SWEENEY: Your Honor, at this time, the government
2 offers Government's Exhibit 42A into evidence.
3 MR. WEHNER: No objection, Your Honor.
4 THE COURT: No objection, 42A is admitted.
5 MS. SWEENEY: with the Court's permission, we would
6 like to publish this document for the members of the jury.
7 THE COURT: All right.
8 BY MS. SWEENEY:
9 Q. Mrs. Zagame, can you see the document on the monitor?

10 A. Yes.
11 Q. And is this the list that you prepared? This is your
12 handwriting?
13 A. This is it.
14 Q. Could you look at the entries and explain to the members of
15 the jury what they indicate?
16 A. Yes. The first notation to the far left is "Region," and
17 that was the region in the country. There are, of course ten
18 federal regions. Region IV is down in the South. Atlanta is the
19 regional center.
20 The next notation is the, the public housing authority,
2 which Ms. Dean dictated to me, and the, on that same line is the

2 number of units that that particular housing authority was to
2 receive.
2 The next line has the bedroom distribution. In this
2 case, which is the housing authority of the City of, I can't read

1736

1 that next word, something South -- Charleston? I guess it's -2
Columbia, okay. It becomes clear. Columbia, South Carolina. In
3 that particular instance, all of the units, meaning all of the
4 100 units that comprised the particular allocation, were to be
5 funded at the two-bedroom level.
6 And I believe that that next notation was subsequently
7 entered, and that is the dollar value ascribed to the two-bedroom
8 unit in that particular locality, each locality having a
9 different what they called FMR, or fair market rent, associated
10 with the allocation.
11 Q. Mrs. Zagame, can you describe for the ladies and the
12 gentlemen of the jury what this particular portion of the
13 document represents?
14 A. I, I recall that this was prepared by Ross Kumagai. After I
15 gave him the yellow legal, legal pad sheets in my own
16 handwriting, he, he then gave that to me and attached it to the
17 yellow sheets for his files. I know it's not attached that way,
18 but then subsequently I believe it came to be re-attached to the
19 computerized version of the list, which we're looking at now.
20 Q. Mrs. Zagame, I'm going to ask you to focus your attention to
2 the computerized list as it pertains to Region IV. Does this
2 indicate whether or not Metro Dade in Florida was to receive any
2 units?
2 A. Yes, it does.
2 Q. And how many units was Metro Dade to receive?

1737

A. 315 two-bedroom units.

2 Q. Mrs. Zagame, I'm going to show you an exhibit that's been
3 previously marked Government's Exhibit 42C for identification,
4 and again I'd ask you not to read that document, it's not in
5 evidence, but to look at it and tell us if you recognize it.

6 A. Yes. This, this is a document that was prepared subsequent
7 to the document that we just discussed.

8 Q. Do you recognize the handwriting on this particular
9 document?

10 A. On page 1 of this document, my initials are, are over my
11 name. Then as we turn the page, it is the, the computerized
12 list, with some notations made in, in red handwriting.

13 Q. Can you identify the red handwriting?

14 A. It looks like Ms. Dean's handwriting.

15 MS. SWEENEY: Your Honor, the government offers
16 Government's Exhibit 42C into evidence at this time.

17 MR. WEHNER: No objection.

18 THE COURT: No objection to 42C? All right, 42C will
19 be admitted.

20 MS. SWEENEY: with the Court's permission, we'd like to
21 publish this document to the members of the jury.

22 THE COURT: All right.

23 BY MS. SWEENEY:

24 Q. Mrs. Zagame, is there any relationship between Government's
25 Exhibit 42A and 42C, and could you describe one if there is?

1 A. Well, the, the latter document, 42C, as is-indicated on the
2 cover sheet, is a revision to the 42A document that we discussed
3 earlier. The revisions are, are marked in, in pen inside.

4 Q. Mrs. Zagame, I'm handing you a document that's previously
5 been marked Government's Exhibit 42D. That document is not yet
6 in evidence, but I'd ask you to look at it and to tell us if you
7 recognize the document.

8 A. This is a, a document, memo to the file signed by one of my
9 staff members.

10 MS. SWEENEY: Your Honor, at this time, the government
11 offers Government's Exhibit 42D into evidence.

12 MR. WEHNER: No objection, Your Honor.

13 THE COURT: 42D will be admitted.

14 MS. SWEENEY: "D" as in David, Your Honor.

15 THE COURT: "D" as in David.

16 BY MS. SWEENEY:

17 Q. Mrs. Zagame, I'd ask you if this document has any
18 relationship to Government's Exhibits 42A and 42C that we have
19 just been looking at?

20 A. Yes, it does. It purports to, to communicate some changes
2 that were made to the list subsequent to the change of the
2 earlier document.

2 Q. Would you be able to read those changes to us as we follow
2 along?

2 A. The change -- shall I read the whole thing? Is that what

1739

1 you'd like me to do?

2 Q. The text of the memo, yes.

3 A. Okay. This is a memo to the file, and it reads, "Debbie
4 wanted to talk to Ross, but since he wasn't in, she asked me to
5 take a message for him. She had changes for Zagame's mod rehab

allbinders as word for experiment.txt

6 fund assignment list:

7 "Cancel most of units for Washington, D.C. (too
8 expensive), and for D.C., send only 17 -- I believe that's --
9 efficiency units and 23 one-bedroom units. May send something at

10 start of FY '87.

11 "Also, send to Region VI for -- I think that's --
12 Boxier -- B-o-x-i-e-r -- Parish Housing Authority 40 two-bedroom
13 units.

14 "She started to give me something for Housing Authority
15 of Tulsa but changed her mind. She said --" I can't really get
16 the next word. "She said run the new sheets, and get the 185s
17 out; hopes -- thank you -- hopes not too many at last minute.
18 She said no more changes to mod rehab. Her word on it."
19 And it, of course, says "Funding Control Division," and Jack Fay
20 is the signatory.
21 Q. Mrs. Zagame, I'd asked you earlier about your employment
22 history. When did you first join the federal service?
23 A. I began working for the federal government in May of 1981.
24 Q. And are you familiar with the term "Schedule C" as it
25 relates to federal employment?

1740

1 A. Yes, I am.
2 Q. Were you a Schedule C employee?
3 A. Yes, I was.
4 Q. And can you describe for the members of the jury briefly
5 what Schedule C means?
6 A. Schedule Cs are political appointees, plain and simple. The
7 schedule refers to a particular federal personnel term that
8 accepts employees hired under this authority from the competitive
9 rules of the civil service.
10 Q. And when you joined in May of 1981, what agency were you
11 with at that time?
12 A. I was with the Small Business Administration.
13 Q. And did you remain there until you joined HUD?
14 A. Yes, I did.
15 Q-Are you acquainted with Senator Al D'Amato?
16 A. Yes, I am.
17 Q. And how do you know him?
18 THE COURT: Are you going to go into another area now?
19 I thought you were finishing. How long?
20 MS. SWEENEY: May we approach, Your Honor?
21 THE COURT: Sure.
22 (Bench conference on the record.)
23 MS. SWEENEY: Your Honor, I have about four or five
24 additional questions.
25 THE COURT: That's all?

MS. SWEENEY: Yes.

2 THE COURT: All right, let's finish those and take a
3 break and begin cross, okay? All right.

4 (End of bench conference.)

5 THE COURT: All right, just a couple more minutes
6 before our recess.

BY MS. SWEENEY:

8 Q. How do you know Senator D'Amato?

9 A. I know him from my days in New York politics.

allbinders as word for experiment.txt

10 Q. Did Senator D'Amato serve as a reference for you when you
11 applied for a Schedule C job?
12 A. Yes, he did.
13 Q. Did Senator D'Amato ever contact you while you were at HUD
14 concerning the Mod Rehab Program?
15 A. No, he did not.
16 Q. Did anyone on his staff ever contact you while you were at
17 HUD concerning the Mod Rehab Program?
18 A. No.
19 Q. As a government employee, did you become familiar with the
20 standards of conduct?
21 MR. WEHNER: Objection.
22 THE COURT: I'll overrule it. It's been testified to
23 previously.
24 THE WITNESS: Yes, I did.
25 BY MS. SWEENEY:

1742

1 Q. In 1984 through 1987, did you have an understanding as to
2 whether the standards of conduct applied to Schedule C employees?
3 A. Yes, I did, and they did.
4 Q. And did you have an understanding as to whether the
5 standards of conduct applied to decisions in the Mod Rehab
6 Program?
7 A. Yes. My understanding was that the standards did apply to
8 the Mod Rehab Program.
9 MS. SWEENEY: That concludes our direct examination,
10 Your Honor.
11 THE COURT: All right, fine. Ladies and Gentlemen,
12 then we'll take our afternoon recess at this time. If you'd
13 remember the admonitions of the Court, you are not to talk about
14 this case among yourselves or with anyone else during the short
15 break. We'll be back and finish up with at least this witness
16 this afternoon.
17 We'll give you 15 minutes, to 3:25 approximately. That
18 clock there is a few minutes faster than that clock. All right,
19 so it's about --it will be that one, I think, actually is right.
20 So 3:25.
2 (Jury out.)
2 THE COURT: You can step down for a minute. Thanks.
2 (Recess from 3:10 p.m. to 3:30 p.m.)
2 THE COURT: All right, bring the jury in.
2 THE DEPUTY MARSHAL: Yes, Your Honor.

1743

1 (Jury in.)
2 THE COURT: Ready to go? All right
3 MR. WEHNER: Yes, sir.
4 CROSS EXAMINATION
BY MR. WEHNER:
6 Q. Mrs. Zagame, I'm going to ask you a series of questions
7 basically concerning the funding meeting that you attended at
8 Ms. Dean's office and the events that occurred after that. If
9 you don't understand anything I ask you, please indicate so, and
10 I'll be glad to rephrase the question, because I don't want there
11 to be any confusion between what I'm asking, okay, and your
12 answers.
13 A. Sure.
14 Q. Okay. Now as I recall your testimony on direct, I believe
15 you testified on September 12 that -
16 of '86, that there was a
16 meeting in Ms. Dean's office regarding mod rehab.

allbinders as word for experiment.txt

- 17 A. No, that's incorrect.
18 Q. That's incorrect?
19 A. I said there was a meeting in September. I did not say it
20 was on September 12.
21 Q. Okay. Well, let's see if we can tie down the date. I'll
22 show you what's already been introduced, which is Government's
23 Exhibit 42A, and does that not reflect a date of 9-12-86?
24 A. Yes, it does.
25 Q. Okay. Now 9-12-86 was a Friday, was it not?

1744

- 1 A. I'll take your word for it.
2 MR. WEHNER: Can we have a stipulation that 9-12-86 was
3 a Friday?
4 MR. O'NEILL: If counsel represents it, Judge, that's
5 fine.
6 THE COURT: All right, we'll accept it for purposes of
7 trial.
8 BY MR. WEHNER:
9 Q. Now on the --do you recall the term "recision" in

- 10 connection with this funding round of mod rehab?
11 A. No, it was not in connection with this particular funding
12 round, to the best of my recollection.
13 Q. Do you have a recollection that there was a, that HUD was in
14 a hurry or wanted to get these units out before something
15 occurred?
16 A. Yes.
17 Q. What was the reason that HUD wanted to get these units out?
18 A. We had to spend the money by the end of the fiscal year, or
19 we would lose it.
20 Q. And if you didn't spend the money by the end of the fiscal
21 year, no mod rehab funds got to the PHAs, and no apartments would
22 be renovated, correct?
23 A. That's, that's correct.
24 Q. The money would be just gone?
25 A. Right.

- 1 Q. Okay. So the end of the fiscal year was when?
2 A. September 30.
3 Q. Okay. So you had 18 days essentially; is that correct?
4 A. That's correct.
5 Q. All right. Now do you recall that there is a particular
6 reason why these funding decisions had to be made on Friday,
7 September 12, 1986?
8 A. No, I don't recall.
9 Q. Do you have any recollection at all that the Office of
10 Management and Budget had made a determination that if the funds
11 were not committed within a certain period of time, that they
12 were not going to permit them to be spent during that fiscal
13 year?
14 A. My recollection is that occurred later in 1986, with the
15 beginning of the new fiscal year, which would be fiscal year
16 1987, when the, if allocations for the apportionment, is what
17 they called it, was made for OMB. OMB said we could only have a
18 small percentage of the units and that the rest were being
19 proposed for recision, and I believe it was sometime in October
20 or November when we went through another round of funding, which
21 entailed our attempts to beat OMB to the punch, so to speak.
2 Q. When you were beating OMB, your recollection is that was in

2 October or November?

2 A. Yes.

2 Q. Did you -- did Ms. Dean participate in that funding round?

1746

A. Yes.

2 Q. I thought you testified on direct that you only participated
3 in one meeting regarding mod rehab units?

4 A. That's correct, but I knew that Ms. Dean participated in the
5 subsequent round, because that was done, to the best of my
6 recollection, in connection with Tom Demery, who had arrived on
7 the scene.

8 Q. Okay. We're talking about a time period now before
9 Mr. Demery arrived on the scene.

10 A. In September.

11 Q. In September of '86.

12 A. That's correct.

13 Q. But just to finish that thought, did you attend a meeting
14 between Tom Demery and Ms. Dean?

15 A. No, I did not attend a meeting with the two of them present.

16 Q. Do you recall that Hunter Cushing attended the meeting on
17 September 12 of 1986?

18 A. Well, first of all, I'm not sure we've established that
19 September 12 was the date. It could have been the day before.
20 It could have been Thursday the 11th or possibly even Wednesday.
21 It was sometime just before the, the -- as I recall, it was late
22 in the afternoon, and therefore if it had -- and it went on some
23 time, and therefore it's possible that the, the document that is
24 dated September 12 was done the next day. But Hunter, to answer
25 your question, I believe Hunter Cushing was present.

1747

1 Q. And as you said, the meeting went on late into the night,
2 did it not?

3 A. Well, I'm not sure how late into the night it went. It went
4 on late in the evening.

5 Q. What time did you leave?

6 A. I don't remember.

7 Q. Do you recall driving Hunter Cushing to the train station
8 that evening?

9 A. No, I don't.

10 Q. Did you on occasion drive Hunter Cushing to the train
11 station?

12 A. I recall driving him to the train station perhaps one time.

13 Q. And do you recall driving him to the train station because
14 he was going back to New York for the weekend?

15 A. That sounds right.

16 Q. And if he was going back to New York for the weekend, he
17 would be leaving, that would make that a Friday, would it not?

18 A. Unless he was taking an extra day for the weekend.

19 Q. Okay. And do you recall, now that you recall taking
20 Mr. Cushing to the train station on one occasion, that you took
21 him to the train station on that one occasion after this meeting

22 you testified to?

23 A. I don't remember that it was in connection with the meeting,

allbinders as word for experiment.txt

2 sir.

2 Q. Okay. Well, not in connection with the meeting, but it just

1748

followed?

2 A. At the same time I don't remember that at all.

3 Q. Okay. I'm a little confused as, as to the chronology of
4 this, because -- and what I'm going to do is I'd like to show you
5 all the exhibits that the Independent Counsel introduced with
6 you, and I'd like you to please put them in chronological order
7 as to your best recollection as to when each was prepared. Could
8 you do that, please?

3 sheets as 42A-1.

4 THE COURT: All right.

5 (Government's Exhibit No. 42A-1 was
6 marked for identification.)

BY MR. WEHNER:

8 Q. And I'll show you what they've marked as 42A-1 and ask you
9 if that is the first document prepared chronologically of 42A, C,
10 and D?

11 A. Yes, it is.

12 Q. Okay. Now I believe you testified that this was in your
13 handwriting, did you not?

14 A. Yes. Most of the document is in my handwriting.

15 Q. I don't -- I'm not going to get into every entry on these
16 pages, but let's just take the first one. It says, "Region IV,
17 the housing authority in the City of Columbia, South Carolina,
18 all 2-bedroom, 100 units, \$394." Is that basically what that
19 says?

20 A. Yes.

21 Q. Now that's the first entry on Exhibit 42A-1. Your testimony
22 is that you sat in the meeting, and Ms. Dean told you to fund
23 that project; is that correct?

24 A. Yes. Well, not, not quite. She was putting together a list
25 of projects to be funded. We still had to work out the math to

1751

1 make sure that there was a sufficient amount of money for the
2 funding to occur as had been dictated by her.

3 Q. Okay. So this, you were preparing, you called this a
4 proposed funding list if money was available?

5 A. We didn't call it that at the time, but that's essentially
6 what it was.

7 Q. Okay. I'll call this a proposed funding list then, 42A-1,
8 okay? Just so you and I are clear on what we're talking about.

9 A. Fine.

10 Q. Now you took 42A-1 and you found out if funds were available
11 to fund those; is that right?

12 A. Yes.

13 Q. Okay. Who did you talk to about that, Mr. Kumagai?

14 A. Yes.

15 Q. And you determined that funds were, in fact, available?

16 A. Yes.

17 Q. And you then did what, reported back to Ms. Dean?

18 A. Yes.

19 Q. And you reported back to her that 42A-1, the proposed
20 funding list, was -- that funds were available to fund it as she
2 had proposed?

2 A. Well, I can't remember whether funds were available to fund
2 it exactly as she had proposed. I -- it could very well be that
2 there was not enough funding to, to fund all the, the particular
2 specifics of what she had given.

1752

1 Q. Okay. But you reported back to her with the information you
2 had gathered from Ross Kumagai and told her that these can be,
3 that with changes, these can be funded; is that fair?
4 A. I don't, I don't remember exactly what I said to her.
5 Q. Now after you prepared 42A-1, you then prepared 42A; is that
6 correct?
7 A. I, I signed 42A. It was prepared for my signature by Ross
8 Kumagai or someone in his office.
9 Q. Now was this before or after you reported back to Ms. Dean?

10 A. I believe it was before I reported back.
11 Q. So you took 42A-1 and prepared 42A as a result of 42A-1;
12 isn't that right?
13 A. Could you repeat that, please?
14 Q. Did you prepare 42A as a result of 42A-1?
15 A. Yeah. As I say, I did not prepare that document. I signed
16 that document.
17 Q. Did you give somebody 42A-1 to type?
18 A. Yes.
19 Q. Who did you give it to?
20 A. Ross Kumagai.
2 Q. Okay. And he typed 42A-1, right --he typed 42A, I'm sorry.
2 A. 42A. I don't know if he personally typed it. He probably
2 had his secretary type it.
2 Q. Now the attachment to 42A at the bottom says, "Prepared by
2 Funding Control," does it not?

1753

1 A. Could you move it up a bit, please, so I could see it?
2 Q. Yeah. I'll try to -- can you read that?
3 A. Yeah. It says, "Prepared by Funding Control."
4 Q. And that is Mr. Kumagai's, what?
5 A. That's his office.
6 Q. Office?
7 And this isn't really a typewritten list; this is a
8 computer-generated list, isn't it?
9 A. Well, it was prepared on a, on some sort of an electronic

10 instrument.

11 Q. Okay. Did you have this document before -- you had this

12 document, did you not, before you went back up to Ms. Dean,

13 correct?

14 A. I don't remember exactly when I had the document in

15 connection with reporting back to Ms. Dean.

16 Q. Well, clearly you must have had that document before 42C was

17 prepared, correct?

18 A. Which one is 42C?

19 Q. I've just put it up on the board.

20 A. Yeah, I thought this was -- okay, this is the revision,

2 right?

2 Q. Exactly.

2 A. Yes, okay. I follow you.

2 Q. Do you follow me?

2 A. Sure.

1754

1 Q. Because this is a revision?

2 A. Sure.

3 Q. 42C is a revision to 42A, is it not?

4 A. Right. Yes, I must have sent 42A to Ms. Dean.

5 Q. Now you send 42A to Ms. Dean, and you get back 42C, correct?

6 A. I don't have a recollection of, of my getting it back. It

7 may have gone directly to Mr. Kumagai.

8 Q. Don't you recall testifying on direct, identifying this

9 handwriting, changes to original notes?

10 A. Yes, I did see it, I did see it. I just don't recall

11 whether I saw it before it went to Mr. Kumagai or subsequent.

12 Q. But it came back down to you somehow?

13 A. Yes, it did.

14 Q. With changes on it, correct?

15 A. That's correct.

16 Q. Now --so somehow between the time that 42A was prepared and

17 42C came back to you, someone decided to make changes in the

18 funding; isn't that correct?

19 A. That's correct.

20 Q. Now Ms. Dean had given you in that meeting, she had
21 basically given you the proposed funding list; isn't that
22 correct?
23 A. That's correct.
24 Q. And yet the changes came to you back from Ms. Dean; isn't
25 that correct?

1755

A. Yes.
2 Q. Whose office was right next door to Ms. Dean's?
3 A. Secretary Pierce.
4 Q. Now 42D was prepared after 42A, A-1, and C; isn't that
5 correct?
6 A. It's dated subsequent to the dates on the other documents.
7 Q. Well, you, you introduced the documents. You don't have any
8 reason to doubt the dates, do you?
9 A. No.
10 Q. I mean, presumably they are dated on or about the day
11 they're prepared, right?
12 A. Yes.
13 Q. So do you have any reason to think that wasn't prepared
14 last?
15 A. No, I don't.
16 Q. And you read this to the jury; isn't that right?
17 A. Yes, I did. I tried to anyway.
18 Q. And that reflects additional changes from what Ms. Dean had
19 originally said in that meeting in her office, doesn't it?
20 A. Yes, sir, it does.
21 Q. So somehow between the 12th and the 18th, somebody made some
22 changes in the list, correct?
23 A. Correct.
24 MR. WEHNER: Nothing further, Your Honor.
25 THE COURT: Okay.

1756

1 MS. SWEENEY: No redirect, Your Honor.
2 THE COURT: All right. Thank you, Ms. Zagame. You're
3 free to go.
4 THE WITNESS: Thank you.
5 (Witness excused.)
6 THE COURT: Anymore before the jury today?
7 MS. SWEENEY: Your Honor, we have one witness, but I
8 anticipate that the examination is going to be a little bit
9 longer.
10 THE COURT: All right, let's just come up on scheduling
11 and see where we are.
12 (Bench conference on the record.)
13 THE COURT: who do you have, Mr. Demery?
14 MS. SWEENEY: No, it's Janice Golec, and I know that
15 Mr. Wehner has quite a lengthy cross examination.
16 THE COURT: Okay. Did you have that one that was a
17 materiality issue today or not, or is that some other day you're
18 talking about?
19 MS. SWEENEY: We had hoped to reach him after
20 Ms. Golec, so that would probably be sometime tomorrow, Your
21 Honor.

allbinders as word for experiment.txt

22 THE COURT: I see.
23 MR. O'NEILL: The other thing is, Judge, there are a
24 couple of documents we would be moving in, so we could do that
25 outside or in the presence of the jury.

1757

2 THE COURT: what do you mean?
3 MR. O'NEILL: The documents, the Mitchell calendars and
4 the like.
5 THE COURT: Mitchell calendars?
6 MR. O'NEILL: Yes.
7 THE COURT: Are they stipulated to?
8 MR. O'NEILL: No, they're not. Those are the ones
9 where we have Marti Mitchell; Frank Gauvry; John Brennan, Charles
10 Fogle, the agent. We set the foundation.
11 THE COURT: I'd better hear you on that.
12 Are you objecting?
13 MR. WEHNER: Yes.
14 THE COURT: I'd better hear you out of the presence of
15 the jury. We can take those up now. I'll let the jury go.
16 MR. O'NEILL: I was just alerting you to the fact.
17 (Discussion off the record.)
18 THE COURT: Okay, then I'll let the jury go until 9:30
19 in the morning. We'll just take up these Mitchell documents.
20 (End of bench conference.)
21 THE COURT: Ladies and Gentlemen, the next witness,
22 it's been indicated, will be somewhat lengthy, very likely, and
23 it will take up considerably more time than we have this evening.
24 I have some legal matters to discuss with counsel anyway, so I'd
25 like to do that tonight so we don't have to hold up tomorrow's

1758

1 So what we'll do is release you for now, and I'll take
2 up these other matters with counsel, and then tomorrow morning be
3 ready to go at 9:30 with our next witness. And we should have a
4 full, regular day tomorrow, so we're going to let you out a
5 little early today.
6 So remember the admonitions of the Court again
7 overnight. You're not to talk about the case with anyone or
8 among yourselves. Don't let anyone talk to you about it. You're
9 not to read about, watch anything, or listen to anything in the
10 media about it at all, and if it comes to your attention or
11 something, you turn your attention away from it.
12 We'll see you back here tomorrow morning then at 9:30,
13 all right? Be ready to go then. Thank you.
14 (Jury out.)
15 THE COURT: All right, counsel for the government
16 raised an issue about moving for admission of some John Mitchell
17 calendar references that have been identified by various
18 witnesses. Let me see what we have on that, please, when you're
19 ready.
20 MR. O'NEILL: Yes, Your Honor. The government at this
21 time would be moving into evidence Government's Exhibits 9A
22 through H, 10, Your Honor, 14, 15, 17, 18, 30, and 36A.
23 THE COURT: All right. My list indicates that 9 is a
24 John Mitchell '85 calendar. 9A through 9H are individual lunches
25 with Governor Nunn or Rick Shelby or meetings with Rick Shelby or

1759

1 a lunch with Debbie and Shelby or, again, Governor Nunn. 10 is a
Page 991

allbinders as word for experiment.txt
2 John Mitchell calendar for '86.
3 MR. O'NEILL: There are four specific entries, Your
4 Honor.
5 THE COURT: You want the rest of the 10s, all right.
6 Then 10A -- I don't have 10B, C, or D being identified
7 individually by anybody in my notes. I just have 10A as,
8 identified as Mitchell calendar, Rick Shelby - picture, 7-28-86.
9 MR. O'NEILL: Right.
10 THE COURT: But I don't have B, C, or D being discussed
11 by anybody.
12 MR. O'NEILL: I believe the testimony was just as to
13 the whole calendar, Your Honor.
14 THE COURT: All right. And then we've got 14, 15. Let
15 me see those. 14 is a note. That's the only thing I have about
16 it right here. 15 is a list of figures. 17 is a letter from
17 Dean to Mitchell; 18, a note on Dean's HUD stationery; and 30,
18 rapid reply letter signed by Barksdale.
19 THE CLERK: Did you say 36A?
20 THE COURT: Oh, I didn't look at 36A, okay.
21 And 36A is some notes from Mr. Mitchell in March of
22 84.
23 All right, now what's the theory of introduction of
24 these Mitchell documents? I'll just categorize them all like
25 that. One is a document from Dean to Mitchell.

1760

1 MR. O'NEILL: Yes, sir. For the Court's convenience, I
2 will send up a memorandum of law, but in essence, as to the
3 calendars and the notes of John Mitchell, Your Honor, it's the
4 government's contention that the primary theory is that they're
5 statements of a co-conspirator during and in furtherance of a
6 conspiracy.
7 The government also believes that they would be
8 admissible under Federal Rule of Evidence 803(3) as a statement
9 of the declarant's intent and plan. They're also admissible
10 pursuant to the testimony of Frank Gauvry as business records
11 pursuant to Federal Rule of Evidence 803(6).
12 The specific documents, Your Honor, that are addressed
13 to John Mitchell -
14 sent to John Mitchell, I should say, by
15 defendant Dean are admissible pursuant to Federal Rule of
16 Evidence 801(d)(2)(A) as admissions by a party.
17 At this time, if I may hand to Gloria, Your Honor, and
18 give a copy to counsel -
19 THE COURT: Thank you.
20 MR. O'NEILL: -
21 I would set forth a memorandum of law.
22 Did I give you the wrong one, sir? Judge, does the
23 last page have a signature page?
24 THE COURT: No.
25 MR. O'NEILL: Then of course, I gave you the wrong one.
26 THE COURT: It's not quite a complete copy there.
27 THE CLERK: This is the original right here?

1761

1 MR. O'NEILL: Yes, that's the original.
2 THE COURT: Mr. Wehner, do you want to respond now, or
3 do you want to respond early in the morning, since they've given
4 you a memo to read?
5 MR. WEHNER: I'd say both, but I don't want to take
6 advantage of Your Honor, so how about if I do it in the morning?
7 THE COURT: That's all right. I'm familiar with the

8 issue, because we've discussed it somewhat before. The memo is
9 new, which I haven't seen before, and I appreciate the work that
10 counsel put into this memo for the Court.

11 MR. WEHNER: I'll give a brief response to just what
12 I've seen in the memo, and unfortunately, I think the, the issues
13 are somewhat intertwined, I'm going to try to keep them separate,
14 in terms of this issue from Rule 29 issues in terms of the
15 difference being a preponderance and a light-most-favorable-type
16 test. I think sometimes those are difficult to differentiate
17 between, but I'm going to try.
18 I think the, the reason that the co-conspirator
19 statements are not admissible -- and I do not include in that
20 category the admissions. I include the co-conspirator statements
2 only.

2 THE COURT: All right.

2 MR. WEHNER: The reason that the co-conspirator
2 statements, alleged co-conspirator statements are not admissible
2 is because the government has been unable to show that Ms. Dean

1762

1 became a knowing, willing co-conspirator with the others. So
2 it's a combination lack of foundation for the hearsay exception
3 rule to apply plus almost a relevancy objection to the
4 co-conspirator statements, because I believe if you'll remember
5 the testimony, for example, of Mr. Shelby, Mr. Shelby testified
6 that he intentionally concealed from the defendant, from Ms. Dean
7 that John Mitchell was receiving any fees as a result of
8 co-conspirator activities.
9 The government's evidence, I think, suggests at its
10 best a close relationship with John Mitchell, between Ms. Dean
11 and John Mitchell. Their evidence that she refers to him as
12 "Dad," that she admittedly was close personally to him, I do not
13 believe that one can infer from their evidence a participation in
14 a criminal conspiracy with him by Ms. Dean.
15 Now I think the government would argue that
16 circumstantially they are somehow showing knowledge of the nature
17 of the criminal conspiracy by Ms. Dean because of the events that
18 occurred among the other co-conspirators, and I will admit that
19 that has some immediate attraction if you apply the standard rule
20 that circumstantial evidence means the same thing as direct
2 evidence, et cetera, et cetera.
2 The difference here, Judge, is that the direct evidence
2 is to the contrary. In other words, the direct evidence in the
2 government's case in chief is that it was strictly a personal
2 relationship between Deborah Gore Dean and, and John Mitchell,

1763

1 and the direct evidence suggests a close personal relationship
2 and an absence of any intent on Ms. Dean's part to participate in
3 a criminal conspiracy with John Mitchell, and that's direct
4 evidence, Your Honor, as opposed to circumstantial evidence.
5 And the direct evidence is established by the
6 government that she was close to John Mitchell and that any
7 financial remuneration he received, derived as a result of any of
8 these transactions was concealed from her.
9 And I don't think the government can get over that
10 burden at this point both in terms of proving Ms. Dean was a
11 knowing, willing member of a conspiracy, and No. 2, to satisfy
12 the co-conspirator exception to the hearsay rule. To get over
13 that -- and I'll give Your Honor some cases on this tomorrow --
14 they have to show that Ms. Dean was a member of the conspiracy.
15 I mean, that's a prerequisite to admission. She's the one that's
16 on trial. John Mitchell is not on trial; Richard Shelby is not
17 on trial; the other co-conspirators are not on trial; it's

allbinders as word for experiment.txt

18 Ms. Dean. And their evidence may be overwhelming that John
19 Mitchell and Richard Shelby and others entered into some kind of
20 conspiracy, whether illegal or not, but that doesn't connect
21 Ms. Dean to that conspiracy.
22 So I'll give Your Honor some cases on it first thing in
23 the morning, but that's generally where I'm coming from.
24 THE COURT: All right. I appreciate your remarks. I
25 think you are, as you said, getting in this argument over into

1764

1 the rule 29 argument a little bit.
2 MR. WEHNER: Yes.
3 THE COURT: All right. Did you want to respond
4 briefly? And then I'll get you all here tomorrow morning. I
5 haven't read your memo yet. I want to have a chance to do that.
6 MR. O'NEILL: Your Honor, I'd just as soon do that
7 tomorrow, if you'd like.
8 THE COURT: All right. Let me read the memo.
9 MR. O'NEILL: Okay.
10 THE COURT: Then we can work on that tomorrow morning.
11 why don't you come a few minutes then before 9:30, like at 9:20,
12 and then we'll have a chance to address this in the morning so we
13 can take up what we need to do.
14 I've read your two cases cited in your memo, two of
15 your cases cited in your memo on materiality in the D.C. Circuit,
16 and we can address that at the appropriate time as well.
17 All right, then we'll recess for the jury until 9:30.
18 I'd like counsel back about 9:20 to take a look at the Mitchell
19 documents issue, all right? Thank you.
20 MR. O'NEILL: Yes, sir. Thank you.
2 (Recess from 4:07 p.m. to 9:20 a.m., September 30, 1993.)

PROCEEDING S

2 (Defendant present, Jury out.)

3 THE CLERK: Criminal Case No. 92-181, United States v.

4 Deborah Gore Dean. Mr. Robert O'Neill and Paula Sweeney for the
5 government, Mr. Stephen Wehner for the defendant.

6 THE COURT: All right, we had left off yesterday on the
7 Mitchell documents. Mr. Wehner, did you come up with anything
8 else?

9 MR. WEHNER: Yes, Judge. I came up with one item when
10 I read the memorandum in detail, which is basically the same
11 argument I made yesterday, because I note in the memorandum that
12 no attention is paid to the issue as to whether Ms. Dean is
13 criminally connected to the conspiracy.

14 THE COURT: Is tied into the conspiracy.

15 MR. WEHNER: Exactly. And I think, frankly, that's
16 what I've been arguing this entire trial vis-a-vis the
17 admissibility of those statements. I think the law is clear that
18 Ms. Dean has to have been shown to have been a member of the
19 conspiracy before co-conspirator statements can be admitted
20 against her, and with that, I'll rest for this purpose.

21 THE COURT: All right, thank you.

22 Let me ask the government, on the documents that you
23 wish to admit, as I understood them, the 9 series are particular
24 pages from his calendar?

25 MR. O'NEILL: That's correct, Your Honor.

1769

1 THE COURT: 10 is the entire calendar for a year?

2 MR. O'NEILL: well, Judge, as you'll remember
3 yesterday, we did break up 10 to actually four entries in 10, A,
4 B, C, and D.

5 THE COURT: All right.

6 MR. O'NEILL: We just had the agent identify the entire
7 calendar, because of course, the entire calendar was found there.

8 THE COURT: I see.

MR. O'NEILL: But we don't intend to introduce it.

10 THE COURT: You don't intend to put in the entire
11 calendar?

12 MR. O'NEILL: No, Your Honor.

13 THE COURT: All right. That's what I was concerned
14 with.

15 Then the other series of documents consist of what?

16 Are those notes or something, the 14 to 36A, that group?

17 MR. O'NEILL: I'll run through them, Judge. 14 is a
18 handwritten note that was identified in Mr. Mitchell's
19 handwriting, and it says, "Nunn/Global. 10,000 Man-of-war
20 deposited by J M. in own account. 8,600 plus, Marbilt
2 litigation, deposited by Global. J.M. got 4,000 advance from
2 Global." It's a handwritten, one-page sheet.
2 Exhibit 15 is a handwritten, one-page sheet. Again, it
2 was identified as the handwriting of John Mitchell, and it lists
2 a number of various dates and names or perhaps names of companies

1770

allbinders as word for experiment.txt
1 with dollar figures next to it, and the specific one here would
2 be where it says, "L. Nunn (Martinez), \$8,613.94."
3 As Your Honor might recall, Exhibit 13, which is in
4 evidence, gives that same figure as a breakdown of the monies
5 Mr. Nunn paid Mr. Mitchell.
6 Exhibit 16 -
7 THE COURT: That's not part of the group.
8 MR. O'NEILL: No, I'm sorry, Your Honor. You're
9 absolutely right. Exhibits 17 and 18 are two separate -
well,
10 let me deal with 17. 17 is a one-page letter from Deborah Dean
11 to the Hon. John M. Mitchell enclosing two memoranda, and the
12 memoranda -- and there are memoranda attached to that exhibit.
13 Exhibit 18 is again a, a little cover form on the
14 stationery of Deborah Dean to "Daddy, FYI," and then it contains
15 an attachment, which is a memo from Philip Abrams.
16 I believe then, Judge, we go to Exhibit 30.
17 THE COURT: 30 and then 36A.
18 MR. O'NEILL: 30 is a rapid reply document from the
19 Department of HUD, which is the Maurice Barksdale-signed 185 -
20 excuse me, rapid reply, I'm sorry, with attachments.
21 Then 36A is a, I believe, two-page -- that is
22 correct -
handwritten notation. Again, it was identified as the
23 handwriting of John Mitchell, and it talks about the Arama
24 partnership.
25 THE COURT: All right. The defendant has argued that

1771

the connection between Ms. Dean and these documents as to a
2 co-conspirator's statement has not been made basically, as
3 opposed to other objections.
4 The Court is going to do as follows as to these
5 exhibits: That will be Exhibits 9A through H; 10 and the
6 subparts of 10, I think, I think it's A, B, C, and D, I believe;
7 Exhibit 14, 15, 17, 18, 30, and 36A. Two, I believe, 17 and 18,
8 are a different category. They are letters from Ms. Dean. I
9 think they come in as admissions in any event, with the
10 attachments.
11 The other documents, it seems to the Court, that have
12 been identified at trial by John Brennan, Mr. Mitchell's former
13 business partner, and from, as to at least their chain of
14 custody, Mr. Mitchell's daughter, Ms. Jeffcock, and Agent Fogle,
15 who testified he served the subpoena to Ms. Jeffcock and
16 retrieved those records from the boxes that she had preserved of
17 her father's records that she had taken from his office,
18 established certainly the authenticity as to these documents.
19 The calendar entries, that is, the 1985 Daytimer
20 calendar entries of 9A through 9H and the '86 Daytimer, I
21 believe, of the 10A, B, C, and D, all refer to potential or
22 planned at least meetings or lunches with individuals, including
23 Ms. Dean, who have been identified as co-conspirators in the
24 case. The other notes -- the other materials contain handwritten
25 notes related to the mod rehab projects or HUD documents related

1772

1 to the projects.
2 It seems to the Court that either under the theory the
3 documents as to the calendar entries and the handwritten notes
4 from his business office recovered from there concerning the HUD
5 mod rehab projects or deposits in bank, banking records or
6 calculations he made as to monies received from work on the mod
Page 998

allbinders as word for experiment.txt
7 rehab projects would be admissible either as statements of a
8 co-conspirator doing it in the course of the conspiracy under
9 801(d)(2) or as business records, as testified to by the various
10 witnesses who identified these records.
11 The government also said they could be admissible under
12 Federal Rule 803(3) as statements of declarant's intent and plan.
13 There was some suggestion of that, also, in their argument the
14 other day as to Ms. Dean's calendars. Even though some of the
15 planned meetings did not occur, it certainly showed her intent
16 and plan to have these meetings with individuals.
17 That has some appeal, but I think principally the
18 admissibility is based upon the co-conspirator's statement theory
19 as well as the business records theory, where the foundation has
20 been laid as to most of those records.
2 I do not otherwise admit them under 803(24) or 804(5),
2 because they have sufficient guarantees of trustworthiness. I am
2 leery of doing that where there's no chance to examine the
2 individual on these matters whatsoever since he is deceased, but
2 I do think they're admissible under the theories that I've

1773

reviewed.

The Court had some concern as to Mr. Wehner's
3 proposition that Ms. Dean has not been sufficiently connected
4 with the conspiracy to show that she's a member thereof and
5 therefore could have these statements and documents attributed
6 against her. I think that's ultimately for the Court to decide
7 at the time we take up the motions for judgment of acquittal as
8 to the sufficiency of the government's evidence, but at least at
9 this time, without commenting upon the ultimate merit of the case
10 at the time of motions for judgment of acquittal, that there has
11 been a sufficient ground laid to admit these documents. So I'll
12 overrule the objections of the defendant and allow in Government
13 9A through H, Government 10A through D, 14, 15, 17, 18, 30, and
14 36A.
15 (Government's Exhibit Nos. 9A thru 9H,
16 10A thru 10D, 14, 15, 17, 18, 30, and
17 36A were received in evidence.)
18 THE COURT: All right, are you ready with your next
19 witness, or what do you want to do?
20 MR. WEHNER: Judge, there's one thing I need to
21 raise.
22 THE COURT: All right.
23 MR. WEHNER: Mr. O'Neill told me last night that he was
24 going to be calling Ronald L. Reynolds as a witness.
25 Mr. Reynolds was a driver at HUD. And I'd like to mark -

1774

THE COURT: Is he on a witness list?
2 MR. WEHNER: That may not be necessary.
3 I don't remember, but I'm not objecting because he's
4 not, because he isn't, Judge.
5 THE COURT: All right.
6 MR. WEHNER: It's not a surprise issue. It's really a
403 issue.
8 THE COURT: All right.
9 MR. WEHNER: Mr. Reynolds was a driver for HUD, and as
10 I understand his intended testimony, he would testify as to
11 certain restaurants that he drove Ms. Dean to, waited for her,
12 and took her back to HUD.
13 I would object to the admission of that testimony on

14 relevancy grounds and also 403 grounds. I do not think -
I
15 think the record is already replete with references through the
16 calendars and through other testimony establishing that certain
17 lunches occurred. I think that's been established beyond any,
18 beyond any doubt by the evidence that's been put on. I think
19 it's a waste of time to further corroborate that through the
20 testimony of a driver.
21 Secondly, Judge, I think that the witness himself is an
22 unreliable witness because of other statements he has made of
23 which he could have had no knowledge, such as he testifies at one
24 point that he at Ms. Dean's direction picked up Mr. Winn at the
25 airport and drove Mr. Winn back downtown, when Mr. Winn was not a

1775

1 HUD employee. The true fact of that is that it was not Mr. Winn,-
2 it was another person.
3 And it appears to us that this witness has picked up a
4 lot of information from reading it in the newspapers, including
5 information about Ms. Dean's work habits, that are in his reports
6 of interview. He represents in his reports of interview that he
7 overheard Ms. Dean on a car phone talking about mod rehab, and
8 there was no car phone in the car that Ms. Dean was driven around
9 in.
10 I think he's a problematic witness, and he's not -- his
11 testimony is not trustworthy. So I'd also ask that he be
12 excluded on those grounds as well.
13 THE COURT: All right. What is the government going to
14 use Mr. Reynolds for?
15 MR. O'NEILL: Your Honor, the government would proffer
16 to the Court that what Mr. Reynolds would testify is being a, at
17 the time in question, he was a HUD chauffeur, did drive Ms. Dean
18 around at her request, took her to a number of various places for
19 lunch, some of them quite lengthy.
20 It's corroborative of the testimony already adduced at
2 trial, and the government feels that is relevant to show that
2 Ms. Dean was meeting with these people, and primarily the
2 information will be that she met with John Mitchell on several
2 occasions for lunch.
2 THE COURT: All right. Is he going to go into other

1776

1 areas that's been referred to by counsel on direct anyway?
2 MR. O'NEILL: The other areas being -
3 THE COURT: She talked on the telephone about mod rehab
4 or that she picked up people at the airport who were developers.
5 MR. O'NEILL: No, Your Honor. The government would
6 tailor his testimony to questions to those areas I've just told
7 you, basically that he took her to a number of various lunches
8 and that -
9 THE COURT: He'd wait two or three hours?
10 MR. O'NEILL: On one specific occasion only, Your
11 Honor, just so the record is clear. And then that Ms. Dean had
12 told him on a number of occasions she was meeting with John
13 Mitchell for lunch and her mother or -
14 MR. WEHNER: Judge, I'll stipulate that Ms. Dean had
15 lunch with John Mitchell during this period of time and, I think,
16 with her mother.
17 THE COURT: All right.
18 MR. WEHNER: I'll stipulate that she had lunch with
19 John Mitchell.
20 THE COURT: All right, I'm going to overrule the
2 objection. I recognize the concern the defendant has and the
2 possible prejudice that could result from having someone come in

2 as a driver before this jury and testify that she had long
2 lunches at expensive restaurants, but I think the government has
2 a right to prove their case and to show that these lunches that

1777

1 they claim occurred actually occurred at times and that she met
2 with who the government alleges is one of the principal
3 co-conspirators, Mr. Mitchell, whether it was with her mother or
4 not or whether she contests it or not.

5 The only thing I'd be concerned about is where the
6 probative value and weighing the prejudicial effect of the
7 evidence could have a concern is if he gets into areas that it's
8 indicated by Mr. Wehner he may have hearsay or other knowledge
9 that he gained from other sources that is not accurate and would
10 be unfair to have him try to discuss those areas, but he can
11 discuss what he has personal knowledge of and an accurate memory
12 of as to taking her to lunches with various individuals who've
13 been identified as co-conspirators in this case, principally
14 Mr. Mitchell, which she's indicated she doesn't contest in any
15 event.

16 But I'm not going to limit the government, say they
17 can't call a witness who can verify some of these meetings took
18 place. So I'll allow him to be called.

19 MR. O'NEILL: Your Honor, for the Court, I'll try to
20 work out a stipulation with Mr. Wehner if we can, and maybe we
2 can eliminate the issue.

2 THE COURT: All right. What do we have on the next
2 witness here?

2 MS. SWEENEY: Your Honor, it would be Janice Golec.

2 THE COURT: She's going to go into the Baltimore --or

1778

1 Maryland projects?

2 MS. SWEENEY: Yes, Your Honor.

3 THE COURT: All right. Then we'll proceed with

4 Ms. Golec, and bring the jury in, please.

5 THE DEPUTY MARSHAL: Yes, Your Honor.

6 (Jury in.)

7 THE COURT: All right, good morning, Ladies and
8 Gentlemen.

9 THE JURORS: Good morning.

10 THE COURT: We're ready to go at this time. We've got,
11 the government has their next witness available.

12 MS. SWEENEY: The government calls Janice Golec.

13 THE COURT: All right.

14 JANICE GOLEC, GOVERNMENT'S WITNESS, SWORN

15 DIRECT EXAMINATION

16 BY MS. SWEENEY:

17 Q. Ms. Golec, I'm going to be asking you a series of questions,
18 and I'd ask you to keep your voice up so the members of the jury
19 can hear. Would you please state your name for the record,
20 spelling your last name for the court reporter?

2 A. Janice Golec, G-o-l-e-c.

2 Q. I would ask you to keep your voice up a little bit, and you
2 can adjust the mike if you need to. Are you presently employed,

2 Ms. Golec?

2 A. Yes, I am.

1779

1 Q. And how are you employed?
2 A. I'm with an insurance company.
3 Q. What is it that you do?
4 A. I run the community relations department for the company.
5 Q. What is your educational background, just briefly, for the
6 jury?
7 A. I've completed my B.S. studies in international relations
8 and political science.
9 Q. Could you describe briefly, very briefly your educational --

10 your employment background after college?
11 A. I worked for a law firm here in Washington, working as a
12 staff assistant to the government relations consultant. I then
13 went to the transition team for the President-elect, went to the
14 White House, then to the Department of Housing and Urban
15 Development.
16 Q. When was it that you started at the Department of Housing
17 and Urban Development?
18 A. In June of 1981.
19 Q. And how long did you remain there?
20 A. Through March of 1989.
21 Q. Did you hold one job during that time period or more than

22 one job?
23 A. I had a number of positions while I was there. I started as
24 a staff assistant to the secretary, then became a special
25 assistant to the secretary, and then became deputy assistant

1780
1 secretary for program development in the Office of Community
2 Planning and Development.
3 Q. Focusing on the time period 1983 to 1985, what was your
4 particular position at HUD during that period of time?
5 A. For that period of time, I was the special assistant to the
6 secretary.
7 Q. Who was your immediate supervisor during that period of
8 time?
9 A. My first supervisor was Lance Wilson, executive assistant to
10 the secretary, and then Deborah Dean, executive assistant to the
11 secretary.
12 Q. Do you recall when it was that Ms. Dean became your
13 supervisor?
14 A. After Lance had left in late spring of 1984.
15 Q. Did you have particular subject matters or areas that you
16 were responsible for in 1984?
17 A. There were two areas that I was basically responsible for:
18 the non-career hiring, the political appointments, the White
19 House liaison responsibilities, and for the Office of Community
20 Planning and Development.
21 Q. Are you familiar with a project referred to as the Patriots
22 project?
23 A. Yes, I am.
24 Q. Could you give a brief description of that project for the
25 members of the jury?

A. It was scattered-site townhouses located in Baltimore.

2 Q. How did you first hear about the Patriots project?

3 A. Through Jim Lomenick.

4 Q. Who is Mr. Lomenick?

5 A. Jim was someone that I had dated.

allbinders as word for experiment.txt

6 Q. What was his relationship to the Patriots project?

7 A. He was responsible for the management of the properties.

8 Q. Do you recall how many apartments were involved in this particular project?

10 A. It was townhouses, and there were somewhere between 70 and 11 80.

12 Q. Without telling us what Mr. Lomenick said, did you have 13 discussions with him with regard to the Patriots project?

14 A. Yes, I did.

15 Q. And as a result of these discussions, did you do anything?

16 Did you take any action?

17 A. Yes, I did.

18 Q. Can you describe for us what it was you did?

19 A. I had asked Silvio DeBartolomeis, who was at that time

20 special assistant to the secretary for housing, to meet with Jim

21 and explain some of the housing programs. I had asked Lance

22 Wilson if he would meet with Jim about the project, and when

23 Lance left, I had asked Deborah if she would meet with Jim about

24 the project.

25 Q. Do you know if the meeting between Mr. Lomenick and the

1782

1 defendant that you requested occurred?

2 A. Yes, I did.

3 Q. Were you present at the meeting?

4 A. No, I was not.

5 Q. Did you talk to the defendant about it afterwards?

6 A. Yes, in passing.

7 Q. Do you recall what she said and what you said?

8 A. I recall that she said that she had met with Jim and would

9 try and help.

10 Q. I'm sorry, I didn't hear the last part of your answer,

11 Ms. Golec.

12 A. That she would try and help him.

13 Q. Now just for the record, do you recall what time period this

14 would have been?

15 A. In, probably in June of, of '84.

16 Q. Focusing on this same time period, the summer of '84, June

17 of '84, did you go on any business trips with the defendant?

18 A. Yes, I did.

19 Q. Where did the two of you go?

20 A. We went to Baltimore.

2 Q. Again, I'd ask you just to keep your voice up a little,

2 Ms. Golec.

2 With whom did you meet?

2 A. We met with representatives from the office of the mayor and

2 the office of the Neighborhood Progress Administration.

1783

- 1 Q. What is the Neighborhood Progress Administration?
2 A. It's the local public housing authority.
3 Q. Was the Patriots project mentioned during the course of this
4 meeting?
5 A. It was brought up, yes.
6 Q. Was it brought up by either yourself or the defendant?
7 A. Deborah had mentioned it.
8 Q. Can you recall what she said?
9 A. Just that the project would be coming in for funding and

10 that it was a project that was being discussed at HUD.
11 Q. Did you attend any other meetings that summer with Baltimore
12 officials?
13 A. Yes, I did.
14 Q. Can you tell us about the additional meetings that you
15 attended?
16 A. I went to a luncheon with Marion Pines, who was the director
17 of the Neighborhood Progress Administration.
18 Q. Was she one of the individuals who was at the meeting that
19 you previously described for us?
20 A. Yes, she was.
2 Q. Who arranged the luncheon with Ms. Pines?

2 A. I did.
2 Q. And who else attended?
2 A. Jim Lomenick.
2 Q. Did you ever talk to the defendant about this luncheon?

1784

- 1 A. She had mentioned that she had, she knew that I had gone and
2 had told me not, not to do it again.
3 Q. Did Patriots receive funding in fiscal year 1984?
4 A. No, it did not.
5 Q. And for the record, do you recall what type of funding would
6 have been involved in the Patriots project, what program?
7 A. It was mod rehab.
8 Q. Did there come a time when units were awarded to Baltimore?
9 A. Yes, in the following fiscal year.
10 Q. Do you recall when that was that Baltimore received units
11 that fiscal year?
12 A. In, it would have been in late '84, December.
13 Q. Do you recall how many units were allocated to Baltimore at
14 that time?
15 A. 70-some-odd units.
16 Q. Was that the same number that were involved in the Patriots
17 project?
18 A. Yes, it was.
19 Q. Did you have any conversation with the defendant about that
20 allocation?
2 A. In passing, she had mentioned that units had gone to
2 Baltimore.
2 Q. Did she say anything else?
2 A. She just had mentioned that Jim had gotten his units.
2 Q. Now I'm going to focus on a different project, a project

1785

1 called Baltimore Uplift. Are you also familiar with a project
2 known as Baltimore Uplift?

3 A. Yes, I am.

4 Q. How did you first learn about this project?

5 A. I had seen a number of newspaper articles on it, and I had
6 also attended a meeting on it.

7 Q. How did the newspaper articles come to your attention, do
8 you recall?

9 A. We had daily news clips in the office of the secretary about

10 HUD-related projects.

11 Q. Can you briefly describe the Baltimore Uplift project?

12 A. It was scattered, scattered housing in Baltimore that

13 utilized a number of different kinds of housing subsidies.

14 Q. Were you ever given any assignments regarding Baltimore

15 Uplift?

16 A. Yes. I was asked to attend a meeting in Baltimore with the

17 developer and representatives from Baltimore.

18 Q. Who asked you to attend the meeting?

19 A. Deborah did.

20 Q. Do you recall what she said to you at the time?

2 A. She had asked me to attend the meeting. She said that the,
2 this issue needed -- there were issues related to the Uplift
2 project that needed to be resolved before Jim's project could go
2 forward.

2 Q. You mentioned that the developer attended the meeting. Who

1 was the developer? Do you recall the individual's name?

2 A. Bob Tuttle.

3 Q. Did you know one Bob Tuttle or more than one Bob Tuttle?

4 A. I knew two Bob Tutttles. There was one who is the director
5 of personnel at the white House, and then there was this Bob
6 Tuttle.

7 Q. And how would you describe this Bob Tuttle?

8 A. He was a, a developer.

9 Q. What was your response when the defendant asked you to

10 attend the meeting?

11 A. I didn't want to go.

12 Q. What did you say to her, Ms. Golec?

13 A. I said that I didn't want to go, because I didn't have any,
14 I didn't have any expertise in this area, I wasn't familiar with
15 the programs that were going to be discussed.

16 Q. And why was that? Why were you not familiar with the

17 programs that were going to be discussed?

allbinders as word for experiment.txt

- 18 A. At the time, I was a special assistant to the secretary and
19 dealt with community planning and development programs, and this
20 was basically housing programs.
21 Q. Was there at this time a special assistant who was assigned
22 the tasks of dealing with housing issues?
23 A. Yes, there was.
24 Q. Do you have, do you know why that individual was not asked
25 to attend the meeting? Did Ms. Dean tell you?

1787

- 1 A. No, I do not.
2 Q. Do you recall if you spoke to her on one occasion or more
3 than one occasion about the meeting?
4 A. Sometime after that, and I don't believe it was immediately
5 following it, she had mentioned the developer said that I had
6 cost him a million dollars.
7 Q. And what was your response?
8 A. I was pretty upset. I was pretty floored about it.
9 Q. Did she say anything else at that time?

10 A. She had just told me not to worry about it.
11 Q. Now did there come a time when you actually attended the
12 meeting?
13 A. Yes, there did.
14 Q. Prior to attending the meeting, did the defendant describe
15 at all for you the issues that were involved or the project?
16 A. She had basically given me just a brief overview of what the
17 project was about and what the issues were.
18 Q. Did you have any understanding of what your role was at the
19 meeting?
20 A. It was to serve as their representative from the office of
2 the secretary.
2 Q. What did you actually do at the meeting, Ms. Golec?
2 A. Nothing that I -- nothing.
2 Q. Did you speak at the meeting?
2 A. No, not that I can recall.

1788

- 1 Q. Do you know an individual named Ken Finlayson?
2 A. Yes, I do.
3 Q. And how did you come to know Mr. Finlayson?
4 A. He was a regional administrator at HUD, and it was a
5 political appointment, so I was in my role as White House liaison
6 responsible for processing his papers.
7 Q. We've been focusing on the time period 1983 to 1985. Did
8 there come a time when you left the secretary's office and took
9 another job at HUD?

10 A. Yes.
11 Q. What job was that?
12 A. It was as deputy assistant secretary for program development
13 in the Office of Community Planning and Development.
14 Q. Do you recall when that was, Ms. Golec?
15 A. In September of '85.
16 Q. Was this a promotion, or was it a lateral move within HUD?
17 A. It was a promotion.

18 MS. SWEENEY: No further questions, Your Honor.
19 MR. WEHNER: Your Honor, could I have a few minutes to
20 consult?
2 THE COURT: Sure.

2 MR. WEHNER: Just a few minutes.
2 THE COURT: Do you want to take a short break?
2 MR. WEHNER: Yes, sir.
2 THE COURT: All right.

1789

1 MR. WEHNER: Very short.
2 THE COURT: All right. Ladies and Gentlemen, we'll
3 have a little early recess. Take a very short, five-minute break
4 then. Remember the admonition of the Court about not talking
5 about the case, all right? Five minutes.
6 (Jury out.)
7 THE COURT: All right, five minutes.
8 (Recess from 10:12 a.m. to 10:25 a.m.)
9 THE COURT: Are you all right?
10 MR. WEHNER: Yes, sir. Thank you for the break.
11 (Jury in.)
12 THE COURT: All right, Ladies and Gentlemen, we're
13 ready to go ahead now with the cross examination.
14 MR. WEHNER: Thank you, Your Honor.
15 Good morning, Ladies and Gentlemen.
16 THE JURORS: Good morning.
17 CROSS EXAMINATION
18 BY MR. WEHNER:
19 Q. Good morning, Miss or Mrs.? Miss?
20 A. Miss.
2 Q. Miss Golec, good morning. I'm Steve Wehner, and I represent
2 Ms. Dean, and I've got a few questions for you. If there's
2 anything you don't understand, please indicate that to me, and
2 I'll be glad to rephrase my question or make it clear to you.
2 I believe you testified on your direct examination that

1790

1 Jim Lomenick first brought the Patriots project to your
2 attention. Is that accurate?

3 A. Yes, it is.
4 Q. And he was your boyfriend; isn't that correct?
5 A. Yes, he was.
6 Q. How long did you date him?
7 A. For about two years.
8 Q. Okay. And did he -- he talked to you on a frequent basis
9 about the Patriots project; is that correct?

10 A. Yes, it is.

11 Q. Now that was a mod rehab project?

12 A. Yes, it was.

13 Q. And it was in Baltimore?

14 A. Yes, it was.

15 Q. Okay. And he was interested in getting units for Baltimore,

16 was he not?

17 A. Yes, he was.

18 Q. For the Patriots project?

19 A. Yes.

20 Q. And as a result of his interest in that, you helped him in
2 the process; is that correct?

2 A. Yes, that's correct.

2 Q. Okay. And you introduced him to various people at HUD in an
2 effort to help him get these units to Baltimore, correct?

2 A. Yes, I did.

1791

1 Q. And that included Silvio DeBartolomeis, correct?

2 A. Yes, it did.

3 Q. And Lance Wilson?

A. Yes.

5 Q. And I believe you also testified that you introduced him to
6 Ms. Dean; is that correct?

7 A. That is correct.

8 Q. Okay. And he met with these people concerning the Patriots
9 project in Baltimore?

10 A. Yes, he did.

11 Q. Is that your recollection?

12 A. That's my recollection.

13 Q. And he told you that he met with these people concerning the
14 Patriots project; is that correct?

15 A. That is correct.

16 Q. Okay. Now was he working on the Patriots project before or
17 after he began to date you; do you remember?

18 A. He was managing the properties before he and I started
19 dating.

20 Q. Okay. There came a time, did there not, when you introduced
2 or suggested to Mr. Lomenick that he should hire a consultant; is

2 that correct?

2 A. I don't recall. I'm sorry.

2 Q. Do you recall the name of an individual by the name of
2 Joseph Strauss?

1 A. Yes, I do.

2 Q. And do you recall his involvement in the Patriots project?

3 A. I believe Jim had spoken with Jim -- with Joe.

4 Q. And do you recall that Joe Strauss was -- asked for a
5 certain amount of money from the project in order to get the
6 units funded?

7 A. I believe so, yes.

8 Q. And do you recall that Mr. Strauss would not take the

allbinders as word for experiment.txt
9 assignment to try to get that funded, because Jim Lomenick was

10 not willing to pay him the amount of money he wanted?

11 MS. SWEENEY: Objection, Your Honor, as to foundation.

12 THE COURT: Pardon me?

13 MS. SWEENEY: AS to foundation, Your Honor.

14 THE COURT: All right. Ask her if she knows, if she

15 knows if it's right or not.

16 MR. WEHNER: She answered yes to the foundation

17 question, Judge, I thought.

18 THE COURT: All right, go ahead.

19 BY MR. WEHNER:

20 Q. It's true that Mr. Strauss did not sign a contract with

2 Mr. Lomenick, is it not?

2 A. Yes, it is.

2 Q. Okay. And he didn't do that, because Mr. Lomenick wasn't
2 willing to pay him the amount of money; isn't that correct?

2 A. That's correct.

1793

1 Q. Okay. And that information you got from Mr. Lomenick,
2 right?

3 A. Yes, it is.

4 Q. Okay. Now just so we can put this aside, the Patriots
5 project did not get funded, did it?

6 A. Yes, I believe it did.

7 Q. Okay. It did get funded?

8 A. I believe so, yes.

9 Q. Okay. So Patriots actually received units in Baltimore?

10 A. Yes.

11 Q-Okay. Was the project ever finished?

12 A. I • ve come to learn that yes, they sold the project.

13 Q. But the units of mod rehab -- let's put it this way: The
14 funds 3 werei never spent to rehabilitate the units?

15 A. I have come to learn that yes, they were.

16 Q. Is that your understanding that they were?

17 A. That

18 Q. Okay.

19 A. Yes,

20 Q. Okay

2 time that

is my understanding.

And was that part of what was called Patriots?

it was.

But Mr. Lomenick wasn't involved with Patriots at the the mod rehab funding was done; is that correct?

2 A. He was involved as, as the manager of the project when the 2 award was first made, and then the project was sold.

2 Q-Okay And when he was manager of the project, the 2 rehabilitation had not taken place; is that correct?

1 A. That is my understanding.

2 Q. Okay. So when he sold the project, the rehab had not taken 3 place; is that correct?

4 A. That is my understanding.

5 Q. Okay. Now you have talked, what, 15 times to the 6 Independent Counsel, over the last --

7 A. I don't remember how many times, but yes, I have.

8 Q. -- five or six years?

9 A. I have spoken with them, yes.

10 Q. And you've spoken to them many times, correct?

11 A. That's correct.

12 Q. And you spoke to them in detail about the Patriots project, 13 correct?

14 A. I don't remember -- I don't recall speaking in detail about 15 the Patriots project with them.

16 Q. Okay. Do you remember speaking to them in detail about Jim 17 Lomenick?

18 A. I remember Jim Lomenick being discussed, yes.

19 Q. And do you remember the Patriots project being discussed?

20 A. It, it was discussed, yes.

2 Q. Okay. In fact, you first talked to the Independent Counsel

2 in 19-, what, '87? Do you recall?

2 A. I don't recall specifically, but --

2 THE COURT: It wouldn't have been Independent Counsel

2 in 1987.

1 MR. WEHNER: I'm sorry, Your Honor.

2 Q. You first spoke with agents in 1987?

3 A. Yes, I did.

4 Q. And over the next five years, you spoke to them many 5 additional times, correct?

6 A. What do you mean by many times?

7 Q. Well, I've got, many is one, two, three, four, five, six, 8 seven, eight, nine, ten. Many is ten times. I'll be glad to 9 show you this.

10 A. Yes.

11 Q. I'll show you reports of interviews and the grand jury 12 transcript.

13 THE COURT: All right.

14 THE WITNESS: Okay.

15 MR. WEHNER: And I don't think it's necessary to go

16 through them individually unless at this point Mr. O'Neill wants 17 me to identify them.

18 THE COURT: All right, let's go ahead.

allbinders as word for experiment.txt

19 BY MR. WEHNER:

20 Q. Does that refresh your recollection that you met with them
21 many times?

22 A. Yes.

23 Q. And in fact, they would record the date you met with them
24 and write down what you had to say and put that down on paper,
25 correct?

A. Correct.

2 Q. That culminated in a grand jury appearance on May 28 of
3 1992, correct?

4 A. That is correct.

5 Q. So is that the most recent record of your recollections
6 about Patriots and Mr. Lomenick is on May 28, 1992? Is that the
7 last time you spoke to the Independent Counsel about it?

8 A. No, it's not.

9 Q. Okay. When, when did you speak to them since May of 1992?

10 A. Between May and, and now.

11 Q. Okay. Was anybody taking notes of those sessions?

12 A. I'm sorry, I don't recall.

13 Q. Okay. Were there agents present in the room?

14 A. Yes, there were.

15 Q. Were they writing something down?

16 A. They could have been.

17 Q. Well, did you see?

18 A. I don't recall. I mean, I don't recall specifically what
19 they were doing. Yes, they were taking notes.

20 MR. WEHNER: Okay, they were taking notes.

21 Could we have those?

22 MR. O'NEILL: They don't exist.

23 THE COURT: Why don't you come up, see what the story

24 is.

25 MR. WEHNER: Excuse me, Your Honor.

1797

(Bench conference on the record.)

2 THE COURT: Have you got some interview notes, or is
3 she mistaken?

4 MS. SWEENEY: No, Your Honor. We have met for trial
5 prep, but there have not been notes taken.

6 THE COURT: Okay.

7 MR. O'NEILL: Right.

8 THE COURT: Is she talking about you met with her or
9 some other agents? Attorneys met with her as opposed to agents
10 interviewing her again?

11 MS. SWEENEY: There was an agent present at one of the
12 trial prep sessions, but he did not take notes.

13 THE COURT: Okay. And you don't know of any other
14 occasions there were other interviews after May 28?

15 MS. SWEENEY: Not that I'm aware of, Your Honor. As
16 far as I know, all of the Jencks material has been turned over.

17 As Mr. Wehner indicated, many reports of interviews have been
18 turned over involving Ms. Golec, and as far as I'm aware of, Your
19 Honor, all the ones that we possess have been turned over.

20 MR. O'NEILL: Judge, there was one interview that I was
21 even present with a couple months back where we directed the
22 agent not to take notes. It's my custom to usually write down
23 notes.

24 THE COURT: Okay.

25 MR. WEHNER: Well, I just -

okay.

1798

MR. O'NEILL: Yeah.

2 THE COURT: All right, I think that's a sufficient
3 basis at this point that the government just indicated they've
4 produced whatever notes they have that would be producible under
5 Jencks. If you want to explore more into it, you can.

6 MR. WEHNER: It really wasn't going to be the highlight
7 of my cross examination.

8 THE COURT: All right.

9 MR. WEHNER: I just thought I'd ask if there were

10 anything since the grand jury.

11 THE COURT: Okay.

12 (End of bench conference.)

13 BY MR. WEHNER:

14 Q. So between May 28 of 1992, when you testified in front of
15 the grand jury, and today, you had a couple of discussions with
16 the Independent Counsel?

17 A. That is correct.

18 Q. Okay. And your recollection is that there were notes taken
19 during those sessions?

20 A. That's my recollection, yes.

21 Q. Okay. Do you recall if they spoke to you during those
22 sessions about Patriots?

23 A. Yes, they did.

24 Q. And about Jim Lomenick?

25 A. Yes.

1799

1 Q. Okay. Did they go over your previous testimony on those
2 issues?

3 A. Yes, they did.

4 Q. And did they talk to you about what you had said before?

5 A. Yes, they did.

6 Q. And try to get more detail from you as to what you had said
7 before?

8 A. Yes, they did.

9 Q. Okay. Now in your grand jury testimony, I believe you

10 testified that you first heard about the project when Jim told
11 you about it.

12 A. That's correct.

13 Q. Is that what you remember saying in front of the grand jury,
14 referring you to your grand jury testimony at page 8?

15 A. That's correct.

16 Q. Okay. And I believe that you said in your grand jury that
17 Deborah Gore Dean was present when you discussed the Patriots
18 project in, between January and May of 1984, correct?

19 A. That's correct.

20 Q. And that you had told to her that Jim Lomenick was involved
21 in the project, correct?

22 A. That's correct.

23 Q. Now you further testified that you heard about another

24 Baltimore project and that you had a conversation with Ms. Dean
25 about another Baltimore project, correct?

A. That's correct.

2 Q. Okay. And your recollection is that that was Baltimore
3 Uplift; is that correct?

4 A. That is correct.

5 Q. Now that is your testimony today is that is separate and
6 apart from conversations about Patriots?

7 A. I'm sorry, could you repeat that question?

8 Q. Is your testimony today that that was separate and apart
9 from your conversations about Patriots?

10 A. Not completely, no. Separate and apart?

11 Q. Yes.

12 A. There was one instance where they were discussed together,
13 and that was concerning the meeting in Baltimore.

14 Q. Okay. So on one instance, they were discussed together?

15 A. That is correct.

16 Q. Okay. It's true that from time to time, you were being
17 pressed very hard by Jim Lomenick on the project; isn't that
18 correct?

19 A. That is correct.

20 Q. And that he from time to time would ask for your assistance
21 in getting applications for him?

22 A. That is correct.

23 Q. And typing up applications?

24 A. That's correct.

25 Q. And giving him information about how the selection process

1801

went?

A. That is correct.

3 Q. And you would respond to those, and you would help him with
4 that; isn't that right?

5 A. That is correct.

6 Q. And Mr. Lomenick became very insistent about those, about
7 your help, did he not?

8 A. Yes, he did.

9 Q. And he pressed you and pressed you and pressed you, correct?

10 A. Correct.

11 Q. Okay. Now there was a time, of course, when you were
12 talking to the Independent Counsel about Mr. Lomenick that you
13 did not tell them that he had pressed you and pressed you and
14 pressed you on that project; isn't that right?

15 A. That is correct.

16 Q. And you tried to keep him out of it; isn't that right?

17 A. No, that's not correct.

18 Q. Now isn't it true that on several occasions when you were
19 interviewed by the Independent Counsel, you said that someone had
20 brought that project to your attention and that it was not until
21 you were pressed hard by the Independent Counsel that you
22 admitted that it was Mr. Lomenick?

23 A. I don't believe that's correct.

24 Q. Okay. I want to show you, I'm going to show you a report of
25 interview dated June 10, 1991, and ask you if that reflects that

1802

1 you were asked about your actions regarding the Patriots project,
2 a housing development near Baltimore, and that you stated that
3 someone you knew had asked you how to obtain mod rehab units for
4 a project? Now isn't that what that reflects?

5 A. That's what that reflects, yes.

6 Q. And then it goes on to state that when pressed further, you
7 admitted that the someone was James Lomenick. Isn't that what
8 that reflects?

9 A. That is whoever took these notes' interpretation of it.

10 Q. Okay. Do you disagree with those statements?

11 A. With the --

12 Q. You think they're wrong?

13 A. With the statement that, that it was a problem mentioning
14 Jim's name.

15 Q. So you don't recall having to be pressed to recall his name;
16 is that correct?

17 A. No, I don't recall that.

18 Q. You don't recall that.

19 Do you recall volunteering that?

20 A. No, not necessarily volunteering it, but --

2 Q. Okay. Well, you were trying to protect him at some point,
2 weren't you? I mean, you didn't want to see -- and yourself,

.2 too?

2 A. Exactly.

2 Q. Because you didn't want to be seen to have been doing things

1803

1 for Mr. Lomenick when he was your boyfriend.

2 A. That is correct.

3 Q. Now -- okay. So you had a reason not to be as candid as you
4 might otherwise be; isn't that right?

5 A. That is correct.

6 Q. Okay. Now isn't it true, Ms. Golec, that Deborah Dean told
7 you firmly that you had to stay away from working on a project
8 that involved your boyfriend?

9 A. Yes, she did.

10 Q. And she told you that very firmly, didn't she?

11 A. Yes, she did.

12 Q. And she said, "It's wrong; you can't do it"; isn't that
13 right?

14 A. She told me that I was not to contact -- she very firmly
15 told me I was not to contact anybody with the City of Baltimore
16 on behalf of that project, yes.

17 Q. And that was because you were dating Mr. Lomenick?

18 A. That is correct.

19 Q. And he was the person who stood to gain from the project;
20 isn't that right?

21 A. That is correct.

22 Q. Okay. Because he was the manager, and he stood to make a
23 lot of money if the project went through, right?

24 A. I don't know -- I did not know if he would make a lot of
25 money or not. He was only the manager. He was not a, a partner

1804

1 or owner in the project.

2 Q. But you already testified how much he was pressuring you to
3 get those mod rehab units.

4 A. Yes.

5 Q. So he clearly had a reason to get them, did he not?

6 A. Yes, he did.

7 Q. And yet you were instructed by Ms. Dean not to have anything
8 to do with the project, correct?

9 A. I was told not to have any contact with the City of

10 Baltimore, yes.

11 Q. So you were in a real bind. You had your boyfriend telling
12 you, "I've got to have these units," and you had people at HUD
13 telling you, "You can't have anything to do with this," correct?

14 A. That is correct.

15 Q. That's a hard position to be in.

16 THE COURT: Is that a question or comment?

17 BY MR. WEHNER:

18 Q. That's a hard position to be in, isn't it?

19 THE COURT: All right.

20 MR. WEHNER: I apologize, Your Honor.

2 THE COURT: All right.

2 BY MR. WEHNER:

2 Q. You were in a difficult position at that point, correct?

2 A. Yes.

2 Q. Okay. And I -- now when you were talking about these events

1805

1 to the Independent Counsel, you were worried about the same
2 things you were worried about when you were involved in the
3 Patriots project? In that respect, I mean, it was a difficult
4 position to be in, was it not, being asked about your involvement
5 in Patriots?

6 A. Yes, it was.

7 Q. And you had concerns about telling them about Mr. Lomenick,
8 correct?

9 A. I didn't want to be involved in any of the discussions about

10 anything. I thought it would go away.

11 Q. Okay. And it didn't go away.

12 A. Right.

13 Q. Now, but when you finally decided that it wasn't going to go
14 away, you told them the truth about Mr. Lomenick; isn't that
15 right?

16 A. I would --

17 Q. Did you conceal anything about Mr. Lomenick and Patriots
18 from the Independent Counsel when you finally decided it wasn't
19 going to go away and you had to tell them the truth?

20 A. That's correct.

2 Q. You told them everything?

2 A. That's correct.

2 Q. Okay. And when you talked to them about Patriots, you were
2 telling them the truth; isn't that right?
2 A. I'm sorry, what conversations are you talking about?

1 Q. I'm talking about your conversations with the Independent
2 Counsel.
3 A. When I first talked to them, I was less than candid.
4 Q. Okay.
5 A. I, I did not give full answers or full disclosure. So at
6 that point, no, I was not truthful with them.
7 Q. Okay. When you started talking about Mr. Lomenick, did you
8 give full disclosure?
9 A. No, I did not.

10 Q. What didn't you tell them about Mr. Lomenick the first time
11 you talked to them?
12 A. I'm sorry, I don't -- what do you mean?
13 Q. Well, let's back up for a second. When did you begin to
14 tell the truth about Mr. Lomenick in your interviews with the
15 Independent Counsel?
16 A. After I had obtained counsel.
17 Q. And did you receive some kind of immunity as a result of
18 obtaining counsel?
19 A. No, I did not.
20 Q. Okay. Did you obtain counsel in, what, 1991?
21 A. Yes.
22 Q. And the counsel you obtained advised you to tell the truth
23 about Patriots, correct?
24 A. Yes, they did.
25 Q. All right. Then when you started telling the truth about

1807

1 Patriots, did you not say that you didn't recall any meetings
2 between Lotnenick and Debbie Dean, because it was your impression
3 that Dean would never support Lomenick?
4 A. No, that, that conversation took place before -- I obtained
5 counsel after this interview had taken place.
6 Q. Oh, okay. So you obtained counsel after, and then you began
7 to be truthful; is that accurate?
8 A. That is accurate.
9 Q. Now this interview is dated June 11, 1991, is it not?

10 A. That is correct.
11 Q. June -- I'm sorry, June 10, 1991.
12 A. That's correct.
13 Q. Well, October 2, 1991, that's at a time when you have told
14 the jury that you were being truthful about your involvement with
15 Mr. Lomenick, correct?
16 A. That's correct.
17 Q. Now you didn't say at that point, when you were being
18 truthful with the Independent Counsel, that Ms. Dean had a
19 meeting with Mr. Lomenick about Patriots, did you?
20 A. I'm sorry, I don't recall.
21 Q. Well, do you recall saying that you knew Dean but did not
22 have any contact with her about the Moderate Rehabilitation
23 Program and did not even know if Dean was involved in the
24 Moderate Rehabilitation Program at that time?
25 A. That, that is not correct.

1808

1 Q. I'm sorry.
2 Does it not say in early 1984, you knew Dean but did
3 not have any contact with her about the MRP and did not even know
4 if Dean was involved in the MRP at that time? Isn't that what
5 that says?
6 A. How -- that's what that says --
7 Q. Did they take it down wrong?
8 A. Yes, they did.
9 Q. So you didn't make that statement to them; is that right?

10 A. I said that as I recall, that she was -- that I did not have
11 responsibility for the Mod Rehab Program and contact in that.
12 Q. Well, you talked -- there are nine pages in that interview
13 on October 2, 1991, and this is a point when you're being totally
14 truthful with the Independent Counsel, right?
15 A. Yes.
16 Q. Now I'm looking --
17 MS. SWEENEY: Objection, Your Honor. May we approach?
18 THE COURT: All right. We need to wrap this up.
19 (Bench conference on the record.)
20 THE COURT: Okay.
21 MS. SWEENEY: Your Honor, I've tried to be --

2 THE COURT: what are we getting to?
2 MS. SWEENEY: I've tried to be patient with Mr. Wehner
2 as he comes with a document to refresh the witness' recollection,
2 but, Your Honor, I believe this is a highly improper way of doing

1809

this.
2 MR. WEHNER: Your Honor, I'm not refreshing her
3 recollection; I'm impeaching her.
4 THE COURT: You're impeaching her, I understand that,
5 but you need to focus on something and ask her if she says X, Y,
6 Z. If she says yes or no, then go forward.
7 MR. WEHNER: Okay. I'll move it along a little
8 quicker.
9 THE COURT: Are these redacted as to names of who was
10 present at these interviews? Do we know whether her counsel was
11 there or not there in these interviews?
12 MS. SWEENEY: Yes. This is the October 2, 1991?
13 Counsel was present.
14 THE COURT: But not in June of '91?
15 MS. SWEENEY: No, Your Honor. Her testimony is
16 accurate as to that.
17 THE COURT: I wanted to make sure that was accurate,
18 that's all. All right, let's move forward on it.
19 MR. WEHNER: Okay.
20 (End of bench conference.)
21 BY MR. WEHNER:
22 Q. In the October 2, 1991 interview that consists of nine
23 pages, you testified that you've been totally truthful in that
24 interview with Independent Counsel. Your lawyer is there, right?
25 A. Yes, I believe so.

1810

1 Q. And you've decided that you have to testify and tell the
2 truth. You don't say one word in that interview about Ms. Dean
3 ordering you to attend a meeting, do you?
4 A. I don't recall.
5 MR. WEHNER: well, would you please look and see?
6 Your Honor, the Office of Independent Counsel is
7 willing to stipulate that it doesn't appear in that document.
8 THE COURT: All right, thank you. I appreciate that.
9 BY MR. WEHNER:
10 Q. So when you testified in, or when you were interviewed on
11 October 2, 1991, and were being totally truthful with the
12 Independent Counsel, you did not tell them, did you, that Deborah
13 Dean had told you to go to a meeting?
14 A. They didn't ask me.
15 Q. Well, they were interested in Deborah Dean at that time,
16 weren't they?
17 A. Yes.
18 Q. They certainly asked you about Deborah Dean. I mean, you
19 told them that you once traveled to Baltimore, Maryland, where
20 you gave a speech at a hotel ground-breaking ceremony, that you
2 went with Ms. Dean on a number of occasions in which Ms. Dean
2 gave speeches, right?
2 A. That's correct.
2 Q. I mean, they asked you about Mr. Lomenick and the fact that
2 you spoke to Lance Wilson and told him that Lomenick would be

1811

1 calling him, right?
2 A. That is correct.
3 Q. And that Lomenick was persistent in the pursuit of mod rehab
4 funds for the properties known as Patriots?
5 A. That is correct.
6 Q. And you were certain you would have asked Mr. Lomenick how
7 his meeting with Mr. DeBartolomeis went?
8 A. That is correct.
9 Q. And that you do not recall any specific conversations, but

10 you would have spoken to someone you were friendly with, such as
11 Pam Patenaude?
12 A. That's correct.
13 Q. And you may have spoken to career staff within HUD about
14 obtaining mod rehab materials; isn't that right?
15 A. That is correct.
16 Q. And yet you say in early 1984, Golec knew Dean but did not
17 have any contact with her about the Mod Rehab Program and did not
18 even know if Dean was involved in the Mod Rehab Program at that
19 time. They did ask you about that, didn't they?
20 A. They asked me what my understanding of her role in the
2 project was.

2 Q. And they asked you what your understanding of her role in
2 the project was, correct?
2 A. I'm sorry, in the process.
2 MR. WEHNER: would you read back the last answer,

1812

1 question and answer?

2 (Question and answer read.)

3 BY MR. WEHNER:

4 Q. And isn't it a fact that after Ms. Dean told you not to get
5 involved in that project, that you tried to keep it away from
6 her? Isn't that true?

7 A. I'm sorry, I don't -8

Q. You didn't want her to know that you were involved; isn't
9 that right? You didn't want her to know that you were helping
10 Mr. Lomenick with the Baltimore project; isn't that correct?

11 A. That is not correct.

12 Q. She had told you not to be involved, hadn't she?

13 A. She had told me not to contact anybody from the City of
14 Baltimore.

15 Q. She told you not to contact anybody in the City of
16 Baltimore.

17 A. That's correct.

18 Q. During this entire time that you were working with
19 Mr. Lomenick to attempt to get the mod rehab units for Baltimore,
20 you received copies of correspondence that was being sent back
2 and forth between HUD and Mr. Lomenick, correct?

2 A. I received copies from Jim, yes.

2 Q. Okay. And you, you participated in conversations with Dick
2 Dunnells, Mr. Dick Dunnells, who was the lawyer on the project?

2 A. No. He was the lawyer on another project.

1813

1 Q Okay. Marion Pines, did you talk to her about the

2 project?

3 A Initially, yes.

4 Q You're aware, are you not, Miss Golec, that

5 Miss Dean has been accused to have lied when she told

6 Congress that she wasn't aware of a project known as

7 Baltimore Uplift One? Are you familiar that that's one

8 of the charges against her?

9 A Yes, I am.

10 Q Now, you're familiar, are you not, with the time
11 and the place and the room in which she gave that
12 testimony?

13 A Yes, I am.

14 Q Because you were sitting there?

15 A Yes, I was.

16 Q And you heard the questions and you heard the

allbinders as word for experiment.txt

17 answers.

18 A Yes.

19 Q And when you heard the questions and you heard the
20 answers you didn't make any effort to touch Miss Dean on
2 the shoulder and say don't you remember, you're making a

2 mistake?

2 A No, I did not.

2 Q And yet you're testifying here today -- nothing
2 further, Your Honor.

1814

1 THE COURT: All right. Do you have some
2 redirect?

3 Do you want to move that chart out of the
4 way?

5 MS. SWEENEY: Yes, I do have some redirect.

6 THE COURT: All right.

7 why don't you move it?

8 MR. WEHNER: I will move it, Your Honor.

9 THE COURT: Thank you.

10 REDIRECT EXAMINATION

11 BY MS. SWEENEY:

12 Q Miss Golec, during cross-examination you were asked

13 a number of questions about an interview on October 2nd,

14 1991 and I believe you stated that you did not discuss

15 the Baltimore uplift project because you weren't asked

16 about it. Is that an accurate reflection of your

17 testimony on cross-examination?

18 A Yes, it is.

19 Q Did there come a time when you were asked by

20 members of the Independent Counsel's staff about the

2 Baltimore Uplift project?

2 A Yes, there was.

2 Q And did you answer the questions truthfully that

2 were put to you at the subsequent point in time?

2 A Yes, I did.

1 Q During cross-examination Mr. Wehner referred to a
2 period in early 1984. Could you tell us what you mean
3 by early 1984?

4 A I'm sorry, in what regard?

5 Q When you used -- what is your understanding of
6 early 1984? what would that refer to? Would it refer
7 to months or --

8 A I think it was -- for the fiscal year, it was
9 immediately following October 1st.

10 Q October 1st of what year would that be?

11 A '83.

12 Q Do you have an understanding of when the defendant
13 became involved in the Mod Rehab program?

14 A Yes.

15 Q When is it that she became involved in the Mod
16 Rehab program, to your knowledge?

17 A When she became Executive Assistant to the
18 Secretary.

19 Q And when would that have been?

20 A June of 1984.

2 Q Mr. Wehner asked if you had been given immunity.

2 Has the Government made any representations or promises
2 to you in the course of its dealings with you?

2 A No, they have not.

2 Q And what is your understanding of your situation?

1816

1 A That I'm here to testify, to tell the truth, with

2 no promise of anything.

3 Q When is it that you first met the defendant

4 Deborah Gore Dean?

5 A When she was brought on as a non-career appointee

6 in late 1982.

7 Q What was the nature of your relationship while you

8 both worked at HUD?

9 A We were colleagues and became friends.

10 Q You said that you became friends. Could you give

11 us some description of what kind of activities you
12 engaged in together?
13 A Well, we had work related activities and then we

14 socialized and visited with each other and went out.
15 Q Do you know if the defendant provided you any
16 support when you were promoted to the Deputy Assistant
17 Secretary position?
18 A Yes, she was always very kind to me.
19 Q Now, there came a time when the defendant sought a
20 job other than Executive Assistant to the Secretary, is
2 that right?

2 A That is correct.
2 Q And can you tell the members of the jury whether or
2 not you supported her as a candidate for that job?
2 A Yes, I did.

1 Q In 1989 did there come a time when you had a
2 discussion with the defendant about going into business
3 with her?

4 A Yes, she had asked me to come and work for her.

5 Q Did you ultimately go to work for her?

6 A No, I did not.

7 MS. SWEENEY: No further questions, Your

8 Honor.

9 THE COURT: All right.
10 All right, thank you, Miss Golec. You may
11 step down.
12 Ladies and gentlemen, we'll just take a short
13 break. You already had one. I know you didn't spend
14 too much time in Court this morning. We'll try to take
15 another break for about five or six minutes to just
16 refresh yourselves and we'll come back and finish up
17 some testimony this morning.
18 Remember the admonitions of the Court about
19 not talking about the case among yourselves or with
20 anyone else during the break.
2 (Jury dismissed)

2 THE COURT: who is your next witness?
2 MS. SWEENEY: Your Honor, the next witness
2 would be Ken Me Lean, and he's the individual from the
2 Senate.

1818

1 THE COURT: The one you want without the jury.

2 MS. SWEENEY: Yes, sir, that was my motion.

3 MR. WEHNER: Could I be heard on that, Your

4 Honor?

5 THE COURT: Yes, it will be nice to do it

6 post-lunch.

7 MS. SWEENEY: Your Honor, if he's going to be

8 heard outside the presence of the jury we can certainly

9 take him out of order.

10 THE COURT: Let me hear briefly from the

11 counsel from the defendant.

12 I assume it's materiality issues.

13 MR. WEHNER: I agree with the Independent

14 Counsel that the material issue is one for the Court,

15 not for the jury to decide, but the testimony of the

16 witness about the perjury counts is inextricably tied to

17 Miss Dean's defense as to whether she committed perjury

18 and what understanding the members of the Committee had

19 about the questions that were asked and the responses

20 she gave.

2 We have subpoenaed Senator Proxmire because he

2 was the questioner, the person who asked the questions

2 and who received the responses. I don't believe, and

2 I'm not sure how or of what import Mr. Me Lean's

2 testimony can be except possibly as introducing a

1819

1 document that purports to be the transcript, but if the

2 Court is going to allow him to go further than acting as

3 a custodian of the documents then I believe I have the

4 right to cross-examine him as any other witness

allbinders as word for experiment.txt
5 regarding whatever bias or prejudice he or the Committee

6 may have in terms of his testimony as it relates to the

7 perjury that's alleged. I mean materiality is --

8 materiality is a very sub, small issue, Judge.

9 THE COURT: All right. Well, the Government
10 has to prove it.

11 MR. WEHNER: Yes.

12 THE COURT; And the test of materiality
13 according to the case law is whether the false testimony
14 was capable of influencing the tribunal in the issue
15 before it. To use other words, the definition is
16 whether the testimony is material for the proper inquiry
17 of the tribunal.

18 Let me hear from Miss Sweeney about it.

19 MS. SWEENEY: Yes, Your Honor.

20 Your Honor, we do -- we do propose to move the
2 entire transcript of the hearing into evidence. And we

2 believe, Your Honor, that our basis for doing that is a
2 combination of 902-5, making the transcript an official
2 publication and a self-authenticating document, and
2 803-8, as an exception to the hearsay rule, and we would

1820

1 be proposing to offer the entire transcript into

(Rectangle comment Administrator

12/13/2005 10:15:37 AM

blank)

2 evidence.

3 As Your Honor may have noticed from reading

4 some of the cases that were cited in our memoranda that

5 dealt with the issue as to whether or not the

6 materiality was an issue for the Court and therefore

7 should be heard outside the presence of the jury, in

8 many of those cases determination of materiality is made

(Rectangle comment Administrator

12/13/2005 10:15:33 AM

blank)

9 without the testimony of a witness. It is made by a
10 review of the transcript and measuring the transcript
11 against the purpose of the particular hearing. In this
12 case it's a confirmation hearing and in the introductory
13 remarks of the Senator, of the Chairman, there are --
14 there's an indication as to how important the
15 nomination -- this particular nomination is in light of
16 the fact that there have been a number of questionable
17 appointments and a lot of scandal surrounding HUD.
18 So, Your Honor, we believe that a finding of
19 materiality can be made even absent the testimony of a
20 witness. By moving to have the testimony outside of the
2 presence of the jury we certainly didn't mean to suggest

2 that Mr. Wehner would not be able to cross-examine the
2 witness. Of course he would be allowed to cross-examine
2 the witness on the issues of materiality which are for
2 Your Honor to decide.

1821

1 what we're trying to avoid, Your Honor, is
2 turning this really into a collateral issue and really a
3 sideshow, bringing in all sorts of extraneous matter and
4 not sticking to the issues at hand which is the
5 materiality of the testimony and whether or not the
6 testimony could influence the hearers of the testimony
7 for the purpose for which the testimony was being

(Rectangle comment Administrator

12/13/2005 10:16:09 AM

8 elicited.

(Rectangle comment Administrator

12/13/2005 10:15:50 AM

blank)

9 MR. WEHNER: May I respond briefly, Your
10 Honor?

11 THE COURT: Yes.

12 MR. WEHNER: That's all well and good, Judge,
13 except that the evidence goes further than Miss Sweeney
14 would like you to suggest. I mean on the perjury. The
15 defense on the perjury counts is going to be that the
16 Senators could not have been misled by the testimony.

allbinders as word for experiment.txt
17 Now, they are trying to avoid that cross-examination in
18 front of the jury. That's really what this is all
19 about.
20 Now, Your Honor may rule that I can't do that
21 on my cross-examination with regard to materiality and
22 if this -- this case has been tried pretty openly in the
23 interests of time by everyone in terms of us not making
24 a lot of objections visavis cross-examination, beyond
25 the scope, and things like that. But if Mr. Me Lean is

1822

1 going to testify as to materiality I think it's going to
2 be very difficult for him not to testify to those other
3 items, including materiality, that do not call for my
4 cross-examination to be as to whether or not it was
5 possible the senators were misled. He was the chief
6 counsel to the Committee. His testimony, if it comes
7 in, is, I suppose, by nature going to be hearsay and --
8 he didn't ask the questions. I don't even know if he

9 was present or not when the questions were asked.
10 I'm not sure what kind of direct testimony he
11 can give properly and maybe I missed the point of the
12 proffer but --
13 THE COURT: All right.
14 MS. SWEENEY: Your Honor, may I be heard
15 briefly?
16 THE COURT: Yes.
17 MS. SWEENEY: Your Honor, I'm unaware of any
18 legal basis for Mr. Wehner's assertion that Mr. Me Lean
19 is an inappropriate witness by which the Government may
20 address the materiality issue.
21 Moreover, Your Honor, as to his point that the

2 Committee was misled, once again, Your Honor, I'm
2 unaware of any legal basis on which that is even a
2 defense.

allbinders as word for experiment.txt
2 THE COURT: As to whether anyone was misled

1823

1 actually?
2 MS. SWEENEY: Yes, Your Honor.
3 THE COURT: The test of materiality, according
4 to United States versus Hansen, 772 Fed. 2d, 949 says
5 that, "whether the statement has a natural tendency to
6 influence, or was capable of influencing the decision of
7 the tribunal in making a particular determination.
8 Proof of actual reliance on the statement is not
9 required; the Government need may only make a reasonable

10 showing of its potential effects."
11 MS. SWEENEY: Your Honor, in the context of a
12 Judge or even a grand jury, when a Judge hears
13 perjurious testimony or when a grand jury hears
14 perjurious testimony if they know the testimony is
15 perjurious doesn't make it any the less a matter of
16 perjury. Quite the contrary.
17 MR. WEHNER: That's not the issue here. If I
18 say to the Judge, the lights are out in here, and
19 they're on, I'm not committing perjury.
20 THE COURT: What about the issue as to any
2 bias or -- that these witnesses may have had to
2 Miss Dean, being a different political party and
2 whatever other allegations the defendant wants to raise
2 as to bias and prejudice?
2 MS. SWEENEY: Your Honor, I don't believe that

1824

1 those issues go to materiality. I believe that there's

2 a very old case involving -- that was in this District

3 and perhaps even in the Court of Appeals, that dealt

4 with the issue as to whether or not the bias or

5 prejudice or motivation of a Senator could be brought

6 into issue in this circumstance. I don't have the

7 citation with me, Your Honor, but I'd be glad to obtain

8 it and provide it to the Court.

9 THE COURT: Is it your position, besides

10 saying the materiality is before the Court, which I
11 think is correct, that that then means the defendant
12 can't raise any defense that people would not have been
13 misled or that the defendant did not intend to mislead
14 anybody by her testimony?
15 MS. SWEENEY: Well, Your Honor, that certainly
16 is something that's a matter for the defense during the
17 defense case but the question is how that can be put on.
18 THE COURT: All right. Well, he's your next
19 witness?
20 MS. SWEENEY: Yes, Your Honor.
2 THE COURT: I'll send the jury out to lunch, I

2 guess. I'll take a couple of minutes break and I'll
2 come back and let the jury go and then we'll go ahead.
2 I'm going to listen to the witness out of the
2 presence of the jury at least at this time on the issue

1825

1 of materiality and then we'll take it from there after
2 that as to the extent of cross and whether it goes
3 before the jury or not eventually.

4 All right, I'll take a short break and then
5 we'll be back and take that witness and then go to
6 lunch.

7 (Recess, 11:20 to 11:35 a.m.)

8 THE COURT: All right. Bring the jury back

9 and I'll let them go for lunch.
10 MS. SWEENEY: Your Honor, before we call the

11 witness, I do have -- two citations. The two earliest

12 cases, and I believe that they've been cited extensively
13 since they were decided, are United States versus cross
14 at 170 F Supp. 303. That's in this jurisdiction in
15 1959. The other one is United States -- it's actually
16 the earlier one, United States versus Icardi,
17 I-c-a-r-d-i, and I believe that's at 140 F Supp. 383,

18 that's also from this District and I also have it

allbinders as word for experiment.txt
19 written down as 1959.
20 THE COURT: All right. One of those goes to
2 that issue you talked about.

2 MS. SWEENEY: Yes, the bias and prejudice
2 issue.
2 THE COURT: Yes. Thank you.
2 (Jury present)

1826

1 THE COURT: Don't get too comfortable. You
2 can all come in. Don't get like you're staying for
3 awhile.
4 All right, ladies and gentlemen, I'm going to
5 take up a legal issue with the parties. That doesn't
6 mean that you'll be sitting here and waiting for us to
7 do that. I don't want to have you sitting back there 20
8 or 30 minutes as I take up a legal issues. As I
9 explained in the beginning of the case we have legal
10 matters for the Court to decide as opposed to the fact
11 issues that you must decide. So this is one of those
12 times that I am going to take up a legal matter with
13 counsel at this time. And it's going to require
14 sometime out of the presence of the jury to conduct this
15 hearing. So I'm going to let you go for an early and
16 long lunch hour and have you come back to continue with
17 the regular testimony of the case. It's fortunate that
18 it's a nice day. We're going to be back at 1:30 then.
19 Remember in this extra lunch hour you get,
20 again not to talk about the case with anyone else, don't
2 let anybody talk to you about it in any way. See you

2 back at 1:30.
2 (Jury dismissed at 11:40 a.m.)
2 THE COURT: All right.
2 Just for the record, I don't have the

1827

1 Government's motion in front of me, but the Government
2 requested the Court rule as to the connection with the
3 issue of materiality limited to this narrow area, as to
4 materiality the defense alleged false declarations, that

allbinders as word for experiment.txt
5 it be heard outside the presence of the jury and having
6 read Paxson and Hansen in this circuit cited at 861 Fed.
7 2d, 738, that's the Paxson case and the Hansen case
8 which was 772 Fed. 2d, 940, and the cases they cite
9 therein, United States versus Diggs at 613 Fed. 2d, 989,

10 19 -- I don't know the year of the case, it's clear that
11 "whether the statement has a natural tendency to
12 influence or was capable of influencing the decision of
13 the tribunal in making particular determination," goes
14 to the Court, and that "Proof of actual reliance on the
15 statement is not required. The Government need only
16 make a reasonable showing of its potential effects," at
17 least for the purpose of this out-of-Court hearing.
18 I'll await to hear other argument on the
19 proper attack on the evidence of perjury by the
20 defendant later.
21 So I'll grant the motion in limine of the
22 Government on the testimony at this time on the sole
23 issue of materiality being heard outside the presence of
24 the jury.
25 All right.

1828

1 MS. SWEENEY: Your Honor, the Government calls
2 Kenneth Me Lean.
3 (KENNETH MC LEAN, WITNESS FOR GOVERNMENT, SWORN)
4 DIRECT EXAMINATION
5 BY MS. SWEENEY:
6 Q Mr. Me Lean, would you please state your complete
7 name, spelling your last name for the Court reporter?
8 A Yes. My name is Kenneth A. Me Lean. And that's
9 spelled M-c L-e-a-n.

10 Q Mr. Me Lean, could you briefly describe your
11 educational background for the Court?
12 A Yes, I have a bachelor's degree in political
13 science from the University of Iowa and a master's
14 degree in economics from George Washington University.
15 Q Are you presently employed, Mr. Me Lean?
16 A I'm a self-employed consultant.
17 Q Was there a time when you worked for the United
18 States Senate?
19 A Yes, there was.
20 Q And when was that?
21 A That was from 1967 through 1989.
22 Q Did you have one job with the Senate or more than
23 one position?
24 A I had several positions.
25 Q Did there come a point in time where you were

1829

1 working with the Senate Banking Committee in particular?
2 A Yes, over those 22 years I worked for the Senate
3 Banking Committee for 20 years.
4 Q And when did you start with the Senate Banking
5 Committee?
6 A In early 1967.
7 Q What was your position with the Senate Banking
8 Committee?

9 A I was a professional staff member.

10 Q Did there come a point in time where you became the
11 staff director of the Senate Banking Committee?

12 A Yes, there was, two points in time, from 1975
13 through 1981 and from 1987 through 1988.

14 Q What were the duties and responsibilities of the
15 staff director?

16 A My duties essentially were to supervise the work of
17 the staff, to help the Committee with its business, to
18 hold hearings on matters before the Committee, to
19 consider legislation, and to process that legislation
20 through the Senate, the Congress.

2 Q Did the Committee have a role in the nomination and
2 confirmation process?

2 A Yes, it did.

2 Q And can you describe for the Court the role of the
2 Committee in the nomination and the confirmation

1830

1 process?

2 A All nominees requiring the advice and consent of

3 the Senate to positions over which the Committee held

4 jurisdiction were referred to the Committee. The

5 Committee typically would hold hearings on a nomination,

6 report the measure, either favorably or unfavorably, to

7 the Senate or in some rare cases to reject the

8 nomination.

9 Q Now, you mentioned that the Committee had a
10 particular jurisdiction. Could you describe the
11 jurisdiction of the Senate Banking Committee?

12 A Yes, the Committee had jurisdiction over all of the
13 bank regulatory agencies, the Securities and Exchange
14 Commission, and in addition the Department of Housing
15 and Urban Development.

16 Q Now, as staff director for the Senate Banking
17 Committee, did you have any particular duties and
18 responsibilities with regard to the Committee hearings
19 in nomination and confirmation matters?

20 A Yes, I would generally supervise the work of the
2 staff in connection with a nomination hearing.

2 Q And what would that entail, Mr. Me Lean?

2 A Generally getting background information on the -
2 on a prospective nominee, exploring any potential

allbinders as word for experiment.txt
2 conflicts of interest. Any items on the financial

1831

1 statement that might be cause for concern. Assisting
2 the members of the Committee in asking questions of the
3 nominee.
4 Q Now, you've mentioned questions that were asked of
5 the nominee. Using the term nominee generally, what
6 would be your role in the preparation of questions?
7 A Generally I would not prepare questions myself. I
8 would usually review the questions that were prepared by
9 members of the staff. In some cases editing and in some
10 cases paring down the list of potential questions.
11 Q Mr. Me Lean, I'm going to hand you a copy of an
12 Exhibit that's been marked Government's Exhibit 212 for
13 identification.
14 THE DEPUTY CLERK: Government's Exhibit 212
15 marked for identification.
16 BY MS. SWEENEY:
17 Q Mr. Me Lean, do you recognize that document?
18 A I do.
19 Q And can you tell us what it is?
20 A This is the record of the hearing on Miss Dean's
21 nomination held on August 6th, 1987, before the Senate
22 Banking Committee.
23 Q Were you the staff director at that time?
24 A Yes, I was.
25 Q And did you attend the hearing?

1832

1 A I did.
2 Q Mr. Me Lean, I'm going to ask you to refer to some
3 questions at pages 20 -- 52, I'm sorry, and 53 of that
4 Exhibit.
5 A All right.
6 MR. WEHNER: I've got some questions on its
7 admissibility before we proceed if it's going to be
8 admitted at this time.
9 THE COURT: Let her ask whatever questions she
10 wants to ask as to what passages they want to bring out
11 and then I'll hear you.
12 MR. WEHNER: Thank you.
13 BY MS. SWEENEY:
14 Q Mr. Me Lean, if you notice, about a quarter of the
15 way down on page 52 there's a question that begins
16 with, "Now, Ms. Dean."
17 A Yes, I see that.
18 Q Could you read for us that question?
19 A All right. The question is repeated because there
20 was some confusion about a program being referred to.
21 Do you want me to read the entire matter including the
22 repetition, or beginning with the second half?
23 Q You can read the question once. Read the second
24 half.

allbinders as word for experiment.txt
2 A All right, skipping then to the bottom of the page

1833

1 when it was established that the Chairman was referring

2 to the Mod Rehab program the Chairman starts out by

3 saying --

4 MR. WEHNER: Objection. The question was read

5 it, and he's not reading. He's summarizing. It's an

6 unfair summary as to what the Chairman concluded. It's

7 going to be an issue in this case.

8 THE COURT: All right.

9 MR. WEHNER: And I want the record to reflect

10 that he did not read. He summarized.

11 THE COURT: All right.

12 I think that you should just read the
13 question, and put no interpretation on it.

14 A "The Chairman: well, all right. I'm go slower,
15 too. We received a number of complaints that in 1987,
16 this year, there has been no notification of funds
17 availability to regional offices. This is troublesome
18 because this notification is important to promote
19 applications so that all worthy candidates have a chance
20 to apply, and so that HUD has the chance and the time to
2 rank the applicants.

2 Instead, it is suggested that informal
2 solicitations and unawarded applications from the past
2 are guarded by you, that you personally go through the
2 selections, excluding review by the appropriate staff

1834

1 experts.

2 Furthermore, it is suggested that developers

3 have personally come to you asking for awards.

4 Now, as you know, the proper procedure is for

5 the HUD Washington office to deal with housing
6 authorities and for them to deal with developers.
7 In some cases, the housing authorities have
8 subsequently alerted HUD that these funds aren't even
9 needed.

10 How do you respond to that?"

11 "Miss Dean: well" -

12 Q Mr. Me Lean, let me stop you right there. In your
13 position as staff director for the Senate Banking
14 Committee and as an individual who had responsibility
15 for this nomination and hearing process, can you
16 describe the significance of that question to the
17 Committee confirmation process?

18 A In my opinion, as staff director, this was a highly
19 relevant and important question, important to the
20 fitness of Miss Dean for the position that she was
2 nominated for. Also important to the Committee in its

2 oversight capacity.

2 Q You mentioned the Committee's oversight capacity.

2 Can you elaborate on that?

2 A The Committee has jurisdiction over all HUD

1835

1 programs and frequently had used the nomination process,
2 not only to determine the fitness of the nominee, but
3 also to use the hearing as a way of overseeing HUD
4 programs.

5 Q And could you elaborate for us on how this question
6 related to the fitness of the nominee?

7 A Well, the suggestion that Senator Proxmire's
8 question was concerned about the reversal of the typical

9 procedure for HUD -

10 MR. WEHNER: Objection. Rank hearsay.

11 THE COURT; All right. I think you can answer
12 that question just by asking how as a staff director you
13 believed it concerned her fitness for the position. I'm
14 not sure you can testify as to what Senator Proxmire was
15 thinking.

16 BY MS. SWEENEY:

17 Q Mr. Me Lean, could you confine your answer in your
18 view as staff director how that particular question
19 related to her fitness to serve in the position, without
20 getting into any statements of Senator Proxmire?
2 A Yes. Well, in my view, whether Miss Dean

2 participated in the funding arrangement described in
2 Senator Proxmire's question would have had an important
2 bearing on her fitness to serve in the position to which
2 she was nominated.

1836

1 Q And could you elaborate on that further,

2 Mr. Me Lean?

3 A Well, the question suggests that the --

4 MR. WEHNER: Objection.

5 THE COURT: I'll allow it. He can say what he

6 understood about the question.

7 A My understanding of the suggestion of the question

8 and the way the Chairman was stating it --

9 MR. WEHNER: Objection.

10 THE COURT: On what basis?

11 MR. WEHNER: He is now testifying as to,
12 quote, where the Chairman is taking us. I don't know
13 who the us is that he's referring to here but it surely
14 doesn't include Mr. Me Lean.

15 THE COURT: Overruled. I think he testified
16 that he understood what the question was and why it did
17 or did not impact upon the Committee's business.
18 Go ahead.

19 A The reason why I thought the question was important
20 was my understanding of the Mod Rehab program was that
2 it was supposed to have originated with local public

2 housing authorities. These local housing authorities

allbinders as word for experiment.txt
2 would deal with specific developers, taking into account
2 the need for housing in that particular locality. The
2 application would then work its way up through the HUD

1837

1 bureaucracy, compete with all other projects and finally

2 a decision would be made at the HUD level based upon the

3 merits of all of projects.

4 My understanding of the question was that this

5 process had been reversed and rather than the

6 applications originating with local public housing

7 authorities, developers went directly to Miss Dean who

8 then either approved or rejected the project.

9 Q Now, Mr. Me Lean, could you please read Miss Dean's
10 response to the question that you just read a short time
11 ago?

12 A "Miss Dean: well, to my knowledge, we do not put
13 out a notice of funding availability" --

14 MR. WEHNER: Objection. Judge, that's not
15 even in the transcript where he's supposed to be
16 reading. The next line is a clarification from
17 Miss Dean as to the question. That's a deliberate
18 misrepresentation of the transcript.

19 THE COURT: All right. Let's read the
20 transcript.

2 MS. SWEENEY: Your Honor, that was the next

2 line.

2 THE COURT: Let me see the transcript.

2 THE WITNESS: I'm on page 53.

2 THE COURT: I can take care of it. Just hand

1838

1 roe the transcript.

2 MR. WEHNER: He didn't read "Senator, have you
3 switched programs," and that line is, "Senator, have you
4 switched programs? Are you still on the Secretary's
5 discretionary fund?"

6 THE DEPUTY CLERK: Do you have a copy for the
7 Judge?

8 THE COURT: He read from the bottom of the

9 page of 52.

10 MS. SWEENEY: Yes, Your Honor.
11 THE COURT: And then it's answering the
12 question that he gave on the top of 53. I think the
13 objection was that earlier their man asked that
14 question, there had been a clarification requested as to
15 the program, that Miss Dean -- this Chairman is
16 addressing.
17 MR. WEHNER: Judge, what I heard the witness
18 read was on the top of page 53.
19 THE COURT: well, it's an identical question.
20 It was reasked after Miss Dean said, "okay, would you
2 repeat your question, please," and the chairman

2 indicated he was referring to Mod Rehab funding.
2 You may go ahead and answer it.
2 A "Miss Dean: well, to my knowledge we do not put out
2 a notice of fund ago availability on the Mod Rehab

1839

1 program. I have never seen us do one since I've been at

2 HUD.

3 The program, instead, works that the field

4 offices receive applications from public housing

5 authorities. They are rated and ranked, sent to the

6 regional administrator, who forward them to the

7 Assistant Secretary for Housing, Federal Housing

8 commissioner.

9 The Assistant Secretary for Housing puts
10 together the applications, and, with the Deputy
11 Assistant Secretary for Multi-family Housing, comes to
12 some conclusion as to where they believe these funds
13 could best be used.
14 Once again, they bring it to a panel of
15 people, which is the Undersecretary, the Executive
16 Assistant to the Secretary and the Federal Housing
17 Commissioner. That panel goes solely on information
18 provided by the Assistant Secretary for Housing. He
19 gives us the information, and the three of us make
20 recommendations to the Secretary, who is the person who
2 approves those units.

2 I have never given or approved or pushed or
Page 1037

allbinders as word for experiment.txt
2 coerced anyone to help any developer. Those funds go
2 directly to the Public Housing Authority.
2 As a matter of fact, I have regular meetings

1840

1 with public housing authorities where I tell them that
2 they should be dealing directly with developers. A lot
3 of times, public housing authorities send developers to
4 HUD. And they meet with people all over the building.
5 It's a tremendous waste of time, and I let
6 them know that; because those funds go to the public
7 housing authorities."

8 Q Now, Mr. Me Lean, Miss Dean's response describes a
9 panel and describes the panel's role in awarding Mod
10 Rehab funds, including a statement that the panel goes
11 solely on information provided by the Assistant
12 Secretary for Housing, Federal Housing Commissioner. Do
13 you see that portion of the answer?
14 A I do.
15 Q Could you describe for us the significance of a
16 truthful response on that particular subject, the
17 description of the panel, and how the panel processes
18 the information for the purpose of the confirmation
19 hearing?
20 MR. WEHNER: Objection, Your Honor. The
2 significance of the response is not at issue and I don't

2 know what the word significance means, number one.
2 Number two, it's leading, and number three, the basis
2 for any response this witness gives has to be hearsay
2 because he was not a participant in the hearings, he did

1841

1 not ask the questions. I think it's established that he
2 heard them. What he's giving to Your Honor is basically
3 an argument as to whether or not these statements are
4 perjurious, not whether or not the answers -- the
5 questions and the answers are material, and I think the
6 entire line of questioning misreads the issue as to
7 materiality and if this is -- if the significance of
8 these answers is going to be put into question, which it
9 has been now, the cross-examination is going to go into

10 the significance of the answers to those questions and
11 it's going to be a very broad cross-examination that is
12 going to touch on the areas I've previously described
13 for Your Honor and it should be in front of the jury.
14 This has gone far beyond the materiality proffer, the
15 material questions and answers.
16 THE COURT: well, Miss Sweeney, isn't this
17 issue about whether or not these statements tend to
18 mislead the Committee on the issues before it?
19 MS. SWEENEY: I'm sorry, Your Honor?
20 THE COURT: The issue really is whether or not
21 any statements would mislead or tend to mislead the
22 Committee on its consideration of the issues before it
23 as to the nomination of Miss Dean, on the oversight
24 responsibility of HUD.
25 MS. SWEENEY: The question is directed as to

1842

1 whether or not a truthful response to that was related
2 to the Committee's nomination process and Mr. Me Lean
3 has already testified as to his particular
4 responsibilities as to that particular process, as staff
5 director of the Committee, reviewing the background and
6 the questions and supervising the other individuals on
7 the staff who are preparing for the hearing.

8 THE COURT: All right. The Court is somewhat
9 uncomfortable with having the staff Committee Chairman
10 testify what he thought was significant in the analysis
11 of what's material to the Committee. I'll allow him to
12 answer questions as to -- as staff director in his
13 purview and authority that he had, that was relevant for
14 consideration in his position on the qualifications and
15 the experience of the nominee that he would deem
16 relevant, that he would use in advising his clients, in
17 essence, the Senators. But I do think we're getting a
18 chance to get very far afield in all of his personal
19 opinions about the situation at hand which I don't think
20 is probably the test for the Court to consider.
21 I will overrule the objection and let him

2 answer as to the materiality or not of this response to
2 the Committee's investigation for her fitness for the
2 particular position to which she's nominated and its
2 oversight responsibilities for HUD programs. If he can

1843

1 answer what significance that would have or not, I don't

2 know, but I'll allow him to answer.

3 MS. SWEENEY: Your Honor, I'll rephrase my

4 question.

5 BY MS. SWEENEY:

6 Q Mr. Me Lean, in your position as staff director and

7 with your responsibilities to the confirmation and

8 hearing process, could you describe what role a truthful

9 response to this particular question would have played
10 in the confirmation and nomination process?

11 A Well, the Committee -- in my opinion, the Committee
12 expects truthful answers to all of its inquiries. In my
13 view, this particular question was highly relevant to
14 the nom -- fitness of the nominee, and the Committee
15 would expect a truthful answer.

16 MR. WEHNER: Objection, and move to strike.
17 Judge, it's the same response. It's the same question
18 that was asked previously and he is not entitled to
19 express those types of opinions based strictly on
20 hearsay to him as staff director and have this Court
2 consider them in terms of the issues of materiality. I

2 move to strike the answer and the response to the last
2 two questions.

2 THE COURT: The question as asked,
2 Miss Sweeney, is it pertinent that the answers were

1844

1 untruthful? Is that what you asked?

2 MS. SWEENEY: No, Your Honor, I asked if Mr.
3 Me Lean could describe the role that a truthful response
4 would play in the confirmation and nomination process in
5 his view as a staff director of the Committee.

6 THE COURT: And his answer was that he expects
7 truthful responses.

8 MS. SWEENEY: Yes, Your Honor.

9 THE COURT: How do we get to materiality? I'm

10 lost as to where we're going.

11 MS. SWEENEY: Perhaps, Your Honor, I may be
12 permitted a follow-up question?
13 THE COURT: All right, I'll withhold ruling on
14 it for a minute. Go ahead.
15 BY MS. SWEENEY:
16 Q Mr. Me Lean, how did -- how would a truthful
17 response further the Committee's process in the
18 confirmation and nomination process? In your
19 understanding as staff director for the Committee.
20 A A truthful response to the question would have
2 enabled the Committee to decide on the fitness of Miss
2 Dean to serve for the position.
2 Q And what would your particular role have been with
2 regard to the questions and answers that we have just
2 been looking at?

1845

1 A I'm not sure I understand your question.
2 Q As have staff director for the Committee were you
3 present at the hearing?
4 A I was, yes.
5 Q And what role were you playing with regard to the
6 process as it was at the hearing, as it took place at
7 the hearing?
8 A Are you referring to that particular question?
9 Q Yes. The question and the response.
10 A My recollection is that that particular question
11 was prepared by one of our staff members on the basis
12 of --
13 MR. WEHNER: Objection.
14 THE COURT: I'll let him talk about how it's
15 prepared. Overruled.
16 MR. WEHNER: Judge, we're into double hearsay
17 now.
18 THE COURT: He can talk about the staff
19 director background on the question.
20 A My recollection was that this particular question
2 was prepared by one of our staff members based on
2 information that that staff member had received from HUD
2 employees.
2 BY MS. SWEENEY:
2 Q Mr. Me Lean, I'd like to direct your attention to a

1846

1 question on pages 56 and 57, questions and answers on
2 pages 56 and 57 of the same transcript.
3 A All right.
4 Q Running down to the middle of the page on page 56,
5 do you see a question that begins, "Now Miss Dean," can

allbinders as word for experiment.txt
6 you tell us about that?

7 A Yes, I see that.

8 Q And could you read through that question, please?

9 A "The chairman: Now, Miss Dean, can you tell us
10 about your involvement in the deployment of Section
11 Eight? That's the moderate rehabilitation funds for a
12 project known as Baltimore Uplift One?"
13 According to the Washington Post in a story
14 dated October, 1984, there was an abuse of some
15 \$17,000,000; according to HUD staffers in Baltimore,
16 these funds came from the Secretary's discretionary
17 funds.
18 And since you worked closely to the Secretary
19 at the time, what can you tell us about that problem?"
20 "Miss Dean: senator, could you give me the
2 date again?"

2 "The Chairman: Yes. The date is October,
2 1984."
2 "Miss Dean: I was Executive Assistant to the
2 Secretary at that time. I've never heard of Baltimore

1 Uplift One. It was a moderate rehabilitation project.

2 "The Chairman: what's that?"

3 MR. WEHNER: Objection. There's a question

4 mark after the word project, Judge.

5 THE COURT: All right. You can go ahead. I

6 can read it also.

7 A Okay.

8 "The chairman: what's that?"

9 "Miss Dean: You said it was in the Mod Rehab
10 program?"
11 "The chairman: Mod, Section Eight, moderate
12 rehabilitation. That's right."
13 "Miss Dean: There are two explanations why I
14 would not know it. I might not know the name or those
15 funding decisions were made prior to my appointment in
16 June, and the funds were not released from the
17 Department until October.
18 But I've never heard of Baltimore Uplift One.
19 As a matter of fact, no moderate rehabilitation units
20 that I know of. Unless they were sent directly by the
Page 1042

allbinders as word for experiment.txt
2 Secretary, have ever gone to my home state of Maryland,

2 simply for that reason, that I sat on the panel."
2 Q Mr. Me Lean, could you describe for us from your
2 viewpoint as staff director for the Committee what role
2 this particular question and answer made with regard to

1848

1 the Committee's confirmation and nomination process?

2 A My recollections of Baltimore Uplift One are hazy

3 today. My understanding of that question was that it

4 was an example of the general pattern suggested in

5 Senator Proxmire's previous question.

6 MR. WEHNER: Objection to the conclusion.

7 THE COURT: All right, I'll allow it.

8 Overruled.

9 A That is, this particular project Baltimore Uplift

10 One, was an example of HUD projects being approved at
11 the departmental level without having been submitted by
12 the local public Housing Authority.

13 Q Was it significant -- what was the role of
14 Miss Dean's knowledge about that particular project with
15 regard to the nomination and confirmation process? What
16 role would that have played?

17 MR. WEHNER: Objection.

18 THE COURT: All right. It's overruled.

19 A Had Miss Dean indicated knowledge about that
20 particular project, the Chairman might have followed up
2 with additional questions concerning the details of that

2 project or, in the alternative, the Committee might have
2 followed up with written inquiries following the
2 hearing.

2 MR. WEHNER: Objection, and move to strike it.

1849

1 THE COURT: All right. The inquiry as to

allbinders as word for experiment.txt

2 materiality, as I said before, "has a natural tendency
3 to influence, or was capable of influencing the decision
4 of the tribunal. The Government need only make a
5 reasonable showing of its potential effects." I was
6 reading from Hansen and Diggs. The ruling was 613 Fed.
7 2d 988 at 990. "Proof of actual reliance on the
8 statement is not required; the Government need only make
9 a reasonable showing of its potential effects." If the
10 defendant revealed his intentions it could reasonably
11 have been expected that the Office of Finance would not
12 have honored the payment request. They said it could
13 have, they used the word might.
14 Overruled.

15 BY MS. SWEENEY:
16 Q Mr. Me Lean, the last part of that answer deals
17 with statements of the defendant regarding moderate
18 rehabilitation units for the state of Maryland. Could
19 you describe what effect an answer such as that would
20 have had on a Committee's nomination and confirmation
2 process on the issues that it was considering?

2 MR. WEHNER: The same objection.
2 THE COURT: All right. I'll preserve it for
2 the record.
2 A Well, Miss Dean's answer to the question that she

1850

1 had never heard of Baltimore Uplift One and that further
2 she never even participated in projects involving the
3 State of Maryland closed the door on that line of
4 inquiry.

5 MR. WEHNER: Objection, and move to strike.

6 He has no - objection and move to strike.

7 THE COURT: All right, it's overruled.

8 BY MS. SWEENEY:

9 Q Mr. Me Lean, as staff director, did you have any
10 responsibility for the preparation of follow-up
11 questions during a nomination and confirmation hearing?

12 A I did.

13 Q As staff director did you have any responsibility
14 for follow-up inquiries that might be generated by a
15 confirmation and nomination hearing?

16 A Yes, I do.

17 Q And could you describe for the Court what those
18 responsibilities would have been?

19 A If in the opinion of the staff the hearing was
20 incomplete we would so advise the Chairman and he would
2 direct the appropriate inquiries either to the witness

2 or to other agencies to determine the facts.

2 MR. WEHNER: Objection, hearsay.

2 THE COURT: He can testify to his experience
2 and practice. It's overruled.

1851

1 MS. SWEENEY: Your Honor, based on Mr.

2 Me Lean's testimony and the transcript in its entirety
3 which is available for review by the Court, we'd ask the
4 Court to find that the statements made by Miss Dean that
5 the Government has designated, were material.

6 THE COURT: All right, I'm going to subject to
7 the cross if the defendant wishes to do so at this
8 time -

9 MR. WEHNER: I'm sorry, Your Honor.

10 THE COURT: I said subject to cross if you
11 wish to cross the witness at this time as to materiality
12 issues and then I plan to read through the transcript
13 prior to ruling. Also I'll hear you as to the
14 admissibility of the transcript or not.

15 CROSS-EXAMINATION

16 BY MR. WEHNER:

17 Q Sir, have you had occasion to listen to a tape of
18 the hearing?

19 A No.

20 MR. WEHNER: I'd ask the Government to produce
21 the tape of the hearing, the original that they
22 previously produced in discovery. The transcript is
23 inaccurate. Your Honor.

24 MS. SWEENEY: Your Honor, for the record,
25 these tapes which were provided in discovery are not

1852

1 official records of the Senate. They're a tape that
Page 1045

allbinders as word for experiment.txt
2 some witness at the hearing happened to make and
3 provided to the Government.
4 THE COURT: They're not a tape that the
5 transcript was made from?
6 MS. SWEENEY: No, Your Honor, the Senate, as I
7 understand it, did not have a practice of tape recording
8 a particular procedure.
9 MR. WEHNER: It's news to me, Judge. I was

10 just told it was her testimony that was going to be
11 introduced at trial.
12 MS. SWEENEY: We provided these tapes as part
13 of discovery. We provided the transcript as well and we
14 designated the official transcript, Your Honor, as one
15 of our documents in the case in chief and then as the
16 official exhibit.
17 THE COURT: And you weren't going to use the
18 tapes.
19 MS. SWEENEY: No, Your Honor.
20 MR. WEHNER: To be real clear on this, Judge,
2 what is not reflected on the tape is Miss Dean being put
2 under oath, and there's no reflection on the tape that
2 she was ever put under oath, which is absolutely
2 inconsistent with the transcript which has a reflection
2 in parentheses that she was. Now, I think it is clearly

1853

1 relevant and material since they're trying to get the
2 transcript in through this witness for this witness to
3 listen to this tape and to compare it to the transcript
4 and testify to this Court as to whether the transcript
5 accurately reflects what was said.

6 THE COURT: I don't know how we'd verify the
7 tape as being --

8 MR. WEHNER: He can listen to it.

9 MS. SWEENEY: The Government would proffer

10 that if we were to call the individual that made the
11 tape, that that individual would testify that the tape

12 is incomplete.

13 THE COURT: Is incomplete?

14 MS. SWEENEY: Yes, Your Honor, there are gaps
15 in the tape. The tape recorder was apparently not

allbinders as word for experiment.txt
16 turned on for portions of the hearing.
17 MR. WEHNER: That's news to the defense, Your
18 Honor. Who made the tape?
19 THE COURT: I don't want to spend my time in
20 this discovery conference we're having. I think if the
2 tape is not an official tape and just made by some

2 attendee at the hearing I'm not sure it can be relied
2 upon for evidentiary purposes.
2 MS. SWEENEY: Your Honor, the Government
2 turned it over in an effort to be complete to Mr. Wehner

1854

1 as to what we had in our possession.

2 THE COURT: Without some verification as to

3 its authenticity and how it was made and whether it was

4 complete or not I don't see how it can be used to verify

5 something that did or did not happen at the hearing. If

6 you want to question -- have the Government tell you who

7 the person is and then interview the person later,

8 that's fine, but I don't think it's going to help to

9 play the tape now and ask the witness that it doesn't
10 have things that show up in the transcript, unless
11 there's some verification that the tape is accurate and
12 complete.

13 I appreciate your feeling that you thought
14 this was a tape of the transcript, an official tape
15 recording. I don't know where the assurances came on
16 that.

17 MR. WEHNER: I think, Your Honor -- quite
18 frankly I think Your Honor is wrong in that issue. I
19 think this tape was produced by the Office of the
20 Independent Counsel as a tape recording of the hearing
2 which occurred in which they alleged that Miss Dean

2 committed perjury.
2 Now, it is not incumbent upon the defense to
2 investigate the Independent Counsel's assertions and
2 statements about their production of evidence in

1855

1 discovery. We are entitled to rely on their
2 representations. They gave us the tape and we even went
3 so far as to ask that the original be produced today so
4 that there was no question that we had monkeyed with the
5 tape.

6 And if the Independent Counsel is in
7 possession of a tape that is inconsistent with the
8 transcript upon which they're going to rely to convict,

9 to attempt to convict the defendant of perjury, then I
10 think it is clearly error for Your Honor not to allow me
11 to cross-examine the witness, through which the
12 Independent Counsel is attempting to introduce the
13 transcript, as to errors in the transcript and
14 inconsistencies between the tape the Independent Counsel
15 produced and the transcript.

16 And given Your Honor's ruling, I would ask
17 that the original tape be sealed and made a part of the
18 record.

19 THE COURT: As I understand it, and perhaps
20 I'm misunderstanding the proffer, that there was at
2 discovery produced a transcript of the hearing. That's

2 the official transcript adopted by the Committee.
2 Secondly, there was produced a tape recording
2 and that the Independent Counsel does not represent it
2 was the tape recording as officially adopted by the

1856

1 Committee or authorized to be made by the Committee, but
2 a tape recording of someone who attended the Committee.

3 I think if there are parts of the transcript
4 that match parts on the tape in the sense of the
5 timeframe of the questions on there and you think that
6 the transcriber took the question wrong or the answer

allbinders as word for experiment.txt

7 wrong, it's one thing. Perhaps you can challenge

8 that,. But to say that the tape recording doesn't have

9 something in it like the oath without some evidence that
10 the tape recording was taken at the time -- the tape

11 recorder was running at the time the oath was given, I
12 don't see how that comes into play.

13 MS. SWEENEY: Your Honor, pursuant to rule 16
14 we provided every version of the transcript or the
15 hearing that we had. That included the Court reporter's
16 typewritten transcript, the typewritten transcript that
17 was corrected by the defendant, and returned to the
18 Committee. But the document that is being offered into
19 evidence pursuant to 902-5 and 803-8 is the official
20 Senate transcript. The official record.

21 MR. WEHNER: Your Honor, the official -- the
22 fact that it's official doesn't make it accurate, and it
23 is true, they produced this tape. And they purported it
24 to be a tape recording of the hearing, and I think
25 clearly I am entitled to cross-examine on discrepancies

1857

1 between the record, the printed record, and the tape

2 recording.

3 THE COURT: well, you're saying the fact that

4 they produced it authenticates the tape recording being

5 accurate?

6 MR. WEHNER: No, but I'm saying it raises
