**Subject:** Letter to DOE and HHS re Measurement of Disproportionality

Dear Drs. Miceli, Davis and Clark:

Below is a link to letter sent yesterday to the Department of Education and the Department of Health and Human Services, among other things, urging withdrawal of a December 2014 "Policy Statement on Expulsion and Suspension Policies in Early Childhood Settings."

The letter discusses the IDEA Data Center's guide on measuring disproportionality, which I previously wrote to you about by email of August 12, 2014, at pages 3, 8-9, and 10-11.
