MEMORANDUM

TO: The File
FROM: Martin Fine
DATE: April 15, 1986
RE: Park Towers

Eli Feinberg called me today and said that he had received a call from Rick Shelby in Washington who said that De Bartolomeis had contacted him and said there was a letter coming down from him to Mel Adams asking for some more information in connection with the two existing mortgages.

Eli was lead to believe that this was really a formal request for some additional information so that the file would be ~~complete~~ and that he feels this does not present any serious problem. Rick Shelby said that he was going to Federal Express it to Eli and I asked Eli to call Carmen when it was available and have Carmen send a messenger so that I can get a feel for what it says.
